Sugar is not a luxury, as has been claimed, but a staple farticle of necessity. Its extensive use even under present taxed conditions, proves it to be a comparatively cheap and economical food. Children crave it; for all growing persons it is an essential, and to levy a tax that bears so much more heavily on the limited larder of poor families than on the varied bill of fare of the rich man is simply unrighteous.

Canadians are a free people and have never refused to bear the burden of any taxation legally levied. But because they are a free people they will not knowingly stand taxation by monopoly. Free men do not pay tribute. With Parliament lies the remedy. Will it right this wrong?

EDITORIAL NOTES.

THE Mail and Empire, with the optimism of desperation says: "It's a growing time for the Opposition as well as the country." Growing older in the "cold shades" is about the only growing experience the Opposition is enjoying.

MR. FOSTER can't be completely magnanimous. He approves of the Liberal tariff to within 31-100th of one per cent. He argues that that is all the change that has been made in the Conservative tariff, which, of course, was perfect.

THE plea that the Senate is a necessary check to hasty legislation loses much of its force in the presence of Sir Charles Tupper. Think of the possibility of "hasty legislation" with Sir Charles dumping in four or five hour speeches on every proposed measure.

A CARD.

We, the undersigned, do hereby agree to refund the money on a twenty five-cent bottle of Dr. Wills' English Pills, if, after using three-fourths of contents of bottle, they do not relieve Constipation and Headache. We also warrant that four bottles will permanently cure the most obstinate case of constipation. Satisfaction or no pay when Wills' English Pills are used.

HAVELOCK.

(From Our Own Correspondent.)

A number of the members of the I. O. O. F. here purpose going to Peterborough on Thursday night, when several will be given degrees by the splendid team in Peterborough Lodge, No. 111.

Messrs. D. Wilson and J. Patton intend starting a drygoods store in the near future in Gould's old stand.

Rev. Mr. Thompson of Hastings, occupied the pulpit in the Methodist church on Sunday evening, when a large number were present.

To-day (Tuesday) is C. P. R. pay day in Havelock.

The C.P.R. purpose sending $12,000 on the yards here during the coming summer.

Mr. Job Coon lost a valuable colt on Sunday last by being kicked by another horse.

A. J. Copp & Co. have dissolved partnership. They have carried on the butchering business for one year. Mr. Copp, we understand, intends opening a shop for himself in the Matheson block.

Mr. Thompson, our new merchant, intends putting a tailor in his shop.

Mr. and Mrs. John Forsythe and family are visiting friends in Hastings.

Mr. Deremo has been appointed manager of J. B. Pearce's store and, we believe, intends moving his stock to the west end. Mr. Pearce loses a good man in the person of Mr. Wilson, as Mr. Wilson is starting for himself. We can assure him of success.

Four Baldwin consolidated 51-inch wheel engines have been sent from this division to North Shore division to pull heavy trains. They are replaced by Montreal consolidated engines, 57 inch wheels. The purpose of the change is to make better time with freight trains on this division.

The snow plough made a couple of trips for the first time this year.

Mr. Elias Williams and Mr. Wesley Hart have entered into partnership in the butcher business, in Hart's old stand.

Be Clean and Live!

Paine's Celery Compound

Is Nature's Great System Cleanser.

The Spring Medicine Recommended by the Ablest Physicians.

In all well-run mills, factories and mechanical establishments it is customary to close down for a short time each year in order to repair machinery. Unless this is faithfully attended to there will be irregularity in work, serious breaks, disasters and heavy financial loss.

It is the same with the human body. Its varied, complex and delicate machinery has been running without repairs for many years with disordered nerves, diseased liver and kidneys, and blood charged with poison germs and impurities. The human organs and machinery jarring, weakened and working fitfully and irregularly must be strengthened and made a harmonious whole, or the entire fabric will soon break down.

This annual work of cleansing and repairing is always successfully accomplished when men and women make use of Paine's Celery Compound.

Amongst the first and most pleasing results that come from the use of Paine's Celery Compound in March is pure, rich, bright red blood that courses through the entire system, carrying the true life and strength to every part. Foul matters, eruptions, pimples, salt rheum and eczema are banished: the skin becomes clear, the eyes bright, the brain active, and the step firm and elastic.

Paine's Celery Compound is the one and only spring medicine and cleanser that people can implicitly trust as a health restorer; it is the choice of physicians, and our best people proclaim the glad news that "it makes people well."

THE ODORLESS CREMATORY CLOSET.

I have been appointed Sole Agent for the Odorless Crematory Closet manufactured by the Crematory Closet and General Heating Co., of Hamilton.

This Closet has found a place in many of the best homes in the province, and all who have used it cannot speak too highly of its merits. Medical men speak of it from a sanitary point of view, claiming that, if health is any consideration, no home should be without one. Here are some of the

TESTIMONIALS.

Alliston, March 1st, 1898.

I have had one of your "Crematory Closets in use now for several weeks and am glad to be able to say that I have found it entirely satisfactory in every respect. I have not been able to detect the slightest odor from it at any time and would not be without it. I am sure it must prove a great convenience to people in the country and in towns where water is not obtainable. Yours respectfully,

JAMES CONWAY.

Sheddon, February 28th, 1898.

I have used it for sometime and find it perfectly odorless. It is a long felt want and I believe it will become very popular especially in rural districts, towns and villages where wells are so frequently contaminated by the ordinary closets. I am, yours, etc.

W. H. MORRISON

Medical Superintendent's Office, Sept. 23th, 1897 Asylum for the Insane, Hamilton.

Gentlemen: I had the opportunity of witnessing yesterday the operation of your Odorless Crematory Closet. It had a large accumulation of fecal matter in the pan when the fire was started, and inside of 20 minutes it was all reduced to ashes. There was no odor before or during the operation of consuming the fecal matter, as the ventilation by the flue seems to carry off all odor as soon, before it has a chance to vitiate the surrounding atmosphere.

Yours truly. JAMES RUTHERFORD, M.D.

Binbrook, Sept. 25th, 1897.

Dear Sirs—Having been present at a private test of your new patent closet yesterday afternoon, I beg to express my satisfaction with it in every way. Neither before, during or after the burning out of its contents did I detect the slightest unpleasant odor. I am satisfied it will be a boon to thousands in rural towns, villages and country homes. Yours truly,

M. J. MULLOCK, M.D.

ADAM HALL.

THE SINFULNESS OF ILL-HEALTH.

Can be Avoided by Using Dodd's Dyspepsia Tablets.

Which Digest the Food in the Stomach. Make New Rich Blood. Cure Constipation and Dyspepsia. Stimulate the Liver and Invigorate the Entire Body.

No man has a right to be unhealthy, provided he can secure good health.

When the means of getting and keeping good health is within easy reach of every person, to be sick is little short of a crime.

Take the case of a man who has Dyspepsia. No one but himself knows how severely he suffers. Day and night, year in and year out, he bears the burden of his misery, finding only fiery agonies in what to others brings satisfaction and pleasure.

Yet all this time a cure, positive and unfailing, is within reach. A few boxes of Dodd's Dyspepsia Tablets will banish every vestige of his complaint, give him robust, vigourous health, in place of sickness, misery and constant pain.

Dyspepsia is the result of the presence in the stomach of a quantity of partially digested food.

Dodd's Dyspepsia Tablets cure Dyspepsia by removing its cause. They promptly digest the food in the stomach, converting it into fresh, red, rich, nourishing blood, on which the entire body is nourished and strengthened.

By thus removing the cause of the ailment they banish the disease itself.

But Dodd's Dyspepsia Tablets do more than this. They tone, strengthen and stimulate the weakened muscles and glands of the stomach and enable them to promptly digest the food.

With each box of Dodd's Dyspepsia Tablets, is a supply of small, brown tablets that correct all irregularities of the liver and bowels, and put them in harmonious working order.

Thus Dodd's Dyspepsia Tablets digest the food, cure dyspepsia, make new, rich blood, cure Constipation, regulate the liver's action, and give health, strength and vigour to the whole body.

Good Blood!

Your heart beats over one hundred thousand times each day. One hundred thousand supplies of good or bad blood to your brain.

Which is it?

If bad, impure blood, then your brain aches. You are troubled with drowsiness yet cannot sleep. You are as tired in the morning as at night. You have no nerve power. Your food does you but little good.

Stimulants, tonics, headache powders, cannot cure you; but

Ayer's Sarsaparilla

will. It makes the liver, kidneys, skin and bowels perform their proper work. It removes all impurities from the blood. And it makes the blood rich in its life-giving properties.

To Hasten Recovery.

You will be more rapidly cured if you will take a laxative dose of Ayer's pills each night. They arouse the sluggish liver and thus cure biliousness.

Write to our Doctors.

We have the exclusive services of some of the most eminent physicians in the United States. Write freely all the particulars in your case.

Address, DR. J. C. AYER, Lowell, Mass.

WAKE UP!

Be a Man and Own

A home of your own, you can if you will. A lady called at our office 2 p. m. explained what she wanted to buy, where she wished it, and how and what she was prepared to pay, we pointed out what she wanted, where she who wanted it, and about $150.00 less than she was willing to pay: Within two hours she told our assistant it was useless to go further, she was well suited, and as soon as the Bank opened she got her money and paid the deposit required. The above is true, as we can prove, and as we have a few more Real Bargains, will the next be taken in a like business way, by a Lady or Gentleman? Come to us and we will guide you right, our advice is to secure a home. Open 7.30 to 9.00 p.m.

Next to Post Office.

THE LEGISLATURE

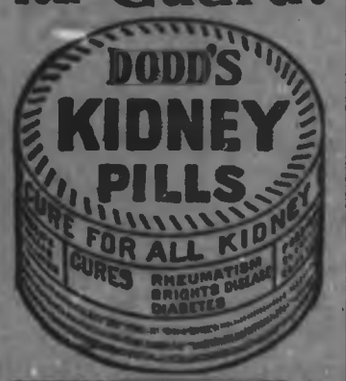
A Drastic Measure Aimed at Officials Meets Defeat.

THE PREMIER MAKES DENIAL.

Hon. Mr. Hardy Points Out That Officials of His Government Have Never Been Guilty of Actions Charged in a General Way Against Them by the Opposition—Protest Filing.

Toronto, March 25.—The motion for the second reading of Mr. Tucker's bill prohibiting the active engaging of officials in elections under penalty of a fine of $200 and forfeiture of position for four years provoked a lively discussion in the House yesterday afternoon. Hon. Mr. Hardy pointed out that by a resolution adopted in 1897 the House had put itself on record against active partisanship by officials. With other Government speakers he contended that the employes of the Government as a whole had never been guilty of actions, either at elections or bye-elections, charged against them in a general way by the Opposition. Mr. Whitney and other members of the Opposition claimed that the condition of affairs in Ontario with regard to interference in elections by Government officials was monstrous. Many officials, they said, disregarded the principle of the resolution passed by the House two years ago. The motion for the second reading of the bill was lost on division, the vote standing 36 to 26. A number of private bills were disposed of, and some public and Government bills advanced a stage. A session of the House will be held this morning.

Be on Your Guard!



THE BEST is always imitated. Dodd's Kidney Pills, sold only in boxes like this, are widely imitated, because they are the best Kidney cure. Take none but

D-O-D-D-'S

Hon. Mr. Hardy introduced a bill to amend the Controverted Elections Act. One of the most important provisions deals with the question of protests. The complaint in the past has been that protests have been made by irresponsible persons who could not be brought to task for preferring baseless charges. The proposition in this bill is that protests must be signed by four persons, or by the defeated candidate.

Third Readings.

The following bills were read a third time and passed: To Incorporate the Bruce Mines & Algoma Railway Company; respecting Smith's Falls, Rideau & Southern Railway Company; to consolidate the floating debt of the town of Brampton; respecting the city of Kingston and the Dominion Cotton Mills Company; respecting the town of Cornwall; to incorporate the village of Sturgeon Point; respecting public schools (Hon. Mr. Ross); to incorporate the Western Hospital of Toronto; respecting the town of Dundas; respecting the trustees of the Osgoode Burial Ground; respecting the town of Cobourg; respecting the village of Winchester; respecting the village of Exeter.

At the evening session the House went into committee on private bills.

Second Readings.

Bills to incorporate the Thunder Bay, Nepigon & St. Joe Railway, and also the Algoma Central Railway, passed the second reading and will come up in committee on Monday.

Mr. Stratton (W. Peterboro) withdrew his bill respecting cycle paths and cycle path commissioners until next session.

Mr. Wardell (N. Wentworth) moved the second reading of his bill relating to the employment of aliens on works carried on under franchises granted by private acts. After discussion, the bill was lost on division.

Mr. Marter's bill to put shop licenses on the same basis as taverns in respect to the renewal of licenses in residential localities was read a second time and referred to the legal committee.

Hon. Mr. Dryden moved the second reading of Mr. Brown's bill respecting butter and cheese exchanges. The bill provides for incorporation of companies for this industry. There are clauses as to inspection, penalties and settlement of disputes by arbitration. After discussion it was referred to a special committee, together with that of Hon. Mr. Dryden respecting cheese and butter manufacturing associations and companies.

There was a hot debate on the second reading of Mr. Tucker's (West Wellington) bill to amend the Ontario Elections Act. The bill was very drastic. The Attorney-General spoke at some length in opposition to the bill, and he was followed by Mr. Whitney in favor of the measure. Other speakers were Messrs. Stratton, Missampbell, Hon. Mr. Garrow, Marter and Conmee, and then the vote was taken, giving the Government 36 and the Opposition 26 votes. The bill was therefore lost.

A number of other bills were advanced a stage, among them being Mr. Gibson's to amend the Registry Act; Hon. Mr. Harcourt's bill respecting succession duties; Hon. Mr. Ross' bill to amend the Public Libraries Act; Hon. Mr. Garrow's respecting executions and sheriffs.

The Attorney-General's bill to amend the statute law passed the second reading, as also did that of the Attorney-General to amend the law with respect to compensation to workmen. There was no explanation or discussion at this stage.

In the committee of supply, Mr. Stratton in the chair, a number of items were passed in connection with the Department of Agriculture.

The committee rose and the House adjourned shortly after midnight.

ASSEMBLY NOTES.

The overseers of fisheries, numbering over 100, have been appointed.

The Commissioner of Crown Lands intends to proceed with his amendments to the Mines Act, and last night he gave notice of the motion which will come up in the Legislature to-day.

The Ontario, Hudson Bay & Western Railway Company and its proposition to build a road from Mesanabie to James Bay were endorsed by the Toronto Board of Trade before the Ontario Cabinet yesterday afternoon. Hon. Mr. Hardy thanked the deputation, and said he was glad to receive opinions of the Board of Trade, which would be considered.

The proposal to increase the license fee of small brewers from $250 to $400 has caused consternation among the class affected, and yesterday afternoon a deputation from Western Ontario waited upon the Government and lodged their protest.

Before the Legal Committee.

In the legal committee of the Legislature yesterday Mr. German's bill to make veterinary surgeons a close corporation came up, and Hon. Mr. Dryden advised that it be thrown out because it would greatly inconvenience farmers. It will stand till Monday, and so will Mr. Russell's bill regarding the engineers. Mr. Stratton's bill to provide for short forms of leases, Mr. Brower's to provide for security for costs in actions for injury on the public highway and Mr. Hodgins' to put a lien on pasturing stock so as to enable the farmer to obtain his pasture money, were all thrown out. The principle of Mr. Foy's bill in regard to sureties was endorsed by the committee, but a wish was expressed to see the form of bond, so final action was deferred. Mr. Marter's bill to prevent the enlargement of cemeteries in cities, intended specially to apply to the deal between St. James' Cemetery and Toronto, was characterised by Mr. Arnoldi, Q.C., as a bill intended to serve private ends. It was thrown out.

Quebec Banks.

Hon. Mr. Harcourt was visited yesterday morning by Mr. Thomas McDougall of Montreal, general manager of the Quebec Bank, and president of the Canadian Bankers' Association. Mr. McDougall was accompanied by Mr. Sloane, local manager of the Quebec Bank, and the interview was on behalf of banks having their headquarters outside the province, who are affected by the revenue bill. They asked that Quebec banks be not discriminated against. Mr. Harcourt said the wishes of the banks had been anticipated, and he had informed Mr. McDougall that provisions carrying out the request in the petition would be embodied in the measure now before the House.

Pain in the Back.

Being troubled off and on with pains in my back, caused by constipation, I tried several kinds of pills I had seen advertised, and to put the truth in a nut shell Dr. Chase's Kidney-Liver Pills are the only pills that have proven effectual in my case. I can heartily recommend them.

Jno. Devlin, Unionville, Ont.

Children Cry for CASTORIA.

FRIGHTFUL AGONY.

Endured by Victims of Stone in the Bladder.

No Hope of Escape Except by Using Dodd's Kidney Pills—They Remove the Stone Quickly, Easily and Permanently.

Montreal, P. Q., March 24.—No agony that falls to the lot of suffering humanity is greater, more terrible, nor harder to bear than is that caused by the formation of a stone in the bladder.

The complaint is so common and so frequently spoken of that the terrible significance of the name itself is lost. If we were to speak of a "stone in the brain," or a "stone in the heart," the terrible nature of the disease would be apparent at once, because we are not used to the expression and its meaning forces itself upon us instantly.

Now, "a stone in the brain" would not be more out of place than "a stone in the bladder." Nor would it cause near so much suffering, as the nerve centres would become paralyzed and feeling would die.

But stone in the bladder is alarmingly common. Thousands suffer the most horrible tortures from it. Thousands die from it.

And yet it is very easily cured. There is a remedy—Dodd's Kidney Pills—that cures it quickly, easily and painlessly.

In proof of this statement, it is necessary only to quote the following letter written by Madame Campagne, of 167 St. Urban street:

"I have suffered with stone in the bladder, and though I underwent different treatments, and used various remedies, I got no relief till I took Dodd's Kidney Pills. Five boxes removed the stone, built up my health, strength and flesh, and made a new woman of me."

Dodd's Kidney Pills are a positive cure for stone in the bladder, and every other form of Kidney Disease.

Galt to Have Another Factory.

Galt, Ont., March 24.—Shurley & Dietrich of this town have decided to move their iron bedstead manufacturing establishment, now located at St. Catharines, to Galt shortly. A new building will be erected and it is expected that the new industry will commence operations with a staff of 50 hands.

A Boy's Foolishness.

Woodstock, Ont., March 24.—William Matheson, youngest son of Mr. Adam Matheson of Innerkip, was picking at a cartridge on Wednesday with his penknife, when the thing exploded full in his face. Both eyes are badly burned, but whether the sight will be permanently injured cannot be said at present.

Spain's Greatest Need.

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures all liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing, you need it. Every bottle guaranteed, only 50 cents. Sold by J. Lynch, Druggist.

Pegleg Brown on Trial.

London, Ont., March 24.—The trial of Pegleg Brown was resumed yesterday. The time of the court was occupied all the morning hearing the evidence of Thomas J. Basham, county marshal of Travis Town County, Texas. Basham was in charge of the jail at Georgetown, Texas, in May, 1898, when Brown escaped. He identified the cap found by the body of the murdered man as being in every way identical with the cap worn by Brown in the Texas jail. He detailed the circumstances of Brown's escape and of his taking with him witness' 44-calibre Colt revolver.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets All druggists refund the money if it fails to cure, 25c.

It Was Not Hog Cholera.

Belleville, Ont., March 25. — Mr. Brower has been advised by the Department of Agriculture that thorough examination disclosed that the fatalities in his swine herd were not caused by hog cholera.

Nine Days Without Food.

Winnipeg, March 25.—George Nosfield, the missing Assyrian, has been found. He wandered about the prairie for nine days almost without a scrap of food. His feet and legs are badly frozen.

Man Crushed to Death.

Three Rivers, Que., March 24.—As the regular C.P.R. train from Quebec for Montreal, drawn by two engines, with a plow, was passing Ste. Anne de la Parade station at 2 p.m. yesterday, one of the wings of the plow caught in the switch and was derailed. The forward engine was thrown on the plow, crushing to death a man named Le Clare of Three Rivers, and injuring two other employes, who were on the plow. The line was blocked for some hours.

An Eloping Pair Traced.

Vancouver, B.C., March 24.—Rev. E. A. Harris and Miss Edna Lear, who eloped from Albany, Oregon, on March 5, were traced to New Westminster, and last night the police located the girl. The reverend gentleman was not captured, however. A message from Albany said: "Hold the girl, but never mind the man, who has a wife living in the States."

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headache. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by J. Lynch, Druggist.

INSOMNIA.

SOUTH AMERICAN NERVINE RESTORES REST AND HEALTH.

If the digestive organs refuse to do their work, indigestion and dyspepsia follow like lightning's flash—the nerves are shattered and then insomnia runs riot, and the patient is on the road to the mad-house or insane asylum. A well known Toronto newspaper man was a victim of nervous prostration and insomnia through overwork—retiring at night was more of a dread than a welcome to rest—prejudiced against medicines and remedies, he spurned the thought of resorting to what he called nostrums—he became almost incapacitated for work—he was recommended to try South American Nervine, procured a bottle and when half of it had been taken, he found himself improving—sleep was induced, the nerves grew quieter, the appetite returned—he continued to take the remedy until he had used six bottles, and at the end of that time the twenty pounds he had lost in worry and for want of rest was put on again—to-day he says, "I feel strong enough to do two days' work in one."

South American Nervine is without a peer in the cure of nervousness, indigestion and insomnia. A few doses will convince the most sceptical. It gives immediate relief and effects a cure in every case. Strong as this statement may seem it is absolutely true.

South American Rheumatic Cure is never baffled—relieves in six hours and cures after years of agony have been suffered.

South American Kidney Cure cures Bright's disease, diabetes and bladder troubles. A few doses will convince. 11

Sold in Peterborough by Ormond & Walsh

VALUABLE Residential Properties FOR SALE In Peterborough.

Having decided to remove to Manitoba in the spring, I have decided to sell the following valuable properties at prices that should secure ready purchasers:

Parcel No. 1. A Brick Terrace of four houses, adjoining the corner of Sherbrooke and Park streets, two storys, well built with good stone cellars full size of buildings. Each residence contains six rooms with summer kitchen. This property has always been continuously rented and pays an excellent rate of interest on the investment, and it is practically a new property, being only erected a few years, and in good condition.

Parcel No. 2. Brick residence corner of Reid and Simcoe. Containing ten rooms. House in good condition with all modern improvements, bath, closets, heated with furnace and lighted with electricity.

Parcel No. 3. Brick dwelling corner Aberdeen and Benson streets, facing Dixon Park, containg seven rooms with summer kitchen. This property was erected last season for myself and occupied by myself. Has hard and soft water in kitchen and is a very comfortable residence. This lot is 100 feet square.

Parcel No. 4. Brick residence, corner Wolseley and Benson streets. Two storeys, seven rooms with kitchen, pleasantly situated adjoining Dixon Park. Hard and soft water in kitchen. This lot is also 100 feet square and is a similar building to parcel No. 3.

Parties desiring a good paying investment or save will find any of these desirable purchases.

Particulars and terms, which are reasonable, made known on application to the undersigned.

Ladies' Home Journal, Strand, Metropolitan, Vanity Fair, Nickel, Argosy, English Illustrated, Pierson's at 8 cts., Delineator and all the latest fashion books. Drop in and we will give you a sample copy, free, of "Black and White," English edition—one of the best English magazines, the reduced price of which will, in future, be only 15 cts. per copy. A. H. STRATTON & Co.

The Concert of April 4th.

The programme for the concert in George street church, on April 4th, is being hammered into fine shape. The chorus will sing the "Gloria" from Mozart's First Mass, "Holy Father, Great Creator," by Lambilotte, and "The Radiant Morn," by Woodward. The accompaniments will be given by Miss Grant, organist of St. Andrew's church. The orchestra will include Misses Maude, Fox and Barclay and Messrs. Butcher, Lech, Miller, Staples, Skitch, Harvey and Adams, making a very strong and effective instrumentation. Solos will be contributed by foreign talent, including Mrs Chambers, so well known in Peterborough, and Mr. B. Bradley, tenor, of Toronto, who is a son of Mrs. Bradley, the famous soprano and teacher. Mr. Kidner, the entertainer and impersonator, will also contribute selections from his admirable repertoire, the whole making up a programme that will be well worth hearing. Some further references will be made during the week to the several artistes. Admission to concert 35 cents. 1d

GREAT TIE SALE.

Saturday night at GOUGH BROS., 400 beautiful Silk-lined Ties, in Four-in-Hands, Knots, Tecks, Derbys, Ascots, and Imperials, regular price 50c., special price for Saturday night 25 cents. We are selling these on the market, till the new Spring ties and Negligees. Store open Saturday Evening.

SPRING AT THE GOLDEN LION.

A Beautiful Wilderness of Millinery and Mantles.

See where she comes apparelled like the spring.
—Shakespeare.

The millinery and mantle departments of the Golden Lion are bright and beautiful with the fashion garb of spring. Never before has such a beautiful display attracted so many delighted visitors. Especially when the announcement was made of the arrival of the latest New York novelties selected by Mr. Robert Fair, the rooms were a counterpart of a royal drawing room crush. Space will not admit of a detailed reference, but all the millinery is up to the top mark of mode, elegance and style. But special mention might be made of one or two specially beautiful hats.

One, a large picturesque hat, is of satin straw of a soft French blue with curling plumes in harmonizing shade, and a full crown of tinselled chiffon finished with gold buckles.

An original touch was given to a pretty cream Tuscan shepherdess—a drapery of cream lace over violets a large bow fastened to the same with gold and steel buckles. A bunch of leaves at the right side was the only other decoration.

Another beauty was a hat of black illusion lace, which was given a very distinctive appearance by being overlaid with black appliqued lace, with large coprays arranged becomingly in front and caught with steel and pearl dagger pins and velvet ribbons.

In the cape and mantle department beauty competes with variety. Much admired was a cape of black velvet, trimmed with frills jetted with passementerie, with rounded corners and frills extending to the neck, collar of pleated chiffon.

Another was of black silk entirely overlaid with sequinned jet and handsomely trimmed with lace frills, with collar of pleated lace and ribbon.

Another charming wrap was a coat of fawn box cloth, ornamented at the edge with festooned soutache, cut-away corners, and showing two rows of beautiful white pearl buttons.

These references to both the millinery and mantles are only the barest hints at the magnificent stock of both that beautify the parlours of the Golden Lion; and only a faint indication of this house's elaborate and complete preparations to meet the wants in spring attire. In another department is shown a splendid range of kid gloves—button, dome-fasteners and lacing studs—in all shades suitable for the Easter season, and also a complete stock of the latest dress adjunct, ladies' stock collars. A glance at the show windows reveals a splendid display of Scotch zephyrs, etc.

Ladies can make no mistake in visiting the Golden Lion for the finest selections of any of the goods mentioned, and Miss Armstrong in the millinery department, Miss Raine with ready-made mantles, and Miss Gillespie and Miss McCabe in the gloves and allied goods department, will give the courteous attention characteristic of the establishment of R. Fair & Co.

PERSONAL.

Mr. R. J. Gough, of Toronto, is spending Sunday in town with his brother, Mr. A. J. Gough.

Mr. W. R. Tiffin, superintendent of this division of the G.T.R., is in town to-day in reference to the Matthews siding.

Miss Lizzie Roberts, daughter of Rev. E. Roberts, of Omemee, is visiting at the residence of Mr. John Lockhart, Harvey street.

Among the personals which appeared in the New York Herald on Wednesday, the name of Mr. Robert Fair appeared as registered at St. Denis Hotel.

Mr. Rupert Bradburn left yesterday afternoon for the Coast. He will take charge of a stamp mill in the mines about 300 miles north of Vancouver.

Mr. Geo. Wilson, representing the Maple Leaf brand of flannels, is in town for a few days. He is well known amongst the lacrosse boys, being the genial secretary of the Markham lacrosse club.

Mr. J. Alex. Culverwell, the manager of the Burleigh Falls-Lindsay-Peterborough Electric syndicate, returned to-day from Toronto, where he has been attending a meeting of the syndicate. Arrangements have been made to call for tenders for a concrete dam and power house. An advertisement calling for tenders appears in another column. Letters of incorporation as a joint stock company are being applied for.

Rev. C. E. McLeod, formerly pastor of the Gilmour memorial Baptist church, Smith, is in town making preparations to remove his effects to Ormond, Dundas County, where he has been called as pastor of the Baptist church. He will enter upon his ministrations on Easter Sunday. During his absence from Peterborough, Mr. McLeod has suffered somewhat from la grippe, but his many friends are greatly pleased to see him return in improved health.

HON. J. S. CROSBY.

Of New York, who will discuss the effects of the Single Tax method of taxation and endeavour to show a remedy therefor in the Opera House Tuesday, March 28th. Admission 15c. reserved seats 25c. Rev. H. Symonds takes the chair at 8 o'clock.

Geo. Ball

has removed to the rooms over Oak Hall, formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby samples ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3 50; why buy ready-mades? Every age and style is met—every desire is assured. Ladies' tailoring in all designs.—GEO. BALL, over Oak Hall. 30

FROM MAKER TO WEARER.

GRAFTON & CO'S. Clothing for men, and boys ready-made Everytime a suit is sold it puts a nail in the coffin of prejudice. No custom-tailor could do better for you than Grafton & Co. is doing—and you'd pay the custom-tailor twice the money for as good. See our suits at $8.00 and $10.00

Bicycles Repaired.

Hunter street, opposite English church. Prices reasonable; all work guaranteed. —O. Rush, Proprietor. d1f

AUBURN MILL HANDS ARE OUT ON STRIKE.

The Night Shift Men Leave Work Last Night.

WANTED PAY FOR LOST TIME.

The Carders and Spinners Made the Demand, Which Was Refused—They Went on Strike and the Mill Closed.

The carders and spinners of the Auburn Woollen Mills night shift went out on strike last night, and the mills had to close down for the night for the first time in nearly two years. As a consequence of the carders and spinners stopping work, the other operatives being dependent upon them, had to stop also.

A large number of the men were down town during the evening, and stated that they struck because the Company refused to pay them for the time lost when anchor ice interfered with the water supply the other evening. The men claimed that as they reported for duty and remained ready to go on with their work, when the machinery was again put in motion, that they should be paid for this lost time. Upon their demand being refused they also decided to remain out until an advance of ten per cent. in wages were also given.

Mr. James Kendry, president of the Auburn Woollen Company, was interviewed by an EXAMINER reporter and his statement was to the effect that the men had been refused their demand to be paid for lost time on the ground that it was through no fault of the company, but purely as the result of an unavoidable circumstance that the machinery had stopped for a few hours. He stated, further, that the company was making arrangements to bring in new operators and that night work would be resumed at the mills on Monday morning next at 1 a.m.

The men have held no meeting since it has been made known that new operators were to be brought in and, consequently, the stand which they will take cannot at present be ascertained.

OBITUARY.

Demise of Fred Clegg on Friday—Appendicitis the Cause.

The death occurred yesterday of Frederick Clegg, aged 14, third son of Mr Charles Clegg, No 762 Water street.

The cause of death was appendicitis. The deceased complained of pains in the stomach about nine days ago on returning from school. He grew rapidly worse, inflammation of the bowels having set in. After a consultation it was decided to operate for appendicitis, and the lad was taken to the Nicholls Hospital on Thursday. The operation was performed, but, unfortunately, the inflammation could not be arrested, and his death occurred the following day.

The funeral will take place from the family residence on Sunday afternoon at three o'clock.

Children's Aid Society.

The Children's Aid Society have for adoption three little girls (Protestants) one thirteen years of age, one eight and the other two. Also two Roman Catholic children, a girl of six and one of three. All desirable.

Your Weak Spot.

Perhaps it is your throat or your bronchial tubes. If you take cold easily, take Scott's Emulsion. It checks any tendency in your system to serious lung trouble.

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

CURLIANA.

Lindsay still holds the cup which is hung up for annual competition between the curlers of that town and Peterborough. The last half of the final match was played off in town yesterday afternoon between the Granites and Lindsay and resulted in a victory for the Scugog "Knights of the Stone" by a majority of 8 shots. As Lindsay won the first half of their match from the Thistles by 8 shots, the Scugog series are "up" 16 shots on the round and once more win the cup.

The scores made on the different rinks yesterday were as follows:—

Peterborough.		*Lindsay.*
RINK NO 1.		
K H Hall,		A Watson,
E H Edwards,		T Burns,
J H Burnham,		F Walters,
Myles Hamilton, sk. 17		J D Favelle, sk.....13
RINK NO. 2.		
J D Collins,		F H Shaw,
Geo Giroux,		L V O'Connor,

RINK NO. 3.		
R Neill,		J Boxall,
R Waddell,		W Widdis,
B Boucher,		F Crandal,
G E Whitton, sk.....16		L McIntosh, sk 24
Total.....42		61

Majority for Lindsay, 8 shots.

ACQUATIC.

The great Cambridge-Oxford boat race to day, was won by Cambridge for the first time in ten years.

RAILROAD MEETING.

Men—You are heartily invited to the Railroad meeting at the Y. M. C. A. on Sunday at 4.15 p. m. Mr. E. M. Cooke, Railroad Secretary, East Toronto Branch will speak. Special music.

Young Men's Social meeting at 8 o'clock to-night. A very helpful series of topics for young Christians begin at this meeting.

Boy's Bible Training Classes on Sunday at 10 a. m.

Two representatives from the Association will address the meeting at the Jail on Sunday at 9 30.

Messrs B Anderson and Williamson will conduct an Association meeting at Middleton's school house on Sunday evening.

"Salada" Ceylon Tea.

The invariable result of any person once giving "Salada" Ceylon Tea a trial is, that their trade is at once captured, and they drink "Salada" Ceylon Tea with a freedom they would not accord other teas. "Salada" being absolutely pure tea, without any skilful doctoring process—such as Japan teas undergo.

DIED.

CLEGG—At Peterborough, on Friday, March 24th, 1899, Frederick, third son of Mr. Charles Clegg, aged 14 years.

Funeral on Sunday afternoon at 3 o'clock, from the family residence, 762 Water street.

EASTER TERM

Of the Peterborough Business College begins April 4th. New Students are urged to commence work on that date. There's a practical benefit in doing so.

PRINGLE & McCREA.

Chessman

Daily Examiner.

SATURDAY, MARCH 25, 1899.

FOUND A HONEY-TREE.

A Couple of Verulam Farmers Struck Luck the Other Day.

Mr. James Bick of Verulam, struck luck the other day. Better, indeed, than a Klondyke.

A neighbour went over one morning to Mr. Bick's, as he wanted to get a load of good dry pine for lightwood, and Mr. Bick had a fine old dry pine stub that he was willing to share. So they went out to cut down this old stub, and it was a whopper, 36 inches across the stump, clear of bark. In falling the tree landed on a stump, about thirty feet from the butt, and being hollow at that point, smashed to pieces.

They noticed there was something peculiar about the smash, and going to inspect to their surprise found that the hollow contained a great bee-hive in a very much demoralized condition of mush.

Had they known it was there they would have fallen the tree more carefully, and could have got the hive without breaking it, but as it was they got over 30 pounds of nice honey. It was a large swarm of bees, and they would fully have filled a patent wooden pail.

The Great Fire at the Windsor, N. Y., Was an awful calamity, but cannot be remedied. Now Catarrhozone can remedy and is a positive cure for catarrh and kindred dreaded diseases. This statement is backed up by bushels of testimonials, which we have and can produce. Snuffs, ointments, washes, &c., have been proved useless in giving relief or curing catarrh, bronchitis, irritable throat, nasal and ear passages, but Catarrhozone, the ozonated air cure, does not only give immediate relief, but effects a permanent cure. Why delay? Send at once for sample bottle and inhaler, 10 cents. Outfit $1.00.

N. C. POLSON & Co., Kingston, Ont.

Union Evangelistic Services.

The revival services under the auspices of the three Methodist churches, which have been so successful, will be continued at the Mark street church for four nights next week. Rev. Mr. Shorey will preach on Monday evening, Rev. Mr. Crossley on Tuesday evening, and so on. The union meetings will close on Thursday night next.

A $20 FINE IMPOSED

For Selling Intoxicating Liquor on Sunday Last.

A county hotel-keeper was fined $20 and costs by Magistrate Edmison yesterday afternoon for selling intoxicating liquor on Sunday last. It seems that the proprietor of the hotel was attending church and, in his absence, one of his assistants opened the bar and supplied liquor to three young men, who were also fined by the magistrate for obtaining the liquor.

SIGNS OF SPRING AND EASTER.

Some Surprising Spring Specialties for Men, Young Men and Boys at H. LeBrun & Co.'s.

The approach of Spring and Easter bring into play thoughts of new clothing. The early spring holidays, beginning with Good Friday, remind gentlemen that their shabby winter attire must be changed for new spring styles. The question is—"Where to get suited?" Visit Messrs. H. LeBrun & Co., and you are at headquarters, where you have your pick from a heaping stock, and where price and style are of equal importance. Men's and young men's nobby spring overcoats, made to order on the premises, are awaiting your inspection, with a $18 price ticket, the best overcoat value in town. Stylish Suit made to order in faultless fashion from $12 to $18. These prices should come home to you. But LeBrun and Co's "Bargain Counter" runs all round the store. Low prices and good qualities are not neglected in ready-made clothing, in which you are certain of finding what you want at a lower price than similiar clothing is sold elsewhere. New Spring Tweed Suits $4, $5 and $6, well worth your critical eyes. New Spring Overcoat at $5, $6, $7 and $8, are rare makes. If they do not look the same at home as they did in the store, return them. Spring Suits for boys, bright new suits that wear long, fit neat, and look better than the general run. Mothers when out shopping should call in and see these nobby little rigs for boys in neat patterns from $1 up. We give Trading Stamps equal to five per cent. on all purchases, to encourage the cash system.—H. LeBrun & Co.

For an Appetizer.

Drink a glass or a bottle (according to your capacity) of Copland's Ale or Porter, about half an hour before each meal.

Both are healthful aids to digestion. Pure ale is good for you; bad beer is unhealthful.

Kept in fine condition and an even, cool temperature in our cellars.

HENRY & Co.

The Rough Effect

We have just passed through Customs a limited number of Suit Lengths of the Celebrated

HARRIS TWEEDS

These rough effects are a very popular young men's style, and when properly tailored, as they are worn in London, are particularly nobby. They come in a pleasing variety of shades, nearly all having a dash of contrasting colour. Our 1899 Cash Price for a Suit of these Rough Harris Tweed Effects is lower than ever before.

A. Mendelo

RE-ORGANIZATION OF THE LOCAL CRICKETERS.

DR. BURNHAM ELECTED PRESIDENT FOR 1899.

A Constitution Adopted for the Governance of the Club—Officers Chosen for the Season.

The annual meeting of the Cricket Club was held last evening and the enthusiasm of the members present will doubtless prove a great incentive to the advancement of the grand old game this season.

The chair was occupied by the president, Mr. R. B. Rogers, and the following constitution was adopted:—

1. The club shall be called the Peterborough Cricket Club.
2. The Executive officers of the club shall consist of a President, Hon. Secretary-Treasurer, and a committee of five members, of which five shall constitute a quorum.
3. The Honorary Officers shall consist of an Hon. President, three Patrons and three Patronesses.
4. It shall be the duty of the President to call all meetings and to preside at the same. In the absence of the President, the 1st Vice-President shall take the chair, and in his absence the 2nd Vice-President, and in his absence the meeting shall elect a chairman.
5. It shall be the duty of the Hon. Secretary-Treasurer to receive all moneys, and to deposit the same in some chartered bank to the credit of the Cricket Club, and all cheques drawn on the same shall be signed by the President and Secretary-Treasurer. The Hon. Secretary-Treasurer shall carry on all correspondence in connection with the club and keep the minutes of the meetings and the accounts of all monies received and to produce the books of the same whenever called upon to do so.
6. It shall be the duty of the General Committee to look after the grounds, material and property of the club. The General Committee may appoint sub-committees to look after the grounds, materials and property of the club. All materials to be purchased only on order of the Committee (General).
7. The senior membership fees of the club shall be $5, which shall entitle the member, when paid, to the full privileges of the club, including the services of the professional. If no professional be employed the fee shall be $3. The junior membership fees of the club, which shall include only those under the age of seventeen, shall be $1, which shall entitle the member to the full privileges of the club with the exception of the services of the professional, voting at meetings and the playing in that part of the grounds set aside for the senior members.
8. Members will be elected at any general meeting of the club by a majority vote.
9. The annual meeting of the club shall be held on Nov. 1st of each year.
10. A general meeting of the club shall be held on the first Wednesday of each month during the season.
11. Special meetings may be called at any time by the president.
12. The rules governing the game in England shall govern the game in Peterborough.
13. Order of business at general meetings:—
Reading of minutes of previous meeting.
Reports from committee.
Communications.
General business.
Adjournment.
14. This constitution can only be changed on a two-thirds vote at any general meeting, and then only after a notice to change the constitution, which shall be given at a previous meeting held a least a week prior.

After the adoption of the Constitution, officers were elected as appended:—

Hon. Pres., Rev. V. Clementi; Patron and Patroness—Mr and Mrs Jas Kendry, Mr and Mrs R B Rogers, and Mr and Mrs J R Stratton.
President—Dr. Burnham.
First Vice-Pres.—W D Parker.
Second Vice-Pres.—A A Hollingshead.
Sec—Treas.—R Mylee Hamilton.
Captain—Samuel Ray.
Executive Committee—S Ray, J H Burnham, A A Hollingshead, W Stocker and H Armstrong.

The matter of engaging a professional coach for the season was left over for further discussion.

THE CYCLE SHOW.

Next Monday and Tuesday evenings, in connection with the Cycle Show to be held at the Y M C A Building, there will be a room devoted solely to the Cleveland bicycle, and in same will be held a display of tests, parts, gauges, etc., used in the construction of the Cleveland Bicycle. At a similar exhibition which was held in Toronto, the News made the following remarks regarding same:—

Saturday night at the Cleveland showrooms, 117 Yonge street, the most unique and interesting exhibit in bicycle construction that ever was held, took place, consisting of a full display of all gauges, tests etc., as used in the construction of a Cleveland bicycle. It proved a perfect surprise to the thousands of visitors, the costly and numerous machines which were used in the different tests and gauges. Taking the balls for instance, which are in all bearings, when they are received from the manufacturers, they are supposed to have been already gauged and tested and passed as perfect, and H. A. Lozier and Co. are the only firm who regauges the balls. The process is all done by hand, and the balls divided into six different classes, each one varying probably the infinitesimal part of an inch. One on the rear and front hub there are forty-three different operations. Each sprocket before being passed as perfect is placed on a machine with a long arm, and the sprocket before finally being accepted must register a four-thousandth part of an inch. The pedals to insure easy running are placed on a jack and run in a bath of oil at the rate of three thousand revolutions to the minute, which prevents any possibility of uneveaness. In the nickel parts of a Cleveland the same thorough workmanship that is put on a pedal is observed, and, whereas nickling usually undergoes two processes, "every part of a Cleveland bicycle that is nickled goes through six different stages before the final article is reached. The cranks are tested by being placed in a vice, and a long arm is attached to them, and each crank is sprung and jerked at a strength of ten times greater than the ordinary wear that is given. The most interesting exhibition of all was the four, three and two point bearing test; seven balls were required to move the load in the four ball test. In the three ball test the load proved slightly easier to move, it only required six balls, but the superiority of the two point bearing was immediately apparent to all, when it was found that the load was moved by the weight of the basket alone, and the thousands who witnessed the test all went away thoroughly convinced that for easy running qualities the two point bearing could not be surpassed. The exhibition was under the auspices of the following gentlemen: Mr. George Mowing, President Stationary Engineers Society, Mr. Gilfred Wickens, Government Inspector; Mr. R. Baker, Mechanical Engineer; Professor Duff of the School of Practical Science, and several other representative mechanical engineers. Owing to the unprecedented interest which was manifested in this exhibition and for the benefit of those who were unable to get near the exhibits, the bearing and sprocket tests will be on exhibition at the showrooms all next week."

Everyone interested in fine mechanics is cordially invited to visit the Cleveland room of the "Cycle Show" which is to be held Monday and Tuesday nights, in the Y. M. C. A. building, to witness friction, sprocket, bearing and other technical, unique and scientific tests.

Prominent experts have promised to be present for the purpose of conducting a full, fair and impartial investigation.

Y. W. C. A.

Pleasant Saturday Evenings For Young Women.

Every Saturday evening beginning at eight o'clock a short attractive programme followed by refreshments will be provided in the Y. W. C. A. rooms, 168 Brock street. All young women are most cordially invited to attend. 3d

CHURCH CHIMES.

A VANCOUVER LADY

Cured of Asthma After Eight Years of Almost Constant Suffering—She Says the Absolute Freedom From the Disease Seems Like a Dream—Clarke's Kola Compound Cures.

Mrs. J. Wise, Mt. Pleasant, Vancouver, B.C. writes: "I have been a great sufferer from bronchial asthma for the past eight years, many times having to sit up nearly all night. Through the advice of a friend who had been cured by Clarke's Kola Compound I resolved as a last resort to try it. The first bottle did not relieve me much, but before I finished the third bottle the attacks ceased altogether, and during the past six months of damp and cold weather have not had a single attack. It seems something like a dream to be free from this worst of all diseases after so many years suffering. I have since my recovery recommended this remedy to other sufferers as I was, and know many others in this city whom it has cured. I consider it a marvelous remedy, and would urge any person suffering from this disease to try it."

Three bottles are guaranteed to cure. A free sample bottle of Clarke's Kola Compound will be sent to any person who has asthma, mentioning this paper. Address the Griffiths & Macpherson Co., sole Canadian agents, 121 Church street, Toronto, Ont.

Clarke's Kola Compound should not be confounded with the other Kola preparations on the market, as this is altogether a different preparation, designated especially for the cure of asthma. Sold by Ormond & Walsh, druggists, Peterborough.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. Geo. Gumpricht, practical piano maker and tuner, with 25 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

VILLAINS IN NOVELS.

HOW SOME OF THE FAMOUS AUTHORS DISPOSE OF THEM.

Examples of the Grewsome Fates That Have Been Devised by the Writers of Fiction For Their Men and Women of Crime.

Dickens is responsible for a most entertaining gallery of rogues. Quilp (the distorted dwarf) and Rogue Riderhood (the ruffian) alike terminate their existence in a watery grave. Ralph Nickleby, Gashford and Jonas Chuzzlewit take their own lives, while Uriah Heep, Squeers and Littimer leave their country for their country's good in garbs gratuitously provided by government and freely embossed with "broad arrows."

Perhaps the most grewsome of Dickens' death scenes is that provided by the face of the ever smiling Carker, into which the irresistible locomotive is impressed, probably for the first time in the history of fiction.

Scott's villains most frequently meet with violent deaths at the hands of others, often their accomplices, or commit suicide on the eve of discovery and disgrace. But the sensation lover has nevertheless been catered for in the death of Anthony Foster, the accomplice of the poisoner Richard Varney. This miserable wretch is depicted as hiding from his pursuers in a secret cell. The entrance to this is fastened by means of a spring lock, of which, however, he omits to retain the key, with the consequence that he eventually perishes miserably of mingled fear and famine.

Lytton's "Night and Morning" gives us the coiner Gawtrey, who meets his fate at the hands of the Paris police, from whom he is attempting to escape when a pistol shot drops him over the side of a house to perish miserably. This idea of falling from a height is by no means confined to Lytton. It is utilised by Anthony Hope in "Phroso" and by Stanley Weyman in "Under the Red Robe," where the villain and his victim fall from a lofty bridge into a seething torrent below. In this way, too, Conan Doyle killed the immortal Sherlock Holmes, who, fast locked in a struggle with "the greatest villain of them all," falls over an Alpine precipice.

Wilkie Collins brings his principal villain, the double faced, calculating Count Fosco, to an ignoble end, he disappearing for a time, only to reappear upon the ghastly shelves of the Paris morgue. A still more ghastly fate is that of the she fiend, Gagool, immortalised by Rider Haggard in "King Solomon's Mines." Having conducted Quatermain, Curtis and party into that celebrated monarch's rock hewn treasury, which is guarded by a ponderous rising door of living rock, she touches a secret spring, by means of which the door begins once more to descend with a slow but irresistible motion.

While the Englishmen are sizing up the jewelry she makes off through the rapidly lessening aperture. Her progress is temporarily arrested by the unfortunate girl Foulata, whom she stabs in order to free herself. Hurriedly scrambling over the threshold, she is caught by the inexorable force which she has herself put in motion, and a realistically dramatic "scrunch" puts an end forever to the machinations of this truly horrible old woman.

Svengali, like Scott's Templar in "Ivanhoe," dies from an excessive mental strain acting upon the heart, while, to hark back to the days of the bluff Doctor of Fleet Street, the gentle, genial hearted Goldsmith is contented to reform the rakish Squire Thornhill in order that he may at last become the exemplary spouse of the gentle Olivia, around whom he wove that entrancingly simple narrative, "The Vicar of Wakefield."

Finally, the palm for "writing lurid" may fairly be accorded Harrison Ainsworth for his thrilling disposal of the two ghoulish wretches who haunt the pages of his celebrated novel, "Old Saint Paul's." The creatures who battened upon the spoils of the dead and dying during the great plague were wont to stow their ill gotten gains in one of the cathedral vaults. The cathedral taking fire, they hasten thither in order to remove their precious hoard. The greed of gain, however, misleads them into sojourning just a moment too long.

As they turn to leave the now stifling vault they see that a thin silvery stream is making its way down the stairs, by which alone they can gain an exit. Even as they look it thickens perceptibly, and before they can escape the whole stairway is blocked, and the vault about them begins to fill with the silvery liquid. When it is added that the harmless looking fluid is nothing more or less than the molten lead from the roof and windows of the cathedral, it will become apparent that even Mr. Gilbert's "something with boiling oil in it" possesses a dangerous rival in the pages of "Old Saint Paul's."—London Standard.

THE ALASKAN FISHERMAN.

His Crude Tackle More Effective Than Our Improved Implements.

With his homemade fishing tackle one native Alaskan can capture more fish in a day than can any three white men with their latest improved implements. These Indians use the same fishing tackle that Berin found them using during his explorations of 1741 and which George Vancouver found during his first visit among them as a midshipmite under the famous Captain Cook a few years later.

Fish are abundant. Alaskan homes are always near some excellent fishing grounds. A village is often situated in a certain location simply to be near good halibut banks. Hooks used in fishing for halibut are usually made of a fork of spruce root to which an iron barb has been lashed, the only change from the original being in the iron barb which sometimes takes the place of the one of bone used in the primitive hook. All bait is secured to the hook by means of a small cedar cord, which is neatly lashed about the hook when it is not in use.

Halibut feed near the bottom of the sea. The Indian has a method, as ingenious as it is rude, to keep his bait where it will be most tempting.

He will tie a stone a few feet above the hook on his line with a slip loop, which the halibut, in trying to get away, will twitch out, releasing the stone and giving the Indian warning that he can draw up his 50 or 100 pound halibut without the additional weight of the stone. Between the hook and the stone sinker is a wooden float whittled in the shape of a duck, which in seeking to rise to the surface draws the hook up the proper distance from the bottom.

Steel hooks made after these patterns have been on the market for many years, but the Indian has better success with his own.

His cords and lines are his own production. They are made of cedar bark, split spruce roots, or kelp. The cedar bark is scraped from the tree with a bone shaped like a chopping knife.

After soaking for several days, the bark is beaten into shreds with a hammer made also of bone and picked into fine threads, which are twisted into cords by being rubbed between the hand and the thigh. Cords of spruce roots split and twisted are also very strong, but those made of kelp are least valued.—Harper's Round Table.

WHY GLASS HOUSES HOLD HEAT.

The Scientific Explanation of Something We See Every Day.

It is very curious, said the old professor of physics, to see how many market gardeners there are who raise things under glass, make money out of the process and yet do not know why their heating frames and their hothouses remain hot inside.

Now, as a matter of fact, the heat mechanism of a hothouse depends on a well known proposition in physics. I suppose you are acquainted with the fact that the energy from the sun travels in the form of little waves.

The energy does not come down to us in straight lines; it comes, as it were, in a zigzag manner, dancing from side to side as it comes along. If these waves are very short, light is the result; if they are a trifle longer, they take the form of heat.

If the light waves strike anything on the way down, they are very apt to be made longer, or rather they are apt to be turned into heat. Now, the waves which form light are so short that they will readily pass through glass, but the waves which form heat are so long that they will not pass through.

From this, therefore, you may see why a hothouse remains hot. The energy from the sun passes into the house through the glass roof in the form of light. Then it strikes the objects in the house and is turned to heat.

But this heat cannot pass out through the glass. The heat waves are too long. So the light keeps coming in, and the heat keeps accumulating, and soon the hothouses become very warm indeed, even on the coldest days in winter.

Of course our dwelling houses are heated by the sun in the same way. The light comes in through the windows, but the heat cannot pass out.

Children and Dolls.

Writing in The Contemporary Review, Professor Sully discusses the curious aspects in which children regard dolls. He says Professor Hall has brought to light some curious preferences of children. He tells us, for example, that, whereas out of 845 children 191 preferred wax dolls, as many as 144 pronounced in favor of rag ones. Odd preferences are sometimes shown with regard to size. A lady writes me that she preferred 4 inch halfpenny dolls because there was so much more to be done with these in the way of putting on wigs made from doormats, inking in eyebrows, etc. On the other hand, another English lady tells me that her childish ambition was the possession of a big doll—"one that would fill my arms and take some of the cuddling that I wanted to bestow and which nobody seemed to want." This girl image is, so far as the uninitiated adult can divine, the true child's doll.

Virtues of Fruit Juice.

Pure grape juice, says an authority on foods, is invaluable in either sickness or health. In fevers it is both food and medicine and is more and more used by physicians. Oranges and pineapples make a delicious juice, but the small fruits are more valuable. Currants, used alone or mixed with a third of raspberries, are more so, and the huckleberry and elderberry yield products not to be despised. Blackberries, field or garden, are valuable medicinal agents, and the pectous fluxes, unmistakable [illegible]

What a difference there is in women! The actual number of years they have lived seems to have little to do with their looks. Some women at 45 look and act younger than others at 30. Their eyes are brighter, their complexions fairer, and there are not nearly so many wrinkles. Old Father Time deals gently with a healthy woman, but

when a woman is run-down with the drains, pains, displacements and weaknesses peculiar to her sex, she ages fast. The wrinkles come early. The roses in the cheeks vanish, and an unwholesome pallor spreads over her features. She becomes nervous, irritable, fidgety. She loses flesh, and drags about in a most miserable state of body and mind. Such a sick woman needs Dr. Pierce's Favorite Prescription. This [illegible] will make the locks of younger [illegible] and paints [illegible] It is a [illegible] and non-intoxicating [illegible] and stimulant, if [illegible] [illegible] It [illegible] [illegible] [illegible]

ASSESSMENT SYSTEM.

A SAD HOME

The home is sad, the flags are at half-mast. A good man has gone to his long home. Was he wise as well as good? That question is answered by the amount of his insurance. If he had a policy in the

Canadian Order of Foresters

for $500, $1000, $1500 or $2000 his widow and children or relations are sure of that amount, debt-free and absolute. And the price of protection is so cheap in this best of Canadian Societies that one never misses the little money that makes the loved ones safe.

For further particulars, enquire of any of the Officers or Members of the Order, or address

THE JOKE FACTORY.

Bad Enough.

I used to kind o' think I'd sort o' like to settle down
An mebbe quit this farmin an enjoy a house in town
An clean furgit the atmosphere o' worry an o' toil
That seems to settle round you when you're tillin o' the soil.

I've tried it, an I'm satisfied. I'm goin home ag'in.
Compared to all them snowdrifts, country mud is slick an thin.
An when the fuel's gettin low 'twill do my feelin's good
To know the ax is handy fur to chop a load o' wood.

I'm goin home ag'in—out where there isn't any law
To keep a man from sittin down an waitin fur a thaw.
I used to think 'twas hard to spade the ground: but, I dunno,
It's easier diggin garden than it is to shovel snow.

I'm goin back to where the pantry's allus full o'pie
An the bacon from the rafter is a-hangin not too high,
Where all you've got to do is to lift your rations from the peg
An the hens don't want a nickel every time they lay an egg.
—Washington Star.

She Wanted the Whole Thing.

An instant later the storm burst upon them.

"Oh, Rose," he cried, "in this supreme moment will you not say you love me?"

"No," answered the brave girl, not forgetful of her maidenly reserve. "For while the tempest howls through the rigging and the ship threatens to founder every moment the waves do not as yet roll mountain high."

As for the man, such was his chagrin that he hadn't the presence of mind to whistle for more wind.

Reflection.

She looked at me and dropped her gaze.
Ah, she was passing fair!
I took my paper out and spread
It wide before my face and read
About a sentence there.

Then suddenly I looked at her;
Our glances met again.
Unto her cheeks the roses came,
And in my breast I felt a flame—
We both looked elsewhere then.

The car sped through the busy town,
The people came and went.
I looked at her; she looked at me.
I smiled a little one, and she
A smiling answer sent.

At last the maiden rose to go.
She gazed at me; I gazed at her.
I saw her tripping down the street.
The chances are we'll never meet.
What fools both of us were!
—Chicago News.

Not the Drug Business.

"But I prefer another!" she objected.

A fierce desperation took possession of him.

"I am just as good as another!" he cried.

Now she laughed in his face.

To be sure, a woman is a woman, but love is not precisely like the drug business, after all.

The Welcome Thaw.

It is good to be alive when the thaw sets in—
The gutters gurgle freely and the ice gets thin;
When mud is over shoe tops and the stones shine bare,
The sunlight sparkles gayly in the bright blue air.
Then man turns up his trousers and the small boys wade;
All girls go on their tiptoes, of the slush afraid.
Cold weather is forgotten—we pardon winter's sin—
For it's good to be alive when the thaw sets in.
—Chicago Record.

Nerve Personified.

"Well, there's the greatest case I ever saw or heard of in my life," said a Chicago bicycle seller the other day as a tramp turned away and walked out of the store.

"What about him?" he was asked.

"This fellow had the nerve to ask me for 10 cents to get his wash out of the laundry."

A Cradle Song.

Lullaby, darling one!
Shut your pretty eyes.
In the west the sleepy sun
On his pillow lies.

Lightly, lightly, gentle breeze,
Softly, softly shake him!
Kiss his dimples, if you please;
Only do not wake him.

Fairies rock him in his nest
While the dew is falling.
I would like a little rest
From his nightly squalling.
—New York World.

Convincing.

Mrs. Newlywed — Darling, you often said before we were married that you intended to do something very clever some day.

Mr. Newlywed—I selected a millionaire for a father-in-law I think that was clever enough to last a lifetime.—Tit-Bits.

Arranging For His Crop.

The passenger agent, now
Shivering in his wraps,
Is sitting at his desk at work
Upon next summer's maps.

And on these maps you'll see
That all his patrons ride
Upon a road whose right of way
Is sixty-five miles wide.
—Chicago Tribune.

He Does Generally.

The first thing a woman does when she falls in love with a man is to believe that he is the smartest man in the world, but the man should know better than to believe all of it.

Where He Draws the Line.

As a general rule
The profound Georgia mule
Will face bayonets and bullets and gunners,
But he draweth the line
With philosophy fine
And kicks at a wagon on runners!
—Atlanta Constitution.

Almost in Despair.

"My wife suffered with pain and distress from an affection of the throat caused by impure blood. She was almost in despair of ever obtaining a cure, but finally procured a bottle of Hood's Sarsaparilla, and after taking six bottles of this medicine she was completely cured." John Weeknar, Galt, Ontario.

That distress after eating is prevented by one or two of Hood's Pills. They don't gripe.

Children Cry for CASTORIA

Dr. A. W. CHASE

COMES TO THE AID OF

Catarrh Sufferers

SUCCESS in life is almost impossible for a man with bad breath. Nobody wants to do business with him. Nobody wants to associate with him. He is handicapped everywhere. Offensive breath comes from Catarrh; sometimes from Catarrh of the Stomach, sometimes of the lungs, sometimes of the head, nose, and throat. It is from Catarrh somewhere, and Catarrh is another name for uncleanness.

Many men understand this, and make every effort to cure it, but it is beyond the reach of ordinary practice.

No self-respecting man can ignore Catarrh. If he has it in any form he makes constant effort to be rid of it.

There is something about the manner of life and the climate of Canada that seems to breed diseases of the mucous membrane. Medical science ordinarily doesn't try to cure Catarrh; it "relieves" it; but Dr. Chase has been curing Catarrh for over thirty years, and his name is blessed by thousands who have shaken off the grasp of this insidious disease.

Sold by all dealers, price 25 cents per box, blower free.

A RUNAWAY ICE YACHT.

An Exciting Chase and a Narrow Escape From Death.

Some years ago there was a runaway down at Shelter Island in which a young girl was left in the boat with a gale blowing. She tried to throw the sheet loose, but it was frozen and her fingers were too cold, added to which the sheet had fouled the tiller, and she could not bring the boat up into the wind to stop its way, the sail being so set that the boat continued running right along at a terrific rate of speed.

Occupants of the other boats soon realized the position and made chase, gaining slowly, one boat finally being far in the lead of the others by the time the end of the island was left behind. Right in front lay the end of the ice, broken short by the action of the tide water, and there the breakers rolled in, throwing up the anchor ice, dashing it down, and then retreating, sucking it under the floe and packing it up for another break.

For some time it was a question as to whether the chasing boat would catch up with the girl before she was carried over the edge to certain death. But at last the boats came together for one brief second, the girl was snatched by strong arms to the pursuer's yacht, the sheet was eased off in a flash, and, spinning round in its own length, it was set right before the wind instead of reaching into it, just as the runaway dashed over into the anchor ice.

A short, sharp crack gave notice of the parting of the ice beneath the very runners of the now homeward bound savior, and with a long stagger, which only her speed enabled her to withstand, she dashed across the fast opening crack, safe, to be brought up into the wind at a distance, while the late runaway danced, a wreck, among the broken ice. It was one of the close calls of ice yachting which, thank goodness, very seldom occur!—W. P. Pond in Frank Leslie's Popular Monthly.

Worth His Trying.

"Do you think there is anything in the saying that the fish is a brain food?"

"I don't know, but it wouldn't do you any harm to try the experiment."—Philadelphia North American.

Chilly.

"Darlink, I am growing cold."
Thus she sang in sweet cadenza.
He wrapped her up with many a fold,
For she had got the influenza.
—Pick Me Up.

NORTH AMERICAN LIFE

Assurance Co.

J. L. Blakie, President.
Wm. McCabe, F. I. A. Manag'g. Direct

This financial institution is acknowledged by all to be one of the soundest on the continent. Its record in 1898 was quite in accord with the unexcelled success in previous years:

Policies issued amounted to over	$ 4,000,000
Insurance in force to over	20,000,000
Cash Premium Income	000,000
Cash Interest Income	192,000
Total Assets over	3,137,000
The Net Surplus	674,000

Last year the interest earnings alone exceeded in amount the Death Claims—a remarkable fact.

J. [illegible]

THE HORSE REVIEW.

John S. Bratton, St. Louis, will take 40 head of horses to the Boston horse show.

Jerry O'Neil has six horses in his stable with records ranging from 2:07¼ to 2:14¼.

Lucille S, 2:15¾, owned by J. W. Kelly, Marietta, O., has been booked to Cloud Pointer, brother to the champion.

The pacer Billy West, 2:15¼, has been sold by Robert Brown, Wilmington, Del., to William Tredhoffer, Philadelphia.

Last year the Brattleboro (Vt.) fair netted $1,042.26, and the receipts for the 12 annual fairs held footed up $18,545.39.

Star Pointer is at the Cleveland track and John R. Gentry at the Jewettville covered track, while Joe Patchen is being driven on the avenues of Chicago.

The Gentlemen's Riding and Driving club of Denver will hold matinee races this year, but nothing will be done in this line until after the harness meeting at Overland park.

It is said that one of the best campaigning prospects in Cattaraugus county, N. Y., is a green trotter named Joe Timborough, by Wilkesonian. This one is credited with eighths in 15 seconds.

Souvenir Number is the name given to the first foal for 1899, which arrived Feb. 11 at Primrose farm, Danville, Ind. The youngster is a filly by Mystic Tie, son of Guy Wilkes, dam by Eagle Bird; grandam by Lumps.

Two Vienna horse buyers recently called on James Bull, Onancock, Va., with the view of purchasing Lamp Girl, 2:17¼, but as Mr. Bull is confident that the daughter of Walker Morrill will lower her present record at least ten seconds this year he refused to part with her.—Horseman.

African Pygmies.

The pygmies of Africa, says Captain Guy Burrows in his "Land of the Pygmies," are masters in the art of hunting. They can kill even elephants with their little bows and arrows, blinding the animal first by shooting at its eyes. Once he is blinded, they never leave him till he falls.

A pygmy, I have no hesitation in saying, eats, as a rule, twice as much as will suffice a full grown man. He will take a stalk containing about 60 bananas, eat himself, and eat them all at a meal—besides other food. Then he will lie and groan throughout the night until morning comes, when he is ready to repeat the operation

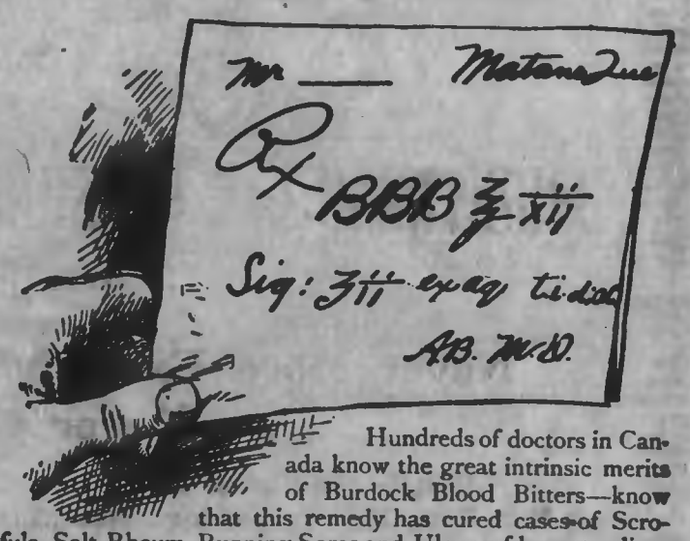
Livery and Boarding Stables.
RIG OF EVERYTHING.

Dr. A. Bouillon, Matane, Que.,

Prescribes Burdock Blood Bitters and recommends it as a Reliable Medicine.



Hundreds of doctors in Canada know the great intrinsic merits of Burdock Blood Bitters—know that this remedy has cured cases of Scrofula, Salt Rheum, Running Sores and Ulcers of long standing, Kidney diseases, Cancer and other malignant diseases that defied all ordinary treatment.

Many prescribe it in their regular practice, but only a few have the manliness to come forward and acknowledge it and give credit where credit is due.

One of these is Dr. A. Bouillon, of Matane, Que., who wrote the following under date of January 14th, 1899:

"I have prescribed Burdock Blood Bitters in a case of affection of the kidneys with a tendency to albuminuria, and I have found it very reliable to stop the said disease after a treatment of a few months, consequently I recommend it in same affections." A Bouillon, M D

Explanation.—With reference to the above drawing we would say to those unfamiliar with medical terms that the interpretation is as follows: Burdock Blood Bitters 12 ounces. Directions: Take 2 teaspoonfuls in water 3 times a day before meals.

Glasses for the Eyes,

For Old and Young, in Gold, Gold Plated, silver, Nickel, Aluminum and Steel. Chatelaine Chains and Guards for Eye Glasses, Reading glasses, mounted in various styles and many other useful and beautiful articles in our Optical department. Eyes tested Free of Charge.

W. A. SANDERSON Imp'ting Jeweler, Practical Optician

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1898 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

PETERBOROUGH.

ONTARIO ARCHÆOLOGICAL REPORT.

The Most Elaborate and Interesting Yet Issued.

Unintentional oversight has prevented an earlier reference to the Ontario archæological report for 1898. This report is the most elaborate as well as the most interesting of any report yet issued, and one who knows Mr. David Boyle in connection with archæological work, can fancy the enthusiasm which supported him in the "labour of love" involved in the compilation of so interesting a report. While it is not in the strictest sense archæological, but rather ethnological, yet the ethnology of the early, and to us aboriginal, inhabitants of Ontario is so interwoven with the most of the archæology, that to discriminate in terms is very like establishing a distinction without a difference. The information contained in the report is certainly new and of interest, though it may not be, as the compiler modestly fears, free from omissions and errors. Without being able to pronounce authoratatively on the correctness of this assertion, part of the value of the report may depend upon this very circumstance. Interest will be certainly aroused, and the very fact of some error or omission coming to a student of ethnology, will stimulate him to investigation, and this influence operating in different directions, will result in a contribution of information to the subject, that will supplement, if necessary, the admirable beginning represented in this work.

Although the attention demanded in the compilation of the ethnological portion of the report has necessarily withdrawn Mr. Boyle's attention from field work, numerous additions, catalogued and clearly described in this report, have been made to the Archæological Museum. The chief interest, however, centres in the Indian ethnology portion, which occupies 150 of the 200 pages of the report. It opens with the Pagan Iroquois, and Mr. Boyle begins the subject by saying: "It is extremely interesting, some would say extremely sad, to know that we have within easy call a band of Pagan Indians, numbering nearly a thousand or nearly twenty-five per cent of all the Iroquois and some scattered Delawares, Nanticokes and Tutelos on the Grand River Reserves." Then follows interesting and authentic information concerning pagan religion and practices and the modifying influence of several "prophets" who have arisen from time to time have exercised. Descriptions in interesting detail are given of the numerous dances, over thirty in number, adapted to almost every tribal condition—religious, martial rejoicing, mourning, etc. Not the least interesting portion of the report is that devoted to Iroquois music, which is described as weird and uncanny. Though these war songs, dance songs, etc., have been sung for centuries, it is probable that they were never written in musical form till the undefatigable Boyle had them sung by a pagan Indian to Mr. A. T. Cringan, musical superintendent of the Toronto Public schools, who wrote them down as they appear in this report. The report which rather might aptly be called a literary work, concludes with a description of Indian myths, social conditions, etc. It is altogether of the deepest interest to the antiquarian enthusiast whether his taste run to provincial archæology or ethnology. The report is profusely illustrated with photogravures and is indeed a valuable contribution to the archæology, and ethnology of the province.

THIS SEASON'S CUT.

Local Lumber Firms Taking Out a Lot of Timber—Increase Over Last Year.

The lumbering business in Peterborough will receive additional impetus this year from the fact that many more millions of feet are being cut this season than have been handled by local firms for some years.

The Dickson Company cut will be in the neighbourhood of twelve millions, and if the thaw does not set in too soon, it may reach even higher figures. Mr. Alf. Macdonald is taking out about three million feet from his limits, which is an increase of about two million over last year.

Although the Gilmours are taking out only fifteen million, as compared with thirty-eight million last year, yet it is estimated that the cut on the whole in this district will total about twenty millions more than last season.

There is a large amount of pine beyond the divide or height of land, in the north, and the Gilmour people even brought it from beyond the divide for a time. They built a sluice that cost half a million dollars, to bring the logs over the height of land. Two years after they moved their mills from Tranton to Dorset, tore the sluice down, put the big engines in new mills at Canoe Lake and are cutting on the spot and shipping to England by way of Montreal, over the Ottawa and Arnprior railway.

In regard to the big mills of the Gilmour Co. Mr. David Gage, of Bancroftdge, a lumberman of thirty-nine years' experience, said in a recent interview:—"I built Gilmore's mills at Canoe Lake in 1868. It is near the Ottawa and Parry Sound railway—about a mile. A branch runs in and there are seven miles of track laid among the lumber in the woods. They big locomotives are busy all the time shunting cars around to be loaded and hauling them out to the main line. It is a big mill. There are twin circular saws, two band saws and three saws for re-cutting deal. You know they cut most of their logs into three-inch deal and send it to England. It goes to Montreal on train and takes the water there. It sells from $25 to $60 per thousand in England. Gilmores cut four hundred thousand feet in twenty-four hours. They employ 200 men night and day. In '96 their cut was eight millions, in '97, 52 millions, and last year 40 millions. At this rate the limits will be cut out in two years more The Anthony Lumber Co. at Whitney, thirty miles east of Canoe lake, cuts about 300,000 feet per day. They make it into inch and inch and a half lumber, and ship to the States chiefly.

Canoe lake is six miles long by two wide. The Gilmore limits are around it, and the logs are floated down the creeks from all directions.

When asked about the profits, Mr. Gage replied:—I'll bet they make as much money on their rough stuff to-day as Boyd of Bobcaygeon, did 30 years ago on his clear pine. Why, I had to pay nine dollars for hemlock not long ago. Of course the pine will soon be cut out, but there are several good bunches held by private individuals. There is one narrow strip 100 miles long stretching toward the Ottawa. In this connection Mr. Gage volunteered the interesting remark that there is a widow who own a large limit in that district.

He then continued: There is an English mill at Carney cutting birch into chair stuff and sending it to the Old Country. They employ thirty men. With regard to the lumber business here, there is lots of stuff to be cut. It will last for years.

The Lindsay Watchman obtained an interview the other day with Squire McDonnell, formerly of Peterborough, in reference to the early history of lumbering operations there.

He said: In 1837 I was a young fellow in Peterborough. It was the time of the McKenzie rebellion. Together with other young men I joined the volunteers and was made sergeant soon after. During the year Col. McDonald of Port Hope came up and ordered us out in search of McKenzie. It was reported he was up around Lindsay so we were sent up. I had charge of twelve men and a brass-lined wagon of ammunition. After a while we got here and it was a dreadful looking swamp. But I noticed numbers of horses and oxen standing about and got the idea that some important industry was going on and that Lindsay must be a good place. We did not find McKenzie though a d after a few days we went back again. After the rebellion I came up again and bought some lots, about the four corners. I gave a man four dollars to underbrush that lot where Gough's store and the Watchman-Warder office now stands. The chief thing here then was Purdy's saw mill. It was situated about where the club boat house now is. A splendid high dam crossed the river there and the water ran very swiftly from that point to within two or three miles of Sturgeon lake. A great deal of pine was cut in Purdy's mill. It came down from Sougog lake in large quantities. A good deal of square timber was hewn here and run down the Trent waters to Lake Ontario. The local demand for lumber took Purdy's whole cut; the place was growing. I had a little store where the Ontario Bank stands. There was a rail fence around it. A winding road was cut up to about George Matthews place. It used to seem a long way out in the country. One Sunday Mr. Culbert, postmaster, and myself went to visit a Mr. Haselton up there. On the way we passed piles of brush as high as a house. I suggested lighting one and did so. It burned all the brush and nearly burned the town, but not a house was touched. The Catholic church stood where the Separate School now stands. It was full of people at service. They got out and fought fire, and although the slabs lying about were burned, they saved the church. It made a fine clearance, but it was a close call for the town.

After a while the locks were built and the new dam. This backed the water up on the old one and Hiram Bigelow built a flour and saw mill where the Dundas mill now is. Soon after the first steamboat came to Lindsay. It was built in Port Perry and our citizens subscribed a fund to cut away the overhanging timbers so that she could run to Lindsay. It was a great event. I was reeve of the township, and we had a banquet in John Mitchell's hotel that stood where Lennon keeps now.

The mayor of Toronto came down. The boat was called the Woodman and was a great convenience to our lumbering operations. Clear pine lumber use to be sold for four and six dollars per thousand. After a while steam mills on a small scale were built below. Harris and Bowen, McNeil, Sennett, and later, Parkin, Dovey and Carew. After Hiram Bigelow, Sadler, Needler & Flavelle got that mill and ran it until it was closed up a year or so ago. Yes, there has been a lot of beautiful lumber cut in Lindsay, but that day is past.

BABY'S FACE
MASS OF SORES

They Almost Closed Her Eyes. Physicians of No Benefit. Healed by CUTICURA.

When my little sister was four months old her cheeks became red and inflamed. Small pimples broke out over her face and it was one mass of scabs, which almost closed her eyes and reached into the corners of her mouth. For several weeks a physician attended her, but as she derived little or no benefit from his treatment we searched for other means. We bought a cake of CUTICURA SOAP and a box of CUTICURA (ointment). Her face healed and she grew healthy again. You can use this letter as a testimonial. March 10, '98. ROSA BURGER, Solomon, Kan. Signed by parents, FRED BURGER, Mrs. C. BURGER.

TETTER ON HANDS
CURED BY CUTICURA

I had Tetter on my hands for two years. My hands were all cracked to pieces, and bled so that I could not decently dress myself, and they itched terribly. I tried everything, but nothing seemed to do me any good. I tried the CUTICURA remedies and they are so much better that they no longer bother me at all.

SALLIE R. COPELAND, Woodland, N. C. Sept. 17, 1898.

CUTICURA RESOLVENT, greatest of blood purifiers and humor cures, internally (to cleanse the blood of all impurities and poisonous elements), with warm baths with CUTICURA SOAP, followed by gentle anointings of CUTICURA, the great skin cure externally (to clear the skin and scalp and restore the hair), will instantly relieve and speedily cure the most torturing, disfiguring humors of the skin, scalp, and blood, with loss of hair, when all else fails.

Sold throughout the world. POTTER DRUG AND CHEM. CORP., Props., Boston. "All About Baby's Skin," free.

PIMPLES blotches, blackheads, red, rough, oily skin, red, rough hands with shapeless nails and painful finger ends, prevented by CUTICURA SOAP, greatest of skin purifying and beautifying soaps.

MILLINERY PAR EXCELLENCE!

Reception Days

—AT THE—

GOLDEN LION.

Our Spring Millinery Exhibit, resulted—as we intended it should result—in far surpassing all and any other exhibit of this or past seasons.

The Formal Opening Days were attended with a fascination which attracted crowds of ladies to our Millinery and Cloak Parlours and filled the store with great activity.

The scores of High-class Novelties from Paris, London and New York made a magnificent showing, and ladies were not only profuse in their congratulations but liberal in their patronage.

RECEPTION DAYS

Will continue all this week, when our Extreme Novelties in Hats, Bonnets, Jackets, Capes, Flowers, Feathers, Millinery, Ribbons, Trimmings and Ornaments will justify our claims to being the leaders in Millinery par excellence.

Our recent arrivals of New York Novelties will enhance the display. These are beauties which have no counterpart in town.

The approach of Easter will be marked by everything that's new and novel in woman's dress. The forenoon is the best time to come.

Robert Fair & Co.,

DEMORALIZED PARTY.

The Conservative Party Is Now Thoroughly Disorganized.

THE CONVENTION POSTPONED.

The Leaders Afraid to Meet the Rank and File of the Party—That Convention Might Have Tackled the Vexed Question of the Leadership—The Reorganization at a Standstill.

Ottawa, March 27.—It is reported here now that the proposed Dominion Conservative convention, which it was proposed to hold during the present session of Parliament, is not going to materialise. The excuse given for this by local Conservatives is that the Opposition is waiting to see if there is to be a general election after the present session, and if so they think that a convention and a general election would be too much for them so near each other. The truth of the matter is that in the present disorganized state of the party a convention is about the last thing that the leaders would like to face. There are among the rank and file of the party not a few who would like to see a convention for the purpose of settling the vexed question of leadership, but that is the very thing that the leaders cannot agree about. The latter had a meeting among themselves and discussed the matter at length. The only decision that was reached was that for the present, at all events, a convention was not advisable. The whole reorganization of the party is therefore at a standstill.

Princess Chimay to Live in Egypt.

Cairo, March 27.—The Princess de Chimay means to take up her permanent residence in Egypt. She is building a villa in the suburbs of Alexandria, where she will reside with Rigo after their approaching nuptials.

Mr. Dobell at New York.

New York, March 27.—Among the passengers who arrived yesterday morning per steamer Umbria from Liverpool and Queenstown was Hon. R. R. Dobell, member of the Canadian Cabinet.

Dresses for Easter...

Yes, time is flying and Easter within a week, what preparation have you made? If you have put off buying that dress you spoke of, you have thought of, you want. Come and let us introduce you to a variety of timely goods, on Monday, a few as follows:

—MELANGE SUITINGS—Made of a Bright Worsted Yarn with subdued triple colourings, as clean a wearing material as ever woven and exceptionally well thought of this season—10 colour combinations, and one suit only of a shade per suit $4.25.

—ELASTIC SUITINGS, resembling a fine silk rep. If a bright face is ever fascinating you are sure to become better acquainted with this line, colours and black, per yard $1.00.

—WHIP CORDS—English Covert Whip Cords, nobby and correct for street or afternoon dresses—a wearer and the makings of a smart gown. In the shades most desirable per yard 75c.

—VENETIAN CLOTHS—Superior, bright face and beautifully clear shades of mazarine, dove grey, pearl grey, castore, browns, blues, running from 50c. yd, to $1.40 per yard.

We have many taking lines in Dress Goods which we can enumerate—we would like you'd come and see them and we'll help you out with your hat too having the right smart findings that are essential to tog you out. Are you coming? We'll do our part to let you have it for Easter.

CAPTURE OF MALABON

Two Days of Severe Fighting in the Philippines.

HEAVY AMERICAN LOSSES.

Forty-Seven Were Killed and 200 Wounded in the Battles With the Desperate Filipinos on Saturday and Sunday—The Filipino Loss Reaches Away Up in the Hundreds.

Killed.

On Saturday:	
Officers	2
Enlisted men	25
On Sunday:	
Officers	2
Enlisted men	18
Total	47

Wounded.

On Saturday:	
Officers	8
Enlisted men	142
On Sunday:	
Enlisted men	50
Total	200

Filipino loss is in the hundreds.

THE TAKING OF MALINTA.

There Was Fierce Fighting Before the Village With the Entrenched Filipinos.

Manila, March 27.—The United States troops, under Brig.-Gen. Lloyd Wheaton, captured the town of Malinta, beyond the Tuliahan River yesterday, after a short fight. Col. Harry C. Egbert of the 22nd Regiment Infantry, was killed. Prince Loewenstein, formerly aide-de-camp on the staff of Brig.-Gen. Miller at Iloilo, somehow got in front of the firing line and was shot in the side, dying almost instantly. A German who accompanied him was founded.

45 Killed, 145 Wounded.

The American casualties yesterday were much lighter than those of Saturday, the total loss thus far reported since the engagement commenced being 45 killed and 145 wounded. Gen. Wheaton entered Malinta, which is a small village of huts, at 1 o'clock yesterday afternoon. The United States gunboat Helena and other gunboats have been shelling Malabon, about a mile northwest of Caloocan, for several hours. The insurgents made a fierce resistance to the American advance up the railroad at Malinta. In addition to the fatal wounding of Col. Egbert, several men in the 22nd Infantry and several of the Oregon and Kansas regiments were killed.

Malabon Was Vacated.

Evidently anticipating a bombardment by the fleet, 1,000 rebels vacated Malabon on Saturday night, leaving a few to burn the town. Gen. Wheaton's brigade, composed of the Second Oregon Regiment and the 22nd and 23rd Infantry, stretched out along the railroad from Caloocan to the Tuliahan River, was powerless to prevent the withdrawal, owing to the natural obstacles and the strong opposition.

Burned the Town.

The flames of the burning rice mills and large buildings could be plainly seen from Caloocan, despite the strong sunlight. By 11 o'clock yesterday morning, the only building of importance not destroyed in the centre of the town was a large stone church, but even at noon fresh fires were started among the native huts in the outskirts of Malabon, although the general exodus took place much earlier. Many of the rebels sought refuge in the suburbs of Navotas and Casag, or were driven inland by the shells of the Helena, Callao, Ning da Pan and La Guna de Bay. In the meantime Gen. Wheaton's brigade held the railroad to the river, but was unable either to repair the bridge, which had been destroyed by the enemy, or to advance, owing to the opposition and the hills on the other side.

GEN. M'ARTHUR MOVES.

The Americans Begin a Fight to the Finish With the Filipinos.

Manila, March 27.—Gen. McArthur began his move on the enemy promptly at daybreak on Saturday. Everything had been made ready the day before to strike the Filipinos a crushing blow. The fresh troops just landed from the transport Sherman joined McArthur then and so did Gen. Wheaton's flying column, which has rendered such good service at Pasig and Taguig.

The advance on the rebels was made with Gen. Otis' brigade in the centre, Wheaton on the left and Hale on the right. The Americans charged the enemy's trenches in their usual fearless style. Several lines of them were captured after fierce fighting.

Filipinos Driven Back.

The Filipinos were driven back, but rallied and attacked the left wing (Wheaton's) with great fury. At noon the battle was still raging fiercely, with the insurgents being slowly but surely driven back.

The Filipinos are fighting desperately, as they apparently realise that another sweeping victory for the Americans will probably drive them from their last ditch and crush the revolt. The rebels are in great force and fresh men are constantly being hurried up to fill their depleted ranks.

Gen. McArthur's fighting force and reserves number nearly 10,000 men. In an engagement under the direction of Gen. Otis Friday night, or, rather, early Saturday morning, the Americans' loss was 100 killed and wounded. Over 400 Filipinos were left on the field of battle. The rebels retreated to the main line to the north of the city, where they made their stand. The present battle will be more disastrous to both sides than any which has taken place during the war, either with the Filipinos or with Spain. The Filipinos believe that they are to be impressed into slavery if conquered. The battle of San Juan near Santiago de Cuba was a mere skirmish to the conflict going on here.

A Sleepless City.

The battle can readily be seen from the city and is a grand though terrible sight. No one slept in Manila on Friday night. All the heights are covered with people watching the fighting between the forces under Otis and the Filipinos. At about midnight the wounded were brought to the city.

Then there was a lull until Gen. McArthur struck camp and began his advance. At about 9 o'clock the wounded of his division began to come in. At least 250 wounded men are now in the hospitals or on the way. There is a great cheer whenever the Filipinos are seen to give back.

Americans Optimistic.

At this hour (2 p.m. Saturday) there is every indication that the movement will be crowned with success. The advance of the brigades of Generals Otis and Hale was supported by the full battery of the Utah Artillery and two guns of the Sixth San Francisco Battery. Del Monti was the first town captured. This was taken by Gen. Hale's men. Half a dozen other towns followed and fell in quick succession until the brigades of Generals Hale and Otis reached Bagbag, where a turn to the left was made, the intention being to flank the insurgents who were strongly entrenched at Polo. Gen. Hale's men were soon engaging the enemy on the extreme right. Gen. Wheaton's brigade advanced directly upon Polo from Caloocan. His troops met with desperate resistance, but carried three lines of trenches which extended to the river, after brilliant fighting.

An Inspiring Example.

Wheaton was opposed by 4,000 of the enemy, who were mostly protected by their trenches. Nothing, however, could stop the Americans and they swept the Filipinos before them. The Oregon Volunteers and the 3rd Artillery suffered the heavy losses. Major-General McArthur, who commanded the entire movement, showed his old-time fearlessness and advanced with the firing line, totally unconscious of danger. His example inspired the Americans and they fought with added vigor and fierceness. Our wounded are being brought into Manila from Caloocan by train. In the first load were 42 men, more or less seriously hurt. Chinese coolies are employed as litter-bearers.

Filipinos' Courage Magnificent.

The enemy, apparently demoralised after their first stand on the right, rallied and are now engaged fiercely with our left. They were mowed down by the hundreds, but the gaps in their ranks are being filled up by fresh men. The Filipinos are fighting in sheer desperation, and their courage in the face of their severe loss is magnificent. Reports from the front say that hundreds of them have fallen. The battle of Polo, so far, is the fiercest of the war.

FILIPINO TACTICS.

Uncle Sam Getting a Taste of What the Unfortunate Spaniards Got in Cuba.

Manila, March 27.—The fighting of Saturday and yesterday furnished a specimen of the difficulties with which the Americans have to contend. The Filipinos never, except opposite Malabon, permitted their opponents to get within several hundred yards of them. They would fire a few volleys from their cover and then scuttle back to another cover, repeating these tactics for miles. Many of the trenches had gullies and connecting paths through the cane and brush, enabling them to retreat unseen. The problem the Americans have to face is to drive or lure the insurgents to fight in force. The trenches seem thinly manned, except in the vicinity of Malabon. The Americans, fighting a hidden foe, suffered greater loss in proportion than the enemy. The loss of the Filipinos had formerly been estimated from the number of bodies found scattered in the swamp and through the brush. A larger percentage of the enemy's wounded died than of the Americans, many of them perishing from neglect, the Americans naturally attending their own men first.

The wounded, after treatment in the field hospitals, were brought to the Manila hospital by train. Several trips were made from Caloocan to the city.

AT THE U. S. CAPITAL.

Twenty-Seven United States Soldiers Killed and 150 Wounded, Says General Otis.

Washington, March 27.—Early yesterday morning the first message from General Otis was received and was soon followed by others.

The following are cablegrams received from Gen. Otis:

Manila, March 26.—(9.30 p. m.)—McArthur has driven enemy, strongly entrenched, in large forces, north of Polo; will continue to press him; insurgents have strong entrenchments from Caloocan to Malolos, which have taken them months to construct. Otis.

Determined Fighting Sunday.

Manila, March 26.—Entire casualties yesterday, two officers and 25 enlisted men killed; eight officers and 142 men wounded. Officers killed, Col. Egbert, 22nd Infantry, and Capt. Stewart, 1st Colorado.

To-day's fighting south and around Polo determined. McArthur, with three brigades united, having artillery and cavalry, engaging enemy. Our loss thus far

"One Good Turn Deserves Another."

It is so easy to go through life doing good and helping to make others happy. A lady who had been ill with a complication of troubles, having been thoroughly cured and now enjoying perfect health, felt it a duty to tell her friends that the specific that brought her back to health was Hood's Sarsaparilla.

Thus, after Hood's had served her well, she felt it deserved a good turn at her hands. Thousands tell the same story of blood purified and health restored. Hood's Sarsaparilla possesses merit peculiar to itself.

Sick Headache—"For a long time I was troubled with sick headaches. Different medicines failed to give me relief. I took Hood's Sarsaparilla, my husband having been cured of salt rheum by it, and soon it made me feel like a new woman." Mrs. ROBERT MCAFEE, Deerhurst, Ont.

Impure Blood—"My wife suffered with pain and distress from an affection of the throat caused by impure blood. She was almost in despair when she turned to Hood's Sarsaparilla. Six bottles of this medicine completely cured her." JOHN WICKHAM, Galt, Ont.

Back Ache—"My mother had severe pains in her side and back. She was obliged to give up work. A friend persuaded her to take Hood's Sarsaparilla and soon she was able to do her work, free from pain and had a good appetite." MAGGIE MORGAN, Mascouche, P. Q.

No Strength—"My whole system was run down. I was weak and could hardly get around to do my work. I began taking Hood's Sarsaparilla and after using five bottles I found that my strength had returned and appetite much improved." MRS. KELLEY, 318 Dufferin Street, Toronto, Ont.

Nerve Food—"My wife was stricken with nervous prostration. She suffered from headaches. She became weak, low-spirited and her appetite was poor. I am glad to state that Hood's Sarsaparilla has completely cured her of all her ailments." G. BELLAMY, 321 Hannah St., Hamilton, Ont.

Hood's Sarsaparilla
Never Disappoints.

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

MONDAY, MARCH 27, 1899.

EDITORIAL NOTES.

A wonderful thing has happened in the United States—a negro escaped a mob long enough to be hanged legally. His crime was murder—he shot and killed another coloured man—if it had been a white man, he would have been strung up by the mob long ago.

THERE are two industries in the Province which will be in a position to take advantage of the Government's policy for the development of charcoal iron smelting. They are the Deseronto Blast Furnace and the Canada Furnace Company, which has just started operations at Midland. The payments to them are to be made in consideration of the fact that they use charcoal fuel, which will give employment to a great many men in this Province.

MR. GIBSON'S bill to amend the Mines Act also makes the prices and rentals of mining lands uniform all over the Province. The prices are graduated according to the distance of the lands from the railway, and as to whether they are surveyed or unsurveyed. In the case of mining rentals, after a lessee has held his location for ten years, and paid all the usual rents, and performed all the development conditions he is entitled to a patent. He is thus given ten years in which to pay for his land at a very slight advance in cost.

THE Opposition in the Ontario Legislature are loud in their denunciations in connection with the Public Accounts. They make virulent but vague charges and when an opportunity comes for investigation, they do not do their duty as one might expect from their attitude. The present session the Opposition has had its chance in the Public Accounts Committee, but they have not taken advantage of it. All the irregularities hinted at have not provoked investigation. Only four witnesses have been called during the session The Opposition should make good their charges or hold their peace. Reckless charges prove nothing.

THE hairless hierarch of the Tory cult in the North-West, Mr. Nicholas Flood Davin, is bidding for the leadership of the Conservative party. He is out-scoring Sir Charles Tupper, whose strong point, according to his admirers, is his length. Nicholas has "seen" the old man longitudinal and gone him half an hour better. Sir Charles spoke four hours and a half but Mr. Davin wasted five hours of the country's valuable time in a so-called speech. Sir Charles will have to look to his laurels, and his leadership. If wind is making a big bid for the cold "nit" of Opposition leader.

SIR WILFRID'S SPEECH.

Toronto Star Independent

If Sir Charles Tupper has any respect for his Ego he will curb the lachrymal tendencies of his chief newspapers. It is a very lugubrious chorus they are delivering nowadays.

Never mind Charlie. Cheer up. Wilfrid was a bad little boy for using such naughty words. You mustn't play with him any more.

The attitude of the Conservative press seems to be that of a gamecock old hen who takes a wounded chick under her wing and clucks to comfort it. As a matter of fact, Sir Wilfrid's speech, which is described as "bitter to vituperation," was a smooth, fluent, forceful effort which transgressed no rule of debate, and at the same time administered a very salutary correction to a gentleman who was in sore need of it. Sir Charles is a very obnoxious compound of pomposity and ventosity. His egotism would be intolerable if it were not ludicrous. His tongue has been an unruly member all his life, and there are people who say that it wags even in his sleep. Sir Charles, it is said, passes from a talkative wakefulness to uneasy nightmares in which he mutters jeremiads against the Liberal Government and compliments to himself. His chief function in the Conservative party has been that of "Stormy Petrel," an epithet given him because he is a past master at croaking.

Mr. Blair administered a verbal castigation to Sir Charles at the last session. It did the Old Man of the Sea no lasting good. Sir Wilfrid repeated the operation this week. It seemed to hurt badly, for Sir Charles' friendly journals are howling as dismally as if they had been spanked themselves.

BIG BUSINESS.

The opulence and power of the city of London is, after all said and done, best illustrated by figures, and no better proof of the wealth of England can be given than the publication of the amount of fire insurance in the great metropolitan district. The "Review," in a recent number, published a table showing the business done by some seventy insurance companies engaged in underwriting for the citizens of London during the years 1893-1897 inclusive. The total value of property insured is stated as follows :—

1893	$4,194,319,595
1894	4,299,095,475
1895	4,294,497,045
1896	4,309,235,060
1897	4,478,431,100

The total value of property insured in the great metropolis in 1897 was $3,816,736,180, and in 1897, $4,478,431,100, an increase in ten years of $661,694,920. The amount contributed to the Metropolitan Fire Brigade is at the rate of $175 per million pounds, and the contribution payable this year exceeds $150,000. Such figures need no comment.

OTONABEE.

Council Meeting.

From Our Own Correspondent.

Meeting of Otonabee Council, all the members present except Councillor Grady.

The clerk was instructed to prepare a bylaw to amend the following bylaw :—A bylaw to regulate the time during which fallows, log heaps or brushwood may be set on fire or burned in the open air in this township and for prescribing precautions to be observed by parties setting out fires of any kind in this township. The municipal council of the corporation of the township of Otonabee enacts as follows: It shall not be lawful for any person or persons to set on fire, or burn, or cause to be burned, in the open air within this township, any fallows, log heaps or brush wood, during the following time in any year, that is to say: from the 20th of July to the 20th August, both days inclusive. All persons setting out fire shall watch, or cause to be watched, from the time of setting out until the extinguishment thereof, and shall use active, and, as far as may be possible, effective measures, to confine such fire to the materials lawfully intended by such persons to be burned at the time of setting out such fire. And person or persons guilty of any breach of this bylaw shall be liable, on conviction thereof before a Justice, or Justices, of the Peace having jurisdiction in the premises, to such pecuniary penalty as such Justice may think proper, not exceeding for any such breach the sum of fifty dollars and costs, to be paid at such times as such parties may direct, and in default of payment of such fines or penalty as aforesaid, and costs the same may be levied by distress, and sale of the goods and chattels of the offender, and if no distress found out of which such fine can be levied, the offender may be imprisoned in the lock up house of the township, or in the county goal for any period not exceeding 21 days, unless such fine be sooner paid. Passed on 16th April, 1897. It is proposed to change the prohibited date from the 1st of July to the 25th August, instead of the above dates in the by-law. Reeve Johnston drew attention to complaints that are being made that some are charged more days street labour on the same assessment than others, it is owing to the fact that those charged with more days, are assessed for over 200 acres, which increases the rate by Legislative enactment; it was to correct an injustice in the back country where the land companies own large tracts of land for which, if rated altogether, they would perform very little labor. The following accounts were passed, John Duvall, gravel $3.78; Jas. MacNeil, provisions for John Doris, $4 30; nails for side walks, $3 24. Council adjourned to meet April 17th.

HAULTAIN.

From Our Own Correspondent.

The united townships of Burleigh, Chandos, Anstruther and Methuen held a very interesting and successful convention a Apsley on March 14th.

Miss Lillie Reid, who was very ill for some time with pleurisy, has recovered.

Mr. and Mrs. Charles Lander and Mrs. W. M. Church were delegates at the S. S. convention.

Mr. Robert McCauley, our postmaster, and Mr. Richard Thompson, have both built an ice house this winter.

Mr. E. Wing shot a large wolf near Jack's Lake lately, and the pelt when dressed is very handsome.

Miss Ella Hales is visiting friends in Monmouth.

Mrs. Chas. Lander, superintendent of our Sunday school, was appointed one of the vice-presidents of the District Executive.

GIVEN UP TO DIE.

Was Mr. E. N. Stowell, but Dodd's Kidney Pills Cured Him.

Brockville, March 27.—When an eminent physician notifies a sick man that his case is hopeless and that he must die, he is it may be taken for granted, in a pretty bad way.

That was the position of Mr. Ed. N. Stowell, of this city, not long ago. He had suffered all the agonies of Bright's Disease for several years. The ablest physicians had pronounced his case hopeless, and he had begun to "set his house in order," when a friend urged him to try Dodd's Kidney Pills. One box put new life in him, seven boxes cured him. Now his friends hardly know him for the same man. Score one more for Dodd's Kidney Pills.

THE LEGISLATURE

Considerable Business Transacted at Saturday's Session.

CHARCOAL IRON RESOLUTIONS.

These and Many Other Important Matters Pass the House in Committee—Mr. Gibson Explains the New Mines Bill—Revenue Bill Reported—Several Important Second Readings—Game Laws.

Toronto, March 27.—The House sat from 11 o'clock until 1 p.m. on Saturday, when considerable progress was made with Government measures. Chief among these were the revenue bill and the resolutions granting aid to charcoal iron industries. Both measures passed committee. Hon. Mr. Gibson took occasion, when moving the resolutions relating to blast furnaces, to give some exceedingly valuable statistics, showing the development which is going on in connection with the iron industry, and the great activity which prevails in the mining sections of the province. He also explained the most important changes which are to be made in the Mines Act, with a view to stimulating exploration work and the development of mining locations. Messrs. Whitney and Matheson in tersely-put observations expressed approval of the iron resolutions.

Passed Committee Stage.

The House went into committee, and the following bills were passed:

To amend the Prisons and Asylums Inspection Act—Hon. Mr. Davis. To amend the act respecting wages—Hon. Mr. Garrow. Respecting cheese and butter manufacturing associations and companies—Hon. Mr. Dryden. Hon. Mr. Harcourt's bill to supplement the revenues of the province passed the committee stage, with a few unimportant changes. Its third reading was fixed for Monday next. The Attorney-General's bill to amend the statute law also passed the committee, and will be read a third time to-day.

Ontario Game Protection Act.

Hon. Mr. Gibson moved the second reading of his bill to amend the Game Protection Act. One of the provisions is the repeal of the prohibition passed a year ago as to shooting deer in water. The hon. member referred to the contrariety of views on this subject, and to the difference of opinion as to what is true sport and what constitutes a true sportsman. In view of this conflict of opinion, Hon. Mr. Gibson adhered to the recommendation of the game warden that it was not expedient to continue the prohibition of shooting deer in water. This recommendation was the result of the answers to a large number of circulars sent out.

Mr. James Reid (Addington) objected to the repeal of the clause prohibiting shooting deer in water, and after similar protests had been made by Mr. McLaughlin (Stormont) and Mr. G. N. Kidd (Carleton), the bill was read the second time and referred to committee of the whole House, where further discussion will take place on Monday.

Ontario's Smelters.

The House went into committee of the whole to consider this resolution of Hon. Mr. Gibson:

That in the case of a blast furnace which uses charcoal made within the province as the sole fuel in smelting ores, payment may be made out of the Iron Mining Fund of 50 cents per ton on the proportion of pig metal the product of ores not mined in Ontario, subject to the condition that the following yearly proportions of Ontario ores are smelted therewith: In first period of two years, not less than 20 per cent.; after two years, not less than 40 per cent.; after four years, not less than 60 per cent.; after six years, not less than 80 per cent.; after eight years, not less than 100 per cent. Payment on the proportional product of Ontario ores shall be on the basis of one dollar per ton of pig metal. But in case the proportion of Ontario ore smelted in a blast furnace shall in any year of a period fall below the percentages herein specified, there shall in such year be deducted from the payment of 50 cents per ton on the product of ores not mined in the province a percentage thereof equal to the percentage of deficiency in the requisite amount of Ontario ores; provided, however, that if the proportion of Ontario ores smelted in any year is less than 20 per cent., no payment shall be made out of the fund to such furnace for that year.

Hon Mr. Gibson enlarged on the importance of securing blast furnaces in Ontario, and the committee formally considered the resolution and reported. It will be further considered in committee on Monday, together with the Hon. Mr. Gibson's bill to amend the Mines Act, in which the smelter resolution is incorporated.

The Mines Act.

Hon. Mr. Gibson next moved the second reading of his bill to amend the Mines Act. He spoke on the great increase of mining enterprises in Ontario and the widespread activity in this respect, and explained the bill, clause by clause. Its chief provisions are the providing of aid for charcoal iron-smelting industries and the re-arrangement of the prices and rentals of mining lands. The second reading of the bill was carried. both Mr. Whitney and Col. Matheson expressing general approval.

Mr. Whitney inquired of the Government the probable date of the prorogation.

The Attorney-General—Possibly next week. It depends on the progress made with business. The House may have to sit next Friday and Saturday.

A HUNDRED REASONS

Can be given why Stuart's Dyspepsia Tablets are the best and most effectual cure for every form of indigestion.

They are in the tablet form which retains their good qualities indefinitely, while liquid preparations become stale and useless with age.

They are convenient, can be carried in the pocket and taken when needed. They are pleasant to take.

After each meal dissolve one or two of them in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half digested food.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach and nothing else.

One disease, one remedy; the successful physician of to-day is the specialist, the successful medicine is the medicine prepared especially for one disease.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure.

They increase flesh by digesting flesh-forming foods.

A whole package taken at one time would not hurt one, but would simply be a waste of good material.

Over six thousand men and women in the State of Michigan alone, have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

Children Cry for
CASTORIA.

CAPTURE OF MALABON.

Continued From First Page.)

moderate; enemy's heavy. Army gunboats on coasts and in estuaries west and north of Polo very efficient. Troops in excellent condition and spirits. Otis.

Fought All Day Sunday.

Fighting was continued all day Sunday. The casualties are much lighter than on Saturday. So far 18 are reported killed and 46 or 50 wounded.

The American forces took the town of Malinta by storm, during which fight Col. Egbert and several others were killed.

MALABON ON FIRE.

The Filipinos Have Set Fire to Their Stronghold and Are Fleeing.

Manila, March 27.—(9.10 a.m.)—The Filipinos are burning their stronghold at Malabon, and their forces are fleeing from the city in the direction of Malolos. Gen. MacArthur's division is pushing toward Malabon. The insurgents will probably make their last stand at Malolos.

WILL OTIS FAIL?

Spaniards Say He Will Win the Battles and Lose the Campaign.

Madrid, March 27.—Spanish officers acquainted with the Philippine Islands, notwithstanding the American successes, continue to predict the failure of Major-General Otis' campaign. They say that while the Americans will undoubtedly win all the battles, they will lose the campaign itself owing to the aptitude of the Tagalos to conduct a war of surprises and ambuscades.

Malolos, the capital of the rebel government, they add, will fall into the hands of the Americans, but the Spaniards insist that the war will rage as long as the rebels desire it.

Commissioners Under Fire.

Manila, March 27.—President Schurman and Secretary MacArthur of the Philippine commission were under fire yesterday with General Wheaton's brigade.

PRINCE LUDWIG.

He Was Advertised For by His Friends in London Early in March—His Curious Career.

New York, March 27.—The death of Prince Ludwig Karl Loewenstein Wertheim in Saturday's fighting in the Philippines ends a career which of late had seemed mysterious and gives rise to no little speculation. According to a despatch from London to the Associated Press on March 4, the Prince, who married Lady Anne Saville, a daughter of the Earl of Melborough, had been lost sight of by his friends, and an advertisement enquiring as to his whereabouts had appeared in the London newspapers. This elicited a despatch from Manila, saying that the missing Prince was in the Philippines, and had been there for many months, was present at the destruction of Montejo's fleet and was a member of the European Club. The despatch asserted also that his behaviour had given rise to a suspicion that he was acting as the confidential agent of the German Government. It was further alleged that before Manila surrendered he was allowed to pass in and out of the Spanish and insurgent lines, each party apparently regarding him as favorable to themselves. For a few days it was even asserted he had acted as a voluntary aide-de-camp on the staff of Brigadier-General Miller. The London Daily Mail about the same time said it had information that Prince Ludwig was in Iloilo in January of this year, and, with other papers, it asked the meaning of these "mysterious movements."

A TRUE STATEMENT

By Foreman White, of the Hamilton Screw Works.

Hamilton, March 6.—If a vote of the people were to be taken to ascertain which is the most popular medicine on the market, Dodd's Kidney Pills would lead by a large majority.

One of the latest cures by that grand remedy is that of Foreman T. H. White, of the Screw Works here, who testifies that he was cured by Dodd's Kidney Pills of Kidney Disease of eight years' standing, after other medicines had failed.

Mr. White says: "One box of Dodd's Kidney Pills relieved me, four boxes cured me. Publish this statement if you wish. It is true in every particular."

Man Crushed to Death.

Three Rivers, Que., March 24.—As the regular C.P.R. train from Quebec for Montreal, drawn by two engines, with a plow, was passing Ste. Anne de la Parade station at 2 p.m. yesterday, one of the wings of the plow caught in the switch and was derailed. The forward engine was thrown on the plow, crushing to death a man named Le Clare of Three Rivers, and injuring two other employes, who were on the plow. The line was blocked for some hours.

An Eloping Pair Traced.

Vancouver, B.C., March 24.—Rev. E. A. Harris and Miss Edna Lear, who eloped from Albany, Oregon, on March 5, were traced to New Westminster, and last night the police located the girl. The reverend gentleman was not captured, however. A message from Albany said: "Hold the girl, but never mind the man, who has a wife living in the States."

During the middle ages: when the aristocracy of Florence and Venice was so tyrannous to its dependents, murder was considered as a small crime and poisoning was so skillfully effected that many people lived almost entirely on boiled eggs.

Pain in the Back.

Being troubled off and on with pains in my back, caused by constipation, I tried several kinds of pills I had seen advertised, and to put the truth in a nut shell Dr. Chase's Kidney-Liver Pills are the only pills that have proven effectual in my case. I can heartily recommend them.

MARKET REPORTS.

Damage to Crops Reports Run Up the Price of Wheat on Saturday—The Latest Quotations.

Liverpool, March 27.—Wheat futures on Saturday closed nearly a penny per cental above the previous final figures, thus responding to Friday's advance at Chicago.

Chicago, March 27.—Wheat futures were active on Saturday morning. They opened at a fractional decline over night, but when a flood of buying orders came in from all quarters shorts rushed to cover, and the May option shot up 2c. It closed nearly ½c above Friday's close. The July option acted much in the same way. The market was buoyed up by reports of damage to crops, many of which were doubtless "made to order," for speculative purposes.

Liverpool Markets.

Liverpool, March 27.—These were the final figures on Saturday: Spot wheat, firm, at 6s for No. 1 Northern. Futures, red winter, steady, at 5s 4¾d for March, 5s 4 5-8 for May and 5s 4½d for July. Maize, steady, at 3s 5½d for new and 3s 7¾d for old spot; futures, 3s 6¼d for March, 3s 4¾d for May and 3s 4¾d for July. Flour, 17s 3d.

Your Weak Spot.

Perhaps it is your throat or your bronchial tubes. If you take cold easily, take Scott's Emulsion. It checks any tendency in your system to serious lung trouble.

KAIULANI'S FUNERAL.

Buried With Royal Honors Extending Over Seven Days.

Vancouver, B.C., March 27.—News is brought by the steamer Warrimoo that all that was mortal of the late Princess Kaiulani was laid away in the gothic mausoleum in which rest the remains of those of the now almost extinct royal house of Keawe-a-Hauls who have died since the days closely following the death of Capt. Cook. The obsequies were conducted with all the pomp and ceremony the military and civic institutions of Hawaii could furnish, and with the weird and long-drawn-out Hawaiian customs. For the whole seven days and nights since the death of the Princess some ceremonial or other was in progress, and unceasingly "Kahilis" were waved by feather caped retainers or friends over the casket.

Has the Thistle Been Lost?

Vancouver, B.C., March 27.—The little sloop Thistle, used as a pleasure yacht by the Ford family of Hornby Island and Qualicum, on the east coast of Vancouver Island, has been wrecked apparently near Alert Bay. The run from Alert Bay to Hornby Island usually takes two or three days. A party, including William Ford, his mother and two sisters, Mrs. Harry Thames, her little daughter and three other little children left on that trip a month ago, but nothing has been heard of them since, and the presence of wreckage and debris along the coast points to the all too certain probability of a wreck.

Spain's Greatest Need.

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures all liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing, you need it. Every bottle guaranteed, only 50 cents. Sold by J. Lynch, Druggist.

VALUABLE

Residential Properties FOR SALE

In Peterborough.

Having decided to remove to Manitoba in the spring, I have decided to sell the following valuable properties at prices that should secure ready purchasers:

Parcel No. 1. A Brick Terrace of four houses, adjoining the corner of Sherbrooke and Park streets, two storys, well built with good stone cellars full size of buildings. Each residence contains six rooms with summer kitchen. This property has always been continuously rented and pays an excellent rate of interest on the investment, and it is practically a new property, being only erected a few years, and in good condition.

Parcel No. 2. Brick residence corner of Reid and Simcoe. Containing ten rooms. House in good condition with all modern improvements, bath, closets, heated with furnace and lighted with electricity.

Parcel No. 3. Brick dwelling corner Aberdeen and Bonsecours streets, facing Dixon Park, containing seven rooms with summer kitchen. This property was erected last season for myself and occupied by myself. Has hard and soft water in kitchen and is a very comfortable residence. This lot is 166 feet square.

Parcel No. 4. Brick residence, corner Wolseley and Benson streets. Two storeys, seven rooms with kitchen, pleasantly situated adjoining Dixon Park. Hard and soft water in kitchen. This lot is also 165 feet square and is a similar building to parcel No. 3.

Parties desiring a good paying investment or home will find any of these desirable purchases.

Particulars and terms, which are reasonable, made known on application to the undersigned

T. J. MOORE.

MAKES CHILD'S PLAY OF WASH DAY

THE ODORLESS CREMATORY CLOSET.

I have been appointed Sole Agent for the Odorless Crematory Closet manufactured by the Crematory Closet and General Heating Co., of Hamilton.

This Closet has found a place in many of the best homes in the province, and all who have used it cannot speak too highly of its merits. Medical men speak of it from a sanitary point of view, claiming that, if health is any consideration, no home should be without one. Here are some of the

TESTIMONIALS.

Alliston, March 1st, 1899.

I have had one of your "Crematory Closets in use now for several weeks and am glad to be able to say that I have found it entirely satisfactory in every respect. I have not been able to detect the slightest odor from it at any time and would not be without it. I am sure it must prove a great convenience to people in the country and in towns where water is not obtainable. Yours respectfully,
JAMES CONWAY.

Sheddon, February 28th, 1899.

I have used it for sometime and find it perfectly odorless. It is a long felt want and I believe it will become very popular especially in rural districts, towns and villages where wells are so frequently contaminated by the ordinary closets.
I am, yours, etc.
W. H. MORRISON

Medical Superintendent's Office, Sept. 30th, 1897
Asylum for the Insane, Hamilton.

Gentlemen: I had the opportunity of witnessing yesterday the operation of your Odorless Crematory Closet. It had a large accumulation of fecal matter in the pan when the fire was started, and inside of 30 minutes it was all reduced to ashes. There was no odor before or during the operation of consuming the fecal matter, as the ventilation by the flue seems to carry off all odor at once, before it has a chance to vitiate the surrounding atmosphere.
Yours truly, JAMES RUSSELL, M.D.

Binbrook, Sept. 30th, 1897.

Dear Sirs—Having been present at a private test of your new patent closet yesterday afternoon, I beg to express my satisfaction with it in every way. Neither before, during or after the burning out of its contents did I detect the slightest unpleasant odor. I am satisfied it will be a boon to thousands in rural towns, villages and country homes. Yours truly,
M. J. MULLOCK, M.D.

ADAM HALL.

THE SLATER SHOE

"By direct wire."

Every pair of "Slater Shoes" bears a descriptive tag which tells what every shoe wearer wants to know before he buys. He thus gets the information "by direct wire" from the makers who ought to know its hidden materials and could not afford to misrepresent them. Goodyear Welted. Daily Examiner.

MONDAY, MARCH 27, 1899.

LOCAL NEWS

10 a.m. Probabilities.

Moderate winds; fair to-day and Tuesday, with little change in temperature.

Children's Aid Society.

The Children's Aid Society have for adoption three children, (Protestants) one thirteen years of age, one eight and the other two. Also two Roman Catholic children, a girl of six and one of three. All desirable.

Good Sleighing Up North.

There is plenty of snow in Eamismore and Harvey, but the roads between here and Chemong are almost bare. In going to Bobcaygeon the teams take the ice through Caddigan's land. The ice considered quite safe.

A. O. F.

A special meeting of Court Stanley, No. 7680, A. O. F., will be held this evening (Monday) in Unity Hall at 8 o,clock for the purpose of making arrangements to attend the funeral of Bro. Wm. McWha on Tuesday afternoon at 2 o'clock sharp. All visiting brothers are requested to attend. By order, R. MUDER, C. R.

Geo. Ball

has removed to the rooms over Oak Hall, formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3 50; why buy ready-mades? Every age and style is met—every desire is assured. Ladies' tailoring in all designs.—GEO. BALL, over Oak Hall. 30

At the Cycle Show.

But little does the casual outside observer appreciate, or even know the thousand and one details which enter into the manufacture of a bicycle. To one who has never visited a plant, and seen for himself the minuteness with which every part is examined before being passed as perfect, he would hardly credit the detail that is observed in the manufacturing, while a few have visited some of the large factories, there are thousands who never had the opportunity. In order to explain some tests and operations in connection with the construction of a bicycle, there will be an exhibit of tests parts etc, in the Cleveland show, which will be held in connection with the Y. M. C. A. Cycle Show this and Tuesday evening. All interested are cordially invited to attend.

FROM MAKER TO WEARER.

GRAFTON & CO'S. Clothing for men, and boys ready-made Everytime a suit is sold it puts a nail in the coffin of prejudice. No custom-tailor could do better for you than Grafton & Co. is doing—and you'd pay the custom-tailor twice the money for as good. See our suits at $8.00 and $10.00

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—The Fire, Water and Light Committee meets to-morrow evening.

—The crossings are in bad shape and should be swept on George street particularly.

—The chorus and orchestra in connection with the George street choir concert meets this evening for rehearsal.

—A couple of gentleman's gloves have been found left at THE EXAMINER office. Owners may have same on calling. No charge.

—A couple of 'bus loads of young people drove out to Mr. Dawson Kennedy's residence on Friday evening last and spent several hours very enjoyably.

—There is considerable talk of double tracking the Midland Division of the Grand Trunk. It would mean a good deal to Peterborough whilst the work of construction was going on.

PERSONAL

Mr. Melville Miller, of Toronto, is visiting friends in town.

Mrs. Myles Henry and son are in Toronto, visiting the former's mother.

Mr. T. F. Matthews was able to be down stairs to-day for the first time in some weeks.

Mrs. John Bertram, of Toronto, is in town for a visit, the guest of her son, Mr. Hugh Bertram.

Mr. J. F. Barrett, chairmen of the Burleigh Falls Electric Syndicate, is in town to-day to meet Mr. Culverwell and other gentlemen.

Mr. H. D. Kennedy has returned to town after an absence of several months on an evangelising tour through Brantford, Cayuga and other western towns.

Mr. H. H. Bradburn, who is home on a visit from the coast, left for Toronto to-day to spend Easter with friends there. He was accompanied by his mother, Mrs. Wm. Bradburn.

The Hon. William Harty, Commissioner of Public Works for Ontario, and his son, Dr. Jock Harty, are arranging to spend some time in Europe next year, including an extended visit to the Paris Exposition.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. Geo. Gumpricht, practical piano maker and tuner, with 25 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

New April Magazines

Now on sale at the Peterborough Bookstore. Ladies' Home Journal, Strand, Metropolitan, Vanity Fair, Nickel, Argosy, English Illustrated, Pierson's at 8 cts., Delineator and all the latest fashion books. Drop in and we will give you a sample copy, free, of "Black and White," English edition—one of the best English magazines, the reduced price of which will, in future, be only 15 cts. per copy. A. H. STRATTON & Co.

Beautiful Railway Literature.

We have received from the Grand Trunk Railway System copies of their tourist publications, which have been issued by the General Passenger Department for the season 1899, and which we understand are being circulated throughout the country with a view of making known the magnificent districts reached by this vast railway system. The publications themselves are full of interest, the text giving graphic and concise descriptions of the regions in Northern Ontario, including Muskoka Lakes, the Lake of Bays, the Magnetawan River and the 30,000 Islands of the Georgian Bay. The pamphlets are profusely illustrated with half-tone reproductions of river, lake and island scenery, with here and there a deer-hunting picture or some fishing scene that makes one long for summer and the holidays. The publications are printed on the best paper, and by a somewhat new and novel process of the printer's art, which has been invented after long and careful experiment with blending of colours and mixing of ingredients, to get the very artistic and beautiful effect which they present. A special brochure entitled "Hay Fever," giving the cause of this annoying disease and how to avoid and cure it, is included in the series. The several pamphlets bristle with pointers for the resident, camper, hunter and angler, and copies should be obtained before deciding upon next summer's outing. A postal card to W. E. Davis, General Passenger and Ticket Agent, Montreal, or M. C. Dickson, D.P.A., Toronto, will secure copies of this handsome and interesting literature.

THE STRIKING CARDERS AND SPINNERS.

Authoritative Statement of the Complaints of the Strikers

The Auburn strikers held a meeting on Saturday night when resolutions were adopted to the effect that work would not be resumed unless an advance of ten per cent. in wages was guaranteed, coupled with a stipulation that all the old hands be re-engaged.

The meeting, it is said, was attended by about forty of the employers and officers were elected.

The Examiner has been requested to publish the following:

To the Editor of The Examiner:

DEAR SIR,—The spinners and carders, night employees of the Auburn Woollen Mills, numbering about 20, went out on strike on Friday evening which necessitated the closing of the mill for that night. The grievance was caused by the employees being docked for the time they could not work caused by the power being shut off by anchor ice, amounting to four hours.

Mr. Jas. Kendry was interviewed by the employees, and when he would not accede to their request, they quit work quietly at once.

There has been much dissatisfaction among the night employees owing to the wages paid them for night-work, and this, with the above mentioned grievance, agitated a strike.

The spinners, most of whom are over 18 years of age, received the enormous sum of 67½ cents for a night of 10 hours. The carders who are about the same ages, received the same large recompense, then they were docked for the few hours above mentioned.

Considering the betterness of the times and the enormous orders the company has filled and has to fill, and the unnaturality of the night-work, we regard the wages as simply deplorable and out of all proportion.

When the company would not allow the employees for the time lost, they decided they would not go back to work without their wages were raised 10 per cent., which we think is very reasonable.

Thanking you, Mr. Editor, for the valuable space in your paper, I remain,

Yours truly,
On behalf of carders and spinners,
E. ROBERTS,
J. DAIGLE.

Peterborough, March 27, 1899.

PITT ON TAXATION.

Hon. J. S. Crosby Will Speak on the Subject To-morrow Night.

William Pitt said more than a hundred years go in the House of Lord in England: "My Lords and Gentlemen—To levy a direct tax of 7 per cent. is a dangerous experiment in a free country, and may incite revolt; but there is a method by which you can tax the last rag from the back and the last bite from the mouth without causing a murmur against high taxes, and that is to tax a great many articles of daily use and necessity so indirectly that the people pay them and not know it. Their grumbling then will be of 'hard times,' but they will not know that the hard times are caused by taxation."

Surely this was prophetic truth, and the history of the past century verifies the proposition of social and political economics more clearly. The Hon. J. S. Crosby will discuss the effects of this method of taxation and endeavour to show a remedy therefor in the opera house Tuesday, March 28th. Admission 15c, reserved seats 25c. Rev. H. Symonde takes the chair at 8 p.m.

OBITUARY.

THE LATE RONALD MCKENZIE.

Word was received in town yesterday of the death of Mr. Ronald McKenzie, who for a number of years has been foreman at the Gas Works. About two weeks ago the deceased had to leave work on account of increasing weakness, and went to Toronto taking up residence with his mother-in-law. During his residence in town Mr. McKenzie made many friends who will regret to learn of his demise.

THE LATE WM. M'WHA.

The death occurred yesterday of Mr. Wm. McWha aged 34 years, at the family residence, Stewart street, Ashburnham. Consumption was the cause of death, and the deceased had been confined to his bed but a few days previous to his demise. The funeral takes place to-morrow afternoon at 3 o'clock.

DIED, AGED 102.

Brothers and Sisters Pass the Century Mark.

One of the few centenarians of Eastern Ontario, Mrs. Catharine Barkley, has just died at the home of her son-in-law, Charles Duland, Matilda township, near Cornwall aged 102 years. Her father, the late John Strader, was a U.E. Loyalist, who settled in the second concession of Matilda in 1785. Mrs. Barkley was born there in May, 1797. Fourscore years ago she married the late Joseph Barkley. Of a family of twelve children nine are still living. The family record for longevity is very remarkable. Mrs. Barkley's father and mother lie in a churchyard near Iroquois, their recorded ages being 98 and 89 respectively. Her brother, the late Captain John Strader, had passed the century mark when he died in 1898. Another brother, Henry Strader, of Brineton's Corners, died a couple of years earlier, aged 96, and a sister, the widow of the late Wm. Shaver, of Winchester, is her senior by three years, and is still living.

The Ladies expect you and your friends—At the Bazaar Y.M. C. A. Thursday and Friday April 6th and 7th.

DIED.

CARPENTER.—On Sunday March 26th, 1899, at the residence of her nephew, Mr. Wm. Emmerson, lot 13, con 14, Otonabee, Harriet Carpenter, aged 80 years and 8 months. Funeral on Wednesday at 2 o'clock to St. Mark's Church burial ground, Otonabee.

EASTER TERM

Of the Peterborough Business College begins **April 4th.** New Students are urged to commence work on that date. There's a practical benefit in doing so.

PRINGLE & McCREA.

TENDERS FOR PAINTING.

TENDERS FOR PAINTING THE ENGINE Room and Machinery of the undersigned Company will be received at their office up to 5 o'clock p. m., on Tuesday, the 28th March. Tenderers to supply all material. For particulars apply to our office.

MONDAY, MARCH 27, 1899.

A MEMORIAL SERVICE.

In Connection With the Death of Miss Sanderson Last Week.

The general order of the services in connection with the George street church Sunday school were changed yesterday afternoon, and instead of the work of review Sunday being taken up, a memorial service was held in connection with the recent death of Miss Annie Sanderson, who was superintendent of the primary department.

The wall in the rear of the platform in the main room was draped in black, and Mr. T. W. Robinson presided. An appropriate address was delivered by Rev. D. O. Crossley, and special reference wass made to the deceased by Mr. J. Jeffries, Miss Grundy and Mr. S. R. Armstrong. Solos saitable to the occasion were sung by Miss Pascoe, Mr. F. W. Miller and Mr. G. W. Mulligan. The attendance was very large.

MAKING GOOD ROADS.

Eternal Vigilance the Price of Good Roadways.

A correspondent of the Belleville Ontario suggests his ideas of street maintenance, which may afford some hint to our local aldermen, as follows:—

(1) Let the street surveyor go round and see what is needed.

(2) If a mud or water hole exist in a street, or deep wagon ruts, fill these places with small crushed stone and then follow up with the roller.

(3) Let one man and cart keep going round the city and fill up these hollows which the rain shows to advantage, keeping the centre a little higher than the outside.

(4) By so doing the streets of the city get proper attention the season round, instead of letting one street run down this year and another the next. The attention of one street would be divided with the others.

(5) The continual use of small stones and roller will give us good roads and save $3,000, which can be put to better advantage. But bear in mind the stone cart and roller must continually be on the move around the city. Take, for instance, Bridge to Pinnacle from Front street. It will take several loads of stone and hours of rolling to put it in Al shape and not have it as it now is, a duck and fish pond after a fall of rain.

(6) Let the law be strict in regard to paper that is thrown on the streets.

[There's a good deal of common sense in these suggestions, though it needs very little wisdom to see that the proper way is to build streets properly in the first place, and then exercise untiring vigilance in keeping them in good condition. The first little break in a roadbed if not properly repaired, will, in a short time, if neglected, develop into a deep rut, and a series of them neglected will soon result in the ruin of the street. Make right and keep right is, in a word, the secret of good streets.

The Rough Effect

We have just passed through Customs a limited number of Suit Lengths of the Celebrated

HARRIS TWEEDS

These rough effects are a very popular young men's style, and when properly tailored, as they are worn in London, are particularly nobby. They come in a pleasing variety of shades, nearly all having a dash of contrasting colour. Our 1899 Cash Price for a Suit of these Rough Harris Tweed Effects is lower than ever before.

A. Mercer & Co.

OUR COLUMN OF SPORTS.

SOME TIMELY REMARKS ON SEASONABLE GAMES.

What is Going on in Local and Outside Hockey Arenas—Notes From the Curling Ice.

CURLIANA.

Another bonspiel between the Thistles and the Granites is to be played this evening.

A rink of Colts drove out to Bobcaygeon on Saturday afternoon and curled against Mr. W. J. Read in the evening. The game was a close one up to the 13th end, when 'Caygeon led by one shot, but the last four ends the Colts allowed twelve shots to be scored against them. The score was as appended:—

Bobcaygeon.		*Peterborough.*	
VanNorman,		Alf Terrill,	
Logie,		C LeBrun,	
Robinson,		W J Thompson,	
W J Read, sk.....25		Geo Boucher, sk.....12	

The Bobcaygeon people gave the visitors a warm welcome, the first to greet them being genial Will Read, and a moment later Mr. Willis Boyd was on the scene. After the game the Colts were dined. In Mr. Geo. A. Smith the visitors met an old friend and have to thank him for particular courtesies.

LACROSSE.

The proposed amendments to the rules and constitution of the Canadian Lacrosse Association, which have been set down for discussion at the annual convention on Friday next, do not show any radical departures, and in some instances the same ground has been covered by suggestions from more than one quarter.

In addition to the proposals that have already been published, Mr. P. McMillan, of Beaverton, has put in one providing that officers of the Association shall not be effected by the suspension of the clubs they represent, and another to prohibit senior teams from competing in the intermediate series.

The Markham lacrosse club wants junior teams to consist of players not over 21 years of age; referees to be allowed only railroad expenses one way, which shall be paid before the match; also that when a club fails to finish its series, all games played shall be counted, and those unplayed shall count as wins for the teams scheduled against them.

Mr. J. D. Bailey of Toronto proposes the new definition of an amateur as worded by the Canadian Amateur Athletic Union; also that players must reside within 2½ miles of the town where the club has its headquarters.

Mr. J. Cousby, jr., of Owen Sound, gives notice of changes simplifying the procedure in dealing with protests.

Mr. W. C. Brent of the Young Torontos, presents a proposition that the club winning the champicnship of the senior series of the Toronto Lacrosse League, provided the club is a member of the association, shall be eligible to compete as a district winner for the intermediate or junior championship.

Secretary Hartley's proposed amendments are, in substance:

The playing season shall be from May 25 until Oct. 15 in each year.

The president shall not have power to appoint any person as referee who has been objected to by either of the competing teams, and they, in trying to mutually agree on officials, shall only have the privilege of each naming two parties, and if they cannot agree on one out of those proposed, the President shall appoint.

Certificates will not be issued to any club until it has paid all claims which the association or any member of the association may have against it.

Strike out sec. IX. of rule VI., and add: "The referee, after blowing his whistle, shall immediately give his reason for so doing to the captains, and after so giving his reason, he shall, if there has been a game scored after the whistle was blown, allow, disallow the game, give a free throw or face the ball, according to the rules."

On the day appointed for a match, if one of the teams only is on the field at the time advertised, it shall be allowed to count one game for every fifteen minutes elapsing before the other team is on the field.

Players who have been suspended must make a deposit of $10 before their case will be considered, which will be refunded if they prove their innocence.

The referee's report is to be drafted in such a manner as to overcome a great many causes of complaint by way of the referee and captain's duties.

The annual meeting of the Peterboroughs will be held to-morrow evening.

ONTARIO'S WIN AGAIN

The Ontario Bank accepted the challenge of the Combination Banks for a game of Basket Ball, and the match took place at the Y. M. C. A. gymnasium on Saturday afternoon. The game resulted in a victory for the Ontario Bank by 16 points to 6. Quite a crowd witnessed the game which proved very interesting. The teams were:—

Ontario		*Combination*	
N Bell.....	backs	Campbell	(com)
Hollingshead.....	backs	Huston,	(com)
Bellegham.....	right-wing	Dunlop,	(com)
W D Parker.....	centre	Carter,	(com)
G Bell.....	left-wing	Skill,	(mont)

The Ontario's have now won from the Combination at both hockey and basketball, and look forward to defeating them at baseball, cricket, tennis, golf and marbles in the summer.

MISCELLANEOUS.

"Jock" Inkster, Canada's greatest football manager, who looked after the interests of Varsity so long, is now engaged in mission work at Marmora, Kingston Presbytery.

Dr. S. D. McPhee, who for three years has been the Orillia club's hardworking and efficient president, has again been re-elected to the presidency. "Bobby" Watson is the new captain.

The Pennsylvania Tube Company employing several thousand, has advanced the wages of all employes ten per cent.

MR. EDG HARTLEY'S FANCY SKATING.

Mr. Edg Hartley, as a fancy skater, wins laurels wherever he goes. He made a second appearance in Quebec, and the Quebec Chronicle has this to say of his second performance.

Figure skating is not very much practised in Quebec, and consequently it was a rare treat which all attending the hockey match last Saturday night enjoyed, when Mr. E. J. Hartley, during the intermission, gave by special request, an exhibition of his skill. His performance was one of the best of the kind ever seen in Quebec, and delighted the spectators, who loudly applauded each figure.

Every household should have on hand a box of Dr. Chase's Ointment. The diversity of uses to which it can be put and the many doctor's bills it saves warrant it in taking first place in the family medicine chest. All dealers sell and recommend it.

New Draperies and Sofa Cushion Tops at MRS. APPLEBYS, Water street, Fancy Goods Store.

COMMERCIAL SUCCESS.

SIR,—Our citizens will take a pride, as well as an interest, in the striking series of brilliant commercial successes gained by a Peterborough boy in the person of Mr. Ryerson Ritchie. His career should be an incentive and encouragement to our young men to-day, except that we should prefer to have them distinguish themselves in their own country.

It may be justly said that Mr. Ritchie is a strictly honourable and warmly generous man of deep and openly-expressed religious convictions. His success has not been achieved by over-reaching others or by any questionable shortcuts to fortune.

My object in writing is to suggest that steps be taken to secure Mr. Ritchie for a lecture, say, in connection with our Board of Trade, when he next visits Peterborough. After his success in building up the Cleveland Chamber of Commerce, Mr. Ritchie would be able to give valuable suggestions for the welfare and usefulness of our Board, as well as general information on the principles which underlie solid commercial success.

I hope that I am mistaken in saying so, but it would seem that if the Board of Trade here has hot of late been receiving the support which it deserves. In the first place, one would think that our extensive commercial and manufacturing interests would require a strong Central Body, to deal with joint interests and general commercial opportunities and emergencies, as they may arise.

Is the commercial policy and prosperity of the town to depend upon the selfish and haphazard enterprise of a multitude of competitors? Excessive individualism is a bane and a calamity in the world of Commerce to-day, so it is in the world of Religion.

Secondly, is it not an advantage that competitors should periodically meet one another in consultation on the wider aspect of the business situation? Surely this should tend to remove petty jealousies and some other disfigurements of business life, and to enable men to rise above the difficulties of keen competition into the more wholesome atmosphere of co-operation.

No doubt these points have already presented themselves to many of our citizens, but they may possibly be stated with some advantage at the beginning of a new year in the Board of Trade.

Yours, etc.,
J. C. DAVIDSON.

THE RAILROAD MEN.

The meeting for men at the Y.M.C.A. yesterday afternoon took the form of a railroad men's meeting and sixteen out of the fifty employees of the G.T.R. and C.P.R. were present. There was a total attendance fifty-eight.

Mr. E. M. Cooke, Railroad Y.M.C.A. secretary from East Toronto, had charge of the meeting and delivered a most helpful and interesting address on the railroad work of the Y.M.C.A. A hearty song service preceded the address.

Mr. Cooke said he was glad to greet such a large proportion of the few railway men in Peterborough. He was always sure of railway men's sympathy. Few realised the importance of our railway men, the arduous duties of railway men and the work of the Y.M.C.A. on their behalf. Last year the trains of this country ran fifty millions of miles; thirty million tons of freight were carried and eighteen million passengers. Travelling was safe, only four passengers were reported killed last year. Two hundred thousand people were directly interested in railways. Last year it required fifty million dollars to run the railways.

Railway men are a neglected class. The speaker said, as a class, there were no nobler beings on earth. It was a false conception that a railroad man was necessarily a tough. The Y.M.C.A. has done a great work for these men during the past twenty-five years. There are now 130 Railroad Associations on the continent. Four of these are in Ontario, one in Quebec and two in Nova Scotia. The railway corporations contribute $150,000 annually to this work. They find it has paid. Club rooms were tried by them years ago to help their men. They had failed, while the Y.M.C.A. had been a success. There were 30,000 men connected with these associations. The railway men were clannish; the Y.M.C.A. however recognised all classes.

Mr. Cook concluded by making a pointed application of his remarks. While there were classes among railway officials and others, yet all men were the same in God's sight. "All had sinned." Jesus Christ came to bring life and light to men. His way was plain, yet many stumbled and made excuses. Now was the time to decide for the future. "To-day is the day of salvation."

DAILY TEMPERATURE RECORD

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

	Highest.	*Lowest.*
To-day, 7 a. m.....	17° above zero	
Yesterday.....	33° above	13° above

The Great Fire at the Windsor, N.Y., Was an awful calamity, but cannot be remedied. Now Catarrhozone can remedy and is a positive cure for catarrh and kindred dreaded diseases. This statement is backed up by bushels of testimonials, which we have and can produce. Snuffs, ointments, washes, &c., have been proved useless in giving relief or curing catarrh, bronchitis, irritable throat, nasal and ear passages, but Catarrhozone, the ozonated air cure, does not only give immediate relief, but effects a permanent cure. Why delay? Send at once for sample bottle and inhaler, 10 cents. Outfit $1.00.

Millinery.

Turnbull's Millinery Stock is now complete with every novelty in Shapes and Trimmings suitable for Easter; and their thoroughly competent staff are ready to execute your orders—but you should call early in the week if possible, as they are sure to be very busy towards the close.

Mantles.

We are showing Neat German Spring Mantles, our own importation at Special Prices.

Dress Goods

When we say our stock of Dress Goods is complete it is sufficient, except to perfect strangers, as we are known to carry the best and newest range in the trade and always at the lowest market values.

J. C. TURNBULL.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANADA,** has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 93/100 dollars ($1264 93) from *The Sun Life Assurance Company of Canada to cover Policy No.* 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

Solicitors for Applicants.

Dated at Toronto this 6th day of March, 1899.

Cheese Boxes for '99

I am again in a position to manufacture CHEESE BOXES on a large scale, having built a large, New Factory, convenient to C. P. R. station; the old machinery having been burned last summer, I have replaced it with New and Up-to-date Machines for making Cheese Boxes and cutting Shingles. This factory has a capacity of 100,000 boxes in one season, placing is in a position second to none in the province.

I have already between two and three hundred cords of Bolts on hand to be cut into headings before the season opens.

All orders for Boxes sent in early will receive prompt attention.

ROBT. ARNOTT,
Peterborough, Ont

SNOW WHITE LINEN

One reason our Laundry is always done well is because we never hurry. Always take plenty of time and never slight our work for the sake of doing a little more. The consequence is we always do good work, always have pleased customers. Give us a fair trial and we will convince you. Phone or post and brings our team.

Peterborough Steam Laundry,

Orders may be left at Shop 126 Hunter Street, 12 Harvey Street, or 304 Water St.

DUNCAN & GREY

DANGER AVERTED.

If a man should cross a deadly snake in his pathway, he would quickly crush it beneath his heel before it could sink its poisonous fangs into his flesh. He would not step out of the way and temporize with the dangerous reptile. And yet how many people are there who temporize with a

still more deadly enemy — consumption. Like a silent serpent, it glides along almost unnoticed. First a cold, or sore throat, then a slight cough, then catarrh, then bronchitis, then bleeding from the lungs and finally death. The way to crush out the threatening evil is to fortify the system and purify the blood with Dr. Pierce's Golden Medical Discovery. Every weakness and abnormal condition that precedes consumption is cured by this non-alcoholic remedy. At the first sign of derangement of stomach, liver and blood, look out! It is only a question of time until the lungs will be attacked through the impure blood, and then the danger will be most deadly.

It should be known to every sick person that Dr. R. V. Pierce will give carefully considered, fatherly, professional advice by mail to all who write him at Buffalo, N. Y. No charge or fee of any nature is asked.

"I am a railroad agent," writes I. B. Staples, Esq., of Barclay, Osage Co., Kans., "and four years ago, my work keeping me in a warm room and stepping out frequently into the cold air, gave me bronchitis, which became chronic and deep seated. Doctors failed to reach my case. A friend advised me to try Dr. Pierce's medicine. I commenced taking 'Golden Medical Discovery' and by the time I had taken the first bottle I was better and after taking four bottles my cough was entirely gone. This was a year ago last winter; and again last winter I took about three bottles to prevent a return of the trouble."

An honest dealer will not try to persuade you to take a worthless substitute in place of the "Golden Medical Discovery" for the sake of a little added profit.

ON THE YUKON.

Mr. Davin Fiercely Attacks the Administration—Mr. Rufus Pope's General Attack on the Government.

Ottawa, March 25.—Not to be outdone by his leader in the length of his speech, Mr. Davin yesterday spoke for four and a half hours to an almost empty House. He was succeeded by Mr. Rufus Pope, who took up the remainder of the night, so that the whole day was taken up by these two members. Mr. Davin bitterly attacked Mr. Sifton, making charges of maladministration in the Yukon and insinuating that Count Tolstoi or someone else was making a profit out of the immigration of the Doukhobors. Mr. Pope made a general attack upon the Government.

The Speaker informed the House that official information had been received of the election of Mr. Louis G. Demers for the electoral division of Levis.

POPULAR HANSARD APPOINTMENTS.

The House to Adjourn on the 30th Till April 4.

The debates committee at its first meeting yesterday morning elected Mr. Beaumoleil chairman, in place of Mr. Choquette, who was elevated to the bench since last session, and made two good appointments. Mr. George Simpson, Ottawa correspondent of The Globe, was appointed to the staff of the official debates in place of the late Dr. Bradley, and Mr. Walter Boyce was appointed editor of the debates in place of his father, the late C. J. Boyce. Both these appointments were unanimous, and they will both give general satisfaction.

Mr. Taylor gave notice that he will ask whether there has been any correspondence between the British Government and the Government of Canada or any members thereof relative to the Island of Anticosti during the year 1898.

Sir Wilfrid Laurier gives notice that he will move on Tuesday next that when the House adjourns on Thursday next it stand adjourned to Tuesday, April 4.

Mr. Gillies gives notice of the following resolution: "That in the opinion of this House the present high duties upon tobacco should be reduced."

Mr. Beattie gives notice of a bill to amend the act respecting the sale of railway passenger tickets, better known as the Anti-Ticket Scalping Act.

THE SENATE.

Ottawa, March 25.—Yesterday a bill was introduced and read a first time to grant relief to David Stock in his divorce case by remitting the fees. In answer to Senator Perley, Hon. David Mills said that no meeting of the Privy Council was held in New York. The Senate adjourned till April 11.

That Throbbing Headache.

Would quickly leave you, if you used Dr. Kilmer's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headache. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by J. Lynch, Druggist.

The Cricket's Chirp.

The variation of speed in the chirping of crickets depends so closely on temperature that the height of the thermometer may be calculated by observing the number of chirps in a minute.

At 60 degrees F. the rate is 80 chirps a minute, at 70 degrees F. 120 per minute and the rate increases four chirps to the minute with a change of one degree.

Below a temperature of 50 degrees F. the cricket is not likely to make any noise.

The value of all the gold, silver, copper, lead, coal and land mined every year in America is exceeded by the value of the forests. Even the common weed, pitch, crop is less in value than the forest products.

Two Soldiers of A Battery on Restricted Rations.

FROM GUELPH TO GODERICH.

The G.T.R. Double Track Between Chicago and Sarnia—Kingston and Brockville Ladies Vested With the White Veil—Canadian Teachers Shut Out of Detroit—Consumption in France.

It is again stated that Li Hung Chang is about to return to power in China.

At San Francisco on Friday night McCoy defeated Choynski in 20 rounds.

The Premier of New Zealand says the colony will have a surplus this year of $3,000,000.

Grand Trunk Railway system earnings, March 15 to 21, 1899, $479,018; 1898, $458,470; increase, $35,548.

The Pope has decided that the Roman Catholic Church in New Zealand shall be entrusted with powers of real administration.

There was a fire in the tinshop in rear of Vantingle & Fairbanks' hardware store in Petrolea on Friday morning. Damage light.

France loses yearly 150,000 consumptives; Paris alone, 12,000. Dr. Armaingaud has just organized a league to combat the disease.

Mr. George Simpson, Ottawa correspondent of The Globe, has been appointed to the Hansard staff in place of the late Dr. Bradley.

John Dryden and George Goodall, accused of stealing $200 from Hotelkeeper Flanagan of Newmarket, were sent down to stand their trial in Toronto.

Chris Broome, Hamilton, a switchman at the G.T.R. yards at Stuart Street Station, had his hand badly crushed on Friday afternoon while coupling cars.

There is a possibility that the double-tracking of the Chicago & Grand Trunk Railway between Chicago and Port Huron will be commenced this season.

Mr. John Sherman has been safely moved from the American Line steamer Paris to the quarters prepared for him on board the United States cruiser Chicago.

For stealing bone toothpicks and a gun Charles Puttoch and George Smith of Galt got respectively one year in the Central Prison, and one month in jail at hard labor.

The Detroit Board of Education has shut out Canadian teachers by passing this rule: "No person except a citizen of the United States will be eligible to employment by this board."

The Paris Journal says it learns that M. Jules Cambon, French ambassador to the United States, will soon be appointed ambassador to Italy, to succeed M. Nisard, who is about to resign.

Joseph Wright, colored, was hanged in the jail yard at Chester, Md., on Friday. Wright shot William Newcomb, an aged colored man, on the night of Nov. 5, 1897, killing him almost instantly.

Hospital Sergeant Cotton and Orderly Williams of A Battery have been placed on 28 days' diet to test a new preparation which can be so packed as to allow ten days' provisions for each to be carried.

A petition is being circulated in Goderich, Guelph and the municipalities between these points to secure an extension of the C.P.R. from Campbellford to Goderich. The petition is addressed to Sir Wilfrid Laurier.

Rev. Ira Smith of the Baptist Church, London, tendered his resignation on Wednesday night. It was decided to accept the resignation. It is understood that the reverend gentleman will settle in New Brunswick.

Details of the wholesale lynchings reported to have occurred in Little River County, Arkansas, are slow in coming in. Three more dead negroes have been found in Red River locations between New Boston, Texas, and Rocky Comfort, Ark.

The Grand Trunk Railway Company has taken an action in warranty for $22,500 against Joseph J. Thompson, contractor, of Hamilton, Ont. The suit arises from that of George P. Magann, contractor, of Toronto, against the company, for the same amount.

The Crescent Athletic Club on Friday completed its matches for the big boxing show in the Pavilion, Toronto, on Good Friday night, as follows: Ed. Lenny of Philadelphia v. Harry Forbes of Chicago, 20 rounds; Bobby Thompson v. Oliver Brown, ten rounds, and Archie McEachern v. Fred. Bird, six rounds.

Miss Lillie Gauthier of Alexandria, niece of Archbishop Gauthier of Kingston, and Miss M. A. Hayes of Brockville were vested with the white veil at the House of Providence, Kingston, on Thursday. The former's religious name is "Sister Mary of the Most Precious Blood," the latter "Sister Mary of Calvary." Miss McIntosh was also invested with the holy habit at the same time.

The Great Northern Railway.

Montreal, March 25.—Messrs. Ross, Barry & McRae, who are now here, have completed their arrangements for undertaking 88 miles of the Great Northern from a point north of Three Rivers to Hawkesbury, also the bridge on the Ottawa. The engineers will start out next week. The contractors have purchased 12,000 tons of steel rails from James Cooper & Co., and awarded the contract for 8,000,000 pounds of steel bridge superstructure for the Great Northern to the Dominion Bridge Company of Lachine, and the Hamilton Bridge Company.

MARKET REPORTS.

Wheat Jumped Two Cents on a Scramble of Shorts to Cover—The Latest Quotations.

Liverpool, March 25.—Wheat futures yesterday closed 1-8d per cental below Thursday's final figures.

Chicago, March 25.—Wheat futures yesterday covered a wide range. The May option opened weak and declined over half a cent below Thursday's close, then rallied over two cents, closing nearly a cent and three-quarters above Thursday's final figures. The July option fluctuated along the same lines. The sharp rise occurred late in the day on a scramble to cover on the part of shorts, caused by crop damage reports and another cold wave in the west.

The Pegley's Trial.

London, Ont., March 25.—At the trial of Marion Brown yesterday Thomas Basham, the jailor from Georgetown, Texas, told how Brown had escaped from the jail there. Four prisoners had started a pretended fight, and the witness went in to stop them. Brown pulled the witness' revolver from his belt and escaped, locking the turnkey in his cell. Other witnesses examined identified the prisoner as the one-legged man they saw on the night of Policeman Toohey's murder.

Strong Words TO Weak Men FREE

How can a weak, devitalized man physically meet the responsibilities of life? If he trusts to quacks and experimentors he is gone in health and purse.

If he, in honor and honesty, writes to us, we send back to him, without advance payment or C.O.D., one month's trial treatment, by the very best specialists, and a developing apparatus for toning and upbuilding. No cheap little tablets and crude, vulgar contrivance. Ours is the scientific treatment of original investigators, and if you are not satisfied, return without cost to you. If it proves just what you have been longing for, you keep it and pay our reasonable price. It has cured thousands and established robust vigor. It will cure you. In honor we offer it, with priceless information,

FREE TO WEAK MEN.

Erie Medical Co., Buffalo, N.Y.

We pay Canadian duty. No delay, no exposure.

"LIKE MAGIC."

The way in which Mr. Joseph Wray says Laxa-Liver Pills acted in curing his Indigestion.

Stomach out of order.
Food lies heavy as a stone.
Pain and distress after every meal.
Belching of wind and sour mouthfuls coming up.
Head feels heavy, and life has no brightness.
These are some of the miseries of Indigestion and Dyspepsia.
Some of the troubles that Laxa-Liver Pills can rid you of more quickly and completely than any remedy known.

MR. JOSEPH WRAY, Fulton Brook, Queens Co., N. B., says they acted like magic in his case.

This is his statement:

"I suffered a great deal from indigestion, and was unable to obtain relief, until one day a friend gave me a dose or two of Laxa-Liver Pills which acted like magic.

"I at once procured a supply from my dealer, and am now enjoying a benefit that I could never get from any medicine before." Price 25c. at all druggists.

STILL IN BUSINESS

AT THE OLD STAND.

J. L. Blaikie, President.

Wm. McCabe, F. I. A. Manag'r. Dir'r't

This financial institution is acknowledged by all to be one of the soundest on the continent. Its record in 1898 was quite in accord with its unexcelled success in previous years:

Policies issued amounted to over	$ 4,000,000
Insurance in force to over	20,000,000
Cash Premium Income	650,000
Cash Interest Income	192,433
Total Assets over	3,127,000
The Net Surplus	474,000

Last year the interest earnings alone exceeded in amount the Death Claims—a remarkable fact.

Early Accidents

Cause Lifelong Suffering.

A Case that is Causing Talk.

When a lad about eight years of age I fell into a cellar a distance of ten feet, striking on my head, and causing concussion of the brain. I was taken to a London, Eng., Hospital, the first seven days not recovering consciousness. I am now 35 years old and from the time of my accident until I began taking Dr. Ward's Pills five months ago I had been subject to fainting spells, never being more than two weeks without an attack of fainting. As I grew older these spells became more frequent, lasted longer, and left me with less vitality. I was weak, had no strength or stamina, always very low-spirited and down-hearted; imagined that every thing and every person was going against me, and life only had a dark side for me. My appetite was poor most of the time, but I am now happy to say that, since taking Dr. Ward's Blood and Nerve Pills, I have only had one fainting spell, shortly after I began taking them, so I have no hesitation in saying that Dr. Ward's Pills cured me. Before taking these pills I always looked for a fainting spell not more than two weeks apart; now, I would be greatly surprised at a recurrence of these spells. Life is now bright—the constant, morbid, down-hearted feeling is gone, being replaced by a contented, hopeful feeling. I feel like working. My appetite is good, and in every respect I have experienced the health and strength restoring properties of Dr. Ward's Blood and Nerve Pills. They certainly have proved a great blessing to me. Yours truly, (Signed), Thomas Stanton, Brighton, Ont.

Dr. Ward's Blood and Nerve Pills are sold at 50c. per box, 5 boxes for $2.00 at druggists, or mailed on receipt of price by The Doctor Ward Co., Limited, Toronto.

HE KEPT THE SEAT.

But It Was Worth What the Other Man Paid For It.

A man who had not been to church for a very long time, says a London exchange, finally harkened to the persuasions of his wife and decided to go. He got the family all together, and they started early. Arriving at the church, there were very few people in it and no pew openers at hand, so the man led his family well up the aisle and took possession of a nice pew.

Just as the service was about to begin a pompous looking old man came in, walked up to the door of the pew and stood there, exhibiting evident surprise that it was occupied. The occupants moved over and offered him room to sit down, but he declined to be seated. Finally the old man produced a card and wrote upon it with a pencil.

"I pay for this pew."

"He gave the card to the strange occupant, who, had he been like most people, would have at once got up and left. But the intruder adjusted his glasses and with a smile read the card. Then he calmly wrote beneath it:

"How much do you pay a year?"

To this inquiry the pompous old gentleman, still standing, wrote abruptly:

"Ten pounds."

The stranger smiled as though he were pleased, looked around to compare the pew with others, admired its nice cushions and furnishings and wrote back:

"I don't blame you. It is well worth it."

The pompous old gentleman at that stage collapsed into his seat.

No Deadheads There.

I heard a good story that comes from a little town in the northern part of the state. Among the members of the Methodist church at that place is an old railroad conductor who has been retired from the business for ten years or more. During the morning service at his church not many Sundays ago the old railroader was called upon by the minister to assist in taking up the collection—one of the stewards who usually helped in that work being absent.

The retired railroader started down the aisle with the contribution basket and passed it around like an old hand at the business. Everything passed off smoothly until he came to a good old brother who had nodded himself fast asleep, and just as he was about to pass by him he was suddenly overcome by the force of habit acquired in his railroad days. Giving the sleeping brother a dig on the shoulder with the basket, he blurted out:

"Ticket, please!"—Ohio State Journal.

To Cure a Cold in One Day.

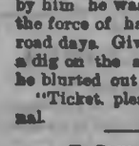
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Quaintly Expressed.

Lady Dufferin, in her reminiscences, gives some instances of the variations of the English language as she is spoke by the learned baboo, whose European education has given him a little knowledge which is dangerous. The gratification expressed in the following sentence has something pathetic in it: "You have been very good to us, and may Almighty God give you tit for tat."

A small piece of paraffin wax, which melts and spreads in an airtight layer over the surface of the liquid, is found by a German chemist to prevent change in the taste of milk on boiling.

Before. After. **Wood's Phosphodine,**



The Great English Remedy. Sold and recommended by all druggists in Canada. Only reliable medicine discovered. Six package guaranteed to cure all forms of Sexual Weakness, all effects of abuse or excess, Mental Worry, Excessive use of Tobacco, Opium or Stimulants. Mailed on receipt of price, one package $1, six, $5. One will please, six will cure. Pamphlets free to any address. The Wood Company, Windsor, Ont.

Wood's Phosphodine is sold in Peterborough by John Nugent, druggist.

THE WILY COMEDIAN.

His Experience With a Contract, a Legal Fee and an Opinion.

A certain comic opera comedian makes no end of money, and scorns anything like ostentatious recklessness in the spending of it. He is almost morbid on the subject, in fact—you know how sensitive the artist nature is—and there are those who say that he goes to evening instead of morning service, so that he may have the use of the money he drops into the box a little longer. This is by way of explaining to you the grief which befell him in Cleveland.

Somebody had played an engagement at a certain theater and had received a frigid reception, which stage people call a frost. The comedian wasn't going to run any risks. He wouldn't play at the theater unless a certain amount of money was promised him. The manager of the theater offered a very large percentage of the receipts, but, oh, dear no, the wily comedian wasn't going to be caught by any such chaff as that. He insisted upon a lump sum regardless of receipts. The sum was guaranteed, the contract signed. The comedian came to town, and strolling, as if by chance, into the box office, asked how the house was selling.

"Oh," said the ticket seller, "we sold every seat in the house ten days ago!"

The comedian's blood boiled.

"Would," said he to himself—"oh, would that I had accepted the percentage! It would have been double what I get now."

It was too late, however, to rely on simple woulding to change matters, so he sought the foremost attorney of the town, showed him the contract and expressed his desire to break it and abide by the customary percentage plan. Before the attorney would consent to express an opinion the question of fee came up, and the comedian handed him $500. The man at law then took the contract and examined it.

"My dear sir," said he, "that contract can't possibly be broken. I drew it up myself."

I don't know what the temperature of Cleveland according to the government report was that day, but in the neighborhood of that comedian things fairly sizzled.—Washington Star.

A LONDON CASE.

Proving the value of Dodd's Kidney Pills in Kidney Disease.

London March 20—Mr. Charles Dean, stableman at the City Hotel, comes forward to add his quota to the mass of evidence in favor of Dodd's Kidney Pills.

Mr. Dean states that he had for three years suffered from severe cutting pains in the small of his back. At times they were so great that he had to lie down to get relief.

Several remedies were used without benefit. A doctor prescribed for him, saying his kidneys were affected, but no good resulted.

Finally he took a friend's advice and used Dodd's Kidney Pills. The usual result followed. Three boxes cured him out and out.

JEWELRY JOTTINGS.

Jeweled lace wings represent a promised innovation in corsage and coiffure ornamentation.

Sun, moon and stars of gold on a blue enamel background furnish a pretty design for sleeve link buttons.

China or cut glass ice cream platters are among pieces of the table service that are now provided with pierced silver frames.

Some fascinating little gold wire safety or skirt pins bear a tiny toad in olivines, a crab in pearls and diamonds, or the like.

Pave work in pearls, turquoises and brilliants holds an unfailing charm and is increasingly employed in watches, lockets, pendants and brooches.

Moss agates are the latest things talked of in semiprecious stones among those who follow French fashions closely. The peculiar form affected just now is a moss agate heart surrounded with diamonds.—Jewelers' Circular.

Is My Blood Pure?

This is a question of vast importance to all who wish to be well. If your blood is impure you cannot expect good health, unless you begin taking Hood's Sarsaparilla at once. This great medicine makes the blood pure and puts the system in good health, cures spring humors and that tired feeling.

Hood's Pills cure nausea, sick headache, biliousness and all liver ills. Price 25 cents.

Natural Antidote For Poisons.

The liver has long been recognized as a powerful annihilator of poisons. The digestive system of animals produces ptomaines which would be deadly in their effect except for the work of the liver, and the bile of animals has been tried as a direct antidote to snake venom with success. It was mixed with the venom and the mixture was injected into the circulatory system of rabbits. The bile of snakes was found most effective against their own venom. It is another instance of the antidote being found in company with the poison.

His Iron Nerve.

"Wiggins has a wonderful control over his feelings."

"Think so?"

"Yes. I met him coming out of the county treasurer's office just after he had paid his taxes, and he laughed and chatted as if nothing unusual had occurred."—Ohio State Journal.

He Understood.

"Now, Johnnie, do you understand thoroughly why I am going to whip you?"

"Yes'm. You're in a bad humor this morning and you've got to lick some one before you feel satisfied."—Tit-Bits.

A holy life has a voice; it speaks when the tongue is silent and is either a constant attraction or a perpetual reproof.—Hinton.

According to our insanity returns, 16 cases in 1,000 are caused by love affairs.

A Frightful Blunder.

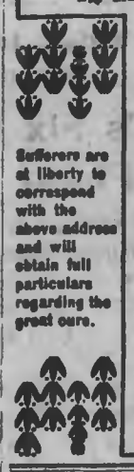
Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cents a box. Cure guaranteed. Sold by J. Lynch, Druggist.

Children Cry for

CASTORIA.

Rev. J. N. Vanatter, of Albion, Wis.

WRITES A LETTER ON DR. CHASE'S OINTMENT.



Sufferers are at liberty to correspond with the above address and will obtain full particulars regarding the great cure.

He says: My wife was most terribly afflicted with protruding piles, and contemplated a surgical operation. A friend of ours recommended the use of Dr. Chase's Ointment, and less than one box effected a complete cure. We were so pleased with the ointment that I tried it myself, as I have been troubled with an unsightly skin affliction which covered the lower part of my face.

For 25 years I suffered untold agony, and was treated by the best medical skill in the United States. I consider Dr. Chase's Ointment worth its weight in gold for piles and skin disease.

Dr. Chase's large-size recipe book, cloth-bound, sent to any address on receipt of 50 cents, by addressing Dr. Chase's Company, Toronto or Buffalo, N.Y.

CANINE REMORSE.

A Mastiff Kills a Little Greyhound. Disappears and Never Returns.

A gentleman from Indiana county, who is absolutely reliable, related a dog story which would seem to indicate that a dog can suffer keen remorse. "A few years ago," he said, "I owned a fine, big mastiff, which I had reared from puppyhood and who was intelligent and faithful. He was extremely good natured and seemed to exercise the most considerate care in playing with children or smaller dogs not to hurt them.

"When I had kept the mastiff for several years, I became the possessor of a delicate little Italian greyhound. The mastiff treated him as one of the family and never abused him, but the little greyhound considered himself a dog of superior breed and too aristocratic to associate with the mastiff. He would snap and snarl at the mastiff when he came near, and when the dogs were fed the little greyhound would attempt to drive the mastiff away. This continued for some time, until one day after the greyhound had eaten the quantum of food thrown to it it ran up to the mastiff, snapped it on the leg and attempted to take its food. The mastiff looked at it for a second, and then, as if it had concluded that it was time to teach the impudent little greyhound a lesson, grabbed it by the neck and gave it a little shake. When he dropped it, the greyhound lay limp and lifeless. His neck had been broken. Brag—that was the mastiff's name—looked at the dead dog as if sincerely sorry for what he had done. He tried to make him get up, and when the little greyhound was taken off and buried he went along and took great interest in the proceedings.

"Seeing that the mastiff was much disturbed over what he had done, I spoke to him kindly, patted him on the head and tried to cheer him up, supposing that he would forget all about it in a few minutes. But I was mistaken. The dog slunk away and never returned. That was nearly three years ago and I have never heard of the mastiff since. I can account for his actions in no other way than that he was overwhelmed with remorse and shame for what he had done."—Punxsutawney Spirit.

The Child Afraid of the Dark.

A timid child cries when he is put to bed because he is afraid of the dark. The "soft hearted" parent stays with him simply because he is sorry for him and wants to comfort him. The scientifically trained parent stays with him because he realizes that the child is passing through a phase of race development in which his imagination has the best of him. It is impossible to reason him out of demonology because his logical faculties are not developed. After all, these two parents, wide apart in point of view, act much the same, and very differently from the pseudo scientific parent, who acts from dogmatic conviction and is sure he is right. He talks of developing his child's self respect and good sense and leaves him to cry himself to sleep, demanding powers of self control and development which the child does not possess.—Jane Addams in Atlantic.

LUCKY DEUCE OF SPADES.

Remarkable Run of Luck, but All For the Other Man.

One by one the old superstitions are being torn from us. People nowadays walk ostentatiously under ladders and suffer no evil consequences. Friday is quite a popular day for the commencement of a long journey, and sitting down 13 at dinner is frequently unattended with untoward results. A deeply rooted superstition among card players is a belief in the lucky properties of the two of spades. The present writer's faith, however, was severely shaken by a phenomenal coincidence which occurred only a few days ago.

Sitting down to a game of whist, he thoroughly shuffled both packs of cards, and happened to notice that the two of spades was the bottom card of one of the packs.

"This ought to bring me luck," he remarked to his friends.

He then took up the second pack, and was astonished to find that the two of spades was also at the bottom of that. Words failed to express his amazement when, in drawing for partners and deal—the cards had been shuffled again—he once more drew the two of spades.

The odds against this triple event occurring must be enormous, but more was to follow. The deal fell to the writer, and the turn up card was the inevitable two of spades!

After this the dealer felt justified in believing he was in for a good evening. As a matter of fact, he lost six rubbers in succession.—London Mail.

An Original Oath of Allegiance.

In the old days when the Spanish province of Aragon was a proud and independent monarchy the people used, when choosing their king, the following singular form of election:

"We, the freeborn inhabitants of the ancient kingdom of Aragon, who are equal to you, Don Philip, and something more, elect you to be our king on condition that you preserve to us our rights and privileges. If in this you should fail, we own you for our king no longer."—Harper's Round Table.

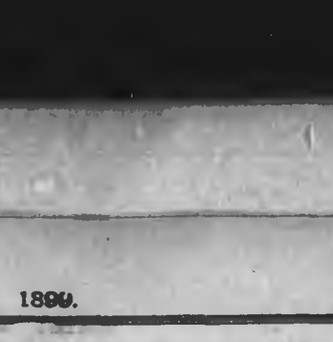
Mr. G. O. ARCHIBALD'S CASE.

Didn't Walk for 5 Months. Doctors said Locomotor Ataxia.

Milburn's Heart and Nerve Pills Cure a Disease hitherto regarded as Incurable.

The case of Mr. G. O. Archibald, of Hopewell Cape, N.B., (a cut of whom appears below), is one of the severest and most intractable that has ever been reported from the eastern provinces, and his cure by Milburn's Heart and Nerve Pills the more remarkable from the fact that he was given up as incurable by worthy and respected physicians.



The disease, Locomotor Ataxia, with which Mr. Archibald was afflicted is considered the most obstinate and incurable disease of the nervous system known. When once it starts it gradually but surely progresses, paralyzing the lower extremities and rendering its victim helpless and hopeless, enduring the indescribable agony of seeing himself die by inches.

That Milburn's Heart and Nerve Pills can cure thoroughly and completely a disease of such severity ought to encourage those whose disorders are not so serious to try this remedy.

The following is Mr. Archibald's letter:

MESSRS. T. MILBURN & CO.—"I can assure you that my case was a very severe one, and had it not been for the use of Milburn's Heart and Nerve Pills I do not believe I would be alive to-day. I do not know, exactly, what was the cause of the disease, but it gradually affected my legs, until I was unable to walk hardly any for five months.

"I was under the care of Dr. Morse, of Melrose, who said I had Locomotor Ataxia, and gave me up as incurable.

"Dr. Solomon, a well-known physician of Boston, told me that nothing could be done for me. Every one who came to visit me thought I never could get better.

"I saw Milburn's Heart and Nerve Pills advertised and thought I would try them anyway, as they gave more promise of helping me than anything I knew of.

"If you had seen me when I started taking those wonderful pills—not able to get out of my room, and saw me now, working hard every day, you wouldn't know me.

"I am agent for P. O. Vickey, of Augusta Maine, and have sold 300 subscribers in 80 days and won a fifty dollar prize.

"Nothing else in the world saved me but those pills, and I do not think they have an equal anywhere.

"The seven boxes I took have restored me the full use of my legs and given me strength and energy and better health than I have enjoyed in a long time."

G. O. ARCHIBALD.

Hopewell Cape, N. B.

In addition to the statement by Mr. Archibald, we have the endorsation of two well-known merchants of Hopewell Cape, N. B., viz.: Messrs. J. E. Dickson and F. J. Brewster, who certify to the genuineness and accuracy of the facts as given above.

Milburn's Heart and Nerve Pills are 50c. a box, or 3 for $1.25, at all druggists, or sent by mail. T. Milburn & Co., Toronto, Ont.

Imp'ting Jeweler. Practical Optician

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

The PICKHARDT RENFREW CO., Stouffville, Ont. LIMITED.

PRESBYTERIAN YOUNG PEOPLE.

Annual Report of the Executive Committee on the Endeavour Work.

Rev. A. C. Reeves, of Lakefield, convenor of the Executive Committee of the Young People's Societies of the Presbytery of Peterborough, presents the following report for the year:—

In presenting the report of the Young People's Societies, I desire to thank those societies which sent in their statistics for the year now closed.

This year 22 societies reported as compared with 19 last year. On the whole the membership of the Young People's Societies—the great majority of which are C. E. Societies—has increased. The number reported this year is 781; last year 667, an increase of 64. The contributions for the different schemes this year amounted to to $220; last year $120, an increase of $100. Contributions for all purposes this year amounted to $555; last year $454, an increase of $111.

Nearly all of the societies have adopted the General Assembly's plan of study. Not anything striking is reported regarding new methods of conducting meetings. One society reports having decided against the discontinuance of their meetings during the hot weather. Another society reports entrusting the conduct of the meetings occasionally to different committees. In the matter of practical work done outside of the congregation, the chief work is that of supporting a Presbyterial Missionary in the North West. The answers to the question "What practical work is done within the congregation?" are varied. The following are some of these in substance:—

Contribute yearly towards the ringing of the church bell.
Furnish teachers for the Sunday school.
Take charge of prayer meeting in absence of pastor.
Decorate the church with flowers.
Send flowers to the sick.
Help to reduce the debt on the church.
Renovated session room.
Supply ushers for the church.
Help board of management to supply church with Book of Praise.
Keeping visitors at church supplied with hymn books.
Distribute literature, and also send some to needy places out west.

Taking the reports as a whole they are full of encouragement. Several societies reported that they had become disorganized during the year, but that they were hopeful of starting up with renewed life this year. From only three pastoral charges was no report of any kind received, viz.: Bethesda, Bobcaygeon and Havelock.

In looking more in detail at the work done and comparing one society with the other we notice that the relative standing of the different societies is as follows (first three are alone mentioned):—

Total membership—St. Andrew's, Peterborough; Keene, Cobourg.

Active members—St. Andrew's, Peterborough; Lakefield; St. Paul's, Peterborough.

Associate, or other members—Keene, St. Andrew's, Peterborough; Campbellford.

In full communion with church—St. Andrew's, Peterborough; Lakefield and Baltimore.

Increase is reported in only five societies, viz., Keene, Westwood, Lakefield, Omemee and Garden Hill.

Regarding the proportion of young men and young women, the former are in the minority as one would naturally expect, the figures standing 233, 418. Only one society, Westwood, reports a majority of young men. In another society, Janetville, the members are equal.

Only one Junior C. E. is reported, viz., Keene.

The schemes of the church shared as follows:

Home Missions	$104 00
Augmentation	71 00
French Evangelization	
Foreign Missions	20 00
Colleges	7 00
A and F M Fund	1 00
W and O Fund	
General Assembly Exp Fund	

Other objects—Sick Children's Hospital at Toronto, County C. E. Union.

In closing this report we may say that we look forward with hope and confidence to the future, and trust that the year 1899 will be better than any preceding.

A. C. REEVES,
Convenor of Com.

CHURCH CHIMES.

The evening anthem in St. Paul's church was entitled "Fear not, O Land"—Maker.

At a baptismal service in the Park street Baptist church yesterday three were immersed.

Mrs. George Gobeen sang, as a solo, "Jesus Changeth Not," in the Park street church last night.

Miss Falconer sang "Consider the Lilies," in St. Andrew's church, yesterday morning. The selection was sung in remarkably clear voice.

As a morning anthem St. Paul's choir sang "Saviour whom I fain would love." The solos were well taken by Miss Mary Paterson and Mr. Jas. Dawson.

Rev. Jos. Munt, of Kinmount, occupied the pulpit in the Park street Baptist church yesterday morning. Mr. Munt was formerly captain of the Saved Army in Peterborough.

The anthem "Praise ye the Lord" was rendered by the George street choir in excellent style at evening service. By request Miss C. Bellingham sang "Almost Persuaded," in an effective manner.

A quartette, composed of Mrs. Seward, Miss Rackham, Herbert Morphet and Rev. E. V. Stevenson, gave a fine rendering of "The Palms" at both the morning and evening services in St. John's church yesterday.

This being Holy Week a slight alteration has been made in the services at St. John's church. To accommodate those who cannot attend in the afternoon the services on Monday, Wednesday and Friday will be at 8 p.m., when "The Story of the Cross" will also be sung. The services on Tuesday, Thursday and Saturday will be held at 5 p.m.

The series of evangelistic meetings at Bethany Tabernacle continue with unabated interest. Last night the building was crowded and extra seating accommodation had to be provided. Pastor Philpott, of Hamilton, had charge of the services. Rev. Mr. Munt was present and also took part. The meetings will continue each evening this week, with Bible readings on Tuesday and Thursday afternoons.

ST. LUKE'S CHURCH NOTES.

The notices in St. Luke's church yesterday had reference mostly to the services of the week and of Easter Sunday. There will be, as usual, a short service at 5 o'clock on Monday, Tuesday, Thursday, with an address. On Wednesday evening service will be at 8 p.m. On Good Friday there will be two services—at 11 a.m. and at 3 p.m., respectively. The latter service will take the form of a preparatory service for the Easter Communion.

On Easter Day there will be two celebrations of the Holy Communion—at 8 a.m. and at the close of the 11 o'clock service. The subject of the evening sermon will be "Immortality." The choir will render special music, and the church will be decorated as usual Contributions of cut flowers, and the loan of pot flowers, will be gratefully acknowledged, and may be sent in on Saturday afternoon.

The Visiting Chapter of the Guild meets this afternoon, and the Decoration Chapter will meet on Tuesday afternoon. The Woman's Auxiliary will hold their monthly business meeting on Wednesday afternoon.

A junior branch of the W. A. has been formed in the parish, with Miss Helen Rogers as president. They are sewing for the Children's Aid Society of Peterborough.

RAILWAY NOTES.

Sparks From the Wheels—Cinders for the Eye.

In all 1,750,333 ties were laid last year on the Grand Trunk System, being an increase of half a million over 1897. Everywhere the main lines are being strengthened to bear heavier loads, 3,000 ties per mile being laid instead of 2,650 as formerly.

Mr. W. J. Piggott, formerly telegraph operator at the Lindsay station, is now in the despatching office at Allandale, and will be transferred to Lindsay in the near future.

Driver S. Shattuck, who will be remembered by many of the old employees on the Midland, was killed in a run-off on the Lake Shore road near Buffalo on Monday last. He was at one time engineer on the old Port Hope, Lindsay & Beaverton railway.

KIPLING'S BETTER.

Edmund Day in Detroit Tribune.

We're glad to hear you're better, Mr. Kiplin',
We heard as how you nearly passed away,
An' we didn't want to lose you, Mr. Kiplin',
We're glad you made your mind up for to stay.

You've kinder made your way among our people,
An' though you're mighty haughty in your looks,
You know just how to play upon our heart strings,
An' put real human natur' in your books.

We're glad to hear you're better, Mr. Kiplin',
For you're a man that knows the thoughts of men.
You catch the facts and fancies in their pass-in'
And chain them down to paper with your pen

To her as sat beside you, Mr. Kiplin',
A watchin' you a fightin' hard for life,
We tip our hats and bow in admiration,

And we send our lovin' greetin's to your wife

We're glad to hear you're better, Mr. Kiplin',
For men like you don't turn up every day,
We hope you'll learn to know and love us better.
We're glad you made your mind up for to stay.

An Enterprising Firm.

There are few men more wide awake and enterprising than J. Lynch, Druggist, who spares no pains to secure the best of everything in his line for his many customers. He now has the agency for Dr King's New Discovery, which surely cures Consumption, Coughs and Colds. This is the wonderful remedy that is now producing so much excitement all over the country, by its many startling cures. It absolutely cures Asthma, Bronchitis, Nausea, and all affections of the Throat, Chest and Lungs. You can test it before buying, by calling at the above Drug Store and get a trial Bottle Free, or regular size for 50c and $1. Guaranteed to cure, or price refunded

A Well Known Toronto Traveller Cured of Catarrh After Eight Years' Suffering.

JAPANESE CATARRH CURE CURES.

Mr. R. R. Fleming, the well-known and popular Toronto representative of Messrs. Ewing & Sons, Cost Manufacturers, Montreal, writes: "I have been a constant sufferer from a catarrh of a severe and most disagreeable type for eight years, which became worse each winter, in spite of the hundreds of dollars I spent with eminent specialists and many preparations, which only gave temporary relief. I tried Japanese Catarrh Cure about one year ago, and since completing this treatment have not had the least symptoms of my former trouble. A few months ago I recommended it to a friend similarly afflicted, and he is now in a perfectly healthy condition. I can highly recommend it to any person troubled with this most distressing disease."

Japanese Catarrh Cure relieves cold in the head in ten minutes, and is absolutely guaranteed to cure Catarrh of the Nose, Throat, Lungs, Stomach, Kidneys, Bowels, Blood, Nerves, Scrofula, Rheumatism, Piles, Eczema, Blood Poisons, Female Weaknesses, Kidney Diseases, Dyspepsia, Constipation and Liver Complaints. Japanese Catarrh Cure is sold by druggists, or sent by mail on receipt of price, $1. Large size, containing two months' treatment, $2. Address, The Griffiths & Macpherson Co., 121 Church St., Toronto.

RAPID GROWTH OF PINE.

Interesting Statements in the Public Accounts Committee.

Mr. Frank Halliday, Government Timber Agent at Parry Sound, was before the Public Accounts Committee Wednesday morning, and told the committee some things about reforestry that were interesting. His chief contention was that the greater part of the unsettled lands of the province, whence the timber had been taken, would reforest themselves in the course of 50 years. The fact that the ground had been burnt over, would not deter the second growth, coming to a merchantable size.

SIGNS OF SPRING AND EASTER.

Some Surprising Spring Specialties for Men, Young Men and Boys at H. LeBrun & Co.'s.

The approach of Spring and Easter bring into play thoughts of new clothing. The early spring holidays, beginning with Good Friday, remind gentlemen that their shabby winter attire must be changed for new spring styles. The question is—"Where to get suited?" Visit Messrs. H. LeBrun & Co., and you are at headquarters, where you have your pick from a heaping stock, and where price and style are of equal importance. Men's and young men's nobby spring overcoats, made to order on the premises, are awaiting your inspection, with a $13 price ticket, the best overcoat value in town. Stylish Suits made to order in faultless fashion from $12 to $18. These prices should come home to you. But LeBrun and Co's "Bargain Counter" runs all round the store. Low prices and good qualities are not neglected in ready-made clothing, in which you are certain of finding what you want at a lower price than similiar clothing is sold elsewhere. New Spring Tweed Suits $4, $5 and $6, well worth your critical eyes. New Spring Overcoat at $5, $6, $7 and $9, are rare makes. If they do not look the same at home as they did in the store, return them. Spring Suits for boys, bright new suits that wear long, fit neat, and look better than the general run. Mothers when out shopping should call in and see these nobby little rigs for boys in neat patterns from $1 up. We give Trading Stamps equal to five per cent. on all purchases, to encourage the cash system.—H. LeBrun & Co.

YOUNG'S POINT.

From Our Own Correspondent.

Mr. W. J. Young is still confined to his room, but is improving.

Mr. Thos. Sullivan and family moved back to Chandos on Thursday, 23rd inst., where they intend residing in future.

Mr. Jas. Carrol is confined to the house with an attack of rheumatism.

The men engaged taking out wood and logs for Mr. W. J. Young, on the north shore of Deer Bay, have completed their winter's work and have returned home again.

Mr. C. Young has a full force of men engaged in his saw mill the past three weeks. The planing mill is also running regularly.

The crows which appeared two weeks ago will have the la grippe by this time, owing to the severe weather lately.

There was excellent sleighing between here and Peterborough on Wednesday, 22nd inst., which is unusual this late in the season. Last year on the the 17th March, the farmers ploughed in this neighbourhood.

Mr. Chas. Carl, travelling for Northtop & Lyman, Toronto, paid the Point a visit last week.

It is better to preserve health than cure disease. Therefore, keep your blood pure with Hood's Sarsaparilla and be always well

For an Appetiser.

Drink a glass or a bottle (according to your capacity) of Copland's Ale or Porter, about half an hour before each meal.

Both are healthful aids to digestion. Pure ale is good for you; bad beer is unhealthful.

Kept in fine condition and an even, cool temperature in our cellars.

HENRY & Co.

JEWELER and OPTICIAN.

ON TOWARD MALOLOS

The American Loss on Monday Remarkably Small.

HOW THE ENEMY CHANGES BASE

Gen. McArthur Spent Monday at Mayeauyan and Is Now Pushing on Towards Malolos—The Malabon Rout Was a Most Picturesque One—Tactics of the Filipinos —Cable News.

Manila, March 28.—General McArthur's division spent yesterday morning at Mayeauyan, the next station beyond Polo. After reconnoitering his front, he pushed along the railroad in the afternoon towards Malolos.

If the statement of 35 prisoners captured yesterday is true, the main body of the enemy has retreated to Malolos. But there are no more trenches to encounter, although over 30 villages, including the larger settlements of Bulacan and Guiguinto intervene.

At every railroad station circulars have been posted, signed by the Filipino commander-in-chief, Antonio Luna, ordering all spies and bearers of news to the enemy to be shot without trial, and instructing that all looters and ravishers be treated in the same manner. Further, all towns abandoned by the Filipino troops are first to be burned. While deploring the existence of war, the circular maintains the undeniable right of the Filipinos to defend their homes, lives and lands against "would-be dominators who will kill them, their wives and children," adding that this motive ought to impel all Filipinos to sacrifice everything.

TRENCH STORMING

Was the Hot Work Which the United States Troops Had to Do on Sunday.

Manila, March 28.—The Americans have advanced along the line of the Dagupan Railroad, driving the Filipinos from Malinta and Caloocan, where there were 8,000 inhabitants. Last night the brigades of General Otis and General Hale encamped in the enemy's trenches at Mayeauyan and that of General Wheaton at Malinto.

General Wheaton's brigade formed a junction with the remainder of General McArthur's division at Malinta, and the latter, leaving General Wheaton there, marched along the railroad to Mayeauyan. This place was fortified and for 300 yards from it there were trenches on each side of the track. These were taken possession of by the American troops. The movements of the Americans will be pushed in this direction.

Sunday's work of the United States troops consisted of storming the successive trenches. The Filipinos occupying them were completely hidden. The enemy poured a strong fire from every trench until they were disturbed by a flanking volley, when they would disappear into the woods and jungle, only to make a stand at the next line.

The American loss was remarkably small, seven being reported killed and 25 wounded. It is known that the Filipinos were so protected that they suffered little. No dead insurgents were found in the trenches. Forty prisoners were taken by the Americans and it is estimated that the rebel casualties numbered 20.

The insurgents broke their guns when compelled to abandon them.

The Helena and the army gunboats shelled Malabon and the country beyond, while the Monadnock focused all its batteries upon Paranaque for two hours, for the purpose of destroying the military stores there. A great smoke was caused, but as the insurgents are in possession of the town the results of the shelling are *not obtainable*.

The evacuatioin of Malabon was a picturesque rout, thousands of women, men and children, loaded down with household goods, some with their dearest treasures—fighting cocks—under their arms, poured across the swamps in the early morning.

An exploded caisson at the railroad bridge proved a bar to the Americans.

Ten soldiers of the Oregon Regiment, while searching for two of those killed early in the fighting, sneaked into the city in the morning and found the place in a conditon of chaos. The inhabitants seeing them, fled in a panic, thinking the American forces were in possession. The Oregonians shot several armed natives and then returned to camp.

The American forces did not occupy Malabon, but are concentrating their strength to strike Malolos.

Malobon is a city of desolation. The American soldiers have been forbidden to enter the place for fear the natives may be lurking there.

A Straight Push Back.

Washington, March 28.—Major Simpson, chief of the Military Information Bureau, was again busy yesterday assembling the latest information from the scene of the battle, and so arranging it on the military map of to show the progress of the engagement. It disclosed a complete change in the movement since Saturday. In two days the insurgent base, which was at Malabon, about five miles north of Manila, has fallen back to Malolos, about 20 miles north of Manila. At the same time the American lines have moved forward from Caloocan, about four miles from Manila, until General Otis reported yesterday that McArthur holds Marilao, 12 miles north of Manila. Thus the insurgent retreat covers about 15 miles, and the American advance covers about eight miles.

Mr. Davitt Was Stoned.

London, March 28.—The Cork correspondent of The Daily News says: "Michael Davitt, Nationalist member of Parliament for South Mayo, was stoned and several of his supporters were badly injured at a political meeting in Charleyville, County Cork, on Saturday. The rival supporters of candidates for the county councillorship joined in the fight with clubs and stones. Mr. Davitt spoke amid a perfect hail of stones, and the meeting was finally broken up."

The Peace Conference.

The Hague, March 28.—The peace conference, which will meet here May 1, will hold its sessions in the First Legislative chamber. M. de Beaufort, president of the Dutch Provisional Government, will open the congress with an address of welcome to the delegates. M. de Staal, the Russian representative, will also appear at the meeting. Many dinners and other social functions will enliven the stay of the delegates at The Hague.

WHAT FRANCE EXPECTS.

Lost in the African Deal, She Hopes Yet to Make It Up.

Paris, March 28.—Evidently it is the present intention of England and France to remove all causes of conflict between the two nations, but it is considered here that in the recent African negotiations England got the better bargain. Now the Newfoundland shore affair is under way, and France, feeling that she has a stronger position, expects England to make large concessions.

Sir Charles Dilke's proposal that France renounce the treaty rights as to Newfoundland in exchange for certain shadowy English claims in Madagascar will never be seriously considered here. Even supposing the French Cabinet is ready to adopt such a proposition—of which there is not the slightest likelihood—the country would absolutely refuse to approve.

France expects in compensation for her Newfoundland rights some English possession in West Africa that cuts into French territory. The little British colony of Gambia, for instance, with its 2,700 square miles of area, juts into the French colony of Senegal, monopolizing the most of the navigable length of the Gambia River. This time England may make up her mind that France expects the sacrifice to be made in Downing street.

AFFAIRS WORSE THAN EVER.

Kruger, It Seems, Forgets All About the Reforms He Promised.

London, March 28.—A despatch to The Times from Johannesburg says that a petition to Queen Victoria, signed by the 210,000 British subjects in the Transvaal, has been handed to the British agent at Pretoria. The petition reviews the discontent among the Uitlanders, and says that since President Kruger promised reforms affairs are worse than ever. It concludes by saying that the position of the Uitlanders is intolerable, and begs Her Majesty to extend her protection to her subjects in the Transvaal.

THE BEST HELLO SYSTEM.

A Town in Which Every House Is Connected for $5 a Year.

Stockholm, March 28.—The most complete telephone system in the world has just been inaugurarted in this city. This system is not in the hands of a syndicate or trust, but under the immediate control of the Government. There is hardly a resident in Stockholm and the neighboring towns not connected with central offices. The telephone tax is levied in the cities, and amounts to only $5 a year. In the large hotels there is a 'phone in every room, connected with a sub-central in the hotel office.

THE DOMINION HOUSE

Another Day's Debate on the Address in Reply.

MR. DAVIS' VIGOROUS REPLY.

Mr. McClure, Colchester, N.S., Takes Away From the Conservatives the Hope That They Can Make Mischief on the Prohibition Question Unless They Will Honestly do Something for the Cause.

Ottawa, March 28.—Again the debate on the address dragged through the weary hours of yesterday's sitting of the House. Mr. Davis of Saskatchewan, who resumed the debate, made a most vigorous reply to Mr. Davin. Messrs. Roche and Sproule followed on the Opposition side. Mr. McClure, Colchester, N.S., devoted the greater portion of his speech to a discussion of the prohibition question, during which he assured the Opposition that though he was a prohibitionist he was not going to assist the Conservative party, which had always opposed prohibition, to make capital against the Government until convinced that the Opposition would advance the cause of prohibition. He further intimated that the Government had not made any promises to the prohibitionists, and had not, therefore, broken any pledges. The other speakers were Messrs. Chauvin and Marcotte of the Opposition, who spoke in French, and Mr. Carroll on the Government side.

Mr. Louis Joseph Demers, the newly-elected member for Levis, was introduced by Sir Wilfrid Laurier and Solicitor-General Fitzpatrick, and took his seat amid Ministerial cheers.

Mr. Charlton again introduced his bill to amend the Criminal Code by raising the age of consent.

The annual report of the Department of Militia and Defence was laid on the table of the House last night.

Mr. Tarte and Mr. Davin.

Before the orders of the day were called, Mr. Davin rose to a question of privilege, and called attention to the official report of the debate last Friday, in which he found it printed that the Minister of Public Works had interrupted his speech by saying, "And a scallawag is a scallawag."

Continuing, Mr. Davin said: "These words were not, so far as I know, pronounced by the Minister of Public Works. If they were, they were an interruption in my speech, and, as the suggestion is palpable, I should have dealt with them then. I am told that the Minister of Public Works went down to The Hansard reporter and got him to insert these words. Now, I want to ask the Minister of Public Works whether he used these words, and, if he did, I certainly want them withdrawn."

The Minister of Public Works—Mr. Speaker, I may say that I used those words. I do not suppose the hon. gentleman applied them to himself. I hope and trust—I am sure such is the fact, that there is no scallawag in the House. It is a general sentence, that I had a right to use, just as the hon. gentleman had a right to use some other sentences. As to having gone to the reporter, it is true, sir, I did so. I knew something about newspaper work and about reporting, and, looking at the reporter, I saw that he had not inserted the words that I had used. I may have made a mistake in going to him. I asked him, passing by, whether he had put down my words or not. He said, "No." I told him, "I want the words inserted." If by so doing I have committed an offence against the House, I am very, very sorry for it; and, as we are entering into a week of penance, I am going to submit to any spiritual or corporal punishment which you, sir, may deem fit to mete out to me.

Mr. Speaker said that, as the Minister of Public Works had explained that he used the expression in a general, and not in a personal, manner, it could not be considered as any violation of the rules of the House, although, he thought that the expression was irrelevant.

The matter then dropped.

Notices of Motion.

Mr. Rutherford gave notice last night of the following resolution:

That the public interest demands that railway companies of Canada should at the earliest possible moment be under control of a board of railway commissioners, clothed with full power to enforce the provisions of the Railway Act, to prescribe and enforce the observance of such regulations as may be necessary in the public interest.

SPECIAL SALE

WEDNESDAY —FOR— THURSDAY
75c.
and SATURDAY.

J. SUTCLIFFE & SONS,
R. H. KELLS & CO'S. OLD STAND.

"To Do Ill Costs More Than to Do Well."

This "wise saw" might properly read, "It costs more to BE ill than to BE well." The source of all health is rich, strong blood. It is to the body what the mighty streams are to the earth. If the blood is pure, the body thrives; if the blood is weak or impoverished, then every pulse-beat carries weakness instead of strength.

Why make the cost of living more than it need be? Purify your blood and give your constitution a chance to do its level best. The only perfect blood purifier and vigor-maker in existence is the world-famed Hood's Sarsaparilla. It brings good, perfect health. *It never disappoints.*

Erysipelas Sores—"After scarlet fever a running sore was left on my nose. Took Hood's Sarsaparilla and it cured me. My brother was also relieved by it of erysipelas in his face." ELLA COURSER, Burdett, N. B.

Bowel Trouble—"My mother, Mrs. John Reid, suffered with bowel trouble for four years and tried different doctors, but obtained no relief until she began taking Hood's Sarsaparilla. Three bottles of this medicine entirely cured her." LIZZIE REID, Tracy Station, N. B.

A Good Medicine—"We have taken Hood's Sarsaparilla in our family as a spring medicine and used Hood's Pills for biliousness and found both medicines very effective. For impure blood we know Hood's Sarsaparilla is a good medicine." R. S. PELTON, publisher Bee, Atwood, Ont.

Loss of Appetite—"I was in poor health, troubled with dizziness, tired feeling and loss of appetite. I was completely run down. I took Hood's Sarsaparilla and after awhile I felt much better. Hood's Sarsaparilla built me up." LIZZIE A. RUSSELL, Old Chelsea, near Ottawa, Que.

Dyspepsia—"For twelve years I was dyspeptic and broken in health, had terrible pains in my back and was unable to work. When I had taken three bottles of Hood's Sarsaparilla I recovered my health. *I always recommend it.*" J. B. MANOR, 362 8th Street, Oswego, N. Y.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

TUESDAY, MARCH 28, 1899.

THE POST OFFICE DEPARTMENT.

There has been no department of the service that has been more carefully administered than the General Post Office, and there is no department with which the Opposition would more gladly find fault, if there was the slightest excuse for doing so offered them. There is more than one reason for this. In the old days the Department was in charge of one of the most uncalculating and extravagant of Ministers, Sir Adolphe Caron, whose reckless expenditures in awarding mail contracts without tender, and in many other ways, resulted not only in inefficient service, but in a deficit of nearly $300,000. But in the last two years this has been all changed, and in this one item there has already been a saving of $415,750 in the new contracts, with better and swifter service. The number of mails received has increased in no less than 176 existing post offices, and there has been a net increase of 179 offices during Postmaster-General Mulock's regime. In spite of the reduction in cost, the railway and stage service has rapidly increased and if it had been paid for at the same rate per mile that it was in the old days, the cost would have been over half a million more in the four years contract term. Not only have the post offices increased but the money offices have grown during the year from 1349 to 1739, an increase of 390 offices. That better facilities mean increase of business every time, is shown from the fact that over 11,000,000 more letters passed through the mail last year than the year before. Numerous other reforms may be fairly placed to the credit of the present administration such as the private post card, the special delivery system, etc., while to cap all, the reduced domestic rate, and the long desired imperial penny postage, giving, as Sir Wilfred Laurier has pointed out, penny postage to the Empire, is gladly credited to the efforts of the Canadian Government by such men as Mr. Henniker Heaton and others, whose personal knowledge of actual conditions and freedom from party prejudice enable them to be unbiased judges.

EDITORIAL NOTES.

THERE are sixty-three postage stamps used in the colonies and dependencies of Great Britain—one and one over for each year of Her Majestey's reign. Of these thirty-seven are of the face value of two cents—the colonies in the Imperial penny postage schedule.

THE Mail and Empire hastens to explain that the telegraphic report of Sir Charles Tupper's speech, making him say that the post office deficit would be millions, is toned downed down in Hansard to a million. The explanation is unnecessary. The verbose baronet is about as likely to be right in one prophecy as the other.

CANADA'S MINERAL RESOURCES

Dr. Dawson's Lecture at the Canadian Institute on Saturday.

Mr. G. M. Dawson, C. M. G., F. R. S., Director of the Geological Survey of Canada, is a gentleman who has done much to bring the great mineral resources of Canada into prominence. His interesting talk at the meeting of the Canadian Institute, Toronto, on Saturday evening on "Canadian Mines and Mining Regions" was not only instructive, but gratifying to the large number of patriotic ladies and gentlemen who braved the inclemency of the weather to hear from one who has been over the ground, so to speak, of the vast hidden wealth of the Dominion, that is now commanding the attention of the world. Dr. Dawson has studied the subject in the abstract, and not from a dividend point of view. His lecture, or rather running commentary, on an illustrated trip from the gold mines of Nova Scotia, to the rich placer diggings in the Klondike, with a "look in" at the gypsum mines of Cape Breton, the quarries of New Brunswick, the petroleum of old Ontario, the graphite and mica mines of Quebec, the nickel deposits near Sudbury, and the golden rock of New Ontario, and then on to the gold, copper, and silver mines of British Columbia, was both profitable and enjoyable. Mr. Byron E. Walker, president of the institute, occupied the chair. In a few closing remarks, in which he paid a graceful tribute to Dr. Dawson's ability and the services he had rendered the Dominion, Mr. Walker took occasion to remark that the calling of agriculture would be found equally as remunerative as gold mining. The returns from the former were more certain and better distributed. He thought, however, that Canada's future as a mineral country was bright with promise.

SPRINGVILLE.

(From Our Own Correspondent.

Mr. Allen Walton, of Durand, Mich., is home on a visit to his father, Mr. J. L Walton, after an absence of two years. He intends returning to Michigan in a few days.

Mr. N. Bantie, of Bathgate, North Dakota, is visiting his uncle, Mr. Jas. Bantie.

Mr. Robert Atcheson, of Fleming, Alberta, N. W. T., is visiting his brothers, Thomas and George, of Cavan, South.

The Rev. Mr. McMullen was called to Bethany on Thursday to attend the funeral of one of his flock, Mrs. McKinnon.

A regular meeting of the Ladies' Aid in connection with the Presbyterian church was held on Tuesday afternoon. The report of the treasurer, which was given, showed the society to be healthy financially. A committee was appointed to enquire and report as to the cost of building a Sunday school room.

NEWS IN A NUTSHELL.

Telegraphic Briefs That Contain Much of the Day's News.

A despatch from Medicine Hat says that Joseph Runn, aged 23, son of the postmaster, committed suicide. He first cut his throat and then hanged himself. No cause can be assigned for this act.

Rev. Dr. Evans, pastor of Emmanuel Congregational Church, Montreal, died on Monday morning as the result of a general break up of his constitution. He was one of the most popular pulpit orators in Montreal.

There is a strike on at S. F. McKinnon & Co.'s wholesale millinery establishment in Toronto. A request for an increase of wages by from 10 to 15 per cent. was refused. A strike was declared and 17 cloakmakers went out.

John Foster, one of the oldest and wealthiest residents of Windsor, died in his home Sunday night of paralysis. He was born in Birkhampstead, England, in 1822, and came to Canada when a very young boy. He leaves an estate valued at $60,000. A widow and two children survive.

Mrs. Richard Darling of Toronto has a verdict against the Toronto Street Railway Co. for $4,000 damages for injuries received by falling while getting off a Yonge street car on October 5 last. She claimed she was in the act of alighting when the conductor rang the bell and the trolley started. By the fall Mrs. Darling broke her thigh.

John Batley, saw-mill owner, of McKellar, Ont., while removing a blockade of logs in the dam of his millpond on Saturday, slipped and fell into the rushing water. He was carried through the slide and drowned. The body was recovered Sunday afternoon. Deceased was an Englishman, aged 44. He was a nephew of Mr. Batley of the McKellar Woollen Mills.

Decision About the Castilian.

Halifax, March 28.—The decision of the court of enquiry on the wreck of the Allan steamer Castilian will be delivered on Wednesday, if Captain Murphy of Yarmouth, third member of the court, concurs in the findings of Captains Spain and Douglas, the other two members, who have agreed on a decision, which they have forwarded to Captain Murphy for his approval.

Mutual Marine Insurance.

Cleveland, O., March 27.—At a well-attended meeting of vessel owners on Saturday it was decided to carry out their long-threatened project of establishing a mutual marine insurance company. The new company will include practically all the Cleveland vessel owners, and many of them subscribed heavily for stock on Saturday.

Canadian Products Wanted.

London, March 27.—A request has been made at the Canadian high commissioner's office by a Liverpool firm for the names of shippers of Canadian chopped and baled hay.

A Belgian manufacturer of wooden shoes wishes the names of exporters of white basswood, soft and easily split.

His Life Was Saved

M. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken by Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and $1.00, at Jas. Lynch's Drug Store, every bottle guaranteed.

THE TRIAL OF PEGLEG BROWN.

Evidence Adduced of the Finding of Toohey's Body.

London, Ont., March 28.—The case of Pegleg Brown was continued yesterday morning. The evidence related only to the finding of Toohey's body. None of the witnesses examined had seen anything of the murderer.

Detective Nickle, who identified Marion Brown as the man wanted for the murder of Policeman Toohey, and who brought him back from the United States to London, was put through a lengthy cross-examination by prisoner's counsel as to the steps taken to capture the murderer. Mr. McPhillips said he proposed to show that some 48 arrests were made on the strength of the description. The judge ruled that evidence as to arrests made by outside officers on the strength of the description sent out had no bearing on the case, and was totally irrelevant.

Nickle maintained that Brown had a plain scar over the left eye and on the left thumb, both of which he pointed out to the jury.

The examination of the witness as to the arrest and return of Brown was begun as the court adjourned.

MENNONITES ARE CRANKS.

Refuse to Have Expert Surgical Aid for a Wounded Lad.

Rosthern, Sask., March 28.—A sad accident occurred yesterday at the mill of the Consolidated Milling Company. A young employe named Schmidt got caught in the machinery. His left leg was broken in two places and the right in one place. The Mennonites have an extraordinary aversion to employment of competent surgeons. Sympathetic townspeople wired for Dr. Stewart, Duck Lake, but when the doctor arrived the boy's friends declined his assistance, and those who brought the medical man were obliged to "put up" for his expenses. The probability is that Schmidt will not recover, or, at best, may be a cripple for life. There was another similar case here recently with a Galician, whose feet were so badly frozen that amputation was necessary. In order to enforce medical aid police assistance had to be resorted to.

Dr. Chase Cures Catarrh After Operations Fail.

Toronto, March 16th, 1897.

My boy, aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the General Hospital. Since then we have resorted to Dr. Chase's Cure, and one box of this medicine has made a prompt and complete cure.

H. G. Ford,
Foreman, Cowan Ave, Fire Hall.

Was Lizzie Welch Poisoned?

Amherstburg, Ont., March 28.—Lizzie Welch, aged 16 years, got considerable notoriety a few weeks ago by having one Henry Stubenski, a Polish peddlar, from Windsor, arrested for attempted assault. He was committed for trial by Magistrate McGee, but acquitted by the judge at Sandwich on Thursday last. The girl returned here on Friday evening, not feeling well, and on Saturday a doctor was called. She became unconscious and went into convulsions and died on Sunday morning. The doctor claims she showed symptoms of poison. The authorities ordered a post-mortem, the result of which will not be known until to-day. Her mother is dead, and she has lived with her grandparents here. Her life was insured for $800.

It Will Advertise Canada.

New York, March 28.—An important corporation has just been organized under Canadian and New York auspices to exhibit at the Paris Exposition a perfect representation of work in the Yukon territory, including all phases of mining, by men direct from the Klondike. Arrangements have been made with the Canadian Bank of Commerce to have on exhibition $5,000,000 worth of gold, in dust and nuggets. The company is styled the Klondike Exposition Company, and its agent, Thomas Graham of Dawson, sails for Paris to-day.

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headache. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by J. Lynch, Druggist.

ST. REGIS INDIANS WRATHY.

Determined to Elect Their Chiefs in Their Own Way.

Cornwall, Ont., March 28.—The St. Regis Indians are determined to have their own way about the election of their tribal chiefs. They refuse to submit to the system prescribed by the Indian Act, and have on two previous occasions prevented the agent from carrying out the law. The department decided to have another election, and fixed upon March 27 as the day. To prevent any disturbance Lieut.-Col. Sherwood, superintendent of the Dominion Police, Ottawa, sent Inspector Hogan and Policeman Chamberlain to St. Regis. Along with Indian Agent Long, they went to the school house, where the election was to be held, at noon yesterday. They found the building surrounded by nearly 200 braves, who were in an ugly mood and made numerous threats. The officers attempted to force their way into the building and were roughly handled, thrown down and received numerous bruises. As for the agent, Mr. Long, the Indians hustled him into the building and locked the door. The officers, considering discretion the better part of valor, and finding the Indians were not to be conciliated, returned to Ottawa.

Wrightson Too Ill to Go to Court.

Ottawa, March 28.—In the Police Court yesterday morning W. Morrison, editor of The Citizen, and W. Carrique, advertising agent, appeared to answer a charge of assaulting Mr. Wrightson, editor of The Ottawa Tribune, on Parliament Hill, on Monday last. Wrightson was too ill to appear and the case stands till Wednesday.

A NEW INVENTION!
The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1898 styles are gems of art, combining every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. Organs of every description at Wholesale Prices.

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

NOW FOR HUDSON BAY

Ontario Government Will Develop the North Country.

RAILWAY AID RESOLUTIONS.

Another Division on Mr. Marter's Amendment to Give the Liquor Taxes the Six Months' Hoist — Government Measures and Private Bills Advanced a Stage—House May Adjourn on Thursday.

Toronto, March 28.—The Government will to-day direct attention of the House to its proposals for pushing railway communications into the north country along two important lines. It is proposed to grant a subsidy of $480,000 for a line of railway connecting with the C.P.R. at Missanabie Station, and reaching tidewater at the month of the Moose River in James Bay. This will form the westerly route to the great inland sea. In addition to the cash subsidy a grant of 5,000 acres per mile of railway constructed is proposed to be given out of the land through which the railway may pass. A similar subsidy of $2,000 a mile, or $350,000 in all, together with a land grant, is proposed to be given to the James Bay Railway, which, starting at a point near Sudbury, is to be pushed forward in the direction of Lake Abittibi, and will form an easterly trunk line to Hudson Bay. This line is expected to open up a very large tract of valuable agricultural land in the vicinity of Lakes Temiscamingue and Abittibi. Other important railway grants are set forth in the resolutions, which are as follows:

The Resolutions.

To the Ontario, Hudson Bay & Western Railway, between Missanabie Station on the Canadian Pacific Railway and tidewater on the mouth of Moose River on James Bay, a distance not exceeding 240 miles, a cash subsidy of $2,000 a mile—$480,000.

To the James Bay Railway, from a point at or near Sudbury to a point at or near Lake Abittibi, a distance not exceeding 175 miles, a cash subsidy of $2,000 a mile—$350,000.

To the Haliburton, Whitney & Mattawa Railway, between Haliburton and Whitney, a distance not exceeding 30 miles, a cash subsidy of $2,000 a mile—$60,000.

To the Ontario & Rainy River Railway, from its junction with the Port Arthur, Duluth & Western Railway to Fort Frances, a distance not exceeding 208 miles, a cash subsidy of $1,000 a mile, and from Fort Frances to the mouth of Rainy River, a distance not exceeding 75 miles, a cash subsidy of $4,000 a mile—$503,000.

To the Central Ontario Railway from Ormsby or Coe Hill to a point at or near Bancroft, a distance not exceeding 21 miles, a cash subsidy of $3,000 a mile—$63,000.

To the Central Counties Railway from Glen Robertson to Vankleek Hill, a distance not exceeding 14 miles, a cash subsidy of $3,000 a mile—$28,000.

To the Ontario, Belmont & Northern Railway, from the northern terminus thereof in the direction of the townships of Belmont and Lake, a distance not exceeding seven miles, at the rate of $3,900 a mile—$23,400.

Resolved, that there shall be set apart for the use of the Sault Ste. Marie & Hudson Bay Railway and the James Bay Railway out of the lands of the Crown through which they may pass 5,000 acres to the mile of each of the said railways for the portions above mentioned, such areas to be selected in blocks of 5,000 acres on each side of the line alternately by taking the necessary number of lots as the townships are surveyed or outlined, or by taking the proportionate grant for each ten miles of railway (or 50,000 acres) in blocks on alternate sides of the line, such blocks to have a frontage on the line of ten miles each, or in such other way as may be agreed upon by the said company and the Lieutenant-Governor in Council.

No High School Legislation.

It is altogether unlikely there will be any legislation this session with regard to high schools. Although the Minister of Education has brought down a measure relating to high school matters, he will not press it, but will defer the changes he proposes for the further consideration of the trustees and teachers of the province.

In the House.

At yesterday afternoon's session of the Legislature Hon. Mr. Hardy, in the absence of Mr. Harcourt, who was indisposed, moved the House into committee on the liquor license bill. In amendment Mr. Marter moved the six months' hoist, and in support of his motion made a three-hour speech. He did not criticize the bill itself, and his amendment was defeated on division, the vote standing 37 to 27. A number of clauses of the bill were passed, further consideration being laid over at the request of the Attorney-General, who stated that several delegations desired to wait upon the Government to-day in regard to some of the provisions. Substantial progress was made in a number of other Government measures and private bills, and it now seems certain that the business of the session will be finished by Thursday next.

Brewers and Distillers' Bill.

The Attorney-General explained the changes which the Government had made in the bill since its introduction. These were principally a reduction in the license originally proposed to be payable by small breweries. This would be restored to its former figure of $250. An amendment had been made, whereby half-yearly license fees could be paid in respect to taverns and shops, and another, whereby brewers and distillers who were willing to pay the maximum fee were not called upon to make returns of their business. Cities would not be allowed to increase the present license fees.

Mr. Marter (North Toronto) made a speech generally condemning the financial policy of the Government. He commented on the fact that in spite of their boasted surplus, the Government had to resort to what was practically direct taxation. The Government, he said, occupied their present position on false representations to the electorate. Ministers knew the position of affairs prior to the last election, but they also knew they would have no chance of re-election if they announced a policy of direct taxation. This taxation the hon. member proceeded to show was not for any public works or institutions, but solely on account of the anticipated falling off in Crown lands revenues, a state of affairs that reflected badly on the financial administration of the Government.

Mr. Marter concluded by moving an amendment that the Speaker do not leave the chair—practically the six months' hoist.

Mr. M. B. Morrison (West Hastings) supported the amendment.

The Division.

The House divided shortly after 10 o'clock, when 37 voted for the amendment and 37 against. The amendment was consequently lost by ten votes. The resolution of the Attorney-General that the House go into committee on the brewers' and distillers' license bill, was then carried on the same division reversed. It was a purely party vote.

The House in Committee.

The House then went into committee on the bill, with Mr. Stratton (West Peterboro) in the chair. After discussing a few clauses the committee reported progress.

The Attorney-General's bill to amend the law as to workmen's compensation for injuries was next considered and several clauses passed. Hon. Mr. Ross' bill to amend the Separate Schools Act passed the committee stage without alteration, as also did Hon. Mr. Garrow's respecting executions and sheriffs; Hon. Mr. Harcourt's, respective the succession duties; Dr. Pyne's, incorporating the Haliburton, Whitney & Mattawa Railway; Mr. Stratton's, respecting the town of Peterboro.

Second Readings.

Hon. Mr. Gibson's bill respecting action for seduction, respecting the boundaries between the Provinces of Ontario and Manitoba, and the Attorney-General's bills respecting Municipal and Assessment Acts.

The following bills were read a third time and passed: Concerning drainage in Caledonia, Alfred and South Plantagenet; respecting the Incorporated Synod of Toronto, the Smith Falls, Rideau & Southern Railway Company, the town of Cornwall, London Street Railway Company, prisons and asylums inspection, and respecting cheese and butter manufacturing associations and companies.

Hon. Mr. Gibson introduced a bill, which was read a first time, to allow the corporation of Kingston to exempt from taxation an elevator in that city.

The House adjourned at midnight.

ASSEMBLY NOTES.

Mr. T. L. Pardo, M.P.P., West Kent, went home last night to participate in a family reunion to be held to-day at Pardoville, near Cedarville, in commemoration of the 100th anniversary of his father's birth.

Mr. German's bill regarding market fees has been changed so that market vegetables will be on the free list and honey, celery and small fruits in baskets on the list of products for which protection must be afforded if there is a fee.

A LONDON CASE.

Proving the value of Dodd's Kidney Pills in Kidney Disease.

London March 20—Mr. Charles Dean, stableman at the City Hotel, comes forward to add his quota to the mass of evidence in favor of Dodd's Kidney Pills.

Mr. Dean states that he had for three years suffered from severe cutting pains in the small of his back. At times they were so great that he had to lie down to get relief.

Several remedies were used without benefit. A doctor prescribed for him, saying his kidneys were affected, but no good resulted.

Finally he took a friend's advice and used Dodd's Kidney Pills. The usual result followed. Three boxes cured him out and out.

MARKET REPORTS.

Wheat Markets Buoyant—Sharp Advances in Chicago—Liverpool Also Up—The Latest Prices.

Liverpool, March 28.—Wheat futures yesterday were strong, and closed ½d to 1d per cental higher than Saturday's close.

Chicago, March 28.—There was an active session in the wheat pit yesterday. The strong cables caused futures to open at a fractional advance over Saturday's closing figures. Another source of strength was the heavy buying from St. Louis, said to be due to the covering of shorts, scared by reports of damage to crops in the southwest. The northwest, moreover, reported millers buyers. May and July advanced nearly 2c over Saturday's close, and held most of the advance.

Visible and Afloat.

As compared with a week ago, the visible supply of wheat in Canada and the United States has increased 75,000 bushels: that of corn has decreased 69,000 bushels, and that of oats has increased 249,000 bushels. The visible supply of wheat in Canada and the United States, together with that afloat to Europe, is 67,587,000 bushels, against 66,662,000 bushels a week ago, and 68,701,000 bushels a year ago.

C. B. ROUTLEY, 379 GEORGE ST.

ALMOST A HOLOCAUST.

An Awful Scene at the Burning of the Armour Curled Hair Works.

Chicago, March 28.—Fire destroyed the Armour Curled Hair & Felt Works, 31st and Benson streets, last night, caused a property loss of nearly $400,000, injured 11 employes (one fatally), and endangered the lives of 400 others, who managed to escape through the blinding smoke. Men and women left their posts in frantic rushes to the exits. Many took to windows, and descended by the fire escapes, but most of them groped through the smoke to the first floor and out the corner entrance.

Late last night it was found that six people who were in the building when the fire broke out are missing, and while it is not thought all of them are dead, it is probable that the majority of them perished.

Has 1,213 Skins.

San Francisco, March 28.—The British sealing schooner Geneva, which for the past six weeks has been cruising off the California coast, has put into Fort Ross for water. As a result of her cruise she has 1,213 sealskins on board.

Dr. A. W. CHASE

COMES TO THE AID OF

Catarrh Sufferers

SUCCESS in life is almost impossible for a man with bad breath. Nobody wants to do business with him. Nobody wants to associate with him. He is handicapped everywhere. Offensive breath comes from Catarrh; sometimes from Catarrh of the Stomach, sometimes of the lungs, sometimes of the head, nose, and throat. It is from Catarrh somewhere, and Catarrh is another name for uncleanness.

Many men understand this, and make every effort to cure it, but it is beyond the reach of ordinary practice.

No self-respecting man can ignore Catarrh. If he has it in any form he makes constant effort to be rid of it.

There is something about the manner of life and the climate of Canada that seems to breed diseases of the mucous membrane. Medical science ordinarily doesn't try to cure Catarrh; it "relieves" it; but Dr. Chase has been curing Catarrh for over thirty years, and his name is blessed by thousands who have shaken off the grasp of this insidious disease.

Sold by all dealers, price 25 cents per box, blower free.

VALUABLE Residential Properties FOR SALE

In Peterborough.

Having decided to remove to Manitoba in the spring, I have decided to sell the following valuable properties at prices that should secure ready purchasers:

Parcel No. 1. A Brick Terrace of four houses, adjoining the corner of Sherbrooke and Park streets, two storys, well built with good stone cellars full size of buildings. Each residence contains six rooms with summer kitchen. This property has always been continuously rented and pays an excellent rate of interest on the investment, and it is practically a new property, being only erected a few years, and in good condition.

Parcel No. 2. Brick residence corner of Reid and Simcoe. Containing ten rooms. House in good condition with all modern improvements, bath, closets, heated with furnace and lighted with electricity.

Parcel No. 3. Brick dwelling corner Aberdeen and Beacon streets, facing Dixon Park, containing seven rooms with summer kitchen. This property was erected last season for myself and occupied by myself. Has hard and soft water in kitchen and is a very comfortable residence. This lot is 106 feet square.

Parcel No. 4. Brick residence, corner Wolseley and Beacon streets. Two storeys, seven rooms with kitchen, pleasantly situated adjoining Dixon Park. Hard and soft water in kitchen. This lot is also 106 feet square and is a similar building to parcel No. 3.

Parties desiring a good paying investment or home will find any of these desirable purchases.

Particulars and terms, which are reasonable, made known on application to the undersigned.

T. J. MOORE.

Central Canada

The transfer books will be closed from the 20th to the 31st March, both days inclusive.

By order of the Board,
E. R. WOOD,
Managing Director.

Toronto, March 15th, 1899.

THE ODORLESS CREMATORY CLOSET.

I have been appointed Sole Agent for the Odorless Crematory Closet manufactured by the Crematory Closet and General Heating Co., of Hamilton.

This Closet has found a place in many of the best homes in the province, and all who have used it cannot speak too highly of its merits. Medical men speak of it from a sanitary point of view, claiming that, if health is any consideration, no home should be without one. Here are some of the

TESTIMONIALS.

Alliston, March 21st, 1899.

I have had one of your "Crematory Closets in use now for several weeks and am glad to be able to say that I have found it entirely satisfactory in every respect. I have not been able to detect the slightest odor from it at any time and would not be without it. I am sure it must prove a great convenience to people in the country and in towns where water is not obtainable.

Yours respectfully,
JAMES CONWAY.

Sheddon, February 23th, 1899.

I have used it for sometime and find it perfectly odorless. It is a long felt want and I believe it will become very popular especially in rural districts, towns and villages where wells are so frequently contaminated by the ordinary closets.

I am, yours, etc.
W. H. MORRISON

Medical Superintendent's Office, Sept. 20th, 1897
Asylum for the Insane, Hamilton.

Gentlemen: I had the opportunity of witnessing yesterday the operation of your Odorless Crematory Closet. It had a large accumulation of fecal matter in the pan when the fire was started, and inside of 20 minutes it was all reduced to ashes. There was no odor before or during the operation of consuming the fecal matter, as the ventilation by the flue seems to carry off all odor at once, before it has a chance to vitiate the surrounding atmosphere.

Yours truly,
JAMES RUSSELL, M.D.

Elmbrook, Sept. 20th, 1897.

Dear Sirs—Having been present at a private test of your new patent closet yesterday afternoon, I beg to express my satisfaction with it in every way. Neither before, during or after the burning out of its contents did I detect the slightest unpleasant odor. I am satisfied it will be a boon to thousands in rural towns, villages and country homes.

Yours truly,
M. J. MULLOCK, M.D

ADAM HALL.

THE IMPERIAL LIFE INSURANCE CO. OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. **It Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. **Its Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. **Its Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. **Its Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. **Its Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

Leplante's fish and fruit store, next Adam Hall's. Leave orders early. Prices will be right.

Geo. Ball

has removed to the rooms over Oak Hall, formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3.50; why buy ready-mades? Every age and style in suit—every desire is secured. Ladies' tailoring in all lengths.—GEO. BALL, over Oak Hall. 30

THURSDAY BARGAINS AT GRAFTON & CO'S.

Men's and Boy's White, Turkey Red, Indigo, Blue and Japanette Handkerchiefs, regular price 5c and 10c each, Thursday, Bargain Day, 2½c each.

DAVID CONROY'S CASE.

He Withdrew His Complaint and the Matter Was Settled Out of Court.

The Conroy case did not reach Court yesterday afternoon it being settled amongst the parties a few hours previous

The dispute which caused the trouble arose in this way. Robt. Heffernan was anxious to purchase some land in a certain locality in Douro, but did not want to give more than $40 00 an acre for it. Mr. Conroy was sure it could be bought at that figure, and as the result of an agreement agreed to get the land at the price mentioned for Heffernan, who is his brother-in-law. He made good his word and bought the land selling it in turn to Heffernan at $40 an acre. After the sale had been completed Heffernan heard that Conroy had only given $29.50 per acre for the land, and on meeting him in Hogan's hotel began to berate him for taking, what he considered to be, an advantage of him. One word led to another and presently, it is alleged, Heffernan and his son proceeded to assault Mr. Conroy, the upshot being that they were summoned to appear before Magistrate Edmison, but, as stated, the affair was settled out of Court and Mr. Conroy withdrew his complaint.

MR. J. H. COBB, FLORIST.

The Aylmer Street Greenhouses a New Enterprise.

Mr. J. H. Cobb, florist, as will be seen by advertisement in another column, is prepared to supply seasonable flowers—Easter lilies, palms and cut boom suitable for Easter decoration.

He is well prepared to meet the public wants, for he has entered into business as a florist, at 551 Aylmer street, and has 1,500 square feet of glass devoted to the culture of flowers. He has on hand, ready for patrons, plants of all kinds, palms, draceneas, foliage plants, etc, and in fact every kind of decorative plant desired. He makes a specialty of cut flowers, table and hand bouquets and, the artistic taste with which his bouquets are arranged, should create a brisk demand. Lawn vases and hanging baskets are also supplied. In season Mr. Cobb has at the Aylmer street greenhouse a full supply of bedding plants of all kinds, and a run now through his greenhouses shows a splendid collection of decorative plants, including superb Easter lilies.

For years Mr. Cobb has been an enthusiastic amateur florist, cultivating flowers for the love of the work, being extremely liberal in the distribution of the results of his skilful culture; now Mr. Cobb has gone into the business for profit, and his former liberality and his success and familiarity with the culture of flowers, are valid claims upon a liberal patronage. The public will find that Mr. Cobb's greenhouses, No 551 Aylmer street, will well repay a visit.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

STRATTON & Co.

WOMEN'S AUXILIARY ANNUAL MEETING.

ST. JOHN'S CHURCH BRANCH DOING GOOD WORK.

Two Bales Have Been Sent Out During the Year—The Annual Reports Received and Officers Elected.

The 12th annual meeting of St. John's Branch of the Woman's Auxiliary was held yesterday afternoon. In the absence of Mrs. G. A. Smith the chair was occupied by Mrs. Boswell, first vice-president.

At the conclusion of the opening devotional exercises Miss Errett submitted the appended report of the year's work:—

My dear fellow workers,—The year that has come and gone since our last annual meeting has shown us cause for hope. Our membership has increased (there being 67 on roll) also the interest of individual members has been aroused to a greater effort. Ten business meetings were held during the year with an attendance of 160, an average of 16. Twentry sewing meetings, attendance 200, average 10. A bale was sent in May to the Rev. Mr. Hines, Bevon Mission, Saskatchewan Diocese, containing 63 new and 3 second-hand garments, groceries, reading matter, etc., value $34 71 exclusive of second-hand articles. In December a bale was forwarded to Algoma containing Christmas gifts, and valued at $20. In June our annual strawberry festival was held, which as you are all aware was not a very great success. In September the triennial Thankoffering boxes were opened, $30 00 being the amount received from 22 boxes. That money as you know was for the hospital in Japan. In 1901 the next triennial offering year, the money is for the fund for Christianizing the Chinese in America; 27 boxes are taken, it is hoped the remainder will be taken this afternoon. Our second united meeting held on Oct. 4th was addressed by Mrs. Williamson, of Toronto, and was very well attended, although the weather was unfavourable. Millbrook, Omemee, St. Luke's, Ashburnham, and All Saints were represented, and I am sure all present were amply repaid in listening to the very helpful and interesting address of the Diocesan President. We record the death of an earnest and faithful member of the society, Mrs. Weller.

On the leaving town in January of Mrs. Smith, her fellow-members seized the oprortunity of presenting her with a certificate of life membership and badge as a token of their appreciation of her services as President of the Branch for so many years.

Our Leaflet subscribers now number 60, an increase of 6. It is most earnestly desired that each individual member will strive to help on the work of missions and thus make the year upon which we are now entering more successful than formerly.

The report was adopted, as was one from Mrs. H. S. Greenwood, on behalf of the Mission Band.

Officers were elected as follows for the year:—

President—Mrs R M Dennistoun.
1st. Vice-Pres.—Mrs J C Davidson,
2nd. " " Mrs Best.
3rd. " " Mrs Comstock.
Secretary—Mrs Errett.
Treasurer—Mrs Clarke.
Sup't of Mission Board—Mrs Greenwood.

Rev. J. C. Davidson made a brief congratulatory address referring in most complimentary terms to the work done by the ladies.

Before adjournment, a vote of thanks was passed to the retiring officers, which was responded to by Mrs. Boswell.

HOLY WEEK AT ST. PETER'S CATHEDRAL.

The Special Services of Holy Thursday, Good Friday and Holy Saturday.

This is Holy Week and during the week at St Peter's the daily services of the Mass have been, and will be, celebrated on Monday, Tuesday and Wednesday.

On Holy Thursday solemn Pontifical Mass will be celebrated by his Lordship at 8 o'clock. During the Mass he will bless the holy oils to be used in the sacraments and other ceremonies of the church, such as the blessing of bells, chalices, etc.

After Mass there will be a procession of the Blessed Sacrament to the repository in the vestry, which has been beautifully decorated for the occasion, and where it will remain until after Good Friday.

On Good Friday, at 9 o'clock, the services begin with the reading of the Passion of our Lord and the Veneration of the Cross. Then will follow a procession conveying the consecrated Host from the repository to the altar, when the Mass of the Presanctified will be sung.

On Friday at 3 p.m. the ceremony of the Stations of the Cross will be celebrated.

At 7 o'clock, p.m., the Stations of the Cross will be repeated and a sermon on the Passion will be delivered by the Rev. Father Jos. O'Sullivan. At the conclusion of the service, the relic of the True Cross, obtained by His Lordship during his visit to Rome, will be exposed for the veneration of the faithful.

On Saturday the blessing of the Paschal candle and the baptismal water will take place at 7 a.m., followed at 8 o'clock by High Mass.

On Easter Sunday there will be the regular masses, the last of which will be Pontifical High Mass celebrated by His Lordship at 10 30.

In the evening at 7 o'clock Pontifical vespers, with sermon and special music, will be sung.

DAILY TEMPERATURE RECORD

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

	Highest.	Lowest.
To-day, 7 a. m.	25° above zero

Getting Ready for Easter!

We have Planned for a Busy Week at the Big Simcoe Street Store this week. Peterborough Public have just had a Practical Demonstration during the past week of the kind of Goods kept for sale by this House, and when we quote you prices such as these it ought to be doubly interesting to you.

Dress Goods Department

Complete with all classes of Dress Goods, from the very best goods manufactured to the cheaper and medium qualities. You'll be sure to get the kind of a dress or skirt you are looking for here. These prices for Easter week:

Four pieces lovely French Poplin, all wool, cords in Navy Blue and Black, extra wide width, and fine finish, go on sale this week at per yard 50

Ten pieces fine all-wool Serges, good weight, all the popular colours, in Blues, Browns, Fawns, Greens and Blacks, particularly suitable for Skirts, go on sale this week at per yard 50

Millinery Department.

We are still able to take orders for Easter Hats, although our work rooms are very busy. So make up your mind quick. Come and see our millinery artists. They'll fix you up in the proper style without charging you extravagant prices.

Another Big Shipment of Straw Sailors in mixed colourings, go on sale this week at 50c. and .75
Remember these are quick-selling prices and went last long.

Jacket Deparment.

Jackets this year have a something about them decidedly different to last season's Jackets. Come and examine the nobby ones that are to be seen here at prices that are bound to make you buy.

One dozen Beauties in Light Fawns, Newest Styles and Lovely Qualities, go on sale this Easter Week, at each . . . $6.00
See them anyhow.

Glove Department.

Once more we are ready with the finest collection of Kid Gloves in this part of the country. All the best makers' goods. Every pair guaranteed, and all the Newest Styles.

PERRIN'S 2 Dome Fasteners, all colours, every pair guaranteed, the dependable kind, and our price per pair is $1.19

Easter Week at the Big Simcoe Street Store.

Daily Examiner.

TUESDAY, MARCH 28, 1899.

AN EXPLANATION.

To the Editor of The Examiner:

DEAR SIR,—Owing to certain reports which have been circulated regarding the action of L O L No.50 towards granting the use of the hall in which to serve tea for the recent anniversary of Springville Presbyterian church, we feel it our duty through loyalty to our Order and in justice to certain members thereof whose action has been misrepresented, to place before the public the correct report of our actions, which we shall endeavour to do through the columns of your valuable paper with your permission.

One of the reports, Mr. Editor, is to the effect that a certain resolution passed by L.O.L. No. 50 settling an amount for use of hall, was passed to prohibit the use thereof by above said congregation, and furthermore it has been asserted that said resolution or bylaw was so passed through the influence of certain members of L.O.L. No. 50, whose names we withhold.

Now, Mr. Editor, we simply ask permission to state the facts, leaving the facts with an unprejudiced public. The resolution referred to was passed before said L.O.L. No. 50 had any information regarding anniversary or any request for use of hall. Furthermore the bylaw was not the action of any one or two individuals, but was the unanimous wish of all members present.

The first intimation said L.O.L. had that said congregation wished use of hall was on Sunday evening, Feb. 13, when our worthy master was asked for use of hall for above-mentioned purpose. He informed the applicant that L.O.L. would consider their request on Tuesday evening, Feb. 15. According to promise, while so doing, a representative of Springville Presbyterian congregation, claiming the authority of the Ladies' Aid Society of said congregation, under whose auspices the tea was being conducted, informed the members of L.O.L. that the Ladies' Aid Society did not require use of hall. And furthermore, sir, notwithstanding this information, the president of the Ladies' Aid Society was informed that said society could obtain use of hall on most liberal terms. We leave those facts with the public, feeling confident that no blame can be attached to L.O.L. No. 50, or any member thereof, and that that the reports referred to will cease to be interesting, lacking foundation.

While apologizing for use of space in your paper, we beg leave to disclaim any knowledge of, previous to, a certain assembly in hall on Thursday evening, Feb. 23, admission being obtained without the knowledge or wish of authorities of L.O.L. No. 50.

GEORGE HOOTON,
Master L.O.L. No. 50.

Reserve your evening.
Tuesday, April 4th,
Grand Sacred Concert,
George Street Methodist Church.
Admission, 25c.

The Demand for 1899

"COLUMBIA" AND "HARTFORD" BICYCLES

Is entirely without precedent and by running our factories to their full capacity we are enabled to offer uequalled combinations of DESIGN, QUALITY and PRICE.

Columbia Bevel-Gear Chainless $85.
Columbia Chain, Models 57 and 58 $55.
Hartfords, $40.00.
Vedettes, $37.50, $32.50.

These are Entirely New Models embodying more radical improvements than were ever before offered in a single season. They are fully illustrated and described in our artistic new catalogue.

A. Mercer & Co.

AGENTS.

SECOND ANNUAL BICYCLE EXHIBITION.

UNDER THE AUSPICES OF THE Y. M. C. A.

the Local Agents—Show Open Again A Most Creditable Display of Wheels by To-night—Admission Free.

The second annual cycle show under the auspices of the Y.M.C.A. opened last evening in Association Hall and was largely patronized by the general public.

Seven local firms who are acting as agents, this year, took advantage of the Association's offer of space and sent exhibits to the show.

Fairweather & Co., have the largest exhibit, showing in all 32 wheels. The firm is making a speciality of wheels this year, and are making bicycles a regular branch of their business. They now buy in quantity from the manufacturer, and act in the capacity of jobbers as well as retailers. They are handling Orients, Monarchs, Tribunes, Clevelands, E. & D's., and Eclipses. The Orient is a very smooth running wheel. Its specialty is the Sagar gear. A chainless model is exhibited.

The Tribune is better known as the Blue Streak, and is a most smooth running machine, being almost perfectly noiseless. The Cleveland have a couple of most genial impresarios at the show in the person of Mr. Harstone and an assistant, who make a wonderfully interesting exhibit of the test of the new bearings which they are adopting. This year the E. & D. is still calling attention to the merits of their 4-point bearing and the Eclipse is making a specialty again of the Morrow coasting clutch, which is still further improved.

Mr. W. A. Sanderson has a nice display of the McBurney-Beattie wheel, which claims that as an 1899 model it has the latest improved inventions in bicycle construction and equipment. The makes have this year added adjustable handle-bars and pillar post to their machine.

The famous chainless Columbia is shown by Mercer & Co., and a travelling representative is present to explain the points of merit.

The Red Birds, as shown by Messrs. McPherson & Young, look very attractive on a neatly decorated platform at the end of the hall. The makers claim that their 1898 model is on a par with the improved wheels made by other firms this year and that they are again a year ahead of all other makes.

The Peterborough Hardware Co. are agents for the Welland Vale Mfg. Co. Perfect, chain and chainless, Garden City, Dominion, Standard and Columbus, of which wheels they make a most creditable display.

Talbot Bros. are again agents for the celebrated Stearns' Yellow Fellows, which have such a host of track records to their credit.

Turner Bros. have been successful, this year, in securing the agency for the popular Gendron, which are out this year with a number of improvements. This firm is also handling a most stylish wheel in the English "Winchester." Their display is in the centre of the room and the ten models make an exhibit well worth examining.

Benson and Wilson are handling the Crescent and show some neat models both in chain and chainless wheels.

The show remains open this evening. There is no charge for admission.

SINGLE TAX.

(Guelph Mercury.)

The Single Taxers have three or four great facts on their side:

1. That the vast increase of production, due to labour-saving appliances, has not availed to make life easier for the mass of workers; the tendency has been the other way, if anything.

2. That it is a wrong that some men should be sustained and have their wealth increased, by the labour of the community, without giving the community anything in return.

3. That the present systems of taxation are unequal, burdensome, and—wall, rotten; and are getting worse rather than better.

The difficulties they have to meet are:

1. The natural conservatism of humanity.

2. The difficulty that many good men experience in seeing that the Single Tax will remedy or materially remedy the evils complained of, so long as human nature is what it is.

3. The time necessary to give a thorough study of the principles and methods of the system.

4. The absence in rural, and in the smaller urban communities of those sharp contrasts between wealth and poverty which give point to so much of Single Tax teaching in the larger cities.

5. The absurd fear of direct taxation ingrained into the people by the politicians—one of the great hindrances to economic reform.

In spite of these things we believe that within a measurable time, Single Tax will be given a trial; its support is now so strong that it will not be dropped without a trial in a wider sphere than it has been. The main difficulty the other night was to arrive at some practicable basis for a consideration of its introduction in Guelph for instance. We believe a great step would be made if the Single Taxers and others interested in reform of taxation would circulate petitions to the councils to have the value of buildings and the value of land separate in next year's assessments. Instead of lumping the value of building and lot together, let the building be estimated by itself, and then the value of the land on which the building stands. There can be very little local understanding of the effect of Single Tax until this datum is secured.

The principles of the Single Tax and its bearing on economic conditions will be dealt with by Hon. J. S. Crosby, of New York, in the Opera House to-night.

Minnie Lewis Opera Company.

This excellent operatic organization will appear for a night only at Bradburn's Opera House Thursday, March 30th. This company of forty people will present the comic opera, "King Solomon," preceded by a laughable burlesque and a number of unique specialties, including the famous Spanish dancer, Miralceta, who presents her thrilling electric dance. Many well known singers are among the principals, who are supported by a large splendidly conducted chorus. Special attention has been paid to the magnificent costuming and the tout ensemble of the production. This attraction is spoken of as being one of the best comic opera companies on the road. They are engaged to play Montreal and Ottawa one week each, and only by a lucky chance was the local management able to secure the company for this town. Refined ballets, beautiful dances, new catchy songs and tuneful music, make this one of the most popular attractions on the road. Prices 25, 35 and 50c. Seats now on sale.

POPULAR SPRING HATS

At Popular Spring Prices.

Newest English and American Styles for 1899, in Silk and Felt Hats from the leading makers.

CURLIANA.

Once again did the Thistles make good their boast of superiority over the Granites by defeating them, last evening, in a twelve rink bonspiel by twelve shots. This was the third of these most enjoyable bonspiels which have been played within the last two weeks and in each of them have the Thistles come out victorious. In the first contest the majority was 19. In the second it dropped to nine and last evening the totals stood 115 to 103, the individual scores being as appended;

Thistles.		*Granites.*
	RINK NO. 1.

Total.....	115	103

Majority for Thistles, 12 shots.

Refreshments were served at half time and also at the close of the bonspiel, when Mr. John A. Cameron, on behalf of the Thistles, made a neat little speech congratulating the Granites on the pluck which had led them to return to the fray after each defeat with additional determination. Mr. W. D. Parker, President of the Granites, replied in their behalf.

If the weather holds until Good Friday, a big match will be played off against Lindsay.

Skips R. W. Hamilton and G. E. Whiten have accepted the Colts challenge.

An effort is being made to arrange another bonspiel of six rinks a side, to take place between the Grits and Tories for Wednesday evening next. Such a match would do much to promote the enthusiasm in the game, as the Thistles and Granites would be represented on both sides.

GUN CLUB MEETING.

A meeting of the members of the Gun Club will take place Thursday evening in Mr. Sam Ray's store, Hunter street, at 8 o'clock.

LACROSSE.

The annual meeting of the lacrosse club will be held this evening in the Oriental Hotel parlours at 8 o'clock. Officers for the year will be elected and a number of important questions discussed. All interested in the game are cordially invited to be present.

The Toronto Lacrosse Club is supporting Stark for President; McWilliam for 1st Vice and Lionel King for 2nd Vice.

BASKET BALL.

A game of basket ball took place at the Y.M.C.A. gymnasium last night when the bachelors contested with the benedicts in the business men's class. Sides were as follows:—Bachelors — Messrs. Dunlop, Raddon, Rey's E. V. Stevenson and W. L. Armitage. Benedicts—Messrs. D. H. Moore, R. M. Dennistoun, A. G. Parker and J. H. Carter. The Benedicts won in a score of 4 to 3.

PERSONAL

Judge Weller has recovered from a recent attack of lumbago.

For an Appetiser.

Drink a glass or a bottle (according to your capacity) of Copland's Ale or Porter, about half an hour before each meal.

Both are healthful aids to digestion. Pure ale is good for you; bad beer is unhealthful.

Kept in fine condition and an even, cool temperature in our cellars.

GREAT HIDDEN FORCE

THE ELECTRICITY IN THE AIR WHICH MAY BE STORED FOR USE.

Evidences That It Is In the Atmosphere. Its Effect Upon Individuals—The Benefits Which Is Will In the Near Future Bestow Upon Mankind.

It is a scientific fact that the atmosphere contains more or less electricity at all times. Over a century ago Benjamin Franklin gave a practical demonstration of this truth by drawing a current of electricity from the upper atmosphere through a kite. Other experiments of a similar nature resulted in the death of several experimenters, they having unwisely lost sight of the fact that it was necessary to have some protection in the shape of insulation in case of an overcharge.

These experiments have proved beyond doubt that electricity may be drawn from the atmosphere by simple means, all of which have been long understood and are quite natural; moreover, we know that it is easier to obtain this current under some atmospheric conditions than others. Dry air is a nonconductor and moist air a good conductor of this valuable invisible power, and the greatest amount of electricity is found when the atmosphere is charged to its full capacity with moisture.

Electricity is shown in the phenomena of thunderstorms, in the slight electrification in the air during clear weather and in the aurora.

During the auroral display it has been possible, owing to the abundance of electricity in the air, to work telegraph lines and transmit messages for long distances without the aid of a battery. The most plausible theory of the aurora is that of Franklin, that it is caused by electric discharges in the upper air, resulting from differing electrical conditions of the cold air of the polar regions and the warmer streams of air and vapor raised from the ocean by evaporation in tropical regions.

It is generally understood that the clear air above the earth is positively electrified and that the air at the earth's surface is negatively electrified and its volume measured by its potential from a point above the earth to that at the surface, while the air between the upper and lower layers serves to keep the opposite charges separate.

It is usually found that in cloudy or rainy weather the charge is of a negative character and with clearing weather it changes to positive, any definite change in the electrical conditions indicating a change of weather conditions.

Atmospheric conditions must necessarily play a very essential part in the electrical potential. This being so uncertain and weather conditions so changeable, it may never be possible to obtain a constant for any given elevation, but it is possible to so govern the current drawn from the clouds or a clear sky by passing it to earth through lightning arresters or possibly resistance coils that by the time it reaches the desired point its potential would be so reduced as to allow its charge to be utilized in charging storage batteries.

Now, it may be said that under the most adverse conditions the current would be found too weak to be of value, but I believe that even under such conditions there would be sufficient electricity gathered to continue in force that previously stored without failure or loss of power, provided the capacity of storing is sufficient to meet the wants of an emergency of this character.

This would provide against the unstable atmospheric element, and, the periods and conditions under which its greatest volume exists being known, extra precaution and provision must be made for storing for future use.

It is contended by some that the ocean affords the best facilities for gathering and storing this valuable power. I contend this, although the ocean may be the best conductor, it would be more difficult to store on the ocean than on land, for it is always an easy matter to carry a current to moist soil and there do the storing. Besides, there are in addition to be gathered the earth currents and that artificially generated by the thousands of dynamos, etc., which is of itself today a vast power and is hardly utilized before the power is lost. There is nothing to prove that a current when once set in motion cannot be controlled and made a permanent power. Its force, if stored, may be used over and over again if a proper conductor is provided after it has performed its work to carry it to a reservoir or storage plant for future use.

Have you ever thought of the great volume of electricity which our atmosphere contains? We inhale with every breath a sufficient quantity to strengthen and invigorate us. It is one of the most important elements. There is an ebb and flood wave to our atmosphere which is similar in its action to the tides of the ocean. Its maximum pressure occurs at certain hours of the day and night and its minimum at opposite hours. When the pressure is at its minimum the electrical force of our bodies is least, and at such times we are greatly enervated and weakened, and at periods of excessive humidity similar effects in our physical condition may be observed. When the atmosphere is thoroughly saturated, it is a more perfect conductor, and the current readily leaves us for that offering the least resistance. All these forces tend to show and prove that there is an electrical discharge from one substance to another, and fully demonstrates that it needs but the best conductor to gather and a proper receptacle to store the electric fluid which constantly surrounds us.

Several experimenters are already employed in devising a plan for gathering and storing atmospheric electricity, and I am confident from the progress already attained in this line that it will not be many years before atmospheric electricity can be properly stored and utilized, taking the place of all lighting, heating and motor power employed at the present day.

The possibilities and uses to which this power may be applied are innumerable. I expect to see it used in every house in as simple a manner as gas or water, so that it shall be within the reach of the poor as well as the wealthy.

The earth and atmosphere were given to men, mice and bugs for useful purposes; the earth has responded to many of their wants, and now, as science progresses and we are becoming more enlightened, the possibilities of atmospheric qualities and quantities are open for experiment.—H. B. Dunn in North American Review.

"You have my many heart-felt thanks for your kindly advice to me in my sickness; also for your book, the 'Common Sense Medical Adviser,' which I received two years ago, and which I could not do without. It is all the Doctor I have had since I got it. I had female trouble, and Dr. Pierce's Favorite Prescription cured me of five years' sickness."—Mrs. Claus Nelson, Pico Heights, Los Angeles, Cal.

FORESTS OF STONE.

They Exist In Various Parts of the World.

Old forests are apt to get into the most impossible places and to turn into the most preposterous shapes. All our coalfields are ancient forests far underground, then crushed and cooked into a hard mineral substance. The are forests of plants which once grew as mighty trees, for outside of fairyland who would ever imagine a majestic woodland of club moss and reeds and the little sand weed called the horsetail!

In Greenland, right under the icefields, a buried forest has been found in which the plants were all palms and tropical creepers, proving that once the arctic regions were as hot as the Indies.

In the Wash, between the counties of Lincoln and Norfolk, there is an old forest under the sea, with stumps of fallen oaks and elms still visible in places when the tide is low. This was all dry land in the days of the ancient Britons.

Out in the desert of Arizona there is a dead forest on the surface of burning rock and drifting sand, where no plant save the cactus can now find any water. When the place was first discovered, a negro cook thought it would be an excellent place for camping, so he took an ax and delivered a mighty blow upon the fallen trunk of a big red pine.

His ax was ruined, the haft smashed and his fingers so badly hurt that he sat down and howled, for that tree was changed to massive rock, which looked as fresh as though felled but yesterday. The whole prostrate forest of big timber had been changed into valuable and beautiful onyx, jasper and agate.

THE TRUE MANIA.

Interesting Facts About a Lichen of the Saharan Desert.

According to M. Chastrey, the true manna of the Scripture is the thallophyte, known to botanists as Canona esculenta and Lichen esculentus. The nomads of the Sahara and south Algeria call it Ousseh-el-Ard. It is also found in Persia, Arabia and Mesopotamia. It is grayish, about the size of a small pea, and farinaceous inside. Some say the spores are brought by wind and develop with dew. Others think it leaves a germ or seed behind it when it perishes. It should be collected in the morning of its appearance, because it dries in the sun and is lost in the sand. It can be preserved in a closed vessel. The lichen does not cling to any foreign body, but lies on the sand in a layer sometimes nearly an inch thick and can be collected easily. It is rather sweet in taste.

The Arabs, whose lives it often saves, boil it in water, and thus get a gelatinous paste, which they serve in various ways. To preserve the manna they dry it in the shade or they wrap the paste in skins. Analysis shows that the lichen contains 16 parts of water, 14 of nitrogenous matter, 30 of non-nitrogenous matter, 5 of mineral matter, 32 of sugared and amylaceous matter and 4 of fats. The Arabs of Chaambra and the Algerian douars never fail to gather it after dews and rains as a welcome addition to their diet and a gentle laxative.

Mend Your Bird's Legs.

Young chickens and other birds frequently break the bones of their legs, and if properly attended to these fractures can be easily cured with very little trouble. As soon as the injury is noticed the fracture must be carefully cleaned and washed with warm water and then wrapped with a bit of antiseptic cotton. Splints are then prepared for the fractured limb, preferably of split alder wood, the pith of which is taken out. These splints are fastened to the cotton with a drop of glue, and held tightly in place by being wound with linen thread. The bandage and dressing are left undisturbed for from three to four weeks, then the leg is soaked in tepid water until the bandage comes off easily. The fracture will have completely healed in that time.

Canaries and other pet birds can be similarly treated in case of a fracture of a leg, only the elder splints are substituted by pieces of cardboard and the bandage is left but two weeks on the little winged patients.

Kaffir Swimming Feats.

The Kaffirs are great swimmers. They can do things in the water which other folk would look upon with astonishment. For example, a Kaffir boy can ford a stream shoulder high, running as swiftly as if shot from a torrent. The way they accomplish the feat is thus: Just before entering the water they get a huge stone, sometimes as heavy as themselves, and with the help of a companion place it upon the head. A weight like this gives the boy balance, and he can keep his footing against the heaviest stream. If he were to drop the stone, he would be so light that the water would sweep him off his feet. And this is just one of the Kaffir tricks to accomplish things against tide and flood.

It Never Disappoints.

People who are troubled with any disease caused or promoted by impure blood or a low state of the system may take Hood' Sarsaparilla with the utmost confidence that its faithful use will effect a cure. Millions take it as a spring medicine, because they know by experience it is just what the system needs.

Hood's Pills are the best family cathartic and liver tonic. Gentle, reliable, sure.

RECOMMENDED BY THE LIBERAL MINDED DOCTOR AND TRAINED NURSES.

Weak and Depressed.

Weak and depressed expresses the condition of thousands of people at this season. It is one of nature's signs that humanity cannot undergo months of indoor life in badly ventilated buildings with impunity.

Breathing daily the poisonous gases arising from impure air, your blood has become poor and watery, your nerves unstrung, your appetite fickle. The least exercise tires you and you feel depressed and "out of sorts."

Do not use a purgative in the hope that it will put you right. Any doctor will tell you that purgatives weaken; that they impair the action of the liver and create chronic constipation—the bane of millions of lives. **What is needed is a tonic** to help nature fight your battle for health. There is only one always reliable tonic and that is

Dr. Williams' Pink Pills for Pale People

These pills have no purgative action. They make rich, red blood, build up tired and jaded nerves, and make weak, depressed, tired people bright, active and strong.

But you must get the genuine Dr. Williams' Pink Pills for Pale People. Other so-called tonics are but imitations of this great medicine.

WEAK AND DEPRESSED.

Mr. Austin Fancy, who lives at Baker Settlement, N. S., says: "During the last winter, owing to close confinement and hard work, my blood became impure. I was very much reduced in flesh, and had severe pains in the muscles all over my body. I felt tired and depressed all the time; I had no appetite and was frequently so low spirited that I did not care whether I lived or died. Necessity compelled me to undertake a little work in my blacksmith shop, but I was not fit for it, and after doing a job would have to lie down—indeed I often felt like fainting. I was advised to try Dr. Williams' Pink Pills, and after using a couple of boxes felt a decided relief. The pains began to abate, my appetite improved, and day by day I grew stronger. I used six boxes in all, and before I finished them I was able to do as hard a day's work at the forge as ever I had done in my life. Those who are not well will make no mistake in looking for health through the medium of Dr. Williams' Pink Pills for Pale People."

The Genuine are sold only in packages like the engraving. WRAPPER PRINTED IN RED.

At all dealers, or direct from the Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for $2.50.

MEXICO'S SIGN LANGUAGE.

Gestures With a Meaning Understood by Every Tribe.

Mexico is a land of many tongues, but above the Indian dialects and Spanish there is one universal language—the language of signs. It is the most expressive of all—the Mexican eye and hand are eloquent members. It is capable of infinite variation. Its shadings and suggestions are beyond all translation. But there are certain gestures that have a fixed meaning, a signification well understood by every nation and every tribe from Guatemala to Texas.

A general upward movement of the body, shoulders shrugged, eyebrows raised, lips pouted and palms outspread, varies in meaning from "I don't know and I don't care" to a most respectful, "Really, sir, I do not understand you."

The index finger moved rapidly from right to left generally before the face means "No more" or simply "No." To move the right hand palm outward from the body toward another person means "Just wait; I'll be even with you yet."

The index finger on the temple moved with a boring twist means "He's drunk."

The right hand held to the lips, three fingers doubled, thumb and little finger erect, varies from "He drinks" to "Have one with me."

To move the open hand over the cheek in imitation of a razor has reference to the idiom "playing the barber" and means "to flatter."

All four fingers and the thumb held points together and moved toward the mouth means "to eat."

The right hand held before the face, the two middle fingers moving rapidly, is a familiar salutation.—"Modern Mexico."

Dr WARD'S BLOOD & NERVE PILLS TRADE MARK

Coalfields of the World.

Geologists estimate the great coalfields of the world in square miles as follows: China, 200,000; United States, east of the Rockies, 190,000; Canada, 65,000; India, 35,500; New South Wales, 24,000; Russia, 20,000, and the United Kingdom, 11,500. There are many deposits in other countries, but their extent is inconsiderable. England's coal area is small; still she for years produced more than any other country. Now the United States is ahead. English coal veins are thin; one only 14 inches wide has been worked 1,200 feet down. On the other hand, there are veins in the Pennsylvania anthracite region 60 feet thick and in the bituminous regions 18 feet thick. Our Appalachian coalfields are the largest known, and alone could supply the whole world for centuries to come.

Great Artist Much Better.

London, March 27.—A despatch to The Standard from Vienna on Saturday morning says that M. Michael Munkacsy, the famous Hungarian painter, who was reported dead last week, is much better.

LOVE'LL SHOW THE WAY.

When the ole world seems so gloomy an the skies ain't lookin bright,
When it seems 'es dark in daytime an on some some an at night,
It seems es if a ray o' light's a kinder struggin through
When you think o' some ole friend you know'll shake the hand o' you.

When you think about the dark spots o' the times that uster be,
An gasin at the future all is lonesome that you see,
There's one time when your mind gits on to happy thoughts awhile,
An that's when mem'ry shows you that ole sweetheart's happy smile.

So I jist don't hear how lonely past or future looks to you,
You'll allus find somehow the skies'll turn from gray to blue,
You'll allus find them lightin up, don't keer how dark the day,
An when they light you'll allus find it's love that shows the way.
—Edward Singer in Cleveland Plain Dealer.

Chronic Eczema Cured.

One of the most chronic cases of eczema ever cured is the case of Miss Gracie Ella Alton, of Hartland, N. B. On a sworn statement Mr. Alton says: I hereby certify that my daughter Gracie Ella was cured of eczema of long standing by using four boxes of Dr. Chase's Ointment. William Thistle, druggist, of Hartland, also certifies that he sold four boxes of Dr. Chase's Ointment which cured Gracie Ella.

CASTORIA

For Infants and Children.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

Children should always increase in weight. Not to grow, not to increase in flesh, belongs to old age.

Present and future health demands that this increase in weight should be steady and never failing.

To delicate children, Scott's Emulsion brings richer blood and firmer flesh. Better color comes to the cheeks and stronger muscles to the limbs. The gain in weight is substantial; it comes to stay.

50c. and $1.00, all druggists.
SCOTT & BOWNE, Chemists, Toronto.

ROOFS must be chosen with care and judgment in any country, and especially so in Canada.

All our products are constructed for use in Canada, and ample provision is allowed for contraction and expansion, and we guarantee them to be water, wind and storm proof.

Informations from any dealer, but should he offer you something "just as good," write us.

Pedlar's patent steel shingles are the best, and the best cost no more than the poorest.

Pedlar Metal Roofing Co.
OSHAWA, CANADA.

ARCHIE M'COY KILLED.

Railway Fatality at Hamilton Due to Blinding Snowstorm.

Hamilton, March 27.—In the blinding snowstorm that swept the heights to the west of the city on Saturday evening, Archie McCoy, a Grand Trunk section man, met his death while at work on the track at the intersection of the line with that of the C.P.R. branch connecting with the T., H. & B. McCoy and Ed. Carley, the section boss, were cleaning the points at the interlocking switch, and were watching, as well as the weather would permit, for the coming of a freight from Toronto. They, unfortunately, forgot about the C.P.R. train that leaves the Hunter street station at 8.05, until it bore down on them.

Carley noticed the train, and, shouting to his companion, jumped to one side. McCoy, however, failed to clear the track, and he was struck by the engine on his side, the blow breaking his shoulder and ribs, forcing them into his lungs, causing death within a few minutes.

Direct Against the Pegleg.

London, Ont., March 27.—The evidence at the trial of Pegleg Brown for the murder of Policeman Toobey on Saturday amounted to tracing his movements from Port Huron to the scene of the murder without a break. David Jamieson, a switchman, identified the prisoner as a man he saw lying on a flat car which arrived in London about the time Brown is alleged to have reached there. James Ross said he thought the prisoner was the man that knocked him senseless with a blow, when he told him not to walk on the tracks. The policeman was told to look out for a pegleg.

Nearly every one needs a good spring medicine, and Hood's Sarsaparilla is by all odds the best that money can buy.

Brakeman Killed at Princeton.

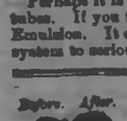
Princeton, Ont., March 27.—A G.T.R. brakeman named George Bethune of Windsor, while standing on top of a box car on a special train, bound east, yesterday morning, was accidentally killed by striking an overhead bridge half a mile west of this village. His remains were taken to Windsor on the express during the afternoon.

Where Tipsters Are a Nuisance.

Paris, March 27.—In order to further restrict the pursuits of followers of the races, a bill is to be introduced in the Chamber of Deputies making it a criminal offence to give out tips or other information regarding race horses, their chances of winning, etc. This measure is especially directed against articles in the newspapers and tipster advertisements.

Your Weak Spot.

Perhaps it is your throat or your bronchial tubes. If you take cold easily, take Scott's Emulsion. It checks any tendency in your system to serious lung trouble.



Wood's Phosphodine,
The Great English Remedy.

Wood's Phosphodine is sold in Peterborough by John Nugent, druggist

EDITORS AT THE CAPITAL.

Mr. Wrightson Recovering, But Not Fast Enough for To-Day's Police Court at Ottawa.

Ottawa, March 27.—The Wrightson-Morrison trouble is about in the same position as it was on Saturday. Dr. McDougall, who is attending Mr. Wrightson, stated yesterday that his patient was doing nicely. He has partially recovered from the nervous attack with which he was troubled on Friday, and will likely be about in a few days. Mr. Wrightson is still confined to his bed and the dark room. The swelling of his face has gone down considerably. Further than this Dr. McDougall would not speak. It is not expected that Mr. Wrightson will be in a condition to appear in Police Court to-day, so that an adjournment of the case will be asked for. Mr. F. R. Latchford is conducting the prosecution for Mr. Wrightson, while Messrs. McCracken, Henderson & McGivern will defend Mr. Morrison. Mr. M. J. Gorman has been retained by Mr. Carrique.

J. F. COHOE AND WIFE KILLED.

Railway Accident Through Saturday's Blinding Snowstorm.

Courtland, Ont., March 27.—Mr. J. F. Cohoe, J.P., and his wife were driving over the Wabash crossing just east of the station here on Saturday afternoon, when the Buffalo express struck the buggy. Mr. Cohoe was instantly killed and Mrs. Cohoe only lived a short time. The buggy was smashed, but the horse escaped uninjured. Mr. Cohoe, who was about 68 years of age, was born in this neighborhood, and Mrs. Cohoe, who was a Miss Ferris, came here from Binbrook, Wentworth County, when a girl. They had lived here all their lives, Mr. Cohoe being a farmer, and holding the office of Division Court Clerk and Justice of the Peace. He was also a member of the County Council and a director of the Norfolk Union Agricultural Society.

Mr. Cohoe and his wife were driving into the village in a covered buggy during a blinding snowstorm, and as a large pile of wood on the roadside obstructed their view, they did not notice the approaching train.

Row in Military Circles.

Montreal, March 25.—There is a row here in military circles. It appears that Lieut.-Col. Roy, the D.O.C. of No. 5 and 6, accuses Lieut.-Col. Cooke of the First Prince of Wales Fusiliers of insubordination and of having insulted the superior officer. The General is here looking into the matter.

Lieut.-Col. Cooke, having apologized to Col. Roy, the General decided that this settled the matter.

C.P.R. Reduced Rates.

Revelstoke, B. C., March 25.—The Canadian Pacific has made a reduction of from 30 to 40 per cent. on the rate for live stock shipments from the Northwest Territories to Nelson and other points in the Kootenay. The 40 per cent. reduction applies to live stock shipped from Macleod.

A CARD.

We, the undersigned, do hereby agree to refund the money on a twenty five-cent bottle of Dr. Wills' English Pills, if, after using three-fourths of contents of bottle, they do not relieve Constipation and Headache. We also warrant that four bottles will permanently cure the most obstinate case of constiption. Satisfaction or no pay when Wills' English Pills are used.

Morine Will Be Premier.

St. John's, Nfld., March 27. — An arrangement for settling the political crisis has virtually been concluded. Sir James Winter, the Premier, will retain the Premiership until the end of the year, which will permit him to conclude his work as a member of the British-American-Canadian commission. He will then take the Chief Justiceship, Mr. Morine, the former Minister of Finance, succeeding him as Premier. Mr. Morine will now re-enter the Cabinet.

... Dear Seats.

Sarah Bernhardt while in London dropped into a bookseller's shop one morning. "I sold her quite a pile of books," said the proprietor, "and she seemed pleased. As she was going out she took hold of my pencil and asked me something in French which I did not understand. Seeing that I failed to catch her meaning, she looked about on the counters, then, quick as a flash, she took up a volume of one of the very best sets of Scott, bound in tree calf, opened it at the very center, wrote something quickly, calmly tore out the leaf, handed it to me, smiled, and went out."

The astonished bookseller looked at the leaf and discovered that Sarah had written a pass for two to her performance that evening! Magnificent, but it was not a cheap entertainment for the bookseller

A Frightful Blunder.

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cents a box. Cure guaranteed. Sold by J. Lynch, Druggist.

Children Cry for
CASTORIA.

Women's Worst Enemy

Some hesitate before giving an answer, but those who know best will immediately say HEADACHE.

Thousands of women live in misery day after day, and week after week, suffering untold agony from these dreadful headaches. Husbands are disheartened, children neglected, and happy homes ruined. Most women strive to bear in patience the suffering which they consider part of life without looking into the cause or searching for relief. Food cannot digest without the bile which the liver supplies and hence the necessity of keeping the liver in good working order. To cure the headaches you must cure the liver and thus remove the cause of disease.

Dr. Chase spent years of his life in perfecting a medicine which acts directly on the kidneys and liver. Thousands of grateful women have testified during the past ten years to the effectiveness of this remedy for sick headaches. Many a home has been restored to happiness as a result.

Dr. Chase's Kidney-Liver Pills, the greatest discovery of this great scientist, are put up to sell eg doses for 25c. All dealers.

FELLING BIG TREES.

The Methods by Which the Woodsman Brings Them Down.

The chopper approaches the tree with a plumb line. If the top does not lean more than two feet in the case of a large tree or more than four in the case of a small one, he considers that he can fell it in any direction he may desire. He then views the ground and selects the most promising "lay out," and the undercut is made exactly facing it. The "undercut" usually extends about one-third through, and then the tree is sawed in from the back to meet it.

When the two cuts are within six inches of meeting, the saw is removed, and the tree is wedged up until the top passes the center of gravity, when it falls by its own weight, easily breaking the strip of wood remaining.

Where the surface of the ground is such that it is necessary for the butt and the top to strike the ground simultaneously, the stump is snubbed off at the undercut, which provides a slanting surface, so that the butt has no place to rest and perforce slides to the ground.

If the tree needs to be rolled off to one side, half the undercut is slanted, and a pile of chips is placed on the flat surface of the other half. The result never fails to manifest the efficacy of this device. Again, by leaving one side of the uncut wood between the undercut and the saw cut thicker than the other, the tree may be drawn considerably away from its natural course.

Eggs and Germs.

It was formerly thought that an egg must be safe eating whatever the surroundings, since its shell covered completely the part eaten, but it has now been shown unmistakably that germs of disease can even find their way through an eggshell. For instance, the typhus bacillus and the cholera bacillus have both been found to make their way through an unbroken eggshell in about 16 hours and locate themselves in the nutrient contents.

This is a clear indication, therefore, that the greatest care should be exercised in the storage and handling of eggs, since they may thus be made vehicles for most deadly poisons. Doubtless the immunity from such evils which we enjoy in our use of eggs as food is due to the fact that we generally cook them in a high temperature before we eat them and thus deal death to the germs and safety to ourselves.—Good Words.

HE OF THE GOLDEN COLLAR.

The magazines seem to have captured all the heroes except Aguinaldo. But they will get him later.—Baltimore American.

Aguinaldo can at least comfort himself with the thought that he is getting in a position to demand pay for the services of his army.—Exchange.

It is noticeable that Simon Bolivar Aguinaldo, though the natives think him bullet proof, is mighty careful to keep far away from the firing line. He evidently thinks it would be a shame to have the native superstition destroyed.—Springfield (Mass.) Union.

Treating Lockjaw.

Recently a young man in New Jersey was treated successfully for tetanus by the injection of serum into the brain. That is not the method of treating lockjaw out in Missouri. Several years ago a citizen of Liberty, Mo., was suffering from tetanus. Local physicians failed to relieve him, and Dr. Wood of Kansas City, a gruff old gentleman, was called. Arriving at the home of the patient he found the room full of sympathizing neighbors. The physician proceeded toward the sick man and remarked, "Why in —— don't you shut your mouth?" at the same time giving him a severe "chuck" under the chin. The effect of the blow caused the mouth to close, and the man soon recovered.—Chicago Post.

Coronial?

This word is used throughout the Australian colonies in connection with a coroner's inquiry. It does not figure in any dictionary that I am aware of not even in Professor Morris' "Austral-English." It seems distinctly journalese. How does the "l" come in, for one could understand the expression "a coronal inquiry?" Is it a variant of "corony + al?" Perhaps somewhat akin to the formation of "baronial" from "barony + al."—Notes and Queries.

Our Children.

"Pauline, what have you done with your doll?"

"Mother, I have lost it."

"Well, well!"

"Oh, but I know where it is! I lost it on purpose, to have the pleasure of finding it!"—Figaro.

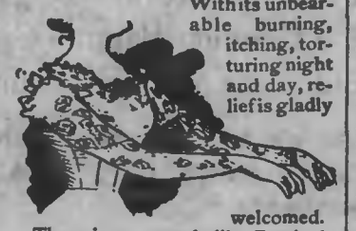
Hands and Arms Covered with Salt Rheum.

No rest night or day for those afflicted with that terrible skin disease, Salt Rheum, or, as it is often called—Eczema.



With its unbearable burning, itching, torturing night and day, relief is gladly welcomed.

There is no remedy like Burdock Blood Bitters for giving relief to such sufferers.

Apply it externally and it takes out the stinging, itching and burning and promotes healthy healing. Take it internally according to directions and it gets at the source of the disease in the blood and completely and permanently drives it out of the system.

Hundreds of permanent cures of this severe skin disease by B.B.B. have been reported to us during the past year.

One of these is that of D. A. McLellan, Pelee Island North, Ont., which is as follows:

"I wish to bear testimony to the good I have received from Burdock Blood Bitters.

"About 8 years ago I was troubled with Salt Rheum.

"My hands and arms were covered with sores to the shoulders.

"I took three bottles of B.B.B. and it made such a complete cure that I have never been troubled with that disease since."

STILL IN BUSINESS

AT THE OLD STAND.

344 Water Street, Peterborough.

I have pleasure in announcing to my patrons and the public generally that notwithstanding any report to the contrary, I have not disposed of my business, nor do I intend to, but am in a position and prepared to fill all orders for the manufacture of Sails, Tents, Awnings, Horse and Wagon Covers, Etc. As in the past I shall endeavor to give my best personal attention to all orders that may be intrusted to me and respectfully solicit your esteemed patronage.

STOCK-TAKING SALE!

CHINA HALL'S Seventeenth Annual Stock-Taking Sale will begin and will last for THIRTY DAYS, during which time Greater Bargains than ever before will be given in each department. For Clearing-up our stock we confine ourselves to one sale annually, but make that ONE a Genuine Bargain-Giving event and Reduce the Price of Every Article in the store, including the very newest goods as well as the old. As our stock is unusually large for this season of the year, we shall out-do all former efforts in Bargain-giving.

No Finer Stock in Canada to choose from—DINNER SETS, TEA SETS, CHAMBER SETS, FRUIT SETS, WATER SETS, BREAD and BUTTER PLATES, CUT GLASS, SILVERWARE, GLASSWARE, FANCY GOODS, BRASS KETTLES, Etc., at prices that will pay you to investigate.

Call Early as First Buyers get the Best Choice. Sale begins on Saturday, March 25th, for Thirty Days Only.

The Macfarlane Wilson Co., Limited.

SAND AND ROCK.

(*To the Editor of the Examiner.*)

Sir,—Please publish the following sermon preached by Rev. Dr. De Costa, rector of the Protestant Episcopal church of St. John the Evangelist, New York City. It is the last of a brilliant course of sermons on the Reformation preached during the winter season. It was largely quoted from by Rev. Wm. J. Kelly on St. Patrick's Day, when addressing St. Joseph's congregation, Douro, on "Reasons why Ireland rejected the Reformation." Dr. De Costa takes for his text the story of the men who built respectively on sand and rock. By publishing so remarkable an utterance, you will confer a favour upon men of all denominations and no denomination.

Yours,
SENEX.

Sand represents the emotional, the transient, the human, while rock tells of the historical, the permanent, the divine. False systems are built on sand, the true upon rock. Both the pre-Christian and the Christian periods amply illustrate the theme. Before the advent of Christ, the false religions stood, substantially, for the worship of Nature, their ritual seeking to recognize and celebrate the reproductive forces, the idea being the same with the Phenician devotee of Baal and the adorer of the Egyptian Sun God. The rites of both were idolatrous, immoral, loathsome, too foul for description, and Herodotus describes the latter.

PAGANISM ABOUNDS TO-DAY.

Entering the Christian era, the same ideas are found at the roots of heresies; the Arianism of the fourth century, with its created Logos, being essentially pagan. In the Reformation times, polytheistic foulness was still apparent in the teaching of some sects, like the Albigenses, though Nature worship put on a more subtile form, as Pantheism, showing that paganism is hard to kill. Paganism abounds to-day. It flourishes in the midst of elegant forms of worship, but is easily detected by discerning minds. Bishop Huntington, of Central New York, has referred to it in a recent charge, exposing the philosophy that confounds the Creator with the creature, and saying: "We have among us men who bear ecclesiastical titles, and are under vows of church obedience, who would put the conscious Creator out of a self existent universe," and "expel supernatural Grace from the Word of God." Emerson reached this idea when he spoke of the universe as "a projection of God in the unconscious."

"REFORMATION" A BREEDER OF ERROR

The Reformation movement in Germany gave an impetus to every kind of error and precipitated sectarian divisions. This, however, was contrary to the intention which, we are told, was to found a new Catholic church in opposition to the old. This explains why the English and the Germans clasped hands across the channel. The new Catholics planned a unity of faith and fire and sword were employed to secure this end. When the general scheme failed, the fragments in various lands took up the work for an exclusive religion, and, in Boston, the Congregationalists hung Quakers, while the Assembly at Albany sought, by the death penalty, to put down the Catholic religion in New York. But new Catholicism was a failure; and the private judgment Luther claimed for himself proved the dangerous possession of all who revered his name. Thus, instead of one Pope, there were as many Popes as good Protestants, resulting finally in turning the bulk of the people of the continent to scepticism, the poison spreading from Germany into all lands.

PROTESTANTISM WILL PROVE A GREATER SCOURGE THAN MOHAMMEDANISM.

Writers have pointed out that Mohammedanism was the scourge of the Eastern Church. One realises this at Jerusalem, on Mount Moriah, standing within the great Church of St. Mary, now transformed into the Mosque of Aska; but is it not time to inquire whether the rationalizing Protestantism of Germany will yet prove a greater scourge? Mohammedanism, the foe of idolatry, destroyed idols, and taught the great truth of one Personal, Eternal God, maintaining close touch with men, and being ready to punish and reward. Christ was also accepted as a genuine historical personage, born at Bethlehem, and Mahomet taught that He would return to Palestine at the Last Day, and destroy anti-Christ. One could have wished that a better proportion of Teutonic theologians had proved equally as faithful as Mahomet, but as it remains, they have, on the contrary, done what they could to put a personal God out of the universe, and to brand the personal, historic Christ as myth—an imaginary Being who did not die and rise again, because He never lived; a Redeemer who did not redeem any one, because there was no need of any redemption; a Being who did not ascend into Heaven, and sit down at the right hand of God, because there is no Heaven and no God.

TOTAL ABSTINENCE ONE COMMENDABLE FEATURE OF MOHAMMEDANISM.

Which, therefore, is the greater scourge—the millions of rationalising Protestants in all lands, or Mohammedanism, whose founder also aimed to create a universal Church, and may yet make a better hand at it than would-be leaders in the United States, especially as he does not spoil all by declaring that the saloon is the poor man's club, since the various nationalities who follow Mahomet are total abstainers, with no use for our "Church Temperance Society," with its temperance which consists in drinking what you please. We remember that there is a body of devout Reformation people in Germany still jealous for the Word of God. Once, however, the whole nation was orthodox. Decay is rapidly going on, notwithstanding periodic announcements of spiritual revival. It is making "Old Catholics," as well as new infidels; and at the end of another half century, or say by the dawn of the year 2,000, where will the present Orthodoxy be found? Mahomet has already done his worst, and in time his worst may prove better than the outcome of the growing cry of rationalistic despair: "O God, if there be a God!" Some future Ranke will tell the world all about it at last, illustrating the deadly power of individualism, and showing how a people may be borne away to infidelity through the inherent force of private judgment, necessitating spiritual self-destruction. The end is not yet. When the day comes, then make the comparison of the fruits of the "Blessed Reformation" with Mohammedanism.

ONE GOD AND ONE RELIGION.

So much for the men who build on sand. But let us avoid the pessimism which teaches that all is sand. Let us speak of those who build their structure of faith and hope upon the Rock. The Bible shows that there is but one God and one religion, taught with with authority from God. The Old Testament warns against false religion, broken cisterns that can hold no water. The false gods had various religions, but our God gave only one. In the new dispensation we have still one God and one religion. Christ did not impress it upon the mind of Peter, that there might be theologies and religions many, with many churches, but that there was one Church on one Rock. The world would absolutely go astray with a plurality. But have we any guide whereby to find the one religion? Has God left Himself without a witness? If man must inquire in vain, Christ must have died in vain, and founded His Church in vain. If so, Christianity is one vast miscarriage dreadful to contemplate.

UNIVERSALITY, ANTIQUITY, CONSENSUS OF BELIEF THE MARKS OF THE CHURCH.

There is, however, a rule for our guidance—a rule that honest and capable men cannot deny: "The faith of Christ is that faith held by Christians in all ages everywhere." This is a question of history, not of Bible texts, composed long after the Church and the faith were established by Christ and the Apostles. Universality, antiquity, consensus of belief, form the marks of the Church. No lesser test can be applied. Christianity offers no hospitality to modern novelty and invention. A Christian body is one that rests upon the Rock of Ages. It is built on the apostles and prophets., with Jesus Christ as the Chief Corner Stone. It must produce its Bible, its creed, its orders, its sacraments, its counsels. It is too late to invent any new religion. Arius, in the fourth century, made an almost Titanic struggle to force a semi-pagan creed upon the world. Luther, Socinus, Calvin, Knox, Wesley and Swedenborg tried, and in their train we have Unitarianism, Universalism and Christian Science—in fact, every form of infidelity, all seeking to poison the wells of Salvation. But every system must be submitted to the one test—the test of Universality—showing the essentials recognized by all men always and everywhere. On this issue a united Christianity must stand without shrinking, and fight a long battle with the world.

PSEUDO SACERDOTALISM.

There are many superfluous and unessential things offered in these days as proofs of Catholicity, but we have no time to dwell upon them this morning. There is, however, the case of Ritualism, to which one may refer, as it is now madly pursuing its course, determined to rule or ruin. Ritualism forms, under the circumstance, simply an exhibition of weakness and self-will, uncatholic in its spirit and method. In the long run, almost any form of sectarianism would do better service for religion. It is simply a scheme of pseudo sacerdotalism urged by men who, invested in robes that they have no moral or legal right to assume in a plain Episcopal Church, fancy they are illustrating the faith one delivered to the Saints.

"NOISY AND TAWDRY SECTARIANISM."

The Saints might well be somewhat surprised to learn that robes purloined by pretenders from the sacristy of William of Wyckham could do duty for the disingenuous purpose designated. A recent description by Bishop Huntington gives the key to the situation, where he speaks of the "Ritual of imitators, fancy performers, postare masters and factionists," clinched by Bishop Potter's characterization, "Noisy and tawdry sectarianism;" which in the Anglican Communion now bids defiance to the unanimous voice of the Bishops. They show beyond question that the spirit of Calvanism is not dead, and that Ritualists stand ready to give to the world a new type of nonconformity, one opposed to all genuine Catholic feeling and aspiration. It is grossly and noisily sectarian, the repudiation of an authority they profess to revere. Pride rules the heart. 'Twas ever so.

Singularly a meeting is announced in this city by a church organization at the present juncture, by which an exhibition of ritual costumes will be summoned to illustrate the irridescent peacockery of the ritualistic scheme. It is badly timed. With the change of a single word, one might well say to those who offer flamingo proofs of Catholicity, "Ye are the sand of the world."

WE SHOULD SEEK, NOT FOR SAND, BUT FOR BED ROCK.

Eye-service of the kind invited is, however, properly associated with that system of emotionalism, once so successful in our great cities, and which so often substitutes religious ecstacies for a clean, moral experience. Nevertheless, these are days when we should seek, not for sand, but for bed rock; for true notes of the Church; men asking themselves if they are willing, in a Catholic sense, to accept the standards that from the Apostles' days have been accepted by true men everywhere. May the ever blessed Spirit of God at last guide the people of this fair land into all truth, causing weary disputants of every name to know and love the truth, and bringing all into one fold, under one Shepherd.

BICYCLE HEADQUARTERS.

You Don't Have to Shop Around—We Have Them.

The World's Six Most Famous and Finest Makes:

CLEVELAND Standard for excellence, fitted with the famous Burwell ball and roller, dust proof, self oiling bearings.

"E & D" With the well-known 4-point bearings, guaranteed against wear for 3 years. E & D quality satisfies.

ORIENTS The wheel Jimmy Michael, Major Taylor and all the most famous riders of U. S. ride. The only Chainless wheel that has proved absolutely reliable on the track and for rough road work; using the "Sager gear" and also "bevel gear" principles of power transmission.

TRIBUNES More popularly known as the "blue streak" The leading chain wheel of United States, known far and wide for its sterling worth; all through, high grade in every particular.

ECLIPSE Fitted with the Morrow Coaster and Break. The most complete and useful adjunct to a bicycle that has been seen for years.

MONARCH "Ride a Monarch and keep in front" is now a household word all over U. S. and Canada. These wheels this year show some excellent improvements.

Prices on Above Wheels $25 to $85.

Fully guaranteed and made by someone of the above well-known firms than which there is no better or more able and willing to carry out their guarantees. They have representatives all over the civilized world so that wherever you go should you have need, you have the practical assistance of the local agents of the above concerns.

BICYCLE SUNDRIES of all Kinds.

THE LATE REV. ROBT. WALLACE.

Death of a Former Keene Pastor.

Last Sunday evening the Rev. Robert Wallace died at his residence, 402 Huron street, Toronto. Born in Ireland in 1820, he came to Toronto when nine years of age, and commenced his studies for the ministry in 1838. In 1842 he went to Queen's College, Kingston. In 1845 he commenced his preaching tours, covering 6 000 miles in fifteen months. He was the first pastor of the first Presbyterian church built in Keene, on the site now occupied by the manse, in 1846. In the same year Rev. Mr. Wallace was inducted pastor, the late Rev. J. M. Roger of Peterborough, assisted at the induction. His stipend was £106. Rev. Mr. Wallace only remained a short time at Keene, ill health compelling his resignation in August of the year succeeding his appointment, greatly to the regret of the congregation. After being in charge of the congregations at Ingersoll, Thorold and Drummondville (near Niagara Falls), he accepted a call to the West Presbyterian church, Toronto, in 1867. During his pastorate, lasting 23 years, over 1,800 were received into the membership and a new church was erected. Mr. Wallace retired nine years ago. He is survived by a son, Rev. F. H. Wallace, D.D., of Victoria University, a former highly esteemed pastor of the Charlotte street Methodist church.

ONE FOR THE C. P. R.

The Empress of China Honoured by German Royalty.

Just before the sailing of the Canadian Pacific's magnificent steamship Empress of China, from Hong Kong on her last eastbound trip, it was visited by their Royal Highnesses Prince and Princess Henry of Prussia, who were shown through the vessel and thoroughly inspected it. The greatest interest was manifested in the workings of the Empress, the Prince, being an admiral, going into tunnels and other out-of-the-way places, that the ordinary visitor does not think of exploring. After a thorough inspection Prince Henry conveyed to Captain Archibald, and Mr. Tillett, the marine superintendent, his feelings of gratification at what he had seen, and stated that the Empress far exceeded, both inside and out, any ship in the merchant marine service he had ever visited. The royal pair were handsomely entertained by the officers and on their departure expressed the great pleasure their visit had given them.

Prince Henry is a brother of the Emperor William of Germany, and is in command of the German squadron in Chinese waters, and both are grandchildren of Her Majesty, Queen Victoria.

AMERICANS RESTING.

Gen. MacArthur's Division Has Stayed Its Onward March.

157 KILLED AND 864 WOUNDED.

These Figures Indicate the United States Losses in the Philippines Since Feb. 4 —Severe Fighting and Brilliant Charges by American Brigades —How Prince Lowenstein Died.

Manila, March 29.—Gen. MacArthur and his army are resting on the plain beyond Marilos, after three days' scrambling in the bush, fording rivers and charging trenches in the blazing sun. The men are tired, but are in splendid spirits.

The Casualties Since Feb. 4.

Washington, March 29.—A list prepared in the office of the Adjutant-General shows the casualties in Manila since Feb. 4 to be 157 killed and 864 wounded.

ATTACK AT BULACAN.

Losses Heavy for a Small Engagement—90 Dead Insurgents.

Manila, March 29.—Gunboat Laguna de Bay attacked the insurgents at Bulacan yesterday. Three Americans were wounded. MacArthur's division has crossed the Marilos River and is advancing northward.

The insurgents attacked the Americans last evening at Marilos, but were repulsed with severe loss. Our loss was five killed and 14 wounded.

Later, Garcia, a native general, came down from Dagupan by train with 1,000 riflemen and 4,000 Bolomen and took positions at Marilos. A river was between the American and the insurgent forces.

The South Dackta Volunteers and the Third Artillery, acting as infantry, were thrown forward. The South Dakotas charged brilliantly across an open space on the east of the railway to the edge of some woods. They lost ten killed and 11 wounded, including three lieutenants.

The Third Artillery, on the right of the railroad, charged and lost nine men wounded, two mortally.

On the left the insurgents in a trench east of the river offered a stubborn resistance. Lieutenant Crittenden, with two guns of the Utah battery, and Lieut. Davis, with a naval Colt gun, forced 80 insurgents in a long trench on the opposite side of the river to surrender at the close quarters of 100 yards.

The rest of the insurgents got out with severe loss. Ninety dead insurgents were counted.

THE OFFICIAL ACCOUNT.

Gen. Otis Tells of the Brilliant Charge of the South Dakota Volunteers.

Washington, March 29.—The following despatch has just been received from General Otis: Manila, March 28.—MacArthur had severe fighting yesterday afternoon beyond Marilos. Brilliant charges by South Dakota, led by Frost, against the famed troops of Aguinaldo brought from Malolos. Repulsed enemy with slaughter. Adjutant Lien and Lieutenants Adams and Morrison and four enlisted men of that regiment killed; Lieut. McLelland and 22 enlisted men wounded; loss yesterday mostly confined to this regiment. Partial destruction of railroad, which is being rapidly repaired, impedes MacArthur's progress. Supply railway trains have now reached Marilos, and MacArthur is pushing on. Our small gunboats are in Bulacan River, where great execution was done yesterday. They will relieve pressure on MacArthur's front materially. Troops in excellent condition and spirits. Proclamation signed Luna, General-in-Chief insurgent forces, directs all towns abandoned be burned. In consequence thereof much country north in flames. (Signed) Otis.

20 KILLED, 61 WOUNDED.

A Record of the Severe Fighting and Some Brilliant Charges.

Manila, March 29.—Desultory shots were exchanged yesterday. The American reports show that 20 men were killed and 61 wounded on our side the day before. The Dakota regiment lost 16 men killed and had 87 wounded. According to prisoners in the hands of the Americans, Aguinaldo's generals, Garcia, Torren and Pacheco, were with the Filipino army yesterday, and drove their followers into the first aggressive demonstration.

One of the most brilliant and costliest achievements of the campaign was the charge of Major Howard's battalion across the river. Advancing at the double, they found the river beneath them and splashed across with a yell, swimming and wading with bullets spattering in the water, and rushed upon the rebel trenches. Ten men were killed and 11 were wounded in the charge.

In the churchyard of Marilos the Americans found 80 newly-made graves of Filipinos and a dozen bodies were seen drifting down the river with gruesome wounds. The prisoners are digging their former comrades from the graves. Many huts are smoking ruins, having been burned by their inhabitants. The Americans are not burning any buildings.

Our troops captured four Spaniards who were fighting with the insurgents. Gen. MacArthur was under a heavy fire yesterday. The prisoners say Aguinaldo has declared that if the Americans can take the Pilipino capital he will surrender.

ALL QUIET AT ILOILO.

American Troops Received With Gladness—Prince Lowenstein's Death.

Washington, March 29. — Adjutant-General Corbin has received the following despatch from Manila: March 28.—The following from Iloilo: All quiet here; Smith's additional troops received at Enrique, with great show of gladness. The additional troops of the 2nd Battalion, California, were sent to Col. Smith to protect inhabitants from raids of hill robbers. Negros developing internal government under Smith's supervision; reports very encouraging.

Prince Lowenstein, with Wheaton's command, on the morning of the 26th, took refreshments to officers of the 2nd Oregon on the firing line; was cautioned as to danger, but advanced with the line, when it charged insurgent entrenchments. He was killed by the enemy and a friend with him was wounded; his remains were delivered to friends in Manila. (Signed) Otis.

Chase and Capture.

Manila, March 29.—The U.S. gunboat Yorktown has arrived here with the Spanish steamer Mundora, owned by the Mondezona Company of this place. The steamer was captured, after a stiff chase, in the Gulf of Lingayen, 245 miles north. When she was first sighted, the Mundora was entering the gulf; but she headed seaward. The Yorktown fired two shots before the steamer was overhauled.

WIRELESS TELEGRAPHY.

London Times Receives Message From Across the English Channel.

London, March 29.—Signor Marconi, the inventor of wireless telegraphy, has been successful in flashing messages across the English Channel from Boulogne-sur-Mer to the South Foreland of Kent, England. The Times to-day received the first press message.

Denmark's Chinese Project.

London, March 29.—The Copenhagen correspondent of The Daily Mail says: "The Danish Government will ask Parliament to vote a credit to send the cruiser Fyen to China in connection with Denmark's projects there. Prince Waldemar will command the expedition, and Princess Waldemar will follow on one of the steamers of the East Asian Company. It is probable, however, that the negotiations for commercial advantages in China will be conducted at St. Petersburg through Russia."

Stirton Gets $500 Verdict.

Guelph, Ont., March 29.—At the Assize Court held here yesterday judgment was given in the libel case, Stirton v. Gummer (Herald). Stirton gets $500 and costs.

J. SUTCLIFFE & SONS,
R. H. HELLS & CO'S. OLD STAND.

MR. J. I. TARTE SPEAKS

Splendid Defence of the Liberal Government and Policy.

TRANSPORTATION PROBLEM.

The Minister of Public Works Exposes the Hollowness of the Cry of French Domination—Claims of Toronto, Hamilton, Collingwood and Goderich Harbors—Mr. Mulock's Reply.

Ottawa, March 29.—At the opening of the House yesterday Sir Wilfrid Laurier moved, seconded by Sir Richard Cartwright, that when the House adjourns on Thursday it stand adjourned until Tuesday, April 4. Carried.

Auditor-General's Report.

Sir Charles Tupper asked when the Auditor-General's report would be brought down.

Sir Wilfrid Laurier said he could not say. He understood that part of the report was in the hands of the printer, but he did not know whether the report itself was completed.

Debate on the Address.

Mr. Monet resumed the debate on the address, speaking in French.

Mr. Clancy attacked the administration of the Government, and was especially severe upon the Postmaster-General, whom he accused of having issued jubilee stamps of large denominations which were utterly worthless to purchasers, and which the department had refused to exchange for smaller denominations.

Hon. Mr. Mulock, in reply, explained that the stamps of large denominations had proven so convenient that it was intended to continue the issue, and showed that every stamp issued could be utilized for postage.

Mr. Tarte's Great Speech.

The feature of the debate on the address yesterday was the two-hours' speech by the Minister of Public Works last evening, in which he dealt at length with the attacks upon the Prime Minister and himself by the Opposition. He exposed the hollowness of the cry raised by the Conservatives of French domination, after they had been kept in power for 20 years by the support of the Province of Quebec, and vigorously defended the expenditure of the Government on public works, which were intended to foster Canadian trade and divert it from United States channels. The speech was pregnant with importance to the country, to the Province of Ontario, to Toronto and to Hamilton. The transportation problem has received much of the attention of the Minister of Public Works, who announced that as a result of his study of the question he had decided to ask Parliament to vote substantial sums of money for the improvement of the harbors of the two cities named, and also for lake transportation, improving the facilities at Owen Sound, Collingwood and Goderich. Mr. Tarte also laid at rest the Conservative charge that the Goderich breakwater contract had not been let by tender. Mr. Taylor, the chief whip of the Opposition, has been assiduous in circulating this statement, and as he was present in the House when Mr. Tarte refuted the charge, it is to be expected that it will be dropped from the political stock-in-trade of the member for Leeds. The particular project to make the port of Montreal a grand national harbor, which Mr. Tarte has advocated since he took office, was elucidated in a manner which commended it to the House.

Mr. Bennett (East Simcoe) closed the debate for the evening. He abused Mr. Tarte as a man who had stabbed the Caesar who first gave him his position in public life, and expressed his entire confidence that the Conservatives would be returned to power at the next election.

Mr. Bourassa moved the adjournment of the debate and the House adjourned at 11.30 o'clock.

CROWN'S CASE FINISHED.

Pegleg Brown Identified by Farmer Campbell and His Wife.

London, March 29. — Yesterday J. Campbell, a farmer of Alvinston, and his wife told of the tramp getting something to eat on the night of June 27, and of the call of the three detectives. They identified the prisoner as the pegleg tramp who had asked for the food. The three detectives detailed their chase after the tramp and identified him.

The Crown has finished its case, and the lawyers for the defence announced that they would call no witnesses.

The case did not go to the jury last night, as expected. Mr. McPhillips, prisoner's counsel, took up the whole afternoon in pleading for the prisoner, after which Mr. Lount, for the Crown, spoke till late in the evening. At the conclusion of his address the court adjourned until this morning, when the judge will address the jury, and a verdict will likely be reached by noon.

W. H. Comstock the Choice.

Brockville, Ont., March 29.—The Liberal convention here yesterday afternoon, chose Mr. W. H. Comstock to represent the Liberal interests in this constituency at the forthcoming bye-election.

Mr. Comstock is a strong candidate. He is one of Canada's best citizens and will do honor to Brockville and his country in the House of Commons. He is popular with all classes of the community and will be returned by a large majority over anyone the Opposition can bring out against him.

The Conservatives have not yet made any move towards putting a candidate in the field to fill the vacancy caused by the death of the Hon. Mr. Wood. They are having great difficulty in getting anyone willing to lead their forlorn hope.

"A Cheerful Look Makes a Dish a Feast."

"Cheerful looks" depend just as much upon physical well-being as upon natural disposition and temperament. If the blood is disordered, the brain is starved, and no "dish is a feast," for the reason that the vitalizing elements do not reach the proper spot.

A step in the right direction is to purify the body by the use of a natural remedy. Hood's Sarsaparilla is Nature's remedy. It acts upon the blood, and whether the seat of the disorder is brain, stomach, liver or kidneys, the purifying process of this medicine is equally sure and successful. *It never disappoints.*

Great Builder—"Have used Hood's Sarsaparilla for indigestion, constipation and finds it builds up the whole system and gives relief in cases of catarrh." WILLIAM E. WELDON, Moncton, N. B.

Sour Stomach—"My system was out of order. I suffered from headache and sour stomach. Took Hood's Sarsaparilla, my health improved and I gained 18 pounds." MAXWELL D. SHANGRAW, Colebrooke, Ont.

Bad Cough—"My sister was troubled with a cough which caused pain in her left side. She was confined to her bed. We gave her Hood's Sarsaparilla and in a few weeks she was able to sit up in bed, her appetite improved and the cough and accompanying pain disappeared." LILY WALKER, 24 Cottingen Street, Halifax, N. S.

Dyspepsia—"My husband suffered with dyspepsia. Physicians did not benefit him. Two bottles of Hood's Sarsaparilla relieved him. My husband's father and our little boy have been wonderfully benefited by this medicine." MRS. O. F. CHAMBERLAIN, Glen Sutton, Que.

Run Down—"My system was run down. I could not sleep nights and my appetite was poor. Hood's Sarsaparilla restored an appetite and strength and has made me feel like a new woman." MRS. S. E. DRYDEN, Amherst, N. S.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

WEDNESDAY, MARCH 29, 1899.

REDISTRIBUTION.

(*Globe.*)

The redistribution of Ontario effected in 1882 has been condemned by leading men on both sides of politics. It was condemned in advance by Sir John Macdonald, who ten years before laid down the principle that the municipal boundaries ought to be observed. Sir John then argued that representation ought not to be made a mere geographical term. There was he said, an advantage in maintaining the municipal lines for Parliamentary purposes; the candidate was likely to be known to the constituency by a course of service in the municipal councils, and the seat in Parliament would thus become a reward and a promotion. "All that great advantage is lost by cutting off a portion of two separate counties and adding them together for electoral purposes only. Those portions so cut off have no common interest; they do not meet together, and they have no common feeling, except that once in five years they go to the polls in their own township to vote for a man who may be known in one section and not in another. This tends toward the introduction and development of the American system of caucuses, by which wire-pullers take adventurers for their political ability only, and not any personal respect for them."

The principle of preserving county boundaries was, of course, transgressed, or rather ignored, in the redistribution of 1882; but there is no reason to believe that those who voted for this measure were prepared to defend it on principle. In fact, we have the testimony of Mr. D. Alton McCarthy that he regarded the act of 1882 as a mistake and a wrong. In discussing the bill of 1892 he said:—"Perhaps it will be said that I was as deep a sinner as any of them in 1882. My hon. friend beside me (Mr. Bowell) says that I was a bigger sinner. I can only say that if so, at all events I have the merit of not persisting in my iniquity. I am not going to apologize for my act in 1882 or to do more than to say that I fully realize by this time that in every sense, party and political, that act was a gross mistake." Mr. McCarthy went on to say that the gerrymander was not according to British precedent and tradition. "Neither in 1882 nor in 1867, nor again in 1884, did either political party seek to gain the advantage by the means which we have learned to describe from the name of its author, a Governor of Massachusetts, on the other side of the line, as a 'Gerrymander act.'" The English practice was more fully described by Mr. Laurier in the same debate. In 1884, when a large extension of the franchise and a redistribution were under consideration, fears were expressed by the Conservatives then in Opposition that the gerrymander might be imported into Great Britain. Mr. Gladstone said that such a proceeding would be simply out of the question. "I am sure that no ingenuity which I can command or which my colleagues can command could by any possibility enable us to produce such a measure, other than favourable to the general liberties of the people. Therefore it is our desire to approach the subject in a large and comprehensive manner." He declared that he desired to secure the measure of redistribution, not merely of the majority of this House, but one which would receive the approval of the House of Commons, and be able to carry the confidence of the country. "We in this House with all our differences, I can regard the consummation of our work." The Opposition was thoroughly convinced of the desire of the Government to act fairly, and [illegible]

of Parliament, said in the same debate; The act of 1882 does not commend itself very strongly to my judgment. I do not know, but I suppose I would have followed the hon. gentleman from Simcoe, if I had been here, in supporting the act; but looking at it through the vista of years it seems to be a very objectionable act." The measure of 1882 seems to have sunk deep into the public mind of Canada. That it should be execrated by the Liberals, against whom it was directed, is natural enough; but a still more remarkable fact is its influence upon the Conservative party. With the press of that party the words redistribution and gerrymander have become synonomous. They cannot conceive of a redistribution that is not intended to hive the minority. The moment they heard that there was to be a new arrangement, they condemned it in advance without the faintest knowledge of its character, and called upon the Senate to save the country by rejecting the monstrous thing. It will surely be good for Canadian politics if this impression can be removed.

GROWTH OF MANITOBA.

Some interesting facts in regard to the growth of Maitoba were brought out during the opening debate in the Legislature. The banking business of Winnipeg increased from $64,000,000 in 1896 to $84,000,000 in 1897 and $90,000,000 in 1898. Mr. Burrows estimates that the last amount should be increased by $50,000,000, because last year was poor for harvesting, and the movement of grain did not commence till some six weeks later than usual. The number of homesteads taken in 1897, the first of many years in which an appreciable increase was noted in the amount of immigration, was 1,141. Out of this number 519, nearly 50 per cent., were from the Dauphin District, in the northwestern part of the Province. In 1898 the number was 2,013, and 740 homestead entries were made in the Dauphin District alone.

Mr. Young pointed out the rapid growth in agriculture in the last ten years. The acreage of wheat has increased from 623,245 to 1,488,232, of oats from 218,744 to 514,824, of barley from 80,238 to 152,058, the number of horses from 45,746 to 101,836, and of cattle from 148,209 to 227,097. The mileage of railways has increased from 1,309 to 1,764, of which 188 were built in 1898. On farm buildings there was an expenditure of $675,315 in 1898, of $985,310 in 1897, and of $1,469,740 in 1898. School accommodation has very rapidly increased, and the expenditure last year was $200,000 as against $60,000 in 1887. We shall have to work to keep ahead of our younger brother.

THE Conservative publications have developed a suspiciously sudden interest in prohibition. As a matter of fact they don't care the value of a cancelled half cent postage stamp about prohibition or temperance. The party they belong to as a party has, all through its career, been consistently hostile to temperance reform, or any other real reform, for that matter, and they now simulate a Pharisaical interest in prohibition, because they fondly fancy they can embarass the Liberal Government. But the dodge is too transparent.

THE HEART WAILS

Of Thousands Have Been Turned Into the Joy Songs of the Cured by the Almost Magic Medicine, Dr. Agnew's Cure for the Heart—It Relieves in Thirty Minutes.

Mrs. John Fitzpatrick, of Gananoque, was for five years a great sufferer from heart disease—spent some time under experts in Kingston hospital without getting any benefit and was pronounced incurable. She commenced taking Dr. Agnew's Cure for the Heart, and when she had taken three bottles all dropsical tendencies, palpitation and pain left her, and she has had no return of it, and ascribes her cure to this greatest of heart remedies. Sold by H. S. Macdonald and Ormond & Walsh.

Liverpool Markets.

Liverpool, March 29. — Yesterday's prices closed as follows: Futures, red winter, steady at 5s 4 7-8d for May and 5s 4 8-8d for July. Maize, steady, at 3s 6½d for new and 3s 7½d for old spot. Futures, 3s 4 7-8d for May and July. Flour, 17s 6d.

Fenton's Case to Go On.

Cobourg, Ont., March 29.—The Spring Assizes opened here yesterday before Chief Justice Street. After the judge's address to the grand jury, E. Gus Porter, on behalf of W. H. Ponton, moved an adjournment of the civil case of Ponton v. Dominion Bank until the next sessions. After hearing the argument his lordship decided that motion for adjournment be set aside, and that the case be proceeded with at the present session. As this case is the last on the list it will likely be Friday before it is reached.

Allin[illegible] the Case.

St. Catharines, March 29.—His Hon. Judge Senkler [illegible] down his decision in the appeal case of the Lord's Day Alliance v Capt. Hogglom of the steam yacht Jubilee. He dismissed the case with costs, deciding that as the boat ran on a regular time-table it was for the accommodation of travellers and not for pleasure-seekers. The Lord's Day Alliance will therefore have to pay all the costs of both suits in the magistrate's court and before the judge.

Lizzie Welch Died From Poison.

Amherstburg, Ont., March 29.—The inquest held yesterday afternoon on the death of Lizzie Welch, by Coroner Dr. Habley, returned a verdict that she came to her death by poison taken by herself or given to her by parties unknown. The stomach was recommended to be forwarded to Toronto for analysis.

No Right To Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth velvety skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50 cents, at J. Lynch's drug store.

[illegible] IN A MINUTE

MARKET REPORTS.

A Depressed Day in Wheat—Monday's Advances All Lost—The Latest Quotations.

Liverpool, March 29.—Wheat futures yesterday eased off and closed ½d to 1d below Monday's final figures.

Chicago, March 29.—The wheat market yesterday reacted, prices for futures losing most of Monday's advance. Lower cables and more favorable crop reports precipitated a lot of selling orders, and the May option declined 1⅛c. The Northwest gave some support. The close was near the low point for the day.

British Cattle Markets.

Montreal, March 29.—Following the advance of a week ago the British markets advanced again yesterday on a short supplied market. London was again the best market, choice beeves advancing ¼ cent to 13 cents for choice States steers, and 12 cents for best Argentines. Sheep were higher by ½ cent, selling at 12½ cents per pound. Limited supplies in Liverpool had a like effect on that market, prices advancing a strong ¼ cent on best beeves, choice States steers realizing 12¾ cents and best Canadian 12 cents, sinking the offal. Lambs 15 cents per pound.

Children Cry for CASTORIA.

YANKEE SAILORS IN A FIGHT.

Got Into a Row Among Themselves and Several Were Stabbed.

Kingston, Jamaica, March 29.—The crews of the American fleet, ashore on leave, started rioting among themselves last night over an old feud about the flagship New York's alleged absence from the fighting at the battle of Santiago. The trouble lasted over two hours before the officers and police succeeded in suppressing it. Several men were slightly wounded, and Green and Armstead of the Texas were most seriously injured. The former had bowels ripped and the latter was twice stabbed in the side. Both men are in the hospital, where they are pronounced to be in a dangerous condition. The wounds were inflicted by a colored man named Johnson, also of the Texas, who is Jamaican born. He was surrendered by the police and is now in irons on board his ship, awaiting the issue. All is quiet again. The Governor of Jamaica, Sir Augustus Hemming, received Rear Admiral Sampson yesterday morning and returned the latter's visit in the afternoon.

Chronic Eczema Cured.

One of the most chronic cases of eczema ever cured is the case of Miss Gracie Ella Alton, of Hartland, N. B. On a sworn statement Mr Alton says: I hereby certify that my daughter Gracie Ella was cured of eczema of long standing by using four boxes of Dr. Chase's Ointment. William Thistle, druggist, of Hartland, also certifies that he sold four boxes of Dr Chase's Ointment which cured Gracie Ella.

EXCITED RED MEN.

St. Regis Indians Still Perturbed About the New Law.

Cornwall, Ont., March 29.—The Indians of St. Regis and Cornwall Island Reservation are still in a state of excitement over the occurrence of Monday, when an attempt was made to hold an election of chiefs according to the Indian Act. A deputation of braves came to Cornwall yesterday morning and took legal advice. They say that the full-blooded men of the tribe are determined that no election of three chiefs shall take place. They want their old tribal system of life chiefs. The principal objection to the Indian Act is that they do not understand it, and have a strong clinging to their old customs. They say that in the struggle one of the Dominion police force drew a revolver, but before he could use it the Indians had taken it away. They hustled the officers pretty hard and also drove away Constable Morris of Dundee. Indian Agent Long, whom they hold in high esteem, sustained no injury, except that he was locked up in the school house from 12 o'clock until 5.

That Throbbing Headache.

Would quickly leave you, if you used D. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headache. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by J. Lynch, Druggist.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANADA,** has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 93/100 dollars ($1264.93) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

J. MARSHALL HENDERSON.

Smith's Falls, Ont., 12th October, 1898.

FREE. A splendid Patent Complexion Brush is sent free for the return of a set of coupons with the large letters spelling out the words "Adams' Tutti Frutti Gum." A coupon is wrapped in each 5c. package of Tutti Frutti. See that you get Adams' Tutti Frutti Gum. All others are imitations.

"WANT ADS" IN The EXAMINER

BRING THE BEST RESULTS

Ayer's Hair Vigor

What does it do?
It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended.

It cleanses the scalp from dandruff and thus removes one of the great causes of baldness.

It makes a better circulation in the scalp and stops the hair from coming out.

It Prevents and It Cures Baldness

Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.

It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.

Would you like a copy of our book on the Hair and Scalp? It is free.

If you do not obtain all the benefits you expected from the use of the Vigor write the Doctor about it.
Address, DR. J. C. AYER, Lowell, Mass.

THE LEGISLATURE

Expectations High That Business Will Be Done Thursday.

THE SUNDAY CAR QUESTION.

Premier Hardy States His Position on the Question—The Revenue Bills Advanced in Committee of the Whole House—Amalgamation of Trust Companies—Interesting Assembly Notes.

Toronto, March 29.—The feature of the day in the Local House, so far as interest was concerned, was the debate on the striking out of the clause in the Hamilton & Caledonia Railway Company's bill authorizing a Sunday service. The bills to increase provincial revenues were advanced a stage and reported with some amendments. Progress made was quite satisfactory, and there seems no reason to doubt that business will be completed by Thursday night.

Trust Companies Amalgamation.

On the order for the third reading of the bill to amalgamate the Toronto General Trusts Company and the Trusts Corporation of Ontario, Mr. Carscallen (East Hamilton) moved an amendment, that the bill do not pass. He objected that there was no restriction on the directors in regard to investments of the trust funds. Twenty millions was too much for one company to have under control. Hence better security should be given the public than the bill provided. A liability of $000,000 would be wiped out if the bill carried. The shareholders, he argued, should have double liability.

Mr. Pattullo (North Oxford), although he could not support the amendment, agreed that the tendency of legislation was against relaxing securities of financial corporations. He favored improved inspection and control over such companies, but did not approve of the double liability suggested by Mr. Carscallen. It would be unfair to single out this corporation for that principle, whilst it did not apply to others.

Mr. Pardee (West Lambton) defended the bill. The company was giving more security through the additional capital than the shareholders were released from. All investments were in accordance with trustees' directions.

Hon. Mr. Gibson said it was a singular fact that no one interested or any rival company had made the slightest protest against the bill. The inference was that all were favorable to it, as also was the High Court of Justice, which had been consulted respecting it. Were the House to interfere between two companies wishing to amalgamate it would be taking an unprecedented step. He hoped the amendment would be withdrawn.

Mr. Stratton (West Peterboro) endorsed the remarks of Hon. Mr. Gibson.

The amendment was lost on division.

Sunday Car Question.

On the order for the third reading of Mr. Holmes' bill to incorporate the Hamilton & Caledonian Railway Company, Mr. John Mutrie (South Wellington) moved the omission of the clause giving the company power to run on Sundays. He said the majority of the people along the line which would be served by the railway were opposed to Sunday traffic.

Hon. Mr. Hardy's Position.

The Attorney-General said the retention or excision of the clause in this bill did not settle the question of Sunday travelling in any shape or form. He was not an extremist or squeamish in this respect, but he objected to legislation which would throw down the Lord's Day Act. The law of this province should rest on that foundation. Therefore the House will not, in the present state of the law, force a clause that directly provides that trains may run on the Lord's Day, and that the Lord's Day Act shall be violated in this railway charter. The Attorney-General concluded by saying that he was fully in accord with the member for South Wellington in his amendment to expunge this clause.

Leader of the Opposition.

Mr. Whitney declared that he was in favor of Mr. Mutrie's amendment, not so much by reason of the uncertainty of the law, as stated by the Attorney-General, as that he (Mr. Whitney) was not an extreme man. He objected to the House giving permission to any railway to run on Sundays. In order to show this, and that he did not propose to allow Sunday labor all over the province without any modification, he should vote for the amendment.

Mr. J. W. Holmes (Haldimand) explained that there was a large agricultural community in the district of the proposed line and that it was a busy milk route. Hence the running on Sundays would prove a great convenience. He spoke in terms of praise of the various Sunday trains in and around Hamilton. No evils had resulted, and the church people, as well as other sections of the community, had been well served.

Mr. Crawford (West Toronto) expressed his pleasure that the Attorney-General and the leader of the Opposition were in accord with the mover of the amendment.

Mr. German (Welland)—Neither the Attorney-General nor the leader of the Opposition has expressed his true opinions on this question. (Loud laughter, in which both Hon. Mr. Hardy and Mr. Whitney joined.) "The proper Sabbath observance," said Mr. German, "is for people to spend the day as they think fit, so long as they do not infringe on other people's religious opinions and freedom of action. I think this Legislature has gone too far in helping measures which will allow grass to grow on the city's streets."

On being put to the House, the Speaker declared the amendment carried on division. The yeas and nays were not taken.

Brewers and Distillers' Bill.

The House went into committee again on the bill respecting brewers' and distillers' and other licenses.

The changes in the bill were those announced by the Attorney-General yesterday, and the bill passed the committee stage. It will come up for its third reading to-day.

The Revenues Bill.

The House in committee passed the remaining clauses in the bill to supplement the revenues of the province.

The House next went into committee on Mr. Crawford's bill respecting the city of Toronto, and struck out the exemption clauses and passed the others.

The House concurred in the agreement whereby the Riordan Paper Company, Limited, will furnish the supply of printing papers required by the Government for the five years ending on Dec. 31, 1904.

Progress was made with a number of other bills in committee, including the Attorney-General's bill to amend the statute law, and to amend the Ontario Election Act.

The House spent half an hour in committee of supply, passed several votes, and adjourned at midnight.

ASSEMBLY NOTES.

Hon. Mr. Harcourt is ill and unable to attend the Legislature.

The Attorney-General will move to-day that the House sit on Thursday morning. There will be no session on Good Friday. Every effort will be made to finish the business by Thursday night.

The Provincial Secretary's office is doing a rushing business in charters, the number being greatly on the increase, the applications of this month being away in advance of the record.

Mr. Pattullo's bill to prevent municipal councils granting or renewing exemptions from taxation without the consent of the electors by a two-thirds majority, passed the municipal committee yesterday.

Rev. J. N. Vanatter, of Albion, Wis.

WRITES A LETTER ON DR. CHASE'S OINTMENT.

Sufferers are at liberty to correspond with the above address and will obtain full particulars regarding the great cure.

He says: My wife was most terribly afflicted with protruding piles, and contemplated a surgical operation. A friend of ours recommended the use of Dr. Chase's Ointment, and less than one box effected a complete cure. We were so pleased with the ointment that I tried it myself, as I have been troubled with an unsightly skin affliction which covered the lower part of my face.

For 25 years I suffered untold agony, and was treated by the best medical skill in the United States. I consider Dr. Chase's Ointment worth its weight in gold for piles and skin disease.

Dr. Chase's large-size recipe book, cloth-bound, sent to any address on receipt of 50 cents, by addressing Dr. Chase's Company, Toronto or Buffalo, N.Y.

The fires at regular intervals in the Central Prison have considerably used up the warden's residence, and it is the intention of the Government to erect a nice new place for Warden Gilmour to live in. The cost of the new building and the changes necessary in the old one will be about $4,000.

The Ontario Government was waited upon yesterday afternoon by a deputation representing the Algoma Central Railway, and Messrs. Conmee and Farwell, the members for Algoma. The corporation asked a land grant of 6,400 acres per mile for a road from Sault Ste. Marie to Missanabie, a distance of 150 miles.

The Government's fishery bill provides that bass, maskinonge and speckled trout shall not be caught by nets, and that white fish and salmon shall not be taken if less than two pounds. Nets must not be set within 500 yards of the mouth of a stream.

An important measure which passed the municipal committee yesterday was Mr. Conmee's bill to provide that where a municipality goes into electric lighting it shall be compelled to buy the plant of the company or companies already supplying light to the municipalities, either by an agreement or at an arbitrated price. The principle of the bill was sustained on a vote of 31 to 12.

A HUNDRED REASONS

Can be given why Stuart's Dyspepsia Tablets are the best and most effectual cure for every form of indigestion.

They are in the tablet form which retains their good qualities indefinitely, while liquid preparations become stale and useless with age.

They are convenient, can be carried in the pocket and taken when needed. They are pleasant to take.

After each meal dissolve one or two of them in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half digested food.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach and nothing else.

One disease, one remedy; the successful physician of to-day is the specialist, the successful medicine is the medicine prepared especially for one disease.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure.

They increase flesh by digesting flesh-forming foods.

A whole package taken at one time would not hurt one, but would simply be a waste of good material.

Over six thousand men and women in the State of Michigan alone, have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

MANITOBA IS PROSPEROUS.

Report Presented by the Department of Agriculture Very Satisfactory.

Winnipeg, March 29.—The report of the Agricultural Department was laid on the table of the Legislature yesterday afternoon. In no year in the history of the province has the productive nature of our soil been so noted as in the present. The tide of immigration has been flowing westward more perceptibly than usual during the past year, and Manitoba has received its share of the same.

The area under crop of all kinds was 2,310,949 acres, compared with 1,958,025 in 1897. The expenditure for farm buildings aggregated $1,409,740. The amount of new land broken last year was 134,905 acres; amount summer fallowed, 268,880; fall plowed, 607,720; total area prepared for 1899, 1,011,455 acres.

Number of beef cattle exported, 12,535; stockers sent to the Territories, 9,500; sent to United States, 20,000; total, 42,025.

Number of hogs exported, 5,000; number received by packers, 18,000; total, 23,000.

The estimated amount of poultry disposed of by farmers was: Turkeys, 18,455; geese, 15,010; chickens, 127,000. The number of horses in the province is 111,836; cattle, 227,097; sheep, 82,058; swine, 86,648.

There were [illegible],094 pounds of creamery butter produced, which averaged 18.6c per pound, making a total value of $197,494.46, and of dairy butter 1,151,020 pounds were produced, which averaged 13.94c per pound, or $160,593.59. Grand total, 2,116,644 pounds; value, $340,087.98.

The amount of factory cheese produced was 800,084 pounds, which realized $69,867.20, or an average of 8.67c per pound.

Thus, the total value of butter and cheese products for the year was $409,455.28.

Estimates were submitted at the civic meeting last night for an electric light plant for the city. They will likely be adopted by the people.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Anecdote of Napoleon.

During Napoleon's sojourn in Egypt he was standing one morning upon the very apex of the Great Pyramid of Cheops. Looking down over the vast expanse of sand in the desert, he was heard to sigh.

"Why do you sigh, General?" asked Bourienne, from below.

"It makes me unhappy," replied Napoleon, with a wave of his hand over the blistering stretch, "to see such a magnificent beach as this dumped inland. An ocean or two within reach would make of this fair spot the New Jersey of Africa!"

EVIDENCE FROM HAMILTON, ONT.,

That Laxa-Liver Pills are the best remedy for Constipation, Dyspepsia and Sick Headache.

Mr. James, of the St. Nicholas Hotel, ceased to recommend them.

"I am pleased to recommend Laxa-Liver Pills for constipation, dyspepsia and sick headache. I have used them for those troubles, and find them a pleasant, sure and quick cure, free from the annoying griping of other pills I have heretofore used." Signed, H. JAMES, St. Nicholas Hotel, Hamilton, Ont.

Just take a Laxa-Liver Pill before retiring. 'Twill work while you sleep, without a gripe or pain, curing Biliousness, Sick Headache, Constipation and Dyspepsia, and make you feel better in the morning. Price 25c., or 5 for $1, at all druggists.

VALUABLE Residential Properties FOR SALE In Peterborough.

Having decided to remove to Manitoba in the spring, I have decided to sell the following valuable properties at prices that should secure ready purchasers:

Parcel No. 1. A Brick Terrace of four houses, adjoining the corner of Sherbrooke and Park streets, two storys, well built with good stone cellars full size of buildings. Each residence contains six rooms with summer kitchen. This property has always been continuously rented and pays an excellent rate of interest on the investment, and it is practically a new property, being only erected a few years, and in good condition.

Parcel No. 2. Brick residence corner of Reid and Simcoe. Containing ten rooms. House in good condition with all modern improvements, bath, closets, heated with furnace and lighted with electricity.

Parcel No. 3. Brick dwelling corner Aberdeen and Benson streets, facing Dixon Park, containing seven rooms with summer kitchen. This property was erected last season for myself and occupied by myself. Has hard and soft water in kitchen and is a very comfortable residence. This lot is 166 feet square.

Parcel No. 4. Brick residence, corner Wellesley and Benson streets. Two storeys, seven rooms with kitchen, pleasantly situated adjoining Dixon Park. Hard and soft water in kitchen. This lot is also 166 feet square and is a similar building to parcel No. 3.

Parties desiring a good paying investment or one will find any of these desirable purchases.

Particulars and terms, which are reasonable, made known on application to the undersigned.

T. J. MOORE.

Edwin Elcome, TAXIDERMIST

Dealer in Eyes, Artificial Leaves and Frosting also Importer of Foreign Birds and Skins from all countries.

Residence—179 Harvey street, Peterborough

Rheumatic Torture

South American Rheumatic Cure Cures in 1 to 3 Days.

Solomon Woodworth, of Hopewell Hill, N.B., is rescued from a deplorably helpless condition, induced by the agonies of rheumatism. Mr. Woodworth had contracted rheumatism of the severest form and in a very short time was incapacitated for work—for weeks he could get no rest—suffered the most violent pains in his arms and shoulders—grew worse and felt he could not live, so terrible were his sufferings—his arms became perfectly helpless. He began taking South American Rheumatic Cure—after the second dose he experienced great relief and at the end of three hours every vestige of the pain was gone—the use of his hand and arm returned gradually and he feels altogether like a new man and to-day rejoices in a cure which he proclaims almost a miracle. South American Rheumatic Cure cures in 1 to 3 days every form of rheumatism and neuralgia. Do not suffer longer—it will relieve in six hours.

South American Nervine soothes the nerves and cures all forms of nervousness.

South American Kidney Cure cures only kidney diseases—relieves in a few hours. 12

Sold by H. S. Macdonald and Ormond & Walsh.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the feet in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which delights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

W. E. GREEN, Box 714, Peterborough, or
Octavius Newcombe & Co., Toronto.

THE ODORLESS CREMATORY CLOSET.

I have been appointed Sole Agent for the Odorless Crematory Closet manufactured by the Crematory Closet and General Heating Co., of Hamilton.

This Closet has found a place in many of the best homes in the province, and all who have used it cannot speak too highly of its merits. Medical men speak of it from a sanitary point of view, claiming that, if health is any consideration, no home should be without one. Here are some of the

TESTIMONIALS.

Alliston, March 1st, 1898.

I have had one of your "Crematory Closets in use now for several weeks and am glad to be able to say that I have found it entirely satisfactory in every respect. I have not been able to detect the slightest odor from it at any time and would not be without it. I am sure it must prove a great convenience to people in the country and in towns where water is not obtainable. Yours respectfully,
JAMES CONWAY.

Sheddon, February 28th, 1898.

I have used it for sometime and find it perfectly odorless. It is a long felt want and I believe it will become very popular especially in rural districts, towns and villages where wells are so frequently contaminated by the ordinary closets. I am, yours, etc.
W. H. MORRISON

Medical Superintendent's Office, Sept. 20th, 1897
Asylum for the Insane, Hamilton.

Gentlemen: I had the opportunity of witnessing yesterday the operation of your Odorless Crematory Closet. It had a large accumulation of fecal matter in the pan when the fire was started, and inside of 20 minutes it was all reduced to ashes. There was no odor before or during the operation of consuming the fecal matter, as the ventilation by the flue seems to carry off all odor at once, before it has a chance to vitiate the surrounding atmosphere.
Yours truly, JAMES RUSSELL, M.D.

Binbrook, Sept. 20th, 1897.

Dear Sirs—Having been present at a private test of your new patent closet yesterday afternoon, I beg to express my satisfaction with it in every way. Neither before, during or after the burning out of its contents did I detect the slightest unpleasant odor. I am satisfied it will be a boon to thousands in rural towns, villages and country homes. Yours truly,
M. J. MULLOCK, M.D

ADAM HALL.

—THE—

IMPERIAL LIFE INSURANCE CO.

OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. It **Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. **Its Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. **Its Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. **Its Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. **Its Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

Don't fail to have your seats secured in advance. Prices 25, 35 and 50c. Seats now on sale at the Grand Trunk Railway up-town office.

THURSDAY BARGAINS AT GRAFTON & CO'S.

[illegible] Boy's White, Turkey [illegible], Blue and Japanette [illegible], regular price 5c [illegible], Thursday, Bargain [illegible], 3c each.

A SERIOUS ACCIDENT.

Inspector Crompton, of the Bank of Commerce, Fell as a Crossing.

Last evening, shortly after seven o'clock, Inspector Crompton, who is here from Toronto on a periodical official visit, fell on the crossing on the corner of Hunter and George streets, and as a consequence of striking his head, is suffering from concussion of the brain.

The Inspector and his assistant were returning in a hack from Mr. J. H. Carter's residence, where they had been dining, and at the corner of Hunter and George streets the Inspector alighted from the carriage, in order to get some papers from his room at the Oriental Hotel before resuming work. Just as he stepped on the crossing, he turned to address a remark to Mr. Carter, and losing his footing fell, striking his head heavily on the ice. He was picked up in a dazed condition and taken to his room, where he still lies in a semi-unconscious state. Dr. Boucher, however, has favourable hopes of his early recovery.

Inspector Crompton is well and favourably known to the local patrons of the Bank of Commerce having occupied the position of Acting Manager here during the illness of Mr. McHarrie last summer.

COUNTY COURT.

A Special Session Held Yesterday—The Case of Fitzgerald v. Fitzgerald.

A special session of the County Court was held yesterday at the Court House, His Honour Judge Weller presiding. The case tried was brought by Miss Ellen Fitzgerald, formerly of Otonabee but now of Toronto, as plaintiff, against her brother, Jeremiah Fitzgerald, of Otonabee, on a promissory note for $420. The defendant claimed that he had been released by the plaintiff, who had agreed to accept his brother, James Fitzgerald, as her debtor, and he produced a document, signed by James Fitzgerald, agreeing to pay the note in question, and to indemnify the defendant against it. The defendant therefore joined as third parties the executors of his brother James, who died in 1898 and claimed indemnity from the estate. A large number of witnesses were examined and considerable interest taken in the case by the friends of the parties. The court sat until nearly 10 o'clock at night, when the Judge delivered judgment in favour of the plaintiff as against the defendant, Jeremiah Fitzgerald, for $397 and costs, and in favour of the defendant, Jeremiah Fitzgerald, over against the estate of the late James Fitzgerald for the same amount, together with his costs of suit.

McLean & McCallum, of Toronto, solicitors for the plaintiff; Denniston, Peck & Stevenson, solicitor for the defendant; Daniel O'Connell, solicitors for the third parties.

RESIGNATION ACCEPTED

Of Rev. J. U. Tanner, of Omemee, at a Meeting of the Peterborough Presbytery.

A special meeting of the Peterborough Presbytery was held yesterday afternoon in St. Andrew's church for the purpose of considering the resignation of Rev. J. U. Tanner, of Omemee, who is unable to continue his duties on account of trouble with his eye sight.

It was decided to accept the resignation and the charge will be preached vacant on April 7th.

Fish for Good Friday.

I have provided a plentiful supply of fish, oysters and fruit for Good Friday. Fresh caught halibut, fresh caught haddock, fresh B.C. sea salmon, sea herring, fresh bass and other fresh water fish, Lake Superior salmon, Lake Winnipeg whitefish, Georgian Bay trout, select oysters, etc. Also fine fresh fruit, oranges, lemons, bananas, etc. Get your Easter supplies at Frank D. Leplante's fish and fruit store, next Adam Hall's. Leave orders early. Prices will be right.

Geo. Ball

has removed to the rooms over Oak Hall, formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3.50; why buy ready-mades? Every age and style to suit—every desire is assured. Ladies' tailoring in all designs.—GEO. BALL, over Oak Hall. 20

HOW TO SET RIGHT THE GREAT SOCIAL WRONG.

SPLENDID ADDRESS OF HON. J. S. CROSBY.

"The Great Social Wrong"—The Subject the Basis of a Powerful Exposition of the Single Tax.

Hon. John Shewin Crosby, of New York, spoke on the subject growing out of the the single tax theory in the Opera House, last night, to a not large, but representative and intelligently appreciative audience, and the hearty applause that greeted his logical conclusions, as well as his touches of [illegible]eloquent denunciation of wrong and vindication of right indicated that in Peterborough the single tax movement is advancing beyond the position of a theory, outgrowing the pseudonym of a fad and attaining the dignity of a live issue that appeals to the imperishable principle of justice inherent in every person's breast.

A part of the audience that occupied the platform consisted of Rev. W L Armitage, All Saints, Rev. J. G. Potter, St. Andrews, Rev. E. V. Stevenson St. Johns, Rev. O. C. Elliott, Park Street Baptist Church, Mr. D. W. Dumble and Mr. A. P. Poussette.

Mr. Crosby is a gentleman of fine presence, with strong, expressive features that light up splendidly with nascent thought. He has a pleasant voice and persuasive

HON. J. S. CROSBY.

style of eloquence and very quickly puts his audience en rapport with himself.

Rev. H. Symonds occupied the chair, and introduced Messrs. Crane and Dawson, who sang with fine spirit and splendid effect the duet "Excelsior."

Rev. Mr. Symonds said the object of the social movement that characterized the present age was to lift up, and not to pull down, and therefore "Excelsior" was a fitting motto of the social movement. Many had not time to devote to the study of social subjects and, therefore, specialists on these topics were engaged to come to give addresses, and a tribute was paid to the patience and public spirit of the gentlemen who were responsible for the presence of the special speakers. One characteristic of the age was the practical exemplification of the sentiment of mercy, especially in connection with hospitals and similar benevolent institutions, but the public sense had not been generally penetrated with the spirit of what human conditions demand —justice. (Hear, hear). There was need for justice, as well as mercy.

This was followed by a well-sung solo by Mr. Walden, "King of the Sea," and Mr. James Dawson followed with a baritone solo, which was finely rendered.

THE ADDRESS.

Hon. J. Sherwin Crosby was then introduced to speak upon the subject, "The Great Social Wrong." He was received with hearty applause. The lecturer began by saying that he believed there were very few who did not take an interest in social questions. Nobody doubted the existence of social wrong. As transgression of natural laws gave rise to plagues and other calamities, which lessened as causes were found and remedies applied, so were we now beginning to recognize that we must get at the cause of the social troubles of the present age, and provide a remedy. Low wages and lack of employment were universal, and that must be wrong—to deny any man the blessing of life. God did not create beings to be placed upon an earth where there was not room enough. God made room enough on the earth for every man and woman he had created. Single Tax was like single fare in railway travel. It wasn't the rich that paid the taxes,—they might get the receipt, but the people, those who worked in any capacity, the real producers, provided the means. If the people knew just how much taxation they paid, they would rise up in wrath. Under the single tax system there was only one tax, under the present system there was a multiple tax. There were two sides to the single tax question, the fiscal and the ethical. Referring to the spread of the single tax principle, the speaker pointed out that it was making rapid progress in England and his jocular suggestion that if England and Canada first adopted the system, the United States would

WOULD NOT PUT A TAX

on it to keep it out, excited hearty applause. We would never have free trade till we got single tax. The speaker went on to point out that the negro of the United States was better, in one sense, in slavery than he was freed. When he was a slave he had food, raiment and shelter, he had a steady job.—"Do you workmen all have it?"—When he became free the conditions were against him and he had not his wants supplied as he had before. Robinson Crusoe might give his man Friday his freedom, but if Friday had not at the same time liberty to have the benefit of the fruit he gathered without paying tribute to Crusoe, who might claim to own the island, his freedom was no freedom at all. Man was the manifestation of God on earth and the conditions must be in accord with these relations. Were tariffs just? A poor washer woman supports three or four babies, and perhaps pays more taxes than the woman of wealth who did not buy as much of goods that were taxed. This was not just. You could not tax men under such a system according to their ability to pay. You tax goods of a merchant, who puts the tax on the price and the consumer pays in the end. You impose taxes to abolish wrong. You tax whiskey, and you have less of it. You tax industry or the fruits of industry and you have less of

OBITUARY.

THE LATE ANSON SPERRY.

General regret will be felt at the announcement of the death of Mr. Anson Sperry, a well-known and greatly respected resident of Peterborough for over fifty years. His death took place yesterday after a long and painful illness. The deceased gentleman was born in Schenectady, N. Y., in 1822, and in 1847 came to Peterborough with his parents. He was well-known as a manufacturer of shingles, and "Sperry's Mill" is a familiar phrase. He was for seve al years associated with Mr. Henry Deane in the grist-milling business. The deceased has not been actively engaged in business for many years. He was a man of rare integrity and won general respect, both in his business and social capacity. He was a Liberal in politics, and for two years he was a member of the town council. In religion he was a Methodist, and was for many years a member of the trustee board of the George street Methodist church. Mr. Sperry was twice married; the first time to Miss Cook of Camden, N. Y., who died in 1861. In 1871 he was united in marriage to Miss Kate Parnell, daughter of the late Richard Parnell, who with a family of one son and six daughters, survive him. Two of the daughters are married—Mrs. D. A. Fraser, Norwood, and Mrs. Hugh Bertram, town. Mr. Sperry was an affectionate father and essentially a home man, and his family will receive the sincere sympathy of the community in their bereavement.

The funeral takes place on Thursday at 3 o'clock p.m., from the family residence, 367 Water street.

THE LATE MR. J. CUBBITT.

Mr. W. A. Kindred received word on Monday of the death in Rochester of Mr. J. Cubbitt, at the age of 54 years. The deceased gentleman was born in Zion, Otonabee, where he resided for some time before moving to the States. He was a veteran of the American war, and a member of Rochester Post of the Grand Army of the Republic. Mr. Cubbitt has visited Peterborough on several occasions, and his many friends here will regret to learn of his death. His funeral takes place in Rochester to-day (Wednesday). He leaves behind him a wife and daughter, Mrs. Comstock of Rochester.

The Art Studio of Green & Son will be open for sittings on Good Friday. 143 Hunter Street Peterborough. 2d-1w

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. Geo. Gumpricht, practical piano maker and tuner, with 28 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Vedettes, $37.50, $33.50.

These are Entirely New Models embodying more radical improvements than were ever before offered in a single season. They are fully illustrated and described in our artistic new catalogue.

A. Mercer & Co.
AGENTS.

THE PETERBOROUGHS HAVE RE-ORGANIZED.

Lacrosse Boys Held Their Annual Meeting.

PROSPECTS ARE BRIGHT FOR 1899.

Officers Elected for the Ensuing Year—Reports Presented by the Secretary and Treasurer—A Game on May 24th.

The most largely attended meeting in the history of local athletics was held in the Oriental parlours last evening, when the Peterborough lacrosse club was re-organized for the season.

The circumstances under which the club begins the season are very bright, as besides the fact that a number of those who have dropped out of the game in late years are again taking the field, several new players of great promise will be found on the team. The juniors were also much in evidence at the meeting, and as they have developed rapidly within the last two seasons, a number of them will aspire to positions on the senior team.

In the absence of President McGrath, the chair was taken by Secretary Terrill, who read the appended report:

SECRETARY'S REPORT.

Gentlemen,—Your Executive Committee has to congratulate you on the success of the past season, during which many interesting games were played on the home grounds, the local team winning all matches in Peterborough but one with Brampton in the early part of the season, when four of the senior men were off the team.

The club tied Orillia for the championship of the district, and though beaten out had the gratification of knowing that it took the strongest club in the Association to win the game. The financial support of the club was not sufficient to enable the treasurer to report a cash balance on hand but as the interest in the national game seems to be reviving in Peterborough, it is hoped that this season will see the matches patronized to such an extent as to enables the expenses to be met.

Some very promising new blood will be found on the field this year, and the club hopes to be even further advanced in the championship series than it has been in the last two years.

Nearly all the members of the old team, it is hoped, will be available, with the exception of Messrs. Mooney and Hogarth, who finished their courses at the college and returned east in the fall. Both players came to town as strangers and voluntarily offered their services to the club, playing throughout the season in a manner which did much to strengthen the team. Your committee would recommend that a vote of thanks be extended to those gentlemen for the services which they so cheerfully rendered.

The committee also desires to draw attention to the fact that the large majority of those attending the matches are of the gentler sex, and would urge that, if possible, better accommodation be provided for them, the stand not being sufficiently large for the purpose for which it is intended.

Last year the Y.M.C.A. were allowed to use the grounds in the afternoons and for three evenings in each week. In return for the privileges the members of the Lacrosse Club were allowed the use of the gymnasium and baths. If possible a similar arrangement should be made this year.

The club looks forward with anticipation to another Rochester trip this year and the management hopes to be able to make arrangements for an outing in Western Ontario, by taking advantage of the cheap rates offered through the medium of the Agricultural Society's excursion to Guelph in June.

Many new clubs are affiliating with the C.L.A. this year and, as Mr. Lionel King has announced his candidature for the second vice-presidency, it behooves the club to rally strongly to the support of the Association and place a strong team in the field. Under the circumstances all the old players are asked to stand loyally by the club in a strong effort to win the championship.

The club looks forward to seeing a strong junior team in the field to enter a local league composed of teams from Millbrook, Campbellford, Norwood, Marmora and Madoc.

All of which is respectfully submitted.

ALF. TERRILL,
Secretary.

The report was adopted on motion of Messrs. Halpin and Glover, after which the treasurer's statement was read as follows:—

TREASURER'S REPORT.

To the Officers and Members of the Peterborough Lacrosse Club.

Gentlemen,—In furnishing a report of the financies of the club for last season, I have to say that we are in about the same position financially as at the last annual meeting.

The receipts during the season were $543.40. The expenses during the season were $544 89, leaving a deficit of $1.49. These amounts do not include the excursions as the secretarry arranged these, which squared themselves. There are outstanding accounts amounting to about $100. This is not as satisfactory a report as we would like to have printed but, looking at the standing of other clubs in the C. L. A., we are in a fairly good condition, and if a good series of games is arranged for the coming summer, all accounts can be paid without much trouble.

The Committee wish to thank those who contributed financially to the support of the team. They believe that the game should boom this year, and hope to see all the old members as well as the younger players turn out in fine form.

On behalf of the Finance Committee.

R. M. GLOVER,
Treasurer.

The report was adopted on motion of Messrs. English and Halpin.

THE OFFICERS.

Officers for the ensuing season were elected as appended, the contests in some cases being very keen:—

Patron and Patronesses—Mr. James Kendry, M.P., and Mrs. Kendry, Mr J R Stratton, M.P.P., and Mrs Stratton, Mr and Mrs H LeBrun, Mr and Mrs W A Sanderson, Dr and Mrs Burnham, Dr and Mrs King, Dr and Mrs Bradd, Mr Peter Hamilton, Mr B F Ackerman and Mr Willis Hamilton.

Hon. Pres—Mayor Davis.
Pres.—Dr McGrath.
1st Vice-Pres.—B J Fife.
2nd Vice-Pres—M Halpin.
Secretary—Alf Terrill.
Treasurer—Fred Sullivan.
Executive Committee—The officers, captain and Messrs Fred Sullivan, R A W Hay, W J English and Jas McCabe.

Finance Committee—Officers and players.

Grounds Committee—Messrs Alf Terrill, Geo Lipsett, R M Glover and T J McDoncagh.

Reception Committee—Messrs A H Stratton, W Salisbury, J J Howden, C LeBrun, Wm. Rudkins, W J Green and Chris Graham.

The matter of electing delegates to the annual meeting of the Canadian Lacrosse Association was left in the hands of the Executive Committee.

Mr. Lionel King received the club's hearty endorsation in his candidature for the second vice-presidency of the Association.

The question of the Juniors entering a local league was discussed at length. Mr. Alf. Terrill was elected manager and was instructed to endeavour to bring about the formation of a league such as mentioned in the report of the secretary, and if possible to induce the clubs mentioned to contribute a certain amount towards the purchase of a suitable trophy, and arrange a meeting of delegates to draw up a schedule of games.

The secretary was instructed to correspond with a number of the clubs in the senior series with the object of arranging an exhibition match for May 24th.

The playing members present waxed enthusiastic over the prospect of another trip to Rochester this season, and several spoke in the most complimentary terms of the treatment received at the hands of the Rochester players last year.

Before adjournment votes of thanks were passed to Mr. R. M. Glover, who insisted on retiring from the position of treasurer, as well as to Messrs. Hogarth and Mooney for services rendered the team, and to Mr. George Graham for the use of the hotel parlours.

LEFT TO-DAY FOR ORMOND.

Departure of Rev. C. E. McLeod and Family to Their Future Home in Dundas County.

Rev. C. E. McLeod and family left to-day on the 11.30 express for Ormond, Dundas County, their future home. Rev. Mr. McLeod having been appointed minister of the Baptist church there.

Rev. Mr. McLeod came from Renfrew five years ago to assume the pastorate of the Gilmour Memoral Baptist church, Smith, where his labours faithful and acceptable were earnestly and successfully given. He won a very high degree of personal respect, and regret at his departure from Peterborough will not by any means be confined to the people of his communion. The people of Ormond are to be congratulated on the accession to their population of a minister whose ministrations cannot fail to be acceptable, and whose personal qualities will represent a distinct addition to the citizenship of the place.

For Artistic Photos, Green & Son excel. Studio:— Hunter Street, Peterborough. Open Good Friday. 2d-1w

PERSONAL.

Miss Sarah Pethick and Miss Nellie Richards, of Port Hope, are visiting friends in town.

Mrs. R. L. Brennan and Master Cubrey leave to-morrow to spend the Easter holidays in Muskoka.

Mrs. M. McFadden, with her small son Gerald, left this afternoon to spend Easter with her sister, Miss Sullivan, Jarvis street, Toronto.

Mr. R. H. Green is suffering from the effects of paralysis. A stroke was received on Sunday last, and another one, more severe, yesterday.

Miss Sherwood and Miss Marion Sherwood returned to Peterborough yesterday afternoon after spending a few months with Dr. and Mrs. Poussette in Cleveland.

Mrs. Stephens, of Cobourg, who has been visiting her daughter in town, sprained her arm last evening and returned to her home this morning, accompanied by Mrs. Brisbin.

Hon. Geo. A. Cox returned to Toronto yesterday from New York, where for the past four weeks he had been in constant attendance at the bedside of Mrs. Cox, who has been seriously ill. She has now sufficiently recovered to be able to be removed to Clifton Springs.

Mrs. C. B. McAllister will not receive to-morrow evening, but she will be "At Home" a week from Thursday and Friday in the Japanese tea room at the bazaar in aid of the Y.M.C.A., when, with a trio of pretty girls she will serve tea, coffee and cocoa, with biscuits. Mrs. McAllister's dance on Tuesday, April 4th, will bring to a close the pleasant series of "At Homes" which have been held by her this winter. She hopes to see all her young friends present on the evening mentioned.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—Mr. Walden's chorus and orchestra rehearsal to-morrow (Thursday) evening at 8.30 in George street church.

—The annual meeting of the Board of Trade, which was to have been held last evening is adjourned for one week.

—Free Cigars—I will give one "Rose Queen" cigar to any cigar smoker who will call at 436 George street, Thursday April 6th, between 3 and 4 p. m. This is to advertise this Cigar, hence the Free Gift.—W. J. MORGAN.

Kid Gloves.

The good effect of your New Hat and Elegant Costume may be spoiled if your Gloves are not in keeping. See the New Lines Turnbull is showing; they are the Correct Styles.

Kid Glove Special.

THE CASH GROCERS.

Hints for Housewives

REGARDING TEA

Buy a tea of good quality and strength; you will find it more economical in the end than the so called "cheap teas." If it costs more per pound it will make more and better cups of tea.

Ram Lal's is one third stronger than China, Japan or Ceylon Tea selling at the same price and less of it is required.

Bed Bugs.

The housewife's horror—driven out of the house with Persiatic Bed Bug Exterminator. It is a liquid—much more effective, searching and cleaning than a powder. One or two applications, on the parts infected will completely exterminate every trace of insect pests. Persiatic Bed Bug Exterminator is the most powerful insecticide in the market. At all druggists; price 25 cents.

We can only squeeze in our advertisement a few of the millions of Bargains we have awaiting you.

C. B. ROUTLEY, 379 GEORGE ST.

An instance of the way doctors may be mistaken is shown in the experience narrated by Dr. Joseph Pike, of Lost Springs, Marion Co., Kan. "Ten years ago" he says "there was an emigration from Rusland to this country, and there was a lady in the company who was badly affected with that dreadful disease scrofula. Her mouth and throat were in an awful condition, and there were lumps on the outside below the jaws the size of a hen's egg. Other doctors had been called and they said it was a fatal case.

"I was called and made my diagnosis; I felt confident that none of my remedies would do her any permanent good. It came to my mind that Dr. Pierce's Golden Medical Discovery was recommended for it, so I went to the drug store and bought one bottle and gave it to her to use as directed. Five bottles cured her and she is well today. She is married now and has three healthy children.

"If this is a credit to your medicine" adds Dr. Pike in a communication to Dr. Pierce "you can use it. I am using a good many of your medicines in my practice."

In his own profession Dr. R. V. Pierce, of Buffalo, N. Y., is honored as among the foremost of living specialists in diseases of the blood and nervous system. If your health is poor write to him in perfect confidence for good advice. It will be sent you in a plain sealed envelope, without charge.

For the most obstinate forms of constipation, use Dr. Pierce's Pleasant Pellets. Their action is prompt yet comfortable; their effect is permanent. Insist that the druggist does not give you something else.

THE HOME OF STORMS.

In the Winter Months a Terrific Sea Is Hurled Against Maine's Shores.

The gulf of Maine is a geographical division not marked on average maps, for it is chiefly referred to in scientific treatises on the general subject of the tides. It is formed by the great curve of the American coast from Cape Race, the eastern extremity of Newfoundland, westward and southward to Cape Cod and Nantucket. Into this curve during normal conditions of sea and air a current sets perpetually from the far north known as the Labrador current. It makes its way southward inside of the gulf stream and cools the water even in summer as far as Nantucket sound. In the winter months when northerly winds prevail a terrific sea is hurled against those rock bound shores, and where rocks are wanting the sands are torn up and shifted, forming islands and new bars here and there, involving the shifting of myriads of tons in a single day that may mean destruction to the unwary or even to the most wary of navigators.

Newfoundland and Nova Scotia reach well out into the track of these gales, and theoretically it would seem that their bold headlands might form something of a lee along the shores of Maine and down perhaps almost as far as Nahant. But in point of fact they seem to have little effect. Possibly the wind is drawn out of its general direction somewhat by the conformation of the shores, but at any rate when a northeaster is blowing there is very little shelter to be found except in the landlocked harbors or behind the islands that are fortunately frequent in this exposed region.

The government observers of ocean phenomena, in their forecasts of north Atlantic weather for the winter months, habitually predict gales of greater or less severity at intervals of about seven or eight days covering all this zone and extending southward as far as Hatteras, or perhaps even till they melt away into the gentle trade winds of the tropics.—Collier's Weekly.

A TRUE STATEMENT

By Foreman White, of the Hamilton Screw Works.

Hamilton, March 6.—If a vote of the people were to be taken to ascertain which is the most popular medicine on the market, Dodd's Kidney Pills would lead by a large majority.

One of the latest cures by that grand remedy is that of Foreman T. H. White, of the Screw Works here, who testifies that he was cured by Dodd's Kidney Pills of Kidney Disease of eight years' standing, after other medicines had failed.

Mr. White says: "One box of Dodd's Kidney Pills relieved me, four boxes cured me. Publish this statement if you wish. It is true in every particular."

Didn't Fish on Sunday.

The late Rev. Myron W. Reed was fond of gun and rod and always took his summer vacations in the woods. During one of these summer sojourns in the woods the actor Joe Murphy and Mr. Reed met. They became chums within three days. On Sunday Murphy was getting out his fishing tackle to try for trout. It was a beautiful day for fly fishing. Mr. Reed looked on and made no sign.

"Why don't you get out your tackle?" asked the actor. "We'll never have a better day than this."

"Oh," was the answer, "I thought I would go to church today."

Not caring to fish alone, Murphy went with him. After a long walk through the woods they came to a little church in a clearing, and, to Murphy's amazement, his companion, whom he had not suspected to be a clergyman, stepped into the pulpit and preached the sermon.—New York Tribune.

Dr. Chase Cures Catarrh After Operations Fail.

Toronto, March 16th, 1897.

My boy, aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the General Hospital. Since then we have resorted to Dr. Chase's Cure, and one box of this medicine has made a prompt and complete cure.

JOHN CHARLTON, M.P.

PEN PICTURE OF THE CANADIAN BY AN OBSERVING CHICAGOAN.

A Man Whose Virile Head Commands Instant Attention—Characteristics That Show Forth in His Countenance—Of American Birth, He Is Against Annexation—70 Years Old, But Still Young.

John Charlton is a man to be observed. Short and slight of stature, it is the shaggy head and virile countenance which compel attention, says The Chicago Times-Herald. The restless dark eyes under bristling brows, the thick iron-gray hair and beard and the nervous mouth. Mr. Charlton's face betokens energy and an obstinate resolution. His visage does not give his character the lie. A good speaker, who has always something definite to say, the Canadian House of Commons always gives him swift attention, and he has a resolute way of not making the Opposition feel altogether at ease. Perhaps one of the most remarkable things about Mr. Charlton is that he is the avowed political friend of woman. Patiently, year after year, he stands by bills to further protect women or to give them wider privileges. John Charlton is an American, born of an American mother and English father. The Charltons are one of the good old English families with clean records dating back to the 11th century. John Charlton and his mother were both born in the State of New York. He was educated in his native State and only removed to Canada in his 20th year, when his father took up residence on a farm in Ontario. Much of young Charlton's early life was spent in the healthy pursuits of a well-to-do farmer, also well educated and well bred. At 24 he went into business proper and succeeded. By degrees he worked into the lumber trade, and became a large owner. In 1872 he entered politics. His first electoral battle was a hard and a sharp one, but as he had succeeded in all the other offices and affairs of life, so succeeded he in this. He beat his opponent, and took his seat in the green-furnished Lower House at Ottawa. Since then he has been a power in the land. He is what is known as an advanced Liberal, and has ever the courage of his convictions. Wealthy, energetic, tenacious of his opinions and

JOHN CHARLTON, M.P.

resolute to push them into operation, he is looked upon as a man difficult for an enemy to cope with, and one always worth listening to. Like his illustrious exemplar, Gladstone, Mr. Charlton has had the moral courage to disavow old beliefs in favor of new ones. In early political life he was an advocate of protection, but later came to pronounce in favor of a revenue tariff policy as the proper one, and so he supports one of the most essential planks of the present Liberal party in Canada. But let no one think Mr. Charlton an annexationist. He is honest in saying that doubtless some material benefits might accrue to Canada from annexation with her great republican neighbor, but he heartily believes there are more and greater benefits to be reaped from a preservation of Canadian autonomy. Some day, he admits, Canada will come to be independent even of Britain, but the hour and the occasion have not yet arrived. He thoroughly believes, furthermore, that the working out of the two systems of government, side by side as they are at present, must prove of great political interest and value to both the United States and Canada, and to Anglo-Saxon and other free commonwealths in all parts of the civilized world. Holding these broad views, tempered by time and wide experience, this Canadian has passed through too many phases of life, commercial, political, agricultural and social, not to have a keen appreciation of values, and over and through all there is an unmistakable strain of solid culture and inherited taste. Mr. Charlton is 70 years of age this month, but no one would guess it. An active, thoughtful, interested, temperate, and above all, successful life, has kept him young. His voice is clear and penetrating, his speech deliberate as a man who talks of weighty things. For long years he sat with his party in the cold shade of opposition, but with the swinging round of the political pendulum at the last general election, Mr. Charlton, like many another good Liberal, entered into power.

You know what that tired feeling is and you may know what will cure it by giving Hood's Sarsaparilla a fair trial.

Heaviest Ice Ever Known.

St. John's, Nfld., March 27.—Thirteen sealing steamers are reported taking seals off the northeast coast of the island. The prospects of securing full loads are thought to be excellent, though the fleet has been hampered in the seal hunt by unusually heavy ice fields. The steamer Grand Lake, from Halifax, reports that on Saturday night she steamed through 300 miles of the heaviest ice ever known in this section.

Gambling Den Raided.

Montreal, March 27.—A gambling place was raided on Saturday night in St. Cunegonde and 20 players were arrested.

Your Weak Spot.

Perhaps it is your throat or your bronchial tubes. If you take cold easily, take Scott's Emulsion. It checks any tendency in your system to serious lung trouble.

KIDNEY CURE

SIXTY AT A LICK.

How They Wash the Doukhobors and Fumigate Their Apparel.

The disinfection of the Doukhobors on their arrival at Halifax was a tedious job. Dr. Montizambert, chief of the Canadian quarantine, and Dr. Jones, assistant health officer of Halifax, were just as much prisoners as the new arrivals. Those in quarantine from the Lake Superior in the last batch numbered 2,000 souls. The bath to the immigrants was given in water heated by steam, with which is mixed a disinfecting fluid. While the body is being heated the clothing of the Doukhobor is fumigated in dry heat of about 180 degrees, followed by steam heat of a much higher temperature, effectually disposing of disease germs. After fumigation has been completed the steam is exhausted from the chamber and the clothing is rapidly dried. This drying has to be done quickly, for the owner must remain in the bath house without his clothes till the process is complete and the garments are handed back to him. Accommodation was provided in the bath house for 60 persons at once, and it is in batches of this number that they have been put through. Even at that rate the washing and fumigation of more than 2,000 Doukhobors, besides the crew of the steamer, was a somewhat wearisome and monotonous business.

The Couplings Bill Shelved.

London, March 28.—In the House of Commons yesterday the president of the Board of Trade, Mr. C. T. Ritchie, said Her Majesty's Government did not intend to proceed during the present session of Parliament with the automatic couplings bill, which provides for the compulsory use of automatic couplings on all British railroads, after a period of five years from the passage of the measure.

Gold in East Africa.

Berlin, March 28.—A commission of experts sent out in September of 1897 by Gen. Liebert, Governor of German East Africa, has just returned to Dar-es-Salaam. The experts report that less than four miles from Lake Victoria Nyanza they have found a number of gold fields, the ore in which assays $120 to the ton.

DID HE KILL HIS FATHER?

Francis McCall of St. Brigide, Que., on Trial at St. Johns.

St. Johns, Que., March 28.—The trial of Francois McCall of St. Brigide, for the murder of his father on Nov. 29, opened here yesterday before Hon. Judge Charland. A number of witnesses were examined for the prosecution, eliciting the same evidence as given at the inquest.

Chief Detective McCaskill and Assistant Crow are expected to be examined to-day.

The circumstances of the crime will be easily remembered. The family of the prisoner are poor and all its members intensely ignorant. Quarrels were frequent between father and son. On the night of the crime, it seems, the former, after a quarrel, insisted on going to bed with his boots. The son, who was drunk, insisted that the boots be removed. A fight ensued, and, according to the prosecution, the prisoner kicked his father, inflicting injuries from which the latter died.

Bicycle and Civilization.

London, March 28.—Hon. A. J. Balfour's declaration in his speech before the Nationalist Cyclists' Union, of which he is president, that "there has been no more civilising invention within the memory of the present generation than that of the bicycle," is received with approbation on all sides. The majority of the papers have devoted leading articles to the subject, pointing out the revolution effected among the poorer classes of society by the bicycle and the part it plays in ministering to the health, recreation and convenience of the multitude.

Vim Vigor Vitality

WARD'S BLOOD & NERVE PILLS

VIM—to work and to win—to keep a sane mind in a sound body—to laugh at worry.

VIGOR—to ward off disease—to conquer obstacles—to transmit health and strength to your posterity.

VITALITY—to resist the fearful strain and tension of modern life—to make up for the constant drains of overwork. **Dr. Ward's Blood and Nerve Pills** confer all these essential qualities on the user.

THIS EVIDENCE IS AMPLE PROOF.

Before using Dr. Ward's Blood and Nerve Pills I felt weak, nervous and run down. I had lost weight steadily for some time; my circulation was poor; hands, feet and limbs were cold. I always felt weak and my muscles trembled. Now, after the use of one box of Dr. Ward's Pills, I feel like my old self. I have gained five pounds in weight and 100 per cent. in cheerfulness. I now walk firmly, my muscular system is strong and my blood circulates vigorously. I have more comfort than I have experienced in years. Dr. Ward's Pills have done more for me than any medicine I ever took.

MARY HAD A LITTLE LAMB.

And Bernard Shaw Rises to Explain What the Result Was.

It was, I hold, manifestly iniquitous of Mary. My own case offers probably the best example of the advantages that Mary might have known had she abstained from her hideous and hateful carnivorous habits. There are certain questions on which I am, like most socialists, an extreme individualist. I believe that only upon a vegetarian regimen can good work be done.

Had I, like Mary, taken a lamb, even a "little" lamb—although nothing but a cowardly, essentially rotten system of society could descend to this paltry attempt at palliation—I could never have risen to the eminent place I now occupy. Vegetarianism is the foundation of the finest intellectual triumphs.

I wrote "Mrs. Warren's Profession" on lentil soup, "You Never Can Tell" on beans, and "Candida" on potatoes, for, although as an Irishman I can pretend to patriotism neither for the country I have abandoned nor the country that has ruined it, I retain the national love for the potato. To resume, the "Quintessence of Ibsenism" was written on cabbage and "The Perfect Wagnerite" (due in the course of a week or so and the most masterly exposition of Wagner that will ever appear) on savory pie. And these are great works.

Has Mary, I ask, done anything of the kind? I will wager that she has not. And why has she not? Because her intellect is dulled, her sight dimmed and rendered abnormal, her sympathy blunted, her logical faculty bemused by this infernal lamb —Bernard Shaw in Academy.

Ostrich Eggs.

Ostrich eggs are sold as curiosities, and they are sold also for museum collections. In the first case it may be that the great egg is emptied through a hole in the top and that the egg is then suspended by a wire or cord. Eggs sold for natural history collections are commonly emptied through an opening in the side, the egg, when placed upon its shelf with the opening downward, appearing perfect and whole.

Ostrich eggs are made into drinking cups. The egg is perhaps six inches in length by five inches in diameter, making a cup of considerable size. The top of the egg is cut off around down to about a quarter of its length, and the rim of the cup thus made is finished with a mounting of silver or gold. The cup is supported by a holder made of one of these metals, with the feet and the supported arms rising from the base up the sides of the egg, more or less elaborately wrought. Eggs thus mounted are used also for cigar holders. Ostrich eggs not mounted are sold for $1 each.

A Frightful Blunder.

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cents a box. Cure guaranteed. Sold by J. Lynch, Druggist.

WENT OUT BETWEEN ACTS.

And When He Came Back He Got a Startling Surprise.

It did not take place in the city of Washington, because no man in Washington leaves a lady alone while he goes out between the acts at a theater—unless it be his wife, and of course that doesn't count. But it did occur, and the site of its occurrence is not west of the Alleghanies, where, according to some eastern thinkers, all the peculiar occurrences occur.

The man in the case was perhaps 30, the girl 22, and the theater was one in which the melodrama has its home. The girl was pretty and there was that kind of a jaw hedging the lower part of her rosy cheeks that ought to have been a hint to the young man. The young man was a very fair sample of the average chap who makes $1,200 to $1,500 a year.

Between them and the aisle sat a big man of 50 and his wife and two daughters, and the big man had a voice bigger than he was. When the curtain went down on the first act, there was a slight scrap between the couple, which ended in the young man not going out between the first and second acts, because the wait was short and he hadn't time to argue. The girl's cheeks were redder than before when the curtain went up and the set of her jaw was firmer.

At the next fall of the curtain there was a slight scrap again, which ended this time in the young man dragging himself over four people and leaving the girl to sit alone until he was ready to come back to her. Two minutes later the girl dragged herself after him over the same four people, but she stopped in the aisle long enough to say something to the big man with the two daughters. Then she disappeared. It was a long wait, and just as the curtain started up the young man hurried down the aisle and was about to drag himself over the four people when the big man called his attention to the vacancy which had occurred during his absence. The young man's jaw dropped, and he actually grew red in the face. The big man handed him a ring with a bright little diamond glistening in it.

"She gave me that and told me to give it to you," he said with a menace in his tone as he looked over at his own girls, "and she said if you ever came to her house again or spoke to her her father would thrash you as you deserved." The young man was paralyzed.

"And I want to say," added the big man, "that if the old man ain't able to do it he can call on me."

Then he let the young man go, and the way he went was a caution to a flying machine. It was a clear case of ships that pass in the night, but with just a little more interesting cargoes than usual.—Washington Star.

A LONDON CASE.

Proving the value of Dodd's Kidney Pills in Kidney Disease.

London March 20—Mr. Charles Dean, stableman at the City Hotel, comes forward to add his quota to the mass of evidence in favor of Dodd's Kidney Pills.

Mr. Dean states that he had for three years suffered from severe cutting pains in the small of his back. At times they were so great that he had to lie down to get relief.

Several remedies were used without benefit. A doctor prescribed for him, saying his kidneys were affected, but no good resulted.

Finally he took a friend's advice and used Dodd's Kidney Pills. The usual result followed. Three boxes cured him out and out.

The Madding Crowd.

"Stupendous union stations," says a correspondent of the Boston Transcript, "are a great disadvantage to the suburbanites, who may make no use of the union feature and yet constitute 90 per cent, I suppose, of the traffic. Here is another point: The scattered stations make it possible for persons to select suburban homes on lines of railroads that tap the city near their place of business. This distributes the congestion of a great city. I have never understood why people do things to make the biggest crowds possible when there is nothing more disagreeable than being crowded.

"Theaters should distribute their time of beginning over the widest range possible, so the cars would not be overcrowded to death one-half hour and empty the rest of the time. Noon hours in business establishments should be distributed as to make luncheon rooms habitable. I need not elaborate. Our whole drift of modern life is toward such a degree of uniformity in everything as to crowd everything and leave great blank spaces of time and opportunity."

Crude Mathematics.

An illustration of the mathematical powers of the savage is given by the Rev. A. E. Hunt in an account of the native arithmetic of Murray islands, Torres straits. "Netat" (one) and "neis" (two) are the only numerals, higher numbers having been described by combinations of these—as "neis-netat" for three, "neis-i-neis" for four, etc.—or by reference to one of the fingers, elbows or other parts of the body. A total of 31 could be counted by the latter method. Beyond this all numbers were "many," as this was the limit reached in counting before the introduction of English numerals, now in general use in the islands.

Righted Himself.

Young Candid (at the amateur theatricals)—Did you ever hear such horribly discordant, ear splitting—

Old Proudfoot—Sir-r! That's my eldest daughter, and—

Young Candid—I repeat, sir, such ear splitting clatter as the idiots behind us are making? Why, I can't hear a word of the song.

His Life Was Saved

M. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken by Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and $1.00, at Jas. Lynch's Drug Store, every bottle guaranteed.

PRICE WITH BLOWER 25 CENTS

AMERICAN HUMOR.

An English Comedian Compares It With the British Article.

George Grossmith, comparing American humor with English, says: "A New York gentleman was once chaffing me about my pronunciation of certain words, and I was very much amused at it. So I said to him: 'It's our language, you know. We invented it before you were discovered.' He was a bit abashed at first. Then he said: 'That's so. Well, I think it's about time you learned to speak it.'

"It is very difficult to score off an American, and you can't play a practical joke on one at all. I've often gone, when I've had a friend with me, into some old city bank, like the Bank of England, for example—staid old place, you know. We've marched up to the counter, and I've said quite calmly to the old gentleman behind it, 'Can't I have a brandy and soda and some sandwiches?' They've always been most polite and taken it seriously, saying, 'We don't keep brandy and soda and sandwiches here.' 'But you have them ordered in from outside.' 'Yes, but that of course is for ourselves,' and so on, all quite gravely and without the suspicion of a smile or the slightest quiver of the muscles of the countenance to indicate a sense that a practical joke was fooling around."

"And in America you would have fared differently?"

"Rather. I went once to the statehouse in Hartford. There was a man standing at the entrance, an official with a band around his hat, so I stepped up to him and said, 'Can you tell me if this hotel is conducted on the European plan?' He simply looked at me, and calmly said, 'Any more?' Then there was a moment's awkward pause, and I had to walk out."

Death and Birth Time.

There are a great number of curious superstitions as to the time of day when a dying person is most likely to draw his last breath, and the tide, moon and the wind have all been supposed to have some share in the matter. According to The British Medical Journal, Raseri, who has analyzed 25,474 cases of death and 36,515 of birth, where the exact time of day was noted, finds that the maximum number of deaths occur in the early afternoon (2:07 p. m.), and the minimum in the last hours before midnight, while the maximum number of births occur in the early hours of the morning, and the minimum in the early hours of the afternoon.

As regards the cause of this he points out the hours of the maximum number of deaths are precisely those when the pulse rate and the temperature are at their highest in health, and when there is a febrile exacerbation in illness.

A Publisher's Statement.

"We have used Hood's Sarsaparilla in our family as a spring medicine, tonic and blood purifier, and Hood's Pills for biliousness, and have found both very effective remedies. We believe for impure blood Hood's Sarsaparilla is a good medicine" R. S. Pelton, Publisher of the Bee, Atwood, Ontario.

Hood's Pills give strength even while their cathartic qualities are at work. Easy to take.

THE GREAT BOMBARDMENT.

A Constant Rain of Missiles Upon the World's Atmosphere.

The regions of space beyond our planet are filled with flying fragments. Some meet the earth in its onward rush; others, having attained inconceivable velocity, overtake and crash into the whirling sphere with loud detonation and ominous glare, finding destruction in its molecular armor or perhaps ricochetting from it again into the unknown. Some come singly, vagrant fragments from the infinity of space; others fall in showers like golden rain, all constituting a bombardment appalling in its magnitude.

It has been estimated that every 24 hours the earth or its atmosphere is struck by 400,000,000 missiles of iron or stone, ranging from an ounce up to tons in weight. Every month there rushes upon the flying globe at least 12,000,000,000 iron and stone fragments, which, with lurid accompaniment, crash into the circumambient atmosphere.

Owing to the resistance offered by the air few of these solid shots strike the earth. They move out of space with a possible velocity of 30 or 40 miles per second, and, like moths, plunge into the revolving globe, lured to their destruction by its fatal attraction. The moment they enter our atmosphere they ignite, the air is piled up and compressed ahead of them with inconceivable force, the resultant friction producing an immediate rise in temperature, and the shooting star, the meteor of popular parlance, is the result. —C. F. Holder in Popular Science Monthly.

A Sure Cure.

"Doctor," said he, "I'm a victim of insomnia. I can't sleep if there's the least noise—such as a cat on the back fence, for instance."

"This powder will be effective," replied the physician after compounding a prescription.

"When do I take it, doctor?"

"You don't take it; give it to the cat in a little milk."—Exchange.

Worth His Trying.

"Do you think there is anything in the saying that the fish is a brain food?"

"I don't know. But it won't do you any harm to try the experiment."—Philadelphia North American.

Men, Glad News!

Happy Marriage, Health, Energy and Long Life.

MAGICALLY EFFECTIVE MEDICAL TREATMENT FOR WEAK MEN OF ALL AGES.

No Money in Advance.

Wonderful appliance and scientific remedies sent on trial to any reliable man. A world-wide reputation back of this offer. Every obstacle to happy married life removed. Full strength, development and tone given to every portion of the body. Failure impossible; age no barrier. Full account, with copy of new medical book, sent under plain letter seal on application.

Erie Medical Co., Buffalo, N.Y.
We pay Canadian duty. No delay, no exposure.

GROWING GIRLS

Should Take Milburn's Heart and Nerve Pills.

They Enrich the Blood, Strengthen the Heart, Tone Up the Nerves and Build Up the Health.

The young girls we see on the street every day—how many of them have pale, pinched, care-worn faces, dark circles

under the eyes? How many complain of headaches, backaches, sideaches and weak, tired-out feelings?

There is not one of these but with ordinary care and the use of Milburn's Heart and Nerve Pills could soon be free from every pain, have cheeks like roses, eyes bright, step elastic and life joyous. These pills supply the very elements needed to build up and strengthen the nerves, enrich the blood and invigorate the heart. Every mother who has a daughter weak and nervous should read the following statement made by Mrs. A. M. Strongman, 564 Colborne Street, London:

"On account of close application to study my daughter Annie became much run down in health and strength.

"I got a box of Milburn's Heart and Nerve Pills for her, and the results have been remarkable. Strength has been imparted to her physical and nervous system by their use, and I am highly pleased to recommend them.

"From the great benefit derived by my daughter from Milburn's Heart and Nerve Pills. I cannot do less than highly recommend them to those suffering from similar complaints."

FALLING HAIR RESTORED

By warm shampoos with CUTICURA SOAP, followed by light dressings with CUTICURA, purest of emollient skin cures. This treatment will clear the scalp and hair of crusts, scales, and dandruff, allay itching, soothe irritation, heal eruptions, stimulate the hair follicles, and supply the roots with nourishment and energy, thus producing a clean, wholesome scalp, with luxuriant, lustrous hair.

Hair Came Out Freely.

I had the typhoid fever after which my hair came out freely. My mother suggested that I use CUTICURA remedies. I did so, meeting with untold success. My hair grew in thicker than at first, after use of CUTICURA SOAP and CUTICURA (ointment). H. J. PATTERSON, 1205 W St., N. W., Washington, D. C.

Bad Scalp Humor Cured.

I had a bad scalp humor, and thought I would go frantic with itching. I lost considerable of my hair (of which I had an abundance, and was very proud). I tried several remedies but they all proved a failure. I tried CUTICURA SOAP, found immediate relief, and the itching is all gone. MRS. M. JUDAN, 246 Halliday St., Jersey City.

Bad Dandruff Cured.

Dandruff made my hair fall out so bad I got discouraged. I rubbed CUTICURA (ointment) well into the scalp twice a week, and shampooed with warm water and a good lather of CUTICURA SOAP once a week. My hair is growing out thick once more, and free from dandruff. MISS ADA JAYES, Chelsea, Mass.

Sold throughout the world. Potter D. and C. Corp., Props., Boston. "How to Have Luxuriant Hair," free.

SAVE YOUR SKIN Hands, and Hair by using CUTICURA SOAP.

HOW TO SET RIGHT THE GREAT SOCIAL WRONG.

Continued from Fourth Page.

it. You exempt manufacturing establishments. You exempt machinery. All right. Then why not exempt all industry as represented by labour, instead of putting a tax on it? God has made provision for every proper want of the individual—the soil and the power to labour, and what the individual produces

HE HAS A RIGHT TO HAVE.

"What man produces is his against the world, and what the community produces belongs to the community against the world." (Applause.) The keynote of the single tax is that values produced by the public belong to the public. The speaker recognised property and the right of a man to possess property, but property consisted of things produced by labour. Land was not the product of labour, it was a common possession of the human race. God had given the earth to all men, and the benefits derived by land should not be enjoyed by any at the expense of any other. The speaker here entered into an exposition of what rent—ground rent—was and showed that it consisted in the difference in product for a given amount of labour expended upon good land and poor land. He illustrated his point by a father dividing his land amongst five sons, the land divided into five portions consisted of very good land grading down to very poor land. On the best, the son, to whom it was allotted, could make a big income, by employing all his labour and doing nothing himself, while the son on the poorest land could hardly make a living, that was not the intention of the father—that one should make much and the other starve—it was his intention that the land should be for the benefit of all his sons, the ground rent the difference between the returns upon a given amount of labour belonged to the whole community, and the whole community should share it. The single tax proposed to take the tax that now goes to individuals to pay the expenses of government, and relieve the community of all other forms of taxation. It was the landlord's duty to collect taxes, but it was the duty of the state to see that they were equitably disposed of. The speaker agreed that the ownership of railways and franchises, whose value represented the labour of the community, should be so arranged as to give the community the benefit, instead of enriching corporations and individuals. In answer to the claim that the state on behalf of the community has no right to take the property we own, it was asked where would the value of your property be if the community removed?

THE VALUE OF LAND DEPENDED

upon the presence of population. Land in the heart of New York would be of no more value than in the wildest parts of the continent if the population removed. Taxing land values had an effect upon labour. Work is getting scarcer. The people were being crowded into cities, though in the United States there was land enough in Texas for the whole population of the United States, and it would then be no more thickly settled than Massachusetts, and a tax on land values would bring vacant lands into use. The single tax campaign was no class fight—it was a fight of intelligence against ignorance. The cause was growing and the humble labourer and the millionaire were working to the same end. If each man had to pay tax on the value of land, he would use it all, and lands now idle would come into use, sustain more people and give more employment. Land that had no real value would be free to any one to live upon it that could make a living out of it. As things were going, the rich were getting richer and the poor poorer. The speaker painted a vivid picture of the desperate condition of the poor under the present system, and instanced the French Revolution as a result of the penalty that must ultimately come from the practice of wrong. The rich were interested in this subject, because the time would come when the terrible harvest of injustice would be reaped.

THE CHURCH AND THE CLERGY

were interested, and the speaker was pleased to see so many clergymen on the platform. They were with him everywhere, because of the justice of the cause he advocated. A text of the Scripture applied to the situation. We were taught that our religious service to be acceptable involved a recognition of justice.. "Therefore, if thou bring thy gift to the altar and there remembereth that thy brother hath ought against thee, * * * first be reconciled to thy brother, and then come and offer thy gift." (Applause.)

The ethical side side of the subject was touched upon. One man under God had as good a right on earth as another; if so, then where does one man possess a better right than another? Right to the earth and its products is only an extension of the right to live, and there can be no sale or barter of this right. "There is, the speaker declared, "no vested right that can override human right." After referring to the fact that in British Columbia, a partial application of single tax was being made, and that in Manitoba land values were taxed, the speaker referred to landlords, who, as mere landlords, lived on the labour of others. The speaker pleaded for an improvement on the system of the feudal age when the king was recognised as the owner of the land, and as such exacted tribute and service. The single tax theory recognized the common ownership of land.

LAND BELONGS TO NO MAN,

and the application of any other principle was contrary to the divine arrangement; it was a waste of breath to pray for the coming of the Kingdom, if we did not strive to give practical effect to the prayer, "thy will be done on earth as it is done in heaven" which found its sequel in the following petition, "give us this day our daily bread." It was God's will that all should have their daily bread, and God that made a place in heaven for every soul has made room for every soul and body on earth. The speaker concluded his address amid very hearty applause. No mere summary can give an adequate idea of the excellence of the address; the mere words if read verbatim would not represent it, fully. The speaker's face, with its expressive lighting up, his manner, his gestures were as eloquent and effective as his words. Only those who heard the speaker and could look into his face could know and feel the force of his address, which, for logical sequence and impressive delivery, was the best contribution that has ever been made in Peterborough to the advocacy of a growing cause.

At the conclusion of the address questions were invited.

One question was as to the application of the system to existing conditions. How is this town would the burden be shifted so as to fall upon the shoulders that should bear it.

Mr. Crosby instanced the case of New Zealand, which had practically adopted the single tax. Twenty years before the government owned the railways. Depression came upon the country and the people were leaving. In 1891 a general revenue was obtained by taxing land values applied in increasing ratio. The result was prosperity and a return of population. In 1896 a law was passed empowering local option in the application of the principle, and twelve districts had adopted the tax on land values to raise revenues for local purposes. As to Peterborough the speaker suggested, by gradually beginning the taxation of land values; do so was done in British Columbia, relieve improvements from taxation.

Another question was as to whether ground rent would suffice for the general purposes of government, and the speaker believed it would. In the United States the millions derived for stumpage and coal and other mines went into the pockets of individuals; a share of it diverted to the government would suffice.

Incidentally the speaker spoke of the value of the journal, "The National Single Taxer," and commended it to all who wished to gain information on the subject. He pointed out that it was conducted by a London, Ontario, man, a proof that there was no national dividing line in respect of the single tax movement. The people of both countries and of England were one and there never had been any hard feeling between the people. The friction, if any, had been between the governments, the people were practically one. (Applause.)

Another question was as to whether there would be anything like confiscation under the single tax.

In righting wrongs there was generally some one responsible for the wrong that suffered, but if the system were introduced gradually the inconvenience would be reduced to a minimum. Of course, some would be unfavourably affected, but what was the inconvenience of the few to the cruel wrongs that millions suffered under a wrong system to be considered?

Mr. J. H. Burnham, in moving a vote of thanks, paid a well-deserved tribute to the excellence of the address, and said that if we had had the subject presented as fully and forcibly on other occasions as to-night, the cause of single tax would be further advanced in Peterborough.

Mr. Alderman McWilliams, in seconding the motion, endorsed Mr. Burnham's remarks and recognized the help the principles the speaker had advanced would be to the town in acquiring the franchises it contemplated acquiring in the public interest.

The vote was passed to loud applause and the meeting closed with the singing of "God Save the Queen."

THE STATE OF OUR WALKS.

To the Editor of The Examiner:

SIR.—Please permit me space in your valuable paper to speak, not of the spirit of charity that is displayed by many of our citizens in permitting the walking public to trudge ankle-deep through the mixture of slush and rain water that yesterday and generally does cover the sidewalk in front of their houses, but rather of the cause of this disgraceful state of things. When a man's money is taken for the purpose of cleaning the sidewalks, he certainly has no right to turn out and do it himself. Those who were walking last night will appreciate the fact to which I refer. Let us look at the cause of this unnecessary evil. Our walks are below the level of the boulevards in many places (there to rot) and are walled in on either side by a bank of snow thrown up by the plough, thus converted into an ideal water-tight ditch. In many places too the street culverts are frozen solid and the water is dammed up so that its level is higher than the walks.

At present the work is paid for by contract. A contractor must make provision when fixing his price for the heaviest winter's snow if he does not wish to be the loser, and if the fall of snow should happen to be light the contractor has simply so much extra money in his pocket, for which he gave no labour, and for which the ratepayers receive no value. If he be an ordinary mortal he will probably be desirous of doing as little as possible for his money.

I would like to ask, sir, if the snow-ploughing is a necessary system, if it would not be far better to have the work done by the day. There are too many poor men in our town who would be only too glad to get an occasional day's work in this manner. Let the work be done conscientiously and properly under competent supervision at such times as it is required. Then we shall obtain what we pay for, and pay for what we obtain. In fact it seems to me that the introduction next fall of such a system would be an admirable means of relieving some of the distress that now exists amongst us. Let hand shovelling supplement the work of the ploughs and let the wings of the ploughs be adjustable and so formed as to throw the snow out and not as at present, leave it to fall back again after the ploughs, so that in heavy falls scarcely a trace of a furrow is left behind.

We have this morning to thank the elements for making the sidewalks and crossings passable in many places, and not our admirable system of sidewalk cleaning. Had last night's rain continued what would have been the result this morning?

For my part I shovel off my own sidewalk and have done so for years, preferring to expend a few minutes' labour rather than have such an example of wasteful expenditure of taxes in an expanse of water, slush or dangerous ice before my door.

CITIZEN.

Peterborough, March 29, 1899.

ASTHMA PERMANENTLY CURED.

A Well-known Canadian Notary Public Suffered for 35 Years—Permanently Cured by Clarke's Kola Compound.

R. D. Pitt, Esq., Kamloops, writes: "I had suffered for at least 35 years from the great oppressiveness of asthma and shortness of breath. And during these years consulted many physicians and tried all the remedies, until the doctor told me I might get temporary relief, but I would always be troubled. I tried Dr Clarke's Kola Compound, and after taking the first bottle I became greatly relieved, and three bottles have completely cured me. I can now breathe as naturally as ever, and asthma does not trouble me in the least. I feel it my duty to bear testimony to the marvellous effect this remedy has had in my case, and would urge all suffering from this disease to try Clarke's Kola Compound, as only those who have suffered all these years as I have can appreciate what a blessing this remedy must prove to sufferers from asthma." Three bottles of Clarke's Kola Compound are guaranteed to cure. A free sample will be sent to any person troubled with asthma. Address, The Griffiths & Macherson Co., 121 Church street, Toronto, and Vancouver, B. C sole Canadian agents. Sold by Ormond & Walsh, druggists, Peterborough. When writing for sample mention this paper.

Clarke's Kola Compound is the only permanent cure for asthma; is now successfully used throughout the leading hospitals in England and Canada.

DROVE ENEMY 3 MILES

The Town of Bocave Fell Into the Hands of the Americans.

70 WAS AMERICAN LOSS FOR DAY

General Otis Sends an Official Statement of Wednesday's Work—The Troops Had Difficult Work, But Succeeded in Doing It Effectually—The American Lines Now Converging to Bulacan.

Washington, March 30.—The following advices from Manila were received by the Department: Manila, March 30.—MacArthur advanced at 6 o'clock yesterday morning from Marilao, passed rapidly to Bocave. At 11.45 took up advance for Bigas, and at 3.15 o'clock in the afternoon for Guiguinto, 8½ miles from Malolos, reaching that point at 5 o'clock. Casualties for the day about 70. Fierce fighting in the afternoon. Troops made crossing of river at Guiguinto by working artillery over railroad bridge by hand, and swimming mules against fierce resistance. Column will pass on. Railroad to extreme front nearly repaired and will resupply troops to-day. (Signed) Otis.

BOCAVE CAPTURED.

American Army Rose Bullmen and Drove the Enemy Three Miles.

Manila, March 30.—The American army advanced at 6 o'clock yesterday morning, sweeping onward three miles before 10 o'clock and driving the rebels beyond Bocave, to the east of Bulacan and on the railroad leading to Malolos.

The troops met with slight resistance.

The Filipinos fired volleys yesterday evening for the purpose of drawing the American fire and disclosing the locality of our positions. Two men of the Pennsylvania Regiment and one man belonging to the Dakota Regiment were wounded. The Americans remained silent.

MELEE IN BELGIAN CHAMBER.

Rightists Attempt to Gag the Leftists and the Socialists.

Brussels, March 30.—There were some exciting scenes in the Chamber of Deputies yesterday in connection with the discussion of the recent expulsion from Belgium of a former priest, named Charbonnel, a native of France, whose lectures on Socialism the authorities considered objectionable. The Socialist members interpellated the Government and the Right in the Deputies tried to closure the debate. This led to violent Socialist protests, during which the speakers attacked the King and Government generally, leading to much uproar. Eventually the president of the Chamber declared the sitting suspended, and the Socialists and Leftists, rising in a body, rushed towards the Rightists, flourishing their fists. Though actual fighting was avoided, the uproar was deafening. The most abusive epithets were shouted and the president ordered the galleries to be cleared. The spectators appealed to the Socialists, who told them to remain. This caused some of the spectators to resist the ushers, and soldiers had to be summoned to clear the galleries, resulting in a series of exciting scuffles. In the meantime the Deputies on the floor continued to vituperate, but the House was eventually cleared, and the sitting was suspended for an hour, during which M. Bethune, a member of the Right, and M. Journez, Socialist, exchanged challenges to fight a duel.

THE GRAND TRUNK MEETING.

The Report of the Directors Was Satisfactory to the Shareholders.

London, March 30.—The half-yearly meeting of the shareholders of the Grand Trunk Railway Company was held yesterday in the Cannon Street Hotel. The directors, accompanied by General Manager Charles M. Hays, who came from Montreal to be present, received a rousing reception.

The retiring directors and auditors were unanimously re-elected. The president's report and the resolution eulogizing Mr. Hays were also unanimously adopted.

There were a large number present and the meeting was very orderly.

Tolstoi's Sympathy With the Finns.

Stockholm, March 30.—"That unfriendly word, 'patriotism,'" said Count Leo Tolstoi yesterday, in speaking of the Czar's oppression of the Finns, "has always been a cause of strife. I sympathize with the Finns in their struggle for the independence they have always known. They are not an excitable race, and they will have their rights if they will but lose sight of love of country, which, binding a man to his native soil, is, after all, merely empty sentiment."

The Czar has taken one more step in the Russification of Finland in a ukase abolishing the Finnish postage stamps and providing that henceforth Russian stamps shall be used in the grand duchy.

Anti-Anarchist Conference Fizzles.

Berlin, March 30.—The powers have decided not to reconvoke the anti-Anarchist conference, which adjourned last December, having arrived at no practical conclusions. There was some talk of another conference, in which only the various ambassadors should take part. In consequence of this decision the whole project is a total failure.

Hundreds of Tribesmen Killed.

Moscow, March 30.—M. de Bacheracht, Russian minister resident at Tangier, reports that the Djehde and Mehaja tribesmen have just fought a bloody battle on the Moroccan frontier. About 400 fell on each side, while the Mehajas lost 800 men taken prisoners.

Honor Shown to Marchand.

Paris, March 30.—Captain Marchand, whose occupation of Fashoda, on the Upper Nile, nearly brought on a war between France and Great Britain, is to be conveyed home on a warship. The cruiser Assas has been ordered to the duty.

Strikers Entitled to Poor Law Relief.

London, March 30.—The Court of Chancery, in deciding a case arising from the destitution of the strikers in the recent coal strikes in South Wales, yesterday rendered judgment that strikers are entitled to poor law relief if they ask it, even when they initiate a strike for higher wages.

Agitation has already begun for an appeal from this decision, and if the judgment of the Court of Chancery is confirmed, an effort will be made to secure the alteration of the law.

PEACE CRUSADERS APPEAL.

Want British Representatives Instructed to Support Disarmament Policy.

London, March 30.—A deputation representing the international peace crusade, including the Bishops of London and Rochester, Mr. William T. Stead, and a number of members of Parliament, waited upon Mr. A. J. Balfour, the First Lord of the Treasury, and acting Minister of Foreign Affairs, during the absence of his uncle, the Marquis of Salisbury, in order to urge that Her Majesty's Government instruct its representatives at the Czar's peace conference to effectively support all practical proposals in the direction of disarmament and arbitration.

In reply, Mr. Balfour promised the most hearty sympathy with the wishes of the delegation. Personally, he added, he took a sanguine view of the probability of diminution of war, and, he continued, there were few things he regretted more than the fact that the scheme for general arbitration between Great Britain and the United States had fallen through, although he was well convinced that with two such communities, having so much in common, the scheme, though deferred, was not defeated, and that general arbitration would be eventually generally adopted throughout the world.

To Launch Shamrock in June.

London, March 30.—Sir Thomas Lipton, owner of the challenger for the America Cup, says the Shamrock will probably be launched during the first week of June.

SHELLING SAMOANS.

Trouble Grew Out of the Election of a King of Samoa.

EIGHT DAYS' BOMBARDMENT.

The Defiant Mataafans Taught a Lesson by the British and American Ships of War Taking Concerted Action—A German Proclamation—An Ultimatum—The Losses of Men Large.

Apia, Samoan Islands, March 23, via Auckland, N.Z., March 30.—The troubles growing out of the election of a King of Samoa have taken a more serious turn, and resulted in a bombardment of native villages along the shore by the United States cruiser Philadelphia, Admiral Kautz commanding, and the British cruisers Porpoise and Royalist. The bombardment has continued intermittently for eight days. Several villages have been burned, and there have been a number of casualties among the American and British sailors and marines. As yet, it is impossible to estimate the number of natives killed or injured.

As Mataafa and his chiefs, constituting the Provisional Government, continued to defy the treaty after the arrival of the Philadelphia, Admiral Kautz summoned the various consuls and senior naval officers to a conference on board the Philadelphia, when the whole situation was carefully canvassed. The upshot was a resolution to dismiss the Provisional Government, and Admiral Kautz issued a proclamation, calling upon Mataafa and his chiefs to return to their homes.

Mataafa evacuated Mulinuu, the town he had made his headquarters, and went into the interior. Herr Rose, the German consul at Apia, issued a proclamation, supplementing the one he had issued several weeks before, upholding the Provisional Government. As a result of this the Mataafans assembled in large force, and hemmed in the town. The British cruiser Royalist brought the Malietoa prisoners from the islands to which they had been transferred by the Provisional Government. The Americans then fortified Mulinuu, where 2,000 Malietoans took refuge. The rebels—the adherents of Mataafa—barricaded the roads within the municipality, and seized the British houses.

An ultimatum was then sent to them, ordering them to evacuate and threatening them, in the event of refusal, with a bombardment, to commence at 1 o'clock on the afternoon of March 15. This was ignored, and the rebels commenced an attack in the direction of the United States and British consulates about half an hour before the time fixed for the bombardment. The Philadelphia, Porpoise and Royalist opened fire upon the distant villages. There was great difficulty in locating the enemy, owing to the dense forest, but several shore villages were soon in flames.

A defective shell from the Philadelphia exploded near the American consulate, and the marines outside narrowly escaped. A fragment struck the leg of Private Rudge, shattering it so badly as to necessitate amputation. Another fragment traversed the German consulate, smashing the crockery. The Germans then went on board the German cruiser Falke. During the night the rebels made a hot attack on the town, killing three British sailors. A British marine was shot in the leg by a sentry of his own party, another was shot in the feet, while an American sentry was killed at his post. The bombardment continuing, the inhabitants of the town took refuge on board the Royalist, greatly crowding the vessel. Many people are leaving Samoa, the captain of the Royalist urging them to go, so as not to interfere with the military operations. The Porpoise has shelled the villages east and west of Apia and captured many boats. The Americans and British are fighting splendidly together, but there is a bitter feeling against the Germans.

Two men, a British and a German subject, have been arrested as spies. The bombardment of the jungle was for a time very hot.

Bloodspilling Will Bring Solution.

London, March 30.—The morning papers comment on the serious news from Samoa.

The Daily Chronicle says: There is only one alternative—Germany must remove her consul (Herr Rose) or go out of the protectorate.

The Daily Mail says: It is a consolation to think that, as in Crete, the spilling of British and American blood will bring a solution of the crisis. All three powers should recall their consuls, and, as the friendship of Germany is the pivot of our foreign policy, her wishes should be respected in the final settlement.

Will Canada Approve It.

Washington, D.C., March 30.—The modus vivendi to be recognized on the Alaskan boundary, as proposed by the United States, has been referred to the Canadian authorities as well as to the British Foreign Office, and until word comes from both quarters it will not be known whether the modus is to be established. The impression prevails, however, that as soon as Canada has expressed approval, the British office will speedily give official assent.

Horse Show Entries Close Monday.

Toronto, March 30.—In consequence of letters and personal solicitation from breeders and intending exhibitors who are not yet ready to make their entries for the coming Horse Show, the last day for reserving entries has been extended until Monday next. Although the entries so far have been in excess of former years, the committee has deemed this course advisable in the interests both of the breeders and the public.

Railway Man Hurt.

Hamilton, March 30.—J. E. Stephenson, a yard man on the T., H. & B., fell from the top of a car in the Aberdeen avenue yards last evening and fractured his skull. He was removed in an unconscious state to the General Hospital in the ambulance. He will likely die. Stephenson is about 21 years of age and came here recently from Bronte, where his parents reside.

J. SUTCLIFFE & SONS,

R. H. HELLS & CO'S. OLD STAND.

"A Cheerful Look Makes a Dish a Feast."

"Cheerful looks" depend just as much upon physical well-being as upon natural disposition and temperament. If the blood is disordered, the brain is starved, and no "dish is a feast," for the reason that the vitalising elements do not reach the proper spot.

A step in the right direction is to purify the body by the use of a natural remedy. Hood's Sarsaparilla is Nature's remedy. It acts upon the blood, and whether the seat of the disorder is brain, stomach, liver or kidneys, the purifying process of this medicine is equally sure and successful. *It never disappoints.*

Great Builder—"Have used Hood's Sarsaparilla for indigestion, constipation and finds it builds up the *whole system* and gives relief in cases of catarrh." WILLIAM E. WELDON, Moncton, N. B.

Sour Stomach—"My system was out of order. I suffered from headache and sour stomach. Took Hood's Sarsaparilla, my health improved and I gained 18 pounds." MAXWELL D. SHANGRAW, Colebrooke, Ont.

Bad Cough—"My sister was troubled with a cough which caused pain in her left side. She was confined to her bed. We gave her Hood's Sarsaparilla and in a few weeks she was able to sit up in bed. her appetite improved and the cough and accompanying pain disappeared." LILY WALKER, 34 Cottingen Street, Halifax, N. S.

Dyspepsia—"My husband suffered with dyspepsia. Physicians did not benefit him. Two bottles of Hood's Sarsaparilla relieved him. My husband's *father* and our little boy have been wonderfully benefited by this medicine." MRS. O. F. CHAMBERLAIN, Glen Sutton, Que.

Run Down—"My system was run down, I could not sleep nights and my appetite was poor. Hood's Sarsaparilla restored an appetite and strength and has made me feel like a new woman." MRS. S. E. DRYDEN, Amherst, N. S.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

THURSDAY, MARCH 30, 1899.

A VOTE OF THANKS.

The friends of the Trent Waterway have one thing to thank the enemies of Hon. Mr. Tarte for. They have made that gentleman omnipotent, and declare that he holds the Government, Parliament, Ontario, Quebec, and a good many other things in the hollow of his hand. They assert that he controls the Government, in effect, that he is the Government, and, therefore, when Mr. Tarte, the all-powerful, comes out flat-footed in favour of the completion of the Trent Waterway, we can feel sure that, according to his enemies, holding all power, if Mr. Tarte says complete the work it will be completed. One thing is certain, anyway, Mr. Tarte is in favour of the work and this district and the country will be well satisfied if he has sufficient influence with the Government and Parliament to bring about the continuation, to completion, of the work of opening up this important waterway.

Another vote of thanks is due to the directors of the Central Exhibition, who brought Hon. Mr. Tarte to Peterborough, a visit that opened his eyes to the importance of the work in question.

EDITORIAL NOTES.

IN the French Chamber of Deputies on Tuesday, M. Breton protested against the employment of the phrase "God Protect France," on French coins. He thought that France was fully able to protect herself. France is not far from serious trouble.

"IT is now about two years since the cloud of depression which so long overhung the world floated away," says the Mail and Empire. The "floating" was curiously coincident in Canada, says the Ottawa Free Press, with the assumption of office by Sir Wilfrid Laurier and his colleagues.

THE British and Foreign Bible Society is sending a shipload of Bibles, printed in the Filipino dialect, to the Philippines The cis-Atlantic party to the Anglo-Saxon entente is sending bullets as their contribution to missionary work—perhaps doing reform on the same principle that they have applied to the North American aborigines—"the only good Indian is a dead Indian."

The stoning of Michael Davitt at a public meeting in Ireland, is not a hopeful sign for Irish interests. When Irishmen become unitedly loyal to their cause, it will have a better prospect of triumphing. Whoever is responsible, the delay of the success of the cause Irishmen have so much at heart, is chiefly contributed to by the "divide and rule," principle and practice.

THE life of an editor is not a happy one. If, in the discharge of what he thinks is his duty he happens to blacken the reputation of anybody he has to suffer for it, and if he blackens the eye of a brother editor he is again mulcted. An Ottawa editor, Mr. Morrison, of the Citizen, Ottawa, the other day pummeled Mr. Wrighton of the Tribune, and had to pay fine and costs amounting to $100. These men were wrong. They should let all their wrath distil from their pen tips, but in private should keep up the camaraderie of the craft.

THE Philippine plan of campaign seems to be modelled on the distich in Butler's Hudibras—

"He that fights and runs away
May live to fight another day."

The Filipinos give the United States soldiers a brush, then melt away in the jungle and bob up serenely elsewhere. And they seem to be capable of carrying on this sort of guerilla warfare indefinitely, a circumstance that tends to impart that tired feeling to the Philippine campaign.

AN ENNISMORE EGG.

Mr. Thomas Heard of Ennismore, is the possessor of a hen of the Plymouth Rock strain that has presented him with an egg measuring 7 inches one way and 8½ inches the other. Invitation to beat this is unnecessary.

SEMIPORT.

(From Our Own Correspondent.

Mr. R. Smitheon and his sister, Miss Alice S., have been visiting friends in and around Bemafort.

The roads are in very poor shape just at present. Farmers are left in rather bad shape with their seeming.

Fall wheat and young clover have been suffering badly so far this spring. Both are expected to be almost a complete failure.

Mr. George Smitheon has secured the services of Mr. Malcolm Morrison for the coming summer and intends rushing his contracts through with all haste.

Two young men came very nearly spending a night on the ice on Rice Lake a few weeks ago. Had it not been for the kindness of Mr. Thompson, of Hiawatha, they would have no doubt undergone an experience new to them, staying out all night.

A foreigner has been through here peddling and giving abuse at every house he visited. In some places his abusive language was unbearable. Why are such cattle allowed to run at large?

There is apparently prospects for a military camp this summer as recruits for rural corps seem to be in demand. A number have already enlisted and more are expected shortly.

Mr. Wm. Huggins is slowly recovering from his illness.

It is with regret we note the death of Mr. John Perrin, of Kincardine, a former and highly respected resident of this vicinity.

Mr. E. Stirton is able to be around again. He has been ill with la grippe.

HAVELOCK.

(From Our Own Correspondent.)

Mr. Glass, who has been visiting his daughter Mrs. Dodd, returned to New York Tuesday.

The members of the I.O.O.F. who visited Peterborough Lodge Thursday night last, report having a pleasant and instructive time.

The stable on the premises occupied by Dr. Holcroft was burned to the ground on Friday evening last. It was insured in the Guardian for $300; Boys playing with matches caused the blaze. A number of the citizens did good work in saving the house, which caught several times. Mr. Walter Code has his face blistered from the effects of the heat, and deserves much credit for his efforts to save the roof of the brick kitchen.

Mr. Jas. Hobbs, of Pontypool, visited Mr. R. J. Graham Friday.

Mr. W. Hindman, who has been clerk in the locomotive foreman's office at Smith's Falls, has been granted six months' leave of absence by the C.P.R. Company to take charge of a car belonging to the International School of Railway Instruction, of Scranton, Pa. Mr. Hindman will be greatly missed by the employees of the road, as he is very popular among the men.

Mr. Joseph Rose is laid up with an attack of la grippe.

Messrs. Joyce and Cole are putting up two beautiful residences on Mathieson street.

Mr. Fitzsimmons intends moving into the house now occupied by S. S. Joyce.

Mr. W. Webb conductor, purposes moving into the house now occupied by Mr. Fitzsimmons.

Mr. Thomas Cummings intends enlarging his blacksmith shop as soon as spring opens.

Mr. A. J. Copp intends opening a butcher shop in the building lately occupied by Mr. Tuerff as a tin shop.

Mr. John McDermott, who keeps the Graham House, has sold out his business to Mr. Craig, of Perth.

No Right To Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50 cents, at J. Lynch's drug store.

CHARITY BOARD.

The Regular Meeting Held Monday Evening—Statements of Aid Given.

At a meeting of the Charity Board, held Monday evening, there were present Messrs. Innes (chairman), McBain, Yelland, Batten, Miller, Bamford, Archdeacon Casey and Aldridge.

Mr. McBain presented a statement of wood purchased, namely: 120 cords green cordwood at $3.25, 10 cords dry hardwood at $4.50, 2 cords dry hardwood at $3.75, and 25 cords hemlock slabs at $2.00.

The following accounts were ordered to be paid:—

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

NORWOOD.

From Our Own Correspondent.

Miss Alice Stewart, of "Sannybrae," Cavan, is the guest of Mr. and Mrs. R. J. Stewart.

Miss Andrews was visiting friends in Lakefield last week.

Mr. B. W. Squire has secured a situation as baker for a firm in Allandale. He left on Monday to enter upon his duties.

Mr. R. J. Stewart left on Thursday last for New Brunswick, where he will be engaged for some time in organization work for the Canadian Order of Foresters.

The caretakers of the Palace Skating and Curling Rink held their annual carnival on Friday evening last. Owing to the inclemency of the weather it was not a success financially.

The costumes were good and the prizes well worth the trouble of those in costume.

The Campbellford curlers played a game here and downed the local curlers by eighteen shots.

On Tuesday evening last the famous Peterborough Colts played the Norwood Junior Hockey club in the Palace skating and curling rink here, and were defeated by a score of three goals to one.

Miss M. McGregor is spending Easter with friends in Toronto.

The Misses Coughlin, of Hastings, were in town on Friday.

The final games in the curling competition here were played last week. Mr. W. Ross Cameron being the winner of the stones.

Mr. Arthur Askey left Saturday for Dalesville, N.Y., where he has secured employment.

Miss B. G. Roxburgh was visiting in Peterborough this week.

Through the efforts of Mr. R. J. Stuart, Norwood will shortly have a foundry. A joint stock company has been formed with sufficient capital to ensure its success. Mr. John Hayden, of Brantford, who has had many years' experience, has been secured to manage the business. Mr. Hayden is well known here, having resided in Norwood a number of years ago. At a meeting of the shareholders held at the town hall last week trustees were appointed, among whom are H G Buck, J B Pearce, P W Reynolds, R J Stewart, W E Roxburgh and others. The trustees have purchased the Murphy property on Peterborough street, lately occupied by Mr. P. Doherty as a hotel.

Mr. R. Phillips of Havelock was in town on Monday.

COSTS MORRISON OVER $70.

Ottawa Citizen Editor Found Guilty of Assaulting The Tribune Man,

Ottawa, March 30.—The Morrison-Wrightson assault case was settled in the Police Court yesterday morning. The trial lasted over two hours and a number of witnesses were examined.

The first charge against E. W. Morrison, editor of The Citizen, was that of aggravated assault against R. Wrightson, editor of The Tribune. The charge of aggravated assault was reduced to common assault and Morrison, on this charge, was found guilty and was fined $20 and costs.

The next charge against Morrison was that of intimidation, which was laid by Mr. H. B. Rathbone, manager of The Tribune. Morrison was found guilty and fined $50 and costs.

Carrique, of The Citizen, who was also charged with being a party to the assault on Parliament Hill, was discharged.

CASTILIAN'S OFFICERS CENSURED.

Captain Barrett and First Officer McAffery Are Blamed.

Halifax, N.S., March 30.—Captain Barrett and First Officer McAffery of the wrecked Castilian, are censured by the court of inquiry which investigated the disaster of the Allan Liner on the Gannett Rock ledge, but the court refrains from interfering with their certificates. The latter course was decided upon by the court in view of Captain Barrett's long and successful service in Atlantic navigation, and also in consideration of certain circumstances attending the disaster which had a partial bearing on its causes. One of these was the exceptionally strong current running into the Bay of Fundy at the time the Castilian ran on the rocks. This the court says had something to do with carrying the steamer out of her course, but not to change it to such an extent. The decision was delivered yesterday by Commander O. G. V. Spain, R.N.R., chairman of the court of inquiry.

Rudyard Kipling's Father.

New York, March 30.—A gray-whiskered old man, small in stature, wearing spectacles and a light tweed Inverness, landed from the White Star Liner Majestic last evening. The stranger gave his name as J. L. Kipling, and in reply to a question, said he was the father of Rudyard Kipling, the sick novelist and poet. After getting his luggage passed, Mr. Kipling hurried to the Grenoble Hotel. He was at once taken to the room where his distinguished son is ill. Their meeting was an affectionate one.

No more "Slater" $3.00 Shoes

The cheapest "Slater Shoe" is now $3.50.

When the "Slater Shoe" was born the makers established a fixed standard of quality and workmanship—the highest. At $3.00 it can no longer be made up to that standard—its quality would have to be sacrificed.

But its name has been built up on that standard of quality and its name and reputation must not be jeopardized.

A greater demand for fine shoes by Canadians, who appreciate superior qualities in their foot-wear, and the expansion of foreign demand for our leather have caused a steady advance in the leather market. This market seeks a higher level and those who know, say the prices are here to stay—the demand is on the increase.

Instead of advancing the price of the shoe, the makers could have retained the old price by using inferior materials, but believed it wiser, more honest and more in the interests of "Slater Shoe" wearers to put 50c on the price of the shoe.

This 50 cts., however more than covers the increased price of raw material and in the "Slater $3.50 Shoe" you get a better shoe—more satisfaction guaranteed—and that assurance of shoe-excellence of wear, fit and finish which have brought "The Slater Shoe" to its present pinnacle of perfection.

You may still be able to buy a shoe for $3.00. perhaps less—a shoe that looks fine, but do you know them? Looks like a Goodyear Welt, but is it? How much profit is there in it which comes out of the "value received?"

You know the "Slater Shoe"—the material, seen and unseen, is the best obtainable—every shoe Goodyear Welted, Slaters make no other,—the workmanship is performed by experts, each operator his own particular part in the construction—the profit controlled by the makers' price stamped on the Soles.

You may yet have an opportunity of securing a pair of "Slater $3.00 Shoes" but there are no more coming.

Only two prices in future. $3.50 and $5.00.

R. NEILL, - - - Sole Local Agent.

A Little Reckless.

Cornwall, Ont., March 29.—Two young men named Dury and Thomson of Mille Roches helped themselves to a horse and rig belonging to the village blacksmith, A. Johnston, and started for Cornwall. Johnston wired the Cornwall police, and they were arrested. Yesterday they were sentenced to 60 days each in jail.

That Throbbing Headache.

Steuffville, Ont. Limited.

WAKE UP!
Be a Man and Own

A home of your own, you can if you will. A lady called at our office 2 p. m. explained what she wanted to buy, where she wished it, and how and what she was prepared to pay, we pointed out what she wanted, where she could get it, and about $150.00 less than she was willing to pay: Within two hours she told our salesman it was useless to go further, she was well suited, and as soon as the Bank opened she got her money and paid the deposit required. The above is true, as we can prove, and as we have a few more Real Bargains, will the next be taken in a like business way, by a Lady or Gentleman? Come to us and we will guide you right, our advice is to secure a home. Open 7.30 to 8.00 p.m.

—THE—

IMPERIAL LIFE INSURANCE CO.
OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. **It Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. **Its Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. **Its Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. **Its Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. **Its Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

STOMACH FILLED WITH COBBLE-STONES.

Strange Sensation Felt by Many Victims of Dyspepsia.

Neither Pleasure nor Nourishment Obtained from their Food—Dodd's Dyspepsia Tablets Remedy the Trouble—Make New Blood, Build New Bone and Sinew.

Cobble-stones are just as enjoyable to the dyspeptic as is the daintiest and most enjoyable, and nourishing food.

Every morsel he eats lies on his stomach, a hard lump, causing a dull, aching misery that lasts from one meal time to another, and making the victim utterly unfit for work, pleasure or even for mingling with his fellowmen.

The blood becomes thin, weak and watery; it carries no nourishment to the organs and tissues. Then a process of slow decay begins. The flesh grows soft and flabby, the muscles small and weak, and many of the chief functions of the body are stopped.

Constipation steps in, and unless it be banished speedily, Inflammation of the Bowels follows.

Dodd's Dyspepsia Tablets remove the entire trouble, by digesting the food, converting it into rich, nourishing blood, giving strength to the digestive organs, making them capable of doing their own work, bringing fresh vigor to every part of the body, and building new, strong tissues, flesh and muscles.

Dodd's Dyspepsia Tablets are the greatest blood makers and muscle-builders ever known. They cause Nature to resume her suspended operations, and to correct all unnatural conditions.

The small brown tablets that go with every box of Dodd's Dyspepsia Tablet cure Constipation and stimulate the liver to healthy action.

The action of the large Tablets is the supplemented and made complete, and health, strength and vigour is restored to the body promptly and positively.

NEAT JOB PRINTING AND BOOKBINDING DONE CHEAPLY AT THE EXAMINER OFFICE

Put Your Finger on Your Pulse

You feel the blood rushing along.

But what kind of blood? That is the question.

Is it pure blood or impure blood?

If the blood is impure then you are weak and languid; your appetite is poor and your digestion is weak. You cannot sleep well and the morning finds you unprepared for the work of the day. Your cheeks are pale and your complexion is sallow. You are troubled with pimples, boils, or some eruption of the skin. Why not purify your blood?

Ayer's Sarsaparilla

will do it. Take it a few days and then put your finger on your pulse again. You can feel the difference. It is stronger and your circulation better. Send for our book on Impure Blood.

If you are bilious, take Ayer's Pills. They greatly aid the Sarsaparilla, They cure constipation also.

Write to our Doctors.

Write them freely all the particulars in your case. You will receive a prompt reply, with good advice.

Address, DR. J. C. AYER, Lowell, Mass.

DOMINION PARLIAMENT.

Several Private Bills Introduced—The Winnipeg and Brockville Vacancies—The Address Debate Resumed.

Ottawa, March 30.—On the Speaker taking the chair yesterday, Sir Louis Davies rose to make a personal explanation. He had not given an interview to The Montreal Star, as reported, on the charges of neglecting his duties.

In answer to Sir Charles Tupper, Mr. Speaker said he had not issued his warrant for an election in Winnipeg, because he had not regarded the remarks in the House about Mr. Jameson as official notice of his death. He would, however, regard Sir Charles' present remarks as notice.

Mr. Speaker said he had issued his warrant for an election in Brockville to fill the vacancy caused by the death of Hon. John F. Wood.

Fifteen private bills were introduced and read a first time.

The Debate on the Address.

Four speeches occupied the sitting of the House yesterday, and the debate on the address is not nearly at an end. There were two speakers on each side. Mr. Bourassa (Labelle) resumed the debate, speaking in English, and devoted some attention to the Quebec and Washington negotiations, expressing confidence in the ultimate result. Mr. Sam Hughes (Victoria) followed in an arraignment of the Government for nonfulfilment of its pledges, which was not concluded until after recess. Mr. Madore (Hochelaga), speaking in French, made an able speech in defence of the Administration, and Mr. McInerney, (Kent, N.B.) made the concluding speech, holding the floor until 11 p.m., when Mr. Guillet (West Northumberland) moved the adjournment.

The House adjourned at 11 o'clock.

FROM FAITH FENTON.

Well-Known Woman Writer Tells About the Dawson Investigation.

Vancouver, B.C., March 30.—A message coming from one of Commissioner Ogilvie's staff, Faith Fenton, says: The royal commission of inquiry opened on Feb. 22. Ample notice was given, but only two series of charges were preferred. The second, that of malfeasance in office, was made by proprietors of Nugget newspaper against Thomas Fawcett. Both requested permission to withdraw the charges on the second day.

The alleged reason was that the terms of the commission limited the investigation to charges concerning acts previous to Aug. 25. The complaint of the prosecutor was that the investigation was too narrow. On that account they were permitted to retire, but not to withdraw charges.

Commissioner Ogilvie continues the investigation. Fawcett was cleared completely of the malfeasance charge. No clerk in the gold commissioner's office thus far has been incriminated.

The evidence concerning Dominion Creek reflects seriously on Major Walsh, says this despatch. One witness testified that he was employed by the Young Conservative Association of Ottawa to gather information for political purposes. The commission continues in session.

Great Excitement in Peterborough over an Agreement.

Peterborough, March 13th, 1899.

We, the undersigned, will sell Smith's Rheumatic and Kidney Cure on the guarantee of the proprietor that six bottles will cure any case of Rheumatism. And we also sell Smith's Cough Syrup and Grip Killer with the proprietor's guarantee that one bottle will cure any case of Cough or Grip, and in case of these remedies failing to help, the money will be refunded.

THE LEGISLATURE

The Local House to Finish Business Friday Morning.

PROROGATION ON SATURDAY.

House in Committee of Supply—The Opposition Moves to Strike Out Some Items, But the House Votes Concurrence—Evils of Protests by Irresponsible Parties to Be Cured.

Toronto, March 30.—The Legislature will conclude business some time during the morning of Good Friday and prorogue on Saturday *afternoon*. Such is practically the understanding arrived at last night. The carrying out of this decision, however, necessitates an almost continuous session from 11 a.m. to-day until about 4 or 5 a.m. the following day, as there is still considerable legislation to be put through.

Third Reading.

Mr. Crawford's bill for establishing and operating a chain ferry between the Queen's Wharf and the Island sandbar, Toronto, was read a third time.

Controverted Elections Act.

The House considered in committee the Attorney-General's bill to amend the Controverted Elections Act. The bill provides that a petition against an election may be presented by a candidate or four persons who voted, who are severally rated for at least $1,000. A member petitioned against is not required to attend on preliminary examination during a session of the House. The Attorney-General condemned the practice of "mw-offs" in election petitions.

The leader of the Opposition pointed out the difficulty of securing four petitioners, as provided by the bill. This might prevent the filing of a petition in a very necessary case.

After discussion the Attorney-General consented to three petitioners instead of four. The bill thus amended passed the committee.

Sunday Cars at Ottawa.

In committee of the House respecting the city of Ottawa, Hon. Mr. Gibson secured the insertion of a clause that no exception shall be made by this bill, in connection with the corporation's authority to run street cars on Sunday, that shall exempt it from any future amendment of the Lord's Day Act, or that shall conflict with any Dominion act. There was also added another clause limiting the street railway employes to six days per week. With these amendments the bill passed the committee.

Fire Rangers' Salaries.

On the motion of Hon. Mr. Harcourt that the House go into committee of supply, Mr. Little (Cardwell) moved the negative, and that in the opinion of the House under the Department of Forestry the salaries and expenses of the chief clerk and inspector of fire rangers—$3,400—be deducted from the estimates. After discussion, the House divided, when there were: For the amendment 40, against 50. The majority for the Government was therefore ten. It was a purely party vote. On the same vote reversed, the House went into committee of supply and concurred the challenged items.

Then commenced a series of challenges of all the totals in the respective estimates. Each of the proposed reductions proposed by the Opposition was defeated in the House on the same division as that given above. This proceeding occupied much time, and the somewhat hilarious proceedings were enjoyed by the crowded galleries.

It was decided to vote members the usual sessional indemnity instead of $475, as was at first proposed.

A large number of bills—Government and private—passed with slight amendments, and third readings were ordered on to-day. Among these were: Respecting the Ontario Historical Society, Ontario Tree Planting, Public Health Act, Sureties, Succession Duties, Municipal Amendment and the Mines Act.

The Law of Insurance.

Hon. Mr. Gibson moved the second reading of his bill to amend the insurance law, which increases certain registration fees. The second reading carried.

In reply to Col. Matheson, the Attorney-General said the supplementary estimates would be brought down to-day.

License Inspectors' Fees.

Replying to Mr. Kidd, Mr. Hardy said that a license inspector was not entitled to a fee of $5 for each hotel inspected in addition to his salary.

The House adjourned till 11 a.m. to-day.

ASSEMBLY NOTES.

A change of much interest to fishermen in the new fisheries bill is that which prohibits the catching of more than five salmon or lake trout in one day by one man, or more than ten a day by two men in a boat.

Mr. John A. Davidson is an applicant for the position of Assistant Queen's Printer, rendered vacant by the death of Mr. Thomas. Mr. Davidson is a practical printer, having been for many years foreman and more recently one of the proprietors of the job rooms of The Guelph Mercury.

There will be no further action regarding Mr. German's turnover tax bill until next year. The reconsideration of the bill was taken up in the municipal committee yesterday morning, and after much discussion the bill was held over for a year.

MR. WHITNEY WATCHED.

The Opposition Leader Receives Token of Esteem From His Followers.

Toronto, March 30.—When the Legislature adjourned for tea last night the Conservative members assembled in the members' reception room and sent for their leader, Mr. J. P. Whitney. Mr. Marter had taken the chair when Mr. Whitney was escorted into the room to be the recipient of a token of appreciation and esteem from his followers.

Mr. Marter, addressing the leader of the Opposition, said it was from the bottom of his heart that he spoke when he referred to this as a fitting occasion on which to present in tangible form an expression of the regard and good will felt toward Mr. Whitney by his followers in the House.

Here Mr. Reid of Addington stepped forward and handed a small case to Mr. Marter, who in turn handed it to Mr. Whitney. It contained an elegant gold hunting case watch with chain and charm, and a beautiful signet ring. The watch was prettily engraved on one side with a bull's head—the Whitney crest—and on another with the words, "J. P. Whitney, Q.C., leader, from his colleagues of the Ontario Opposition, March, 1899."

The seals on the charm and on the signet ring contained Mr. Whitney's crest.

Mr. Whitney thanked his followers for the gift and more for the spirit which actuated it. He touched upon the trials and anxieties of leadership and the value of the assistance he constantly received from his colleagues.

Mr. Powell of Ottawa, Col. Matheson, Mr. Miscampbell, Mr. Foy and Mr. Speaker Evanturel all spoke.

Volcanic Eruptions

Are grand, but Skin Eruptions rob life of joy. Bucklen's Arnica Salve cures them also. NEWS IN A NUTSHELL.

Telegraphic Briefs That Contain Much of the Day's News.

At no time this winter has there been such a blizzard throughout northern New York as has prevailed for the last 12 hours. Travel is almost entirely suspended, and streets are deserted.

Another body was found on Wednesday in the Windsor Hotel ruins, New York. The record now is: Killed during the fire and died subsequently from injuries, 11; unidentified bodies at morgue, 27.

Another riot among sailors of the United States fleet at Kingston, Jamaica, on leave occurred Wednesday night, during which the men fought a number of water police and civilians, resulting in the combatants receiving plenty of contusions.

The Liverpool correspondent of The Daily Mail telegraphs that news has been received there of the terrible fate of Lieut. Bell, British officer, with the Belgian troops in the Congo Free State. He was captured by the natives in a fierce fight and was afterwards killed and eaten.

Ex-Ald. John Woods of Toronto died at his residence on Wednesday night after a lingering illness. He was one of the oldest residents of Toronto, having gone there when it was known as Muddy York. He was born March 9, 1823, in Tierlicken, County Longford, Ireland.

Harry Forbes, along with Harry Gilmore, arrived in Toronto on Wednesday from Chicago for the 20-round glove contest Good Friday night in the Pavilion with Ed. Lenny of Philadelphia. Considerable speculation has been indulged in over the result, with Lenny, as a slight favorite. Bobby Thompson v. Oliver Brown, ten rounds, and Archie McEachern v. Fred. Bird, six rounds, are the preliminaries.

Dr. Chase Cures Catarrh After Operations Fail.

Toronto, March 16th, 1897.

My boy, aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the General Hospital. Since then we have resorted to Dr. Chase's Cure, and one box of this medicine has made a prompt and complete cure.

H. G. Ford,
Foreman, Cowan Ave, Fire Hall.

German Forsyth Found Dead.

Cornwall, Ont., March 30.—German Forsyth, an employe of the Gilbert Dredging & Blasting Company, was found dead on one of the company's dredges at Cardinal yesterday morning with a large wheel on his head. How the accident occurred is a mystery. Deceased was 36 years old, and leaves a widow and three children. He was a resident of Moulinette, where the body has been sent for interment.

Dawson Again Fire-Swept.

Seattle, Wash., March 30.—Dawson's water front was again swept by fire on March 4. The flames started in a restaurant and burned fiercely until seven or eight buildings had been destroyed. Several persons were badly burned. The loss was $14,300 on buildings alone.

Stubborn Coughs.

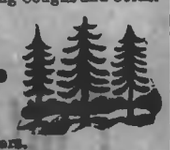
Some Coughs seem hard to shake off—stick right to you in spite of all you do to get rid of them.

Those are the kind of Coughs that are dangerous—that weaken the lungs so that the germs of Consumption find a ready foothold.

Now, there's no remedy will cure stubborn Coughs—Coughs that won't let go—like Dr. Wood's *Norway* Pine Syrup.

It allays the inflammation, soothes the irritation, heals the diseased mucous lining of the Lungs and Bronchial Tubes, and rids the system completely of all the bad effects of lingering Coughs and Colds.

Dr. Wood's Norway Pine Syrup.



Price 25c. All dealers.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used, Upright and Square Pianos of the various makes taken in part exchange for the famous **NEWCOMBE PIANOS.** Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

THE ODORLESS CREMATORY CLOSET.

I have been appointed Sole Agent for the Odorless Crematory Closet manufactured by the Crematory Closet and General Heating Co., of Hamilton.

This Closet has found a place in many of the best homes in the province, and all who have used it cannot speak too highly of its merits. Medical men speak of it from a sanitary point of view, claiming that, if health is any consideration, no home should be without one. Here are some of the

TESTIMONIALS.

Alliston, March 31st, 1898.

I have had one of your "Crematory Closets in use now for several weeks and am glad to be able to say that I have found it entirely satisfactory in every respect. I have not been able to detect the slightest odor from it at any time and would not be without it. I am sure it must prove a great convenience to people in the country and in towns where water is not obtainable.

Yours respectfully,
JAMES CONWAY.

Sheddon, February 25th, 1898.

I have used it for sometime and find it perfectly odorless. It is a long felt want and I believe it will become very popular especially in rural districts, towns and villages where wells are so frequently contaminated by the ordinary closets.

I am, yours, etc.
W. H. MORRISON

Medical Superintendent's Office, Sept. 20th, 1897
Asylum for the Insane, Hamilton.

Gentlemen: I had the opportunity of witnessing yesterday the operation of your Odorless Crematory Closet. It had a large accumulation of fecal matter in the pan when the fire was started, and inside of 20 minutes it was all reduced to ashes. There was no odor before or during the operation of consuming the fecal matter, as the ventilation by the flue seems to carry off all odor at once, before it has a chance to vitiate the surrounding atmosphere.

Yours truly. JAMES RUSSELL, M.D.

Elmbrook, Sept. 20th, 1897.

Dear Sirs—Having been present at a private test of your new patent closet yesterday afternoon, I beg to express my satisfaction with it in every way. Neither before, during or after the burning out of its contents did I detect the slightest unpleasant odor. I am satisfied it will be a boon to thousands in rural towns, villages and country homes. Yours truly,

M. J. MULLOCK, M.D

ADAM HALL.

"Adams' Pepsin Tutti Frutti Gum not only ensures perfect digestion, but corrects any odor of the breath which may be present."
Egbert Guernsey, M.D.

LOCAL NEWS

If you want the latest style and up-to-date Photos go to G. R. WHITEN'S Studio. Open Good Friday.

10 a. m. Probabilities.

Fair, with little change in temperature to-day. Easterly winds, with occasional falls of snow or sleet, to-morrow.

Ram Lal Tea. The Spot Cash.

St. John's Church.

There will be three services at St. John's to morrow,—at 11 a.m., 3 p.m., for children and young people, and at 8 p.m.

Missionary From China.

Dr. Kilborn, a returned missionary from China, will give a talk in the George street Sunday school to-morrow night at 3 o'clock under the auspices of the Young People's Societies. Silver collection.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. Geo. Gumpricht, practical piano maker and tuner, with 25 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Salada Tea. The Spot Cash.

Advance in Meat Prices.

Owing to the scarcity of fat cattle and other stock, and the consequent advance in price, the meat dealers have been compelled to raise the price of their meats. Housekeepers may, therefore, prepare to make larger appropriations for their Easter supplies.

Bismark's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want those qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c., at J. Lynch's drug store.

A $65.00 watch and chain "free" to some customer at the Spot Cash.

At the Opera House.

To-night the Minnie Lewis Company will present their grand spectacular performance, introducing dancing ballets, new and beautiful dances, gorgeous costumes, new songs, transformations, dances and specialties by a large company of beautiful girls and clever comedians. Don't miss having an evening of good enjoyment. Prices 25, 35 and 50c.

Others may copy our method of advertising, but they cannot copy our clothing—they cannot touch the style and the low prices. They must charge higher prices for poorly made goods. Grafton & Co.'s clothing is the most up-to-date, the best made, the best fitting clothing made in Canada to-day, and selling, as we do, direct to you at the first cost, you save 20 cents on every dollar by buying direct from us. GRAFTON & Co., high-class clothing manufacturers.

Choice Groceries. The Spot Cash.

Y. M. C. A. Bazaar.

Next week will be a busy one amongst the ladies of the town,—Monday and Tuesday the Y M C A building will be in the hands of the decorators. Wednesday afternoon, a committee of ladies will be in the Y M C A from two until six, to receive articles for the Bazaar, and on Thursday at 2 p. m., the doors will be open to the Public. Admission 10 cents. A "High Tea" will be served at 6 o'clock, tickets for tea only will be sold at the door at 25 cents. It is hoped all the men of the town will encourage this effort of the refreshment committee.

Remember the Bazaar Thursday and Friday of next week.

Choice Groceries. The Spot Cash.

PERSONAL.

Mr. Court King is down for Easter from Trinity University.

Rev. Father Conway, of Norwood, was in town to day.

The condition of Mr. R. H. Green is somewhat improved to-day.

Mr. "Shef" Conroy is home from McGill University for the Easter holidays.

Mr. W. R. Lech left for Toronto this afternoon to attend the Fox Terrier Club Show.

Mrs. W. H. Wrighton and Miss Wrighton left for Toronto this morning to spend a few days.

Mrs. Wm. Burke, of Cobourg, is a guest for the Easter season of her brother, Mr. H. C. Winch.

Mr. Robert Kerr is in Toronto attending the Dog Show. He has entered his fox terrier, You Know.

Mrs. J. R. Stratton, Mrs. Ormond and Miss Alberta Gooding returned from Toronto last evening.

Mrs. D. H. Burritt is not convalescing as rapidly from her recent illness as would be wished by her friends.

Mrs. H. LeBrun and daughter are visiting with her sister, Mrs. R. P. Gough, Toronto, during the Easter holidays.

Miss Grace Barnet, is down from Mrs. Neville's school, Toronto, spending Easter with her sister, Mrs. C. B. McAllister.

Mrs. Stanley Pentland and family, of Toronto, are spending the Easter holidays at the residence of Mrs. Pentland's father, Mr. R. J. Winch.

Messrs. Gerald and Basil Hall, Walter Burritt and Jimmy Lundy are home for the holidays from Mr. W. J. Drope's Grimsby school.

Mrs. W. Quinn and son, formerly of Peterborough, arrived from Lindsay on Wednesday and are visiting with the family of Mr. R. B. McKee, Rubidge street.

Rev Father Fitzpatrick, of Young's Point, was in town to-day. He is looking forward to his Queen's Birthday pic nic—promised to be the best pic-nic ever held in Lakefield.

Mrs. Chambers, of Montreal, the well-known vocal artiste, is in town for rest and recuperation after illness. She will remain for the George street church concert on April 4th.

The Port Hope Guide says:—Miss Smiley left for Peterborough this afternoon, where she will in future make her home with Mrs. Dr. McClellan, (nee Miss Gobeen.) Miss Smiley is deservedly very popular in Port Hope, her kind and genial disposition having made for her a host of friends during her stay here.

Mr. J. P. Whitney's supporters in the Local Legislature though they profess so much admiration for him, evidently think he is worth watching. Yesterday Mr. Marter, on behalf of the Opposition members, presented their leader with a splendid gold watch. Mr. Whitney is an agreeable and courteous gentleman, and personally, no doubt many of his political opponents would have not been unwilling to join in a tribute to Mr. Whitney's personal worth.

Radish and lettuce—The Spot Cash.

All Saint's Church.

Service on Good Friday at 8 p. m. Offertory for promoting Christianity amongst the Jews. The "Story of the Cross" will be sung.

Principal Grant Coming.

The Anniversary exercise in connection with St. Andrew's church, will be held on May 7th, when sermons will be preached by Principal Grant, of Kingston, who will also lecture the following evening.

Children's Aid Society.

The Children's Aid Society have for adoption four children, two girls (Roman Catholics), one of six years of age and the other three; and two girls (Protestants), the elder eight, the younger two years of age.

For an Appetizer.

Drink a glass or a bottle (according to your capacity) of Copland's Ale or Porter, about half an hour before each meal.

Both are healthful aids to digestion. Pure ale is good for you; bad beer is unhealthful.

Kept in fine condition and an even, cool temperature in our cellars.

HENRY & Co.

Best Coffee always at The Spot Cash.

Fish for Good Friday.

I have provided a plentiful supply of fish, oysters and fruit for Good Friday. Fresh caught halibut, fresh caught haddock, fresh B.C. sea salmon, sea herring, fresh bass and other fresh water fish, Lake Superior salmon, Lake Winnipeg whitefish, Georgian Bay trout, select oysters, etc. Also fine fresh fruit, oranges, lemons, bananas, etc. Get your Easter supplies at Frank D. Leplante's fish and fruit store, next Adam Hall's. Leave orders early. Prices will be right.

Geo. Ball

has removed to the rooms over Oak Hall formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3.50; why buy ready-mades? Every age and style is met—every desire is assured. Ladies' tailoring in all designs.—GEO. BALL, over Oak Hall. 30

If you want up-to-date Photos call on Green & Son, Hunter Street. Studio open Good Friday

WHOSE WEIGHT GIVEN.

Mr. Paul Costello has a Serious Complaint to Make in Regard to the Weighing at the Market.

Mr. Paul Costello, of Ennismore, complains to THE EXAMINER of an incident which occurred on the market yesterday, whereby he was nearly a loser by the sum of several dollars.

It seems he brought seven hogs to the market, which he sold to Carton's buyer. On being weighed on the market scales by Mr. J. D. Baptie the weight was far short of that which had been registered by Mr. Costello's scales at home, and he insisted on having all the hogs weighed again. Several "hangers-on" around the market used rather rough language, but Ennismore's ex-reeve was equal to the occasion and threatened to call the police if he was interfered with in any way.

The hogs were placed on the scales and re-weighed, when the weight of each advanced from fifteen to twenty-five pounds.

Mr. Costello will bring the matter to the notice of the proper authorities.

THE CATERPILLAR PEST.

Look Out for the Bracelets—Nip the Egg "In the Bud."

A report comes from Vermont attributing the failure of the maple sugar crop to the ravages of the caterpillars. Great injury was done last year to the maple trees by the army of caterpillars, and this spring the trees are found to be sapless. Whether there is anything in this or not it certainly gives no reason to not relax our fight against the caterpillar pest. The twigs of the trees are this year full of bracelets, and the ravages of caterpillars this coming summer will be in proportion to the completeness of the destruction of the bracelets. If we had not destroyed millions upon millions of caterpillars in the egg last year the pest would have been a great deal worse than it was.

THE PETERBOROUGH PEAT COMPANY PREPARING.

Three Machines Under Way and Buildings to be Erected at Once.

The Kirkfield correspondent of the Lindsay Post says:—Mr. W. Sims, manager for the Trent Valley Peat Fuel Co., of Peterborough, is busy preparing for spring work. Three large machines are expected this week, and buildings are being erected immediately. This work is expected to give employment to about seventy hands, and will undoubtedly prove a boon to the north country.

The Date is April 4th.

Recent practice shows that the choir of George Street Church, is attaining a very marked degree of efficiency in the chorus for the Concert on Tuesday evening April 4th. The choir is assisted by a number of local talent that strengthens the chorus. The numbers to be sung are very fine selections. The individual numbers of the programme will be contributed by Mrs. Chambers, soprano, Mr. Bruce Bradley, tenor, and Mr. Kleiser, entertainer. While Mr. Kleiser's repertoire is a varied one, the selections he will give, will be such as are suitable for an entertainment to be given in the church. Of Mr. Kleiser and Mr. Bradley, the press abroad say flattering things. "Grenville Kleiser" who is one of the best impersonators that have appeared in this city, was greeted by a large audience last evening at the Y. M. C. A. Hall. He came under the auspices of the Ladies' Aid Society of the Second Presbyterian Church. In his rendition of the celebrated comedy, "Our American Cousin," he displayed great versatility and gave the highest satisfaction.—State Journal, Springfield (Ill.) The Toronto papers speak very highly of Mr. Bradley as a tenor soloist. Do not forget the date, April 4th, in George Street Church. Admission 25 cents.

BIRTH.

SHEVLIN—On Tuesday, March 28th, 1899, the wife of J. P. Shevlin, 239 King street, of a daughter.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—A special meeting of the Town Council is called for to-night.

—The Finance and Fire, Water and Light Committees meet this evening.

—Reciprocity—the farmers raise the cattle and the butchers raise the price.

—Mr. J. M. Riley, of Campbellford, dropped dead while walking to a Sunday school meeting.

Best Coffee always at The Spot Cash.

—The bill "respecting the Town of Peterborough" passed its third reading in the Legislature yesterday.

—Don't miss the Minnie Lewis Operatic Extravaganza Company at the Opera House to-night. Prices, 25, 35 and 50c.

—Services preparatory to communion will be held in St. Andrew's church to-morrow evening. The sermon will be preached by Rev. Mr. Martin, of Tweed.

Fresh Maple Syrup. The Spot Cash.

—Have you seen the new up-to-date large group Photo at Whiten's? If not, go and see it. Nothing to equal it has been made in town. 158 Hunter street.

—The Province of Ontario will be enriched to the extent of between $65,000 and $70,000 from the late Hugh Ryan's estate, the amount of succession duties collectable.

—Husbands regard Easter bonnets as unhealthy—having a tendency to produce bilious conditions; there is no known "spring medicine" that will meet the conditions.

Fresh Maple Syrup. The Spot Cash.

—The Christian Endeavour Societies of the town will hold a sunrise prayer meeting on Sunday morning at 7 o'clock in the Y.M.C.A. parlours. Rev. Mr. Potter will take charge. 2d

—An amendment of Mr. Gibson, accepted in the House yesterday, adds peat to the section granting a bonus for the use of charcoal made in Ontario as a fuel for the smelting of ores.

Daily Examiner.

THURSDAY, MARCH 30, 1899.

*And they crucified Him and parted His garments, casting lots * * And sitting down, they watched Him there and set up over His head His accusation: This is Jesus the King of the Jews. There were two thieves crucified with Him, one on the right and one on the left * * * Jesus when He had cried with a loud voice, yielded up the Ghost, and behold the veil of the temple was rent in twain, from the top to the bottom; and the earth did quake and the rocks rent, and the graves were opened and many bodies of the saints which slept arose and came out of their graves after His resurrection, and went into the holy city and appeared unto many.*

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

CURLIANA.

The Grits and Tories curl to-morrow afternoon, beginning at two o'clock sharp. The Grits have chosen the following six rinks to represent them:—

W Grace,	G M Roger,
E Snowden,	D W Dumble,
D Belleghem,	J B Pentland,
W G Ferguson.	J Jeffries.
A J McClelland,	Dr. Moher,
J H Hall,	Geo Morrow,
Geo Hay,	E B Edwards,
J H Connal.	W L Allen.
C LeBrun,	E B Wood,
W J Thompson,	E H D Hall,
Geo Boucher,	Geo Bimison,
D Davidson.	R S Davidson.

Any other Reformers who would like a game will be welcomed at the rink.

The Tories have not selected their rinks yet, but their skips will be: Messrs. Myles Hamilton, Judge Weller, T. Rutherford, Sam Ray, J. S Knapman and T. P. Attrill.

LADIES' GOLF CLUB.

A large and enthusiastic meeting of the Ladies' Golf Club was held in the Y.M.C.A. parlour on Tuesday afternoon. The following officers were elected:—

Honorary President—Mrs. Robert Hamilton.
President—Mrs. Peter Campbell.
Captain—Miss Hamilton.
Sec.-Treas.—Miss Annie M. Hall.
Executive Committee—Mrs. Greenwood, Miss Halliday and Miss Boucher.

It was decided that the club should be an open one and the fee $1.00.

HAVE LEASED THE BARGES.

Direct Grain Route From Chicago to Montreal.

Ottawa, March 28—The management of the Canada Atlantic Railway have arranged with the Kingston and Montreal Forwarding Company to lease from them their line of barges to run between Coteau and Montreal with the C.A.R. Transit Company's business. This will give a grain route direct from Chicago and Duluth to Montreal. Last year the C.A.R. paid the Forwarding Company so much per bushel for transportation; now they have the barges, some 12 or 15 in number, leased for three years.

A $65.00 watch and chain "free" to some customer at The Spot Cash.

THE TRENT VALLEY WATERWAY.

To the people, of this district especially, the prospects of the early completion of the Trent Valley Waterway is a matter of the utmost moment. We all know that the matter has been dragging on for years with a degree of progress that has fallen far short of the great importance of the work. And now we are encouraged to look to the present government to give us reason for the gratitude that will be due for the completion of this great work. Hon. Mr. Tarte, the Minister of Public Works, though he is abused and vilified by his political opponents, is the one statesman who has, par excellence, a full recognition of the importance of the the transportation problem. He is open to conviction and his visit to Peterborough last fall, and his coming into direct contact with the Trent Canal and its advocates has convinced him. He is a reasonable man and he has yielded to the reason inherent in the scheme, and has made good in the House the after-dinner declaration of his belief in the Trent Valley waterway expressed in Peterborough. In the House of Commons in his great speech, in dealing in a statesmanlike way with the transportation problem, Mr. Tarte thus referred to the Trent Valley Canal as a link in the chain of waterways:

Then there are other works than the St. Lawrence that are worthy of consideration. A great deal has been said about the Georgian Bay Canal. I am not prepared to give my opinion to-day as to the best mode of carrying on that work, but I have no hesitation in saying that in my opinion that project is worthy of all consideration. A good deal has been said also in reference to the Trent Valley system; a good deal has been said against the project. I made an inspection of that system during the last recess, and I have come down here a convert; I am glad to say that in my opinion the Trent Valley Canal work is not the building of a canal; it is the saving of a magnificent series of lakes and waterways. It would be, in my humble opinion, a fatal mistake and a blunder to think for a single moment of not proceeding with that national work.

Mr. Hughes—Will you push it through?

Hon. Mr. Tarte—To the best of my ability; but, of course, I hope that the hon. gentleman (Mr. Hughes) will have enough influence on the other side of the House that they will not accuse us of crimes when we go on with the work.

This is language as explicit as a public man, a member of the Government, can permit himself to employ. And it gives renewed hope of the early completion of the Trent Waterway, Hon. Mr. Tarte points out, very properly, that it cannot be called the "building of a canal, it is the saving of a magnificent series of water stretches," and he does not speak at random, for mere political effect; he says he has "made an inspection of that system and has come down to Ottawa a convert." That is what may be called taking an intelligent interest in the work; that is the course a public man in his position should take. Mr. Tarte being convinced of the usefulness and indispensability of the Trent Waterway as an important complement to a complete scheme of internal transportation, may be expected to push the work with all his influence. Anything that touches the interest of the transportation problem touches Mr. Tarte. He has big statesmanlike views of the method to be pursued, and it must be very gratifying to the advocates of the prompt completion of the Trent Waterway that they have at court so warm a friend of the work as the Minister of Public Works. In the hands of a Government that does things, we have reason to to hope for something tangible in reference to the completion of the Trent Waterway.

It is hard to satisfy some persons. Col. Hughes, of Victoria, in his speech in the House yesterday complained that a paragraph had not appeared in the Speech from the Throne, pledging the Government to the completion of the Trent Waterway within the next twelve months. This is rather short notice. The party to which Col. Hughes belongs had a chance of eighteen years to complete the canal and did not do it, though to do the gallant Colonel justice his energy in advocating the work absolves him from any personal blame in respect of the late Government's neglect.

We shall now see whether Mr. Bennet, of East Simcoe, will let his party politics overcome his loyalty to the Trent waterway. In his speech in the House of Commons, following Mr. Tarte, he made a vicious attack upon that gentleman, and that just after the latter's declaration of interest in the Trent waterway. If Mr. Bennet prefers killing Mr. Tarte, the best friend apparently to the work the situation has developed, to co-operating with him and strengthening his hands, he will show that he cares more for party interests than for those of the district, he, with others, represents.

EASTER.

The Date of the Festival in Any Year.

When did Easter fall? When will Easter fall? The frequency with which these questions are asked, and the difficulty of answering without considerable trouble being taken, has come home to most of us.

Mr. Delahanty, of Montreal, issues an Easter table, which shows at a glance the date of Easter Sunday in any year since 1900, and up to A.D. 2416, and so avoids all trouble of turning up old almanacs or reference books.

Easter falls on the first Sunday after the full moon, which occurs between the 21st of March and the 18th of April. If Sunday be the day when the moon is full, Easter is kept on the following Sunday.

All the other movable feasts of the church depend upon the date on which Easter is kept.

Easter Day can never occur earlier than 22nd of March, and that only when it is full moon on the previous day, which is the date of the vernal equinox. This has only happened once in this century—in 1818—and will not occur again until 1970.

Easter Sunday never falls on a later date than 25th April, and then only when the first full moon after the vernal equinox fall on Sunday, 18th April. This has only happened in 1886 during the century, and will not occur again until 1943.

We cut out the following dates upon which Easter has fallen, or is to fall, from Mr. Delaney's table:

EASTER SUNDAYS, 1867 TO 1907.

1867	April 21	1888	April 1
1868	April 12	1889	April 21
1869	March 28	1890	April 6
1870	April 17	1891	March 29
1871	April 9	1892	April 17
1872	March 31	1893	April 9
1873	April 13	1894	March 25
1874	April 5	1895	April 14
1875	March 28	1896	April 5
1876	April 16	1897	April 18
1877	April 1	1898	April 10
1878	April 21	1899	April 2
1879	April 13	1900	April 2
1880	March 28	1901	April 7
1881	April 18	1902	March 30
1882	April 9	1903	April 12
1883	March 25	1904	April 3
1884	April 13	1905	April 23
1885	April 5	1906	April 15
1886	April 25	1907	March 31
1887	April 10		

Lettuce and onions—The Spot Cash.

Hairene for the Hair.

Dr. Andrew Grant & Co., Toronto.

Dear Sir,—My hair has been falling out for nearly a year, and was getting very thin and dry. I purchased one bottle of your celebrated "HAIRENE" which has thoroughly restored my hair and removed all dandruff, and I can cheerfully recommend so valuable a preparation.

Yours truly,
Port Hope, Ont. GEO. T. MAYNARD.

For sale by all druggists. Price $1.00 per bottle.

Call Early as First Buyers get the Best Choice. Sale begins on Saturday, March 25th, for Thirty Days Only.

The Macfarlane Wilson Co., Limited.

"Please Smile AND Look Pleasant."

When a woman says "I am racked with pain," the word "racked" recalls the days when they stretched the tender bodies of women on the rack with rope and pulley until the very joints cracked.

Fancy an attendant saying to the tortured woman, "Please smile and look pleasant."

And yet the woman "racked with pain," is expected to smile through her agony and to make home happy. She can't do it. It is against nature. Generally speaking, the racking pains of ill-health such as headache, backache and "bearing down pains" are related to derangements or disorders of the organs distinctly feminine. When this condition is removed the general health is restored, and with health comes back the smile of happiness.

Any woman may regain her health at home without offensive questionings or examinations by the use of Dr. Pierce's Favorite Prescription. It cures perfectly all diseases and derangements peculiar to women. Sick women may consult Dr. Pierce by letter free of charge. Such letters are treated as sacredly confidential.

"I was a great sufferer for four years from displacement and ulcerations," writes Mrs. Mary Pickering, of Ollie, Keokuk Co., Iowa. "At the time I began using Dr. Pierce's Favorite Prescription I was not able to sit up in bed. I took eight bottles and got to be a stout woman. Any doubting this can write to me, enclosing a stamp, and I will answer."

No alcohol in any form is contained in "Favorite Prescription." Substitution is selfish. It cares more for its profit than for your cure. Therefore, *insist* on getting "Favorite Prescription."

Dr. Pierce's great work the "Common Sense Medical Adviser" is a book no woman can afford to be without. Send 31 one-cent stamps, cost of customs and mailing paper edition, or 50 cents for the cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

A TRUE STATEMENT

By Foreman White, of the Hamilton Screw Works.

Hamilton, March 6.—If a vote of the people were to be taken to ascertain which is the most popular medicine on the market, Dodd's Kidney Pills would lead by a large majority.

One of the latest cures by that grand remedy is that of Foreman T. H. White, of the Screw Works here, who testifies that he was cured by Dodd's Kidney Pills of Kidney Disease of eight years' standing, after other medicines had failed.

Mr. White says: "One box of Dodd's Kidney Pills relieved me, four boxes cured me. Publish this statement if you wish. It is true in every particular."

Try It.

It would be a gross injustice to confound that standard healing agent—Dr. Thomas' Eclectric Oil with the ordinary ungucents, lotions and salves. They are oftentimes inflammatory and instringent. This Oil is, on the contrary, eminently cooling and soothing when applied externally to relieve pain, and powerfully remedial when swallowed.

Wood's Phosphodine,

The Great English Remedy.

A CITY HEWN IN SALT.

WONDROUS SIGHTS IN THE FAMOUS WIELICZKA MINES.

A Magnificent Ballroom, Chapels and Shrine and a Giant Chamber With a Natural Chandelier—Lakes of Deathlike Silence.

It would take at least three weeks to visit every portion of the marvelous salt city of Wielicska, the center of the salt industry of Polish Austria. Men have worked in its hollows for centuries, leaving it as a legacy to posterity. Horses have been brought to life and died there without seeing the light of day. It is silent and dark, except when the voices of people echo through its countless tortuous halls and the candle of the guide or flash of the roman light discovers its massive and glittering wonders. It is a city hewn in salt.

The mines are under the direct control of the Austro-Hungarian minister of finance. Here the wonders spoken about may be seen as they have been seen by people for nearly 1,000 years. During that time the skilled hand of the laborer in the Wielicska salt mines has been at work turning the depths of darkness into a realm of beauty. It has created ballrooms, chapels, altars, statues, restaurants, railways, chandeliers, staircases, pillars and thrones in the bowels of the earth, and the grandeur of these has excited the admiration of the world. The mines date back to 1044 and now have a length of over 9¾ miles.

Almost blinded by darkness and frightened by the eerie echo of his own footsteps, the visitor first enters some colossal chamber hollowed out by the laborer in the ordinary course of mining after a plan laid down by some master mind. He almost loses himself in the expanse of the Lestow ballroom, which, with its mural decoration, illuminated galleries, stalwart pillars and shining chandeliers, is indeed a fit and welcome chamber for lovers of the dance. In its history, which dates back to 1750, when it was dedicated to Lestowski, the chief of the mines at that time, it has witnessed many remarkable gatherings. These have taken place on royal visits or for the entertainment of distinguished guests. One end of the room is adorned with a colossal Austrian eagle and with transparencies painted on slabs of salt. In an alcove at the other end of the room stands a throne of green, the crystals of which flash a green and ruby red. It is on this that the emperor sits when he comes to the mines.

From the scene of gayety and splendor it is but a step to the home of quietude and prayer. Here, off one of the main passages, is the noted St. Anthony's chapel, the resort of thousands of the devout since it was hewn in 1698. The vestibule to this chapel contains a symmetrical archway, with figures at the sides. The interior is beautified by an altar showing the crucifixion, and on the steps of the altar are the forms of two kneeling monks. On the sides of the chapel may be seen smaller altars and statues of saints. Many times each year the priests of the district perform their pious duties in this simple chapel.

It is not at all strange that the religious feeling of olden times should be reflected in the chambers and passages through which we are now in imagination passing. Hard by St. Anthony's chapel the torch of the guide illuminates a magnificent shrine and archway hewn in one of the passages. Again, as we move along, we see figures of saints in attitude of prayer and a few minor rooms which we pass hurriedly through bear the names of martyrs. The queen's chapel, with its magnificent altar, carved with expert skill in solid salt, contains on one of its sides a view of Bethlehem. As we turn from it the beautiful chandelier in the chapel catches our eye and makes us marvel that such a delicate conception with so many pendant chains of white should have so long resisted the wear and tear of time. When illuminated, as it often is, the chandelier, with its myriad lights, is indeed beautiful to see.

The descent from the first to the second story is made on a long series of steps of solid salt. At the foot of this remarkable staircase the sightseer is fascinated by a beautiful sight. The giant chamber "Michalowice" lies before him—vast, fearsome and stupendous—finished in 1761, after 40 years of daily labor. It measures 59 feet long, 99 feet broad and 118 feet high, the roof being supported by a wooden framework to avoid disaster. In the interior a salt chandelier of 800 lights gleams brilliantly on the rugged sides of this imposing room. When musicians play here, the volume of sound rolls and reverberates with deafening effect against the solid confines of the chamber, and, rushing upward, bursts with mighty power against the faroff dome.

The third floor of this marvelous mine contains the railway station and restaurant, attracting the visitor by its long vista of latticed galleries and ponderous pillars and its promise of refreshment after a long and weary tramp on unyielding floors; for here at this railway station, where the 95 miles of railways from all parts of the mine join, a tempting buffet exists the summer through, and is well patronized by the thousands who come from Austria, Russia and Germany to view the wondrous works of salt.

The mine is indeed full of many marvels, but the most marvelous of all—at least the one which makes the most impression on the visitor—is the subterranean lake, lying 700 feet below the surface of the earth. The waters on the lake are dark, thick and heavy, and as the boat glides over its face the spreading waters roll up against the sides of the grotto with a ghostlike swish. A ponderous solitude overweighs all. The Styx alone of all the deathlike streams in legend could rival this in stillness. The boat is guided through the Stephanie and Rudolf grottoes by ropes running on pulleys along the sides of the boat. There are 16 of these lakes in different parts of the mine, but this is the only one upon which visitors are allowed to go. The trip across and back takes 15 or 20 minutes, as the boat moves slowly through the sluggish brine. A gun shot off in the middle of the lake makes a long and lingering echo and the voice of the boatman, as he calls out that all is ready, seems like the voice of a giant from the depths of chaos.

The lower stories of the mine are occupied by over a thousand miners, who, working eight hours a day each, manage in the course of a year to produce 65,000 tons of salt. They toil patiently, cutting their way through the solid salt, leaving beautiful passages heavily covered with a crust sparkling white.—Strand Magazine.

No Exceptions.

He—What a perfect fool I've been!

She—My dear, don't be so conceited; no one is perfect.

Hood's Sarsaparilla never disappoints. It may be taken for impure and impoverished blood with perfect confidence that it will cure.

Women's Worst Enemy

Some hesitate before giving an answer, but those who know best will immediately say HEADACHE.

Thousands of women live in misery day after day, and week after week, suffering untold agony from these dreadful headaches. Husbands are disheartened, children neglected, and happy homes ruined. Most women strive to bear in patience the suffering which they consider part of life without looking into the cause or searching for relief. Food cannot digest without the bile which the liver supplies and hence the necessity of keeping the liver in good working order. To cure the headaches you must cure the liver and thus remove the cause of disease.

Dr. Chase spent years of his life in perfecting a medicine which acts directly on the kidneys and liver. Thousands of grateful women have testified during the past ten years to the effectiveness of this remedy for sick headaches. Many a home has been restored to happiness as a result.

Dr. Chase's Kidney-Liver Pills, the greatest discovery of this great scientist, are put up to sell at 25 cents a box. All dealers.

If you want good reliable Knives or Scissors buy WALTER'S POPULAR TRUE BRAND CUTLERY.

Every blade warranted best steel. Leading dealers sell them.

The Horse Show.

Toronto, March 29.—This is the last day on which entries can be received for the fifth annual Canadian Horse Show, and it promises to be a busy one for the secretaries. This is in reality the only horse show in Canada, and the prominence it has attained both in the horse and social worlds has impressed its importance on horsemen. This year promises even greater results than were at first expected. That the Governor-General and General Hutton will both be in attendance is evidence of its popularity in high quarters.

New York Canadian Society.

New York, March 29.—The third annual meeting of the Canadian Society of New York was held last evening at the Fifth Avenue Hotel. Officers were elected, the president being Rev. Dr. Edward H. Kraus, and the secretary Henry C. Hunter.

Canadian Truant Deported.

Buffalo, March 29.—Immigration Inspector De Barry yesterday morning took back to Canada James Hutchinson, a lad 15 years old, who was arrested in the 13th precinct for truancy. The lad's home is in Stratford, Ont.

Immigrants Are Coming.

Montreal, March 29.—Captain Yates of the Canadian Steamship Line states that the next two steamers to Paspebiac will bring 1,500 immigrants, and he asks the Minister of Public Works to build a wharf and shed accommodation.

Whites Shot by Blacks.

Birmingham, Ala., March 29.—The trouble at Dolomite, where negroes resented the arrest of one of their number night before last, besides shooting one of their number because he declined to resist arrest, was resumed early yesterday. MacChambers and another white man were shot at long range and wounded. Sheriff O'Brien has made 85 arrests. The ringleaders are discharged members of the 3rd Alabama Colored Regiment, who have advised the negro miners not to submit to arrest. Work has been resumed at the mines with a strong force of deputies on guard.

A Young Fire Fiend.

New York, March 29.—Irving Taylor, the 15-year-old boy who was arrested in Brooklyn, accused of arson, was arraigned yesterday and pleaded guilty to charges of arson in the first and second degrees. He was held without bail. Taylor confessed that he had started a dozen fires.

Dickson Is Not Paralyzed.

Wroxeter, Ont., March 29.—The report published in Toronto that J. V. Dickson, High Court reporter, had been seized with paralysis, is not correct. Mr. Dickson has had nothing more serious than an attack of la grippe.

The British Deficit.

London, March 29.—It is announced the deficit in the British budget, which has occasioned so much controversy and comment, will on the final showing, prove to be less than £1,000,000, instead of £5,000,000, as was stated. This means that an increase in taxes will not be required.

An Impious Frenchman.

Paris, March 29.—In the Chamber of Deputies yesterday, M. Breton protested against the employment of the phrase "God Protect France," on French coins. He thought that France was fully able to protect herself. The matter was put to a vote, and it was decided to retain the motto by a vote of 315 to 166.

Dreyfus Revision Case.

Paris, March 29.—It is now expected that the Court of Cassation, in united session, will give a public hearing of the Dreyfus revision case, and render a decision between April 15 and 20. The Government is determined not to allow any further interruptions of the judicial course.

Bibles for the Filipinos.

London, March 29.—The British and Foreign Bible Society are at present busy getting out Bibles in the Filipino dialect. The translation is being done in Madrid, and the printing here. The Bible Society expects to send a ship load of Bibles to the Philippines shortly.

The Irish Unity Conference.

London, March 29.—Messrs. Dillon and O'Connor, together with other Irish members of Parliament, held a meeting yesterday to discuss plans for the coming conference on Irish unity.

McGill Mining Course.

Montreal, March 29.—The summer school in connection with the mining course of McGill, is now an accomplished fact, it being endowed by Sir William Macdonald. Last year Prof. Porter took his class to Cape Breton, and this season they will go to the coal fields and steel manufactures of Pennsylvania.

Pedlar Metal Roofing Co.

OSHAWA, CANADA.

A SINGING WELL.

One of Nature's Puzzles That Is Located in Texas.

About three miles west of Cedar Bayou, Harris county, Tex., is a remarkable well. When it was dug, no one can tell, but it has been in existence for more than 60 years. The well is known as the "singing well."

In calm, fine weather a sound like that of an Æolian harp comes upward between the tangles of vines below. At times the sound seems nearer and clearer. Then again it recedes, as if far away, and reaches the ear very faintly. These changes take place every few minutes, and with great regularity.

With an east wind blowing the water in the well gets very low and the mysterious musical sound very faint. A strong west wind causes the water to rise and the sound to increase in volume and clearness.

But it is just before a great norther that the old well plays its wildest pranks. Then for several hours the water rises to within a few feet of the top of the well and emits the weirdest, wildest noises that ever reached human ears. At such times even the water drawn out with buckets moans and wails as if in anguish.

The well is about 60 feet deep. A few years ago the land on which it is located was bought by a Mr. Watkins, who, not liking the sounds that came from the well, employed two men to fill it up. They shoveled dirt into the well two weeks, but it did not affect the depth of water perceptibly, and they threw up the contract. From the measurements of the excavations they had made it has been calculated that the well should have been filled up a little more than twice.

The water is very clear, with a bluish tint, and is fairly palatable. No other wells in the neighborhood show such pranks as are played by the "singing well."—Fort Worth (Tex.) Cor. Chicago Inter Ocean.

A Good Report.

"My mother was troubled with rheumatism in her knees for a number of years, and it broke out into a running sore. She has taken three bottles of Hood's Sarsaparilla, and now she is almost entirely well. She cannot speak too highly of this great medicine." Mrs. John Farr, Cloverlawns, Ancaster, Ontario.

Hood's Pills cure nausea, sick headach, biliousness, indigestion, constipation.

Blessing the Animals In Mexico.

One of the most picturesque customs in Mexico is that of blessing animals, called the blessings of San Antonio. The poorer class take their domestic animals of all kinds, dogs, cats, parrots, sheep, horses, burros, etc., to be sprinkled with holy water and to receive through the priest St. Anthony's blessing. It is the custom of the common class to clean and bedeck their animals specially for this blessing. Dogs are gayly decorated with ribbons tied around their necks. Sheep are washed thoroughly until their fleece is white as snow and then taken to the fair to be blessed. The beaks of the parrots are gilded. Horses and burros are adorned with garlands.

Cook's Cotton Root Compound

Nos. 1 and 2 sold and recommended by all responsible Druggists in Canada.

No. and No. Sold in Peterborough by John Nugent Druggist.

THE JACK POT TEST.

HOW A MEAN GAMBLER SPRUNG IT ON SISTER ABIGAIL.

He Wanted Another Proof of a Theory Concerning a Womanly Weakness and Got It at the Expense of Uncle Uriah's Opponents at Poker.

Bent, but tall, with sparse whiskers seldom trimmed, nearly 70 years old, Uncle Uriah used to sit in the poker game in Omaha, his long, thin fingers tremblingly placing his chips and his old eyes glittering as he timorously skinned his hand. Pathetically like Little Nell's grandfather he looked sometimes, but he was at no desperate shift to obtain a stake, for he was the possessor of a competence, and he brought into the game the saving grace of the parsimony to which he had been habituated in his earlier days in a New Hampshire home. He never bought more than $5 worth of chips at a time. These he would for the most part ante away waiting for aces or better, and when he finally did get a good hand a bare call represented the climax of his enterprise.

In those days there was always a game on Sunday afternoons, and Uncle Uriah, although a devout Methodist, could be counted upon to arrive directly after service and to sit in until the time for afternoon Sunday school. The boys used to joke him at first and ask him if he had sneaked his stake out of the contribution box, but to this question and to all others of similar levity he opposed a scared seriousness which showed that his passion for the game was more a weakness than a vice.

Uncle Uriah lived with his two sisters—Abigail, aged 62, and Ann, aged 55. In New Hampshire they had been called "the girls," but in Omaha the irreverent, with rude directness, referred to them as "Uncle Uriah's old maids."

It did not take the boys in the game long to discover that Uncle Uriah was in much fear of Abigail in general and in mortal dread that she would discover his besetting weakness. He would always shy at a new player, and he frequently held forth to the boys on the impropriety of talking on the outside about the features of the game.

"I sh'd hate to hev the parson knew," he used to say. "I wouldn't keer so much 'bout Ann, 'cause she's easy skeered, but I wouldn't hev Sister Abigail know fer the biggest jack pot t'was ever played on this here table!"

There was never any solution to the mystery of how Sister Abigail discovered the obliquity in Uncle Uriah's life. Some officious neighbor may have told her, or in an excess of caution Uncle Uriah himself may have aroused her definite suspicions. At any rate, on a particular Sunday afternoon he arrived at the room at the regular time, but without the key with which he, in common with other participants in the game, had been provided. The negro attendant admitted him, and he was soon engrossed in the play.

There was a good jack pot on the table. Uncle Uriah was in and was dealing. It was his last say, and the two men ahead of him had bet $10 each. He had drawn one card, and the play was up to him. He had not, however, looked at his draw when the key turned in the snap lock of the front door, and Sister Abigail, pale with a righteous and terrible rage, strode into the room and up to the table.

"Gamblin!" she cried. "And on the Lord's day, with the church bells ringin outside and decent people flockin to his worship. I expected to find you here, you hypocrite!" she went on, turning to Uncle Uriah. "You better get on your duds right now and come home."

"I was comin in a jiffy," the old man said, weak with fear. "I guess I might as well go 'long with you as with anybody else." He rose and steadied himself by holding the chair.

Seth Coe was the coolest hand in the game. Even Sister Abigail had not disconcerted him. He reached over and turned up Uncle Uriah's hand. It was a flush.

"You better straighten this pot out before you go, uncle," said Coe. "You call, of course. I suppose a flush is good?" Coe asked, turning to the other players. They nodded assent. Coe stacked up the chips. "Forty-three dollars here," he said, pushing them toward Uriah.

The old man started instinctively toward the pot and then remembered Sister Abigail. He stopped and waited tremblingly for her decision.

It seemed to the players, who turned from the weak and timid old man to the dominant woman, that at this crucial test something of her moral rigidity relaxed. She did not sweep the chips to the floor. She said nothing about ill gotten gains. With a visible effort she overcame a slight nervous constriction of the throat. She grasped her skirts firmly and swept toward the door.

"Uriah," she said, with great dignity, "I will wait for you in the hall at the foot of the stairs."

After Uncle Uriah had obtained his $43 and departed Seth Coe said in his leisurely way:

"The old man didn't have a flush. I slipped in a card to fill it out for him. I reckoned you fellows wouldn't mind payin once more for positive proof that, no matter what kind of a woman she is, she's always in with your play when you win the pot."—New York Sun.

His Life Was Saved

M. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken by Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and $1.00, at Jas. Lynch's Drug Store, every bottle guaranteed.

PRICE WITH BLOWER 25 CENTS

THE TATTLER.

The first woman to board the Infanta Maria Teresa after she was floated was Miss Brooks, daughter of Consul Theodore Brooks of Guantanamo.

Miss Helen Hay, the elder daughter of the new secretary of state, is about to publish a volume of poems in London under the modest title of "Some Verses."

Mrs. Humphry Ward has certainly broken the record as regards the prices received by British novelists, as she is said to have made more than $90,000 by her last book.

Lady Blennerhassett, wife of Sir Rowland Blennerhassett, Bart., has received the honorary degree of doctor of philosophy from the University of Munich for her work in literature.

Miss Emma J. Chandler, whose work as a nurse at the camps won her a national reputation, has returned to her Chicago home, but will soon apply for appointment to one of the Cuban hospitals.

Mrs. Frederick E. Parsons, at one time a leader in New York society, but now reduced in circumstances, advertises her readiness to execute commissions on an extended scale. She is in a fair way to make a fortune.

The funeral of Mrs. S. C. Harris in Atlanta the other day was made a public affair, owing to the fact that the dead woman had earned the title of "Mother of Atlanta," in 1842, by bearing the first child born in that city.

The divorce of Mme. Sofia Scalchi, the well known opera singer, from her husband, Count Lolli, will surprise everybody in this country who knew the couple as being most devoted to each other and supposed their married life was entirely harmonious.

Princess Angelina, nearly 100 years old and the youngest daughter of old Chief Seattle, for whom the Washington town is named, is said to be a great favorite among little children, who listen with eager ears to her wonderful stories of the past grandeur of her race.

Lady Louisa Tighe, who has just completed her ninety-fifth year, is one of the remarkable women of Queen Victoria's long reign. She is a daughter of the Duke of Richmond, who gave the ball at Brussels before the battle of Waterloo. A girl of 12, she was present as a looker on.

Sarah B. Emory of Irvington, New York, has offered a prize of $100 for the best story that will show the "wickedness of killing and eating our animals." The stories should be sent in not later than Dec. 1, the best to appear in the Christmas number, presumably, of The Herald.

Mrs. Bankhead, wife of Congressman Bankhead of Alabama, one of the leaders of the southern colony in Washington, has a son in a regiment now in Santiago and is going to pay a visit to him at Christmas time, taking with her a number of southern belles who have sweethearts in General Wood's command.

A LONDON CASE.

Proving the value of Dodd's Kidney Pills in Kidney Disease.

London March 20—Mr. Charles Dean, stableman at the City Hotel, comes forward to add his quota to the mass of evidence in favor of Dodd's Kidney Pills.

Mr. Dean states that he had for three years suffered from severe cutting pains in the small of his back. At times they were so great that he had to lie down to get relief.

Several remedies were used without benefit. A doctor prescribed for him, saying his kidneys were affected, but no good resulted.

Finally he took a friend's advice and used Dodd's Kidney Pills. The usual result followed. Three boxes cured him out and out.

Her Awful Sin.

Mr. Allemache tells in The Spectator the following story of a little girl, which he had, he says, at only one remove, from her own father: The child once went in great distress to her mother, saying that she had committed a sin which could never be forgiven and which was too bad to be repeated. By dint of a little coaxing she was induced to make a full confession, which was in this wise:

"I felt so sorry for poor Satan and wanted to give him a little comfort. So I got a glass of cold water and poured it down a little hole in the kitchen floor."

AN EYE TO THE FUTURE.

The Widower Made Plans For His Fourth Honeymoon.

Included in the wide membership of the Pacific Union club is a middle aged man whom everybody knows simply as the Widower. He has been so fortunate as to outlive three consorts without getting tired of any of them. His many bereavements have given him a sort of professional standing in the world of sorrow, and he is rather proud of his reputation for constant mourning.

The Widower, whose grief is interesting to ladies, is never ostentatious in his sighings. On the contrary, he cultivates an air of patient resignation, beautiful to behold. A peculiarity about his case is his habit of associating the memory of each dear, departed spouse with some spot or resort about the city or the suburban towns.

He was recently showing San Francisco and its environs to a friend from New York. Over in Berkeley, he remarked, sighingly:

"Here I once walked on flowers, for my Elizabeth was with me then."

Out in the park he was careful to indicate the exact spot where poor Katharine had sketched the landscape with her right hand, while her left was clasped in his. At Sutro Heights he dropped a single tear, developed with great difficulty, as he gazed on the beach, where, not so very long ago, he sat with his arm around his sainted Caroline.

"If I ever marry again," he remarked musingly, "I think I shall bring her here."

Dickens' Terms.

Among the anecdotes of the famous literary folk never heretofore published in that of Charles Dickens' reply to Thackeray. The latter wished to illustrate Dickens' novels and made the proposition.

"Well," said Dickens, "I don't object. I'll let you illustrate my books if you will let me write yours."

Fortunately, Thackeray did not accept.

WEAK MEN

FREE

TREATMENT

There's "neither rhyme nor reason" in "trusting to Nature" to restore your weakened energy,—especially if you have violated her laws. The quicker plan is to write to us for particulars and priceless information, FREE.

We are a responsible company, employing numerous able specialists; our treatment is sure and scientific; no quackery, no experimenting; no appeal to your fears or fancy. Spring Weakness

Try as you may, you cannot escape the weary, worn out, don't care-to-work feeling that accompanies spring weather. Trouble is, the system is so loaded with impurities that every organ of the body is impaired.

Brain is not as clear as it ought to be; there is languor and listlessness instead of energy and activity.

Burdock Blood Bitters is what people need this weather.

It sets the liver, bowels and kidneys acting, whereby all poisons are eliminated from the system; cleans the tongue, improves the appetite, purifies and enriches the blood.

Miss Mary J. Irwin, Holland, Man., writes:

"I have used Burdock Blood Bitters as a spring medicine for three years now and don't think there is its equal anywhere. When I feel drowsy and tired, and have no desire to eat, I get a bottle of B.B.B.

"I think it purifies the blood and builds up the constitution better than any other remedy."

NORTH AMERICAN LIFE

Assurance Co.

J. L. Blaikie, President.

Wm. McCabe, F.I.A. Manag'g. Direc't

This financial institution is acknowledged by all to be one of the soundest on the continent. Its record in 1898 was quite in accord with its unexcelled success in previous years:

Policies issued amounted to over	$ 4,000,000
Insurance in force to over	20,000,000
Cash Premium Income	650,000
Cash Interest Income	182,488
Total Assets over	5,127,000
The Net Surplus	474,000

Last year the interest earnings alone exceeded in amount the Death Claims—a remarkable fact.

We have a complete Shoe Store and a complete Hat Store, and being all under one roof, can knock regular dealers' prices silly.

GOUGH BROS.

377-379 George Street, Peterborough.

THE STATE OF OUR STREETS.

To the Editor of The Examiner:

DEAR SIR,—I was pleased to learn from your yesterday's issue that there is someone in the town besides myself who regards the canal-like condition of our footpaths an intolerable nuisance and your correspondent, "Citizen," is not only within his right, in his own interest, in complaining of the nuisance, but confers an obligation on his "neighbour" by so doing.

The passive indifference to their own comfort and interest exhibited by the general public would seem to indicate one of three things—that our municipal affairs cannot be otherwise managed; or, that they have no right to grumble if they don't get what they pay for; or, that they possess a strength of Christian fortitude which enables them patiently to submit to imposition, if imposed by public officials, whom they seem determined to regard as masters instead of servants.

With regard to the first proposition—the reputation of town councils has long been proverbial and I wish our council would prove themselves an exception to the rule. As to the second—it is a John Bull maxim that the man who pays has a right to grumble, whether he is satisfied or not, and as to the third—guss words as to the condition of our sidewalks, all too frequent and too emphatic to allow me to believe that Christian fortitude has anything to do with it.

The cause of this passiveness is to be found in the truism, "what's everybody's business is nobody's business." Everyone leaves it to everyone else, and nobody does it. They should be guided by another truism—"If you want reform, agitate." Growl, kick and dare them to kick back, threaten to discharge everybody, and you will be sure to frighten somebody and get what you want. A good example of the wisdom of this plan was afforded in the result of the agitation in your columns lately about the snow-plowing. It was amusing to witness the activity which was generated amongst the plowmen by that agitation. Early and late, rain or sunshine, it was all right. They acted as if they felt they couldn't do to much for us—and they couldn't

The nuisance complained of by "citizen," however, is one which, I am sure, no one will lay to the charge of either the council or the snow-plow. The plow was adopted as the means of clearing our paths, in the belief that it would accomplish the purpose, and there is no doubt that promptly and properly used, is would prove a great boon at certain times, especially to the working classes who have to turn out early in the morning, and numbering, as they do, at least two thousand, with a large proportion of them women, they have a right to be considered. But assuming the plow to be satisfactory in its operation, as far as clearing the path is concerned, the inevitable result is a trench, which in spring becomes a canal that is absolutely impassable at times, except on stilts, and it is time the council determined that the plow does not fully meet the requirements of the people and adopt another method, or, supplement the plow with a by-law requiring residents to continue the work so that our paths may be cleared in such a manner that they may be traversed comfortably when a thaw comes.

I fully endorse "Citizen's" suggestion that any plowing done in future shall be paid for at a proper rate of wages, instead of by contract. No contractor is simple enough to base his estimate on the vagaries of a chipmonk, interpreting the laying in of a small stock of beechnuts as an indication of an open winter, instead of a mere fit of economy. His assumption will always be that the snowfall will entail enormous work to clear it and tender accordingly—whether he intends to fulfill his contract or not—if he gets it. Any advantage to be had from an open winter should be the town's benefit. Pay nothing to no man for doing nothing. The proper time to judge our present method of clearing the snow from our paths is now, when the inconvenience which must result from this method is so miserably manifest. There is not a second-hand village in Canada that would not be ashamed to have their foot-paths in a condition that has been normal for some years past in Peterborough.

WARD NO. FOUR.

SNOWPLOUGHING.

To the Editor of The Examiner:

Dear Sir,—I agree with "Citizen" in his complaint against the present style of cleaning our sidewalks. I was brought up in a smaller, though cleaner, town than Peterborough. There every man had to clear off the sidewalk in front of his own property, or go before the police magistrate the next day. The habit taught me in my native town has never left me, and during the dozen years I have lived here I have always cleaned the walk in front of my own mansion. The question resolves itself into two options—whether it is better for each householder to spend a few minutes after each snow storm, cleaning the walk, thereby ensuring smooth sidewalks all winter and clean dry boards in the spring—or, to use the snowploughs as at present, resulting in rough, uneven and dangerous "hogs' backs" of snow all winter, and nearly a month of wet slush or slippery walks in the spring.

The majority of people will refuse to clear off their walks when they have to pay the town for doing the work—one can't blame them, but the system should be changed. The last three weeks of changeable weather should convince anyone that the present way of doing things is a failure. On account of the natural gullies made by the banks of snow on each side of our board walks, they are full of water and slush on mild days and dangerously slippery when it freezes. Through long practices our citizens are used to acrobatic feats of balancing with one foot in space, while the other is sliding down the side of a hummock of ice, but unfortunate visitors do not come off so easily—the two accidents on Tuesday prove this; in one case a lady has gone home to Cobourg with a sprained arm, and in the other, a gentleman is now lying dangerously ill at the Oriental with concussion of the brain.

I hope that our new engineer will devise some scheme to get over this crude and clumsy way of clearing our walks of snow.

Yours, etc.

HOUSE SAT ALL NIGHT

Legislature Winds Up Business at 7 o'Clock a.m. Good Friday.

THE PROROGATION SATURDAY.

The Last Sitting of the House Was Stormy and There Were Many Divisions—Attack on the Railway Subsidies — Niagara Falls Power—Summary of the Proceedings.

Toronto, April 1.—After a stormy and protracted sitting, lasting from 11 o'clock Thursday morning, with intervals for adjournment, until 7 o'clock yesterday morning, the business of the Legislature was brought to a close, and the weary legislators streamed out into the sunlight of a bright spring day to take their trains for home. A large amount of legislation was crowded into the hours that intervened between midnight and 7 o'clock.

A large number of bills were read the third time at the morning session. An amendment to Mr. Crawford's regarding the Rosedale Valley bylaw Hon. Mr. Garrow was overwhelmingly defeated. Mr. Foy's amendment to the Toronto bill providing that the assessment for the new Palace Hotel be fixed for ten years at $300,000 was carried on a division by a vote of 45 to 33. The bill then passed its third reading.

The House went into committee on the fisheries bill, and shortly afterwards reported the bill somewhat amended.

After a spirited debate on the general revenue bill, to the third reading of which Mr. Whitney had moved the six months' hoist, in which Messrs. Whitney, Matheson and Carscallen denounced it as a measure of direct taxation and the Premier held that this bill did not tax the people generally but wealthy corporations, Mr. Whitney's amendment was then voted down by 46 to 36.

A similar incident occurred in the case of the license revenue bill, and after the six months' hoist had been voted down on the same division, the two bills were then read a third time on the same vote.

On the motion for the third reading of Mr. Lumsden's City of Ottawa bill Hon. Mr. Gibson proposed an amendment which, he said, would give the city power to authorize street cars running on Sunday, notwithstanding the interpretation of the Lord's Day Act, but would not remove this authority from annulment by the Legislature in the future, should that be deemed desirable. After a short discussion, the bill was then read a third time.

Wholesale Bribery Charged.

On the motion to again go into committee of supply Mr. Whitney moved in amendment the following resolution: "This House strongly disapproves of the practice indulged in by Ministers of the Crown of encouraging the electors in constituencies to believe that they will receive material favors and advantages from the Government, provided they return supporters of the Government to this House."

Mr. Whitney, in speaking to his motion, said there was a grave danger in the course pursued by some Ministers of the Crown in the general and bye-elections. He also quoted from a speech delivered by Hon. Mr. Ross at Madoc during the North Hastings campaign, and which he said was a most bare-faced, bald attempt to bribe the electors of that constituency.

Hon. Mr. Hardy said the Opposition leader had placed an improper construction upon his (the Premier's) speech. He had quoted something as a statement of fact which had no foundation. It might, however, be applied with perfect truth to the party in power at Ottawa a few years ago, of which Mr. Whitney was an illustrious member (Opposition cries of "Oh, oh")—to every speech made by every Conservative leader upon every platform in this country upon which he spoke.

Hon. Mr. Ross said he had been attacked for asking the people of Madoc to elect a supporter of the Government for North Hastings. Was it likely that he would ask them to return the Opposition candidate? Mr. Whitney had asserted that corrupt practices were suggested, because the speaker appealed to the people of North Hastings to elect a Government supporter, and went on to show what the Government policy was. Mr. Ross then quoted from Conservative speeches, including John Sandfield Macdonald's, to show that in effect their policy was only to give favors to constituencies which supported them.

After Mr. Carscallen had spoken, the amendment was defeated on division, the vote standing 46 to 36. The motion to go into committee of supply was then carried on the same division. The supplementary estimates were then taken up and passed, the combined amounts being $3,646,190.66.

The Evening Session.

At the evening session the first business was the reading of several bills a third time.

In committee on the amendments to the Municipal Act there was much discussion relating to the clause compelling municipalities desiring to do their own electric lighting to purchase the plant of any lighting company doing business in the municipality, but the clause finally passed. The clause affecting trading stamp concerns was struck out of the municipal bill.

On motion of Mr. Gibson the law was amended so as to permit a refund to the Engledue Company of the $20,000 it had put up as a guarantee of good faith.

Niagara Falls Power.

The Niagara power matter was reached at 3 a.m., when the Premier introduced an amendment to the statute law to give the Government park commissioners power to make any agreement they desired with any companies subject to the approval of the Lieutenant-Governor in Council.

Mr. Whitney moved an amendment that the clause be referred back.

Mr. German said he was pleased to see the resolution the Government had framed, which, he stated, does away with the monopoly as it existed with the Canadian Niagara Power Company, as that company was willing to give it up. Turning to the other company, Mr. German said it had $100,000 in the Union Bank here, ready to be handed to the Government as security that they would spend $3,000,000 in three years.

Mr. Carscallen said there was nothing said about such terms in the bill being discussed.

Mr. German replied that it was a proposition to give the Government, as a Government, the right to enter into an agreement with any company at Niagara Falls to develop power.

Hon. Mr. Hardy said negotiations were under way, and delay might upset them. The Government was in possession of much information, and was in a position to meet contending parties on equal terms. The Government would get the best bargain that could be got, and it could be ratified by the House next session.

On a division Mr. Whitney's amendment was defeated and the clause placed in the bill by 47 to 37.

Aid to Railways.

Hon. Mr. Ross took up the bill for aid for certain railways. He pointed out that the Missanabie road must pay $20,000 a mile before the Government spent a shilling. The possibilities of reaching Hudson Bay and the good result that would ensue to the province was commented on.

Moved as Amendment.

Mr. Whitney was not prepared to assent to all the grants proposed. In the first place the Government had just finished imposing a direct taxation on the country, and under those circumstances he would hesitate before imposing new burdens on the people.

He failed to get this clause struck out by a vote of 45 to 36:

To the Ontario, Hudson Bay & Western Railway, between Missanabie Station on the Canadian Pacific Railway and tidewater on the mouth of Moose River on James Bay, a distance not exceeding 240 miles, a cash subsidy of $2,000 a mile—$480,000.

And this one by a vote of 49 to 33:

To the James Bay Railway, from a point at or near Sudbury to a point at or near Lake Abitibi, a distance not exceeding 175 miles, a cash subsidy of $2,000 a mile—$350,000.

To the Haliburton, Whitney & Mattawa Railway, between Haliburton and Whitney, a distance not exceeding 30 miles, a cash subsidy of $3,000 a mile—$90,000.

And this by 46 to 35:

To the Ontario & Rainy River Railway, from its junction with the Port Arthur, Duluth & Western Railway to Fort Frances, a distance not exceeding 200 miles, a cash subsidy of $1,000 a mile, and from Fort Frances to the mouth of Rainy River, a distance not exceeding 75 miles, a cash subsidy of $4,000 a mile—$506,000.

To the Central Ontario Railway from Ormsby or Coe Hill to a point at or near Bancroft, a distance not exceeding 21 miles, a cash subsidy of $3,000 a mile—$63,000.

To the Central Counties Railway from Glen Robertson to Vankleek Hill, a distance not exceeding 14 miles, a cash subsidy of $2,000 a mile—$28,000.

To the Ontario, Belmont & Northern Railway, from the northern terminus thereof in the direction of the townships of Belmont and Lake, a distance not exceeding seven miles, at the rate of $3,000 a mile—$22,460.

Resolved, that there shall be set apart for the use of the Sault Ste. Marie & Hudson Bay Railway and the James Bay Railway out of the lands of the Crown through which they may pass 5,000 acres to the mile of each of the said railways for the portions above mentioned, such areas to be selected in blocks of 5,000 acres on each side of the line alternately by taking the necessary number of lots as the townships are surveyed or outlined, or by taking the proportionate grant for each ten miles of railway (or 50,000 acres) in blocks on alternate sides of the line, such blocks to have a frontage on the line of ten miles each, or in such other way as may be agreed upon by the said company and the Lieutenant-Governor in Council.

The bill containing the above resolutions was then passed on division by 45 to 13.

May Kill Deer in Water.

Mr. Gibson's bill to amend the Ontario Game Protection Act, which permits the killing of deer in the water, was passed after some discussion, Mr. Miscampbell, Mr. Carscallen and Col. Matheson rigidly opposing that clause. Messrs. Kidd, Graham and others supported it.

Mr. Whitney's bill to amend the election law in respect to bribery was defeated.

The House adjourned at 7.30 a.m.

Prorogation will take place this afternoon.

DESERTED MALOLOS.

Old Glory Was Raised Over the Philippine Town at Ten O'clock on Good Friday.

Manila, April 1.—The American flag was raised over Malolos at 10 o'clock yesterday morning. The Kansas Regiment and the Montana Regiment, on entering the city, found it deserted, the presidencia burning and the rebels retreating towards the mountains in a state of terror.

The principal citizens of Malolos, their families and goods have been taken into the country over the railroad, while others departed on foot, carrying their possessions and driving their cattle and other animals before them.

Most of the rebel forces were removed yesterday morning to positions east of the railroad, leaving only some small bands in the strong trenches in front of Malolos.

General McArthur started for the rebel capital at 7 o'clock yesterday morning, with two rapid fire guns flanking the track, and two guns of the Utah battery on the right and two guns of the Sixth Artillery on the left of the rapid-fire guns, firing continuously.

Troops Resting at Malolos.

Washington, April 1.—The following despatch was received at the War Department yesterday morning:

Manila, March 31.—Adjutant-General, Washington: Troops resting at Malolos. Considerable portion of the city destroyed by fire. Our casualties, one killed, fifteen wounded. Hall has returned with his troops to former position, north of Manila. Otis.

A Walkerton Boy Killed.

Walkerton, Ont., April 1.—Percy Lockhart, the young Canadian who was killed at Manila, and about whose family the Toronto papers are enquiring, belongs to Walkerton. His father, Robert Lockhart, lives in town, and the boy was born and brought up here. He left home some years ago, and after various wanderings joined the American army at Butte, Montana, where he was employed as a printer.

COUNTY ENDEAVOURERS.

They Will Meet in the Y.M.C.A. Building on Monday Next.

The annual convention of the affiliated societies of Peterborough County Christian Endeavour Union will be held on Easter Monday, April 3rd, 1899. The programme will be as appended:

8.00—Presentation of President-elect.
8.15—Address by Rev Elliott S Rowe, Toronto, President of Provincial C. E. Union.
8.5—Collection. Consecration service conducted by Rev O C Elliott.

PRACTICAL POETRY.

A Peterborough Boy Wins a $10 Prize.

Mr. John C. Douglass, formerly of Peterborough, now of Atlanta, Ga., and publisher and proprietor of "Southern Home," composed for a prize of $10 offered by a local furniture concern, and won first prize with the following poetical "ad.":

"HEALD'S FINE FURNITURE."

Furniture's of man's life a thing apart,
'Tis woman's whole existence;
And 'tis only the latest in style and art
That meets with her insistence.

Such beautiful goods, so finely made,
Draw such fashion to Heald's emporium,
That his store is dubbed by wits of the trade
"society's auditorium."

It is there that beauty and fashion reign—
The fact has become tradition;
For ever this furniture art does in
Draws crowds to its exhibition.

Here tables, lounges, beds and chairs,
Singly or arranged in suite;
Beautiful rugs and fine portieres
Are displayed with a taste complete.

Low prices are dear to the feminine heart;
So this is the note to of Heald,—
"The prices I quote in my furniture mart
Are too low to be appealed."

—*John C. Douglass.*

R. H. HELLS & CO'S. OLD STAND.

"Welcome, Evil, If Thou Comest Alone."

One evil that cannot come alone is impure blood. If this is allowed, it is attended by kindred ailments galore. This condition means that every vein and artery of the body, instead of carrying to the organs a health-giving flow of life, is laden with a slow and impure fluid that is harming instead of healing.

It is unfortunate when there is "bad blood" between people. It is worse when it is inside of you. Hood's Sarsaparilla will not make enemies friends, but it will make "bad blood" good blood, and blood should be of the best quality. Hood's *never disappoints.*

Pimples—"My face was covered with pimples and blackheads but after taking Hood's Sarsaparilla a short time, I was entirely cured, and my skin left smooth and clear. I recommend Hood's Sarsaparilla very highly." MAY RYAN, North Street, Chatham, Ont.

Erysipelas—"I would strongly urge the use of Hood's Sarsaparilla for erysipelas or any scrofulous disease. I have received great benefit from Hood's Sarsaparilla for the former complaint. It is an excellent blood purifier." MRS. H. D. WEST, Church Street, Cornwallis, Nova Scotia.

Tired Feeling—"I had no appetite and experienced a tired feeling. Different medicines did not help me. I tried Hood's Sarsaparilla and in a short time I was enjoying perfect health. Since then we always take Hood's Sarsaparilla when we need a blood purifier or tonic." MRS. S. KINCH, Beatrice, Ont.

Stomach Trouble—"I had pains in my sides and kidneys. Stomach and liver troubles caused my distress. I had doctored without avail and used many medicines unsuccessfully. My sister advised Hood's Sarsaparilla and in a short time it cured me. I am now stronger and sleep better. I shall never be without Hood's Sarsaparilla in the house." MRS. FRANCKE, 209 Ossington Avenue, Toronto, Ont.

Hood's Sarsaparilla
Never Disappoint

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

SATURDAY, APRIL 1, 1899.

THOSE DAWSON "CHARGES."

The so-called "charges" insinuated by Sir Hibbert Tupper in the House of Commons, in respect of official maladministration in the Canadian Yukon, derive their chief importance from the circumstance that they are the echo of the vague and indefinite charges printed by the more unscrupulous of the partisan Conservative press from time to time. But in addition to their indefinite character, they lose force from the fact that all the "charges" covered by the personal or official knowledge of the Minister of the Interior were flatly denied as foundationless by that gentleman. The refusal of Sir Hibbert to furnish the names of those alleged to have furnished the information, deprives the charges of the title to consideration which would attach to a properly formulated charges, with sufficiently explicit information behind them to give at least a slight semblance of good faith. A circumstance that further discredits these alleged charges, which refer largely to the officials of the Gold Commissioner's office at Dawson, is the fact that a despatch in Thursday's Globe supplies the information that the charges against Mr. Fawcett, heard before Mr. Ogilvie, had been withdrawn, as no evidence of malfeasance had been furnished. Therefore, Sir Hibbert Tupper's "charges" are unworthy of the serious attention due to explicit accusations, or at least, judgment should be suspended till an investigation, if from the loose nature of the "charges," one is found necessary, shall have been made. But the Government has nothing to conceal, and if the matter is placed in a proper shape, action will doubtless follow.

EDITORIAL NOTES.

SIR CHARLES TUPPER'S sun will never set—so long as his son shines—six hours at a stretch.

SIR HIBBERT'S phantasmal Klondyke "charges" didn't amount to much after they underwent a Sifton.

THE Toronto World is a great stickler for economy, especially when its political opponents are in power. It even spells it thus, "program," thereby saving wear and tear on an m and e e.

THE Conservative Opposition seems to be in a bad way. The fight is out of them. The Liberals attack them on their native heath, the cold shades of opposition—the curling ice—and win.

IT is made a charge against the Liberal Government that the per capita customs tax has increased. This is not so much to be deplored in face of the fact that with a reduced tariff increased prosperity and increased confidence have resulted in increased commercial activity represented by increased customs collections.

IN Stockholm the telephone system is managed by the Government, and the charge for a telephone is $5 per year. In the leading hotels there is a telephone in every room, and the great majority of the houses have telephone connections. This, the Globe thinks, is a convincing argument in favour of public control of what is naturally public business.

THE Conservatives are living in a land of dreams. While Sir Hibbert Tupper was struggling with a magnificent six hours' nightmare all about unsubstantial Yukon scandals, Mr. Whitney, the leader of the Opposition in the Ontario Legislature, was asking the House to vote a motion of condemnation of Ministers for bribery that had no foundation in fact. Mr. Whitney closed the sessional fight with a blank cartridge, and even that failed to explode.

THE Kingston News vigourously combats the idea that the prosperity existing in Canada was created by the Laurier Government. Nobody has made any such claim. But it is to be claimed that the Government has contributed to the conditions that increase prosperity. Manufacturers have been assisted by cheaper raw material. But the Government deserves some credit for prosperity if only on the score of the failure of Conservative prophecies that the advent of the Liberals to power meant the ruin of our manufacturing industries.

The Perth Courier says: "Conservative papers have said, and say yet, very much about the alleged enormity of the Crow's Nest Pass Railway 'deal.' They also declare that one of the uses of the Senate is to stop such transactions from going through Parliament. Yet with all this duty on their shoulders the Senate passed the Crow's Nest Railway act through by unanimous vote in fifteen minutes. Great fellows, these, to watch questionable legislation, or else all the talk by the Conservatives of the iniquities of the Crow's Nest Pass Railway is all humbug." It is all humbug. The Tupper Government proposed to give to the C.P.R. for the construction of the Crow's Nest road over seven millions of dollars in cash and guaranteed loans, and that without receiving any reductions in rates, any coal lands from the private holders, or any relief from monopoly in return for the subsidy.

IN the action for criminal libel brought by Chief of Police Hughes against the proprietor of the Montreal Herald, the sympathy of the press is, naturally, with the newspaper man. Not on account of mere sentiment, but on broader grounds, is sympathy to be extended. One of the functions of a newspaper is to protect the public interests, and one of the means by which this protection is extended is by exposing wrong-doing on the part of public officials. The Herald has been making a grand fight on behalf of the advancement of the interests of the City of Montreal, and though in the case of Chief Hughes its zeal may have to some minds overstepped discretion, yet it is quite impossible to believe that malice was intended. As the case is still sub judice, all that could be said may not be said. But this can safely be said, that in such cases the newspaper that has, it may reasonably be inferred, only striven to do its duty to the public, should receive, if it is necessary, the "benefit of the doubt."

PROGRESS IN ROAD BUILDING.

Advance all Along the Line.

The third annual report of the Provincial Road Commissioner has been presented to the Legislature, and follows the trend of former reports in endeavoring to awaken public interest in road and street improvement. It contains a review of the progress during the year. Ten towns have equipped themselves with complete outfits of road making machinery, including steam rollers, rock crushers, while about 150 townships have purchased road graders and other modern implements. Mr. Campbell's plans and specifications have been adopted in 63 municipalities. In 14 townships statute labour has been abolished, in 136 townships statute labour has been reorganized, while in most some remodelling of methods has taken place. During the year about 3,000 miles of road was graded, and a large portion gravelled or macadamized. Last year about $3 000,000 was spent on roads, streets and bridges.

No Right To Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50 cents, at J. Lynch's drug store.

ASPHODEL.

From Our Own Correspondent.

A very pleasant and enjoyable event took place at the residence of Mr. John Walsh, Asphodel, on Thursday evening, March 23rd, when a number of his friends assembled to present him with an address and a beautiful gold watch. The whole township council, W. T. Buck, our county man, and several other prominent men were present. Squire Brackenridge acted as chairman. Mr. Walsh replied to the address and presentation in very feeling and suitable terms. Nearly every one present spoke and others sang songs. Then a sumptuous repast was partaken of, after which the friends dispersed, delighted with the evening and Mr. and Mrs. Walsh.

The following is the address:—

John Walsh, Esq., Asphodel, Ont.,

DEAR FRIEND WALSH,—No doubt you are somewhat surprised to see us here to-night, but we have come on behalf of your many friends throughout Asphodel to try and show to you how they appreciate the many and varied services you have rendered them, as a public man. Although you have retired from the municipal arena, we have still plenty of evidence of your wonderful energy, forthought and clear-headedness both as member of the Township and County councils. Nearly all your life you have been before the public, and during a great many years you have occupied positions of trust and responsibility. You have climbed to the very top of the municipal ladder, and there enjoyed the Wardens chair, the highest of municipal honors. You have sacrificed your time and ability in looking after the public business of our township, and although you are out of the harness, we feel you are still ready and willing to boom anything in the interests of Old Asphodel. We now, on behalf of your many friends in Asphodel, ask you to accept this Gold Watch as a slight token of their esteem and appreciation, trusting it will tell you the time for a long time, and that the remainder of your life may be bright and prosperous.

Signed on behalf of your many Asphodel friends,

John Brackenridge, P McNaughton, M D
John Doherty, Joseph Harrison,
W. T. Buck. James Andrews,
Asphodel, March 23rd, 1899.

CANADA'S HEALTHY CLIMATE.

(Montreal Witness.)

Readers of the Witness cannot have failed to notice in the record of deaths the large number of persons of advanced age, many of them near, some beyond, the century mark, who have passed away during the last few months. Although these records have not the accuracy of statistics, they point to greatly increased longevity among the people of Canada. In spite of the hurry and worry of this whirling area, it is an undoubted fact that the chances of life for those who have passed the age of 50, have vastly improved in recent years. The principle causes for this improvement are no doubt the higher standard of comfort, sanitation and the general increase of the temperance sentiment throughout the country. Incidentally this remarkable longevity bears testimony to the healthiness of our climate. The centenarians recently recorded have seen practically the whole century. After next year the interesting remark will have to be made with regard to such, that they have looked upon three centuries.

Cheese Boxes for '99

I am again in a position to manufacture CHEESE BOXES on a large scale, having built a large, New Factory, convenient to C. P. R. station; the old machinery having been burned last summer, I have replaced it with New and Up-to-date Machines for making Cheese Boxes and cutting Shingles. This factory has a capacity of 100,000 boxes in one season, placing is in a position second to none in the province.

I have already between two and three hundred cords of Bolts on hand to be cut into headings before the season opens.

All orders for Boxes sent in early will receive prompt attention.

THE ODORLESS
CREMATORY CLOSET.

I have been appointed Sole Agent for the Odorless Crematory Closet manufactured by the Crematory Closet and General Heating Co., of Hamilton.

This Closet has found a place in many of the best homes in the province, and all who have used it cannot speak too highly of its merits. Medical men speak of it from a sanitary point of view, claiming that, if health is any consideration, no home should be without one. Here are some of the

TESTIMONIALS.

Alliston, March 1st, 1899.

I have had one of your "Crematory Closets in use now for several weeks and am glad to be able to say that I have found it entirely satisfactory in every respect. I have not been able to detect the slightest odor from it at any time and would not be without it. I am sure it must prove a great convenience to people in the country and in towns where water is not obtainable.

Yours respectfully,
JAMES CONWAY.

Sheddon, February 28th, 1899.

I have used it for sometime and find it perfectly odorless. It is a long felt want and I believe it will become very popular especially in rural districts, towns and villages where wells are so frequently contaminated by the ordinary closets.

I am, yours, etc.
W. H. MORRISON

Medical Superintendent's Office, Sept. 20th, 1897
Asylum for the Insane, Hamilton.

Gentlemen: I had the opportunity of witnessing yesterday the operation of your Odorless Crematory Closet. It had a large accumulation of fecal matter in the pan when the fire was started, and in side of 20 minutes it was all reduced to ashes. There was no odor before or during the operation of consuming the fecal matter, as the ventilation by the flue seems to carry off all odor as once, before it has a chance to vitiate the surrounding atmosphere.

Yours truly, JAMES RUSSELL, M.D.

Binbrook, Sept. 20th, 1897.

Dear Sirs—Having been present at a private test of your new patent closet yesterday afternoon, I beg to express my satisfaction with it in every way. Neither before, during or after the burning out of the closet did I detect the slightest unpleasant odor. I am satisfied it will be a boon to thousands in rural towns, villages and country homes.

Yours truly,
M. J. MULLOCK, M.D

ADAM HALL.

ROBERTSON'S MIXED PAINTS

Are the best in quality; truest to colour; longest to wear. Floor Paints dry over night, looking as if varnished. House and Floor Paints will cover more surface than any others made in Canada or in the United States. Sample Cards showing different shades of House, Floor and Carriage Paints. —THE—
IMPERIAL LIFE INSURANCE CO.
OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. It **Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. Its **Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. Its **Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. Its **Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance.
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. Its **Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

For further information apply to

W. G. MORROW, Agent,
OFFICE.—437 George Street.

DANGERS FROM DISEASE IN WINTER.

How to Avoid and How to Cure Them.

[illegible] System and Banish the [illegible] by Using Dodd's Dyspepsia Tablets, and You are Fortified Against Colds, Grippe, Pneumonia, etc.

The present season is, by long odds, the most unhealthy one Canada has known for a good many years. Doctors and druggists have been busy day and night prescribing and compounding medicines for their patients.

Strange to say, however, there has been no decrease, but rather a marked increase in the number of sick people.

No person whose blood is thin, watery and weak can successfully withstand the rigours of a winter like this has been.

The blood must be rich and red and nourished, in order that the various [illegible] of the body may be properly fed and strengthened, and enabled to perform their work properly.

Now, in order that the blood may be rich, red and nourishing, the food we eat must be thoroughly digested, just as wheat must be thoroughly ground, to make good flour.

And, in order that the food may be thoroughly digested, the digestive organs must be in perfect condition, just as the mill must be in perfect condition, to grind the wheat thoroughly.

There is one way to insure the perfect and thorough digestion of our food, and as a result, the proper nourishment of the body, and its power to resist disease. That way is to use Dodd's Dyspepsia Tablets.

Dodd's Dyspepsia Tablets digest the food. They do it positively. It is no more possible for Dodd's Dyspepsia Tablets to fail to digest the food in the stomach, than it is for heat to melt snow.

If Dodd's Dyspepsia Tablets be used, digestion will positively be accomplished. The digestive organs will be strengthened, and stimulated, and the danger of contracting disease reduced one hundred per cent.

Put Your Finger on Your Pulse

You feel the blood rushing along.

But what kind of blood? That is the question.

Is it pure blood or impure blood?

If the blood is impure then you are weak and languid; your appetite is poor and your digestion is weak. You cannot sleep well and the morning finds you unprepared for the work of the day. Your cheeks are pale and your complexion is sallow. You are troubled with pimples, boils, or some eruption of the skin. Why not purify your blood?

Ayer's Sarsaparilla

will do it. Take it a few days and then put your finger on your pulse again. You can feel the difference. It is stronger and your circulation better. Send for our book on Impure Blood.

If you are bilious, take Ayer's Pills. They greatly aid the Sarsaparilla, They cure constipation also.

Write to our Doctors.

Write them freely all the particulars in your case. You will receive a prompt reply, without cost.

Address, DR. J. C. AYER, Lowell, Mass.

SIR HIBBERT TUPPER.

Arraigns the Government on its Yukon Administration.

THE OFFICIALS UNDERPAID.

Corruption Among the Officials Alleged in Consequence of the Temptations to Which They Were Exposed—The Liquor Permits — Mr. Sifton Denies Statements — An Angry Discussion.

Ottawa, April 1.—For almost seven hours Sir Hibbert Tupper addressed the House on Thursday, the greater part of the time being devoted to charges of maladministration in the Yukon. It was understood that the House should adjourn at 6 o'clock, but Sir Hibbert had then barely touched upon the Yukon, and a night sitting was called for by the Government. Sir Hibbert's speech is almost without precedent in its length, but he showed fatigue at its close. He charged general maladministration and neglect of the Yukon by the Government, immorality and drunkenness on the part of Major Walsh, the exaction of bribes by nearly all of the officials in the Yukon, favoritism in the issue of liquor permits and in other matters on the part of the Minister of the Interior. Mr. Sifton, in moving the adjournment, flatly denied the charges made against him.

Mr. Speaker announced that he had issued his warrants to the clerk of the Crown in Chancery for elections in Brockville and Winnipeg.

The Auditor-General's Report.

On the opening of the House Sir Charles Tupper asked whether the leader of the Government could give any further information about the Auditor-General's report.

Sir Wilfrid Laurier said he was informed by the Auditor-General that his report was all in the hands of the printer with the exception of the portions relating to Mounted Police and trade and commerce, and he hoped to have it distributed next Wednesday.

Sir C. H. Tupper on the Debate.

Sir Hibbert Tupper opened his speech in the debate on the address in reply to the speech from the throne by first referring to the Premier's manner in debate and in statement, charged Sir Wilfrid with gross ignorance of the history of Nova Scotia, that he had unfairly endeavored to prejudice Sir Charles Tupper by using a garbled report of one of his speeches, and then he passed on to a consideration of the question of unrestricted reciprocity, and the Government's course on the trade question. The relations of Canada with the United States called for more than passing reference, and then the speaker defended the Senate from the attack upon it. The recent negotiations at Washington which, he said, tied the hands of Canada and of Parliament for a year, brought him to the hour of recess.

After recess Sir Hibbert Tupper addressed himself to the administration of the Yukon.

There has been favoritism, he said, in the grants of the lands; there has been favoritism in the contracts let by this Government; there have been notorious blunders in the management of the transportation of Government supplies from any part of Canada up to that territory. There has been an extraordinary exhibition of favoritism towards United States transportation companies in connection with the transportation of supplies by means of United States steamers from United States ports, carrying out Canadian materials and supplies to the Government posts in Canadian territory.

A Scandalous Mail Service.

Continuing, he said that the postal service into the Yukon had been scandalous, and tons of mail matter were piled up at Lake Bennett.

Hon. Mr. Mulock denied there was anything wrong with the mail service, and that mails should be sent out and received regularly.

Sir Hibbert maintained that he knew better, as he had a law partner in Dawson and could not either get letters to him or receive letters from him.

Sir Hibbert challenged any member from British Columbia to say that the service was satisfactory.

Mr. Maxwell answered that he received letters every month.

Sir Hibbert contended that the service in British Columbia was notoriously bad, and that a passenger could go two or three days ahead of a letter from Nelson to Vancouver.

Mr. Mulock offered to have a committee appointed with every facility to inquire into the Yukon mail service.

A Charge Against Wade.

He charged the Government with placing their first Yukon officials in a position of great temptation by giving them most miserable salaries in a country where living was higher than in any other country. He had been told on most reliable evidence that Mr. Wade had blackmailed the saloonkeepers of Dawson on the pretense of taking up subscriptions for the hospital. He would go into a saloon and tell the keeper that he had been assessed so much for the hospital and that if he did not pay it his license would be cancelled and his place closed. He hoped Mr. Wade would come to Ottawa so that he may meet this and other charges. Referring to Mr. Fawcett, he said he thought he had been more sinned against than sinning.

He read a letter, in which instances were given of blackmail being levied, and quoted from other sources, published and unpublished, giving a large number of instances of crooked transactions in the recording of claims, granting of water and other privileges, including the Dominion Creek case, which was investigated before the Minister of the Interior not long ago, in which Major Walsh and Lucille Elliott figured. Sir Hibbert said that an agent of one of the largest financial firms in London told him that he had a letter of recommendation from Lord Strathcona, which he tried to present to Major Walsh, but the commissioner was so drunk that he could not read the letter and profanely ordered the gentleman out of his office.

He read from a letter written by an Englishman of great experience, whom he had known for three years, and who would not intentionally make any false statement, who, among others, made the following charges against the Government in connection with the Yukon's bad regulations and unwise law, ridiculous imposts and burdens, appointment of officials who are notoriously corrupt, a transparent endeavor to enforce upon the people a railway contract.

Called to Order.

Hon. Mr. Sifton—Anybody in listening to that letter can see that it is political in origin. I can recognize the hon. gentleman's own language in the statement.

Sir Hibbert Tupper—That is quite worthy of the Minister of the Interior. He is base enough—

Sir Wilfrid Laurier—Order, order.

Sir Hibbert Tupper—Why did not the right hon. gentleman call his colleague to order?

Hon. Mr. Fielding—He was in order.

Sir Hibbert Tupper—He said he could recognize my language, which I attributed to another.

The Deputy Speaker—I will call the hon. gentleman's attention to the expression "base" which he used.

Hon. Mr. Sifton—I understood the hon. gentleman to say that he took this statement down. Did he not put words into it?

Sir Hibbert Tupper—I did not say anything of the kind in regard to this statement. Not an hon. gentleman with any fairness in his composition would say that I had told the House I had taken down a single syllable of this document.

Sir Hibbert then read a letter from Mr. C. M. Woodworth, a barrister practicing in the Yukon, denouncing Fawcett as an incompetent.

Hon. Mr. Sifton—Will the hon. gentleman tell me who this client was that got the permit?

Sir C. H. Tupper—No, I will not.

Hon. Mr. Sifton—Will he tell me for whom the permit was got?

Sir C. H. Tupper—No, I certainly will not, but I will write to that gentleman, who is a member of the bar, and ask him if I may give his name to the Minister of the Interior and to this House.

Hon. Mr. Fielding—Surely the hon. gentleman will not make a statement without giving the name of the lawyer?

Sir C. H. Tupper—Yes, I will. I have been telling hon. gentlemen here all this evening on these Yukon charges the reason why some of these names must be withheld.

Sir Louis Davies—There is no reason in this case.

Sir C. H. Tupper—If Mr. Woodworth, instead of attacking the Administration, was in their confidence, was a heeler and a friend, he could do as a heeler and a friend of theirs was able to do in the City of Victoria, a member of the bar, that is, able to charge and collect a fee of $500 because he was able by telegram and by letter to obtain from the Minister of the Interior a permit for his client to send liquor into the Yukon. That is my statement.

Mr. Sifton Denies It.

Hon. Mr. Sifton—I may be allowed to state for the information of the hon. gentleman that the statement he has made is absolutely untrue.

Sir C. H. Tupper—I am not surprised at the Minister of the Interior making such a statement, because it is absolutely impossible at this time for him to know whether it is true or not. Let any hon. gentleman look in the Hansard and see the position that the Minister of the Interior occupies now when he tells us that that statement is untrue. It shows the degradation to which he has sunk.

Hon. Mr. Sifton—The hon. gentleman says that those lawyers got a permit by telegraph. I say that statement is not true.

Sir C. H. Tupper—I did not say anything of the kind.

Sir Wilfrid Laurier—Yes.

Sir C. H. Tupper—The right hon. gentlemen may say "Yes," and they may shake their heads, but what I said is down now in Hansard, and what I said is right by the book. It is this, that there is not a Liberal, not one of their followers, their supporters, their claquers, at the present time in British Columbia who would not believe that this gentleman was able to obtain a fee of $500 for the simple service of telegraphing a request to the Minister of the Interior for a liquor permit.

Hon. Mr. Sifton—I say they did not get a permit.

Sir C. H. Tupper—Yes, and the hon. gentleman has grown so reckless that he has said that he had no hesitation in saying that the statement was untrue.

Hon. Mr. Sifton—I was not telegraphed to, nor did I send the permit.

Sir Hibbert insisted that the country would not be satisfied unless there was an independent commission of inquiry, and summarized the reasons he had advanced. He prolonged his speech until after midnight and resumed his seat amid the hearty applause of the few Opposition members who were still in the House.

Mr. Sifton's Remarks.

Mr. Sifton moved the adjournment of the debate. In doing so he regretted that Sir Hibbert would not be present on Tuesday, when he could reply to him, particularly after the language he had used. He could not congratulate Sir Hibbert on the nature of his speech, when he knew he would not be present when the reply was made. (Cries of "He took to the woods.") He desired, however, to say that very much of what Sir Hibbert had insinuated, if not stated, he knew to be false and altogether unfounded. Many of the other things of course he had no knowledge of, although he would deal with them to some extent when he had an opportunity of doing so. The insinuation Sir Hibbert had made that there was some connection between him and some impropriety in the Yukon he characterized as absolutely unfounded and altogether untrue. He gave Sir Hibbert credit for having sense enough to know that it was untrue. If Sir Hibbert had been led to entertain belief of them he was an extremely silly and extremely foolish man. (Hear, hear.) In conclusion, Mr. Sifton pointed out that the charges which had been made regarding officials in the Yukon district pertained largely to the gold commissioner's office staff and the gold commissioner, as they were the officials who had to deal with people going to take up gold lands, and in this connection he read the despatch published in Thursday's paper stating that the charges made before Commissioner Ogilvie had been withdrawn and no evidence of malfeasance adduced. The acts that Sir Hibbert had spoken of all occurred prior to August 25. He read this report because it was perfectly evident what Sir Hibbert's reason for talking for seven and a half hours was. Any child 10 years old could see that he desired to send the statement to the country and be uncontradicted for several days.

The House adjourned at 12.15 o'clock.

We Want The Address OF EVERY SUFFERER

from heart weakness or disease—or from any disease caused by or complicated with imperfect circulation, inflammation or swelling, of which the symptoms may be dizziness, palpitation, inflammation in brain, stomach, liver, kidneys, feet or other parts where blood accumulates in sluggish veins.

Send address and stamp and receive literature explaining the modern remedy which is for the first time offered to the public outside of the great hospitals.

FROM FAR KENLIS.

Comes a Story of Disease Banished by Dodd's Kidney Pills.

Mr. Thomas L. Hubbs Cured of Kidney Disease, After Various Medicines Had Been Tried and And Failed—Dodd's Kidney Pills Made Him Well.

Kenlis P. O., N. W. T.—Even to this remote point in our great Dominion, the fame of Dodd's Kidney Pills has penetrated, pain and suffering have been driven out, and health and happiness have been given in their stead, by this grand medicine.

Mr. Thomas L. Hubbs, owner and occupant of Section 28, Township 19, Range 11, met with a severe accident about a year ago. He was thrown out of his wagon, and among the injuries he sustained was a very severe strain on the Kidneys.

Soon after his mishap, his kidneys began to make manifest the fact that they were unable to do their work properly. Severe, stabbing pains darted across the small of his back, and a dull, terrible ache in his loins, kept him in continual agony.

Various remedies were used, but none gave any relief. The pains seemed to grow worse, and, hearing of the wonderful efficacy of Dodd's Kidney Pills, he decided to try what they they would do for him.

He bought a box and began taking the pills, going strictly according to the directions. Judge of his delight, when, in a few days, he began to feel better. Day by day the improvement grew more marked, until when he had taken all the pills, he was "Sound as a bell," and not a trace of his old trouble remained.

Mr. Hubbs, in writing of his case, says: "I live in the municipality of Indian Head, and all who know me can vouch for the truth of this statement."

Where Dodd's Kidney Pills are used, Kidney Disease cannot exist. It is driven out swiftly and promptly, never to return.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practising. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. Organs of every description at Wholesale Prices.

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

HENRY & Co.

Appointed Administrators.

The Trusts and Guarantee Company, Limited, have been appointed administrators, with will annexed, of the estate of the late George Campbell, who died recently at Mount Forest, leaving $5,000 personality, and $6,000 real estate. The same company have been appointed administrators of the estates of George Templer and Sarah Templer of Hamilton, whose estates are valued at $10,000.

Others may copy our method of advertising, but they cannot copy our clothing—they cannot touch the style and the low prices. They must charge higher prices for poorly made goods. Grafton & Co.'s clothing is the most up-to-date, the best made, the best fitting clothing made in Canada to-day, and selling, as we do, direct to you at the first cost, you save 30 cents on every dollar by buying direct from us. GRAFTON & Co., high-class clothing manufacturers.

Bradburn's Opera House.

Commencing Thursday next, Paul Chamcerve, the young romantic actor, opens a three nights engagement at Bradburn's Opera House, with a complete scenic and electrical production of Gaethe's Immortal drama "Faust." As Mephisto, Mr. Chamcerve had made a decided impression wherever he has appeared, and in many cases has been compared with the Veteran Morgan. The company is up to the standard, Miss Taylor as Marguerite is exceptionally clever, and Mr. Davis who will be remembered as "Duke deRichelieu" in the Gentleman, in "Faust" is seen to good advantage. "Faust" will be followed by the romantic comedy "David Garrick." The funny farce comedy "Two Strangers," and the live act romantic drama, "Don Cesar de Bazan." As this is the first time "Faust" has been produced at popular prices, it should prove a big drawing card for this popular young man.

PERSONAL

Mr. A. G. Dickson has returned from Toronto.

Mr. Gus Hay was in Toronto on business on Thursday.

The Misses Collins are spending Easter in Toronto.

Mr. Harry Allen is down from the city for Easter.

Mr. Fred Adams of Toronto, is in town for a few days.

Mr. Jerry Flaherty is down from the city for the holidays.

Mr. and Mrs. H. P. Kennedy were in Toronto Thursday.

Mr. Ralph Roland spent the holiday with friends in town.

Mr. and Mrs. John Nugent returned from Toronto last evening.

Miss Bella Morgan is down from Toronto visiting her mother.

Mr. Andy Scott of Toronto, is visiting his parents in Ashburnham.

Misses Lillie and Kate Davidson are in Toronto visiting friends.

Mr. C. G. Berton is spending Easter with friends in Toronto.

Mr. W. S. Given of the Millbrook Reporter, was in town to-day.

Mr. John Harris of Campbellford, was in town on business yesterday.

Misses Aggie and Lexie Paton of Lindsay, spent Good Friday in town.

Band Master Gliddon has been in Toronto for a few days visiting friends.

Messrs Chris Graham and Fred O'Connor were up in the city yesterday.

Mr. A. A. Hollingshead is spending Easter at his home in Newmarket.

Mr. Alex Gibson spent Good Friday in Toronto. He returned last night.

Mr. Jack Fessenden is home for the holidays from the R. M. C. at Kingston.

Miss Edith Owens of Campbellford, is spending Easter with the Misses McKee.

Misses May Needham and Kate Carveth are spending Easter in town with friends.

Miss Madge McGill is home from St. Margaret's College for the Easter holidays.

Mr. K. Hall was in Toronto yesterday attending the annual meeting of the C. W. A.

Miss Lizzie McGill has returned to Lifford, after a pleasant visit with friends in town.

Miss Maud Macfarlane is home from the Toronto Normal School for her Easter holidays.

The Misses Helen and Adelaide Manson are spending the Easter holidays with Miss Madge McGill.

Mr. Harry Grubbe, of Brockville, will spend Easter with his parents, Mr. and Mrs. R. W. Grubbe, McDonel street.

Mr. Hudson, of Perth, formerly connected with the local branch of the Bank of Montreal, is in town spending Easter.

Mr. M. W. Matchett left for Toronto today, to attend the School Teachers Convention, which is held there next week.

Mrs. W. A. Staunton has returned home from Orillia, where she was called by the illness of her daughter, Mrs T. W. Wood.

Mrs. Arthur Allen, (formerly Miss Bertie Carey) Boulder, Colorado, is the guest of Miss Emma H. Stephens for the Easter holidays.

Inspector Crompton's condition is much improved. He has completely regained consciousness. His three children are now with him.

Mr. Lionel King has returned from Trinity University for the Easter holidays. He is accompanied by Messrs "Cally" Robertson and "Pick" Lillie.

Mrs. Wilson Henderson, accompanied by her daughter Bessie, left yesterday for a month's visit to Oshawa, where they will be the guests of Mr. J. Hyland.

Mr. Culverwell, manager of the Burleigh Falls Electric Syndicate, returned from Lindsay to-day, having gone there to consult with Mr. Fiavelle, a member of the syndicate. A committee of half-a-dozen of the most prominent gentlemen in Lindsay has been appointed by a meeting of the business men to assist the syndicate in the Burleigh Falls, Lindsay, Peterborough electric transmission undertaking, and they were greatly pleased to hear of Mr. Culverwell's success in securing revenue for light and power in Peterborough for the syndicate.

Going to Montreal.

Mr. H. LeBrun leaves for Montreal tonight to attend the greatest clothing sale which has ever taken place in Canada. The stock of Messrs. Doull & Gibson, the great wholesale clothing manufacturers, amounting to over $200,000, is to be sold by catalogue commencing Monday, April 3rd. Mr. LeBrun intends to be on the ground floor early and expects to bring home with him rare bargains from the choicest pickings of the stock.

An Unique Deer's Head.

In the window of Mr. R. J. Kidd's boot store, George street, is to be seen a deer's head, splendidly mounted by Mr. Efecome. This head is a curiosity in every way; it is abnormally large and the peculiar conformation of the horns in their unusual size, and palmated shape like the moose, the branches being flatter than the normal antler. The horns are in every way a great curiosity and well worth the inspection of sportsmen. The head belongs to Dr. Fraser, Lakefield.

Geo. Ball

has removed to the rooms over Oak Hall formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3.50; why buy ready-makes? Every age and style in made-to-order clothes in stock. Ladies' tailoring. In all departments, BALL, over Oak Hall. 30

EXEMPTION GIVEN TO TWO NEW INDUSTRIES.

THE STANLEY PIANO COMPANY AND THE PETERBOROUGH UNDERWEAR COMPANY.

They Get Exemption From Taxation for Ten Years, Excepting School Taxes.

A special meeting of the council was held on Thursday evening. Present—Alderman J. B. McWilliams, acting mayor, in the chair, and Aldermen Hall, Corkery, Davidson, Deane, Sawers, Best, Neill and Langford.

The first business taken up was the by-law to exempt from taxation the Stanley Piano Company, with the exception of school taxes, for the period of ten years. The conditions are that by the first of August the company shall erect in Peterborough and equip a building 100 by not less than 40 feet and four stories in height, with the customary provisions as to continuous operations. The bylaw was passed.

A bylaw was also passed to exempt the Peterborough Underwear Company (Limited) from other than school taxes for a period of ten years, on condition of the regular employment of twenty-five hands for ten months in each year during the currency of the exemption. The bylaw was passed.

An order was passed to pay Auctioneer Stapleton's bill ($10) in connection with the sale of the market fees.

A motion was passed directing the payment of the same rate of wages to John Macfarlane, who takes the place at the fire hall of E. Lawrance, off duty on account of illness.

A letter was received from Elizabeth Goodfellow, one of the sureties of J. D. Baptie, market lessee, asking, in view of her having to pay the whole amount for which she is responsible, without prospect of repayment, a reduction of the amount due by her. The amount due is about $600. A motion was adopted requiring the paying of the money by Wednesday next.

Alderman Best moved, seconded by Alderman Deane,—That in case of any complaint regarding the market scales, or the weights given on them, are made the chairman of the Market Committee be authorized, while keeping the names of complainants private, to investigate them and, if necessary, to call in the assistance of the police and Government inspector, and that the complaint of P. Costello be investigated by said chairman.

BATTALION NOTES.

HEADQUARTERS,
Peterborough, March 30th, 1899.

Orders by Lieut-Col. R. W. Bell, Commanding the 57th Battalion of Infantry Peterborough Rangers.

No. 4—The commanding officer has been pleased to make the following promotion: The band—To be corporal, Bandsman J G Irwin. This promotion is antedated March 15th, 1899.

By order,
H. A. MOSS, M.
Capt. and Adj.

The Ladies Axiliary expect you and your friends—Y.M.C.A. Bazaar, Thursday, Friday, April 6th and 7th.

AN EASTER HYMN.

The following hymn is the composition of Rev. T. Watson, Baptist minister of Colborne, one of the most original thinkers in the Association:

The days of wintery cold are past,
And Welcome Springtime comes at last,
And Nature smiles again.
From morn till night each living thing
Rejoices in the life of Spring,
And joins in glad refrain.

And there who feel a deeper joy
May well their hearts and lips employ
To praise their risen Lord.
For those who were condemned and dead
By faith are risen with their Head,
According to His word.

Resplendent beams of glory now
Encircle the Redeemer's brow
Who escaped to shroud and die;
He bore our load of grief and sin,
And did for us salvation win
And now He lives on high.

And since He doth in glory live
And life and joy and blessing give,
And over all things reign,
We know He will His servants keep,
And change cold death to peaceful sleep,
And raise them up again.

To Him who suffered in our stead
And rose in triumph from the dead
And will his people raise—
To Him may there henceforth be given
By all the hosts of earth and heaven
Sincere and perfect praise.

T. WATSON.

Colborne, March, 1899.

EASTER LILIES.

Bloom anew the Easter lilies,
Pure and white as snow,
Messengers of peace and gladness
Sent to man below.
Breathing out the olden story,
Hear the sweet refrain:
Christ is risen in His glory
And will come again:
Come to gather fadeless lilies—
Souls of spotless white—
To adorn supernal mansions
In His Realms of Light.

ANNIE GARVIN.

Peterborough, March, '99.

POOR THING.

Her friends said she was clever,
Her foes confessed it too,
"The press" at times proclaimed it—
What could the poor girl do?
With all this vast assertion,
She half believed it true:
So now they sneer: "She's clever,
But then, she knows it, too."

—ALMA FRANCES MCCOLLUM.

Peterborough, March, '99.

To-morrow Holy Communion will be celebrated in St. John's church at 7 a.m., 8 a.m. and 12.15 p.m., with morning prayer and short address at 11 o'clock. A children's service will be held at 3.15 p.m. A festival service will be held in the evening at 7 o'clock, with sermon by Rev. R. V. Stevenson, who leaves for England via New York next week.

A $25.00 watch and chain "free" to some customer at The Spot Cash.

St. Luke's Church, Ashburnham.

The music in St. Luke's church to-morrow will include the following. Morning—Opening Hymn, 134. Jubilate, by A. Davis. Anthem, Awake up my glory, Barnby. Hymns, 131, 136. Evening—Hymns, 134, 133, 272. Magnificat and Nunc Dimittis—Turner in E. Flat. Anthem—What are these that are arrayed in white robes, Sir J. Stainer. Offertory—I know that my Redeemer liveth, Handel. There will be two celebrations of the Holy Communion at 8 a. m. and at 11 a. m. respectively. Rev. H. Symonds will preach at both services. In the evening the subject of the sermon will be "Immortality."

An Easter Greeting.

For those who have thought that catarrh is incurable and to whom the constant use of snuffs and ointments was almost unbearable, Catarrhozone comes as a sure and delightful cure. No need for fetid breath, broken voice, and dropping in the throat. Send for Catarrhozone and be convinced. Outfit, $1.00. Sample bottle and inhaler, 10 cents.

N. C. Polson & Co., Kingston, Ont.

OBITUARY.

THE LATE JAMES HALL, OF DOURO.

Mr. Jas. Hall, of Douro, passed away at the Nicholls Hospital on Friday at the age of 78 years, after a long and painful illness. He has been seriously ill since last January. He was paring a corn on his foot and from the cut made, gangrene developed. In an effort to stay the progress of the disease, the toe was amputated. That failing to have the desired effect, it was thought advisable to amputate the leg, which was done early in March, but the disease progressed till death resulted.

The deceased was born in County Cavan, Ireland, and came to Canada in 1847 and shortly afterwards settled in Otonabee. He was married about 40 years ago to Miss Margery Taylor, of Dummer, a sister of Mr. Warren Taylor. She as well as four children, three boys and one girl, survive him. The sons are George Warren and James.

ELLEN HENDERSON, OF OTONABEE.

On Friday morning Miss Ellen Henderson, daughter of Mr. D. D. Henderson, of Otonabee, died at the Nicholls Hospital after an illness of only a few days at the early age of twenty years. She was in good health last Sunday and accompanied the family to church. In the evening she was attacked with severe pains in the abdominal region. The usual domestic remedies, such as poultices, etc., were applied and relief was afforded, but shortly afterwards the pain returned and medical assistance was procured, and the trouble diagnosed as appendicitis. The young lady was taken to the Nicholls Hospital, where an operation was performed, but the disease was too far advanced before the operation had been performed, and death ensued on Friday morning. The funeral takes place on Monday at 2 o'clock from the family residence, lot 27, in the 8th concession of Otonabee, to the Keene cemetery.

THE LATE JAMES CONDON.

The demise took place on Friday, March 31st, of Mr. James Condon, at the family residence, Patterson street. The deceased came to Peterborough about fifteen years from the vicinity of Keene, His wife died some two years ago. A number of children survive, four being married daughters who reside in town. The funeral will be held to-morrow afternoon at three o'clock. Interment takes place in the Roman Catholic Cemetery.

THE LATE MRS. CHAS. CLEGG.

Universal sorrow will be expressed at the untimely death of Mrs. Charles Clegg at the age of fifty-one years on Thursday last. The circumstances connected with the demise of the deceased are particularly sad. The third youngest child died a few days ago of appendicitis, and whilst in the hospital, his mother visited him frequently, and contracted a heavy cold whilst doing so. The cold developed into pneumonia, resulting in death, as stated. Mrs. Clegg leaves a husband and six children, viz.—Edith, Herbert, Clara, Howard and Alice. The funeral took place this afternoon at three o'clock.

MR. JOHN MASTERS.

Mr. John Masters, a former resident of Peterborough, died at Toronto yesterday. The deceased, who was about 55 years of age, was employed for fourteen years as engineer at Mr. D. Bellegham's furniture factory, and recently had to retire on account of ill health. The funeral will take place on Monday on the arrival of the 11 C. P. R. Express from Toronto.

SABBATH OBSERVANCE.

Rev. J. G. Shearer, B.A., of Hamilton, to Speak on the Question.

A union public mass meeting is called Wednesday evening next, in St. Paul's church, at 8 p.m. All Christians who value the Sabbath as a day of rest are heartily asked to make the union meeting a great success.

Rev. J. G. Shearer, B.A., a prominent Hamilton divine, will address the meeting.

OUR COLUMN OF SPORTS.

SOME TIMELY REMARKS ON SEASONABLE GAMES.

What is Going on in Local and Outside Hockey Arenas—Notes From the Curling Ice.

CURLIANA.

Mr. D. Ullyott is the oldest living curler in town. He first played the game in the township of Clarke, upon a pond. The "stones" used were made of wood—iron-wood blocks provided with a handle. Mr. Ullyott thinks they had more real enjoyment out of the game, even under those primitive conditions, than now.

On Good Friday the Grits played the Tories six rinks a side at the rink, and were successful in winning the match by five points. The scores made were as follows:

Grits.	*Tories.*

LACROSSE.

Mr. Lionel King was defeated in his candidature for the second vice-presidency of the Canadian Lacrosse Association, in Toronto yesterday, owing largely to the fact that by the time he decided to enter the field his opponent, Mr. Boulton R. Kean, of Orillia, had thoroughly canvassed the field. Lionel was placed in nomination for a seat on the Council, however, and was successful in polling the largest vote in the contest, thus securing the chairmanship of that body.

The meeting was the most successful in the history of the Association and every election was most closely contested. Mr. Stark, of Stouffville, secured the presidency, and Mr. McMillan, of Beaverton, and the first vice-presidency, Boulton Kean being elected second vice-president, as stated.

The following were chosen out of a field of 25 candidates to sit at the Council Board: Lionel King, Peterborough; J D Bailey, Toronto; J S Robertson, Toronto; W H Hall, Markham; T A Graham, Claremont; J McIntyre, Grand Valley; F Baker, Seaforth; T Beatty, Fergus; H B Clemes, Port Perry, and J Phalen, Arthur.

In the evening a grand banquet was held at Webb's restaurant.

THE KENNEL.

Mr. Robt Kerr's fox terrier, You Know, was successful in landing two thirds and a reserve prize at the Toronto Bench Show. As their were 143 entries in terriers, these wins should give Mr. Kerr's bitch a very high standing.

THE WHEEL.

At the annual meeting of the C. W. A. yesterday, Brantford secured the Dominion Meet and Guelph the 1st of July Meet. Mr. Louis Rubenstein of Montreal was elected President.

WILLIAM ARNOT DEAD.

Was For Fourteen Years Chief of Police of Peterborough—His Long Career.

The Toronto World makes the following reference to the death of a former well known citizen of Peterborough. The death took place of William Arnott on Tuesday night at his home, 160 Berkeley street, after an illness extending only eight days. He leaves a large family and a host of friends. Deceased was 80 years of age, and was born in Fifeshire, Scotland. In 1834 he came to Canada and settled in Peterborough. He started in the bakery business, and afterwards was appointed Chief of Police, a position which he held for fourteen years. During his stay in Peterborough he became acquainted with Mrs. Lee, wife of General Lee, who was stopping there while the civil war was in progress. He was also shot three times while in the discharge of his duties as an officer of the law. Seventeen years ago he came to Toronto, and has led a retired life ever since. He was an attendant at Berkeley street Methodist church, and a member of the Orange Order. He leaves nine children. They are: William, confectioner; David; Peter, of the firm of Medler & Arnot, contractors; Mrs. J. K. Turner, Barkel, Mass., Miss Ella Arnot, Newark, N. J.; Kathleen M., Christiana, and John Taylor Arnot. The last named son has not been heard of since the war of 1868, when he boarded a warship for Hong Kong.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—The Board of Trade holds its annual meeting on Tuesday evening next.

—The Council and Board of Education both meet on Tuesday evening.

—Special Easter services will be held in Mark St. Church to-morrow

—The sacrament of the Lord's Supper will be dispensed in St. Andrew's church to-morrow morning at 11 o'clock.

—Hon. John Crosby who, after leaving Peterborough, was to give an address at Brockville, was prevented, by missing connections, and arriving too late for the meeting.

—Twenty miles north of Apsley there is yet three feet of snow, and there is still good sleighing as far south as Young's Point.

—St. Andrew's Society of Christian Endeavour has secured the services of the Rantenberge for a grand concert on Monday, April 10th.

—The Furniture Journal says:—Bob Kilgour has taken down his bagpipes from the hook and "aired" them. He proposes to astonish the natives with his new line of spring music. Bob, Dan Bellegham and Alex. Macdonald are thinking of undertaking a starring tour of Canada.

—Free Cigars—I will give one "Rose Queen" Cigar to any cigar smoker who will call at 436 George street, Thursday, April 6 h, between 3 and 4 p.m. This is to advertise this cigar, hence the Free Gift.—W. J. MORGAN.

—A petition has been filed against Mr. Monteith, recently elected in the Conservative interests in the South Perth by-election. Petitioner asks the disqualification of Mr. Monteith, and claims the seat for Mr. Valentine Stock, Liberal.

DAILY TEMPERATURE RECORD

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

	Highest.	*Lowest.*
To-day, 7 a. m.....	34° above zero	
Yesterday	36° above	17° above

The month just passed had a mean daily temperature of 10 degrees less than March of last year, though not much below the average of other years, March of 1898 being an exceptionally fine month. The rainfall amounted to 3 inches, while snow to the depth of over 20 inches fell.

Asthma Cured

After Twelve Years' Suffering—Toronto Physicians Advised Leaving Her Home to go to Manitoba—Clarke's Kola Compound Cures.

Mrs. McTaggart, 30 Vanauley st. Toronto, writes: "I have been troubled with asthma and bronchitis for twelve years, which gradually grew worse each year in spite of the hundreds of dollars my husband spent with several doctors, and almost every remedy we could procure, which only afforded temporary relief. For the past two years I could not lie on my left side, and during the past year previous to taking Clarke's Kola Compound the asthma became so severe that I had not had a full night's sleep, and during most of that time we had a doctor in attendance. We gave up several doctors, as I was becoming no better, and the last doctor, after about two months' treatment, told me he could do nothing for me, and advised me to go to Manitoba or some dry climate. We heard of Clarke's Kola Compound being a cure for asthma, and before taking this remedy made several inquiries from those who had taken it, and in each case found the result so satisfactory that we resolved to try it. After taking the first bottle I became much better, and began to sleep well at nights. Since taking the third bottle I have not felt the slightest symptoms of my former trouble. I have during the past six months gained nearly 20 pounds in flesh and feel perfectly healthy in every way. I can assure you that I will do all in my power to induce any sufferer from this terrible disease to try it."

Certified correct by Peter McTaggart, Proprietor of Toronto Dairy Co.

TO CURE TOOTHACHE IN A MINUTE

Use NERVOL. One application cures; if not, your money back. Equally good for Neuralgia and Headache. 25c, at all Druggists.

TENDERS.

INDIAN SUPPLIES.

SEALED TENDERS addressed to the undersigned, and endorsed "tenders for Indian Supplies," will be received at this office up to noon on Friday, 21st April, 1899, for the delivery of Indian Supplies, during the fiscal year ending 30th June, 1900, at various points in Manitoba and the North-west Territories.

Forms of tender, containing full particulars, may be had by applying to the undersigned, or to the Indian Commissioner, Winnipeg. The lowest or any tender not necessarily accepted.

This advertisement is not to be inserted by any newspaper without the authority of the Queen's Printer and no claim for payment by any newspaper not having such authority will be admitted.

J. D. McLEAN,
Secretary.

Department of Indian Affairs,
Ottawa, 27th March, 1899.

CHANGED HANDS!

I beg to announce to the citizens of Peterborough that I have bought out the Wholesale and Retail

FRUIT AND FISH BUSINESS

Formerly carried on by Mr. J. B. Oke, 418 George street,

I intend to devote my whole attention to conducting a First-class Fruit and Fish Business, by keeping a most complete and well kept stock of the choicest delicacies of the table, including—

Foreign and Domestic Fruits.
Salt and Fresh Water Fish,
Fresh Oysters in Bulk.
Early Garden Vegetables.
Canned Vegetables and Fish.
Pickles, Relishes, Etc.

Everything in season, fast as it appears in the markets.

Having had 25 years' experience in handling Fruits, &c., I feel confident of being able to cater to the wants of all classes.

I respectfully solicit a continuance of the patronage of Mr. Oke's customers and of the public generally.

R. A. DUTTON,

(Late of Barrie), successor to J. B. Oke, 418 George street. Telephone 204. Terms Cash.

CARD FROM MR. OKE.

I take pleasure in recommending my successor, Mr. R. A. Dutton, to all my customers and ask for him a continuance of the liberal patronage bestowed upon me. Mr. Dutton is an experienced and thoroughly practical fruit man and has a reputation for being obliging and honourable in all his dealings.

All accounts due me are requested to be paid to either myself, Miss Smith, Mr. H. Bradshaw or Mr. Philp, at Mr. R. H. Philp's Fruit Store, without delay.

Yours truly,
J. B. OKE.

Peterborough, April 1st, 1899.

SALE OF RESIDENCE

IN ASHBURNHAM.

WE ARE INSTRUCTED BY THE ADMINISTRATORS of the estate of the late Elizabeth Clifford to offer for sale by Public Auction at the Morgan House, in the Town of Peterborough, on Monday, the 24th Day of April, 1899, at 2 p.m., the North Half of Village Lot Number 2, east of Lake street and north of Robinson street in the village of Ashburnham, containing one rood twelve and one half perches.

This property is situate on the east side of Lake street at a short distance from Elizabeth street has a frontage on Lake street of about sixty three feet and is a very desirable lot for a residence.

Upon the property is a story and a half dwelling house and out-buildings.

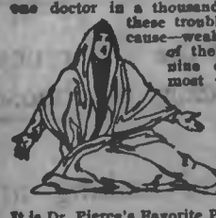
Blouse Silks.

Those New Blouse Silks have arrived—the latest productions. See the range we are showing in Stripes and Checks at 50c.

J. C. TURNBULL.

Christian Women, in the old Roman days of Nero, were cast into the dens of lions where they died a horrible, but fortunately speedy death. The world has progressed, but ignorance still condemns thousands of innocent women to an equally painful and more lingering death.

The woman who day after day is tortured by headaches, despondency irritability, nervousness, lassitude, weak back, pains and dragging sensations in the abdomen and similar symptoms, suffers a martyrdom that not even a Nero could invent. Not one doctor in a thousand will attribute these troubles to the right cause—weakness or disease of the sensitive feminine organs, yet almost without exception there lies the trouble. And there is just one known remedy that reaches and cures every case.



It is Dr. Pierce's Favorite Prescription. It makes women young again. It gives new strength and virility to the organs long harassed by weakness and disease. It promptly heals inflammation and ulceration, stops weakening drains and restores the health and vigor of youth. It fits for wifehood and prepares for motherhood. It banishes morning sickness and other discomforts of ante-maternity. It makes "new women." One letter among thousands says:

J. S. Carlisle, Esq., of Manchester, Coffee Co., Tenn., writes: "I am superintendent of the Coffee County Poor-house and Asylum combined. Your 'Golden Medical Discovery,' 'Favorite Prescription' and 'Pleasant Pellets' are the best medicines for the diseases for which they are recommended, that I ever used. They saved my wife's life at the time of 'change of life.' I also cured the worst case of lunacy that we ever had with your 'Favorite Prescription.' The case had been under a doctor's care three years."

If baby dies before the doctor comes, you will wish you had sent for Dr. Pierce's Medical Advisor. In paper cover 21 one-cent stamps, the cost of customs and mailing. Cloth binding, 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

BROWN CONDEMNED.

Judge MacMahon Charged Against Him at London—Sentenced to Be Hanged on May 17.

London, March 30.—In the Toohey murder case His Lordship Judge MacMahon began his address to the jury after the court opened at 10 o'clock yesterday morning. The charge was against the prisoner, and was concluded at 11.50, when the jury immediately retired to consider the verdict.

At 1.45 the jury returned with a verdict of guilty against Marion Brown.

His Lordship Justice MacMahon sentenced the prisoner to be hanged on May 17, 1899.

A CARD.

We, the undersigned, do hereby agree to refund the money on a twenty five-cent bottle of Dr. Wills' English Pills, if, after using three-fourths of contents of bottle, they do not relieve Constipation and Headache. We also warrant that four bottles will permanently cure the most obstinate case of constipation. Satisfaction or no pay when Wills' English Pills are used.

John Nugent, Chemist and Druggist, Peterborough, Ont.

STEAMER NORSEMAN ASHORE.

Went on Tom Moore's Rock—Crew Being Taken Off.

Marblehead, Mass., March 30.—The Warren Line steamer Norseman, Capt. Rees, bound from Liverpool to Boston, went ashore just inside Tom Moore's rock, about 100 yards from the Nanepashmet Hotel, Marblehead Neck, at 9.30 o'clock yesterday morning. Capt. Charles of the life-saving crew rescued 21 men in the breeches buoy before daylight, and there was every prospect that the remainder of the crew would be taken off as rapidly as possible.

The vessel is a cattle steamer, and she carries about 4,000 tons of general merchandise on this trip. There were 109 persons on board, including a crew of 58 and 44 cattlemen, who were returning from England. The steamer struck at about half tide. There is a big hole in her hull and seven feet of water in her hold. It is the opinion that she can never be floated.

Effects Were Wonderful.

"I have been troubled for years with pains in my sides and kidneys and had aches in all parts of my body, owing to stomach and liver troubles. I began taking Hood's Sarsaparilla and its effects were wonderful. In a short time I was entirely cured." Mrs. Francke, 208 Ossington Avenue, Toronto, Ontario.

Hood's Pills are non-irritating and the only cathartic to take with Hood's Sarsaparilla.

C.P.R. and Its Conductors.

Winnipeg, Man., March 30.—It is said there has been considerable friction lately between the C.P.R. conductors and some of the officials, and also that a committee of the conductors has been holding meetings for several evenings past in an endeavor to settle the trouble. It appears, though, that the trouble has reached a stage which has justified sending for Mr. Pike, chief of the Order of Railway Conductors.

That Throbbing Headache.

Would quickly leave you, if you used Dr. Kieg's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headache. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by J. Lynch, Druggist.

Wood's Phosphodine, The Great English Remedy. Sold and recommended by all Druggists in Canada. Only reliable and harmless discovery. Has never failed to cure all forms of Sexual Weakness, all effects of abuse or excesses, Mental Worry, Excessive use of Tobacco, Opium or Intoxicating Liquor, and all diseases that lead to Consumption, Insanity and Early Grave. One will please, six will cure. Pamphlet free to any address. The Great Tonic and Nerve Restorative, Windsor, Ont.

Sold in Peterborough by Ormond & Walsh, Druggists, and John Nugent, Druggist.

NEWS IN A NUTSHELL.

Telegraphic Briefs That Contain Much of the Day's News.

During the month of March 13,000 troops have been landed in the United States from Cuba.

There are expected to be Carlist risings after Easter. Thirty thousand Spanish reserves have been called out.

The Missouri House has passed the bill introduced by Representative Slate, by which it is proposed to tax departmental stores out of existence.

Miss Lillie Odell, daughter of the late Horace C. Odell, was married at Ottawa on Thursday morning to Mr. Cochrane, M.P. for Northumberland.

As is his custom on Maunday Thursday, Emperor Francis Joseph Thursday washed the feet of 12 octogenarians in the Hofburg Hall of Ceremonies.

The Canadian Wheelman's Association met in Toronto on Friday. Mr. Louis Rubenstein of Montreal was elected president. Mr. Hal Donly remains secretary.

The Canadian Lacrosse Association met in Toronto on Friday 200 strong. Mr. W. J. Stark is the new president, and Mr. W. S. A. Hartley is the secretary-treasurer.

A man killed by an express train on the Boston & Maine road on Friday night had papers in his pocket bearing the name of John E. Pattengill, Lancaster, Ont.

Henry Lappin and his wife, aged 45 and 42 years respectively, were burned to death late on Thursday night in their home on a truck farm in the lower section of Philadelphia.

Richard Hale and Thomas Johnson, white men, and Sam Rives, colored, were hanged at Troy, Ala., on Friday for the brutal murder of Mrs. Ira Myers, an aged woman, and her daughter-in-law.

Samuel J. Kennedy was on Friday found guilty of murder in the first degree. He was accused of having killed Dolly Reynolds in the Grand Hotel in New York City early on the morning of Aug. 16 last.

The Stella E. Elrand, the Smithsonian Institution's marine life investigating steamer, has been wrecked off the coast of Lowes, Cal. All the specimens gathered were lost, but the party and crew were saved.

The transport steamer Charles Nelson has sailed for Manila. She has 900 tons of freight. The Nelson carried a large number of coffins, in which the bodies of American soldiers will be brought back to San Francisco.

The steamer Montserrat sailed on Friday morning from Havana for Spain, having on board 280 Spanish passengers, formerly residents of Cuba, and mostly small merchants. It is said they fear assassination by Cubans.

W. H. Mills, proprietor of the Red Lion Hotel at Dundas, has admitted to Chief Twiss, in the presence of witnesses, that he wronged the chief in accusing him of accepting $10 from Mills to drop a charge of violating the liquor law.

Mrs. James F. Malone and her little son, Willie, were killed at that Toronto death-trap, the Lansdowne avenue railway crossing, by a passing engine on Thursday night about 10 o'clock. Both were almost instantly killed.

Lorenzo V. Peck, convicted on Friday afternoon of abstracting $5,000 from the Fultonville National Bank, while cashier of the institution, was sentenced to five years' imprisonment in Auburn Prison. The defaulting cashier is nearly 80 years old.

A Frenchman, supposed to be Alphonse Bouvert of Quebec, is dead at the police station at Watertown, N.Y. The man was locked up on Friday, it being supposed that he was suffering from delirium tremens. It is now believed he had pneumonia.

The 80-foot rock ledge that jutted out from the Niagara cliffs just north of the steel railway arch on Friday fell with a great crash. The rock slide carried with it a portion of the new elevator, the old Buttery elevator, and covers the gorge road on the American side.

The annual convention of the Baptist Young People's Union was held on Friday in College Street Baptist Church, Toronto, delegates being present from both Ontario and Quebec. The treasurer's report showed receipts to be $8,314, expenditures $5,055, leaving a balance on hand of $3,259.

A petition against the return of N. Monteith in South Perth was on Friday filed with the registrar of the Court of Appeal. The point raised, in addition to the usual charges, is that the writ for the bye-election, issued on Feb. 8, 1899, while the Legislature was in session, was in contravention of the terms of R. S. O., chap. 12, sec. 33.

Mrs. Neville, wife of Alfred Neville, traveller for J. R. McKichan, paper dealer, Hamilton, attempted to commit suicide by swallowing poison in the presence of John Gee, a neighbor. She swallowed the contents of a flask, the liquor being laudanum and turpentine. Dr. Baugh brought her round, and she says she regrets the rash act.

A LONDON CASE.

Proving the value of Dodd's Kidney Pills in Kidney Disease.

London March 30—Mr. Charles Dean, stableman at the City Hotel, comes forward to add his quota to the mass of evidence in favor of Dodd's Kidney Pills.

Mr. Dean states that he had for three years suffered from severe cutting pains in the small of his back. At times they were so great that he had to lie down to get relief.

Several remedies were used without benefit. A doctor prescribed for him, saying his kidneys were affected, but no good resulted.

Finally he took a friend's advice and used Dodd's Kidney Pills. The usual result followed. Three boxes cured him out and out.

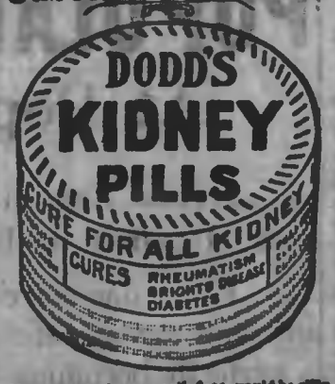
Birds That Play.

Some birds, like all children, like to play, and Australia and New Guinea produce the "bower bird," which builds regular playhouses. These houses are not a part of their nests, but are constructed usually in the shape of covered archways of little boughs two or three feet long, 18 inches high and about as wide. They use these houses simply for their games, as if they were clubhouses. Generally these playhouses are decorated with bright colored shells and feathers, just as children decorate their playhouses.

Vilsonic Eruptions

Are grand, but Skin Eruptions rob life of joy. Bucklen's Arnica Salve cures them also, Old, Running and Fever Sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains, best Pile cure on earth. Drives out Pains and Aches. Only 25c. a box. Cure guaranteed. Sold by Jas. Lynch, Druggist.

Substance - Shadow



If you want a horse worth $100, you'd be silly to pay $100 for his photo only. If you need DODD'S KIDNEY PILLS you'd be silly to buy an imitation.

DODD'S ARE SOLD IN BOXES LIKE THIS. TAKE ONLY

D-O-D-D-'S

FIFTY GONE DOWN TO DEATH.

Mississippi River Steamer's Boilers Burst in Mid-Stream.

St. Louis, March 30.—A special to The Republic from New Madrid, Mo., says: The boilers of the steamer Rowena Lee, with about 81 passengers aboard, besides her crew, exploded opposite Tyler, Mo., about 4 o'clock yesterday afternoon, and she immediately sank with all on board except Capt. George Carvell and one of the crew. It is estimated that, with passengers and crew, she had aboard about 50 people. She broke in two and sank immediately. Most of the crew live in Memphis. The names of her passengers cannot be learned.

This Cripple Acted in an Ugly Way.

Winnipeg, March 30.—James Kerr, a one-legged cripple, went into H. M. Howell's law office yesterday to consult him. Without warning the man said he would shoot Howell, and put his hand into his inside pocket. He was seized, disarmed and arrested.

The local option bylaw has been defeated in Dufferin municipality.

The death watch has been placed on the Galician murderers. They do not yet seem to realize that they are to be hanged in May.

The debate on the address in the Local House is concluded. Next will be a long discussion on the budget.

$15,000,000 Between Them.

New York, March 30.—The Evening World says: William K. Vanderbilt has duplicated his wedding present to his daughter Consuelo, Duchess of Marlborough, for his son, William K. Vanderbilt, jr. Securities amounting in value to $10,000,000 have been turned over to the young man by his father. Miss Virginia Fair, the bride to be, is said to have $5,000,000 in her own right.

Patternmakers' Strike.

Toronto, March 30. — The patternmakers at Polson Iron Works, J. P. Northey & Co. and the John Inglis & Sons' Engine Works, who went out on strike Tuesday night, have not as yet come to any settlement with their employers. They ask for an increase of wages from $2.40 to $2.75 per day. Both sides are firm and expect to win the fight.

A CARD.

Mr. Ed. Heintzman, 203 Monroe Ave., Hoboken N. J., advises all men who are weak and who desire a speedy and perfect cure to write to Dr. Gustav E. Roberts, 203 Woodward Ave. Detroit, Mich.

Canal Opening May 1.

Kingston, March 30.—The local Board of Trade has been advised by the Marine Department, in answer to resolutions requesting their earlier opening, that the Government will not consent to the opening of the system of canals before May 1. A deputation from here will wait upon the Government with reference to the matter.

5 Years for Receiving Stolen Goods.

Cornwall, Ont., March 30.—Joseph Vallee of Alexandria was found guilty of receiving stolen goods and he was sentenced to five years in Kingston Penitentiary

Women's Worst Enemy

Some hesitate before giving an answer, but those who know best will immediately say HEADACHE.

Thousands of women live in misery day after day, and week after week, suffering untold agony from those dreadful headaches. Husbands are disheartened, children neglected, and happy homes ruined. Most women strive to bear in patience the suffering which they consider part of life without looking into the cause or searching for relief. Food cannot digest without the bile which the liver supplies and hence the necessity of keeping the liver in good working order. To cure the headaches you must cure the liver and thus remove the cause of disease.

Dr. Chase spent years of his life in perfecting a medicine which acts directly on the kidneys and liver. Thousands of grateful women have testified during the past ten years to the effectiveness of this remedy for sick headaches. Many a home has been restored to happiness as a result.

Dr. Chase's Kidney-Liver Pills, the greatest discovery of this great scientist, are put up to sell at 25c. a box. All dealers.

MRS. G. VINETTE'S HAIR PREPARATION

Cures Baldness, Grey Hair, Irritation of Scalp, Eczema, Removes Dandruff, Restores Grey Hair to Natural Color, Stops Falling Out, &c. Guarantee in all cases. Refer-ences if required.

Factory—259 Reid St., north of Wm. Hamilton Mfg Co.'s Works, Peterborough.

A CLEVER RUSSIAN.

He Found a Method of Beating His Persian Creditor.

In Persia, when a creditor fails to get his money in any other way, he appears in the debtor's house and sits down. Then he does not move away till the delinquent pays up. He enters the debtor's sleeping apartments, if possible, and has his meals brought in. A few years ago a Persian held an unsatisfied claim against the British government, and he presented himself before the British minister one day and camped out in his private office. The minister did not see the joke, and sent for a policeman. That made a lot of noise and trouble, and the Russian representative in Teheran evidently learned a lesson from it, for he managed a case of the same kind much differently.

The Persian who demanded money from the Russian (Count Kolomeisow) was a holy man, a dervish, and when he sat down in the Russian's anteroom to wait till the latter paid his disputed claim Count Kolomeisow knew that he could not get rid of him without much fuss and explanation. It is against the laws, or at least the custom, which is just as firm, to touch a creditor who takes this means of collecting money, so the count could not throw him out. He thought over the matter, and one morning he sent for a lot of masons. Then he ordered them to build a wall around the dervish, who was sitting in the middle of the room. The dervish watched them placidly at first, but when the wall grew and it became apparent that it would be completed soon he jumped over it, ran away and has not been seen since. They say that the count is the first man in Teheran who has beaten a creditor of this kind without recourse to the police.—New York Press.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANADA,** has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 95/100 dollars ($1264.95) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

HE ATE THE SOAP.

Garland Would Have Swallowed It If It Had Killed Him.

The late Augustus H. Garland, who was attorney general under President Cleveland, was very fond of practical jokes and during his term of service in the senate frequently turned the laugh on his colleagues. Senators Voorhees and Vest, with whom he was very friendly, finally determined to turn the tables. Mr. Garland had a habit, like Voorhees, of munching candy, and Vest and Voorhees made it up between them to take advantage of his fondness for sweets to play their trick. They had some tempting looking chocolate caramels prepared, with the interior filled with brown soap. These they took to the senate chamber and Voorhees placed them on his desk. The lid being off when Mr. Garland sauntered down the aisle he noticed them at once.

"What have you there, Dan?" he inquired.

Voorhees looked up carelessly from his writing and responded: "Caramels. Help yourself."

Garland needed no second invitation and, picking up two or three, placed one in his mouth. Steadily he chewed away, his face betraying no sign of the conflict within him. This alarmed Voorhees, who went to Vest's desk and said:

"He's eating them, Vest! What shall we do? The stuff will kill him sure!"

Senator Vest replied that it could do no more than make him sick. Garland swallowed the stuff, although he was foaming at the mouth from the soapsuds. He related the incident afterward with great gusto and said he would have swallowed it if it had killed him. —New York Sun.

Dr. Chase Cures Catarrh After Operations Fail.

Toronto, March 16th, 1897.

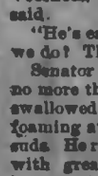
My boy, aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the General Hospital. Since then we have resorted to Dr. Chase's Cure, and one box of this medicine has made a prompt and complete cure.

H. G. Ford,
Foreman, Cowan Ave, Fire Hall.

Pure Water a Poison.

By "chemically pure water" we usually understand perfectly fresh, distilled water. Distilled water is a dangerous protoplasmic poison. The same poisonous effects must occur whenever distilled water is drunk. The sense of taste is the first to protest against the use of this substance. A mouthful of distilled water, taken by inadvertence, will be spit out regularly. The local poisonous effect of distilled water makes itself known by all the symptoms of a catarrh of the stomach on a small scale. The harmfulness of the process, so much resorted to today, of washing out the stomach with distilled water is acknowledged.—National Druggist.

Spring tiredness is due to an impoverished condition of the blood and is cured by Hood's Sarsaparilla, which enriches the blood.



Cook's Cotton Root Compound

Is successfully used monthly by over 10,000 Ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other, as all Mixtures, pills and imitations are dangerous. Nos. 1 and 2 sold and recommended by all responsible Druggists in Canada.

No. and No. 2 Sold in Peterborough by John Nugent Druggist.

THE LUCK OF A HOUSE

A SUPERSTITION WHICH SEEMS TO BE BUILT ON FACT.

Few Persons Who Erect Costly Mansions For Their Own Use Ever Live to Occupy Them—If Not Death Then Disaster Bars the Doors.

An instance has recently occurred of a well known man refusing for superstitious reasons to live in a beautiful house he had built until some one else, a perfect stranger, had occupied it for some little time.

If ever there has been a superstition that appears justified by solid fact and precedent, it is that which prevails about the building of a house. Few who erect costly mansions for their own use ever live to occupy them. An ill fate seems to bar the doors of these abodes upon which has been lavished so much thought and money and hope. Sometimes it is death and sometimes it is ruin that overtakes the owner.

So widespread and so powerful is this strange superstition that one finds even an intellectual man like Lord Salisbury insisting on leasing to strangers for several months the beautiful home which he has had erected for himself at Beaulieu, on the Riviera, before he will consent to occupy it himself or to permit any member of his family to cross its threshold.

Lord Salisbury, however, has only to look round him in London to find ample grounds for the adoption of such extraordinary and at first sight unnecessary precautions. The completion of Lord Revelstoke's palace in Charles street coincided with the bankruptcy of the great firm of Baring Bros., of which he was the principal, and it has remained ever since an exquisite monument to the futility of human hopes and ambition.

Mr. Sanford had hardly finished rebuilding the exterior of his magnificent mansion in Carlton House terrace when the collapse of Argentine securities occurred, involving him in ruin and compelling him to dispose of it to Mrs. Mackay, of "Bonanza" fame.

The Marquis de Santurce, having purchased the neighboring house from Lady Granville, spent a fortune upon the reconstruction and adornment of the interior. But before the work was completed he in turn was overtaken by the terrible disaster which befell the well known Anglo-Spanish banking house of Murrieta, of which he was the chief director, and he had no alternative but to sell the house to Mr. W. W. Astor.

The downfall of Hudson, the railway king, occurred at the same time as the completion of the great house he was having built for himself at the Albert gate entrance to Hyde park, while in the same manner Baron Albert Grant witnessed the piecemeal sale of the gorgeous palace he had erected at Kensington, but was never destined to occupy.

This is why there are, comparatively, so few new mansions of a palatial character either in London or the country. Persons possessed of adequate means and in need of either a town or country residence prefer as a rule to purchase homes that have been lived in to building new ones. If they do any building at all they, in general, cause it to take the form of additions to or alterations of edifices no longer new.

Even then the owners endeavor to safeguard themselves from the possibility of danger by letting their residences for the express purpose, as they say in France, of "wiping the dust from off the plastered walls."

Nowhere is this superstition more powerful than in Bavaria, where many of the most picturesque spots, especially in the mountainous districts, are adorned with fairylike palaces. None of them has been entirely completed, for insanity and violent death overtook the brilliant and accomplished King Ludwig, who conceived their design, but unfortunately perished before their completion.

Nor even have the builders of many of the splendid structures that adorn the French metropolis been more fortunate. Thus M. Jules Grevy had scarcely completed the construction of his lordly mansion in the Avenue d'Iena when the scandalous behavior of his son-in-law, Daniel Wilson, overwhelmed him with disgrace and compelled him to resign the presidency of the republic amid a perfect hurricane of public obloquy.

The Empress Eugenie's only sister, the late Duchess of Alba, had not occupied the lovely palace erected for her in the Champs Elysees more than a few months before she was seized with a sudden illness and died there in a manner so mysterious as to give rise to rumors of foul play. The building was subsequently pulled down.

Another equally unlucky house is that now owned by the widow of the late Baron Hirsch. Situated at the corner of the Rue de l'Elysee and of the Avenue Gabriel, it was erected by the Duc de Mouchy. He had not occupied the house more than a few weeks before it was the scene of a daring burglary that covered its noble owner with ridicule. Two months after, his daughter died there so suddenly and under such strange circumstances that the duchess would not consent to remain longer in such an ill omened house.—London Mail.

His Life Was Saved

M. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken by Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and $1.00, at Jas. Lynch's Drug Store, every bottle guaranteed.

Children Cry for
CASTORIA.

Rev. J. N. Vanatter, of Albion, Wis.

WRITES A LETTER ON DR. CHASE'S OINTMENT.

Sufferers are at liberty to correspond with the above address and will obtain full particulars regarding the great cure.

He says: My wife was most terribly afflicted with protruding piles, and contemplated a surgical operation. A friend of ours recommended the use of Dr. Chase's Ointment, and less than one box effected a complete cure. We were so pleased with the ointment that I tried it myself, as I have been troubled with an unsightly skin affliction which covered the lower part of my face.

For 25 years I suffered untold agony, and was treated by the best medical skill in the United States. I consider Dr. Chase's Ointment worth its weight in gold for piles and skin disease.

Dr. Chase's large-size recipe book, cloth-bound, sent to any address on receipt of 50 cents, by addressing Dr. Chase's Company, Toronto or Buffalo, N.Y.

KOLADERMIC SKIN FOOD—Cures impurities of the skin—dissolves freckles, moth-patches, and other discolorations — brings blackheads and flesh-worms to the surface where they dry and fall off. Koladermic removes the facial defects caused by indigestion and stomach troubles. It imparts a clearness and robustness foreign to a diseased and impure skin. At all druggists. 25 cents.

THE KOLADERMIC SKIN FOOD CO., Stouffville, Ont.

HIS FIRST THIMBLE.

Inventor John Lofting Made a Fortune From It 200 Years Ago.

"There is a rich family named Lofting in England," said a dealer in fancy articles, "the fortune of whose house was founded by so apparently insignificant a little thing as the thimble.

"The first thimbles seen in England were made in London less than 200 years ago by a metal worker named John Lofting.

"The usefulness of the article recommended it at once to all who used the needle, and Lofting acquired a large fortune and great fame in the manufacture of the new accessory to the needleworker's art.

"The implement was then called the thumb bell and was worn on the thumb.

"The clumsy mode of utilising it was soon changed, but when and why the name thimble was given the article do not appear.

"Lofting's thimbles, and, in fact, all thimbles, were made of either iron or brass, and specimens of them extant, many of which are preserved as heirlooms, are crude and clumsy looking things compared with the commonest thimbles of today, although their cost was many times as much.

"Today gold, silver, iron, ivory, steel, sometimes glass and even pearl and celluloid are utilized in making thimbles. Since art needlework became fashionable thimbles of elaborate workmanship and great value, to accompany the rich and costly implements and materials wealthy needleworkers affect, have found a large sale.

"Solid gold thimbles, carved and frequently set with diamonds, have been found none too good for some people. Thimbles made to order, with the monogram or initials of the person for whom they are intended set in precious stones, are not by any means unknown."—Philadelphia Press.

No. 344 Water Street, Peterborough.

AFTER MIDDLE AGE.

The Things That Should Be Done to Prolong Life.

The causes that prolong life beyond middle age are some of them beyond the control of the individual. The inheritance of sound organs from a rugged ancestry is an example of this kind.

Yet it is easy for one of middle age to precipitate prematurely the season of old age, while, on the other hand, a reasonable modification of the habits of life may long extend the period of active usefulness. The man of advancing years should continue to indulge in bodily exercise, but in moderation and not immediately after meals.

Less food should be eaten as the "fires more slowly burn," if one would avoid premature old age. The end of eating should be more slowly performed, and even an occasional indulgence to excess in the pleasures of the table should be avoided.

The sage of Concord, whose philosophy was practical as well as "transcendental," found in late life "little food and often" to be the safe rule. A well known American physician considers it of benefit to miss a meal occasionally. The number of meals should be less rather than greater, he believes, and "rest" meat should be eaten in great moderation—not more than once a day. It will be seen that the philosopher and the physician are at one in this—that less food is needed after middle age. At any age intemperate eating rather than intemperate drinking is the common sin against bodily health.

In regard to the use of alcoholic stimulants as conservators of vitality, it must be said that they have no value as such. If used at all, it must be in small quantities and well diluted with hot water, and even so they generally do harm rather than good. Hot water is in itself a stimulant of no mean value, and to those addicted to the practice of slowly sipping a glassful once or twice a day it has proved to be in every respect beneficial.

It may be said that the watery element of hot tea, which few condemn if properly made, commonly receives too little share of credit.

Unnecessary worry is sometimes indulged in because but few hours of sleep are possible in later life. Less work requires less sleep, and physical labor requires more sleep than mental work. On the other hand, long hours of sleep, combined with heavy eating, directly promote early old age.

Sensible rules of hygiene and temperate living in its broad sense tend to increase the enjoyments of life as well as the length of it. The cultivation of the habit of avoiding worry, while not usually included among hygienic rules, is hardly exceeded in importance by any other.

Cheerfulness and hopefulness are among the physician's most valuable allies. Not only are they sometimes decisive in critical stages of disease, but they have a direct and constant influence in postponing the weakness and decay which come with advancing years.—Youth's Companion.

In the Tap Root of an Oak.

I remember a curious incident connected with the tap root of an oak. This oak, a good tree of perhaps 200 years' growth, was being felled at Bradenham wood when the woodmen called attention to something peculiar on the tap root. On clearing this of soil we found that the object was a horseshoe of ancient make. Obviously in the beginning an acorn must have fallen into the hollow of this cast shoe, and as it grew through the slow generations the root filled up the circle, carrying it down into the earth in the process of its increase till at length we found wood and iron thus strangely wedded. That tap root with the shoe about it is now or used to be a paperweight in the vestibule of Bradenham Hall.—Rider Haggard in Longman's Magazine.

Energy WARD'S BLOOD & NERVE PILLS FOR THE Languid & Weary

NORTH AMERICAN LIFE Assurance Co.

J. L. Blaikie, President.
Wm. McCabe, F.I.A. Manag'g. Direc't

This financial institution is acknowledged by all to be one of the soundest on the continent. Its record in 1898 was quite in accord with its unexcelled success in previous years:

Policies issued amounted to over	$ 4,000,000
Insurance in force to over	20,000,000
Cash Premium Income	800,000
Cash Interest Income	182,680
Total Assets over	3,137,000
The Net Surplus	474,000

Last year the interest earnings alone exceeded in amount the Death Claims—a remarkable fact.

J. W. GARVIN,
Manager, Central Ontario

Central Canada LOAN AND SAVINGS COMPANY,

26 King Street, Toronto, East.

NOTICE IS HEREBY GIVEN THAT A Quarterly Dividend for the three (3) months ending 31st March, 1899, at the rate of six per cent. Chronic Eczema Cured.

One of the most chronic cases of eczema ever cured is the case of Miss Gracie Ella Alton, of Hartland, N. B. On a sworn statement Mr Alton says: I hereby certify that my daughter Gracie Ella was cured of eczema of long standing by using four boxes of Dr. Chase's Ointment. William Thistle, druggist, of Hartland, also certifies that he sold four boxes of Dr. Chase's Ointment which cured Gracie Ella.

MEN'S RALLY.

Mr. J. B. Walker, Gen. Sec'y of the Lindsay Association, will address the Men's Rally at the Y M C A on Sunday at 4.15. All young men are invited.

A very interesting topic will be discussed at the young men's meeting to night on "Bible Study." These meetings are particularly helpful to young Christians.

Boy's Bible Training Classes meet on Sunday at 10 o'clock.

Mr. Jas. McGowan will represent the Association at the meeting at Middleton's school house to-morrow night.

Buy your Easter Groceries at The Spot Cash. The best. Prices the lowest.

LIVE STOCK NOTES.

This week there has been quite a number of fine Easter cattle offered on the local market, for which good prices have been paid, the range for choice butchers being from 4¼ to 4½c. per lb.

On Monday Mr. H. P. Kennedy had between thirty and forty head of very choice steers and heifers from the best feeders of the district—Mr. Robt. Hanbidge, Otonabee; Mr. Herb. MaKee, and Mr. Geo. Walton, Smith; and Mr. McNeil, of Smith, being the principal ones. The very choicest of this stock has been kept for local use, and will be offered to our citizens for easter beef at Kennedy's meat market. The best steer that Mr. Kennedy has handled for over a year, and which was fed by Mr. Herb. McKee, is among the number that has been kept for local use.

Hairene for the Hair.

Dr. Andrew Grant & Co., Toronto.

Dear Sir,—My hair has been falling out for nearly a year, and was getting very thin and dry. I purchased one bottle of your celebrated "HAIRENE" which has thoroughly restored my hair and removed all dandruff, and I can cheerfully recommend so valuable a preparation.

Yours truly,
Port Hope, Ont. GEO. T. MAYNARD.

For sale by all druggists. Price $1.00 per bottle.

Flowers for Easter.

Very choicest Lillies, Roses, Voilets, Spireas, Stocks, Heliotrope, Begonias and other favorities.

Also Palms, Ferns, and other exotic plants.

Warning to Tenants

You have been enjoying comfortable Homes during the past few years at very low rents, the same state of things will not continue three months longer and therefore we say, buy a Home if you can, and the sooner you do so the less money you will have to pay. At present we are offering a fair house with good garden, convenient to work for $350; another very comfortable home for small family at $375; a good 7-roomed house, stable and garden for $750; brick house and corner lot, for $900. We make terms suit; we have lots of Lots, Acre Land and Farms for all. Come in and talk matters over, no cost. Call to-day.

CHOOSING NEW CARPETS.

We're ready now with our NEW designs in Carpets for spring.

There's force in the term NEW as applied to the Carpets imported for this store for the season's business.

Shoppers know that it makes a wide difference to them when this distinction is intelligently and honestly made.

Never before has the approach of spring been marked by so much that is New and Novel in Floor Coverings.

We have never done anything larger in its line than this year's showing of Carpets. We promise you heavier stocks, larger variety in patterns and more "difference" and freshness than you have ever found, or can find anywhere in the district.

Many of the patterns and designs that we show are made up exclusive to ourselves and bear our own label. Feeling confident that our variety and values will bear the closest inspection, we look forward to an increased trade in Carpets for the season of 1899.

—Axminster Carpets with borders at $1.00 per yard.
—Wilton Carpets, with and without borders at $1.00 to $1.45 per yard.
—English Brussels Carpets, with and without borders, at 75c., 85c., 90c. and $1 00 per yard.
—Tapestry Carpets, handsome floral designs at 25c., 30c., 35c., 45c. and 50c. per yard.
—Best quality All wool Carpets at 60c., 75c., 85c. and $1.00 per yard.
—Union Reversible Carpets at 20c., 25c., 30c., 35c., 45c. 50c. per yard.
—English Oilcloths, choice patterns, at 25c., 35c. and 50c. per square yard.

TOLL OF HUMAN LIVES.

Eighty Claimed From the Tourist Steamer Stella.

MORE WRECKS AND COLLISIONS.

Two Str. Southwestern Also on the Rocks—Str. Drowned From a French Fishing Smack—The Heathpool Run Down and Eight Men Lost—The Ethelhilda Sank the Collier.

Southampton, April 3.—Of the 140 passengers on the tourist steamer Stella when she sank at Casquet Rocks in the English Channel, 102 were accounted for on Saturday. It is believed that nearly all of the crew of 42 perished, making a total of 80 lost. The small boats are still missing.

Probable Loss of Sister Ship.

Southampton, April 3.—The London & Southwestern Railway Company's steamer Southwestern, which was sent to search for bodies of the victims of the wreck of the same company's steamer Stella, which sank after running on the Casquet Rocks on Thursday afternoon, went ashore on Friday night. The message said the Southwestern was ashore in that vicinity with her hull stove in. The crew remained on board.

Six Were Drowned.

Dover, Eng., April 3.—A French fishing smack, which was off Dover Friday evening, was in collision with an unknown vessel. Six of her crew were drowned.

The Heathpool Run Down.

Brighton, Eng., April 3.—The British steam collier Heathpool, from Sunderland for St. Nazaire, France, was run down and sunk on Friday evening off Beachy Head. Only one of her crew of 16 men was saved.

Seven of the Crew Were Saved.

Dover, Eng., April 3.—It developed later in the day that it was the collier Heathpool which sank on Friday evening off Beachy Head, which was in collision with the Ethelhilda. The collision occurred at 10 o'clock in the evening. The Ethelhilda saved seven of the crew of the Heathpool and has landed them here.

The Pontos Sunk.

Brighton, Eng., April 3.—The German steamer Pontos, from Rosario about Feb. 24th, has been sunk in the Channel after being in collision with the British steamer Star of New Zealand, which arrived at London on Feb. 28th, from Wellington, N.Z., and which was outward bound. The boats of the Star of New Zealand were stove in, and she is returning to London. The Pontos had on board a cargo of cattle, 1,000 sheep and a quantity of wheat. It appears that the Star of New Zealand ran into the Pontos during the darkness of the early morning, striking her amidships. Twelve seamen, who left the German steamer in a boat, were picked up exhausted, and have been landed here. The captain and 10 of the crew have been landed at Hastings.

WHO BROKE FAITH?

Paris Figaro Prints Official Record of Major Esterhazy's Trial.

Paris, April 3.—The Figaro published the official record of the military court which tried Esterhazy in August, 1898. It appears from it that Esterhazy was accused of sending three threatening letters to President Faure.

At the close of the evidence the president of the court put three issues to his colleagues, as follows: First, should Esterhazy be retired for habitual misbehavior? Second, was he guilty of a grave offence against discipline? Third, was he guilty of a grave offence against honor? The court voted on the first issue in the affirmative 3 to 2. The second issue was unanimously rejected, and the third was negatived by a vote of 4 to 1. General Zurlinden's letter transmitting the findings of the court minimised the verdict, pointing out the narrow majority against Esterhazy, and urged a light punishment.

The publication of the record has caused a sensation, and there is much speculation as to how The Figaro obtained it. It will be remembered that the issue of the report was limited. A copy was supplied to each member of the Court of Cassation, and each of the Ministers, and no other copies were to be had. The Government has ordered an inquiry to learn who has been guilty of a breach of faith.

TRIED TO KILL LOUBET.

Assassin's Bullets Hit and Killed the Wrong Man in Paris.

Paris, April 3.—A wealthy gentleman named Tourret was shot dead on Friday evening on the Bois de Bologne by a man who mistook his victim for President Loubet, to whom M. Tourret bore a striking resemblance. The murderer, whose name is Ozouf and who is 38 years old, is thought to be insane.

Who the Assassin Is.

Ozouf, the man who assassinated M. Tourret in the Bois de Boulogne on Friday evening, mistaking him for President Loubet, whom he resembles strikingly, is an electrical engineer who lost his fortune in the Panama smash. It is suggested that the mention of the Panama scandals in connection with M. Loubet's election is responsible for the man's idea of assassinating the President. The assassin fired two bullets into M. Tourret, who expired immediately afterwards. Ozouf was promptly arrested.

Photographing the Stomach.

Berlin, April 3.—Drs. Lang and Meltzing describe an apparatus they have invented for photographing the interior of the stomach. The foremost end of the stomach tube contains a microscopic camera and an electric light. When the stomach is emptied and filled with air, the apparatus photographs the most secret recesses. The negative is about the size of a cherry stone, but can be enlarged.

Bulgarians Whipped Turks.

Vienna, April 3.—A serious collision has taken place between Bulgarians and Turkish frontier guards at Kozyl-Agob, between Jamboli, Eastern Roumelia, and Adrianople, on the banks of the Toonja, 56 miles south of Jamboli. According to a despatch from Sofia, capital of Bulgaria, the Turks attacked a weak Bulgarian outpost, but the Bulgarians, aided by armed inhabitants, repulsed their assailants, after a four hours' fight. Both sides suffered losses of killed and wounded. The Turks, the despatch says, were seeking to secure a position hitherto held by the Bulgarians.

TROOPS RESTING.

The Americans Are Figuring Out the Real Meaning of the Recent Fights in the Philippines.

Manila, April 3.—The American troops under General MacArthur are still resting at Malolos, where everything was quiet yesterday. Hostilities elsewhere—so far as officially reported—have been limited during the last 24 hours to an occasional exchange of shots between the insurgents and the troops forming the lines of General Lawton and General Hale, extending from the waterworks to Lolonia. But this shooting has just been active enough to make the lives of the soldiers a burden, and to compel the officers to sleep in the trenches, clothed and in readiness to repel possible attacks.

Most of the Americans are becoming convinced that the backbone of the insurgent opposition is broken. There are numerous rumors pointing to an early collapse of the insurgents' action. One of these is that General Pio del Pilar, the best fighter among the Filipino officers, will desert Aguinaldo and give his support to the Americans.

The Spaniards, reasoning from their experience of the natives, refuse to believe that the rebellion is anywhere near put down. They declare that the Filipinos will not take their defeat at Malolos, with the loss of the city and the removal of their so-called government, seriously to heart. On the contrary, the Spaniards predict that the insurgents will hover near the American lines, bothering them as much as possible, and when attacked in force, dissolve, only to reappear at other points. This sort of tactics—the Spaniards say—will be followed until the wet season compels the Americans to be housed in barracks, and then the Filipinos will return and re-occupy such towns as the United States troops do not garrison. With the next dry season a repetition of the present operations will begin. Time alone will show how much is in this theory; but, as against it, it must be borne in mind that the Spaniards in all their domination of the Philippines never gave the inhabitants a demonstration of power comparable in effectiveness to that given them by the Americans.

WHAT AGONCILLO SAYS.

The Capture of Malolos Is Not so Important After All.

Paris, April 3.—Agoncillo, the agent of Aguinaldo, in the course of an interview published in La Patrie, says:

"The capture of Malolos is not as important as the Americans are trying to make it appear. The Filipino Government had already determined upon removal to San Fernando, and a small detachment of troops was left with orders to burn the town and thus to draw the Americans inland. Two months of rain and fever will save the Filipinos their ammunition and a good deal of trouble, and the war will not end while a single Filipino remains to bear arms." He charges Major-General Otis with opening hostilities, and holds the Americans responsible for the transfer of the Spanish prisoners and for preventing the Filipinos negotiating a treaty with Spain. Agoncillo is confined to his room with the influenza.

LIST OF CASUALTIES.

General Otis Cables the Names of Victims of the Campaign.

Washington, April 3.—Following is General Otis' casualty report from Manila:

The following deaths have occurred since last report:

March 25, Thomas F. Whiteside, private 1st Colorado, dysentery; 28th, Adolph Kolpf, private 1st North Dakota, drowned accidentally.

Deaths from smallpox—25th, Edward Pratt, private 13th Minnesota; Wallace Bolin, quartermaster-sergeant 51st Iowa; 26th, Frank A. Martin, private 23rd Infantry; 27th, Nelson McKellar, private 1st South Dakota; 28th, James O. Stovall, private 6th Artillery.

From wounds in action—25th, David Campbell, private 1st Washington; 26th, Robert Brown, private 1st Montana; John Miller, private 22nd Infantry; William G. Courtney, private 1st Washington; George H. Fortson, captain 1st Washington; 28th, Mat Sumers, private 1st Nebraska; Lee Forby, captain, 1st Nebraska; 31st, Charles Preachers, first sergeant 1st South Dakota; William May, private 1st South Dakota; W. H. Heasperling, corporal 3rd Infantry; Fred. H. Wheaton, private 1st Montana; Joseph Wahl, private 20th Kansas; April 1, George A. Taylor, private 10th Pennsylvania.

FACTS ABOUT THE BRITISH NAVY.

What the Unique Naval Building Record of 1899 Is to Be.

London, April 3.—Some striking facts about the navy are attracting attention. The year 1899 will be unique in British records, for not only will the personnel reach 110,640 men—twice as many as ten years ago—but no fewer than 50 warships of different types will enter the navy ready to hoist the pennant for action. These include the five great battleships, Albion, Canopus, Glory, Goliath and Ocean, totalling 54,750 tons, and costing $5,000,000; 14 protected cruisers and 31 unprotected ships. Moreover, six new armored ships will be begun, making a total of 32 armored vessels, 17 protected vessels and 49 unarmored vessels completing, advancing or beginning. That is, 1899 will see the stupendous number of 98 British warships under way, representing an outlay of $175,000,000.

Mr. Chamberlain's Brother Dead.

London, April 3.—Mr. Richard Chamberlain, brother of Mr. Joseph Chamberlain, Secretary of State for the Colonies, died in London yesterday afternoon.

The late Mr. Richard Chamberlain at one time represented the West Division of the Borough of Islington, London, in Parliament, in the Conservative interest. Since his retirement he had devoted his attention to managing the extensive Chamberlain properties at Birmingham.

Preparing for War.

London, April 3.—A despatch to the Exchange Telegraph Company from Bucharest says that there is a general impression there that Turkey is actively preparing for war with Bulgaria. Trains laden with war material are constantly running from Constantinople to Adrianople.

Judge Finkle's Easter Egg.

Woodstock, April 3.—Judge Finkle has succeeded in proving to the satisfaction of the officials of the New York Life Assurance Company that Charles Miller is dead, and he has received a cheque for $13,167.10, which includes six years back premiums which have been paid since Miller died, and one-half the premiums for the preceding five years, under the terms of the contract in the policy, which was of the mortuary return species. The judge paid $1,190 in premiums.

May 24 in Washington.

Washington, April 3.—The committee on civic parades for the peace jubilee, to be held here in May, took action on Saturday night, looking to a formal recognition of Queen Victoria's birthday. The big parade is to be held on May 24 and a committee was appointed to wait on Ambassador Pauncefote and arrange for some appropriate ceremony on the Queen's anniversary at the demonstration here.

An Ontario Man Killed.

Boston, April 3.—A man killed by an express train at Medford Friday night was identified yesterday as John E. Pattengale of South Lancashire, Ontario. A brother-in-law, A. J. Ulley of Newburg, N.Y., confirmed the identification by telegraph, and to him the body will be sent. Pattengale was once an ordained clergyman at Montreal, but business reverses caused him to drift about earning a precarious living. Among his effects were letters from President McKinley.

Wild West Showman Shot.

New York, April 3.—Samuel Haller, a ticket seller with Buffalo Bill's Wild West Show, was shot and probably mortally wounded yesterday afternoon in W. J. Featherstone's saloon. The shot was fired by William H. Holland, 33 years old, a guest at the St. Cloud Hotel. Holland is said to be a Montreal bookmaker. He made his escape and at a late hour last night had not been arrested.

Taxing Unmarried People.

Paris, April 3.—Since January a tax of 25 francs has been levied upon unmarried natives of Madagascar. Women of 31 years of age who are not mothers of children are taxed 15 francs. Each legitimate child is subject to a tax of seven francs, and for every illegitimate child a tax of 50 francs is required.

New Spring Dress Goods...

The beautiful brightness of Spring has overspread our DRESS GOODS SECTION. Workers have been busy with the New Goods coming in. They are ready for your viewing. There are many old friends newly beautiful. Many others that have not been seen before.

A showing that will interest women-folk universally—These suggestive hints of Fabrics and Prices:

New Whipcords in castor, grey, blue and green mixtures, 2 dress lengths of a colour, per yd. .75

Poplins in solid colours of this season's newest shades, and also in the double colourings, wear warranted, per yard..... .50

Another lot of Fine Venetian Suitings in rich, new colourings, bright "satisfactory wearing" finish, per dress 5.95

Striped Castor Suitings of fine All wool Worsteds, 48 inches wide, special this week... 4.95

Many Lines and Strong Values Waiting to be Introduced to You. Come and See them.

R. H. KELLS & CO'S. OLD STAND.

"Like Diamonds Raindrops Glisten."

Drops of Hood's Sarsaparilla are precious jewels for the blood which glisten in their use, and, like the rain, disappear for the good of humanity. Each dose when taken is in a very short time thoroughly mixed with the blood and actively getting in its work of purification. Hood's never disappoints.

Running Sore—"My mother was troubled with rheumatism in her knee for a number of years, and it broke out into a running sore. She took three bottles of Hood's Sarsaparilla and is now well. Hood's Olive Ointment helped to heal the eruption." MRS. JOHN FARR, Cloverlawns, Ancaster, Ont.

Dyspepsia—"My wife suffered from rheumatism, dyspepsia and pains in her stomach. She had medical attendance but did not get relief. She read about Hood's Sarsaparilla and tried it. Three bottles entirely cured her. She is now a well and hearty woman." T. W. COVERT, Cape Sable Island, N. S.

Eczema—"I was run down with complaints peculiar to my sex. Large sores broke out on my body head and limbs. I could not do any work on account of the itching. My trouble was termed eczema and I doctored for it for a long time. I then tried Hood's Sarsaparilla and several bottles effected a cure." MRS. J. G. BROWN, Brantford, Ont.

Swellings—"I had a swelling on my chest. It caused me great pain and many sleepless nights. Physicians advised an operation but my daughter urged that I take Hood's Sarsaparilla instead. I did so and after using six bottles, the swelling went away and I have not had any more pains." MRS. J. W. C. CRONKWRIGHT, 433 Front St., Belleville, Ont.

Organs Affected—"I was run down in health and had spells of coughing which left me prostrate. My lungs, heart and kidneys were affected. Took Hood's Sarsaparilla upon advice and soon felt better. I continued the treatment and now feel like a new woman." MRS. SUMMERVILLE, 217 Ossington Avenue, Toronto, Ont.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

MONDAY, APRIL 3, 1899.

MR TARTE AND TRANSPORTATION

The Toronto World in steering between patriotism and partyism ship has to sail pretty close to the wind. In an article dubbing Hon. J. Israel Tarte "a right royal spend thrift" it does not feel like condeming Mr. Tarte's proposed public works per se, but it hints that his promises are for election purposes. Mr. Tarte's programme is a magnificent one and will necessarily cost money, and for the purpose he has in view the expenditure should only be limited by the available financial resources of the country. Mr. Tarte's proposed expenditures for improving our transportation facilities are more fitting to be styled investments than mere expenditure. Within reasonable limits too much money cannot be spent in improving our transportation routes. Transportation is the key to our future greatness. We have unlimited resources, transportation is what is primarily lacking to make them tributary to a national growth, to which the past growth of Canada will be but a beginning. The peopling of our great Northwest, and the commercial greatness that will arise therefrom, has a direct bearing upon the older portions of the country, whose market for industrial products will be increased in direct ratio to the increase of population. Increase of population in the Northwest is dependent upon the facilities of transportation to permit the products of these fertile acres reaching the best outside markets. The ready and speedy access to these markets that is indispensible to our national development is dependent upon the improvement and perfecting of our internal system of transportation. Once open the way wide, get these products to the seaboard, and the rest is easy. This is the goal Mr. Tarte is aiming at; and it is a grand conception, one worthy of a statesman, one worthy of the national interests it is intended to serve. It will be admitted that our transportation facilities cannot be too much improved, and that it is the part of wisdom to spend all the money upon them we can afford. And what we can afford need not be two timorously considered—"the game is well worth the candle." The country was aghast at the tremendous expenditure made upon the Canadian Pacific Railway, and now many who almost shuddered at the responsibility the country was assuming are willing to acknowledge the wisdom of what at one time appeared a chimerical undertaking. So it is with the transportation improvements proposed by Mr. Tarte. We may seem to think now that we can't afford them; but the vistas of growth and development they open are very tempting. True statesmanship is creative. The question to consider is: shall we create conditions that will compel national growth, or shall we let progress make its way by the mere force of commercial inertia, slow, of course, like the resistless advance of a glacier?

At Last!

A Remedy has been Discovered that will Permanently Cure Catarrh.

JAPANESE CATARRH CURE CURES.

This is not merely the words of the makers of this remedy, but the assertion is backed up by leading physicians and the honorable testimonies of hundreds of cured cases. And even there is an absolute guarantee to every 50 cent package, or money will be refunded. We will also send a free sample trial quantity free to any person suffering from this disease and dreaded Japanese Catarrh Cure is a new discovery, being a prescription purchased by one of America's most successful specialists in treating this disease. It is a soothing, penetrating and healing remedy, prepared from vegetable compounds of healing and cleansing nature to be inhaled by the nostrils. The head of the fly sends it into the very cell of the most obscure cavities in the diseased nasal passages. It soothes and heals the inflamed membranes of the throat, removes the cause, stops the droppings of the head, and the fumes of catarrhal disease. Mr. Joseph Little the well-known mill owner of Port Hastings, N. S., writes: "Japanese Catarrh Cure completely cured me of catarrh, which had troubled me for 15 years, during which time I used many remedies and consulted the best physicians in Canada and New Brunswick. I have also used Japanese Catarrh Cure on several members of my family with the same success." Japanese Catarrh Cure is sold by druggists, or sent by mail on receipt of price, 50 cents. Sold by C. Mack & Co., druggists, Peterborough. Ont. Agents wanted. Write for terms. Address, The Griffin & Macpherson Co., 24 Church street, Toronto.

EDITORIAL NOTES.

THE Great Stretcher, says the Bobcaygeon Independent, informed the House on Monday that it "was the traditional policy of the Conservative party to put the country before party." You dear old darling, you! For goodness sake, now, don't blow out the gas when you retire.

AMONG the bills passed by the present Legislature is one that has considerable municipal interest. It takes away the power of a municipal council to grant exemption to manufacturing concerns without submitting the question to the vote of the people and securing their approval. Our own council rather stole a march upon Mr. Patullo, who promoted the measure, by passing by-laws on Thursday evening last to exempt two important manufacturing concerns from taxation.

THE Review on Saturday devoted nearly a column of its space in the endeavour to discredit THE EXAMINER in appealing, in effect, to Conservative members along the route of the Trent Waterway to ignore party considerations to the extent of supporting Mr. Tarte in his friendly attitude towards the work. No appeal was intended to spare Mr. Tarte from the criticisms which his opponents direct against him personally. He is so well able to take care of himself that such an appeal is not needed. Those who attack him will find that they will not only catch a Tarte, but also the proverbial Tartar. Let he Conservative members along the route of the Trent Waterway "pitch into" the Minister of Public Works all they like on general principles, but in respect of the work in question they should give him their support. It is not a mere party question. The Opposition to the Trent Waterway is not of a political character. Sectional interests are largely at the bottom of the opposition to it, generally irrespective of party considerations, and it behooves all friends of the work, no matter how they differ on other issues, to present a solid front on this subject.

PULPWOOD POLICY.

Hon. Mr. Gibson moved the ratification of the agreement with the Sturgeon Falls Pulp Company.

The agreement provides that the company must buy out the property of the Ontario Company and produce 5,000 tons per annum. The company, which is composed of English capitalists, must erect a paper mill to cost $1,000,000, turn out 30,000 tons of paper a year and employ 240 people. Of the amount to be expended $250,000 must be expended in eighteen months, $500,000 in twenty-four months, and the rest in three years. In return the Government gives the company the right to cut and remove spruce, poplar, tamarack, jackpine, along Sturgeon river and tributaries.

In presenting the report Hon. Mr. Gibson dwelt upon the importance of the industry, and the employment of workingmen which would result from the contract into which this company had entered, and proceeded to outline the Government's policy in regard to pulpwood. The price of pulpwood was fixed at 20 cents a cord, but it was liable to be changed at any time, the Government retaining entire control over the dues to be charged. Since he had been head of the department a condition was attached to every permit to cut pulpwood requiring the wood to be manufactured in this country. The Government had not deemed it judicious to deal with pulpwood on limits which had been disposed of.

GROWTH OF TRUSTS.

Buffalo Express.

The New York Journal of Commerce summarizes from advance sheets of its own year book what it regards as approximately complete statistics of trust organization in the United States. The word "trust" is used to include not only alliances of independent concerns acting under a common understanding for the purpose of defeating or regulating natural competition, but the consolidations which directly aim at that object. The figures given are startling. At the end of February these combinations numbered 303, while a year ago they aggregated 236. The total of stock and bonds of these concerns this year is $5,288,663,842, (billions) while last year it was $3,602,241,543. These figures show an increase over those of a year ago of 76 per cent. in the number of institutions, and 60 per cent. in the combined stock and bonded debt. The Census of 1890 gave the entire capital then employed in manufacturing and mechanical establishments at $6,525,000,000. This means that the total capitalization of these combinations is equal to nb ut 90 per cent of the entire manufacturing investments in 1890. If we eliminate the textiles from the total for 1890, the present capitalization of the monopolistic industries will be found about to equal the valuation given in the last census.

The most obvious comment upon these figures is that the industry of the United States, aside from textiles, is to a very large extent monopolized. The last year has forwarded this work more rapidly than any preceding period of the same length. It is true that a larger part of the present capitalization of these trusts is water, but, making due allowance for that fact and for any inaccuracy in the figures of the Journal of Commerce, the phenomenon is unparalleled in the history of any country.

NO SUFFERING IN CAMP.

From Dread Catarrh—Dr. Agnew's Catarrhal Powder Kills the Disease Germs and Cures the Distressed Parts—Relieves in Ten Minutes.

AH Leblanc, of St. Jerome, Quebec, says he used Dr. Agnew's Catarrhal Powder for an awful case of catarrh in the head and it saved him. He has 125 men working under him in the lumbering camps, and what it has done for him it has done for many of them. He buys it for camp use, puts his faith in it as the quickest reliever for colds in the head, and surest cure for catarrh. Sold by E. A. McDonald and Ormond & Walsh.

DYSPEPSIA CURE

DON'T NEGLECT

PAINTING

As soon as the job can be done. Never put off 'till to-morrow what you can do to-day.

One coat in time will save several.

Paint is the clothing of whatever it covers.

The cheapest way to keep a building is to keep it painted.

While you are about, it'll pay you handsomely to use our Paints, which will be found to be the most lasting. A single order will prove our claim.

Ready Mixed Paints of standard value. Pure White Lead, Oils, Turpentines, Glass, etc—none better—none lower in price.

Kalsomine and Colours. Paint and Whitewash Brushes, etc., reliable and right.

WARDE & HALL

Dealers in Hardware, Paints, Oils, Glass, Etc.

RESOURCES OF MANITOBA.

A Grant to the Northern Pacific Road—Statistics Showing the Growth of the Province.

Winnipeg, April 3.—Provincial Treasurer McMillan has concluded his budget speech in the Legislature. The estimates are very much the same as for 1898. The following changes are the principal ones:

Government estimates to receive, in addition to the regular subsidy, $200,000 from the school lands fund, about $50,000 from the provincial lands, an increase of $25,000 over last year, and $60,000 from land titles offices, an increase of about $10,000.

On the expenditure side, school grants are increased from $200,000 to $250,000.

Grants for public works are slightly increased, as also the cost of maintaining public institutions, caused by the growth of population; the grant for immigration is about the same as last year.

Estimated expenditure also includes aid at $1,750 per mile to the Northern Pacific, for the Belmont extension, and the C.P.R. for the Foxton and Rosios extensions.

Hon. Mr. Cameron laid on the table of the House on Saturday afternoon the annual report giving statistics and information respecting municipalities in the province for the year 1898.

Population of rural municipalities, unorganized districts, etc., 161,635; cities, towns and villages, 68,246; total population of the province, 229,881. According to the last census in 1891, it was 152,506.

Number of resident farmers in the province, 33,480; assessment, real and personal, rural municipalities, $48,134,980; assessment, real and personal, cities, etc., $31,455,619; farm laborers from the east, 1898, 5,000; acreage prepared for crop, 1899, 1,011,455; number of rural municipalities in province, 74; cities, 2; towns, 11; villages, 6; rural schools in operation, 1,009; estimated number of school children in rural districts, 40,199; in cities, towns and villages, 8,812; total revenue of the province, 1898, $936,609.61; total expenditure province, 1898, $837,-837.95.

NEWS NOTES FROM OTTAWA.

Government Will Take Charge of Food Products for Paris.

Ottawa, April 3.—The Department of Agriculture will take charge of all the exhibits of food products intended for the exhibition at Paris and make them part of a good Dominion exhibit. Those exhibitors whose exhibits are accepted will each have a chance to receive an award on the merits of his products.

Lieut.-Col. H. F. McLean of the 62nd St. John, N.B., Battalion, will probably be commandant of this year's Bisley team, and Capt. A. R. Helmer of the 43rd will likely be adjutant.

It is understood that the Government intends recalling about two-thirds of the military contingent from the Yukon. There are 206 officers and men, and all but 75, who will be left at Dawson, will be recalled.

The election for the Dominion House in the city of Winnipeg will take place on April 20.

The Quebec Succession Tax.

Quebec, April 3.—An important decision has been reached by the Quebec Government with reference to the succession tax. Hitherto the tax has been paid on the face value of the estate. Thus if a man left a legacy of $10,000, though he actually received only $9,000, he was compelled to pay the tax on the full amount, $10,000. A complaint based on the above incident was made to the Government. Hon. Mr. Marchand, after consultation with the law officers of the province, came to the conclusion that the cost of inventory and division must be deducted from the amount of such estate before calculating the succession tax, and all collectors of provincial revenue have been notified to that effect.

A TRUE STATEMENT

Ryl Foreman White, of the Hamilton Screw Works.

Hamilton, March 6.—If a vote of the people were to be taken to ascertain which is the most popular medicine on the market, Dodd's Kidney Pills would lead by a large majority.

One of the latest cures by that grand remedy is that of Foreman T. H. White, of the Screw Works here, who testifies that he was cured by Dodd's Kidney Pills of Kidney Disease of eight years' standing, after other medicines had failed.

Mr. White says: "One box of Dodd's Kidney Pills relieved me, four boxes cured me. Publish this statement if you wish. It is true in every particular."

MONTREAL TO BRANCH OUT.

A Scheme to Make It a National Port Under the Control of the Dominion Government.

Ottawa, April 3.—A large and influential deputation, representing Kingston and Montreal shipping interests, had an interview with the Premier and other Ministers on Saturday, with reference to the opening of the canals, the building of elevators at Montreal and other matters. The deputation consisted of Mr. A. McFee, president of the Corn Exchange; Mr. D. A. Watt, secretary Marine Underwriters' Association, and Messrs. John Torrance, C. Esdaile, W. Hewgill, Joseph Ward, R. W. Redford, P. A. Crane and D. A. Campbell of Montreal, and Mayor Ryan, Capt. Gaskin and Messrs. T. Elliott and E. J. B. Pense of Kingston. The Ministers who received the deputation were: Sir Wilfrid Laurier, Sir Louis Davies, Hon. A. G. Blair, Hon. J. I. Tarte and Hon. R. R. Dobell.

The first matter discussed was the date for opening the canals, the deputation urging that it should be earlier than May 1. On this point the Premier said that, while he could give no positive promise, he would say that, if navigation opened before May 1, there would be no difficulty, he thought, about the canals.

The deputation then took up the question of Montreal harbor and pointed out that the completion of the canals and the deepening of the ship channel between Montreal and Quebec would make very great and important changes in the business of Montreal, and it was strongly urged that it should be made a national port, under the control of the Dominion Government, which should build elevators, provide terminal facilities for both railways and steamboats, and generally put the port on such a footing that it could compete successfully with ports in the United States. The deputation opposed the alienation of any harbor or Government property to any corporation and urged that the improvements in the harbor should be controlled by the Dominion Government for the benefit of the whole Dominion, as the lowering of charges at Montreal and the increase of terminal and shipping facilities would be in the interest of the producer, by assisting him to get his produce to the best market at the least cost. It was also urged that, in building elevators, they should be located so as to be easily accessible to the Intercolonial Railway, so that, after the close of navigation, cargoes might be shipped via the Intercolonial from Halifax or St. John.

Sir Wilfrid Laurier, in replying, said that he would promise that no alienation of harbor or Government land should take place without parties interested being notified, and that all the other matters referred to should receive the careful consideration of the Government

Doctors Testify.

There is strong testimony by eminent physicians of wonderful cures made by Dr. Chase's Family Remedies—particularly Dr. Chase's Ointment.

What o' Body Says Maun be True.

That's right, we've tried yer famous Japan Tea at 25 cents per pund and will say after tastin it, we are perfectly delighted wi' it—lang an' sair we tried to get this tea, we like ye Coffee, but gie me yer good Japan Tea, it beats all. After takin' a couple o' cups I'm brichtened richt up and ready like a bird to sing and get my work done. Ilka time I come to see you I'm spendin, spendin my siller, yer wares are sae nice lookin an I'm aye needin, needin, ye see we has quite a family; our teeth fairly waters when you begin to rin off yer string o' bargains, 5 pun o' fine Japan or Black Tea $1; 25 bars of Soap $1; 12 boxes Cream Sodas $1; 25 lbs. Sugar $1; 12 bottles best Pickles $1; 10 bottles Catsup $1; 10 glasses Jelly $1; 3 lbs. Cut Coffee $1; 10 Brooms for $1; 24 pkts. Flower or Vegetable Seeds for $1—cheapest and best.

THE ODORLESS CREMATORY CLOSET.

I have been appointed Sole Agent for the Odorless Crematory Closet manufactured by the Crematory Closet and General Heating Co., of Hamilton.

This Closet has found a place in many of the best homes in the province, and all who have used it cannot speak too highly of its merits. Medical men speak of it from a sanitary point of view, claiming that, if health is any consideration, no home should be without one. Here are some of the

TESTIMONIALS.

Alliston, March 31st, 1898.

I have had one of your "Crematory Closets in use now for several weeks and am glad to be able to say that I have found it entirely satisfactory in every respect. I have not been able to detect the slightest odor from it at any time and would not be without it. I am sure it must prove a great convenience to people in the country and in towns where water is not obtainable. Yours respectfully, JAMES CONWAY.

Sheddon, February 28th, 1898.

I have used it for sometime and find it perfectly odorless. It is a long felt want and I believe it will become very popular especially in rural districts, towns and villages where wells are so frequently contaminated by the ordinary closets. I am, yours, etc. W. H. MORRISON

Medical Superintendent's Office, Sept. 20th, 1897 Asylum for the Insane, Hamilton.

Gentlemen: I had the opportunity of witnessing yesterday the operation of your Odorless Crematory Closet. It had a large accumulation of fecal matter in the pan when the fire was started, and inside of 10 minutes it was all reduced to ashes. There was no odor before or during the operation of consuming the fecal matter, as the ventilation by the flue seems to carry off all odor at once, believe it has a chance to vitiate the surrounding atmosphere.

Yours truly, JAMES RUSSELL, M.D.

Elmbrook, Sept. 20th, 1897.

Dear Sirs—Having been present at a private test of your new patent closet yesterday afternoon, I beg to express my satisfaction with it in every way. Neither before, during or after the burning out of its contents did I detect the slightest unpleasant odor. I am satisfied it will be a boon to thousands in rural towns, villas and country houses. Yours truly, M. J. MULLOOK, M.D

ADAM HALL.

IMPERIAL LIFE INSURANCE CO.

OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. It **Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. Its **Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. Its **Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. Its **Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. Its **Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

Perhaps you would like to consult several physicians about your condition. Write us freely all the particulars in your case. You will receive a prompt reply.

Address, DR. J. C. AYER, Lowell, Mass.

THE LEGISLATURE

Prorogation of the Ontario Assembly on Saturday.

A MERELY FORMAL CEREMONY.

His Honor the Lieutenant-Governor Appeared to Have Recovered His Health and Spirits—One Hundred and Twenty-One Bills Receive the Royal Assent—A Last Piece of Business.

Toronto, April 3.—The Ontario Legislature was prorogued on Saturday afternoon by Sir Oliver Mowat. The proceedings were of a very formal character, and were witnessed only by a comparatively small number of persons. His Honor, clad in his gubernatorial uniform, arrived with characteristic punctuality, attended by his private secretary, Commander Law, and his A.D.C., Lieut. Elmsley of the Royal Canadian Dragoons. Sir Oliver Mowat appeared to have almost recovered from his recent spell of sickness, but supported himself as he walked in and out of the chamber upon a stout walking stick. His Honor was received at the main entrance to the Parliament Buildings by a guard of honor composed of 100 men from the 48th Highlanders, under the command of Capt. Michie.

Ontario and Rainy River Railway.

The Attorney-General wished an alteration in the resolution re aids to railways.

Mr. Hardy wished the grant made on the previous day to the Ontario & Rainy River Railway transferred to that portion of the railway extending from its junction with the Port Arthur, Duluth & Western Railway, for a distance of 35 miles in a westerly direction, and that the time for complying with the conditions on which the grant was made be extended for three years.

The leader of the Opposition heartily approved of the suggestion.

Then the bill in its various stages, with the concurrent resolution, was law in a few minutes.

A few minutes afterwards, Sir Oliver Mowat, in state uniform of gold braid and with the blue and red sash of K.C.M.G., with the usual formalities took his seat upon the throne.

Assist Clerk Sydere then read the titles of the 121 bills which the House had passed. To these bills the royal assent was announced by Col. Clarke, clerk of the Legislative Assembly.

The Speaker addressed His Honor, told of the House having come to the close of its labors, expressed sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government and presented the formal bill granting to Her Majesty money to defray the expenses of civil government for the year 1899 and for other purposes.

To this bill the royal assent was announced by the clerk of the House.

The Prerogation Speech.

His Honor the Lieutenant-Governor then, in a clear voice, read the following speech:

Mr. Speaker and Gentlemen of the Legislative Assembly:

In dismissing you from the arduous labors of the session, I have to thank you for the attention given to the public duties imposed upon you and for the valuable legislation which I have just sanctioned.

I cordially approve of the measures adopted for supplementing the revenues of the province. By the act of last year, which required the manufacture of sawlogs in Canada, it was inevitable that the receipts from the Crown Lands Department would be impaired, and, when to the probable loss of revenue is added the expenditure arising from the increase of population and the growing needs of the people, the public interests required that provision should be made for all necessary expenditure and for the maintenance of the financial standing of the province. I am glad that you have been able to effect this by a moderate tax upon the accumulation of capital and by a reasonable increase in the duties upon distillers', brewers' and liquor licenses. It is gratifying to believe that the taxes imposed will not be burdensome to any of the classes affected.

I assent with much pleasure to the act respecting aid to certain railways. Since Confederation the energies of the Assembly have been directed towards the development of all sections of the province, and as a result of a wise and prudent expenditure of public moneys nearly all the outlying portions of the older settlements have been placed within easy reach of the markets of the world by the improved transportation facilities thus afforded. In order, however, that the agricultural resources of the northerly and westerly parts of Ontario may be opened up for further settlement and that the valuable mineral deposits now generally believed to exist in great abundance in the same districts may be brought within the possibilities of development and that the timber and other resources of those districts may be made available the further extension of our railway systems to those sections becomes necessary. I am pleased therefore to think that within two or three years access will probably be obtained by railway to agricultural lands in the Rainy River district and the mineral and timber lands lying between Rainy Lake and Port Arthur. I am also pleased to notice that through part of the railroad systems projected it is intended to place the capital of the province in direct communication with the tide waters of Hudson Bay, thus opening a new region to the energies of our own people and establishing a new highway between our own province by way of Hudson Bay and the northern territories of the Dominion.

The amendments which you have made to the Statute Laws of the province, and to the Municipal and Assessment Acts for the purpose of facilitating the administration of justice and rendering more effective the government of municipal corporations and for other purposes will, I am confident, be of material advantage to all classes of the community.

The acts respecting public schools, the amendments to the election laws, the further improvement of our mining industries, for the protection of our fisheries, and for the better administration of the game laws meet with my hearty approval.

I have with much satisfaction assented to an act for facilitating and lessening the costs of procedure by which workingmen who suffer injuries in the course of their employment may obtain such compensation as I am confident it is the desire of the Assembly they should receive. I have no doubt this act will greatly aid in securing to workmen and render less onerous upon employers the cost of recovering compensation in the event of such accidents as are incident to many of the industries of the province.

I notice that the private legislation this session has been unprecedentedly large, a fact which marks the ever increasing wants of an active population. These measures, some of which are of a very important character, bear evidence of having received careful consideration.

I thank you for the liberal appropriations which you have made for the public service. The supplies which you have granted will be expended with prudence and in the public interest.

The Provincial Secretary then said:

Mr. Speaker and Gentlemen of the Legislative Assembly:

It is His Honor's will and pleasure that this Legislative Assembly is accordingly prorogued.

PERHAPS MARR WAS MURDERED.

A Man Arrested on Suspicion—He Denies the Alleged Crime at Flint, Michigan.

Flint, Mich., April 3.—On March 21, Alexander Marr, an old man of parsimonious habits, living on his farm at Clio, Michigan, was found dead in bed. The local doctor said, as he viewed the body, "Heart failure." But the undertaker, Mr. Abe Goodfellow, who is also a mixer of drugs, said, "Foul play." He had found a bottle labelled chloroform on the floor of the house. The bottle he identified as one he had sold previously to one William Spears, who was a journeyman paperhanger, with headquarters at Clio.

The coroner held an inquest. The vital organs were sent to Flint for analysis. The enquiry brought out the facts that the night Spears bought the chloroform he hired a livery rig that was later seen in front of Marr's house.

This was Tuesday. On Friday Spears left Clio. At Birch Run he was arrested and lodged in jail. Marr is said to have once lived at Norfolk, Ont., where his wife and daughter reside. It is alleged that Marr had a separation from his wife. This document and $40 are missing from Marr's house. It is stated that Spears knew Marr in Norfolk, and one theory for the supposed crime is that Spears chloroformed Marr to get the papers of separation, but overcalculated the dose. Spears was examined here, but denied all knowledge of the crime. The police declare that they have evidence that Spears was in Marr's house the night the rig was seen before it, and that a piece of the label of the bottle was found in Spears' pockets and identified by the druggist.

Spears is said to have been formerly a resident of Georgetown, Ont., and was well known in Halton County.

GREAT BRITAIN KINDLY.

A Canadian Official Says the U. S. Will Get Undisputed Control of the Nicaragua Canal.

New York, April 3.—A despatch to The World from London says: A definite agreement has been arrived at between the United States and the British Government by which the United States will have complete and undisputed control over the Nicaragua Canal.

A statement to this effect was made to The World correspondent by a prominent official of the Canadian Government.

Shortly after the reassembling of Parliament a statement confirming this information will be made by Lord Salisbury.

No Right To Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50 cents, at J. Lynch's drug store.

HIS SORROW WAS IMMENSE.

But Not Too Great to Keep Him From Talking Business.

The following letter was recently received by the manager of a large German insurance company:

DEAR SIR—It is with deep sorrow that I take the pen to inform you that my dear wife, Annie Marie, nee Lindner, insured with you—you will find the number in your index—for the sum of marks 6,000, has died suddenly, leaving me in this world in the bitterest despair. This painful blow befell me this very day at 7 o'clock in the morning. Will you try to get for me the amount insured as quickly as possible? The policy bears No. 21762. I can say very seriously and very sincerely that she was a faithful wife and an accomplished mother. So that matters may proceed more rapidly I send you herewith an official certificate of her death.

Her illness has been very short; nevertheless she suffered very much, which rendered my sorrow the more intense.

I trust that you will help me in consoling myself by sending me very promptly the aforesaid amount, especially after having received my formal promise—and I make it to you this very moment—that when the time comes I shall insure my second wife for marks 6,000, double the amount of insurance of the defunct.

My sorrow is immense. However, the prospect that you will hasten to satisfy me sustains me in this terrible trial. In the hope that I shall soon receive the amount insured, I and my children pray you to accept, etc.

—Cote Europienne.

That Throbbing Headache.

Would quickly leave you, if you used D. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headache. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by J. Lynch, Druggist.

Children Cry for CASTORIA.

KILLED HIS SWEETHEART.

A Young French-Canadian Stabbed an Indian Girl to Death.

Toledo, Ohio, April 3.—A romantic and tragic story comes from Point Pelee, Ont. James Lablanche, a young French-Canadian, killed his sweetheart, an Indian girl named Olgo Postami. The Frenchman lived on the mainland and had not seen the girl during the winter. When he went to her home he learned that she had given her love to another, an American. He begged the young woman to take a walk with him. When they arrived at "Lovers' Rock," a spot made famous because an Indian chief had there murdered a French girl who refused to marry him, Lablanche is said to have stabbed Miss Postami. He threw the body into the lake and then drove the knife with which he had killed the girl he loved into his own heart, falling dead into the water after her.

HICKS-BEACH IS LUCKY.

His Revenue Exceeded His Estimate by £1,250,000.

New York, April 3.—The London correspondent of The Tribune says:

"The financial year which ended yesterday closed better than was expected. Sir Michael Hicks-Beach, the Chancellor of the Exchequer, has again been lucky. The revenue receipts during the year have exceeded his budget estimate by nearly £1,250,000. The abounding wealth of the propertied classes is again demonstrated by substantial increases in the yield from the income tax and estates' duties, and there is an expansion in the returns from excise and the postoffice.

INTENSE SUFFERING

FROM DYSPEPSIA AND STOMACH TROUBLE.

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, but not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered to my knowledge for years with dyspepsia. Everything he ate seemed to sour and create gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a fifty cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured.

There was no more acidity or sour watery rhings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe."

Stuart's Dyspepsia Tablets are made by the F. A. Stuart Co., of Marshall, Mich., and are sold by druggists everywhere at fifty cents per package.

Little book on stomach diseases mailed free, address, F. A. Stuart Co., Marshall, Mich.

DUNCAN & GREY

The Prejudice Against Prepared Paint

Yes, prejudice is the right word; that is, an opinion before trial. When one investigates fairly he is simply forced to the conviction that a paint composed of the best possible ingredients, selected by those who have special knowledge of their nature and their use, and then thoroughly ground and mixed by special machinery, is better than any one man and one stick can supply. Such paints are

THE SHERWIN-WILLIAMS PAINTS

They are not patent paints, nor chemical paints, but simply the best paints that unusual care, skill and experience can produce. "Paint Points" will make painting easier. It is sent free on request.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier at the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practising; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. Organs of every description at Wholesale Prices.

Big Bargains now on hand in slightly used Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

Ram Lal Tea. The Spot Cash.

Board of Trade.

The annual meeting of the Board Trade has been postponed until Wednesday evening next, when it is hoped there will be a large attendance of members.

Ready made articles suitable for Y. W. C. A. Bazaar at MRS. APPLEBY'S.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. Geo. Gumpricht, practical piano maker and tuner, with 20 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Fortnightly Club.

The meeting of the Fortnightly Club, advertised for to-morrow night is postponed until Wednesday week, April 12th. On account of the reader of the paper for the evening, Mrs. Wallis, suffering from a sore throat.

Salada Tea. The Spot Cash.

Burleigh Falls Summer Resort.

Mr. D. Grettan, proprietor of the Burleigh Falls Hotel and Summer Resort, arrived in town Saturday from Rochester, and took the railway train at noon on his way to Burleigh. Mr. Grettan has bought out his partner's interests in the hotel, and will commence at once to get ready for the season's business.

Bismark's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want those qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c., at J. Lynch's drug store.

A $65.00 watch and chain "free" to some customer at the Spot Cash.

For an Appetizer.

Drink a glass or a bottle (according to your capacity) of Copland's Ale or Porter, about half an hour before each meal.

Both are healthful aids to digestion. Pure ale is good for you; bad beer is unhealthful.

Kept in fine condition and an even, cool temperature in our cellars.

HENRY & Co.

Others may copy our method of advertising, but they cannot copy our clothing—they cannot touch the style and the low prices. They must charge higher prices for poorly made goods. Grafton & Co.'s clothing is the most up-to-date, the best made, the best fitting clothing made in Canada to-day, and selling, as we do, direct to you at the first cost, you save 20 cents on every dollar by buying direct from us. GRAFTON & Co., high-class clothing manufacturers.

Good Pictures.

In the window of Taylor & McDonald's Drug store may be seen a few very fine Water Colours by a prominent and well known American Artist. They are for sale. We will not attempt to critise them. We simply say they are truly artistic in every respect. The workmanship is that of a finished painter but the great charm is that indefinable something—atmosphere poetry, mystic and subtle quality that only the artistic soul can breathe into a picture. Go and see them once and you will surely go back again. 1d

Bradburn's Opera House.

Commencing Thursday next, Paul Cazeneuve, the young romantic actor, opens a three nights engagement at Bradburn's Opera House, with a complete scenic and electrical production of Goethe's immortal drama "Faust." As Mephisto, Mr. Cazeneuve had made a decided impression wherever he has appeared, and in many cases has been compared with the Veteran Morrison. The company is up to the standard, Miss Taylor as Marguerite is exceptionally clever, and Mr. Davis who will be remembered as "Duke de Richelieu" in the Guardsman, as "Faust" is seen to good advantage. "Faust" will be followed by the romantic comedy "David Garrick." The funny farce comedy "The Strategist," and the five act romantic drama, "Don Cæsar de Bazan." As this is the first time "Faust" has been produced at popular prices, it should prove a big drawing card for this popular young star.

HIGH COURT OF JUSTICE.

The Spring Sittings Open To-morrow Before Justice Robertson.

The Spring Sittings of the High Court of Justice open, to morrow afternoon at one o'clock before Justice Robertson. The following seven cases will be heard:

Young vs. Andrews—jury case—Wm J Young charges Harry T Andrews with seduction of Ellen Young, his sister, in 1897, and claims $5 000 and costs. The defendant denies that he seduced Ellen Young or caused her to become pregnant, and claims $5,000 damages for words alleged to be uttered by Wm. J. Young injurious to the reputation of the defendant. Daniel O'Connell for plaintiff; Geo J Sherry for defendant.

James vs Armstrong—Jury case—Florence James, an infant under twenty-one years of age, claims that W. H. G. Armstrong and his wife, Mary Ann Armstrong, wrote a letter to plaintiff's mother, charging plaintiff with alleged immorality. Plaintiff asks $1 000 damages and costs. Defendants deny writing the letter with any such meaning as plaintiff claims is expressed, and state that letter was written without malicious intent. E. B. Stone for plaintiff; Stratton & Hall for defendant.

Harper vs. Toronto Type Foundry Co.—Jury case. This case has been in the courts for some time. J. A. Harper sues for $2 000 damages as the result of alleged wrongful dealing on part of defendants. Defendants claim set-off equal to judgment obtained by them against plaintiff. A. P. Poussette for plaintiff; Ryckman, Kirkpatrick & Kerr for defendants.

The non-jury cases are as follows:

Sutton vs. Sutton.—Martha Sutton charges her husband, Edward Sutton, with adultery with one Minnie Stewart, and refuses to live with him. She asks that the court grant alimony and such other relief as the case justifies. The defendant denies the charges made. The parties live in Cavan. Dennistoun, Peck & Stevenson for plaintiff; E. P. Edwards for defendant.

Dover vs. Deane, Carruthers, Burnham, et. al.—This case arises out of the Burnham estate trouble. The plaintiffs, Annette and Violette Dover, claim that Henry Deane, Thos. Carruthers and John Burnham, as executors of the estate of the late Stephen Wood, were negligent in their administration and that $8,000 was thus lost to the plaintiffs. They ask that defendants be ordered to make an account of all their dealings as executors. The defendants deny all charges and claim that plaintiffs were well aware of all dealings. They ask that the case be dismissed. E. B. Edwards for plaintiffs; Hall & Hayes and Dennistoun, Peck & Stevenson for defendants.

Cook vs. Fiske.—Catharine Cook sues H. O. Fiske for $2,000 for alleged breach of promise of marriage. She claims that defendant promised to marry her in June, 1894. The defendant denies that he at any time agreed to marry the plaintiff. Stratton & Hall for defendant; Dennistoun, Peck & Stevenson for defendant.

Boyce vs. Boyce.—Stephen Boyce of Smith, asks for the re-conveyance to himself of certain lands deeded over by him to his son, F. A. Boyce of Smith, claiming breach of agreement on part of defendant. E. B. Stone for plaintiff; Stratton & Hall for defendant.

POLITICAL CARTOONS.

The Montreal Daily Star is publishing a set of cartoons entitled "The Bytown Coons," that are attracting world wide attention. They are unquestionably the most artistic productions of the kind that have ever appeared in any paper in Canada. Although for the most part they are akin on the Ministers, the members of the Cabinet have laughed over them to their heart's content as being full of fun and humour as no cartoons of the present day have. Sir Richard Cartwright and Sir Henri Joly have been particularly amused by these striking caricatures and have looked forward with keenest interest to every new issue. The demand for the Star with these cartoons has been beyond the publishers' ability to supply, and by special request the entire set of cartoons are being published on fine paper under special covers to meet the demand. The publishers are letting the public have them complete for ten cents as far as the supply will go. The sum of ten cents in stamps or silver sent to the publishers of the Montreal Star will, we understand, secure a complete set of the Bytown Coons, as the are now published. The Bytown Coons have already had a circulation of upwards of a million.

DAILY TEMPERATURE RECORD

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

To-day, 7 a. m. ..... 2° above zero

	Highest.	Lowest.
Yesterday	31° above	20° above

Geo. Ball

has removed to the rooms over Oak Hall formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3.50; why buy ready-mades? Every age and style is met—every desire is assured. Ladies' tailoring in all designs.—GEO. BALL, over Oak Hall. 30

Easter Cards
Easter Booklets
Easter Gift Books

Appropriate tokens of the season in beautiful designs of Art at the Peterborough Bookstore.

PERSONAL

Mr. and Mrs. Aaron Cox are at Clifton Springs.

Mr. Harry Philp is up from Colborne for a few days.

Mr. Vernon McGill is down for the holidays from Toronto.

Mr. and Mrs. C. B. Routley are visiting friends in Kingston.

Mr. W. L. Innes of Simcoe, is spending a few days in town with friends.

Mr. Will Borland of Toronto, is spending the Easter vacation with his parents.

Mrs. F. Post is home from Cornwall, visiting her parents, Dr. and Mrs. Nimmo.

Mr. W. A. Buchanan is down from Toronto, spending a few days with friends.

Mr. Robt. Fairweather leaves this evening to spend a couple of weeks at Clifton Springs.

Mr. Walter Davidson, who is now practising law in Durham, near Guelph, is home for Easter.

Mr. and Mrs. A. W. Brodie of Hespeler, are spending a few days with Mr. and Mrs. George Edmison.

Mr. Geo. Edmison, who spent Easter Sunday in town with his parents, returned to Woodstock this morning.

Mr. J. Sinclair Robertson of Toronto, returned to the city to-day after spending Sunday in town with Mr. Lionel King.

Miss M. Routley, of Moulton College, Toronto, is spending her Easter recess with her college friend, Miss Lena Bennett, Beamsville.

Mr. Milt Walker left to-day for Winnipeg, where he will again enter the employ of the Goold Bicycle Co. of Brantford. His brother Herb is in charge of the Winnipeg branch, and has been very successful this season, his average sales being ten wheels per day.

Mrs. Andrew Huycke of Hastings, is in town on a visit to friends. She is the guest of Mrs. Janet Huyck, Water street. She is remarkably brisk and alert, both mentally and physically, for a lady close to the four score mark in years.

A $65.00 watch and chain "free" to some customer at The Spot Cash.

Y.M.C.A. BAZAAR.

The Y.M.C.A. bazaar opens on Thursday next, at 2 p.m. High tea will be served from half-past five until 8 p.m., at which latter hour the musical programme will begin. The price of admission has been fixed at 10 cents, with an extra charge of 15 cents for high tea.

As the cause is such a worthy one it is expected that the attendance will be very large. Business men should make a point of dropping in for high tea on Thursday.

Many tables and booths have been arranged for. First is the table of useful and ornamental articles, where pretty gifts for anyone can be found and every taste suited. Then there is the Japanese room, beautifully decorated in Japanese style and conducted by Japanese ladies, who will serve delicious tea, coffee and cocoa, with pure cream and a biscuit for five cents. In the flower booth will be found the flower and beauty of the town attending to those who desire bouquets, flower-pot covers, ice cream or lemonade. At the candy booth will be found sweets for the sweet. The novelty table is to be looked after by the wives of Peterborough members, and either parties can therefor be attended to with neat. Novelties for the parlour, sitting room, bed room are to be found here. The children will be made happy at the doll booth, where dolls and their wardrobes are on sale as well as doll furniture.

Ladies will be in the Y. M. C. A. building on Wednesday from 10 a. m. until 12 p. m. to receive the articles for sale. Those sending refreshments will kindly do so as early as possible on Thursday. All kinds of eatables, cooked turkeys, chickens, cakes, jellies, salads, home-made bread, butter, pies and etc., will be thankfully received.

Lettuce and onions—The Spot Cash.

TRENT VALLEY ROUTE.

Deputation to Go to Montreal and Ottawa in Its Interest.

A meeting of the Executive of the Trent Valley Route Association was called, on Saturday evening, in the town clerk's office by the president, Mr. J. R. Stratton. Arrangements have been made for a committee of the association to interview the Montreal Board of Trade and the Chamber of Commerce, and it was decided that Messrs. Carnegie and Dumble wait upon those bodies, and that Messrs. J. R. Stratton and Mayor Morison, M.P.P., of Trenton, interview the Government at Ottawa. Unless the Ottawa deputation receives satisfactory assurances of a grant being placed in the estimates this session, a deputation consisting of representatives along the route from the Georgian Bay to the Bay of Quinte will wait upon the Government during the present session.

MONDAY, APRIL 3, 1899.

THE COUNTY UNION OF CHRISTIAN ENDEAVOUR

HOLDS ITS EIGHTH ANNUAL MEETING.

The Opening Session in the Y. M. C. A. Hall—Interesting Essay by Miss Detcher.

The 8th annual convention of C. E. for the County of Peterborough assembled in Y.M.C.A. hall this morning at 9.30. The president, Rev. J. E. Moore, Ph. B., in the chair.

Delegates were present from nearly all the societies in the County. An able address was given on Soul Winning by Rev. J. Bastow, M. A., after which Miss Detcher read an excellent essay which is given below, at the request of the convention.

A MODEL YOUNG PEOPLE'S SOCIETY.

Since a society or association consists of a number of individuals banded together for some special object it is obvious that attainment of that object must depend upon the faithful service of the members. A society will never rise above what the individual members are. A model society therefore will have model members, members who are thoroughly and intelligently acquainted with the organization and aim of the society, who have a general knowledge of the rules and methods of government of the church and of the lives of the men and women who have made the history of the church. In addition to this they will have familiarity with God's word, and of course the great essential the baptism of the Holy Ghost. In the model society there will be no do-nothings. Each member will find the department he can best work in and will throw his whole energy into the success of that particular work. He will never lose the idea of

PERSONAL RESPONSIBILITY,

although the work is relegated to sub-committee. Sociality will be prominent among the members—not of that mechanical, insincere kind that comes from the consciousness of being on a committee, but, rather, springing from the love of God and a real desire to help and bless our fellowmen, constantly manifesting itself in acts of kindness and deeds of love.

The president will form the broad plans for the society, taking a wide view of its work. He will be the connecting link between the society and the church, learning what the church would have the society do and seeing that it is done. If any committee is deficient in its work he will prod that committee and never himself do work that belongs to a committee. He will keep committees at work by seeing that executive meetings are bright and regular, and by insisting on full written monthly reports from each committee. He will study also to have some novel and helpful feature for each business meeting and, above all, to keep the society out of ruts. He will be

A MODEL TO THE SOCIETY

in all respects—in attendance, participation in church work, giving, etc. The vice-presidents will keep themselves well informed as to the work of their departments in other societies, ever on the look out for successful methods and standing by the side of the convenor to suggest and advise.

The Secretary will be an authority on parliamentary law, on the constitution, bylaws, etc., well informed on unfinished and new business, concise and accurate in his work, with a full knowledge of the work of the society and his responsibility for its success.

The finances of the society will be made a personal matter by the treasurer, who will suggest plans for meeting its financial needs, will endeavour to have the subscriptions all paid up, and will guard against wasteful expenditure of the funds.

The corresponding secretary will have the society correctly enrolled in the local, district, county and provincial Unions, for it depends upon the corresponding secretary as to what connection the society has with the different Unions. He will insist on communications being presented as soon as possible that he may send early replies and prompt reports.

THE LOOK-OUT COMMITTEE

will be the advertising agent of the Society. Through the Press Committee the Society will be brought to the attention of the public in the local papers. Announcements of church services will be placed in hotels and other public places, and, if possible, invitation cards and Bibles placed in hotel bedrooms. Systematic arrangements will be made to look after strangers and non-churchgoers.

The Prayer Meeting Committee will meet and prepare a special programme for each prayer meeting, and will see that the topic is never treated in the same manner at two consecutive meetings; will alternate new leaders with old, that former may have benefit of latter's experience; will not be afraid to assign work to members without asking their permission, assuming their willingness to do their duty.

Under the direction of the Evangelistic Committee whenever possible a special evangelistic meeting, or a series of meetings, will be conducted for

THE WINNING OF SOULS,

to Christ and the deepening of spiritual life of Endeavourers. The Sunday School committee will aim at having all the teachers and members of the S.S. Endeavourers, and will work hand in hand with the S. S. in all its undertakings.

For the Missionary committee, a special organization will be necessary, including treasurer and collectors for the contributions of members. Each mission field of the church will be represented by a member, whose duty will be to report at each missionary meeting the progress and success of the work in that field. Letters of cheer will be written to missionaries specially interested in, and replies read before the society. A Missionary library will be formed and circulated among the members. Home made maps and diagrams will be used in the meetings.

The convenor of the visiting and relief committee will be cheerful and tactful, one who is acquainted with the neighborhood or town and people. Will have systematic visitation, especially among the aged, the sick, and the poor. This committee will also join with the missionary in forming a sewing circle to

PROVIDE CLOTHING FOR THE NEEDY,

or boxes to be sent to various mission fields.

Temperance Committee will be a rescue band for personal work among those addicted to habits of intemperance, and will co-operate with the Sunday school in endeavouring to have all the young people pledged against the great evil.

The Literary Committee will announce the subject to be discussed and an outline for study two or three weeks before the meeting, that Endeavourers may cultivate taste for the best literature. Under this direction a special course of reading will be conducted, also systematic Bible study.

They will also seek to have publications of the society circulated widely that the members may have broader views of Endeavour work.

Social evenings in charge of the Social Department will be held as often as possible, care being taken to prevent formality or the formation of cliques. A profitable feature of the programme will be experiments in demonstration of some of the laws and forces of nature, such as analysis of some common substance, the examination of a flower, etc. All these gatherings will be made as informal as possible. The committee will, if convenient, arrange for an exchange of visits with a neighbouring Society, and will also once a year give a rousing

REUNION TO THE OLD FOLKS.

Under this department will be formed bicycle, walking, skating, etc., clubs, of which all the Endeavourers shall be members. Music is recognized as a very important feature. A choir and leader will conduct a short song service at the commencement of each meeting, and will provide all the musical numbers for the programme, seeking out and developing the talent of the members. Indeed in this or the other department it will seldom be found necessary to go outside the Society for help if we have only the eyes to discover it.

Immediately after election of officers the committees will meet and organize for work. Each committee will have its own special organization and each member given a definite work to perform. Committee meetings will be held regularly at least once a month, and in some cases more frequently, at the house of one of the members. Invitations will never fail to be given to all the Endeavourers to attend committee meetings, meeting of reading circle or club outing.

And who can estimate the influence of such a society. Its members go abroad into the every day affairs of life and their influence is felt everywhere, in business circles, among the poor and needy, in society, among sinful men, all will realize and confess this perhaps only in their hearts, that these young lives, whose foundations are built on the everlasting Rock of Ages, have indeed found the "Pearl of Great Price."

The evening session will be held in Charlotte street Church and will be addressed by Rev. E. S. Rowe, of Toronto.

EASTER SUNDAY AT THE CHURCHES.

THE GLAD FESTIVAL GLADLY CELEBRATED.

Special Services—Brightly Decorated Churches—Beautiful Decorations—Joyous Music.

EASTER AT ST. JOHN'S.

The Easter services at St. John's yesterday were of the bright and gladsome character in keeping with the day so celebrated throughout Christiandom. There were five services during the day, celebrations of the Holy Communion at 7, 8 and 10.15 a. m., morning prayer and sermon at 11 a. m., and children's service at 3.15 p. m., and even song at seven. The church was very tastefully brightened with flowers, the decorations, however, being chiefly confined to the chancel, which presented a very cheery appearance with its profusion of neatly arranged bloom.

Exceedingly appropriate sermons were preached by the rector, at morning prayer, and by Rev. W. Stevenson at even song. Both were on the subject of the resurrection, as the key note to Christian life and Christian hope. The music was of course special. In the morning Lloyd's Te Deum was sung, and the anthem was by Tours,—"God hath appointed the day." The solos were taken by Mr. Harold Clayton, D. Gordon, and Miss Lily Jackson. The communion service was that of Tours.

The afternoon sermon for children was largely attended, and an appropriate address was given by Rev. J. C. Davidson, who also conducted the service.

At the evening service Rev. E. W. Stevenson preached his last sermon, his connection with the parish as curate officially ceasing to-day. Though the excellent sermon preached was not of a valedictory nature, Rev. Mr. Stevenson prefaced it with a few personal remarks. He said it was difficult for him to realise that his relationship with the congregation and parish of St. John's, which had been so pleasant, had come to a close. He would not speak at length on the subject, and he hoped his reticence would not be construed into a lack of appreciation of the many kindnesses he had received at the hands of the congregation, which he wished to acknowledge as warmly as he appreciated them. He also appreciated the patience with which they had listened to his pulpit administrations, and he hoped that his work, imperfectly as he felt it had been done, would result in the advancement of God's Kingdom and the salvation and sanctification of souls.

At the evening service Rev. J. C. Davidson announced, with unusual gratification, his appreciation of the splendid Easter thanksgiving offering made on behalf of the fund for the conversion of the present school house into a parochial building suitable for the Sunday school, and all the needs in that direction of the parish. It was very gratifying for him to announce that the offering, which had been promoted entirely by the laymen of the congregation, amounted at the morning service to the handsome sum of $463 which, it was hoped, would by the evening's contribution, be increased to $500.

At the evening service the Rector's hope was more than realized, a sufficient amount having been contributed to swell the total Easter offering to some $506.

At a bright children's service in the afternoon a collection amounting to $38.68 was taken up in behalf of the Home for the Education of Indian Children.

An important joint meeting of the Girls' Guild and Kings' Daughters will be held to-morrow evening.

ST. PETER'S CATHEDRAL.

The services at St. Peter's Cathedral yesterday had the joyous character of Easter. There was mass at 8 and 9.15, and at 10.30 His Lordship pontificated, with the Rev. Fathers O'Sullivan as deacon and subdeacon, Ven. Archdeacon Casey as preacher. His Lordship also sang at Pontifical High Vespers in the evening.

The music during the day was special and specially good. In the morning Weigland's Mass was sung and the incidental solos were sung by Mrs. Geo. Ball and Misses Dunn, Bagley and Lewis, sopranos; Miss Kate Dunn, contralto; Messrs. A. McPherson, F. Dwyer and C. J. A. Duranceau, tenors; Messrs. J. Weir, J. Hanrahan, W. Pope and Jos. Picard, basses. At the offertory "Regina Coeli" was sung, with the solos taken by Mrs. Ball and Miss Dunn. At Pontifical Vespers Millard's "Magnificat" was sung, the solos by Misses Ball and J. Weir. Miss Lillie Hurley sang "Haec Dies"; and "O Salutaris" arranged as a quartette was sung unaccompanied by Miss Lewis, soprano; Miss Lillie Hurley, soprano; and Messrs. F. Dwyer and J. Weir as tenor and bass respectively. "Tantum Ergo," solo and chorus, was also sung, Mrs. Geo. Ball taking the solo in a specially effective manner. An orchestra composed of Messrs. A. McPherson and J. Picard, violins, and Ernie Hodgson and A. Picard, flutes, assisted the choir.

The church was beautifully decorated with blooming flowers and otherwise. The Sisters of the Congregation de Notre Dame, who kindly looked after the decorations, desire to thank Mr. Hall, of Richard Hall & Son, for the loan of beautiful palms and Mr. C. B. Routley for the loan of jardineres.

ST. LUKE'S CHURCH.

Easter was as usual joyfully celebrated in St. Luke's church yesterday. The congregations at all the services were very large, the music was appropriate and well rendered, and the church was beautifully adorned with flowers. In response to Mr. Symonds' appeal of the previous Sunday liberal contributions were sent in of both pot and cut flowers. Miss Bryson, although in Toronto, did not forget her church, but sent a large box full of the most beautiful white flowers, callas, roses, carnations, tulips and hyacinths. These were arrayed over the Holy Table along with two splendid vases of white roses from Mrs. Hamilton. The pulpit and font were also a mass of flowers. In the evening the rector thanked all, members of other congregations as well as his own, who had so liberally contributed to the beauty of the decorations.

Whilst the singing was uniformly good, Mrs. Chambers' magnificent rendering of Handel's "I know that my Redeemer Liveth" was the most inspiring feature of the day. Mrs. Chambers not only gave an admirable rendering of this exacting piece of music but sang with the utmost feeling and expression. Coming after the sermon on "Immortality," it seemed like the joyful respone of faith to the reason. By special request, Mrs. Chambers most kindly sang "But thou didst not leave His soul in hell" after the service, which was also greatly appreciated.

In the morning Rev. H. Symonds preached from the words "That I may know the power of His resurrection," and in the evening the text was "This mortal must put on immorality." Lieut. Col. Rogers read the lessons in the morning, and Mr. J. J. Turner, Jr. in the evening. In the afternoon, the rector drove to St. Mark's, Otonabee, and preached and administered Holy Communion, assisted by Rev. J. Bushell, to a good congregation there. He afterwards visited Mr. Mark Greystock, where he held a private celebration. Mr. Greystock, who is entering upon the thirty second year of his Church Wardenship, is at present confined to his room.

The offertories during the day were very liberal, and amounted to exactly $200. In addition to this, Lenten offerings amounting to $25 for Rev. J. G. Waller's church in Japan, and the Sunday School children's offering of $12.65 were made.

This evening the annual vestry meeting will be held in St. Luke's school house. The year's accounts will be presented by the church wardens, and other important business will be transacted. A large attendance is expected.

CHARLOTTE STREET METHODIST.

The Easter services in Charlotte street church were very interesting and profitable. The congregations were large at both services, especially so in the evening, when chairs had to be used in the aisles. The altar of the church was beautifully arranged with flowers by the kindness of Mrs. Hamilton. Mr. Crossley, the pastor, preached an appropriate sermon on the "Resurrection" in the morning, and in the evening gave a song sermon, in which he spoke of Christ's crucifixion, His resurrection, His coming again and His final kingdom. The music rendered by the choir was excellent and appropriate, and the services throughout were much enjoyed.

The music was as follows: Morning Anthem—"Thanks be to God who giveth us the Victory," Trio, female voices; Offertory, "Christ is Risen." Evening Anthem—"Jerusalem," solo by Miss F. Hall. Offertory—"Ride On, Ride On in Majesty," bass solo, Mr. George Harvey.

GEORGE STREET CHURCH.

The Ascension from Gounod's Redemption was magnificently rendered by the choir last evening. The solo was taken in excellent voice by Mr. G. W. Mulligan, and followed by the grand chorus "Unfold Ye Portals." A very beautiful solo entitled "Light of the World" was rendered by Miss Vina Belleghem, of Toronto Conservatory of music. The new sacred solo "Fear Not Ye," by Spross, was rendered during the offertory by Mr. Walden. The morning solo and chorus, "True Easter" by Mr. Mulligan and the gentlemen of the choir was rendered with splendid effect. The solo "Resurrection" by Shelley, was also well sung by Mr. Mulligan.

The words of "All Hail the power of Jesus Name" were sung to the music of the favourite hymn anthem "Royal Diadem" as an opening hymn in the morning.

The flowers with which the church was adorned were kindly loaned for the occasion by Mr. J. H. Cobb, who also arranged them.

ALL SAINTS' CHURCH.

The offertory in All Saints' church yesterday amounted to $179 00. There were 109 communicants—the largest in the history of the church. All the services were well attended. Jackson's "Te Deum" was sung and William's "Jubilate." The morning anthem was entitled "Awake Thou that Sleepest," Miss Mills taking the soprano solo in pleasing voice, the base solo parts being allotted to Rev. W. L. Armitage. In the evening there was a full choral service. The choir, as an evening anthem, sang "Christ our Passover," Mrs. Layfield taking the solo.

A GREAT RAILWAY COUNTRY.

Canada is rapidly becoming a great railway country. At the close of the last fiscal year there were 16,870 miles of railway in operation in the Dominion, in addition to 2,543 miles of sidings. The latter figures would about represent the railway mileage of Canada at the time of Confederation. The great Russian Empire, with a population twenty times as great as that of Canada, has only 25,756 miles of railway, so it will be seen that our railway progress compares most favourably with that of other countries in which the conditions are similar.

Chronic Eczema Cured.

One of the most chronic cases of eczema ever cured is the case of Miss Gracie Ella Aiton, of Hartland, N. B. On a sworn statement Mr Aiton says: I hereby certify that my daughter Gracie Ella was cured of eczema of long standing by using four boxes of Dr. Chase's Ointment. William Thistle, druggist, of Hartland, also certifies that he sold four boxes of Dr. Chase's Ointment which cured Gracie Ella.

Deadly Habits. The woman who is addicted to the terrible morphine habit knows that she is rapidly going down the steep hill that leads to death. There are thousands of other women rushing down the same incline, but they do not know it. They find themselves suffering from nervousness, headache, despondency, irritability, and a dozen other symptoms of female troubles. For relief they turn to the many alcoholic stimulants, malt extracts and other "compounds," so widely advertised to cure the ailments of women. These produce a false stimulation, and the sufferer finds herself compelled to take more and more as time passes, and soon becomes an unwitting slave to strong drink. What a weakly woman needs is Dr. Pierce's Favorite Prescription, which contains not a grain of opium or a single drop of alcohol or other dangerous stimulant. It acts directly upon the womanly organs, stopping drains, restoring displacements and having a wonderfully beneficial effect upon the general health. Suffering women who wish to consult Dr. R. V. Pierce himself can do so by mail, addressing him at Buffalo, N. Y. He makes no charge whatever for advice.

Mrs. Rena Hensel, of Massillon, Stark Co., Ohio, writes: "I had been troubled with chronic constipation and female weakness and doctored with different physicians, none of whom seemed to help me. I saw one of your advertisements, and I thought I would try your medicines. I did so and with good results. Took two bottles of Dr. Pierce's Golden Medical Discovery and one of his 'Favorite Prescription,' and I can say I am cured of my troubles, thanks to Dr. Pierce and his medicines. They do a world of good to those who give them a good trial."

If you want a book that tells about all woman's diseases, and how to treat them at home, send 21 one-cent stamps to Dr. Pierce to pay customs and postage, and he will mail you a free copy of his great thousand-page illustrated Common Sense Medical Adviser. For a heavier, handsome cloth-binding, 50 stamps. It is the grandest medical book for popular reading ever written.

CHINA ALARMED.

The Whole German Fleet at Kiauchou With Belligerant Intentions.

Pekin, April 1.—In consequence of the recent attack by natives upon a German patrol, a small German expedition is being landed at Ichau, a coast town, a short distance from Kiauchou. The presence of nearly the whole of the German fleet at Kiauchou, it is believed, indicates the possibility of extensive operations, and the Chinese, in consequence, are seriously alarmed.

The Tsung Li Yamen, in order to show its desire to remove all possible causes of friction, has dismissed three magistrates voluntarily, although the German minister, Baron von Heyking, has been constantly pressing for their disgrace.

The Yellow River Flood.

The fearful ravages of the Yellow River flood have caused terrible misery and great discontent in the Province of Shantung, and the native officials have been unable to maintain order. The landing of the Germans is intended to show the Chinese that if they are unable to control the populace it is necessary for the foreigners to protect themselves. The imprisonment of the German missionary near the German sphere of influence about Kiauchou is difficult to explain, as the place mentioned is within easy march of a German outpost. The Chinese fear the present operations will expand the German administration to the Hundred Lis sphere.

A LONDON CASE.

Proving the value of Dodd's Kidney Pills in Kidney Disease.

London March 20—Mr. Charles Dean, stableman at the City Hotel, comes forward to add his quota to the mass of evidence in favor of Dodd's Kidney Pills.

Mr. Dean states that he had for three years suffered from severe cutting pains in the small of his back. At times they were so great that he had to lie down to get relief.

Several remedies were used without benefit. A doctor prescribed for him, saying his kidneys were affected, but no good resulted.

Finally he took a friend's advice and used Dodd's Kidney Pills. The usual result followed. Three boxes cured him out and out.

A Tough Duck Too.

Mr. Wabash—That friend of yours is not a truthful man.

Mr. Gotham—Why not?

"He told me the other day that when he had work to do he took off his coat, rolled up his sleeves and pitched in.'

"Yes."

"Well, he had duck to carve today, and he came to the table with his coat on."—Yonkers Statesman.

Statesmanship.

Watts—After all, the best statesmanship is that which stops the numerous leaks always connected with public administration.

Potts—Yes, as long as things don't leak out a statesman can generally hold his job.

The Charm of Mystery.

"Your logic I can't comprehend,"
He murmured, with a sigh.
The statesman winked and said, "My friend,
In truth, no more can I.

"I sadly fear, I must confess,
If I were understood
And did not make the public guess,
That I would be no good."
—Washington Star.

WRECK OF THE STELLA

Tragedy Was Due to High Speed Kept Up Through the Fog.

SEVENTY LIVES WERE LOST.

Details of the Calamity Which Occurred at the Dreaded Casquet Rocks Near the Island of Alderney—Captain of the Stella Goes Down While Calmly Giving Last Orders.

Southampton, April 1.—The passenger steamer Stella, plying between this port and the Channel Islands, crashed upon the dreaded Casquet rocks, near the Island of Alderney, on Thursday afternoon, in a dense fog, and foundered in ten minutes, her boilers exploding with a tremendous report as she went down. It is believed that 70 persons were drowned. The coasting steamer Lynx, which brought the news of the disaster here, picked up four boats and 40 persons belonging to the Stella.

Details of the Calamity.

The Stella, which belongs to the London & Southwestern Railway Company, left Southampton at noon on Thursday, conveying the first daylight excursion of the season to the Channel Islands. There were about 185 passengers on board and the crew numbered 35 men. The weather was foggy, but all went well until the afternoon, when the fog became most dense. At 4 o'clock the Casquet suddenly loomed up through the fog bank and the steamer almost immediately afterwards struck amidship. The captain, seeing that the Stella was fast sinking, ordered the lifeboats to be launched. His instructions were carried out with the utmost celerity, and the women and children were embarked in the boats. Then the captain ordered the men to look after themselves.

A survivor states he and 25 others put off from the Stella in a small boat. The sea was calm, but there was a big swirl around the rocks. When this boat was a short distance away from the wreck the boilers of the Stella burst with a terrific explosion, and the vessel disappeared stern foremost in the sea.

Captain Died at His Post.

The last thing the survivor saw was the figure of the captain of the Stella standing calmly on the bridge and giving his last orders. The captain perished with his vessel, owing to the suction caused by the sinking steamer being very great indeed.

Continuing, the survivor referred to, said: "The suction was so tremendous that we thought our boat would be engulfed. I saw five boats and the collapsible boat, besides our boat, leave the wreck. They contained altogether between 80 and 100 passengers. Five of the boats were soon lost to view, but we took a boat filled with women in tow and the occupants of our boat took the oars in turn and rowed all night long until most of us dropped asleep, thoroughly exhausted.

A Welcome Steamer.

"We sighted a sailboat at 6 o'clock in the morning, but the Great Western Railway Company's steamer Lynx, from Weymouth, had meanwhile hove in sight. She bore down on us and took us all on board. She eventually landed us at Guernsey."

The Great Western Railroad Company's steamer Vera, from Southampton, picked up 40 of the survivors and landed them at Guernsey.

According to the latest estimates of the officials of the London & Southwestern Railway Company, not more than 70 persons were drowned, out of the 220 men on board the Stella when she struck on the rocks. Other reports, however, place the number of drowned much higher.

The disaster caused intense excitement on the Island of Guernsey and here. Many Guernsey families lost relatives. Up to noon yesterday 120 passengers had been accounted for, including J. Parton and his wife. Mr. Parton is the manager of the Western London office of the American line.

Later accounts say that the Stella had 140 passengers on board, and that her crew numbered 42 persons.

Scene Was Heartrending.

The scene at the moment of the sinking of the vessel was heartrending. Women were screaming and praying, and people were clinging to spars and other wreckage in all directions. Those who had succeeded in getting into the boats had a narrow escape from being engulfed on account of the suction caused by the sinking vessel.

The voice of Captain Rocks, from the bridge, was frequently heard urging the rowers to pull for their lives. The boats were adrift for 15 hours, during which time their occupants were without food or water, and, as their clothes were drenched, they suffered greatly.

The disaster is generally attributed to the high speed at which the steamer was travelling in the fog.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Sumner and Felton.

In the days of their great intimacy a certain grotesqueness of taste in Sumner made him the object of some good natured banter on the part of the other "Mutuals," says Mrs. Julia Ward Howe in The Atlantic. It was related that on a certain Fourth of July he had given his office boy, Ben, a small gratuity and had advised him to pass the day at Mount Auburn, where he would be able to enjoy quiet and profitable meditation.

Felton was especially merry over this incident, but he in turn furnished occasion for laughter when on a visit to New York in company with the same friends. A manservant whom they had brought with them was ordered to carry Felton's valise to the Astor House. This was before the days of the baggage express. The man arrived late in the day, breathless with fatigue, and when questioned replied, "Faith, I went to all the oyster houses in Broadway before I could find you."

THE ROYAL BOX.

Queen Victoria's annual trips to and from Scotland alone cost her close on $95,000 a year.

Emperor William's bed is narrow, almost a camp bed, but his sheets are of the finest linen, and he loves a silk counterpane. He goes to bed at 11, gets up at 5 and is restless and agitated during his sleep.

The Prince of Wales is following the example of the Duke of Wellington and saving garments which he has worn on special occasions. The prince's collection will be as interesting as the duke's store of ancient trousers and swallowtail coats.

Queen Wilhelmina goes to bed about 11 o'clock and gets up early. Like her father, on rising, she takes a stroll round the park and visits the stables. Her bedstead is of monumental size, being broad enough for six, and proportionally deep. It is whispered that her youthful majesty snores slightly.

Queen Natalie of Servia is following in the footsteps of Carmen Sylva, queen of Roumania, having secluded herself in a charming villa perfumed with the odors of roses near Florence. She is writing a romance of personal reminiscences which has its beginning in Servia and its epilogue in Biarritz.

Strengthening Weak Eyes.

What is said to be an excellent lotion for strengthening weak eyes is as follows: Four teaspoonfuls of boracic powder and a pint of boiling water. Put the powder in a jug and pour the water over it. Stir until quite dissolved, then put the solution into a bottle and keep well corked until required. When required, add a little boiling water to an eggcupful, with or without the addition of two teaspoonfuls of laurel or elder flower water, and bathe the eyes frequently with this, using a soft rag or fine sponge for the purpose.—New York Tribune.

Insect Notes.

The slow flapping of a butterfly's wing produces no sound. When the movements are rapid, a noise is produced which increases with the number of vibrations. Thus the house fly, which produces the sound of F, vibrates its wings 21,120 times a minute or 385 times a second, and the bee, which makes a sound of A, as many as 26,400 times or 440 times a second. A tired bee hums on E, and, therefore, according to theory, vibrates its wings only 330 times a second.

Women's Worst Enemy

Some hesitate before giving an answer, but those who know best will immediately say HEADACHE.

Thousands of women live in misery day after day, and week after week, suffering untold agony from these dreadful headaches. Husbands are disheartened, children neglected, and happy homes ruined. Most women strive to bear in patience the suffering which they consider part of life without looking into the cause or searching for relief. Food cannot digest without the bile which the liver supplies and hence the necessity of keeping the liver in good working order. To cure the headaches you must cure the liver and thus remove the cause of disease.

Dr. Chase spent years of his life in perfecting a medicine which acts directly on the kidneys and liver. Thousands of grateful women have testified during the past ten years to the effectiveness of this remedy for sick headaches. Many a home has been restored to happiness as a result.

Dr. Chase's Kidney-Liver Pills, the greatest discovery of this great scientist, are put up to sell at 25c dose for 25c. All dealers.

CHANGE IN BUSINESS.

A SAMOAN SETTLEMENT.

A Modus Vivendi Proposed and Accepted by the Three Powers Interested.

Washington, April 1.—A modus vivendi for the settlement of the Samoan troubles has been proposed and is now under favorable consideration by the three Governments concerned. It contemplates the creation of a joint high commission, consisting of one member from each country, to pass upon the recent clash of authority and resulting disorder.

The German Proposals.

Berlin, April 1.—The United States ambassador, Mr. Andrew D. White, visited the Foreign Office yesterday and informed the officials there that the latest proposals of Germany regarding Samoa had been favorably received at Washington. The attitude of the press is fair and moderate, though some of the newspapers are attacking the authorities bitterly, claiming that they are making too many concessions to the United States and Great Britain.

Mr. White Says Libel.

Berlin, April 1.—The German press having strongly intimated that Mr. White and the American Government showed bad faith when they recently assured Germany that conciliatory instructions had been cabled to Admiral Kautz, Mr. White has deemed it advisable to denounce this as a libel and as untrue, adding that neither the Washington authorities nor he knew anything of the Samoan bombardment sooner than the German Government.

A Bill a Berry.

Crimsonbeak—Our government always seems to do the right thing at the right time.

Yeast—What has it done now?

"Why, it has issued the new series of $1 bills just as the first southern strawberries have reached our markets."—Yonkers Statesman.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the SUN LIFE ASSURANCE COMPANY OF CANADA, has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

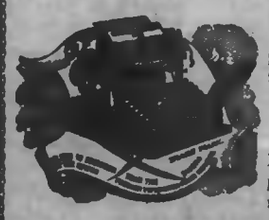
DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 95/100 dollars ($1264.95) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

J. MARSHALL HENDERSON.
Smith's Falls, Ont., 12th October, 1898.

W. H. HILL,
Manager, Central Ontario
160 HUNTER STREET.

Save Repair Bills



IN the purchase of a Typewriter do not lose sight of the fact that many machines are poorly and cheaply constructed and demand frequent repairs.

INCALCULABLE GOOD,

AN EXPRESSION OF FAITH.

Dr. Ward's Blood and Nerve Pills have done me an incalculable amount of good. I think they are the best, surest and quickest acting cure for nervousness, unhealthy action of the heart, insomnia or sleeplessness, anæmia or impoverished blood, loss of appetite, general debility and ill-health. For nine years, before I commenced taking Dr. Ward's Blood and nerve Pills, my heart was weak and in an unhealthy state. Its action was so much impaired that I could not walk across the street without suffering great distress, my heart fluttering and beating so rapidly that I could scarcely breathe, causing faintness, loss of strength, and leaving my nerves all unstrung. My sleep was very much disturbed, I had no appetite and there was little strength or vitality in my blood; I was always excessively nervous.

I have now taken three boxes of Dr. Ward's Blood and Nerve Pills and since taking them I have not been away from my business an hour. Before taking these pills it was a frequent occurrence for me to be away from business. As a result of taking Dr. Ward's Pills my heart is perfectly healthy and strong and gives me no distress or trouble whatever. They removed all nerve trouble, made my nerves strong and gave me healthy sleep. These pills also made my blood rich and strong and gave me a healthy appetite. Dr. Ward's Pills have given me perfect health, restoring my lost strength, in place of continual ill-health, weakness, heart trouble and nervousness. In justice I cannot speak too highly of this wonderful medicine. Signed, Miss N. Millward, Walton St., Port Hope, Ont.

Dr. Ward's Blood and Nerve Pills are sold at 50c. per box, 5 boxes for $2.00 at druggists, or mailed on receipt of price by THE DOCTOR WARD CO. Limited, 71 Victoria Street, Toronto. Book of information free.

TIBBS WAS ELECTED.

THE FLIGHT OF ORATORY THAT WON HIM A PAGESHIP.

Jimmie Was Not Bashful, and His Early Call on Senator Eldridge Gave That Gentleman an Inspiration in Words That Carried the Day.

Below is printed the noted speech of Senator Eldridge of Shelby in nominating Jimmie Tibbs, the Nashville newsboy, to be page of the senate. Senator Eldridge had made the newsboy's cause his own, though the little fellow came to him unknown, with no stronger supplicancy than the boy's frail yet energetic appearance. 'Senator Eldridge had notified the senate that the man who voted against Tibbs voted against the senator from Shelby, and the sweetness of revenge would come when the opposing voter wanted the senator's support on a local bill. The speech was as follows.

"Mr. Speaker, I nominate for page Jim Tibbs of Davidson county. There can be no ulterior motive ascribed to this nomination, no railroad passes, no *champagne suppers*, no political pulls. I come from the muddy Mississippi river and Mr Tibbs from the misty mountain tops of middle Tennessee. Mr. Tibbs has seen ten summers, but many, many winters have shed their snow on his sunny head. His freckled, anxious face is standing there gazing at me now. He is looking up now, but for nearly all his life he has looked down as he has shined the big feet of small men.

"Mr. Speaker, Mr. Tibbs is not here as a supplicant for pity or sympathy. Mr. Tibbs is a man and the head of a family. Mr. Tibbs has met the dizzy, sinsick world and won out. He has not become as dizzy or as sick as you and I, and, therefore, I will not refer to the humble home of Mr. Tibbs or the old mother who, no doubt, is on her knees praying to Almighty God for Mr. Tibbs. I will not refer to the paralysed brother who, like myself, knows that Mr. Tibbs cannot fail. But somehow I feel cold when I think of that snowstorm out yonder and how it must rattle the curtainless windows of Mr. Tibbs' residence. And, Mr. Speaker, I somehow do wish that the mother of Mr. Tibbs would kindly mention this great senate in that prayer, for, if she did, I believe it would suit its constituents better, and we would come nearer coming back next time.

"Mr. Tibbs, like myself, has been blown into this senate by the sublimity of luck. Destiny chooses her disciples with unerring aim, and those who oppose Mr. Tibbs are fighting God. I will tell you why I think this. I am stopping at the Tulane hotel, by the faith of the host thereof. My wife and baby are with me there. Yesterday morning I had been up very early discussing the question of a new constitution for myself and my state.

"At 6 in the morning Sarah was softly humming to the teething baby, rocking him back to rest, to sleep and to forgetfulness, which is the only rest. The old refrain rose and fell as the nodding of a flower.

"Jesus can make a dying bed
Feel soft as downy pillows are,
While on his breast I lean my head
And softly breathe my life out there.

"Knock! knock! 'Come in,' I angrily said, expecting a bellboy.

"Mr. Tibbs appeared. He came to the bed and said. 'Senator, I am named Tibbs, and I want to be page of the senate. I want you to make the rest of them vote for me, please sir.'

"'Mr. Tibbs,' I replied, 'does it not occur to you that you are crowding me somewhat? Don't you think for the kind of a day and the time of day that your visit is not the proper thing?'

"'Well, it is good daylight,' he said, 'and I have been up some time.'

"'Yes, sir, all men should be ready for business by this time,' was my rejoinder, 'but why do you come to me and how did you find me?'

"'I saw you in the Climax saloon yesterday, and Mr. Maddin, the barkeeper, said you were a senator,' came the unhesitating answer.

"I quickly glanced at my wife, the rocking had stopped, and the baby, hearing a strange voice, had ceased his complaint and was sitting up, looking like a jack rabbit in a bed of lilies, all eyes and ears.

"I said, 'Mr. Tibbs, I must ask you to excuse me. I will call on you later.'

"'Yes, sir, I will see you,' he replied, and went away.

"Sarah turned her head and said, 'Will, I am for Tibbs.'

"Mr. Speaker, I arose and raised the curtain of the window. The east seemed flecked with a swarm of golden bees: the sun, that had been away, was knocking at the front door of this planet. Sir, who can tell of the systems and cycles he had smiled upon, of his unspeakable glory and sublimity? The light of this sun will fade by and by. At one time it was born, at one time it must surely die, but, sir, the fire I had seen in the eyes of Jimmie Tibbs will not die. It is older than the sun. It has stood floods of storm and wrath that would quench that sun. One is of today, but the faith, the courage and the hope of Tibbs make us dream again of the immortality of the soul."

Tibbs was elected.—Nashville American.

Neglected Poe.

According to the English papers, Austin Dobson is accredited with the following lines, written in a copy of the works of Edgar Allan Poe

I wonder when America will know
That much her greatest bard is Edgar Poe!
I say this reminiscent and defiant
Of Baker, Tabb and Longfellow and Bryant.

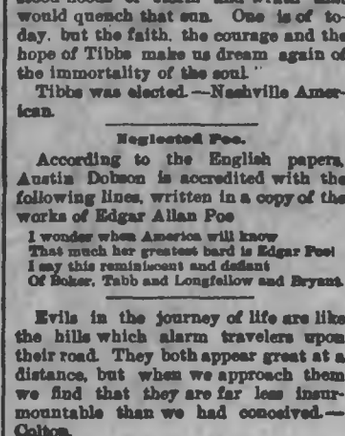
Evils in the journey of life are like the hills which alarm travelers upon their road. They both appear great at a distance, but when we approach them we find that they are far less insurmountable than we had conceived.—Colton.

The Whale Cure For Rheumatism.

It is said that in Australia there is a hotel where rheumatic patients congregate. Whenever a whale has been taken the patients are rowed over to the works in which the animal is cut up, the whalers dig a narrow grave in the body and in this the patient lies for two hours, as in a Turkish bath, the decomposing blubber of the whale closing round his body and acting as a huge poultice. This is known as the whale cure for rheumatism.

THE GRIM MONSTER.

"All that tread the globe are but a handful to the tribes that slumber in its bosom." Of the multitudes that yearly join the multitudes already gone, one-seventh are the victims of that dread destroyer—consumption. There is certainly a lesson in this for every man and woman who will stop and heed the warning of death. At the first approach of the *grim monster*—consumption—the threatened victim should take refuge in the use of the only known cure for that disease.



Many doctors say that consumption is incurable. They are mistaken and thousands who have been rescued from the brink of death, after they were given up by the doctors, and all hope was gone, have testified to the fact over their written signatures. Dr. Pierce's Golden Medical Discovery cures 98 per cent. of all cases of consumption. It cures bronchitis, asthma, weak lungs, spitting of blood, throat troubles, chronic nasal catarrh, and all diseases of the air passages. It acts directly through the blood, on the affected membranes and tissues, destroying all disease germs, allaying inflammation and building healthy tissues. It makes the appetite keen and the digestion perfect. It is the great blood-maker and flesh-builder.

Honest druggists won't insult your intelligence by endeavoring to persuade you to take an inferior substitute for the little added profit it may afford.

"I have been troubled with bronchitis for several years," writes Mrs. Orlin O'Hara, of Box 114, Fergus Falls, Ottertail Co., Minn. "In the first place I had sore throat; doctored with different doctors and took various medicines, but get no lasting relief. We had had Dr. Pierce's book, the 'Common Sense Medical Adviser,' for a long time but had got careless about reading it up. One day we saw a new advertisement in the paper in regard to this medicine, and as I was suffering and had been raising a good deal from my throat, a sticky substance like the white of an egg, and could not sleep, and had about made up my mind that I would hardly live through the winter, we made up our minds to try Dr. Pierce's Golden Medical Discovery and 'Pellets.' After I had taken one bottle we thought we could see a little change. We sent and got another bottle of the 'Golden Medical Discovery' and also one of 'Favorite Prescription.' I took them alternately, and in a few days I began to see that I was better for certain. I took eight bottles of 'Golden Medical Discovery' and two of 'Favorite Prescription,' and, really, I have not felt as well in years. I sleep better than I have in twenty years, and am confident that if others have any such troubles they will be more than pleased if they try Dr. Pierce's medicines. I am not in favor of patent medicines as a rule. Have tried too many of them and found them a failure, but I *do* know that Dr. Pierce's medicines will do what is claimed *for* them if taken as directed and continued long enough."

"I took a severe cold with sore throat," writes Mrs. S. A. Everhart, of Oard Spring, Scott Co., Ind. "Soon I began to cough; my right side was so sore that when I coughed it seemed as though my side would burst. I summoned the physician and he said that I had pleurisy. I took his medicine for some time and got some better, but it seemed I could get so far and no farther. All the spring and summer I used mustard plasters and fly blisters on my side and lungs. Finally my right shoulder and between my shoulders began to ache so badly that I could hardly endure it and at times I would feel almost smothered. My breath would be so short that I could scarcely talk. It was a miserable feeling indeed. I read of ——'s Sarsaparilla being such a great medicine, so I concluded to try it. I got two bottles of it and when I had taken the medicine I was no better. I was becoming discouraged; several of my near relatives had died with consumption and I thought I was about to go the same way. I thought I would try Dr. Pierce's Golden Medical Discovery. I took two bottles of the 'Discovery' and two bottles of the 'Pleasant Pellets.' By the time I had taken half a bottle I began to improve, and when I had finished the two bottles of the 'Discovery' and two of the 'Pellets' I felt like a new person. That weak smothered feeling was all gone. I thought I ought to take more of the medicine but I felt so well I did not take any more. I would not take fifty dollars for the benefit I received from taking your medicine."

Rev. J. N. Vanatter, of Albion, Wis.

WRITES A LETTER ON DR. CHASE'S OINTMENT.

Sufferers are at liberty to correspond with the above address and will obtain full particulars regarding the great cure.

He says: My wife was most terribly afflicted with protruding piles, and contemplated a surgical operation. A friend of ours recommended the use of Dr. Chase's Ointment, and less than one box effected a complete cure. We were so pleased with the ointment that I tried it myself, as I have been troubled with an unsightly skin affliction which covered the lower part of my face.

For 25 years I suffered untold agony, and was treated by the best medical skill in the United States. I consider Dr. Chase's Ointment worth its weight in gold for piles and skin disease.

Dr. Chase's large-size recipe book, cloth-bound, sent to any address on receipt of 50 cents, by addressing Dr. Chase's Company, Toronto or Buffalo, N.Y.

Persiatic Dog Wash—An antiseptid and refreshing applicant for the cure of skin diseases in domestic animals. It strengthens the skin—cures mange, sores, bruises, boils, scratches; cures vermin and makes the coat glossy and silken. Easier to apply than soap—and its use acts as a tonic on sickly, depressed animals. At all druggists. 25 cents. 507

THE PICKHARDT RENFREW CO., Stouffville, Ont. LIMITED.

THE FASHION PLATE.

In checked goods the pretty shaded effects differ from those worn last spring in so far as the lines are finer and run diagonally in both directions, forming small check patterns.

Some of the novelties among French poplins are slightly craped in their weaving and have cross bars of gay color, as for example, craped ground of briar roses, pink crossed with russet and mignonette green.

Cyrano red has lost favor, and its place is taken by new shades called ponceau d'Espagne (Spanish poppy), the brilliant dye called Roman red, and a handsome English current red. These colors will be used both as dress accessories and in millinery.

It is quite the mode now to have a different effect on either shoulder, a flat insertion trimmed band of velvet or jeweled gimp on one and on the other a trailing spray of roses or a knot of upstanding velvet or satin ribbon, or a cluster of ostrich tips.

A silk petticoat, much decorated on the lower half, with full corded frills and flounces, is now an actual necessity, since the clinging dress skirts, made without stiffness, require this extra fullness beneath to give them the proper outward flare from the knees down.

The pretty golf costume cloths will be used both for gowns and capes. The new weaves have a genuine Scotch look and show beautiful color blendings. These goods are not expensive, although they are double width and very closely resemble high priced tartans in silk and wool mixtures.

Shepherd's check fabrics will be in marked favor for two seasons to come. They are found in both simple and elaborate fabrics, in 20, 30, 40 and 50 inch widths, and they range in price from 20 cents to $1.50 a yard. They will be used for dress skirts, shirt waists, petticoats, dress accessories, linings and velvet trimmed gowns entire.

GIVEN UP TO DIE.

Was Mr. E. N. Stowell, but Dodd's Kidney Pills Cured Him.

Brockville, March 27.—When an eminent physician notifies a sick man that his case is hopeless and that he must die, he is it may be taken for granted, in a pretty bad way.

That was the position of Mr. Ed. N. Stowell, of this city, not long ago. He had suffered all the agonies of Bright's Disease for several years. The ablest physicians had pronounced his case hopeless, and he had begun to "set his house in order," when a friend urged him to try Dodd's Kidney Pills. One box put new life in him, even two cured him. Now his friends hardly know him for the same man.

Score one more for Dodd's Kidney Pills.

A Turk Who Wanted to Know.

He was a very wealthy landlord and a descendant of the old sultans of Marash and Albistan. He would ask us every question under the sun—from the history of the royal family to the views of the English on matrimony; whether England was smaller than London, and which belonged to France; how much bigger the Turkish fleet was than the combined armaments of England, France and Russia, and what was the fashionable costume at home. We drew elaborate maps of the world for his benefit on paper 6 inches by 8 inches and the most artistic and faithful portraits of trains, steamers and hansom cabs. And I think I may say with perfect confidence that, after gravely discussing our statements with his servants and neighbors, he disbelieved them all with perfect impartiality.—"Notes From a Diary In Asiatic Turkey."

His Life Was Saved

M. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken by Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I could not even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and $1.00, at Jas. Lynch's Drug Store, every bottle guaranteed.

Cook's Cotton Root Compound

Is successfully used monthly by over 10,000 Ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other as all Mixtures, pills and imitations are dangerous. The Cook Company Windsor, Ont. ☞Nos. 1 and 2 sold and recommended by all responsible Druggists in Canada.

☞No. and No. 2 Sold in Peterborough by John Nugent Druggist.

REMORSE.

Red lips that dumbly quiver for his kiss
And now but feebly touch his graveyard stone—
Ah, lips he loved of old, remember this,
He had not died if he had only known!
—Arthur J. Stringer in Harper's Magazine.

A STROKE OF GENIUS.

It Elicited the Unbounded Admiration of the Farmer.

Only a few summers ago, among the many others that visited the wild region adorned by one of Michigan's inland lakes, was an artist. He had a wealth of scenery from which to select and chose a picturesque view with a hill of rocks and jack pines as a background. The owner of the property transferred to canvas did not think much of the enterprise or of the man who would dawdle away his time in such an undertaking, but the artist paid the summer rates without a murmur and never entered any complaints against the accommodations. The next season the painter was again among the guests.

"How did that there picter of yours come out, anyhow?" asked the curious landlord.

"Oh, fairly well. You know that I have my name to make yet. I sold it for $1,000."

"No," exclaimed the farmer excitedly. "Got $1,000. You're chaffin me."

"Not a bit of it," laughed the artist. "I got $1,000 for that little view before there was a frame on it."

"Shake, stranger. I allus thought I was purty slick on a dicker, but I'll be doggone if you don't take the prize. You skinned that feller slick and clean."

"How so?" indignantly, for his pride was touched.

"Oh, don't play innercent with me. It won't go no further. But you done him brown. A thousand fur that spot where you couldn't raise a bean to the acre! If the critter that bought that picter had seen me, I'd a sold *him* the hull durn farm for $275."—Detroit Free Press.

Mr. Mills, who has charge of the Farquharson-Robertson coal stores at Montreal, while moving aside to clear an outgoing train failed to see a second train running in an opposite direction, and he was cut almost in two by the wheels.

CONFIDENCE in us will secure treatment on approval FREE

Confidence wins whether in love, war or sickness. If some little concern without reputation or ability were to offer its useless treatment, you would do right to reject it—you'd know there was a trap somewhere. But when we offer our treatment on trial and approval—full thirty days' medicine, and a most wonderful instrument for developing, toning and building. You men who are sufferers from Declining Vitality and wasted health resources,—*how can you refuse?* No advance pay, no C. O. D.; the treatment on honor, the pay on honor; or if dissatisfied, return all—pay nothing. Inquire about us. You will find our reputation and responsibility fully indorsed. Our specialists are trained experts. Our cures are by thousands. Our treatment home-like and certain. Our methods those of honest physicians with honest patients. Send for letter of invaluable information, FREE.

Erie Medical Co., Buffalo, N.Y.

We pay Canadian duty. No delay, no exposure.

NORTH AMERICAN LIFE Assurance Co.

A TORONTO MUSIC DEALER.

His wife suffered from weak heart action and nervousness.

Milburn's Heart and Nerve Pills cured her.

The wife of Mr. A. R. Taylor, the enterprising dealer in musical instruments, whose place of business is 192 Queen St. East, Toronto, was for some time troubled with weakness and palpitation of the heart and general run down health. Milburn's Heart and Nerve Pills have been the means of strengthening her heart, toning her nerves and invigorating her system.

In the following statement she gives an account of her case: "For some time I suffered a good deal from palpitation and weak action of the heart and nervousness, so much so that I got terribly run down in health. I could get nothing to do me much good until I tried Milburn's Heart and Nerve Pills.

"The improvement they have made on me has been truly wonderful. I feel stronger and healthier in every way than I have for months. My heart does not bother me any more and my nervous system has been toned up and invigorated. I consider there is no remedy equal to Milburn's Heart and Nerve Pills for people who have any heart trouble or are weak and nervous and I never fail to recommend them to my friends.'

Captured from the Prize Stock of Doull & Gibson, the Clothing Magnates of Montreal.

The Pick and Cream of the Warehouse for 52½ CENTS on the Dollar. Worth a Hundred.

Snatched by our Enterprise and Spot Cash Persistence from the Grasp of Dealers who take weeks to make up their minds whether they will buy or not. These are only a portion of our Great Purchase from the Monster DOULL & GIBSON STOCK; but its enough to make things hum for a while when we announce such sledge-hammer blows at High Prices as these:—

$12 Mens' Suits for - $8
$10 Mens' Suits for - $7
$8 Mens' Suits for - $5.90
$6 Mens' Suits for - $3.95

The Qualities and Styles will speak for themselves. Such Royal, Rollicking Value should besiege our Big Store with eager crowds from all along the line of Gough's Mile Posts throughout the county.

HATS AND SHOES

We're Laying For You!

Like the Hens at Easter—to sell you your HATS and SHOES. During our Great Men's Suit Sale we increase the attractions at our store by giving you a Big Benefit in Hats and Boots. We are sole agents for Wikinson's London Hats and other leading makers, and have the pick of all the leading shoe men in the country. We have a complete Shoe Store and a complete Hat Store, and being all under one roof, can knock regular dealers' prices silly.

GOUGH BROS.

377-379 George Street, Peterborough.

THE SALVATION ARMY.

The Visit of Lieut.-Col. Margetts—Interesting Meetings—The Efficient Constitution of the Army.

Lieut.-Col. Margett is conducting a very interesting series of meetings at the Salvation Army barracks. e is one of the oldest and most experienced officers in the Army, and has worked his way up from the ranks to one of the most important positions the Army has to give.

There are only two officers in Canada above the Colonel in rank, viz., the Field Commissioner, Miss Booth, and her Chief Secretary.

The territory over which Miss Booth exercises the powers invested in an Army Commissioner comprises all Canada, a big slice of the Northwestern States of the Union, Newfoundland and the Bermudas.

Army affairs throughout this region are administered by means of seven assistants called provincial officers. There position is somewhat like that of an Anglican bishop or bishop of the M. E. church. Their respective headquarters are at Spokane, Winnipeg, Toronto, London, Montreal, St. John, N.B., and St. John's Newfoundland. Under these provincial officers are the district officers, who are in somewhat the same position as the Rural Deans in the Anglican church, inasmuch as they have a corps, or church, of their own to serve and the oversight of several other similar officers officers and corps in that district. This insures a closer oversight than could possibly be given by the provincial officer.

A corps is organized—when in first-class order—very fully. After the commanding officer and his one or two assistants is the treasurer, who holds all the money received and keeps a book accounting for expenditures, which are also made by him. Next is a secretary, who keeps a secretary's book—a duplicate of the treasurer's,—does an amount of secretarial work in connection with the finances of the corps, holds all receipt, makes out balance sheets once a quarter to read to the public and is jointly responsible with the treasurer for the integrity of expenditures and for keeping a business-like account of the same. Then comes the corps sergeant-major, who next to the captain and lieutenant, is responsible for the spiritual work of the corps. He helps in the conducting of open-air and indoor meetings and is generally responsible for the orderly running of affairs. He plans the spots to be visited for open-air meetings, subject to his officers' approval. He appoints orderly sergeants in the barracks. He and his assistant sergeants act as ushers, and whenever a corps happens to be left without officers, which occurs sometimes when changes take place, he assumes supreme command and carries on the work of the corps.

Next comes the converts' sergeant-major. This officer has a staff of sergeants to assist him. He works on a carefully organized plan. He meets the penitent when he comes forward to the penitent form as a sign of his repentance and wishes to lead a new life, and he or his assistants keep track of the individual ever after. In order to do this, the name, address and other particulars of the individual are taken at the penitent form. The neighborhood in which the person resides is in one or other of the wards into which the city is divided for Army purposes. For each ward, a Sergeant is appointed who takes the penitent under his care right away, visiting him and bringing him to meetings for a few night until he gains strength to stand the fire of persecution which many Army converts have to come through.

Next comes the Juniors' Sergeant-Major. With a large staff of Sergeants to assist him, this individual carries on the work of the Army amongst the young, which consists of Junior Soldier work, that is Sunday School work, the Band of Love which enrolls any child who will take the pledge to speak the truth, refrain from cruelty to animals and pray regularly; the Young Peoples' Legion, which is a sort of a Salvation Army Y. M. C. A., and the Corps Cadets' Brigade, which is a plan whereby the Army takes hold of their children above 12, who desire to become Officers, and trains them right away until they are old enough to come into training in some one of the various Training Garrisons.

After this there is the Publication Sergeant Major, who with a staff of Sergeants to assist him, works the neighborhood in a systematic way for the disposal of the Army's publications.

There are other minor positions, but these are the principal ones.

As may be imagined, a large stock of books is necessary to keep this machinery moving, and readers will understand Colonel Margetts' position when we explain that he inspects the whole, making a tour of the territory about once in six months, when at given centres, the books are brought in for the purpose of inspection.

Spring tiredness is due to an impoverished condition of the blood and is cured by Hood's Sarsaparilla, which enriches the blood.

THE WOOLLEN MILLS MATTER.

To the Editor of The Examiner:

DEAR SIR,—As the readers of your valuable paper already know of the trouble existing between the carders and spinners and the Auburn Woollen Company, we, the undersigned would like to call the attention of the public to an incident which occurred a few nights ago. Weavers who could spin were told by their overseer that they were compelled to spin in the strikers' places or leave the employ of the company. Moreover, we would like to state that the help requested to take the strikers' places were given an offer of $1.25 per night of eleven hours, whereas the old operators are only asking 7½c. an hour, or 82½c. for eleven hours. As the four weavers, who were classed as the best weavers, refused to take the strikers' places, they consequently had to leave the employ of the company.

Mr. Editor, we are out in a good cause and we would like the support and sympathy of the public.

Thanking you, Mr. Editor, for your valuable space, on behalf of the Strikers' Committee of the Auburn Woollen Mills.

E ROBERTS,
J. DAIGLE.

March 1899.

ONLY FOUR BOXES

Of Dodd's Kidney Pills Were Needed to Cure Mr. Willis.

Woodstock, Ont., Apr. 3—There are many Woodstock people who owe their good health, and others who are indebted for their lives, to Dodd's Kidney Pills.

Among the former is Mr. Mase Willis, 295 Dundas street, who has recently made his story public.

"For several years," says Mr. Willis, "I have suffered from Kidney Troubles, pain in the small of my back, etc. I got slight relief from some of the various medicines I used. My son, who was cured by Dodd's Kidney Pills, urged me to try them. I did so. I have used four boxes and can safely say I am cured."

The Ladies Axiliary expect you and your friends—Y.M.C.A. Bazaar, Thursday, Friday, April 6th and 7th.

CHOOSING NEW CARPETS.

We're ready now with our NEW designs in Carpets for spring.

There's force in the term NEW as applied to the Carpets imported for this store for the season's business.

Shoppers know that it makes a wide difference to them when this distinction is intelligently and honestly made.

Never before has the approach of spring been marked by so much that is New and Novel in Floor Coverings.

We have never done anything larger in its line than this year's showing of Carpets. We promise you heavier stocks, larger variety in patterns and more "difference" and freshness than you have ever found, or can find anywhere in the district.

Many of the patterns and designs that we show are made up exclusive to ourselves and bear our own label. Feeling confident that our variety and values will bear the closest inspection we look forward to an increased trade in Carpets for the season of 1899.

—Axminster Carpets with borders at $1.00 per yard.
—Wilton Carpets, with and without borders, at $1.00 to $1.45 per yard.
—English Brussels Carpets, with and without borders, at 75c., 85c., 90c. and $1.00 per yard.
—Tapestry Carpets, handsome floral designs at 25c., 30c., 35c., 45c. and 50c. per yard.
—Best quality All wool Carpets at 60c., 75c., 85c. and $1.00 per yard.
—Union Reversible Carpets at 20c., 25c., 30c., 35c., 45c. 50c. per yard.
—English Oilcloths, choice patterns, at 25c., 35c. and 50c. per square yard.

NATIVES RETURNING HOME.

Brig.-Gen. Harrison Gray Otis, Who Has Sailed for America, Says He Believes the Insurrection Has Received Its Death Blow—The Official Despatch From Gen. Otis.

Manila, April 4.—The natives continue returning to their homes. They are coming in all along the American lines, and many of them, seeing the promises of good treatment are fulfilled, are inducing their relatives to return to their homes.

Brigadier-General Harrison Gray Otis sailed for home on board the U. S. transport Sherman yesterday. He says he believes the insurrection has received its death blow.

General Wheaton has assumed command of the brigade lately commanded by General Otis. The 3rd and 22nd Regiments of General Wheaton's command are returning to this city.

The Official Despatch.

Washington, April 4.—The following cablegram was received at the War Department early yesterday morning:

Manila, April 3.—Adjutant-General, Washington: Present indications denote insurgent government in perilous condition; its army defeated, discouraged and scattered. Insurgents returning to their homes in cities and villages between here and points north of Malolos, which our reconnoitering parties have reached, and desire protection from Americans. News from Visaya Island more encouraging every day. (Signed) Otis.

War Department officials were pleased by the cheering despatch from General Otis received yesterday. It contains a great deal of encouragement to them, and those who know General Otis well say he is not a man to take a roseate view of a situation unless there is reason for it.

Lost by the Burning of Iloilo.

Chicago, April 4.—The Record's Tacoma, Washington, special says: Foreign business houses lost over $1,000,000 by the destruction of Iloilo by the Filipinos before General Miller captured the city. Steven & Company, an English firm, estimates their loss at $140,000 on stored hemp. Numerous other firms had warehouses and stocks destroyed. English insurance companies will be the chief losers. The French firm of jewellers, La Estrulla del Norte, lost $300,000 of property.

ALL BUT MEN AND MULES.

Four Mountain Batteries Complete to Be Shipped to Manila.

Washington, April 4.—Arrangements, it is reported, are under way at the War Department with the representatives of an English gun-making establishment, looking to the immediate shipping of four mountain batteries to Manila. The English maker furnished a large amount of automatic quick-firing guns to the United States in the spring of 1898. The same establishment now offers to ship to Manila at once, and complete in every detail, lacking only in men and mules, the guns and ammunition for four full batteries.

The English guns under consideration throw a projectile weighing about 12 pounds, with a velocity of nearly 900 feet per second, and they can be taken wherever infantry can go in force.

DANGER IN THE BALKANS.

The Whole Province Is Drilling and Open Revolution Is Feared.

London, April 4.—In connection with the collision between Bulgarian and Turkish frontier guards at Kozyl-Agob, between Jamboli and Adrianople, an important strategic point for Turkey, a correspondent in Macedonia writes to The Pall Mall Gazette concerning the seething condition in the Balkans. He says:

"Grave consequences cannot be deferred much longer. The whole province is armed and matters are rapidly drifting into open revolution. The people are drilling for the coming struggle. The country is virtually in a state of siege. Turkish troops have been pouring into most of the disturbed districts; they are concentrating chiefly in the north, and reinforcements are arriving daily. Detachments guard the Oriental Railway from Salonica to the Servian border, and the garrison towns are packed with soldiers. There is a widespread impression throughout the land that momentous events are impending. There is a general feeling of unrest everywhere, trade is at an absolute standstill and the Ottomans are preparing in grim, deadly earnest, because they are convinced that Bulgaria is at the bottom of the trouble in Macedonia, and will certainly actively support the expected rising, encouraged by Russian influence. It is estimated that 100,000 men are under arms, ready for action in the immediate repression of the coming rebellion."

THE POPE FAINTED AGAIN.

His Holiness Had a Serious Spasm on Sunday—Hushing It Up.

London, April 4.—The Pope had a fainting fit yesterday, according to a despatch to The Daily Telegraph from Rome, which proved of the gravest character. Every effort is being made by Cardinal Rampolla, Papal Secretary of State, to conceal the real condition of the Supreme Pontiff, his object being to prevent the powers from working for the next conclave.

Samoan Affair Being Settled.

London, April 4.—The Berlin correspondent of The Standard says: "Mr. White, the American ambassador, expressed to me yesterday his firm conviction that the whole Samoan question is now in a fair way to a settlement satisfactory to all the powers interested."

Figaro to Be Prosecuted.

Paris, April 4.—It is announced that The Figaro, which is publishing daily the evidence given before the criminal chamber of the Court of Cassation in the Dreyfus affair, will be prosecuted.

Meaning of Norway's Preparations.

London, April 4.—The Daily Mail's correspondent at Gothenberg, Sweden, reverting to the warlike preparations of Norway, says: "The only possible object of those preparations is to attack Sweden, whose defences and armaments are inferior, and whose infantry are armed with obsolete weapons. Should the Norwegian fleet attack Gothenberg, the city must inevitably fall."

A DESTROYER SENT.

Troops Will Promptly Follow in Order to Protect British Interests in the Canton, China, District.

London, April 4.—According to a despatch to The Daily Mail from Hongkong, serious disturbances have recently occurred in the vicinity of Canton, and a British torpedo boat destroyer has been sent there to protect British interests. The destroyer will soon be followed by other vessels carrying troops.

The Peking correspondent of The Times says: "The Chinese authorities have made known to the British consul at Tientsin, the port of Peking, that the whole foreshore recently opened at Port Chingwantao is reserved for a Chinese mining company. The British legation has entered a protest, pointing out that this action renders the opening of the port nugatory.

"Friendly relations continue between the German legation and the Tsung Li Yamen, and China offers to grant a railway concession if the German troops are withdrawn."

Peking, April 4.—The Hongkong authorities are pressing for an extension of the territory ceded to Great Britain by the treaties of Canton and Nanking, on the ground that more land is needed for Government buildings.

They propose to build a custom house for the collection of Chinese revenues, and promise to increase the opium duties $40,000 annually if the extension is granted. In case of refusal they threaten to remove the Chinese custom house from British territory.

London, April 4.—The Rome correspondent of The Daily Chronicle says he learns in official circles that Italy and Great Britain have arrived at an agreement which will result in an Italian occupation of Sanmun Bay, Province of Chikiang, China, before April 25.

The best medicine money can buy for impure blood, nervousness, and all stomach and kidney troubles is Hood's Sarsaparilla.

New Spring Dress Goods...

The beautiful brightness of Spring has overspread our DRESS GOODS SECTION. Workers have been busy with the New Goods coming in. They are ready for your viewing. There are many old friends newly beautiful. Many others that have not been seen before.

THE COMING SURPLUS

Confidence in Canada the Keynote of the Young Liberals.

YUKON CHARGES REPELLED.

Hon. Mr. Fielding, Minister of Finance, Voices the Indignation of Liberals at Sir Charles Hibbert Tupper's Tactics—No Specific Charges Against Mr. Sifton—Prospects for a Surplus.

Toronto, April 4.—"We will have a vaster surplus than has been." Such was the note of cheer which Mr. Fielding had for the Young Liberals at their annual dinner at the Rossin last night. That vigorous band of fighters for Liberalism, which upheld Liberal principles unflinchingly when the outlook was at its darkest, reaped last night some measure of reward for their steadfastness as they heard recited the bead-roll of Liberal achievements and listened to Liberal Ministers of the Crown give a splendid account of their stewardship.

The echo of Sir C. H. Tupper's assault upon the Minister of the Interior was still in the air. Mr. Sifton could not be present, as he had hoped, but the insensest moment of the night was when the dining-room rang with cheers as Mr. Fielding voiced the indignation of all at the tactics of Sir Hibbert, when he spoke "with his eye on the clock," and left for the west before the assailed Minister could reply; when, too, Mr. Fielding pierced through the seven-hour cloud of words and laid hold of the one significant fact that no specific charge against Mr. Sifton had been laid in all that speech. For the rest, Mr. Fielding gave a clear exposition of the course of the Administration of Canada from the standpoint of his own department. Pitiless was his shredding of the effort to minimize the surplus by the cry of manipulation of capital account. Convincing was his story of the investment in transportation facilities; striking, too, his exposition of the fact that with a rising population Canada has a falling per capita taxation. And he had the news that as the finances of the country are shaping, the surpluses of the past will be dwarfed by the surplus of the current year.

From Hon. Geo. W. Ross the gathering heard of the greatness of the New Ontario and of its opening up, the Minister of Education being brilliant, according to his wont. Mr. George H. Bertram made one of his stirring speeches. Mr N. W. Rowell, with merciless analysis plucked bare the Conservative party of its pretensions to a genius for government. Altogether, the Young Liberals had abundant reason to be proud of their speakers, alike of their own club members and of their guests. A note of confidence was in the air, of satisfaction with the present, of hope for the future. It was a complete success—was, in short, a typical Young Liberal dinner.

NEWS IN A NUTSHELL.

Telegraphic Briefs That Contain Much of the Day's News.

W. M. Baille has been appointed chief of the Kingston police force, vice Edwin Horsey, resigned.

Cyr, the Canadian strong man, defeated Renoldo in a wrestling bout at Montreal on Monday night.

Joseph Minnie, who stole $55 from Dr. Clare of Tweed, was on Monday sentenced to two months in jail.

Samuel Jacobs reported to the Kansas City, Mo., police on Monday that his 8-year-old son had been stolen.

R. M. Beal of Toronto has been granted exemption from taxation for ten years to establish a tanning factory in Lindsay.

Mrs. Eliza Alexander, colored, has been committed for trial at Hamilton on a charge of attempting to commit suicide.

Faith Fenton disclaims being the private secretary to Commissioner Ogilvie in the Yukon, and says the office is held by Dr. J. N. E. Brown of Toronto.

At Portsmouth on Sunday a Ritualistic procession to St. Agatha's Church (Anglican) was attacked by a mob. The crowd stripped the robes from the acolytes and emptied bags of soot over the white robes of the clergymen.

The remains of the late John W. Slaven, who was killed while fighting in the American army in Cuba last July, arrived on Monday at Orillia, his former home. Deceased was a member of "G" Company, 7th United States Infantry.

Rev. Dr. McKay, Presbyterian Foreign Missionary secretary in Canada, has received a letter from Mr. John Jolly, missionary in Sangli, stating that from the plague in Bombay the deaths average over 300 per day, and on March 5, 391 deaths occurred. The week previous 2,247 deaths were recorded in that city.

Cotton mills generally in the New England States, operating more than three-quarters of the total number of spindles in the north, on Monday began work under an advanced wage schedule, about 10 per cent. over recent prices. The raise directly affects from 130,000 to 140,000 employed by more than 190 corporations.

The annual conclave of the Ontario Educational Association begins in Toronto to-day (Tuesday), and in the evening addresses of welcome will be delivered by Hon. A. S. Hardy, Premier of Ontario; Hon. G. W. Ross, Minister of Education, and Mayor Shaw. The program for the three days is very extensive and covers all ranges of the teachers' duties.

Proprietor W. G. Phyall of the Bodega Hotel, Toronto, visited the police headquarters on Monday for the purpose of getting a warrant out for the arrest of Mr. Victor Bell, who is alleged to have passed a $25 cheque, purporting to be signed by A. & S. Nordheimer, on him on Saturday. Mr. S Nordheimer pronounced the signature on the cheque shown him to be a forgery.

John Machar, Q.C., son of the late Rev. John Machar, one of the first pastors of St. Andrew's Church, Kingston, died in that city on Monday, after a lengthened and painful illness. He was local master of the Court of Chancery, and a careful and capable lawyer. He was about 53 years of age and a brother of the well-known Canadian authoress and poet, Miss Agnes M. Machar (Fidelis).

"A Good Paymaster Starts Not At Assurances."

There is one good paymaster who is around on time, gives full value, and never fails in his duty. It is your privilege to select him, and his name is pure, wholesome blood. This paymaster makes the rounds of the body, visits brain, stomach, kidneys, liver, heart and head alike. Hood's Sarsaparilla acts as guarantor that this paymaster will do his duty.

If the blood is impure, it cannot do its duty, and you are the sufferer,—but you need not be. Hood's Sarsaparilla purifies, vitalizes and enriches the blood. *It never disappoints.*

Scrofula—"An abscess on my hip was lanced and never healed. Another broke out on the other hip and the next year three more appeared. I took Hood's Sarsaparilla and it *helped me.* Since taking six bottles of the medicine I have not been troubled, and previous to this treatment one of the eruptions had discharged for seven years." MRS. FRANKLIN H. TEED, Freeport, N. S.

After the Grip—"Suffered from weakness after the grip. Began taking Hood's Sarsaparilla and found it as recommended. It relieved my son of rheumatism." MRS. R. MEYER, Zepher, Ont.

Blood Poison—"Was troubled with blood poison and pains in my heart. Tried Hood's Sarsaparilla by advice of a friend and it gave me relief." MRS. LUCY J. COOK, Windsor, N. S.

Rheumatism—"Pains in my limbs finally settled in my back. I was obliged to stop work. My blood was poor and I did not have any appetite. I could not sleep nights. I tried Hood's Sarsaparilla and Hood's Pills and these medicines made me a well man. Others of my family have taken Hood's Sarsaparilla after the grip with good results." G. R. RAFUS, South Waterville, N. S.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

TUESDAY, APRIL 4, 1899.

A SHAMEFUL INCIDENT.

A political assassin is as despicable as any other sort of an assassin. Parliamentary privilege does not excuse an assault upon a citizen's character, and Sir Hibbert Tupper, since his attack upon Major Walsh, can be considered no better than the individual who sneaks behind his victim and stabs him in the back, says the Toronto Star, an independent journal. Sir Hibbert was characteristically Tupperian in his boisterous adjectives, his reckless assaults upon the Government, and his wild generalties, but surely he must have delivered parts of his speech without consulting his father and leader, who, wish all his narrow partizanship and recklessness of language, has not a reputation for cowardly assaults, upon other men's personal characters. And it was a cowardly attack; no more brutal, unjustifiable, dastardly thing ever soiled the pages of Hansard or marred the record of a Canadian Parliament.

Withal, the speech fell flat. Sir Hibbert, with his usual prodigality of language, repeated the same old charges against the Government, and the only new points he supplied were personal accusations of two Government officials, gentlemen in every way as capable, honourable and esteemed as Sir Hibbert Tupper ever was in the past, and who to-day are esteemed as Sir Hibbert Tupper never can be in the future. The slanders and venom which Sir Hibbert poured out upon Major Walsh, and upon Mr. Wade in a lesser degree, have already reacted upon himself and will eventually, instead of injuring the Government, as Sir Hibbert had hoped, not only damn the member for Pictou personally, but will harm the Conservative party. The attack upon Major Walsh and Mr. Wade was evidently inspired by spite, and that its cowardly nature is appreciated is shown by the fact that twenty-five gentlemen in this city in a gathering yesterday talked seriously of sending to Sir Hibbert Tupper a telegram reading: "We are arranging to give you, on your next visit to Toronto, a coating of tar and feathers. Please advise us when you are coming."

Major Walsh is a strong, brave, self-sacrificing gentleman, of pure life to whom the country owes an inestimable debt. Unassuming and modest, he had no desire to receive an appointment to the Yukon. His was emphatically a case in which the office sought the man, and the wisdom of the Government's choice was praised by Liberals and Conservatives alike, and from Britain to the United States came words of commendation of Major Walsh. He accepted the appointment against his own inclinations and wish; he gave up a profitable business for a less profitable Government appointment, and his whole life of nearly sixty years gives the lie to the stories related by Sir Hibbert Tupper. In five minutes Sir Tupper would damn the reputation won by a life of brave usefulness to Canada, in five minutes, protected by Parliamentary privilege and actuated by a desire to injure the Government, he would put a stain upon the character of a courteous gentleman, who all his life has been loved by his family and friends and admired and respected by his fellow-citizens; in five minutes this jealous, erratic, reckless Tupper blackguards a faithful official, and sends forth to the world a slander upon a man enjoying in his own and other lands a high reputation for brave deeds, faithful service, an honourable life and great ability.

More than being cruel treatment of a better man than himself, this work of the younger Tupper's is a piece of infamous party tactics. His object was of course to injure the Government and Mr. Sifton especially. Sir Hibbert Tupper is at perfect liberty to attack and abuse the Government to his heart's content, but even he should at least do it fairly, and without dragging in the private life of former officials, and especially unfounded yarns about them. On the low ground of party expediency, the abuse of the officials was unwise, and will prove unprofitable to the Conservative party. It was not only unprofitable to the Conservative party, it was not only ungentlemanly, but it was bad politics.

And the warm welcome the speech received from the Conservative papers will but assist in the injury to that party. It is surprising that Sir Hibbert Tupper's leader permitted the assault on Major Walsh; it is surprising that the Conservative journal, did not at least eliminate that portion of the harangue. The incident is but another proof of the need of reorganization of the Conservative party. The Tuppers were at best only slang-whangers for the party under an able man's lead, and when in charge themselves, their lack of political wisdom has been an injury to Conservative chances.

Sir Hibbert Tupper has not heard the last of the incident. Mr. Sifton can of course look after the Government's reply and he will attend to that on Tuesday. But Messrs. Walsh and Wade will have their satisfaction, and as their traducer is protected by his Parliamentary privilege, the only way for them to reach him is through his hide. Mr. Wade thrashed an irresponsible slanderer in the Yukon and he will probably feel no less angry when Sir Hibbert's speech reaches him in the gold fields. Major Walsh, too, has a good vigorous habit of protecting his own reputation, and Sir Hibbert was probably wise when he took the first train which would place the greater part of the continent between himself and the Major.

DANGER FROM ELECTROLYSIS.

Effect of Electric Current on Gas and Water Mains.

In a recent issue of the Engineering News there appeared an article calling attention to a danger consequent upon the use of electricity for street purposes. This danger was revealed by the bursting of one of the water mains in Brooklyn as a result of electrolytic action upon the pipe, which caused it to decay and eventually give way under the pressure of the water. An expert engineer of the Board of Underwriters, who examined the decayed pipe, declares that the imperfect construction of trolley roads is causing the destruction of water and gas service pipes wherever electric roads are in operation. This opinion is rather alarming from the standpoint of the insurance companies, as great loss of property might result from the sudden breaking of water mains during the progress of fires.

It is probably true that much risk has been taken through carelessness or ignorance in the management of electric currents. The engineer who examined into the condition of the Brooklyn water pipe referred to asserts that an employee of a Brooklyn street railway said that the company which owns the road had used a six-inch water main as a return feeder, and the city authorities had raised no objection. But the Brooklyn authorities might not have been informed as to the use to which the pipe had been subjected.

The remedy for a condition of this kind is to provide ample conductors for the return currents which flow along the rails. This can be done by welding the rails or by thoroughly bonding them with copper wires. In Milwaukee quite a large portion of the mileage of the roads has been welded. The conservation of the electric fluid is an economy which the railroad companies must practice, and the greater amount of the current that is returned to its original source the better will be the efficiency of the power plant, and the greater will be the profit of the road. It it were cheaper for the electric railways to permit the currents to stray away into water pipes and surrounding conductors, the problem of cure would be much more perplexing.

THE WIDEMAN CASE.

Brought Back From the Brink of Eternity.

Inflammatory Rheumatism Held Him Bedfast for Five Months—Friends Were Sure he Would Die—Dodd's Kidney Pills Cured Him.

DUNTROON, Ont., April 3.—Crippled, utterly helpless, with both legs paralyzed, his entire body swollen and tender and inflamed, bed-sores eating his flesh away, agonising pains darting in all directions through his frame, unable to change his position in bed, or even to lift his hand without pain. Such was the terrible condition of Mr. A. N. Wideman, of Nottawasaga Township, but a few short months ago. For five long, terrible months he lay bed fast—with the dagger of pain deep in his vitals.

To-day he is well and strong. His sufferings are only a memory.

What caused this change? Mr. Wideman says it was Dodd's Kidney Pills.

His doctor failed to do him any good. The medicine he gave him only made his teeth break off. His friends believed he would die. His doctor had no hope of his recovery.

His body was swollen and inflamed, he could not bear to be touched, could not turn in bed. Bed-sores covered his back; one of them was poulticed 500 times before it healed. His legs were twisted so that the toes pointed inwards. He lost forty pounds in weight. Words cannot describe agony like this.

One day a friend, Mrs. John Boyer, persuaded him to try Dodd's Kidney Pills. He did so, and soon began to feel better. He bought a supply of this wonderful medicine, and used it regularly, with the result we have stated.

This is a case that stands without a parallel in the history of medicine in Canada. No other medicine except Dodd's Kidney Pills could have effected such a cure. But Dodd's Kidney Pills have never yet failed.

TO CURE TOOTHACHE IN A MINUTE
Use NERVOL. One application cures; if not, your money back. Equally good for Neuralgia and Headache. 25c, at all Druggists.

Wood's Phosphodine,

Dealers in Hardware, Paints, Oils, Glass, Etc.

LINES

Written in memory of Mrs. David West, who died November 28th, 1898.

One fondly loved has gone from out her home,
From husband, children, father, mother, dear,
From all her loved ones, ah! they'll sadly miss
The one whose loving presence did them cheer.

It seemed but yesterday since last we saw
Her smiling face such kindly welcome give,
But little thought we then the time was nigh
When she would be called home in Heaven to live.

And now, alas! how changed that happy home,
Dark is the sky o'erhead—earth seems to weep
As friends draw nigh to take their last sad look
On her who peaceful lies, as if asleep.

How calm and still she lies! those gentle eyes
Can ne'er again smile on her dear ones here;
That kindly voice that answered to their call,
Is silent now—their voice she does not hear.

Though all around her form they anguished weep,
She answers not their piteous pleading cry;
Only the form of her they loved is here,
Here pure spirit's safe in heaven, above the sky.

But God looks down in pity from on high,
He knows their sorrow; hears their hearts and moan,
He will not them forsake, but lead them on,
Until they meet her in the heavenly home.

A faithful wife, a mother ever kind,
Striving so hard her children all to guide,
Her busy life among them now is o'er,
And she awaits them on the other side.

Oh may those children as they grow in years
Forget her not—but ever strive to be
Worthy of her who in their youthful days
Watched over them with love unsparingly.

'Tis hard to part with dear ones here below,
We fain would keep them; when we love them so.
But Jesus loves them best, and calls them home
And bids us follow, where our loved ones go

Then dear friends lift your hearts to God above,
And though the way seems dark—yet trust Him still,
Cast all thy burden on Him who hath said
He careth for you—and He ever will.

PORTER'S RESEARCHES.

Advocates Use of Cane in Preference to Beet Sugar.

London, April 4.—The Berlin correspondent of The Standard says: "Mr. Robert P. Porter, before leaving, told me a few of the results of his latest researches. German beet sugar, he finds, cannot be manufactured under two cents a pound. The cost of production is, therefore, the same as that of cane sugar in Cuba.

"If the grocers of England and the United States could be induced to promote the sale of cane sugar in preference to beet, the consumption and production of the former would rise considerably; and this would contribute more to the solution of the bounty question than prolonged negotiations.

"Mr. Porter thinks also that if the British Government indorses the Indian countervail, that would be a further reason for the United States to change its attitude toward the bounty-giving states, more especially as the question about the existence of the most favored nation clause between the United States and Germany is complicated.

"These various reasons, together with the increasing production of cane sugar in Cuba, will force the sugar-producing countries to deal anew with the unbearable bounty question."

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globule of health that changes weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25c. per box. Sold by Jas. Lynch, druggist.

CASTORIA.

AMERICAN TRADE METHODS.

British Bridge Builders Hint at United States Corruption.

London, April 4.—There is continued dissatisfaction among British contractors at the fact that a Philadelphia firm has succeeded in obtaining the contract to build the bridge over the River Atbara, a branch of the Nile, south of Berber, in the Soudan, and it is now insinuated that the United States firm had the specifications in advance of its rivals.

Mr. Rigby of Rigby & Westwood, a leading English firm of contractors, in an interivew published yesterday says: "I simply do not believe that any firm in the world can turn out a bridge of that size in the time mentioned. We and other British firms made special efforts to secure this particular contract. At a meeting of our directors, who are all connected with large steel mills, it was agreed to divide the supply of the requisite material and let other orders wait. We made a very low tender, guaranteeing to deliver the bridge by April 30, but no tenders of British firms were even acknowledged.

"Of course, a bridge has undoubtedly been shipped from Philadelphia, but I absolutely decline to believe that the work on it was commenced on February 8. The United States firm either had the specifications before or adapted a standard bridge to suit the requirements of the case. No other explanation is possible. The general feeling is that the British firms have been unjustly treated."

Horseless Cabs in Paris.

Paris, April 4.—The regular service of automobile cabs, for which the public has been looking for a month, began yesterday.

Potteries Trust a Failure.

East Liverpool, Ohio, April 4.—The American Potteries Company, the name given to the proposed $27,000,000 trust to include the potteries of the United States, is dead. The projectors, it is said, spent $250,000 in trying to effect an organization, but failed because of over-capitalization. They could not persuade investors to buy stock.

Several Buildings Burned.

Watertown, N.Y., April 4.—Fire at Sackett's Harbor yesterday morning destroyed the Earl Hotel, Madison Hall, two churches and several dwellings. Loss not yet estimated.

Doctors Testify.

There is strong testimony by eminent physicians of wonderful cures made by Dr. Chase's Family Remedies—particularly Dr. Chase's Ointment.

What a' Body Says Maun be True.

That's right, we've tried yer famous Japan Tea at 25 cents per pund and will say after drinken it, we are perfectly delighted wi' it—lang an' fair we tried to get this tea, we like ye Coffee, but gie me yer good Japan Tea, it beats all. After takin' a couple o' cups I'm brichtened richt up and ready like a bird to sing and get my work done. Ilka time I come to see you I'm spendin, spendin my siller, yer wares are sae nice lookin an I'm aye needin, needin, ye see we has quite a family; our teeth fairly water when you begin to rin off yer string o' bargains, 5 pun o' fine Japan or Black Tea $1; 25 bars of Soap $1; 12 boxes Cream Sodas $1; 25 lbs. Sugar $1; 12 bottles best Pickles $1; 10 bottles Catsup $1; 10 glasses Jelly $1; 3 lbs. best Coffee $1; 10 Brooms for $1; 24 pkts. Flower or Vegetable Seeds for $1—cheapest and best.

THE ODORLESS
CREMATORY CLOSET.

I have been appointed Sole Agent for the Odorless Crematory Closet manufactured by the Crematory Closet and General Heating Co., of Hamilton.

This Closet has found a place in many of the best homes in the province, and all who have used it cannot speak too highly of its merits. Medical men speak of it from a sanitary point of view, claiming that, if health is any consideration, no home should be without one. Here are some of the

TESTIMONIALS.

Alliston, March 31st, 1899.

I have had one of your "Crematory Closets in use now for several weeks and am glad to be able to say that I have found it entirely satisfactory in every respect. I have not been able to detect the slightest odor from it at any time and would not be without it. I am sure it must prove a great convenience to people in the country and in towns where water is not obtainable. Yours respectfully,
JAMES CONWAY.

Shedden, February 25th, 1899.

I have used it for sometime and find it perfectly odorless. It is a long felt want and I believe it will become very popular especially in rural districts, towns and villages where wells are so frequently contaminated by the ordinary closets. I am, yours, etc.
W. H. MORRISON

Medical Superintendent's Office, Sept. 20th, 1897
Asylum for the Insane, Hamilton.

Gentlemen: I had the opportunity of witnessing yesterday the operation of your Odorless Crematory Closet. It had a large accumulation of fecal matter in the pan when the fire was started, and in side of 20 minutes it was all reduced to ashes. There was no odor before or during the operation of consuming the fecal matter, as the ventilation by the flue seems to carry off all odor at once, before it has a chance to vitiate the surrounding atmosphere.
Yours truly. JAMES RUSSELL, M.D.
Binbrook, Sept. 20th, 1897.

Dear Sirs—Having been present at a private test of your new patent closet yesterday afternoon, I beg to express my satisfaction with it in every way. Neither before, during or after the burning out of its contents did I detect the slightest unpleasant odor. I am satisfied it will be a boon to thousands in rural towns, villages and country homes. Yours truly,
M. J. MULLOOM, M.D

ADAM HALL.

IS THIS YOUR STORY?

"Every morning I have a bad taste in my mouth; my tongue is coated; my head aches and I often feel dizzy. I have no appetite for breakfast and what food I eat distresses me. I have a heavy feeling in my stomach. I am getting so weak that sometimes I tremble and my nerves are all unstrung. I am getting pale and thin. I am as tired in the morning as at night."

What does your doctor say?

"You are suffering from impure blood."

What is his remedy?

Ayer's Sarsaparilla

You must not have constipated bowels if you expect the Sarsaparilla to do its best work. But Ayer's Pills cure constipation.

We have a book on Paleness and Weakness which you may have for the asking.

Write to our Doctors.

Perhaps you would like to consult eminent physicians about your condition. Write us freely all the particulars in your case. You will receive a prompt reply.

Address, DR. J. C. AYER, Lowell, Mass.

MR. OGILVIE'S INQUIRY

The Frank Confession of a Witness Against Mr. Fawcett.

SENSATIONAL DEVELOPMENTS.

Says He Was Employed by Ottawa Conservatives to Hunt Up Material for Charges in the Yukon Investigation—Dawson Nugget Also Employed Him—Charges Practically Dropped.

Toronto, April 4.—Faith Fenton, The Globe's special Yukon correspondent, gives under date of Dawson, March 1, the full particulars of the futile trial of Gold Commissioner Fawcett by Royal Commissioner Ogilvie. She says:

"The charges against Mr. Fawcett were taken up and are still under inquiry. Thus far not the slightest stigma attaches to his reputation. He has been able to rebut the adverse evidence at every count, while many of his statements, such as that concerning the closing of Dominion Creek, have proved of marked interest.

"Mr. Fawcett will step out from this court of inquiry not merely with his official honor and honesty established, but with the proof that it was maintained under exceedingly difficult conditions.

A Sensational Development.

"The Yukon territory is not usually a place of politics. It is too cosmopolitan in nationality and too far away from the governmental centre for partyism to become a factor in public affairs. Also, as yet, it has no representation in the Ottawa House. In the dissatisfaction and charges leading up to and attendant upon the royal commission the question of politics has not once been introduced. The words 'Conservative' and 'Liberal' are rarely heard in the territory.

"It caused something of a sensation, therefore, in the royal commission court on the third day of sitting when the evidence of Dennis Pulford, a young man from Ottawa, gave the first hint of a political element entering into the charges preferred."

Employed by Ottawa Conservatives.

The evidence bearing upon the point is as follows:

A.—About three months ago, in the month of November, I entered the employ of The Nugget office to get information against the gold commissioner's office.

Q.—Was that stipulated—you were employed for that purpose? A.—I was to get $250 per month while I worked for The Nugget; and I got some information, which I sent out of the country to Ottawa.

Mr. Ogilvie—Do you know anything about any interests being improperly obtained by any clerk in the gold commissioner's office? You will have to answer that? A.—Well, I can't answer.

Q.—Why? A.—Because I forget it. I have sent the information to Ottawa.

Q.—Did you write it out? A.—No.

Q.—Did you acquire it yourself? A.—Yes.

Q.—Well, if you acquired it, you could surely give some idea of the nature of it, couldn't you? A.—I cannot remember anything now.

Q.—You cannot remember anything now? Do you mean to say you refuse to tell? Is that the construction you wish me to place on your answer? If you know anything and were willing to give it to The Nugget, I don't see why you are unwilling to give it here. You have to answer the question. A.—At the same time I worked for The Nugget I received instructions to work against The Nugget. I am bound by oath not to explain it to you, and I refuse to give any answers to you.

Q.—Explain how you came to take that oath? You say you are bound by oath not to reveal these matters. Who imposed that oath on you? A.—I can't mention that either.

Q.—You can't? We would like to get it if it is possible to get it. I don't want to employ any rough measures. I simply wish you to tell all you know. You are not exonerated from answering any question. A.—That is all I know, sir.

Q.—Yet you say you were employed to work by The Nugget people, and also employed to work against them. What am I to infer from that? What is the public to infer? A.—I was employed by the Young Conservative Association of Ottawa—received instructions from the association to find out who was at the back of it. That is the situation I am placed in.

Employers Were Disappointed.

Later on Mr. Galpin of the Miners' Association examined the same witness, as follows:

Q.—You said you had told Mr. Armstrong that you knew of something wrong, that you knew one clerk in the office who had 21 interests, and then you told the commissioner that you had no definite information—that you got it on rumor. Is that so? A.—Yes, sir.

Q.—You said you were employed by the Young Conservative Association of Ottawa? A.—Well, I wasn't exactly employed, but I got instructions from them to keep my ears and eyes open in this country.

Q.—Can you tell the objects of that association? A.—I don't think there is any need of going into details.

Q.—I should like to know. You are an Englishman? A.—Yes.

Q.—You say you were employed by The Nugget at $250 a month to get evidence against the officers. Have you received a single cent from it? A.—No, sir.

Q.—They were disappointed in your professions—what you proposed to do? A.—I think they were.

Mr. Tabor—You sent this information to the Young Conservative Association of Ottawa? A.—Yes, sir.

Mr. Tabor—That is a political association? A.—It is.

Mr. Tabor—You are a member of that association? A.—Yes, I am, in one way.

Mr. Tabor—For political purposes you were doing this, I suppose? A.—Yes, sir.

Mr. Tabor—Are you in the pay of that association? A.—I refuse to answer that.

Arrested for Contempt of Court.

The witness either answered too little or too much. The impression given to those listening was that he was in Dawson for the purpose of getting hold of anything that might be of advantage to the opponents of the present Government, and was not altogether careful as to the manner in which he served his employers. He was placed under arrest for contempt of court. He escaped answering the question as to who imposed the oath, with several other similar queries, however, by the plea entered later by his attorney that the charges to which his evidence referred occurred after the 25th of August.

FISET'S ARREST.

It Is Said the Montreal Notary Has Confessed to Having Secured $14,000 by His Forgeries.

Montreal, April 4.—Mr. Arthur Fiset, a well-known Montreal notary, will appear before the Police Court to-day to answer a series of grave charges. He has, in fact, made a full confession. Fiset did the notarial business in Montreal for the York County Loan & Savings Company of Toronto, and in a short space of time he forged applications for mortgages, thus obtaining from the company in question about $7,000, all of which Fiset alleges to have spent in a Montreal bucket shop. By perpetrating about 30 forgeries in all, the accused secured about $14,000, and all this money appears to have gone the one way. As far as the Toronto loan company is concerned, Fiset's plan was to forge applications for loans on properties, and when the company accepted and had sent the cheque, the notary would pocket the same. It was during Fiset's visit to Paris, some months ago, that some irregularities were discovered, and on the 7th of March he left the city. Mr. Joseph Phillips of the York Loan Company and Mr. W. H. Hunter, the company's solicitor, came to Montreal, and, engaging Mr. F. S. McLennan of the firm of MacMaster & McLennan, steps were taken to come up with the alleged forger. Messrs. McCaskill & Haynes' Detective Agency was brought into play, and, after following Fiset to several American cities, he was come up with in Albany, when he decided to return to Montreal. He had registered at the Mansion House, Buffalo, as J. A. Brown. But it was at the Vendome, in Albany, where the detectives finally located him. At that time Fiset only had $40 in his possession, as he had evidently squandered the entire $14,000 before he left Montreal.

Besides the York County Loan forgeries, Fiset had forged the names of J. B. Pelican for $9,000, J. H. Christin for $800, Miss Ducket for $1,500, and others besides, having forged the name of his brother, Pierre Fiset, as endorser for several small notes of hand. It was thought that Fiset's relatives would have come to the rescue, but so far they have refused to do anything.

Mr. Costigan Goes East.

Hon. John Costigan left yesterday for St. John, N. B., where he will be banqueted this evening.

GIVEN UP TO DIE.

Was Mr. E. N. Stowell, but Dodd's Kidney Pills Cured Him.

Brockville, March 27.—When an eminent physician notifies a sick man that his case is hopeless and that he must die, he is it may be taken for granted, in a pretty bad way.

That was the position of Mr. Ed. N. Stowell, of this city, not long ago. He had suffered all the agonies of Bright's Disease for several years. The ablest physicians had pronounced his case hopeless, and he had begun to "set his house in order," when a friend urged him to try Dodd's Kidney Pills. One box put new life in him ,seven boxes cured him. Now his friends hardly know him for the same man.

Score one more for Dodd's Kidney Pills.

Korea is about 600 miles long and 135 wide. It is very mountainous, and the climate is one of the finest in the world. Nine months in the year the skies are bright, and the winter is superb, with its extreme dryness, clear skies and crisp, frosty nights. From September to June there are no extremes of heat or cold.

WHO WANTS A HOME

MELVILLE'S

Successors to Mills Bros.

FATAL FAMILY QUARREL.

Chicago Man Stabbed to Death by His Wife in the Presence of Their Children.

Chicago, April 4.—Before his two children, aged 8 and 4 years, Joseph Brown was stabbed to death yesterday by his wife, Clara. The murder was the outcome of a family quarrel. Brown had beaten and kicked his wife and threatened to kill her with a butcher knife that was lying on the table. When Brown made a move toward the knife, Mrs. Brown snatched the knife herself. Brown raised his foot and kicked her, but in falling she lunged forward with the knife, striking him fairly in the stomach. Maddened with fury and pain, the two fought for some minutes, the husband striking and the wife plunging the knife into her husband, until at the fifth blow he fell backward dead. Brown was stabbed five times. He was a packing-house employe.

Run Down Nerves.

Nothing Like

Paine's Celery Compound

For the Nervous System.

It is the World's Best Spring Medicine.

As far as the sick and suffering are concerned, time is too precious in their estimation to waste in reading any long dissertation on their condition based on a medical or scientific standpoint.

The suffering and diseased know well of their perilous and low condition of health, and sad hearts yearn for release from the chains of death's agents.

Each broken down, weak and suffering man and woman should know that the underlying cause of their burdens and ailments, apparent in headaches, sideacher, backaches, sleeplessness, dyspepsia, neuralgia and rheumatism, is a faulty nutrition of the entire nervous system.

The blood is pale, watery and hampered in its life-sustaining work by humors and impurities. The nerves cannot assimilate proper nourishment, no matter how much food is taken into the system.

When your condition is such as we have described, Paine's Celery Compound is your sure deliverer and resurrer. It quickly arouses a hearty appetite, regulates the bowels and brings about a normal action of the liver.

At this season, Paine's Celery Compound frees the system not only of rheumatism, eczema, salt rheum and other blood troubles, but also of neuralgia, nervous headaches, dyspepsia and kidney disease.

Let the advent of spring be to you a time of cleansing, toning and repairing of your entire system. Paine's Celery Compound will do this blessed work in a way that no other medicine can do. It is the only prescription that your druggist or medical adviser can honestly recommend. No other remedy can take the place of Paine's Celery Compound for your case. The use of one bottle will bring quick conviction to the greatest doubters.

MR. KIPLING THANKS EVERYBODY.

A Characteristic Easter Letter From the World's Loved Author.

New York, April 4.—The following letter of thanks has been written by Rudyard Kipling:

"Hotel Grenoble, Easter Day:

"Dear Sir—Will you allow me, through your columns, to attempt some acknowledgement of the wonderful sympathy, affection and kindness shown towards me during my recent illness, as well as the unfailing courtesy that controlled its expression? I am not strong enough to answer letters in detail, so I must take this means of thanking as humbly and sincerely the countless people of good-will throughout the world, who have put me under a debt I can never hope to repay. Faithfully yours.

"Rudyard Kipling."

Mr. Kipling got out of bed on Sunday for the first time since his illness. He is well on the way towards complete recovery.

Hard on the Author.

The author wanted some reading, and he sought out an unfamiliar shop. Unfortunately he was a facetious author. There were people who thought him rather proud of himself. At any rate, he thought he would be recognized anywhere, because his portrait had appeared with some frequency in the periodical press. So when, after he had chosen several works of fiction by other writers, the salesman handed him a copy of his own latest book he winked drolly at the man behind the counter and pushed the book away from him in mock disgust.

"For heaven's sake, no!" he cried. "I can't read that man's stuff."

"Well, to tell you the truth," said the salesman solemnly, "I can't either."

MARKET REPORTS.

At Chicago Wheat Advanced and Then Receded on Crop Damage Reports—The Latest Quotations.

Chicago, April 4.—The wheat market was active yesterday. The May option opened at a good advance over Saturday and sold up to 73¾c on continued crop damage reports. At the top price there was much realising and the price dropped a clear 2c. The July option fluctuated to the same extent, the close being about ¾c below Saturday's final figures.

Montreal Live Stock.

Montreal, April 4.—Receipts of live stock at the East End Abattoir yesterday morning were 400 head of cattle, 300 calves, 50 sheep and 75 lambs. The demand was somewhat limited, and prices were about the same.

Cattle—Choice at from 5¼c to 6c per pound. Good sold at from 4½c to 5c per pound; lower grade from 3½c to 4½c per pound. Calves—Were sold from $2 to $10, according to size. Sheep—Brought from 3½c to 4c per pound for old. Lambs—Sold at from 4½c to 5c per pound; yearling lambs from 5c to 5½c per pound. Hogs—Brought from $4.40 to $4.60.

Doan's Kidney Pills

Are Checking the Ravages of Kidney Disease in St. John, N. B.

Another Testimony as to their Marvellous Power.

Any one who desires to know anything of the curative powers of Doan's Kidney Pills in any form of kidney disease, or in any condition that arises from disordered kidneys, need not go far to look for information.

Almost every city and town in Canada sends its quota of cures. In St John, N. B., many people are coming forward and testifying to the almost magic influence of Doan's Kidney Pills in relieving pain and eradicating disease.

One of these is Mrs. C. H. Gillespie, 204 Britain St. She says that she suffered from a severe attack of kidney disease, which was the result of La Grippe. She was so bad with the pain in her back that she could not stoop to tie her shoes, and at times suffered so much that she could not turn in bed without assistance

For four months previous to taking Doan's Kidney Pills she was unable to attend to her household duties, and was almost a helpless invalid. "Doan's Kidney Pills have rescued me from this terrible condition," said Mrs. Gillespie, "and removed every pain and ache from my body. I am in perfect health to-day, and although my case was very serious, the pills checked the ravages of the dread disease almost immediately, so that I can highly recommend them."

Doan's Kidney Pills never fail to cure Bright's disease, diabetes, dropsy, backache, lame or weak back, puffiness and dark circles under the eyes, swelling of the feet and ankles, rheumatism, gravel sediment, female weakness, urinary trouble, dizziness, headache, weakness of the kidneys in children and old people, etc. Price 50c. a box or 3 for $1 25, at all druggists, or sent by mail. The Doan Kidney Pill Co., Toronto, Ont.

Remember the name Doan's and refuse all others.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes (the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practising. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1898 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

W. E. GREEN, Box 714, Peterborough, or

Octavius Newcombe & Co., Toronto.

—THE—

IMPERIAL LIFE INSURANCE CO. OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. **It Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. **Its Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. **Its Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. **Its Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. **Its Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

LOCAL NEWS

10 a.m. Probabilities.

Moderate northerly to north-westerly winds; fine, and rising temperature. Wednesday—moderate winds; fine and a little warmer.

Ready made articles suitable for Y. W. C. A. Bazaar at MRS. APPLEBY'S.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. Geo. Gumpricht, practical piano maker and tuner, with 28 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Any person owing the late firm of J. B. Oke & Co, 418 George street, will find their account at the store of R. R. Philp & Co., 376 George street. In the absence of Mr. Oke, Miss Smith, Mr. Bradshaw or Mr. Philp will give receipts for all amounts paid on the same. J. B. OKE. 6d-1w

Fortnightly Club.

The meeting of the Fortnightly Club, advertised for to-morrow night is postponed until Wednesday week, April 12th. On account of the reader of the paper for the evening, Mrs. Wallis, suffering from a sore throat.

Y. W. C. A. Notes.

Bible Class this (Tuesday) evening at eight o'clock in the Y. W. C. A. rooms. Subject the S. S. lesson for next Sabbath, "The Anointing in Bethany." The study of the lesson should be of interest to every Sunday School student and worker.

Remember the Concert, in the George street Methodist Church to-night.

For an Appetizer.

Drink a glass or a bottle (according to your capacity) of Copland's Ale or Porter, about half an hour before each meal.

Both are healthful aids to digestion. Pure ale is good for you; bad beer is unhealthful.

Kept in fine condition and an even, cool temperature in our cellars.

HENRY & Co.

Horticultural Society.

A meeting of the directors of the Peterborough and Ashburnham Horticultural Society was held in the town clerk's office, Monday afternoon. It was decided to ask the town for a grant of $300 towards the Court House Park maintenance for the year, and to ask for tenders from the various florists for the caretaking and flower supply and culture.

A Broken Arm.

On Saturday evening Mrs. Hugh Christie, who resides with her son, Mr. Wm. Christie, Gilmour street, returned to town from Lakefield; as she was proceeding to the residence of her nephew Mr. Robert McWilliams, Bolivar street, she fell near the residence of Mr. J. L. Hughes, Park Place, and broke her arm at the wrist. She was carried into Mr. Hughes' residence and surgical attendance given, after which she was removed to Mr. McWilliams' residence.

THE MOULDERS' BALL.

There Were a Large Number Present and the Affair Passed off Most Creditably.

The ninth annual ball of the Iron Moulders was held last evening in the Foresters' Hall, Simcoe street, and proved a great success, as usual.

Last year's committee managed the annual function in so creditable a manner that the members were asked to officiate this year again, and last evening they acquitted themselves equally well. Mr. J. L. O Brien is chairman, Mr. Robt. Mulligan, secretary-treasurer, and the balance of the committee is composed of Messrs. R Scott, Jas. E. Johnston. P. J. Heselip, E. R. Ward, Jos. Crowe, Jas. Wyer and S. Cottingham.

The hall was most tastefully decorated for the occasion by Mr. Alf. Kingscote and the music was provided by Butcher's orchestra. Mr. John Watt was in charge of the refreshments.

There were between seventy and eighty couple present and the committee is entitled to the greatest praise for the manner in which the affair was brought to so successful an issue.

FISHERIES OVERSEERS.

Appointed for the Waters Extending from Rice Lake to Bobcaygeon.

Mr. Jas. H. Yelland has been appointed by the Ontario Government as fishery overseer for the district, including the Otonabee river and tributary creeks, from Lakefield to Rice Lake.

Mr. F. J. Moore, of Lakefield, has been appointed fishery overseer for Lake Katchewancooke, Clear Lake, Stony Lake, Lovesick and all waters north in the county of Peterborough, tributary to those lakes as far as Lovesick.

Mr. Thomas Nichols of Harvey, has been appointed fishery overseer for the waters extending from Lovesick to Bobcaygeon, including Pigeon lake as far as Omemee.

Received into Membership.

The names of sixty-one persons wishing to unite with the George street church had been received by the pastor, Rev. Mr. Shorey, during the last few weeks, and on Sunday at the close of the morning service most of those were present, and were publicly received into the membership of that church. It was a very impressive service.

Horse Clipping.

Horsemen should take advantage of the fine weather to have their horses clipped and trimmed for the spring. All work done promptly and in the slickest manner with my new patent New York clipping machine at my livery and boarding stables. Entrance on Aylmer street, office 227 Charlotte street. Telephone 227. F. L. ROBINSON, V.S. 3d

Devotional Books.

Whatever is needed or necessary in Church prayer books, hymn books, manual of Catholic Piety, or other church exercises, is on sale at the Peterborough Bookstore. A very fine assortment of Bibles, with and without marginal references and helps, in varied styles of binding from the plainest leather, to the best japped morroco for pocket and pulpit.

A. H. STRATTON & Co.

Geo. Ball

has removed to the rooms over Oak Hall formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3.50; why buy ready-mades? Every age and style is met—every desire is assured. Ladies' tailoring in all designs.—GEO. BALL, over Oak Hall. 20

Bradburn's Opera House.

The Brockville Times says:—Paul Cazeneuve, the clever young actor and his excellent company, played to a packed house last night with his new scenic and electric production of Goethe's immortal play "Faust." Cazeneuve took the role of Mephisto and his conception of that difficult character was a creditable one and his work excellent throughout. The characters of Faust and Marguerite were cleverly impersonated by Miss Taylor and Ulysses Davis. The other members of the company sustained their parts to perfection. The scenic effects which are new add materially to the pleasure of the evening, while the scenery and costumes are all that can be desired, the Brocken and Garden being specially worthy of praise. This excellent company opens a three night's engagement at Bradburn's opera house, Thursday, April 6th, with "Faust," to be followed by "The Strategists," Don Caesar de Bazan and the beautiful romantic comedy, "David Garrick" which is pronounced by critics to be the most witty of all romantic comedies. Popular prices will prevail for this engagement. There will be a matinee Saturday. Prices 15, 25, 35 and 50 cents. Seats now on sale.

COUNTY UNION OF CHRISTIAN ENDEAVOUR

REV. O. C. ELLIOTT WAS ELECTED PRESIDENT.

The Closing Session was Held in the Charlotte Street Church Last Evening—Rev. E. S. Rowe Speaks.

Convened in the Y. M. C. A. hall at 2 p.m., the President in the chair. The devotional exercises were conducted by Rev. Dr. Torrance, after which Miss McCamus, of Keene, read a very helpful essay on "What Shall we do with our Associate Members." The ex-president Rev. J. G. Potter, B.A., delivered a powerful address on "The Great and Open Door." Then came the open doors of the heathen nations.

The address was very inspiring and helpful. "Self Denial" was the subject of and excellent essay prepared by Mr. M. Carton, and read by Miss Minnie Hamilton. Then questions of importance and interest concerning the future of the Association, were taken up and freely discussed. Shall the convention itenerate It was decided in the affirmative. It was thought it would be a decided benefit to go around to the different towns and villages in the country. The place of holding the next convention was left with the Executive Committee, awaiting an invitation from some town outside of Peterborough. Then followed the election of officers for the ensuing year, which resulted in the election by ballot of Rev. O. C. Elliott, president, and the re-election of Mr. Bruce Anderson as sec'y-treasurer. Then the question—Shall we send a representative from the County Union to the International Convention, which is to be held in Detroit from July 5 to 10? After considerable discussion the Rev. J. E. Moore, Ph.B., the retiring honorary president, was elected. The representative is expected to bring back a report of the Convention and visit rallies throughout the county during August and September.

The secretary treasurer's report showed the finances to be in a healthy condition. There are 27 societies in the county, with 750 members.

The session was closed with benediction by Rev. J. McCamus, of Norwood.

EVENING SESSION.

Rev. D. O. Crossley conducted the song service and devotional exercises, and Rev. Mr. Moore presented the President-elect, Rev. Mr. Elliott, who thanked the Endeavourers for the honour conferred on him, and hoping for a prosperous year.

The speakers of the evening were Rev. O C Elliott, S Rowe, Pastor of the Euclid Ave Methodist church, Toronto, and President of the Provincial Union of C. E. For an hour the Rev. gentleman held the audience at his will. Rev's Potter and Shorey moved a vote of thanks for the excellent speech.

The Rev. Mr. Elliott then conducted a short consecration service, and a most successful convention came to a close.

Mark Street Concert.

The Ladies' Aid of the Mark St. Church Ashburnham, intend giving a musical and literary entertainment, on April 11th. Everyone who has attended any of their former entertainments knows that this will be an enjoyable one. A number of old friends are given an opportunity on this date of meeting with one who is deservedly popular. We refer to Mr. E. Roberts Omemee, who has kindly consented to act as chairman. Further announcements later.

TO-NIGHT! TO-NIGHT!

Grand Sacred Concert, George street Church. Selections by Chorus and full Orchestra, solos by Mrs. Chambers, Mr. Bradley, selections by Mr. Granville Kleiser, Entertainer. Concert at 8 o'clock. Admission 25 cents.

PERSONAL.

Mr. Harry E. Cowle is home on a visit.

Mr. J. A. Sutcliffe has been visiting friends in Lindsay.

Mr. Lionel King returned to Trinity University this afternoon.

Mr. Jas. Skinner spent Easter Sunday with his parents in Lindsay.

Mayor and Mrs. Davis returned home last night after a fortnight visit to New York.

Mr. Sam Walsh, of Hastings, spent Sunday in town as the guest of Mr. Fred Lynch.

Miss S. Cochrane is spending the holidays with her friend, Miss Watts, Argyle street, Toronto.

Miss Nellie Richards has returned to Port Hope after a pleasant week's visit with friends in town.

Mr. Barton Brooks left this afternoon for Cleveland, where he will spend a few weeks with his mother.

Miss Helen S. Davidson, daughter of Mr. R. S. Davidson, has a very cleverly written communication in Saturday's Globe.

Messrs. C. Dawson, of the Dominion Bridge Co., Montreal, and C. N Dawson, of the School of Practical Science, Toronto, spent Easter Monday in town.

Mrs. E. McCabe and family of Lindsay, left yesterday after spending Easter with her mother, Mrs. G. Shiells, Aylmer street.

Miss Helen Kempt, who has been in Peterborough since Christmas, left yesterday for New York, to resume her duties as a nurse.

Mrs. J. L. Hughes has been absent in London for five weeks for the benefit of her health, which her many friends will be glad to learn is considerably improved.

Miss Kittie Harley went to Toronto yesterday to hear the great pianiste, Mme. Teresa Carreno. She will probably stay also to the Burmeister concert on Thursday.

Mrs. Geo. A. Cox, who has been seriously ill in New York, has been removed to Clifton Springs, where her many friends will be glad to hear that she is so much recovered as to be able to come down stairs to her meals.

OBITUARY.

The Late John Milliken.

The death took place at an early hour this morning of John Milliken, aged 61 years. The deceased had been a great sufferer for over a year from a tumorous growth on the neck, which despite several operations and medical treatment, could not be arrested. He leaves a widow and one daughter, married, and a son aged 10 years.

The funeral takes place from the family residence, 554 Bethune street, corner of London, to morrow afternoon at 3 o'clock.

Effects Were Wonderful.

"I have been troubled for years with pains in my sides and kidneys and had aches in all parts of my body, owing to stomach and liver troubles. I began taking Hood's Sarsaparilla and its effects were wonderful. In a short time I was entirely cured." MRS. FRANCKE, 208 Oakington Avenue, Toronto, Ontario.

Hood's Pills are non-irritating and the only cathartic to take with Hood's Sarsaparilla.

—Free Cigars—I will give one "Rose Queen" Cigar to any cigar smoker who will call at 426 George street, Thursday, April 6th, between 3 and 4 p.m. This is to advertise this cigar, hence the Free Gift.—W. J. MORGAN.

NEEDLESSLY ALARMED.

A Serious Accident With a Wood Sawing Machine.

A story comes from the country where a sawing bee was in progress. A farmer by some means accidentally brought his mittened hand in slight contact with the whizzing circular saw. Through the rent made in the mitten, the startled man saw a splash of blood. Those present, gathered around, and asked him to remove the mitten so that the extent of the injury could be seen. He violently protested—he could not run the risk of bleeding to death—he must have the hand bound up, mitten, gore and all. The wounded man with his pallid face and lacerated hand, was tenderly placed in a conveyance and taken to a surgeon in Lakefield. After the removal of the elaborate bandages and the mitten, the surgeon found a scratch that a healthy pin would not be proud of making. The wounded man's friends are having a good deal of sport at his expense.

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want those qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c., at J. Lynch's drug store.

Y.M.C.A. BAZAAR.

The Y.M.C.A. bazaar opens on Thursday next, at 2 p.m. High tea will be served from half-past five until 8 p.m., at which latter hour the musical programme will begin. The price of admission has been fixed at 10 cents, with an extra charge of 15 cents for high tea.

As the cause is such a worthy one it is expected that the attendance will be very large. Business men should make a point of dropping in for high tea on Thursday.

Many tables and booths have been arranged for. First is the table of useful and ornamental articles, where pretty gifts for anyone can be found and every taste suited. Then there is the Japanese room, beautifully decorated in Japanese style and conducted by Japanese ladies, who will serve delicious tea, coffee and cocoa, with pure cream and a biscuit for five cents. In the flower booth will be found the flower and beauty of the town attending to those who desire boquets, flower-pot covers, ice cream or lemonade. At the candy booth will be found sweets for the sweet. The novelty table is to be looked after by the wives of Peterborough members, and either parties can therefor be attended to with tact. Novelties for the parlour, sitting room, bed room are to be found here. The children will be made happy at the doll booth, where dolls and their wardrobes are on sale as well as doll furniture.

Ladies will be in the Y. M. C. A. building on Wednesday from 10 a. m. until 10 p. m. to receive the articles for sale. Those sending refreshments will kindly do so as early as possible on Thursday. All kinds of eatables, cooked turkeys, chickens, cakes, jellies, salads, home-made bread, butter, pies and etc., will be thankfully received.

The Cowan Cocoa Company, of Toronto, are generously contributing all the cocoa to be served in the Japanese refreshment room at the Y.M.C.A. bazaar, together with a young lady to prepare it. She understands perfectly the preparation of cocoa to ensure its delicious flavour.

The ladies of the Auxiliary wish to very cordially thank Messrs. Cowan & Co. for their liberal and greatly appreciated contribution to the bazaar, which with this feature and the numerous other attractions, promises to be a very gratifying success.

ADDRESS AND PRESENTATION

TO REV. R. VICARS STEVENSON, CURATE OF ST. JOHN'S.

On the Occasion of his Retirement From the Parish and his Departure From Peterborough—The Rector's Tribute—Remarks in Reply.

Last night, at the Easter vestry meeting of St. John's, a most interesting preliminary incident took place. There was a large attendance, and before the business of the meeting was entered into Mr. Peter Campbell, people's church warden, said he had a very pleasant, as well as unpleasant, duty to perform. It was a pleasure to give expression, on behalf of the congregation, to the feelings of respect and esteem held by himself and others for Rev. Mr. Stevenson, who, to the regret of all, had closed his official relations with the parish, and the unpleasant part was in expressing the very sincere regret that was felt at his departure, not only by the congregation but by the public at large.

He then read the following address :—

Rev. R. Vicars Stevenson.

DEAR SIR,—At the close of your stay amongst them, for nearly four years as curate of this parish, the members of the congregation of St. John's wish to give expression to their feeling of deep and sincere regret at the prospect of your near departure and the loss of your faithful and very greatly appreciated services and ministrations. We can bear strong testimony to the fact that the discharge of your duties in every parochial relation has been marked by a fidelity and zeal which have not, to our knowledge, failed in respect of any interest of the church or congregation, great or small. Your ministrations of the services of the church have been characterized by reverent earnestness and, conjoined with your sermons remarkable, especially in so young a clergyman for graceful expression and evidence of careful thought, and for zeal for the welfare of your hearers, have been sources of spiritual profit and intellectual enjoyment.

Our personal relations with you have been of the most pleasant nature: and, while you have in this capacity, won the warm esteem of every member of the congregation, we have reason to know that in your intercourse with the general public, your genial courtesy, your compliant and active sympathy with every legitimate interest and every worthy ambition, have made for you a valid popularity, which might well be the envy of a much longer residence than you have been with us.

In conclusion we assure you that you will always be held in remembrance, as a faithful, zealous and capable minister, by the congregation of St. John's, and by them and the people of Peterborough as a worthy type of a Christian gentleman.

As a tangible accompaniment of our formal farewell we would ask your acceptance of this purse. We trust that the journey and rest you contemplate will result in the restoration of your strength, spent in our service and that you may return safely, reinvigorated for work for the Master. We shall watch your life hereafter with a common and personal interest and we pray that your future both as a man and a clergyman may be happy and fruitful of good in both capacities.

The address bore the names of all the contributors to the purse.

The Rector wished to add his tribute to the hearty sentiments of the address. He wished to give his expression to his very warm appreciation to the faithful services Rev. Mr. Stevenson had rendered to the parish. After four years of close intercourse, he and Mr. Stevenson parted in the most pleasant way, in a manner characteristic of their past relations. He assured him that he and his ministry would be warmly remembered.

Mr. Stevenson in his reply, was very cordially received. He said that this was his last opportunity of speaking to many of the congregation of St. John's. Words would be quite inadequate to express his hearty appreciation, and his warm gratitude for the kind sentiments of the address, and the accompanying tangible evidence of their sincerity. The occasion recalled to his mind the occasion, when he was similarly remembered by the members of the congregation of the parish which he left to come to Peterborough, and though he had had a pleasant stay in Peterborough, yet he still had a warm place in his memory for the people of the parish of St. Stephens, Toronto, and in the same way he would remember, perhaps in a greater degree, the kindness of the people of Peterborough. He was not taken by surprise, for the invariable kind treatment he had received during his stay here and the hints he had received prepared him to expect something like the great kindness he had received at the hands of the congregation that evening. He would always look back to the occasion of his stay in Peterborough with pleasure, and would by no means forget them when his duty led him to another parish. He wished it to be distinctly understood that his retirement from the parish was not due to the fact that he had grown restive under occupying a subordinate position. He wished to clearly state that it was his highest ambition to serve the Master in that station in which he could be the most useful, whether it was a subordinate or more responsible position. Addressing the Rector Mr. Stevenson said that their relations had been of the most friendly and harmonious nature. For four years there had not been a ripple to break the serenity of their mutually harmonious relations, something to be always aimed at and to be commended between clergymen. Mr. Stevenson added that he had always tried to be a good citizen of the town, and to be of help and service to his fellow citizens. What was the use, he asked, of being good Christians if we did not reflect in our lives the power of the spirit of Jesus Christ that should rule our lives. He had tried, especially during the latter part of his stay, to impress this idea, and he trusted that the congregation of St. John's would remember their duty to co-operate in the spread of the principles to which he had referred. St. Johns, from its position, was like the city set on a hill, and it should have a similarly prominent position in the sphere of moral and spiritual action and influence. He appealed to the congregation to work to that end, and to place the church in such relations that all could come and feel themselves welcome. Mr. Stevenson said he had reason to know that he had many warm friends outside the congregation of St. John's and he was very thankful for that fact. He would be obtuse if he had not long before the formal declaration of the evening, of the feeling of the congregation towards him, felt from his daily intercourse with them that such a feeling existed. He was deeply grateful, and he hoped to have an opportunity to give material evidence of his appreciation. Rev. Mr. Stevenson said that before he concluded he wished to refer to a matter which impressed him more in Peterborough than anywhere else, and that was the hearty co-operation the press had given to him in his and all good work. He wished to heartily express his appreciation of the help the press had given, and most generously and willingly, to him and to good causes by the opportunities they had given of promoting good work. In conclusion he reiterated his cordial thanks, and hoped to meet on many occasions members of the congregation of St. John's. They would always have a warm welcome to his parish, wherever he was. He prayed that Almighty God would give them His richest blessings, both in their work and in their spiritual lives.

The purse mentioned in the address contained a hundred dollars in gold and represented the contributions, in sums of all sizes, from nearly all the members of the congregation.

Rev. Mr. Stevenson leaves town on Wednesday for New York, where he will embark on the Marquette, of the Atlantic Transportation line, for London, England, which will be his first place of stay during his visit to the Old Country.

The esteem in which Rev. Mr. Stevenson is held by St. John's and Christian people is evidenced by the foregoing incidents, but THE EXAMINER feels it can speak on behalf of the citizens generally in saying that seldom has a clergyman, during four years in town, touched so many aspects of social and civic life with so good results, made himself more persona grata in every sense to all with whom he came in contact, or carried away with him on his departure so high an esteem, as that enjoyed by Mr. Stevenson in relation to all classes and all religious denominations. The heartiest good wishes from all follow him.

HIGH COURT OF JUSTICE.

Only One Case on the Criminal Docket—Court Cases Withdrawn.

The High Court of Justice opened this afternoon at one o'clock before Justice Robertson.

The following members of the bar were present :—Geo. Watson, Q. C., Toronto; R. Ruddy, Millbrook; E B Edwards, E B Stone, R M Dennistoun, R R Hall, F D Kerr, D O'Connell, W F Johnston, A P Poussette, Q C., J W Bennett and R E Wood.

The only case on the criminal docket is that of Albert Taggart, charged with defamatory libel.

The Crown business is being looked after by Mr. Frank Webb of Cobourg.

The Grand Jury was composed as follows :—Frank Bindsall, Frank Barrett, D H Booth, Nelson Blewett, J D Collins, Richard Chowen, R A Deyell, James Davidson, W G Ferguson, R A Fortye, Henry Lefevre (foreman) J C Sullivan and Robt N Scott.

His Lordship in addressing the Grand Jury stated that it was most gratifying to him to see such a full turn out of the Grand Inquest, every member being present. This was not the case in many other counties, but if he remembered correctly it had occurred also on the occasion of his last visit to Peterborough. He congratulated the county on the small docket, and spoke for some time on the the law as governing cases of libel. In closing he referred to the matter of the erection of a House of Refuge, and advised, in order to decrease the number of vagrants from the United States who annually take refuge in Canadian gaols for the winter, that they be put at stonebreaking from seven in the morning until seven in the evening, which course of action he thought would materially lessen the numbers of this undesirable class of citizens.

The breach of promise case of Cook vs. Fiske settled out of Court by payment of $100 on account of plaintiff's costs. The seduction case of Young vs. Andrews was also settled out of Court.

Dover vs. Deane has been postponed on order of the local Master.

The case of James vs. Armstrong was the first taken up.

Remember the Concert, in the George street Methodist Church to-night.

THE MARKET SCALES.

Mr. Baptie Explains How Incorrect Weight Was Given.

Mr. J. D. Baptie was seen at the market this morning, in reference to the statement made by Mr. Paul Costello, of Ennismore, to the effect that incorrect weight was given on the market scales for some hogs.

Mr. Baptie states that Mr. Costello was correct in stating that wrong weight was given for the hogs, and he explains the matter by showing how the small platform used on the scales was accidentally moved, so that a portion of it rested on a board, and thus materially affected the weight of the hogs. Mr. Baptie states, further, that when Mr. Costello claimed that the weight was short, he (Mr. Baptie) examined the scales, and finding that the platform had been moved, drew attention to it and at once re-weighed the hogs.

A cleat has been affixed to the movable platform, and the accident cannot, therefore, occur again.

PLUNGED TO HIS DEATH.

Insidious Disease Lurks Everywhere.

A bright young man in Grey County, Ont., thoughtlessly plunged into the lake at a summer resort when the blood was above the normal heat. The shock stopped the kidneys work. Poisons which should have been carried off were circulated through the system. Dropsy was the result, and one bright autumn the mourning badge was on the door, and a promising young life was snuffed out. He trusted himself to skilled physicians, but they failed to do what South American Kidney Cure would have done. It clears, heals and puts and keeps the kidneys in perfect action. A specific for all kidney ailments.

Fish for Easter.

I have provided a plentiful supply of fish, oysters and fruit for Easter. Fresh caught halibut, fresh caught haddock, fresh B.C. sea salmon, sea herring, fresh bass and other fresh water fish, Lake Superior salmon, Lake Winnipeg whitefish, Georgian Bay trout, select oysters, etc. Also fine fresh fruits, oranges, lemons, bananas, etc. Get your Easter supplies at Frank D. Leplante's fish and fruit store, next Adam Hall's. Leave orders early. Prices will be right.

See the bargains in Men's Pants. at GRAFTON & CO., on Thursday Bargain-day.

CHANGED HANDS!

I beg to announce to the citizens of Peterborough that I have bought out the Wholesale and Retail

FRUIT AND FISH BUSINESS

Formerly carried on by Mr. J. B. Oke, 418 George Street,

I intend to devote my whole attention to conducting a First-class Fruit and Fish Business, by keeping a most complete and well kept stock of the choicest delicacies of the table, including—

Foreign and Domestic Fruits.
Salt and Fresh Water Fish.
Fresh Oysters in Bulk.
Early Garden Vegetables.
Canned Vegetables and Fish.
Pickles, Relishes, Etc.

Everything in season, fast as it appears in the markets.

Having had 25 years' experience in handling Fruits, etc., I feel confident of being able to cater to the wants of all classes.

I respectfully solicit a continuance of the patronage of Mr. Oke's customers and of the public generally.

R. A. DUTTON,

(Late of Barrie), successor to J. B. Oke, 418 George Street. Telephone 204. Terms Cash.

CARD FROM MR. OKE.

I take pleasure in recommending my successor, Mr. R. A. Dutton, to all my customers and ask for him a continuance of the liberal patronage bestowed upon me. Mr. Dutton is an experienced and thoroughly practical fruit man and has a reputation for being obliging and honourable in all his dealings.

All accounts due me are requested to be paid to either myself, Miss Smith, Mr. H. Bradshaw or Mr. Philp, at Mr. R. R. Philp's Fruit store, without delay.

Yours truly, J. B. OKE.

Peterborough, April 1st, 1899.

NEXT TO THE POST OFFICE.

NEWS OF VICTORY.

When an excited messenger comes dashing in with glorious news of victory from a great field of battle nobody wonders at his enthusiasm. It is contagious. Every man who hears the grand tidings is ready to swing his hat and cheer and pass along the splendid story to his nearest neighbor. When a man has been through a terrible battle with sickness and at last has gained a glorious victory his first impulse is to tell the good news to others. He wants every man and woman of his acquaintance to know about the splendid remedy that brought him back from sickness and discouragement to sound and perfect health.

"I had rheumatism for three months," says Mr. James E. Crampton, of Sharpsburg, Washington Co., Md., in a recent letter to Dr. R. V. Pierce, of Buffalo, N. Y. "I couldn't walk at all. I was in business in Baltimore. I tried the best doctors I could get but they did me no good. I took three bottles of Dr. Pierce's Golden Medical Discovery and it cured me sound.

"I came home to Sharpsburg and there were three cases of different diseases. I advised the patients to use Dr. Pierce's medicine, which they did, and all were cured. I have sold one hundred dollars' worth of your medicine by telling people how it cured me.

"You will find enclosed 31 one-cent stamps for one of your 'Medical Advisers,' cloth-bound."

This grand "Discovery" is the most perfect formula ever devised for the complete and thorough renovation of the blood from all unhealthy germs and lurking taints of every name and nature. By making pure and healthy blood free from bilious poisons it builds up strong and active manhood and blooming attractive womanhood.

If out of health, write to Dr. Pierce. He will send you good, fatherly, professional advice without charge. See his address above.

HE OBEYED ORDERS.

A Young Recruit's Rapid Rise to Title and Power.

One day a young recruit was standing guard before the door of the entrance to Peter the Great's private chambers in the Palace of St. Petersburg. He had received orders to admit no one.

As he was passing slowly up and down before the door, Prince Menschikoff, the favorite minister of the czar, approached and attempted to enter. He was stopped by the recruit.

The prince, who had the fullest liberty of calling upon his master at any time, sought to push the guard and pass him. Yet the young man would not move, but ordered his highness to stand back.

"You idiot!" shouted the prince. "Don't you know me? You'll be punished for this!"

The recruit smiled and said:

"Very well, your highness, but my orders are peremptory to let nobody pass."

The prince, exasperated at the fellow's impudence, struck him a blow in the face with his riding whip.

"Strike away, your highness," said the soldier, "but I cannot let you go in."

Peter in the room, hearing the noise outside, opened the door, and inquired what it meant, and the prince told him.

The czar appeared amused, but said nothing at the time.

In the evening, however, he sent for the prince and the soldier. As they both appeared Peter gave his own cane to the soldier, saying:

"That man struck you in the morning; now you must return the blow to that fellow with my stick."

The prince was amazed. "Your majesty," he said, "this common soldier is to strike me?"

"I make him a captain," said Peter.

"But I'm an officer of your majesty's household," objected the prince.

"I make him a colonel of my Life Guards and an officer of the household," said Peter again.

"My rank, your majesty knows, is that of general," again protested Menschikoff.

"Then I make him a general, so that the beating you get may come from a man of your rank."

The prince got a sound thrashing in the presence of the czar, and the recruit, who was next day commissioned a general with a title, was the founder of a powerful family whose descendants are still high in the imperial service of Russia.

No Right To Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50 cents, at J. Lynch's drug store.

The Theatrical Manager.

The theatrical manager is a hard man to see. Shut in his private office and with a well trained boy in the anteroom, he is inaccessible to any one whom that boy does not know. You cannot even get your card sent to him. The boy always says he is not in. You will get the same answer at the box office. I remember hearing an old manager once say to his office boy: "My son, if you don't learn to speak other people's lines you will not succeed in this business. I have written a part for you. Whenever any one you don't know says, 'Is Mr. Brown in?' that's your cue to answer, 'No, sir.' I wish you to be dead letter perfect in that line from this time on."—W. J. Henderson in Scribner's.

Led by a Bear.

It was W. P. James who wrote that one would rather have Mrs. Boswell's letter to Bozzy about Johnson than Johnson's letters to Mrs. Boswell about Bozzy, for it was Mrs. Bozzy who made the delightful observation that she had seen many a bear led by a man, but never before seen a man led by a bear.

The word "spread" as a slang word originated at Cambridge university. It did not imply a profuse feast, however, but a poor one, spread over the table to make a show.

Some elephants can draw 15 tons, lift 10 hundredweights and carry on their backs 3 tons.

A CARD.

Mr. Ed. Halstaman, 26 Monroe Ave., Hoboken N. J., advises all men who are weak and who desire a speedy and perfect cure to write to Dr. Gustav E. Roberts, 262 Woodward Ave., Detroit, Mich.

ANOTHER.

Ten thousand men obeyed his lightest word.
He pressed a button at his desk, and, lo!
Men who for years had struggled on and on
Awoke to find their dreams of riches gone,
And bowing servants saw him come and go.

He spoke, and markets rose forthwith or fell.
He governed all that mighty wealth will buy!
Fame, honor, power, homage, he possessed,
And yesterday you would have called him blest—
But millionaires and paupers have to die!

The shouting in the market still goes on,
Though whispering servants tiptoe through his hall,
How poor was I beside him yesterday!
How rich today beside his pulseless clay!
Make fast the lid and let the curtains fall.
—S. E. Kiser in Cleveland Leader.

VINDICATED.

When M. de Bossue returned to the court in France he was most coldly received. The king refused to see him, and the king's courtiers were quite uncivil. At his sweetheart's house, in the Rue des Saints Peres, the door was closed in his face. He was filled with astonishment and grief, both of which were increased when he went to see his friends. All looked askance at him, few deigned even to speak to him, and none accorded him the explanation he sought.

Too proud to question strangers and yet sensitive enough to suffer keenly under the treatment he had received, he went to his room to brood alone.

There was a mirror here, and in this he surveyed himself. The hardships of war had deprived him of his good looks. His face was drawn and haggard, his skin wrinkled, his eyes were dull and sad, while across his left cheek a long, disfiguring scar told where a saber had cut deep.

He left the mirror and sat down dejectedly. "I am grown ugly," he said, "and poor, and therefore they shun me." He thought of his life, offered to his country and to glory, of his hard campaigns in America and the Indies, of the famous battles in which he had done his part under Montcalm and Vaudreuil. "But all this," he told himself, "has been in vain. The king, my love, my friends, they are none of them left to me. The only faithful one of them all—my horse, who used to lick my hand and neigh gladly at my coming—he, too, is gone, for I have sold him. No one—nothing is left to me!"

One black thought was succeeded by another, and his gloom and melancholy increased till life seemed but a burden to be got rid of. He was a man of promptitude and decision, and, having come to this conclusion, he did not procrastinate. His pistol lay ready to his hand—one shot and the deed was done.

At court they said, "M. de Bossue had the fever." Weeks and months passed, and they spoke of him no more.

But there remained to Bossue an old time friend. After serving in Spain for some ten years and growing discontented with his work M. le Comte de la Puysaye returned to France and to the court. He gained prestige at Mmes. de Bouflers', De Chauvelni's, De Surgere's and Luxembourg's, asked new service of the king, and solicited a regiment. He called himself a friend of Bossue. "Poor fellow!" he said. "Only 30 years old! What could have made him leave us in that way?"

His face clouded when he heard the story, for he was a brave man himself. "A coward!" he cried. "Impossible!"

"But, yes," said his informer. "We repeat only what the reports said—reports which were sent to the king direct. M. de Bossue, it seems, disliked the enemy too greatly—so much so, in fact, that he could never bring himself to approach him."

"Bossue a coward!" cried the count. "He must have changed greatly, then. May not those reports have been false?"

"Well, the marshal himself"— and so on. La Puysaye heard the story repeated a score of times, and found that the mention of Bossue's name brought forth only curses or reproaches. He ended by renouncing him.

"But," he said to himself one day, "I can't forget him. I loved him well, and I believe I love him still. Very well. I shall allow myself this little eccentricity—that of loving a dishonored wretch. Bossue remains my friend, and of all the world I alone shall recall him with something other than disdain."

He hung the dead man's portrait on his wall once more. But the portrait was an old one and no longer resembled anybody. La Puysaye, discontented, wished for some other souvenir—something which Bossue had used. He thought of the horse. "Where is he now? They tell me that he sold him. That horse carried poor Bossue for ten years. I must find him."

Once, while his friend still served with him, he had seen the horse—a curious beast, of a dark yellowish color, the product of a cross between a Spanish barb and an Indian pony. He was able to furnish descriptions of the animal to certain men whom he sent in search of it.

The men were away three months. One day La Puysaye received notice that a horse answering to the description given had been found in a field in Artois. He went to the place and bought the animal at once. It was, indeed, Bossue's extraordinary beast, the friend of his friend, old and thin, worn by the hard service before the plow and the ill treatment of the farm hands. There were the white legs, still fine as those of a racer, the long, black tail and mane and those eyes, dark, cold, clear and fixed, that made one uneasy. "Strange animal!" thought La Puysaye.

He had it fed, groomed and saddled and set out for Paris at a rather halting gallop. Much fatigued, he arrived at length. But tired as he was there was to be little rest for him. A note from the bureau of war awaited him, informing him that his request for a regiment had been granted; that it was to be known as the Grenadiers Puysaye, and that he must join it near Fribourg as soon as possible. Taking hardly time for the writing of a letter and the saying of an adieu, he departed for that place, and gratifying his own wish he went there on Bossue's horse.

His new grenadiers grumbled among themselves. "Is it with that plug," they said, "that he means to lead us?"

La Puysaye's friends looked at the beast critically. An ensign lifted its lip. "No use," said the count; "he's an old horse, and his teeth no longer mark his age."

"But why didn't you come on your black fellow?"

"Oh, Constantine broke his leg, and—but do not laugh, messieurs—poor and old as is this charger he is good enough for the campaign. I judged that we should be only amusing ourselves here, and I did not wish to honor the enemy by riding too fine a horse."

The officers saluted smilingly, and the colonel, wishing to see the marshal, M. de Coigny, inquired the way to his quarters. Before going thither he left his horse with his orderly, who was going toward the trenches. "Bring him back to me tonight," said the count, and the man departed with the horse.

But not more than an hour had passed, and La Puysaye was just leaving the marshal's quarters, when an attack was ordered on a strong point where 1,800 men had been killed the night before. The trumpets sounded and the army hastened to respond. All other tasks were abandoned and, with the others, their uniforms in order, their arms in readiness, the grenadiers fell into line.

Being ordered to hold his regiment in reserve, M. de la Puysaye conducted it behind a certain embankment, then sought to go after his horse. But his friends stopped him. "Not now," they said. "The place is exposed. You would be risking your life needlessly."

La Puysaye returned to his place and gave vent to his vexation. "Miserable orderly!" he cried. "My horse! See what he has done with my horse!"

"Ciel!" exclaimed a captain in astonishment. "Why are you so concerned about the beast? From whom did you get him?"

La Puysaye, tired of keeping his secret, revealed it. "From De Bossue. He was, alas, one of my old friends."

The news was murmured through the ranks, while the officers marveled audibly. "What an idea!" they said. "Where is he that we may observe him again?"

"In that trench over there, which is so exposed. My orderly must have been drunk to leave him in such a place."

"Oh," cried an officer, "I have no fear! Bossue's horse! The horse of a coward! He'll crouch when the bullets fly. You'll find him again safe and sound."

"After all," said the other, "the trench covers him. He's satisfied to stay in it. He won't come out."

At that moment a bomb came singing through the air, and from the trench calmly, proudly, defiantly, a horse emerged. He stood alone in the middle of the field, in a great open place—alone. The saddle was on his back, the bit in his mouth, and, though he had lowered his neck in the silence following the first bomb, he seemed waiting only for a signal on his bridle.

"The coward's horse!" thought the army.

Just then the place seemed to fill with smoke, while the city beyond trembled as with an earthquake shock—three more bombs in the ranks of France, and 15 files were cut down like so much grain.

The trumpets sounded the attack, and at that moment suddenly, magnificently, the last rays of the setting sun clothed the horse in gold. He raised his head, as the brave steed does when the battle is on and the rider encourages him to advance; then boldly, eagerly, joyously, he charged on the city at a gallop. Deaf to the thunder of the cannon, indifferent to the shot that whistled about him, glad to sniff again the smoke of powder, to feel once more the excitement of the combat, the gallant horse dashed on and on—a sublime spectacle for a whole army to witness.

What moved him to rush on the enemy so madly, to affront death so grandly? Was it the memory of Bossue's glorious battles? Was it the force of a habit acquired after a score of engagements—the result of a lesson learned on many fields?

They who followed swiftly after him did not know, but they swore afterward that they had seen a hand on his bridle, feet pressing his sides, a shadowy form on his back, and for one brief instant a face, with a long scar on its left cheek and a look such as no coward ever wore.

The poor beast at length fell, bleeding from a score of wounds, but he had done enough. In the eyes of the army he whose horse this had been was vindicated. Bossue was not a coward.—From the French For Argonaut.

Broke Out in Sores.

Little Harvey Deline a Sufferer for many years.

His Mother says B.B.B. cured him nine years ago, and he has never had a spot on him since.

Sores and ulcers, boils and blotches, skin diseases and blemishes of one kind and another are but evidences of bad blood, and can readily and permanently be cured by Burdock Blood Bitters.

Even the worst forms of these diseases soon yield to the far-reaching, blood purifying properties of B.B.B.

MRS. E. DELINE, Arden, Ont., proves this in the following account she gave of her little boy's case: "When my little son Harvey was one year old he broke out in sores all over his body. They would heal up for a time, then break out again about twice a year, till he was past four, then he seemed to get worse and was completely prostrated. When doctors failed to cure him I gave him B.B.B., and besides bathed the sores with it.

"It was not long till he commenced to mend, and soon he was completely cured.

"It is nine years ago since this happened and I must say that in all this time he has never had a spot on his body or any sign of the old trouble returning."

How to Get Strong.

Thousands of people, not really ill, need a tonic at this season. Close confinement in badly ventilated houses, shops and school rooms during the winter months makes people feel depressed, languid and "out of sorts".

Nature must be assisted in throwing off the poison that has accumulated in the system during these months, else people fall an easy prey to disease.

A Tonic is needed, and Dr. Williams Pink Pills is the greatest tonic medicine known. These pills make rich, red blood; strengthen tired nerves, and make dull, listless men, women and children feel bright, active and strong.

Mr. Jas. Purtelle, a well known farmer living near Crofton, Ont., says:—"For several years I have been a sufferer from general debility. I believe my troubles originated in over-work, aggravated by a severe cold. I had advice from doctors in Picton and Belleville, but did not get any better. Then I went to Toronto for treatment, and for a time experienced some relief, but it was only temporary, and soon I was worse than before. Some of my neighbors advised me to try Dr. Williams' Pink Pills. Before the first box was gone I found relief, and after I had used a few boxes more I was rejoicing in complete recovery, and my health has since been excellent. Words fail to express the value I now place on these little pink messengers of health, and I only hope other sufferers will follow my example."

DR WILLIAMS PINK PILLS FOR PALE PEOPLE — TRADE MARK — REGISTERED

There are numerous pink colored imitations against which the public is cautioned. The genuine are only sold in boxes with wrapper resembling the engraving on the left, but printed in red ink.

If your dealer does not have the genuine, send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be mailed post paid at 50 cents a box, or six boxes for $2.50.

Coal Used by Romans.

It is believed by some historians that coal was used by the Romans on the continent and by the Britons on the island before the arrival of Cæsar. As early as 1234 Henry III granted a license to dig coal near Newcastle, but a few years later the use of coal was forbidden in London, the smoke being deemed prejudicial to public health.

In 1306 the London gentry petitioned the king against its use, declaring that, in spite of his royal order, certain malicious persons persisted in burning it. Coals began to be brought from Newcastle to London in 1381, during the reign of Richard II. By the year 1400 coal was commonly burned in London as a fuel, though 200 years later, in the reign of Charles I. its use was far from being general throughout England.

Anthracite coal, which, except the diamond, is the purest form of carbon known, was first used by a Connecticut blacksmith named Gore, in 1768, and as a domestic fuel by Judge Jesse Fell of Wilkesbarre, Pa., in 1808.

DR. CHASE'S Catarrh Cure

Cures Catarrh, Hay Fever, Rose Fever and all Head Colds. Give one blow with the Blower and the Powder is diffused, making a Sure and Permanent Cure.

PRICE WITH BLOWER 25 CENTS

STILL IN BUSINESS

AT THE OLD STAND.

Flags, Bunting and all kinds of Decorations for Public Halls and Private Residences.

—ALF. KINGSCOTE,—

No. 244 Water Street, Peterborough.

The Difference of a Letter.

A man recently left a widower, when arranging for his late wife's tombstone, gave orders that the lettering should be of a stated size. At the bottom of the stone he wished to have the words, "Lord, She Was Thine." The stonemason said he was afraid there would not be room for the words, but the bereaved widower insisted, and the carving was put in hand. The correctness of the mason's view was justified, for when the stone was finished at the foot of the tablet were the words, "Lord, She Was Thin."

Dr. Chase Cures Catarrh After Operations Fail.

Toronto, March 16th, 1897.

My boy, aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the General Hospital. Since then we have resorted to Dr. Chase's Cure, and one box of this medicine has made a prompt and complete cure.

LAW POINTS.

Fraud may be proved by circumstantial evidence.

A stranger to a note indorsing it after delivery becomes a guarantor.

One taking a note purporting to be signed by an agent must inquire as to the agent's power.

A creditor holding several securities for the same debt may realize from any one of the securities.

The giving of one's note to a creditor is not, in the absence of express agreement, payment of the debt.

One defrauded by a contract should disaffirm the same at the earliest practicable moment after he has discovered the fraud.

A partial payment of an undisputed claim, although received as complete payment, is not a satisfaction of the debt or obligation.

A claim owing to a firm of which one is a member cannot be set off against debts owing by such partner individually to the firm debtor.—Recent Decisions, Highest Courts.

Rev. J. N. Vanatter, of Albion, Wis.

WRITES A LETTER ON DR. CHASE'S OINTMENT.

He says: My wife was most terribly afflicted with protruding piles, and contemplated a surgical operation. A friend of ours recommended the use of Dr. Chase's Ointment, and less than one box effected a complete cure. We were so pleased with the ointment that I tried it myself, as I have been troubled with an unsightly skin affliction which covered the lower part of my face.

For 25 years I suffered untold agony, and was treated by the best medical skill in the United States. I consider Dr. Chase's Ointment worth its weight in gold for piles and skin disease.

Dr. Chase's large-size recipe book, cloth-bound, sent to any address on receipt of 50 cents, by addressing Dr. Chase's Company, Toronto or Buffalo, N.Y.

Sufferers are at liberty to correspond with the above address and will obtain full particulars regarding the great cure.

THE TRAMP PRINTER.

His Desperate Encounter With the Editor's Fearfully Written Copy.

"Speaking of handwriting," said an old newspaper man, "the worst in the profession since the Greeley myth was that of Colonel J. F. Barton. The colonel was a southern man. He died in Alabama in 1897, and years ago he was famous throughout the middle west as an editorial writer of great power and versatility. The queer thing about him was that his normal penmanship looked almost like copperplate—a beautiful flowing script—but let him get excited or hurried, and it double discounted the excited chicken tracks on Cleopatra's needle.

"There used to be a funny story about him current among printers, and I'll tell it for what it is worth. One night, according to the yarn, a tramp printer drifted into a western office where the colonel was in charge and applied for a job. The foreman put him to work, and he pegged along all right until just before the hour for going to press, when Barton sent in a hurry up editorial based on a late news telegram. Nearly all the printers had left, so the new man got a piece of the copy, a page from about the middle. He carried it to his case, looked at it frowningly, turned it upside down, looked at it again and finally put it in position before him and began to snatch up type. 'Read that in your sticks!' yelled the foreman. 'We ain't got no time for proofs!' And when the new man carried his matter over it was 'dumped' into the forms without further ceremony.

"What he had set up ran about like this: 'The miscreant who wrote the copy I have before me is responsible for my fate. No human being can read it. He cannot read it himself. Tonight I shall jump a freight, and as I am somewhat shaky from recent jags will probably fall off and be killed. My blood be on his head.' This remarkable paragraph, appearing without rhyme or reason in the middle of Barton's brilliant editorial, astonished the readers of the paper next morning. When the colonel himself recovered sufficiently to get a club and dash down to the office, the tramp printer had vanished."—New Orleans Times-Democrat.

Good Taste.

In selecting a topic of conversation it should as far as possible be in keeping with the circumstances under which it is to be carried on.

In a wine merchant's house one does not go out of one's way to introduce the subject of total abstinence, nor would one allude pointedly to the iniquity of the stage to an actor, or at a Wesleyan prayer meeting descant on the beauty of the Anglican ritual. It is never well to wax too eloquent on the advantages of one's own country to a foreigner.

The moment at which to look away, the word which not to speak, the crisis at which not to smile, the power to recognise those supreme moments is good taste personified.

Pain in the Back.

Being troubled off and on with pains in my back, caused by constipation, I tried several kinds of pills I had seen advertised, and to put the truth in a nut shell Dr. Chase's Kidney-Liver Pills are the only pills that have proven effectual in my case. I can heartily recommend them.

Nine persons were severely injured, and it is feared that two were drowned, in a collision between an ocean-going tug and the Brooklyn ferryboat Pierpont on Saturday night.

The Minneapolis City Council has passed a curfew ordinance. After this children under 16 who are found on the street after 9 o'clock at night will find themselves in trouble.

The customs duties collected at the port of Ottawa for the month of March amounts to $49,496.75. The duty collected in March, 1898, was $47,361.62, and in 1897, $41,047.76.

W. Y. Emery, collector of customs for St. Thomas, dropped dead suddenly at his residence there on Sunday. Mr. Emery was in the act of washing when he fell back and expired.

Mrs. Rightmeyer, relict of the late Mr. Levi Rightmeyer, for many years a salt manufacturer of Kincardine and at one time president of the Salt Association of Canada, is dead at Detroit.

The King of Siam has issued a decree to the effect that no children who are entirely naked will be henceforth allowed to play in the streets of Bangkok, and that every person over the age of 10 must be clothed from the knee to the neck.

William Gordineer, employed at the Wallbridge Hematite Mine near Madoc, was pulled into the shaft, falling a distance of 30 feet, to the first landing. He had a thigh broken, wrist badly sprained, and was otherwise severely bruised.

The Detroit, Mich., Common Council on Saturday evening, by a vote of 21 to 11, appointed a commission, headed by Governor Pingree, to negotiate, purchase and operate all the street railways of Detroit, under municipal ownership.

Joseph Nixon, a 16-year-old elevator boy employed by the Toronto Jewel Case Co., lost his balance on Saturday and fell down the shaft from the second floor to the basement. His injuries mangled him terribly and he died in the afternoon.

Two hundred and fifty new companies have been incorporated at Trenton, N.J., during the month of March, and the total capital of those authorized to issue stock and bonds of over $1,000,000 each amounts to $1,111,750,000. The incorporation fees amounted to $126,000.

At Bonaport, Que., a Mrs. Carlepy was in the act of peeling potatoes when her 3-year-old child, unnoticed by the mother, seized a small potato and tried to swallow it. The potato stuck in the child's throat, and before medical aid could be obtained the little victim expired.

It has been definitely decided that the Quebec district camp will be held at Levis from June 27 to July 8, and will consist of 3,400 men. There will be three batteries of artillery and ten rural battalions of infantry in camp. Two city battalions, in addition, will be attached for two days.

The complete morgue record of the Windsor Hotel, New York, victims up to Saturday night was as follows: Killed during the fire and died subsequently of injuries received during the fire, 11. Bodies taken from the ruins and identified, 2. Unidentified bodies taken from the ruins, 32. Total known dead, 45.

John J. Schmitt, a Williamsburg, N. Y., tailor, 35 years old, while in a fit of jealous rage on Saturday night, shot his mother-in-law, Mrs. Wild, who was instantly killed; his wife, his sister-in-law and his brother-in-law, and ended by firing a bullet at his 1-year-old infant. Mrs. Schmitt was shot in the arm and thigh; Nicholas Wild, a brother-in-law of Schmitt, attempted to interfere and received a bullet in the head; a sister-in-law, Pauline Wild, was shot in the arm, and Schmitt then fired a shot at his 1-year-old infant. Schmitt was arrested.

Mr. John Inglis, head of the firm of Inglis & Sons, engine builders, Toronto, died suddenly about 4 o'clock Sunday morning, the direct cause of death being heart failure. For some months past the deceased has been suffering from sciatica, but otherwise his health was good, and in consequence his sudden death came as a shock to his family. The deceased was born 76 years ago in Hawick, County Roxborough, Scotland, and came to Canada about 47 years ago, settling first in Dundas, and afterwards removing to Guelph, where his body will be buried. He has lived in Toronto 18 years.

His Life Was Saved

M. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken by Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and $1.00, at Jas. Lynch's Drug Store, every bottle guaranteed.

The PICKHARDT RENFREW CO., Stouffville, Ont. LIMITED

EDUCATIONAL ITEMS.

There are 10,800 teachers in the diminutive kingdom of Belgium.

In Pennsylvania there are 867 school districts in which the schools are open only half the year.

The Chicago board of education has decided that all teachers in the public schools of the city must hereafter live in the city.

A friend of the St. Johnsbury (Vt.) academy, who desires to remain unknown, has given $10,000 to the institution.

President Harper of the University of Chicago believes that no college having an endowment of less than $100,000 should be allowed to confer degrees.

Keep Food Stuffs Apart.

The average servant thinks that when she has separated milk and butter from cheese and fish she has done her whole duty, but in point of fact she has only begun the necessary keeping apart of food stuffs. Almost all kinds absorb flavors to a greater or less degree. Tea, cocoa, chocolate, flour, eggs and cereals are almost as susceptible to the influence of neighboring foods as are milk and butter. Bananas, for example, particularly the highly flavored Aspinwall variety, will spoil an open jar of tea or cocoa or a tin of flour. Onions, salted fish, smoked beef and scores of other foods are similarly pervasive in their flavor. This absorption of odors and aroma is so well understood that it is often taken advantage of to produce a certain condition. In English dairies freshly cut grass is shut in with fresh butter to impart the flavor of new mown fields. The French cooks, too, according to Miss Parloa, keep a vanilla bean in a box of sugar to secure a delicate flavor in an economical way. A thoughtless housewife, hearing that camphor was good to dispel ants, recently put lumps of this substance along her kitchen closet shelves with disastrous effect on the supplies that were shut in with them. When a domestic science course is part of every girl's education, some of this kitchen chemistry will be better understood.

FREE Counsel to Weak Men.

It is a matter simply of confidence and honor if you wish sincerely to be cured of your unnatural weakness and advanced forms of nervousness, the results of excesses or early indiscretion.

No appeal to your imagination is made, nor do we ask you for a fee until you have decided whether our treatment has done you the good promised. Our trial treatment is an honest 30 days' supply of specific medicine, and an indescribably useful appliance. No quackery, no useless, hard, little pellets to deceive you. Honest remedies and priceless advice by our specialists of long experience.

Write for especial information, FREE. Study the points we will give you and, if you are in the condition to need our services, we will send the treatment. No advance pay, no C.O.D., no disappointment.

W. G. MORROW, Manager

THE PERSIAN KABAB.

How This Delicacy of the Poor Is Obtained and Eaten.

The food of the Persians is very varied. As a rule the very poor do not get meat more than once a week, while villagers and the nomadic tribes see it very rarely and only on great occasions, as at marriage feasts. The ordinary diet of a laboring man is bread and cheese in winter, bread and fruit in summer. But even the laborers manage to secure an occasional bowl of strong soup and then vary their diet with conserves, dried fruits, basins of curds and hard boiled eggs. The actual weight of bread that a muleteer or laborer can consume daily is very great, seven pounds not being an extraordinary allowance. In the south of Persia dates are the staple food. They are very cheap and satisfying. During the summer lettuces, grapes, apricots, onions and cucumbers form the dainties of the villagers, and these, with bread, cheese and curds, are their only food. In every large town cookshops abound. Sheep are roasted whole in ovens and sold hot by the slice. The sheep's head and feet are boiled separately, and their preparation and sale are a trade in themselves.

But the edible most in favor among all classes in Persia is the kabab. There are two varieties of kabab. One is made from mince mutton, which is chopped with a few onions into a paste fine as sausage meat, carefully molded over a skewer, toasted over a fierce charcoal fire and sold and eaten hot. This is the kabab of the bazaar, the delicacy of the lower classes. At the dinner hour (sunset) and at the breakfast hour (noon) crowds surround the shops of the kabab sellers. Each man carries his bread, which is usually a flexible loaf two feet long, one foot wide and half an inch thick. The customer wraps his kababs, hot from the fire, in his bread and either sits down and eats it then and there or takes the meal home to his family.

In any case a hot dinner of roast meat can be obtained at from 4 cents to 12 cents, for the price of a single skewer of the steaming delicacy is but a cent. Jars containing about half a pint of hot, strong and savory meat soup are sold for a cent. These form the invariable meal of the Persian soldier if he can afford it. The meat is pounded and served with the soup or eaten afterward as a separate plate.—New York Journal.

EASTER VESTRY MEETINGS.

ANNUAL STATEMENTS PRESENTED AND CHURCHWARDENS ELECTED.

Other Officials Chosen—The School House Building Matter Considered.

ST. JOHN'S CHURCH.

The annual vestry meeting of St. John's was held in the school house and was very largely attended.

The Rector, Rev. J. C. Davidson, presided, and after devotions the meeting began with the reading of the minutes of the last meeting, which were confirmed.

Mr. Peter Campbell, the people's churchwarden, presented the annual financial statement of the churchwardens. This showed that the revenue for the year was $2,203.33, and the total expenditure on general account was $2,280, involving a slight discrepancy, though the special offerings were considerably in addition to the general fund contributed.

Mr. Belcher, people's churchwarden, reported for the advisory committee, whose business had been of an unimportant character.

Mr. R. M. Dennistoun reported for the school house building committee. As to the plans, those of Mr. Belcher, formerly approved, were recommended and adopted by the committee. Tenders had been advertised for, and the lowest received for the bare walls and wood work of the lower story was $2,800. The committee decided that as the completed building would exceed in cost the money at the disposal of the building committee, the building should be postponed till this year. He recommended that the building committee should be continued for another year to give them an opportunity of seeing what they could do. Mr. Dennistoun assumed, that with the Easter offering of over $500, the building committee would be warranted in proceeding with the work of building. The report was adopted and the committee continued.

The Rector earnestly commended the action of the building committee in postponing building operations, and the congregation was to be congratulated that a sum of $2,800 was at the credit of the building fund. His desire was that not a dollar of debt should be incurred in the construction of the school house.

Mr. Davidson also offered his congratulations, that, after the liberal contributions for other purposes, that so exceedingly liberal contributions as those of yesterday had been made, for which he was deeply grateful. This would help on the work of the church and largely aid in arriving at the ambition to make St. Johns a centre of good.

When the matter of electing church wardens came up, the Rector, very heartily thanked the retiring church wardens for the splendid work they had performed during the year, a work that was at all times arduous and exacting and at times unpleasant.

Mr. R. H. Kells was unanimously elected peoples' church warden and accepted the position.

The Rector's nomination of Dr. Boucher as his church warden was heartily applauded.

Dr. Boucher in accepting the office was grateful for the honour of the position and would use his best endeavour to discharge its duties faithfully.

The following gentlemen were appointed the Church Wardens' Advisory Committee:—Messrs. P. Campbell and John E. Belcher, retiring wardens, and Messrs. R. M. Dennistoun, J. H. Long, R. Fair and Geo. W. Haston.

The sidesmen chosen were Messrs. W. G. Howden, H. Rush, W. E Conwey, Harold Morrow, John Fanning and H. S. Greenwood.

The Church Wardens and their Advisory Committee were empowered to consider the best means of dealing with the conditions arising from the retirement of Rev. E. V. Stevenson and report at the adjourned meeting of the vestry.

The Rector announced that he had received a communication from the relatives of the late Mr. and Miss Dudman, in England, signifying their wish to place a memorial of them in St. John's, and inquiring what form it would be desirable to have such a memorial take.

A resolution was adopted restricting the Building Committee to the expenditure of $2,500 for the Sunday School building.

The meeting was adjourned for two weeks.

At a congregational meeting held immediately afterwards, the following were elected lay delegates to Synod: Messrs. Harry Rush and A. P. Poussette.

The total of the Easter offering to the school house building fund, amounts to the handsome sum of $595.73.

The annual Easter vestry of All Saints will be held this evening.

ST. LUKE'S, ASHBURNHAM.

There was a good attendance at the Vestry meeting at St. Luke's school house last night. The financial condition of the church, as the following reports show is good. The year ends with a balance in hand after the payment of all accounts, and all the funds show increased receipts. The mortgage debt has been reduced $150 and the rate of interest from 6 per cent. to 4 per cent.

The following is the churchwarden's report:—

The total Sunday collections (51 Sundays) amounted to $1,801.21, of which amount $300 was contributed on Easter Sunday. We are glad to notice a considerable increase in the contributions through the medium of the envelope system. In the previous year these contributions were $775 and last year were $883, an increase of over $100. There was also a slight increase in the cash offerings at the ordinary collections, and we gladly note a considerable increase in the amounts collected for diocesan and foreign missions, and for other extra parochial purposes. After payment of all accounts there is a balance on hand of $15 57 on current account. The mortgage debt, which at the beginning of the year amounted to $1,400 at 6 per cent. has been reduced to $1,250 at 4 per cent.

We desire to acknowledge the services rendered to the congregation by the Ladies' Aid, the Women's Auxiliary, the Young Women's Chapter and the Men's Chapter of the Guild.

E. A. PECK,
FRANK ADAMS, } Churchwardens.

The motion of F. J. Jamesop, seconded by R. B. Rogers, Messrs. Gassett and Quatermaine were elected auditors. The financial report was handed to them with instructions to report at the adjourned vestry meeting to be held on April 17th.

On motion of R. B. Rogers, seconded by H. T. Strickland, Mr. F. Adams was unanimously re-elected people's warden. The Rector nominated Mr. E. Peck to be his warden for the ensuing year.

Messrs. Nesbitt and J. J. Howden having expressed their desire to withdraw from the positions of assistant wardens, Mr. Adam Dawson and Mr. H. J. Grassett were unanimously elected in their places.

The following sidesmen were nominated:—Messrs. H. Adams, D. Curtis, Adam Dawson, H. J. Grassett, W. Manlees, B. G. Prattley, A. Sedjwick, A. W. Spence.

The Rector said he proposed to postpone the delivery of his annual address until the adjourned vestry meeting. There were, however, one or two things of which he wished to speak briefly. He warmly thanked the wardens for their services to the church and himself during the past year, and congratulated them upon the excellent financial report presented. Last year a committee had been formed to report on the possibility of enlarging the vestry. With the reduction of the mortgage debt by $150 and of the annual interest from $84 to $50, he thought this very desirable improvement to the church might be at once undertaken. We were all justly proud of our church property, than which there was no more complete and adequate property in the diocese, but the vestry was the one blemish upon it. By enlarging it they would also have an additional Bible class room, and a very comfortable room for social gatherings.

Mr. Dawson had prepared an estimate of the cost which would amount to $200. Mr. Symonds then announced that Miss Bryson, who had always been a warm friend of the church, although prevented by sickness and absence from attending very regularly, had promised fifty dollars towards this work. He suggested that the congregation think the matter over and come to a decision at the adjourned meeting.

It was moved by Mr. David Spence, seconded by Mr. Adam Dawson, that the congregation very heartily thank Miss Bryson for her generous offer of a donation of $50 towards the enlargement of the vestry. The resolution was carried with applause.

Mr. H. Adams was re-elected vestry clerk.

Votes of thanks were passed to the following:—The organist and choir, the sidesmen and sexton, the Women's Auxiliary, the Men's Chapter, the Churchwardens, the officers and teachers of the Sunday school, and the Peterborough EXAMINER and Review for their kindness in publishing full reports of all matters of general interest.

Upon the adjournment of the regular vestry meeting, a meeting was held for the election of lay representatives to the Synod, when Messrs. Jamesop, Peck and Warde were unanimously re-elected.

The meeting closed with the benediction.

ONLY FOUR BOXES

Of Dodd's Kidney Pills Were Needed to Cure Mr. Willis.

Woodstock, Ont., Apr. 3.—There are many Woodstock people who owe their good health, and others who are indebted for their lives, to Dodd's Kidney Pills.

Among the former is Mr. Mans Willis, 295 Dundas street, who has recently made his story public.

"For several years," says Mr. Willis, "I have suffered from Kidney Troubles, pain in the small of my back, etc. I got slight relief from some of the various medicines I used. My son, who was cured by Dodd's Kidney Pills, urged me to try them. I did so. I have used four boxes and can safely say I am cured."

STEAMER TOPEKA WRECKED.

Seattle Vessel Struck the Rocks While on the Way to the Klondike.

Vancouver, B.C., April 4.—News was received yesterday afternoon that the Seattle steamer Topeka had been wrecked on rocks off Wrangel Narrows. The news was brought down by the steamer Danube, which called at Union on her down trip. When the Danube passed the Narrows the Topeka was quite high on the rocks and had taken in considerable water. It was thought she would be a total wreck.

The C.P.R. steamer Tartar has arrived from Hongkong and Yokohama. When several days out she ran into a typhoon, which broke the outside steering gear of the ship and injured seriously some of the officers and men.

A Boon for Catarrh Victims.

We offer our readers a new remedy for catarrh, bronchitis, irritable throat, colds in the head, droppings in the throat, and kindred affections in Catarrhozone. There is no mystery about it, but the effect is magical. Ointments, washes, and snuffs cannot reach the diseased parts, and have been proved worse than useless, but Catarrhozone is carried directly by air to the diseased parts, and is like a breeze from the pine woods. Outfit $1.00. Send 10 cents for sample bottle and inhaler.

C. B. ROUTLEY, 379 GEORGE ST.

THE VACANT ARCHBISHOPRIC.

Stated in Hamilton That Bishop O'Connor Has Been Named.

Hamilton, April 4.—Bishop O'Connor of London and Vicar-General McCann of Toronto paid a friendly visit to Bishop Dowling here yesterday. It is stated on good authority that Bishop O'Connor has received the appointment of archbishop to fill the vacancy caused by the death of the late Archbishop Walsh.

Not Corroborated.

Toronto, April 4.—Enquiry at St. Michael's Palace last night failed to corroborate the statement. Those in charge stated that nothing positive was known in Toronto as yet regarding the appointment of a new archbishop.

John Robinson's Trouble.

Petrolea, Ont., April 4.—John Robinson, a young man from the 6th line of Enniskillen, was arrested Saturday night by Chief Jackson, for stealing from Mann's grocery store. When searched at the police station, a revolver was found on his person. He was arraigned yesterday before the police magistrate. The revolver was confiscated, but on account of his youth he was fined for the stealing. He paid.

Morley College Burned.

Huntsville, Ont., April 4.—Fire broke out in the Morley Ladies' College and Conservatory of Music about 9 o'clock Saturday night, and despite all efforts the building was completely destroyed. Furniture on the ground floor, amounting to about $2,000, was saved. Total loss in building and contents estimated at $13,000; insurance $6,000. Cause of fire unknown.

Will Rebuild at Port Dalhousie.

Toronto, April 4.—The directors of the Toronto Rubber Company, at a meeting yesterday afternoon, decided to rebuild their factory at Port Dalhousie, which was destroyed by fire in January last. The company had been offered inducements to locate in several towns, but decided to remain in the village of Port Dalhousie, where their factories had been for six years.

Chronic Eczema Cured.

One of the most chronic cases of eczema ever cured is the case of Miss Gracie Ella Alton, of Hartland, N. B. On a sworn statement Mr Alton says: I hereby certify that my daughter Gracie Ella was cured of eczema of long standing by using four boxes of Dr. Chase's Ointment. William Thistle, druggist, of Hartland, also certifies that he sold four boxes of Dr. Chase's Ointment which cured Gracie Ella.

CHOOSING NEW CARPETS.

We're ready now with our NEW designs in Carpets for spring.

There's force in the term NEW as applied to the Carpets imported for this store for the season's business.

Shoppers know that it makes a wide difference to them when this distinction is intelligently and honestly made.

Never before has the approach of spring been marked by so much that is New and Novel in Floor Coverings.

We have never done anything larger in its line than this year's showing of Carpets. We promise you heavier stocks, larger variety in patterns and more "difference" and freshness than you have ever found, or can find anywhere in the district.

Many of the patterns and designs that we show are made up exclusive to ourselves and bear our own label. Feeling confident that our variety and values will bear the closest inspection we look forward to an increased trade in Carpets for the season of 1899.

—Axminster Carpets with borders at $1.00 per yard.
—Wilton Carpets, with and without borders at $1.00 to $1.45 per yard.
—English Brussels Carpets, with and without borders, at 75c., 85c., 90c. and $1 00 per yard.
—Tapestry Carpets, handsome floral designs at 25c., 30c., 35c., 45c. and 50c. per yard.
—Best quality All wool Carpets at 60c., 75c., 85c. and $1.00 per yard.
—Union Reversible Carpets at 20c., 25c., 30c., 35c., 45c. 50c. per yard.
—English Oilcloths, choice patterns, at 25c., 35c. and 50c. per square yard.

MR. SIFTON'S REPLY.

Effective Answer to Sir Charles H. Tupper's Charges.

AN HISTORICAL RESUME.

Every Charge Fully Dealt With—The Difficulties of the New Mining Country Met and Overcome—General Charges Unfounded and Major Walsh's Letter Answers the Only Specific Ones.

Ottawa, April 5.—The feature of yesterday, of course, was the expected reply of the Minister of the Interior to Sir Charles H. Tupper's speech of last Thursday charging maladministration and corruption in the Yukon. Mr. Sifton spoke for five hours and 50 minutes, and effectively answered the charges of the ex-Minister of Justice.

Bills Introduced.

Several bills were introduced, among them the following:

To incorporate Dominion Mining & Railway Company, Mr. Poupore.

To amend Canadian Railway & Accident Insurance Company, Mr. Casey.

To incorporate the Ontario & Quebec Bridge Company, Mr. Casey.

To amend the act incorporating the Alberta Irrigation Company and change the name to the Canadian Northwest Irrigation Company, Rev. Dr. Douglas.

Mr. Casey's bill concerning drainage in and across the property of railway companies was read a first time.

The Auditor-General's Report.

Mr. Clarke Wallace called attention to the fact that the Auditor-General's report had not been laid down within the first seven days of the session, as required by statute.

Sir Wilfrid Laurier said that he had already explained that the report was in the printer's hands and would be brought down Thursday.

Mr. Wallace read the clause of the Audit Act requiring the Auditor's report to be laid before Parliament not later than Jan. 31 in each year, if Parliament was in session, and if Parliament was not in session at that time, within seven days after its meeting.

Sir Wilfrid said the matter rested with the Auditor-General.

The Writ for Winnipeg.

Sir Charles Tupper asked if the writ for Winnipeg had been issued, and if not why not.

Sir Wilfrid Laurier said that new lists were required in Winnipeg, and he expected the order for their preparation would be issued to-day.

Dr. Sproule asked why a writ could be issued for Brockville and not for Winnipeg.

The Premier explained that under the law as it now stands new lists have to be prepared. The documents, he added, have been prepared, and the writ will possibly be issued to-day.

MR. SIFTON'S REPLY.

The Minister of the Interior Makes a Complete Answer to Sir C. H. Tupper's Charges.

Hon. Clifford Sifton, on rising to resume the debate on the address, was received with loud applause from the Government benches. After sympathizing with Sir Charles Tupper, the leader of the Opposition, who had now no friends to defend him, he adverted to his position on the tariff in a recent speech. He reminded the House that Hon. Mr. Foster, ex-Finance Minister, had nothing but denunciation for the tariff brought in by the Liberals. That was the position then, but how changed it was now. The tariff has gone into effect and has been shown to be a great success. (Cheers).

He next took up the speech of Sir Hibbert Tupper, and while questioning the discretion of the member for Pictou, admitted his right as a member of Parliament to make the charge, and said the charges must be met.

The hon. gentleman then turned to Yukon affairs and claimed that the policy of the Government had been marked by "care, diligence, circumspection and forethought." He next gave an historical retrospect of his action in Yukon affairs from March, 1897, shortly after he took office, when Surveyor-General Deville called his attention to Mr. Ogilvie's report, in which it was stated that it was necessary that some officers should be appointed, and on the recommendation of Surveyor-General Deville, Mr. Thomas Fawcett was appointed gold commissioner. He denied that he had removed Mr. Ogilvie, as he never had any position under the late Government, except that of a topographical surveyor. Mr. Ogilvie came back at his own request on account of his health. The mining regulations were prepared by Mr. Pearce, under the Conservative Government, and Mr. Fawcett was appointed to administer those regulations, which were in force when he went up.

Mr. Sifton at some length recited the action of the Government with respect to the Yukon from the time of the receipt of Mr. Ogilvie's report, pointing out that practically nothing was known of the country, and that in appointing what he called "an emergency staff," the Government had chosen the men they considered best qualified for the positions. He defended the appointment of Major Walsh, weighed this and others and quoted from some Conservative papers to show that they were well spoken of at the time of their appointment. Mr. Sifton said that he had appointed Mr. McGregor because he knew him personally to be a respectable citizen of Brandon.

A Providential Delay.

Dealing with Major Walsh's failure to get into Dawson in the winter of 1897-8, Mr. Sifton said the delay was due to the assistant commissioner of police at Skaguay, who had not got the supplies over the summit. It was, however, providential that Major Walsh did not get in, because by being on the trail during the winter he was able to give services which saved hundreds of lives. It was not until May 25, 1898, that Major Walsh reached Dawson City, and in less than three weeks afterwards 20,000 people had poured in and were camped on a swamp about one-third of a mile long, with but scant provision and not any great amount of fitness for the position in which many of them found themselves. It was a condition of things no human being could have foreseen.

Turning to the appointment of Mr. Ogilvie as commissioner and his advisory council, Mr. Sifton read from several leading Conservative journals tributes to the fitness of Mr. Ogilvie and his splendid record. These papers had approved also of Major Walsh's appointment. It was only when experience showed that Mr. Fawcett, as a surveyor, was incapable of properly fulfilling the duties of gold commissioner, that Mr. Senkler, barrister, of Vancouver, was appointed, and the appointment was commended by everybody. Last year Mr. Wade came out, owing to ill-health, and Mr. Clements of Toronto had been appointed to succeed him as legal adviser. Not one of the men appointed had so much as a cloud of suspicion on his character in the east, and, despite charges to the contrary, never in the history of any country had better or more generally approved appointments been made than those to the Yukon.

No Complaints Against Walsh.

Hon. Mr. Sifton, continuing, repeated his statement that when he appointed Mr. Ogilvie there were not any complaints against Major Walsh. The administration of the Yukon involved a problem such as no Minister has been confronted with before When charges were made in the newspapers that Wade and McGregor were staking claims he (Sifton) had ordered Mr. Ogilvie off so that he could report as speedily as possible whether an order in council was necessary to forbid such action on the part of officials. Mr. Ogilvie met him at Rat Portage and the situation was talked over, and Mr. Ogilvie was urged to take all means to put matters in the Yukon on the best footing. In addition to this, when Mr. Ogilvie got to Vancouver Mr. Sifton wired him as follows:

"You have an absolutely free hand in regard to the officials and do what is necessary to put the service on an official footing."

The Postoffice Charges.

Taking up the charges against the postoffice administration in Dawson, it had been taken over from the Mounted Police control after Ogilvie got in, he said, and there had been no complaint since. But who had been in charge of it? Captain Hardy of the Northwest Mounted Police, an appointee of the Conservatives, and if that officer, on the spot, couldn't stop his men from taking bribes, how could he (Mr. Sifton) be expected to do it here in Ottawa? The criticism of Sir Charles Hibbert Tupper on that score showed lack of common sense, as to his Ministerial responsibility.

Sir Charles Hibbert Tupper had charged that he was responsible for "the rascality and misconduct of these men." That was the honorable gentleman's idea of Ministerial responsibility now, but when defending Mr. Haggart in the Curran

STREET CAR SERVICE TO BE DISCUSSED

At a Meeting of the Council on Friday.

LAST NIGHT'S COUNCIL MEETING.

Many Matters Talked of—Caterpillars to be Looked After—Disappearance of Town Property—More Trees for the Parks.

The regular monthly meeting of the town council was held last evening with Mayor Davis presiding and the following members present: Ald. Best, Corkery, Denne, Hall, Neill, McWilliams, Langford, Davidson and Sawers.

COMMUNICATIONS

were received and dealt with as follows:

From the Horticultural Society, offering to take charge of Victoria Park for the season, and in the fall to hand over all chattels, etc., provided the council grant the society the sum of $300.—Received.

From Frederick Sheppard and a number of others, asking that an electric light be placed at the corner of Albert and Alfred streets.—Referred to Fire, Water and Light Committee.

From Ed. Sutton, asking for refund of dog tax—Granted on his taking the statutory declaration.

From George Rose, asking to be appointed foreman of Public Works—Referred to the Public Works Committee.

From E. B. Edwards, in reference to an agreement with the C.P.R.—Received.

From G. W. Ranney, in reference to trees cut on Stewart street by Mr. Bradburn.—Received.

From the Salvation Army, asking for a grant to their band.—Referred to the Finance Committee.

From the Matthews Coy., stating that the property holders effected by the proposed new siding had been settled with by the company, and asking that permission be given to lay the rails of the siding without further delay.—Received.

From A. E. Matheral, asking for the continuation of the sidewalk past his residence on Bolivar street.—Referred to the Board of Works.

From John O'Brien, stating that his horse been injured on March 4th on the Smith street bridge and that he was consequently unable to work. He asked for reimbursement for lost time.—Referred to the Legal Committee.

From *Minnecola Bros.*, asking permission to have a stand on the corner of George and Hunter streets.—Referred to the License Committee.

From the assessor of North Monaghan, stating that the powder magazine had been assessed at $800.—Received.

From P. W. Reynolds, Norwood, stating he had received no notice of assessment of his property.—Referred to the Court of Revision.

From the Town Solicitor stating that the Council has not power to grant a bonus to or exempt from taxation the stockyards of H. P. Kennedy—Received.

From Kennedy and Wade asking for balance due them on senior contract—Referred to the Board of Works.

From the Children's Aid Society and Central Charity Board, asking that a room in the municipal buildings be set apart for the use of the Relief Officer—Referred to the Property Committee.

From T. M. McFadden, asking to be appointed Inspector of Sewers. Referred to the Board of Works.

ACCOUNTS

were received and referred to the Finance Committee as follows:

Your Appointments and License Committee beg leave to report and recommend as follows:

1. That an extension telephone be put in the office of the Chief of Police from the police

(Continued on Eighth Page.

"'Tis Worth a Bag of Gold."

This applies to nothing better than the glorious Spring time that moves all verdure to life and brings around the day when all humanity can have an opportunity to cleanse their blood and thus put into operation all the health and vigor that is possible. Everybody naturally turns to America's Greatest Spring Medicine, Hood's Sarsaparilla, to prepare themselves for the joys and pleasures of summer. *It never disappoints.*

After Fevers – "My little girl took Hood's Sarsaparilla after scarlet fever and it made her well and strong. Since then I have given it to all my children as a blood purifier. It is a priceless panacea in my family. Hood's Pills have also proved of great benefit to me. I would not be without these medicines." MRS. TYLER, 56 Winchester Street, Toronto, Ont.

After Grip – "The grip left me very weak. Three bottles of Hood's Sarsaparilla built me up. I now weigh heavier than before my illness. I recommend Hood's Sarsaparilla to all who suffer from weaknesses of the body." ALFRED SMITH, 23 Bank Street, Toronto, Ont.

Out of Sorts – "Had no appetite, could not sleep, was out of sorts. Had trouble with my kidneys. Since taking Hood's Sarsaparilla have good appetite, sleep soundly and enjoy better health." MRS. MARGARET BIRD, 582 Bethune Street, Peterboro, Ont.

Strength Builder – "Myself, wife and children have taken Hood's Sarsaparilla and it strengthened us. It relieved me of a lame back." DAVID MCGEORGE, caretaker, Colt Institute, Galt, Ont.

Blood Purifier – "I have taken Hood's Sarsaparilla and find it beneficial for myself and baby. It purifies the blood and strengthens the system." MRS. HENRY WALL, Clinton, Ont.

Scrofula – "Hood's Sarsaparilla has cured me of scrofula. I was weak and debilitated but it made me strong and well. After a severe cold had catarrhal fever. Again resorted to this medicine and it cured me." SARAH E. DENOY, Annapolis, N. S.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

WEDNESDAY, APRIL 5, 1899.

MARCH WEATHER NOTES.

There was a marked difference in many respects between March of the present year and the same month last year. The month of March of 1898 was one of the finest ever known in these parts, there being an extra absence of any fall of snow, and what little snow that remained on the ground disappeared during the first week. Crows and robins made their appearance on the 10th, and blackbirds, grey birds, etc., a few days later, whilst farmers in some favoured localities were ploughing their land by the middle of month. The ice had disappeared from the river and navigation was opened on the 27th. All this by way of contrast with the month just ended.

During the past month there was snow on eight days to a depth of 21 inches; rain on 9 days to the amount of 3 inches, or a total of snow and rain combined of 5 inches and 3-100—twice the usual amount.

The highest temperature was on the 12th, being 50 degrees; the lowest on the 21st, one degree below zero.

The mean daily temperature was 25.2 degrees, 10 degrees lower than the same month last year, but about average compared with March of other years.

A thunder storm of some severity occurred on the morning of the 23rd, being the first of the season.

White frost was noticed on five mornings, which was followed on each occasion by snow or rain.

The prevailing winds during the month were easterly, blowing from that direction on 17 days.

HONOUR ROLLS

S. S. No. 9, Smith.

V class—Bella McConkey. IV class—Gilbert Mollmoyl, Lottie Mollmoyl, Harry Mollmoyl, Grattan Roberts, May Roberts, Harry McConkey. Sr. III—Allan Stabler, Pearl Northey. 10 cents and 25 cents at all druggists.

MR. SIFTON'S REPLY.

Continued From First Page.)

bridge master, Sir Hibbert, after admitting that there had been stuffed pay lists and gross fraud, declared the Government could not, as regards employes, guarantee the country against fraud and iniquity, so that according to the honorable gentleman, Ministerial responsibility did not apply to fraud and theft committed in Montreal, only two hours distant from Ottawa, but did apply to him (Mr. Sifton) in regard to the conduct of men in Dawson City, about six months' journey from the Capital.

The Officials Responsible.

The fact was these men in Dawson were responsible for what they had done, and not himself. There was no truth, he said, in the charge of crookedness in connection with the issue of liquor permits. Last session he gave a list of permits issued to date, aggregating 11,000 gallons, and only one had been given to an acquaintance and political friend of his. After that and up to Aug. 20, permits were issued as follows: To J. H. Brown for 15 gallons; Dr. Rymer, druggist of Aylmer, 25 gallons; the clerks of the Bank of B.N.A., and of the Canadian Bank of Commerce, 25 gallons for each staff, and T. Trotter, 5 gallons, in all 105 gallons. No further permits had been issued since.

Mr. Sifton added that since Aug. 20 the issue of permits had been left to Commissioner Ogilvie. He denied that any lawyer in Victoria had written and wired him for a permit, which he sold for $500, as insinuated by Sir Charles Hibbert Tupper. He, however, had a telegram from a gentleman in Victoria, asking a permit for Sullivan and McLeod, and he had granted it, seeing that the gentleman applying was Hon. James H. Turner, the Conservative Premier of British Columbia. Seeing Sir Charles Hibbert Tupper had not given the name of the barrister, he had searched the directory of Victoria and, found that the only application for a permit for a Victoria barrister came from Sir Hibbert Tupper's own law partner (Hon. Fred. Peters). But the application had been made to another Minister, who replied he was sorry, but the Minister of the Interior found it impossible to issue it.

Later Liquor Permits.

Mr. Sifton, continuing after recess, said that he was much surprised at the Northwest Government continuing to issue liquor permits after a promise had been made that no more would be issued. He got a list of the permits and submitted it to the Minister of Justice, who said that the permits were good, but the Dominion Government could cancel them. This he did not think fair, as the parties had paid for the permits. He sent the list, and also a subsequent list, to the Mounted Police with instructions to stop all other liquor. The liquor which was taken in, some 65,000 gallons, was taken in against his (Sifton's) wish and under permits from the Government of the Northwest Territories.

An Explanation.

In explanation of the telegram referred to by Sir Hibbert Tupper in his speech, he said that he (Sifton) had received a telegram from Mr. Archie Martin (now Judge Martin), stating that some 2,000 gallons of liquor were stopped at Lake Bennett and that the owners had a permit, issued at Regina. He had then wired that the Regina permits should be recognized. He denied most emphatically that he was interested in any claims with Mr. Phelps, who had been a law partner of his in Brandon, or that he had issued any liquor permit to Mr. Phelps. He denied that any of the Yukon officials had left the Yukon on account of charges made against them, and nearly all of them were now back in Dawson City and ready for any investigation before Mr. Ogilvie.

Taught by Experience.

Speaking of the charge that information was practically unobtainable by the miners, he declared the clerks were unable to give information of the recorded claims on new creeks immediately after stampedes. But, to show the work done, 10,548 claims had been recorded from May 1, 1898, to Jan. 31, 1899. No sensible man would expect order and ample service in Dawson last spring. The very first claim staked in the Yukon was by Captain Charles Constantine, the late Government Recorder, in January, 1896, and he acted within the law. Besides, he recorded 29 claims for Government employes. Fawcett had never done so. On the way to Skaguay, Mr. Wade asked him if he might stake claims, and he (Mr. Sifton) replied he saw nothing in the law to prevent it. Dr. Wills of the Mounted Police also staked claims before the present Government came into office.

Mr. Sifton would not say it was desirable; indeed, he had put his name to an order forbidding officials to stake claims, because experience had taught him such a regulation was not in the public interest.

"Gem" of the Charges.

Mr. Sifton said the "gem" of the arraignment of Sir Hibbert was the Nelson v. Donnolly case, in which he insinuated that decision in favor of Nelson had been obtained as a result of the intimacy of Nelson's partner (Lucille Elliott) with Major Walsh. That really meant that Walsh had in turn improperly influenced Judge McGuire, for it was he who tried the case and decided in the defendant's favor. Not only was that an outrageous accusation to make against a judge of high character, but that it was false was shown by the fact that the case was heard in appeal by himself (Mr. Sifton), assisted by the Minister of Justice and Secretary of State, and their unanimous decision upheld Judge McGuire's judgment.

Officials Not Underpaid.

It had been charged, too, that the Yukon officers were underpaid and, therefore, tempted to be dishonest. He denied that was so, and quoted their salaries, from that of the commissioner, at $5,000, to the cook, at $1,200, which in all cases included board, so these men were better off than ever before in their lives.

Major Walsh's Denial.

With reference to the charges against Major Walsh, he read the following letter from him to the Minister:

Ottawa, April 3, 1899.

Dear Sir,—I have read Sir Hibbert Tupper's speech, in which he makes charges against the administration of affairs in the Yukon district while I was Government Commissioner. So far as the personal charges against my character and administration are concerned, I defy Sir Hibbert Tupper to furnish a single particle of reliable evidence in support of any of them. I further defy him to produce any person who ever saw me under the influence of liquor, either in the Yukon or anywhere else. While in the Yukon I abstained from the use of spirits, and also tobacco, and my other habits conformed in every way to this abstemious course.

During my stay in Dawson I lived in a tent surrounded by part of the staff and a large number of campers. My time was entirely taken up with public business, either in my office or in my tent. At 9 o'clock in the morning I walked to my office, at noon returned to my tent, at 1.30 p.m. again went to the office, and at 5 p.m. returned to the tent. This was my daily routine, so that I passed through the streets of Dawson four times every day, Sunday excepted. Every day but Sunday I could be seen by any person who had business with me, except that, of course, people had to take their turn in securing interviews. During my stay in Dawson I only left my camp after 6 p.m. three times.

While I was in Dawson it was almost continuous daylight, and my tent was under full view of everyone. Everybody could see what was going on. My evenings were generally taken up with people calling to obtain information. I defy anyone to truthfully say that any improper act ever took place in my camp. I challenge and defy any person to prove me guilty of any improper act, in either my public or private life, during my period of service in the Yukon, or of dealing in or having any interest in any mines or Government property of any kind. I engaged with the Government, as you know, to go to the Yukon for one year only, although my commission did not so state. That was my understanding with you. During that time I accomplished all that I expected and hoped to be able to do. I labored earnestly and conscientiously to the best of my ability to do my duty to the Government, and returned at the end of the time, bringing nothing except the consciousness of having done my best to perform a difficult and a trying duty.

I close by repeating that I defy Sir Hibbert Tupper or anybody else to prove that while I was in the Yukon territory I was ever under the influence of liquor or was ever guilty of a single act of immorality.

I have the honor to be, sir, your obedient servant, J. M. Walsh.

Mr. Sifton's Claims.

In conclusion, he said he thought he could claim that he had justified the appointments made, and cleared the Government from blame. An investigation could not have been made sooner than it was, and the investigation now being held in Dawson threatened to collapse because the charges which had been made were being withdrawn.

Mr Sifton concluded by challenging Sir Charles Tupper or any of his colleagues to formulate specific charges before Parliament, promising them that if they did they would be sorry for it.

Mr. Borden spoke for a quarter of an hour or so, and was then allowed to move the adjournment of the debate.

While You're Asleep Laxa-Liver Pills Work.

They cause neither grip nor gripe,—Cure Constipation, Sick Headache, Biliousness and Dyspepsia, and make you feel better in the morning.

People won't have the old griping, nauseating, sickening, purgative pills, once they try Laxa-Liver Pills.

These little fellows act so easily and nicely, yet so promptly and effectually, that they have become general favorites.

If you're troubled with Constipation or Biliousness—driven to distraction with Sick Headache—suffer from Dyspepsia or Indigestion—if you're appetite is poor, tongue coated, breath bad—just take a Laxa-Liver Pill before retiring. It will work while you sleep without a grip or gripe. Make you feel better in the morning.

MRS. J. CALBERT, Nouvelle, P. Q., says:—"I can fully recommend Laxa-Liver Pills, as they have done me a world of good for headache and constipation." Price 25c. all druggists.

DON'T NEGLECT

PAINTING

As soon as the job can be done. Never put off 'till to-morrow what you can do to-day.

One coat in time will save several.

Paint is the clothing of whatever it covers.

The cheapest way to keep a building is to keep it painted.

While you are about, it'll pay you handsomely to use our Paints, which will be found to be the most lasting. A single order will prove our claim.

MARKET REPORTS.

Liverpool Futures Declined Over the Holiday—Chicago Exchange Closed on Account of Elections—Prices.

Liverpool, April 5.—The transcontinental grain exchanges were open yesterday, after the quadruple holiday. At Liverpool wheat futures opened weak at a decline and closed 1d to 1¼d per cental below Thursday's final figures.

Chicago, April 5.—The pit was closed yesterday on account of the election.

Visible and Afloat.

As compared with a week ago, the visible supply of wheat in Canada and the United States has decreased 80,000 bushels; that of corn has decreased 500,000 bushels, and that of oats has decreased 101,000 bushels. The visible supply of wheat in Canada and the United States, together with that afloat to Europe, is 67,907,000 bushels, against 67,587,000 bushels a week ago, and 62,508,000 bushels a year ago.

Leading Wheat Markets.

Following were the closing prices at important centres yesterday:

Sheep, choice to extra	5 00	5	25
Sheep, good to choice	4 75	5	00
Lambs, choice to extra	6 10	6	20
Lambs, good to choice	5 85	6	10
Lambs, common to fair	5 25	5	75
Hogs, medium and heavy	4 00	4	10
Hogs, Yorkers	3 95	4	00
Pigs	3 50	3	90

Liverpool Markets.

Liverpool, April 5.—Prices closed at these figures yesterday. Spot wheat steady. No. 1 Cal., 6s 5d; No. 1 Nor., 6s. Futures, red winter quiet at 5s 5d for May and 5s 4½d for July. Maize steady at 3s 5½d for new and 3s 7d for old spot; futures, 3s 4½d for May and 3s 4 3-8d for July. Flour, 17s 6d.

British Cattle Markets.

Montreal, April 5.—With an increased supply of cattle and a limited demand, the British markets took a downward turn and prices declined one-half cent on the previous week's quotations. This, owing to recent sharp advances, was not wholly unlooked for by shippers. At Liverpool choice States sold down to 12c and Canadians 11½c; and at London choice Canadians made 11½c, sinking the offal.

A Frightful Blunder.

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cents a box. Cure guaranteed. Sold by J. Lynch, Druggist.

Hairene for the Hair.

Dr. Andrew Grant & Co., Toronto.

Dear Sir,—My hair has been falling out for nearly a year, and was getting very thin and dry. I purchased one bottle of your celebrated "HAIRENE" which has thoroughly restored my hair and removed all dandruff, and I can cheerfully recommend so valuable a preparation.

Yours truly,
Port Hope, Ont. GEO. T. MAYNARD.

For sale by all druggists. Price $1.00 per bottle.

CASTORIA.

GIVEN UP TO DIE.

Was Mr. E. N. Stowell, but Dodd's Kidney Pills Cured Him.

Brockville, March 27.—When an eminent physician notifies a sick man that his case is hopeless and that he must die, he is it may be taken for granted, in a pretty bad way.

That was the position of Mr. Ed. N. Stowell, of this city, not long ago. He had suffered all the agonies of Bright's Disease for several years. The ablest physicians had pronounced his case hopeless, and he had begun to "set his house in order," when a friend urged him to try Dodd's Kidney Pills. One box put new life in him seven boxes cured him. Now his friends barly know him for the same man.

Send one more for Dodd's Kidney Pills.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANADA,** has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 93/100 dollars ($1264.93) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

J. MARSHALL HENDERSON.

Smith's Falls, Ont., 12th October, 1898.

W. H. HILL,
Manager, Central Ontario
169 HUNTER STREET.

—THE—
IMPERIAL LIFE INSURANCE CO.
OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. **It Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. **Its Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. **Its Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. **Its Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. **Its Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

For further information apply to

OFFICE.—437 George Street.

IT PAYS TO ADVERTISE IN THE EXAMINER

Keep Coughing

We know of nothing better to tear the lining of your throat and lungs. It is better than wet feet to cause bronchitis and pneumonia. Only keep it up long enough and you will succeed in reducing your weight, losing your appetite, bringing on a slow fever and making everything exactly right for the germs of consumption.

Stop coughing and you will get well.

Ayer's Cherry Pectoral

cures coughs of every kind. An ordinary cough disappears in a single night. The racking coughs of bronchitis are soon completely mastered. And, if not too far along, the coughs of consumption are completely cured.

Ask your druggist for one of

Dr. Ayer's Cherry Pectoral Plaster.

It will aid the action of the Cherry Pectoral.

If you have any complaint whatever and desire the best medical advice you can possibly obtain, write us freely. You will receive a prompt reply that may be of great value to you. Address,

DR. J. C. AYER, Lowell, Mass.

ONTARIO TEACHERS.

How the Pedagogues Spent the First Day of Easter Convention.

Toronto, April 5.—Auspicious, indeed, was the opening of the thirty-eighth annual meeting of the Ontario Educational Association in this city yesterday. All the sections met, considered reports, listened to papers, took part in discussions, and then at night performed the mournful duty of unveiling a portrait of their late president, Mr. Thomas Kirkland, and wound up with a large supply of congratulatory oratory. This took place in the theatre of the Education Department, which was thronged with the heads of Toronto's universities and pedagogues out of count. Thus closed the first of the three days' convention.

ONLY FOUR BOXES

Of Dodd's Kidney Pills Were Needed to Cure Mr. Willis.

Woodstock, Ont., Apr. 3.—There are many Woodstock people who owe their good health, and others who are indebted for their lives, to Dodd's Kidney Pills.

Among the former is Mr. Mass Willis, 225 Dundas street, who has recently made his story public.

"For several years," says Mr. Willis, "I have suffered from Kidney Troubles, pain in the small of my back, etc. I got slight relief from some of the various medicines I used. My son, who was cured by Dodd's Kidney Pills, urged me to try them. I did so. I have used four boxes and can safely say I am cured."

Glasgow Girls.

The Glasgow girl, taking her for all in all, is perhaps a more interesting type than that presented by her sister of Edinburgh. She may not be as pretty or as "stylish"—some times she is—but she is more alive, more vivid, more intelligent, more self reliant, less narrowly exclusive, less morbidly ashamed if the necessity arises for putting her shoulder to the wheel. I imagine, for instance, that a Glasgow girl would have less difficulty in polishing off her angles, of acclimatizing herself to the broader, freer life that exists for women outside Scotland than her peer of the capital. I know of one case indeed where the daughter of one of the wealthiest manufacturing families in or around Glasgow determined, after she left school, to fight the battle of life for herself. She went to London and tried many things, finally establishing herself in a typewriting school. There she works from morning till night, steadfastly refusing an allowance from relatives, who would load her with diamonds if she would only return to them. "She was a girl who used to have three new sealskin coats every winter, too," one of her school friends comments in a tone of wonder.—Mainly About People.

His Life Was Saved

M. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken by Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and $1.00, at Jas. Lynch's Drug Store, every bottle guaranteed.

LOCAL GOVERNMENT.

This Is What the American Commission Offers the Filipinos.

THE PROCLAMATION ISSUED.

Form of Self-Government Proposed Will Be Reconcilable With a Stable, Just and Economical Sovereign American Administration—Natives to Be Treated With Great Consideration.

Manila, April 5.—The preamble of the proclamation of the United States Philippine commission recites the cession by the peace treaty of the Philippine Islands to the United States, refers to the appointment of the commission, assures the people of the cordial good-will and fraternal feeling of the President of the United States and the American people, and asserts the object which the United States Government, apart from the fulfilment of its solemn obligations, has assumed towards the family of nations by the acceptance of the sovereignty over the islands. Their object is the well-being, prosperity and happiness of the Philippine people and their elevation to a position among the most civilized people of the world.

The President believes this perfection is to be brought about by the assurance of peace and order, the guarantee of civil and religious liberty, the establishment of justice, the civilization of letters, science and the liberal and practical arts, the enlargement of intercourse with foreign nations, the expansion of industrial pursuits by trade and commerce, by multiplication and improvement of the means of internal communication, by development, with the aid of modern mechanical inventions, of the great natural resources of the archipelago, and by the uninterrupted devotion of the people to the pursuit of useful objects and the realization of the noble ideas which constitute the higher civilization of mankind.

Unfortunately, these pure aims and purposes of the American Government and people have been misinterpreted to some of the inhabitants, and, as a consequence, the friendly American forces have, without cause, been openly attacked. And why these hostilities? What do the best Filipinos desire? Can it be more than the United States is ready to give? They are patriots and want liberty.

Meanwhile, the attention of the people of the Philippines is invited to certain regulative principles by which the United States will be guided in its relations with them.

These are points of cardinal importance:

1. The supremacy of the United States must and will be enforced throughout every part of the archipelago, and those who resist it can accomplish no end other than their own ruin.

2. To the Philippine people will be granted the most ample liberty and self-government reconcilable with the maintenance of a wise, just, stable, effective and economical administration of public affairs, and compatible with the sovereign and international rights and the obligations of the United States.

3. The civil rights of the Philippine people will be guaranteed and protected to the fullest extent; religious freedom will be assured, and all persons shall be equal and have equal standing in the eyes of the law.

4. Honor, justice and friendship forbid the use of the Philippine people or the islands they inhabit as an object or means of exploitation. The purpose of the American Government is the welfare and the advancement of the Philippine people.

5. There shall be guaranteed to the Philippine people an honest and effective civil service, in which, to the fullest extent of which it is practical, natives shall be employed.

6. The collection and application of all taxes and other revenues shall be placed upon a sound, economical basis, and the public funds, raised justly and collected honestly, shall be applied only to defray the regular and proper expenses incurred by and for the establishment and maintenance of the Philippine Government, and such general improvements as the public interests may demand. Local funds collected shall be used for local purposes, and not to be devoted to other ends. With such prudent and honest fiscal administration, it is believed that the needs of the Government will, in a short time, become compatible with a considerable reduction in taxation.

7. A pure, speedy and effective administration of justice shall be established, whereby may be eradicated the evils arising from delay, corruption and exploitation.

8. The construction of roads, railroads and similar means of communication and transportation, and of other public works, manifestly to the advantage of the Philippine people, shall be promoted.

9. Domestic and foreign trade and commerce, agriculture and other industrial pursuits tending toward the general development of the country, in the interests of the inhabitants, shall be objects of constant solicitude and fostering care.

10. Effective provision shall be made for the establishment of elementary schools, in which the children of the people may be educated, and appropriate facilities shall be provided for a higher education.

11. Reforms in all departments of the Government, all branches of the public service, and all corporations closely touching the common life of the people, shall be undertaken without delay and effected conformably with right and justice in a way to satisfy the well-founded demands and the highest sentiments and aspirations of the people. Such is the spirit in which the United States comes to the people of the islands, and the President has instructed the commission to make this publicly known.

In obeying his behest, the commissioners desire to join the President in expressing their good will toward the Philippine people, and to extend to the leading, representative men an invitation to meet them for the purpose of personal acquaintance and the exchange of views and opinions. (Signed) Jacob Gould Schurman, U.S. commissioner; George Dewey, U.S. N.; Elwell S. Otis, Major-General, U. S. A.; Charles Denby, U.S. commissioner; Dean C. Worcester, U.S. commissioner.

MELVILLE'S

Successors to Mills Bros.

BRILLIANT CANADIAN BRIDE.

Miss Eve Brodlique, Famous in the World of Letters, Married.

London, Ont., April 5.—Another link between Canada and the United States was forged yesterday, when Miss Eve Brodlique was married to Mr. Leland Summers of Denver, Col., at the home of the Hon. David Mills, London. The bride is a well-known Canadian, one of the best litteratours of the day, and has been connected with The Chicago Times-Herald for the past six years. The groom is one of the cleverest young scientists of the west, and consulting engineer of the Florence & Cripple Creek Railroad Co., and the La Belle Mining Co., with an office in Chicago and one in Denver. He belongs to an old southern family.

Bought Another Man's Wife.

Winnipeg, April 5.—An excited Galician appeared at the Police Court yesterday afternoon. He had contracted for the purchase of another Galician's wife, but the goods had not been delivered, and he wanted to enter an action against the husband for obtaining money under false pretences.

Advertise in THE EXAMINER.

SHOTS WERE EXCHANGED.

Gen. MacArthur on Tuesday Found the Enemy Still in Evidence.

Manila, April 5.—Gen. MacArthur reconnoitered in force yesterday morning with the Montana Regiment, the 4th Cavalry and two guns of the light artillery, as far as the river north of Malolos. The reconnaissance developed the fact that there are fully 1,000 rebels, armed with Mauser rifles, preparing for defence. Shots were exchanged, and two of the Montana Regiment were wounded, but there was no engagement. Later in the day Gen. MacArthur moved northward, as the water supply of Malolos is inadequate.

Another Stubborn Fight.

Manila, April 5—The insurgents are massing strong forces north of Calumpit, about five and a half miles northwest of Malolos, and, according to the observations of the reconnoitering party, they have fine entrenchments there. It is expected that hard fighting will be necessary to dislodge them at that point and at San Fernando, where Aguinaldo is supposed to be. Large rivers strengthen both positions.

ARTHUR FISET SAYS GUILTY.

The Montreal Notary to Pleads to the Charges of Forgery.

Montreal, April 5.—"I am guilty!" were the three words spoken by Arthur Fiset yesterday morning when brought before the Police Court and charged with forgery. The notary was completely broken up. He said he did not want to be defended, consequently Fiset had no lawyer in attendance. The prisoner's wife was in court with her husband, and the scene was a pitiable one. The prisoner was remanded for a few days.

Mr. H. Beaugrand, formerly proprietor of La Patrie, has been given a gold medal of honor from the French Government, as a recognition of the republic for Mr. Beaugrand's services in France.

The new cathedral which has been under construction at Nicolet has fallen in, and the loss will be very considerable.

INTENSE SUFFERING

FROM DYSPEPSIA AND STOMACH TROUBLE.

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, but not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered to my knowledge for years with dyspepsia. Everything he ate seemed to sour and create gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a fifty cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured.

There was no more acidity or sour watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe.

Stuart's Dyspepsia Tablets are made by the F. A. Stuart Co., of Marshall, Mich., and are sold by druggists everywhere at fifty cents per package.

Little book on stomach diseases mailed free, address, F. A. Stuart Co., Marshall, Mich.

CASTORIA

For Infants and Children.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

London, April 4.—The Hongkong correspondent of The Daily Mail says: "Placards have been posted in the Kowloon hinterland inciting the people to stop the British officials from surveying there, and the officials have returned to Hongkong because of threatening attitude of the Chinese."

Hongkong, April 4.—It is reported that the Chinese have captured Captain Henry Francis May, superintendent of the Hongkong police. Two companies of Welsh Fusiliers went to Canton last night on the torpedo boat destroyer sent there to protect British interests, and the torpedo destroyer Fame followed at daybreak this morning with 200 men. The Hongkong regiment is under orders to proceed to Canton.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

DEADLY CATARRH

has fastened its relentless grip upon some member of nearly every family in the land. Competent authorities estimate that from eighty to ninety per cent. of the entire population of this continent suffer from some form of this repulsive and dangerous malady. If you or any of your family suffer either from recognized catarrh or from the lingering colds which mark its early stages—don't trifle with it. It is the precursor of consumption and death.

Dr. Agnew's Catarrhal Powder

never fails. It is the remedy of all remedies, endorsed by the most experienced and eminent nose and throat specialists of the day, and having a record of a multitude of radical, permanent cures of chronic cases which had been declared incurable. It also cures cold in the head, influenza, hay fever, loss of smell, deafness, sore throat, tonsilitis, asthma and all similar diseases. It is delightful to use.

"I have had chronic catarrh ever since the war," says J. C. Taylor, of 228 N. Clinton Ave., Trenton, N. J. "I had despaired of ever being cured. I used three bottles of Dr. Agnew's Catarrhal Powder and my catarrh has entirely left me." Rev. C. E. Whitcombe, rector of St. Matthew's Episcopal Church, Hamilton, Ont., was a great sufferer. He used Dr. Agnew's Catarrhal Powder, and now proclaims it a safe, simple and certain cure. The Lord Bishop of Toronto, Can., recommends the remedy over his own signature. Sold by druggists.

Dr. Agnew's Cure for the Heart relieves heart disease in 30 minutes. Dr. Agnew's Liver Pills—20c. for 40 doses—are the best. Dr. Agnew's Ointment relieves in a day eczema, tetter and all skin diseases. Cures piles in 3 to 5 nights. 350. 3

Sold by H. S. Macdonald and Ormond & Walsh.

ALL HOT SELLERS.

Everyone of the Twenty-two Hundred Men's Suits, from the great stock of Messrs. Doull & Gibson, Montreal, the retiring Wholesale Clothiers, came into our possession at the low rate of 52½ cents on the Dollar.

They are all popular patterns and sell at sight. When we buy a Bargain we sell a Bargain. The qualities and styles speak for themselves, but the low prices make them hot sellers.

They come to us in suitable weights for present season wear—not too light nor too heavy—and you buy them on the following scale of reduced prices:—

$12 Men's Suits for	- -	$8.00
$10 Men's Suits for	- -	$7.00
$8 Men's Suits for	- -	$5 90
$6 Men's Suits for	- -	$3 95

These special prices are intended to make swift work of this big line of Men's Suits so as to sell them out before the arrival of another monster purchase from Doull & Gibson's Great Sale in Montreal, which our syndicate of buyers is now attending.

has removed to the rooms over Oak Hall formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3.50; why buy ready-mades? Every age and style is met—every desire is assured. Ladies' tailoring in all designs.—GEO. BALL, over Oak Hall. 30

To-morrow Night's Attraction.

Paul Cazeneuve, the young romantic actor, opens a three night's engagement commencing Thursday April 6th, with a selection of popular successes, including his new scenic and electrial production of "Faust."

Mr. Cazeneuve, as the Prince of Evil is clever and entertaining, and has received the praise of press and public for his excellent versatile and conscientious work. As Marguerite, Miss Taylor, with her winning ways and musical voice, gives an ideal portrayal of this character, and Ulysses Davis as "Faust," by his clever work, has proven himself to be an artist, plain Martha and the rest of the characters are all in clever hands. The scenic and electrical effects are of the highest order, the Brocken and Garden scenes having both received special praise. "Faust" will be the opening bill Thursday night. It will be followed by "The Strategies," a farce comedy warranted to contain an abundance of fun which will keep the audience in uproars of laughter. David Garrick, a bright witty romantic comedy—and "Don Cæsar de Bazon" which at present is causing such a furor in Toronto. Popular prices will prevail during this engagement, 15, 25, 35 and 50 cents. Seats now on sale.

ALL HEADACHES
from whatever cause cured in half an hour by HOFFMAN'S HEADACHE POWDERS
10 cents and 25 cents at all druggists.

GRAND SACRED CONCERT.

A Highly Successful Musical Entertainment at the George Street Methodist Church—A Fine Attendance With a Fine Musical Programme.

When the organist and choir of the George street Methodist church announced a "grand sacred concert," they laid their plans well to justify the appellation. The sacred concert given in the George street church last night was a very gratifying success in every way. The spacious auditorium was filled by an appreciative audience. The pulpit platform was beautifully decorated with flowers, the handiwork of Mr. J. H Cobb, florist.

The well-balanced grand chorus consisted of forty-five voices, composed largely of the choir of the church, strengthened by several from other church choirs. The chorus was assisted by an orchestra composed of Messrs. Maude, Fox and Barclay, violins, Mr. Butcher, flute; Messrs. Lech and Skitch cellos, and Miss Grant, pianiste. Miss Grant also filled the position of accompanist to the soloists, and her work in this capacity was marked by excellent taste and judgment, and gave the greatest satisfaction to both soloists and auditors Miss Grant, as a finished accompanist has few if any superiors. The chorus presented three selections in excellent style—Lambilotte's, "Holy Father Great Creator," "The Gloria from Mozarts 1st Mass," and Woodwards "Radiant Morn." The latter, some passages of which were sung without accompaniment, was perhaps the best work of the chorus during the evening, though on the whole, their work was worthy of great praise. The chorus was generally effective, and due care was given to shading and expression, and the attack was good. While the chorus on the whole was good, special praise is due Mr. Walden, choirmaster and organist, who, though a young man, deserves great credit for the effective use he made of the good vocal material he had at command. The congregation of the George street Methodist church, after last night's evidence of Mr. Walden's fitness as a leader, have every reason to feel that their usually good choir is in good hands. Mr. Bruce Bradley, who has many personal friends in town, made many more friends last night in a musical way. He sang Gray's "Two Cities," Grannier's "Hosanna" and Cantor's "O Fair, O Sweet and Holy." Mr. Bradley has a light flexible voice, which though not robust is of pleasing tenor quality and is clear and true. It shows evidence of careful culture and his excellent enunciation is one of the most pleasing features of his singing. He was very heartily applauded and compelled to give a repeat selection. Mrs. Chambers was herself last night, which, with those who have heard her so often with delight, is no slight praise. Her numbers were "Eva's Lamentation," and "I Know That My Redeemer Liveth." She sang with her accustomed facility and gave her selections as only a veteran vocalist can be expected to do. Mr. Kleiser was in his happiest mood and gave the greatest pleasure in his readings. Good as he was before his method now shows maturity and greater repose. His best number was his reading of the Shakesperian selection "Wolseley After His Fall," which received full justice at his hands, though his other numbers were more popular and apparently better appreciated. In both as well as in his recall numbers he quite sustained his reputation as being one of the best and most versatile elocutionary entertainers on the continent.

The concert throughout was a very satisfactory success, and all concerned in its production and enjoyment are to be congratulated upon the success achieved.

The fine Gerhard Heintzman piano used was kindly loaned by Mr. G. W. Mulligan.

Bismark's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want those qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c., at J. Lynch's drug store.

Buy your seed early. The Spot Cash.

HIGH COURT OF JUSTICE.

The Only Case on the Criminal Docket Easily Disposed of—Civil Suits.

The Grand Jury brought in a true bill of yesterday against Albert Taggart on a charge of criminal libel, he having written in chalk on the sidewalk the words: "Alice Miller chums with murderers." On being arraigned Taggart pleaded guilty, and as he has already spent 164 days in gaol awaiting trial, he was allowed to go on suspended sentence.

In the case of James vs. Armstrong the plaintiff was awarded $200 and costs. Mr. E. B. Stone appeared for the plaintiff and R. R. Hall for defendant.

Sutton vs. Sutton.—Evidence was taken in this case and judgment deferred. Denistoun, Peck & Stevenson for plaintiff; E. B. Edwards for defendant.

The case of Harper vs. Toronto Type Foundry is now being heard.

FAIRWEATHER & CO., FURRIERS.

A New Partner—Wholesale Manufacture of Furs to be Entered Into.

It will be seen by advertisement that Mr. Thos. Barrie, who has been in the employment of the firm for seventeen years, has been admitted to partnership in the firm of Fairweather & Co. Mr. Barrie's experience and popularity will strengthen the firm, which contemplates entering into the manufacture of furs in a wholesale way. The second and third stories is to be devoted to this new feature of the firm's operations. Travellers will be placed on the road, and the local firm's connection with the Toronto department will represent a combination that will command general confidence. The manufacture of furs will be carried on continuously during the summer.

During the bicycle season this department of Fairweather & Co. will be open till 9 o'clock to permit of the inspection of wheels.

Ready made articles suitable for Y. W. C. A. Bazaar at MRS. APPLEBY'S.

Y. M. C. A. EXAMS.

The international examinations in the evening educational classes are taking place this week. All the Association classes on the continent are writing on the same papers and diplomas are given for pupils obtaining 75 per cent. or over. The local Association has 14 candidates, which is a good showing for the results of the evening class work during during the winter months. The examinations are held as follows:—

Electricity 7.30 p.m. to-night.—W. C. Thayer, instructor. Candidates—Messrs. J. Dyke, T. James, A. C. McCallum, Jno. Laing, H. Cleeves, E. Cleeves, A. E. Dixon, N. Bell, H. Brown and F. Turner.

Arithmetic—M. A. Sorsoleil, instructor. Candidates—G. Ferguson and Robt. Hall.

Book keeping—G. Gillespie, instructor. Candidates—W. G. Elliott and S. R. Hall.

ALL SAINTS.

The Annual Vestry Meeting Held Last Evening—Summary of the Year's Work.

The annual vestry meeting of All Saints was held last night in the basement with a large number in attendance.

The Rector occupied the chair, and the evening was opened with prayer by Rev. W. L. Armitage.

Before proceeding to the business of the evening, Rev. Mr. Armitage spoke of the departure from the parish of Rev. E. V. Stevenson this week, referring to his many acceptable services in All Saints. On behalf of the congregation, Miss Chamberlen presented Mr. Stevenson with a handsome travelling rug in anticipation of his intended trip to England. Mr. Stevenson was taken entirely by surprise, as he had attended the meeting as an opportunity of saying good-bye to the members of All Saints. He referred to the many kindnesses received at their hands and thanked them heartily for this tribute, wishing them continued prosperity.

Rev. Mr. Armitage gave a summary of the work of the past year, showing a large increase in the number of communicants. The Sunday school showed steady increase with a large balance in hand. Mr. Earle will shortly undertake a Bible class for adults. The various societies are prospering and many improvements will be undertaken during this year.

Mr. Buller then read the Warden's financial statement for the past year. The offertory receipts including balance from last year amounted to $1,111.06, and the total receipts from all sources to $1,833.71.

The Rector congratulated the congregation on the splendid showing, and on the general work of the church. He then asked Mr. Buller to act as Rector's Warden for the ensuing year, and the vestry elected Wm. W. D. Points the peoples' warden. Mr. F. E. Bell was re-elected vestry clerk. Messrs. Bamford, Smeaton, Hooper, Smith, Mulholland, McFadden, Good and Layfield were elected sidesmen.

The wardens, sidesmen, lay delegates and vestry clerk constitute an Advisory Board.

Mr. Bamford was re-elected to represent All Saints on the charity board of the town. It was stated that only one application from this congregation to the board for assistance had been made during the year.

Votes of thanks were tendered to the vestry clerk, choir, organist and sexton.

The vestry then adjourned for two weeks. At the congregational meeting which followed, Mr. Barton Earle was re-elected lay delegate to the Synod.

Itching, Burning, Creeping, Crawling Skin Diseases relieved in a few minutes by Agnew's Ointment. Dr. Agnew's Ointment relieves instantly and cures Tetter, Salt Rheum, Scald Head, Eczema, Ulcers, Blotches, and all Eruptions of the Skin. It is soothing and quieting and acts like magic in all Baby Humors, Irritation of the Scalp or Rashes during teething time. 35 cents. Sold by H. S. Macdonald and Ormond & Walsh.

Mark Street Methodist Church.

On Sunday the church was tastefully decorated with Easter flowers and the singing by the choir was exceptionally good. The morning anthem—"Christ is Risen"—was given with fine effect, after which the pastor, Rev. J. E. Moore, Ph.B., delivered an appropriate and effective sermon from the text: "But now is Christ risen from the dead and become the first fruits of them that slept." The Gospel comprehends two great facts, viz., the death and resurrection of Christ. These are the most awful and momentous events in the history of the world. On these truths rest the world's hope for time and eternity. The tragic death of our Lord was according to ancient prophecy. His burial and resurrection were the fulfilment of His teachings. "Destroy this Temple and in three days I will raise it up again." This proved the validity of His claim to the Messiahship and is a solid basis for a guilty world to roll its sin and misery upon. The evening services were equally interesting and profitable. The choir did exceedingly well.

Easter Requisities.

WARRIORS SMOKE THE PIPE OF PEACE.

FIRST SMOKER OF THE THIRD PRINCE OF WALES DRAGOONS.

A Very Great Success in Every Way—A Splendidly Planned Campaign of Pleasure Splendidly Carried Out—The Annual Meeting of the Corps—A Most Successful Smoker in Every Way

The cosy officers' quarters of the Rangers have often witnessed many happy occasions, but it is doubtful if a more delightful evening was ever spent in them than was enjoyed by the officers of the Third Prince of Wales Dragoons and their guests last night. The occasion was based on the annual meeting of the corps which was held in the afternoon, when matters of internal economy, etc., were discussed. There was a good attendance of the officers of the corps. Those from outside the town were: Capt. McCullough, Wellington, P.E.; Capt. Brown, Colborne; Major Sutton and Lt. Syer, Millbrook; Capt. Cockburn and Lt. Tate, Lakefield.

The smoker was held in the mess rooms of the 57th Battalion, which had, with a generous spirit of camaraderie, been placed at the disposal of the dragoons, who, being a rural battalion, scattered over four counties, have as yet no "local habitation." The quarters were much admired, especially the burden of trophies borne by the buffet, representing the prowess of the sharpshooters of the Rangers. These included the cup won by the Fifty-seventh in the Military Rifle League matches in 1894, when they took first prize in the Martini competition against the militia of the Dominion, from Halifax to Vancouver; the cup representing sixth prize Snyder competition in the League, candelabra coin silver plate, etc., won in other competitions.

The guests gathered about ten o'clock and for a time enjoyed themselves informally, the veterans shouldering their crutches and showing how fields were won.

Lt. Col. Rogers, commanding the Dragoons, gave the gathering a more formal aspect by assuming the chair, which he filled with dignity and grace, and was not so much of a martinet as to stick to the strict order of parliamentary usage.

Fire upon the toast list was opened with the toast of "The Queen," which was proposed by the chairman and honoured with an enthusiasm which could only be aroused at a military gathering.

This was followed by the toast of "Canada, our Home," which was also proposed by the chairman and grandly honoured. Lt. Ames sang with great spirit the "Maple Leaf," in which the company joined in rousing chorus.

Major Edwards, of the 57th, responded in a speech full of patriotic spirit and paid eloquent tribute to the importance and greatness of Canada per se, and also to her importance in the Empire and the world at large. Reference was made to the great benefits of Canadian preference to British imports and her inauguration of the Imperial penny postage movement, which brought the different parts of the Empire into more intimate touch. Reference was also made to the proud position Canada won at the Jubilee, when her representative military contingent was the observed of all observers, and when the Premier of Canada, and a French Premier at that, was the most warmly applauded in the grand procession of any personage save only Her Majesty herself. (Applause.) Major Edwards looked forward to the day when Canada and her military forces would do their share in the defence of the Empire and when she would contribute to the realization of Tennyson's grand dream, "The Federation of the World." With Canadian representatives at Westminster Canada would, he believed, have a large share in the world-wide Anglo Saxon alliance which would be a realization of the near future. Major Edward's splendid address was greeted with loud and long continued applause.

Lt. Clurton sang with fine spirit "The Soldiers of the Queen."

Surgeon Major Young in a neat speech with the true martial ring, proposed the toast of "The Army, Navy and Volunteers."

Capt. Garvin sang splendidly "The Red, White and Blue," and the mighty enthusiasm with which the company joined in the chorus, was sufficient to strike terror to the hearts of the enemies of the Empire.

Neat speeches in response to the toast were made by Lt.Col. J. Z. Rogers, Lt.Col. Bell and Capt. Snyder.

Capt. Miller recited in a very effective manner, Kipling's stirring "Widow at Windsor."

Mr. Dick. Rogers, a retired officer and superintendent of the Trent Valley canal, was called upon to respond to the toast of the "Naval" branch of the service, which he did in a neat speech and the the recognition of the "Navy" received repeated attention at his hands, as well as of others of the company during the evening.

Mr. J. Alex. Culverwell, of the Burleigh Falls Electric Syndicate, sang with fine electric force "Hearts of Oak" with its grand ringing chorus grandly brought up by the Company.

Capt. Johnson proposed "the Learned Professions" which was heartily honoured, and was responded to by Capt. Morrow, Capt. Hayes and T. A. S. Hay, town engineer, in neat and taking speeches.

Mr. John Crane sang in a style and with a spirit worthy of his grand old selection "Give me a man with an honest heart."

Major Edwards recited with great acceptance the dialect selection "The Wreck of the Jules Leplanta."

Lieut. Poole, of the Cavalry, sang with good effect the fine old song "The Boys of the Old Brigade."

Capt. Garvin in a neat speech proposed the "Press," which was replied to by the representatives of the press present.

At this stage a "light luncheon" was was brought on, but it was rather worthy of the name of supper than of the modest appellation given it. The commissariat of the dragoons was perfect, and if they fight their foes as well as they feed their friends, they will be as invincible as the Light Brigade or the 21st Lancers. Major Greenwood, performed the duties of major domo, in conjunction with Sergt.-Major Young, and at their hands the hospitality of the Dragoons received a high character. Major Greenwood was especially indefatigable in contributing to the comfort of the guests, and exhibited as much solicitude as a young housekeeper over her first house party.

Then followed a series of miscellaneous toasts, including the Fifth-seventh Battalion, responded to by Lieut. Col. Bell, and other officers, and the toast of the Third Dragoons, the hosts of the delightful evening, which, as may be expected, was enthusiastically honoured.

The formal toast list being exhausted an hour was given to general enjoyment and songs were sung, yarns were spun and a jolly camp fire aspect was assumed by the gathering. Songs were contributed by Mr. John Crane, Capt. Clurton, Capt. Hayes, Lt. Poole and the gallant Lieutenant-Colonel, after resigning his baton of office, gave a song with a rattling chorus, which was jovially picked up by the company.

Before the trumpet blew "lights out" the happy company, encircling the mess table, sang "Auld Lang Syne" in the old-fashioned orthodox way, followed by "God Save the Queen."

The first smoker of the Dragoons was unanimously voted a huge success. The arrangements were as perfect and complete and everything ran as smoothly as if the corps had had years of drill in smokers.

The following is the secretary's report of the season's make in Trewern cheese factory for 1898:

Total lbs. of milk, 1,095 205; total lbs. cheese, 100,195; average price, 7 95 100 cts; total value, $7,975.30.

G W FITZGERALD,
Secretary.

New made Maple Syrup. The Spot Cash.

Y. W. C. A. NOTES.

The "Saturday Evening Club" in connection with the Y.W.C.A. was organized on March 25th. About twenty-five young women were present, nearly all of whom joined as regular members. The meeting on Saturday evening last was well attended and the names of eight new members were added to the list, making in all over thirty. The evening was spent in listening to a most enjoyable short programme, consisting of recitations and music, vocal and instrumental; in playing games, and becoming socially acquainted. At the close refreshments were served and the club dismissed to meet again next Saturday evening.

The members should thoroughly advertise the time, place, and helpful character of these meetings, and invite their friends and acquaintances to accompany them. All will be made very welcome.

You get more sugar for $1. at The Spot Cash than elsewhere.

A CRUMB OF COMFORT.

Her friends all call her clever,
There's a mething in the name,
For wher is he who ever
Saw smoke without a flame?
"If ladies be but young and fair,
They have the gift to know it."
Then why deny a talent rare
When her successes show it?

A. R.

Peterborough, March, 1899.

Apt Quotations.

Proverbs, axioms and wise sayings have been uttered by Confucius and other wise men from time immemorial, but few people realize how many there are of them. C. I. Hood & Co., of Sarsaparilla fame, have over two thousand, and they have originated the ingenious plan of serving them up in delectable shape in thousands of newspapers, with each one neatly turning a point as to the merit of their well known medicine. The extensive use of these proverbs is original and creditable to Hood & Co.

Fish for Easter.

I have provided a plentiful supply of fish, oysters and fruit for Easter. Fresh caught halibut, fresh caught haddock, fresh B.C. sea salmon, sea herring, fresh bass and other fresh water fish, Lake Superior salmon, Lake Winnipeg whitefish, Georgian Bay trout, select oysters, etc. Also fine fresh fruit, oranges, lemons, bananas, etc. Get your Easter supplies at Frank D. Leplante's fish and fruit store, next Adam Hall's. Leave orders early. Prices will be right.

See the barga ns in Men's Pants. at GRAFTON & CO., on Thursday Bargain-day.

CHANGED HANDS!

I beg to announce to the citizens of Peterborough that I have bought out the Wholesale and Retail

FRUIT AND FISH BUSINESS

Formerly carried on by Mr. J. B. Oke, 418 George Street.

I intend to devote my whole attention to conducting a First-class Fruit and Fish Business, by keeping a most complete and well kept stock of the choicest delicacies of the table, including—

Foreign and Domestic Fruits.
Salt and Fresh Water Fish.
Fresh Oysters in Bulk.
Early Garden Vegetables.
Canned Vegetables and Fish.
Pickles, Relishes, Etc.

Everything in season, fast as it appears in the markets.

Having had 25 years' experience in handling Fruits, etc., I feel confident of being able to cater to the wants of all classes.

I respectfully solicit a continuance of the patronage of Mr. Oke's customers and of the public generally.

R. A. DUTTON,

(Late of Barrie), successor to J. B. Oke, 418 George Street. Telephone 204. Terms Cash.

CARD FROM MR. OKE.

I take pleasure in recommending my successor, Mr. R. A. Dutton, to all my customers and ask for him a continuance of the liberal patronage bestowed upon me. Mr. Dutton is an experienced and thoroughly practical fruit man and has a reputation for being obliging and honourable in all his dealings.

All accounts due me are requested to be paid to either myself, Miss Smith, Mr. H. Bradshaw or Mr. Philp, at Mrs R. N. Philp's Fruit Store, without delay.

Yours truly, J. B. OKE.

Peterborough, April 1st, 1899.

"WANT ADS" IN The EXAMINER

BRING THE BEST RESULTS

Women get used to being sick. They come to consider back-ache, head-ache, side-ache, dragging, dreary, bearing-down feeling, hot flashes and nervous

irritability as a part and parcel of their womanhood. They get used to being half dead all the time. They forget that they ever were anything else. If they don't have to go to bed and stay there they don't try to get well.

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. All such sickness can be cured—is cured every day by

DR. PIERCE'S

FAVORITE PRESCRIPTION:

It Makes Weak Women Strong, And Sick Women Well.

It acts directly on the organs affected and is at the same time a general tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

J. S. Everritt, of Hagerman, Washington Co., Florida, writes: "For five years my wife was in an almost helpless condition, suffering from female weakness. Last September I decided to try Dr. Pierce's Golden Medical Discovery and his 'Favorite Prescription.' I am now a happy man, whereas I thought for four years that I would be left in this unfriendly world without a companion. Dr. Pierce's medicines are truly worth a thousand times the money they cost and every suffering woman in the world should try them."

THE SENTRY DRANK.

But General Meade Did Not Happen to See Him Do It.

At a little village on the Susquehanna river I met an old soldier who related this incident of his experience with General Meade in the civil war. I have forgotten his name and the place where it occurred. It was a raw night in October, the wind was rather strong, and Meade had fixed a stove in his tent. The soldier was the sentry for the general. A puff of wind knocked down the improvised stovepipe, and soon the tent filled with smoke. The general came out and asked the sentry to help him to rearrange it. The soldier replied that he was under orders and could not leave his post.

"Yes, yes," said Meade, "that is true, but I would like to have that stovepipe fixed. You are right." And the general went at the job himself.

"I kept pacing my beat," said the soldier, "and enjoyed Meade's efforts to get the pipe back in its place. He made a sorry mess of it. Finally he turned to me and said: 'Sentry, you will have to help me. I will be responsible for you, and if there is any trouble about your leaving the beat I will explain to the officer.'

"In a few minutes we had the pipe in position. Meade disappeared into the tent without a word of thanks, but he soon came out with a jug of applejack and asked me to take a drink. Once more I reminded him I was on duty. 'Yes, yes,' he answered, 'I know, but you helped me to fix the stovepipe.'

"He turned on his heel and re-entered the tent, leaving the jug outside. After a time he came out.

"'Did you drink?' he inquired. I nodded.

"'I knew you would, but I did not see it.'"

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

A Weak Finish.

Little Frances—Papa, my teacher told me to ask you to tell me something about Victor Hugo. Tomorrow she wants me to tell the class what was the most important thing he ever did.

Papa (who pretends to know it all)—Victor Hugo founded the Hugonauts. but, say, tell your teacher I'm paying school taxes and I don't propose to have to do her work. Make her tell you about it herself and see how she likes it.—Chicago News.

"God Bless the Duke of Argyll."

"You Americans," said the Scotchman, "suffer from an itch for notoriety."

"An itch for notoriety," responded the American with spirit, "is better than a notoriety for"—

But at that point they clinched.—Indianapolis Journal.

Some boys in an English school were requested to write a short letter to the master. One youngster added a P. S. which ran, "Please excuse bad riting and spelling, as I avent been taut any beter."

One direct result of the Suez canal has been the introduction into the Mediterranean of sharks which previously were unknown there.

Dr. Chase Cures Catarrh After Operations Fail

Toronto, March 16th, 1897.

My boy, aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the General Hospital. Since then we have resorted to Dr. Chase's Cure, and one box of this medicine has made a prompt and complete cure.

H. G. Ford,

Foreman, Cowan Ave, Fire Hall.

Cook's Cotton Root Compound

Is successfully used monthly by over 10,000 Ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other as all Mixtures, pills and imitations are dangerous. No. 1 and 2 sold and recommended by all responsible Druggists in Canada.

No. and No. 2 Sold in Peterborough by John Nugent Druggist.

A JOKE ON THE PROFESSOR.

A Conspiracy of Silence That Threw Loomis Into a Panic.

The late Professor Elias Loomis for many years occupied the chair of astronomy at Yale and was the author of the well known series of mathematical textbooks. The truth of the following story on the professor can be vouched for by a number of Yale men:

Professor Loomis repeated each year to the junior class a course of lectures on physics. The lectures were illustrated by experiments, and in one on compressed air he explained the principle of the well known airgun.

The students of each succeeding class as they entered the room for this particular lecture found on the side of the room remote from the platform a small target. After explaining the operation of the gun Professor Loomis was in the habit of landing three of its projectiles with mathematical accuracy in the center of the bullseye.

The professor was always applauded for this feat, but his grim face, covered by a tightly drawn skin of parchment hue, never showed the slightest sign of gratification or recognition of any kind. To him it was apparently only a scientific experiment to be exactly demonstrated.

One class of juniors, however, who had learned of the immemorial incident from the then seniors, attempted a little experiment of their own, the subject being mathematical and scientific human nature.

Three puffs from the airgun, and although the students saw that the bullseye was perforated as usual there was not a sound of applause. Professor Loomis looked a moment at the class in a startled way, then at the target, and then, with a degree of emotion he had never before shown, exclaimed:

"Didn't it hit? Didn't it hit? Didn't it hit?"

A roar of laughter, followed by even more than the usual applause, showed the professor that he had not lost his mathematical accuracy.

The Horrors of Tea Smoking.

The Medical Press and Circular seems to hint that the latest fashionable wickedness is to take one's tea in the form of cigarettes. Judging, however, from what our medical contemporary says of the vice, it hardly seems likely to become general. The first sensation, it appears, though peculiar, is not as unpleasant as might be supposed, but this condition of qualified beatitude does not last long. Then comes "a thickening of the head and a disposition to take hold of something or to sit down." If the novice perseveres, he or she may be next rewarded with a feeling of exhilaration, intense, but of very brief duration.

But the after effects, our contemporary solemnly avers, are too dreadful for contemplation even by a medical commentator, and it takes many hours before the beginner even begins to revive. A dustpan and a broom seem to be the only things then required for removing the smoker.

No Right To Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50 cents, at J. Lynch's drug store.

A Repetition.

My bondage of the past is broken,
I breathe the warm free air again,
I've seen thy face, and thou hast spoken,
Snapped are the links that made the chain—
The chain of years that held me fast
And bound me to that long ago;
That sad time when we parted last;
You answered me, "I do not know."

Six weary years since we had parted—
Again I sought thee yesterday.
I was not ever fickle hearted,
Yet I disliked the long delay.
"Lovest thou me?" I asked once more
And waited for thy answer low.
You spake the same words as before,
For you replied, "I do not—no."
—Harlem Life.

The God of Love.

"Well," said the girl, "I have had the funniest time lately, and it took me the longest time to discover what was the trouble. It seemed to me that every man I knew almost acted as if he thought I was in love with him. I began to wonder whatever I could be doing to give people such an impression. I thought over everything I had said, I carefully balanced every smile and investigated my minutest actions, but as far as I could see they were all above reproach. I was entirely in the dark until one day, in a general conversation, talking about writing notes, a man I positively hate said to me rather tenderly:

"'I always keep your notes, Miss Mabel, on account of the seal.'

"Then I understood it all. I had been sending out all my notes, invitations and things of that kind and sealed them with an old intaglio ring with the word 'Eros' on it, and I suppose all the men who had happened to receive one of these notes had supposed it had a tender significance.

"I have another ring with a simple little head on it that I use for sealing my letters, a little man who looks after my affairs, and I haven't had any trouble since."—New York Times.

$1,250,000 Per Pint.

Some of these growths, says a writer in London Answers who is describing his visit to a germ farm, are exceedingly expensive. Indeed a rare bacillus seems to be as valuable in its way as a scarce orchid. I was shown, for instance, a species known as the bacillus indicus ruber, which is found only in the stomachs of certain monkeys, and for a colony of which a £10 note was asked.

On the other hand, you can buy enough scarlet fever micrococci to infect a decent sized town for $2.50, while twice that sum will provide you with a choice collection of fine, healthy typhoid germs. Leprosy bacilli come expensive, though $25 per colony, while as much as $40 is asked for selected colonies of the bacillus of conjunctivitis or typhus. This would work out at something like $1,250,000 per pint.

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globule of health that changes weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25c. per box. Sold by Jas. Lynch, druggist.

THE JOKE FACTORY.

Another Spring Poem.

Spring, gentle spring, is drawing near;
Listen with care, and soon you'll hear
The robins calling.
Already the bare maples blush,
The streets are ankle deep with slush.

The newest pinks, sweet peas and beans
The seedmen in the magazines
Are advertising;
And Gladys every offer reads,
And makes long lists of urgent needs,
And sends good money off for seeds,
Which she, elate,
Will cultivate
With zeal surprising.

Bicycle men are hustling now;
The farmer's hand turns toward the plow,
Business is humming.
The sunset each night later glows;
Your wife is buying Easter clothes;
The bottom of the coal bin shows—
In short, you'll see
All sights agree,
Spring, spring is coming!
—Somerville Journal.

Didn't Understand Banking.

Old Abraham Billings is a well known original character in southwest Georgia.

He once moved to a new town, where a bank was established on a small scale, and, having saved up $5 in the course of a year, deposited it in the bank.

The next day he was seen hovering around to see if the bank was still there with his $5, when some one called his attention to its closed doors, whereon was the sign: "Bank Closed. Legal Holiday."

He sat down on the bank steps disconsolate.

"Consarn 'em!" he said. "The durned cashier's done got a legal holiday and gone off ter spen' my $5! Ef I'd jest ha' listened ter reason I'd ha' buried it som'ers, but I never did have no business sense!"—Atlanta Constitution.

Pointed Paragraphs.

Women, as a rule, hate liars, yet they very often force men into that class.

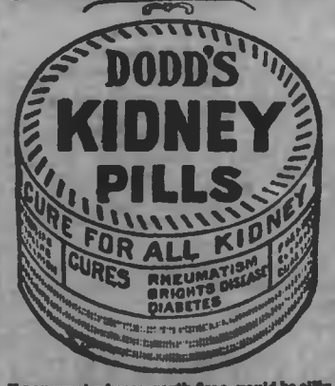
No man should be elevated to the office of ruler unless he is perfectly straight.

Never ignore the silent man. He is often the only one in the crowd worth listening to.

Give a neighbor your skimmilk and he's apt to kick because you didn't share the cream with him.

The darkest hour is just before the dawn, but it's difficult for a man to determine when he has reached the limit of hard luck.

Substance-Shadow



If you want a horse worth $100, you'd be silly to pay $100 for his photo only. If you need DODD'S KIDNEY PILLS you'd be silly to buy an imitation.

NO POISON WAS FOUND.

Prof. Ellis' Decision in Case of Thomas McIntee of Burford.

Burford, Ont., April 4.—The adjourned inquest on the late Thomas McIntee was held here yesterday by the coroner, Dr. Sinclair of Paris. Considerable interest was taken in the case, owing to the body having been exhumed two weeks ago, when a post-mortem was held, and the stomach and other organs were sent to Toronto for analysis. On opening the case the coroner read to the jury a communication from Prof. Ellis, to the effect that no poison had been found in the viscera. Dr. Johnston, the family physician, and Dr. Dunton of Portland, who officiated at the post-mortem, and a few other witnesses were examined. There was no evidence adduced sufficient to determine the cause of death, and the jury brought in a verdict that the deceased came to his death by causes unknown to them.

THAT SMALLPOX OUTBREAK.

There Were Eleven Deaths and Altogether Thirty-Five Cases.

Toronto, April 4.—Dr. Bryce, provincial medical health officer, is preparing a statement regarding the recent smallpox outbreak. He finds that the average the world over in deaths was maintained in Ontario. There were, all told, 33 cases in the eastern part of the province, and two near the border on the west. Out of the 35 cases there were 11 deaths recorded, three each in East Hawkesbury, Farran's Point and Irish Creek, and two in Williamsburg township.

Everything is now cleared up, and there is no further danger of the disease.

Egg-Rolling at Washington.

Washington, April 4.—Easter Monday egg-rolling, a distinct feature of Capital City life, brought hosts of children to the White House grounds yesterday to enjoy the hospitality of the President's private gardens. During the afternoon the Marine Band gave a concert for the special pleasure of the army of little ones who had gathered to roll the eggs down the grassy lawn. President and Mrs. McKinley enjoyed the rollicking fun of the children from the White House portico.

DR. CHASE'S

Catarrh Cure

Cures Catarrh, Hay Fever, Rose Fever and all Head Colds. Give one blow with the Blower and the Powder is diffused, making a Sure and Permanent Cure.

OFFICE—Cor. Brock & Chambers St

Mrs. James Constable, Seaforth, Ont., writes:—"Ever since I can remember I have suffered from weak action of the heart. For some time past it grew constantly worse. I frequently had sharp pains under my heart that I was fearful if I drew a long breath it would cause death. In going up-stairs I had to stop to rest and regain breath. When my children made a noise while playing I would be so overcome with nervousness and weakness that I could not do anything and had to sit down to regain composure. My limbs were unnaturally cold and I was subject to nervous headaches and dizziness. My memory became uncertain and sleep deserted me.

Weak Heart Action and Nervousness.

"I have been taking Milburn's Heart and Nerve Pills, which I got at Mr. Fear's drug store, and as a result am very much better. I have improved in health and strength rapidly since commencing this treatment. The blessing of sleep is restored to me. My heart is much stronger, and the oppressive sensation has vanished. I can now go up-stairs without stopping and with the greatest of ease, and I no longer suffer from dizziness or headache. It seems to me the circulation of my blood has become normal, thereby removing the coldness from my limbs. I can truly say that Milburn's Heart and Nerve Pills have done me a world of good."

Mr. A. D. Wilson, of Clearwater, Man., is emphatic in his statements regarding this remedy. It has cured him completely and he does not hesitate to give a history of his case for the benefit of his fellow sufferers. This is what he says:

"I can recommend Milburn's Heart and Nerve Pills as the best thing I know of for weak and nervous people. When I first commenced taking them I was in an extremely weak condition. I was nervous and easily startled, sometimes I would start in my sleep and it would be a long time before I could get asleep again.

Shortness of Breath and Dizziness.

"Shortness of breath and dizzy spells would come over me at times and often I thought that my end was near.

"Milburn's Heart and Nerve Pills have changed all that. They have strengthened my nerves and built up my health so that I am a new man. I consider them simply wonderful."

Milburn's Heart and Nerve Pills are 50c. a box, or 3 for $1.25, at all druggists, or sent by mail. T. Milburn & Co., Toronto, Ont.

NEAT JOB PRINTING AND BOOKBINDING DONE CHEAPLY AT THE EXAMINER OFFICE

Women's Worst Enemy

Some hesitate before giving an answer, but those who know best will immediately say HEADACHE.

Thousands of women live in misery day after day, and week after week, suffering untold agony from these dreadful headaches. Husbands are disheartened, children neglected, and happy homes ruined. Most women strive to bear in patience the suffering which they consider part of life without looking into the cause or searching for relief. Food cannot digest without the bile which the liver supplies and hence the necessity of keeping the liver in good working order. To cure the headaches you must cure the liver and thus remove the cause of disease.

Dr. Chase spent years of his life in perfecting a medicine which acts directly on the kidneys and liver. Thousands of grateful women have testified during the past ten years to the effectiveness of this remedy for sick headaches. Many a home has been restored to happiness as a result.

Dr. Chase's Kidney-Liver Pills, the greatest discovery of this great scientist, are put up to sell at 25 cents per box. All dealers.

THE SHAVERS' IDEAL

BALANCED HANDLES.

FAULTLESS GRINDING.

HER LOOK.

Time may set his fingers there,
Fix the smiles that curve about
Her winsome mouth, and touch her hair.
Put the curves of youth to rout,
But the "something" God put there,
That which drew me to her first,
Not the traps of pain and care,
Not all sorrow's fiends accurst,
Can kill the look that God put there—

Something beautiful and rare,
Nothing common can destroy,
Not all the leaden load of care,
Not all the dross of earth's alloy.
Better than all fame or gold,
True as only God's own truth,
It is something all hearts hold
Who have loved once in their youth.

That sweet look her face doth hold
Thus will ever be to me;
Joy may all her pinions fold,
Care may come and misery;
Through the days of murk and shine,
Though the roads be foul or fair,
I will see through love's glad eye
That sweet look that God put there.
—W. W. Campbell in Chambers' Journal.

THE LOST VIRGIL.

The trainboy entered the car. "New monthly magazines! This week's comic papers—Puck, Judge, Owl"—

The boy was just passing on when his glance fell on a worn, dog eared copy of Virgil, which the schoolboy in the seat in front of me was busily studying. The trainboy stopped. "Say, young feller, will you let me see that Virgil a minute?"

The schoolboy looked up with some surprise, but silently handed over the book. The trainboy turned the leaves quickly till he came to the last few pages, which he looked at more carefully; then he passed the book to its owner with a disappointed air. "Thanks, 'tain't the one." He went on his way through the car. "New monthly magazines! This week's comic papers—Puck, Judge"—

At the next station the schoolboy left the train. A few minutes later the boy with the papers entered the car again. As he was passing my seat I stopped him. "Will you tell me why you wanted to look at the Virgil?" I asked.

"I thought it looked like a second-hand copy," said the trainboy, "and I never can see a copy of Virgil without wanting to know if it could be the one I used to have. I'd give a good deal to get hold of one I lost."

"How is that?" I asked.

The boy hesitated. "Well, it's 15 minutes to the next station. I shall have time to tell you about it if you care to hear it."

He sat down beside me. "If I could get my old Virgil," he said slowly, "in the same condition it was when I lost it, it would be worth $50,000 to me."

He paused a moment to note the effect of his words. The commercial traveler in the seat across the aisle laid down his magazine and began to listen. I silently offered the boy a cigar.

"Thanks," he said: "I'll smoke it later."

Then he began his story:

"Three years ago I was at a boarding school in Connecticut, and Uncle Sandham was paying the bills. He wasn't really my uncle—wasn't any relation at all, in fact, worse luck—but ever since my father and mother died he had sent me to school, paid all the bills and given me plenty of pocket money. Uncle Sandham, as he liked to have me call him, was a rich old bachelor, who spent most of his time traveling. I guess he must have been a kind of queer chap. He told me once that he was a bachelor because my mother had said 'No' to him 20 years before.

"Well, one day in March three years ago Uncle Sandham turned up at my boarding school, told me he was going to be in Boston for a few days, and I might have a week's vacation and come up with him. I had been getting very low marks in my studies for some time, and the principal of the school made it a condition of my being allowed the vacation that I should work out a number of problems in algebra and do a certain number of pages of Virgil during the week.

"Well, coming up in the train, Uncle Sandham talked with me for awhile and then went into the smoking car. I got out my Virgil and began to work at it. I had promised to do a certain number of pages, and I knew that my uncle would insist on my doing it, so I thought I'd get some of it done on the train and so have more time to myself in Boston. After half an hour or so I got tired of it and went into the smoking car to find my uncle. He was swapping yarns with two drummers. Pretty soon they began to talk of a great will case that was in the papers that day. Some disappointed heirs of a millionaire had contested his will, and it had been set aside.

"'I tell you,' said my uncle, puffing at his cigar, 'there isn't much use nowadays in a man's making his will. If any of his relatives or step relatives are dissatisfied with their share, all they have to do is to break the will. Any respectable lawyer ought to be able to draw up a will that no one could break.'

"My uncle went on smoking. 'I've never made a will,' he said—'there's plenty of time for that yet—but when I do I think I shall be able to do it without calling in any fool of a lawyer. It won't take long to write my will. I mean to leave all I have to that boy there,' nodding at me; 'that is—if he behaves himself.'

"He puffed at his cigar for a few moments in silence and then said, 'Just to show how easy it is, I'll write a will now.' He took a fountain pen from his pocket. 'Let me have your book, Sandy.'

"I handed over the Virgil, and my uncle, turning over to one of the back fly leaves, wrote a few lines. 'There!' he said. 'I think that will would stand.' He read it aloud. As nearly as I remember it, it was worded like this:

'March 17, 18—

"I hereby give, devise and bequeath everything of which I die possessed, both real estate and personal, to Alexander Sandham Schwarzenberg, son of the late John and Rachel Schwarzenberg. ALEXANDER SANDHAM.

"'There!' said my uncle, passing the book to one of the drummers. 'Do you see anything the matter with that?'

"'That's no good!' said the drummer.

"'It isn't?' said Uncle Sandham. 'I'd like to know why it isn't!'

"'It isn't witnessed,' replied the commercial traveler.

"'Oh!' said my uncle. 'Well, you two fellows just put your names down as witnesses.'

"They did so with some joking, and then my uncle called a brakeman who was sitting near and who had heard the talk. 'Just put your name down there, Johnnie,' he said. 'We might as well do the thing in style and have three witnesses.'

"The brakeman signed his name, and then Uncle Sandham, closing the book, handed it over to me. 'Take care of that, Sandy, my boy,' he said. 'There's your fortune in a Virgil.'

"The drummers began swapping yarns again. After awhile the smoke in the car began to make me sick. I was only a kid then, you know, and wasn't used to it. Well, I got up to go in one of the forward cars. The smoking car was the last on the train. It was snowing, raining and hailing by turns, and the wind was blowing a gale. As I crossed the platforms from one car to another my foot slipped on the icy boards, and a great gust of wind carried away my hat and nearly made me lose my balance. I threw up my arms to save myself and the Virgil slipped from my hand and disappeared beside the track. I was afraid of what my uncle would say when I told him of my carelessness. So I went forward into the farthest car from the smoker and sat down in a corner."

The boy stopped as if that were the end of his story and idly rolled the cigar in his fingers.

"Well," said I, "go on. Was your uncle so angry that he disinherited you?"

"No," replied the boy slowly. "I hadn't been in the forward car 20 minutes when there was a terrific crash that smashed the windows and threw me against the seat in front.

"An express train had come up behind us and smashed into us, telescoping the two rear cars. Uncle Sandham and the two drummers were among the killed. The brakeman who had signed the will escaped with only slight injuries."

"Well," I said, "that is quite a yarn."

"The day after the funeral," the trainboy went on, "I went back to the nearest town to the place where the book had been lost and walked up and down the track for miles looking for it."

"You never found it?" I asked.

"No, but three months later I was there again, and I could not help looking along the side of the track as I walked, although of course I didn't really expect to find it. I met a small boy, who asked me what I was looking for. I asked him if he had ever heard of any one who had found a book near there. He said 'Yes,' he knew a boy who had found one there early in the spring. I gave him a quarter and made him take me at once to the boy's house. The boy was at school, but I saw his mother. She said yes, Tommy had found a book beside the track, a queer book that none of them could read. I asked her if she would let me see it. She said she had sold it to a peddler for paper rags a day or two after it was found. She had never seen the peddler since, and I was never able to trace him. The book may have been used up in some paper mill, or it may possibly have found its way to some secondhand bookstore. I never pass a secondhand bookstore without going in to ask if they have an old copy of Virgil.

"Uncle Sandham had left no other will. He had never legally adopted me, so I had no legal claim on his money. It was divided up among some cousins whom he had not seen for years.

"The brakeman who had witnessed the will got me the place to sell papers on the cars."

Just then the train stopped at a station, and a number of passengers got on.

"I must go through the cars again," said the boy. He picked up his pile of magazines and went off. "New monthly magazines! This week's comic papers!"

I looked at the commercial traveler across the aisle. "Do you suppose it's true?" I asked.

"Give it up," he replied. "If it's fiction, that boy will be writing for the magazines some day instead of selling them." Then he opened his book and buried himself in its pages.—I. Kenniston in Owl.

Health and Happiness in place of Declining Vitality

Shakespeare's Name.

It has often been a puzzle to students of Shakespeare why his name is spelled in so many different ways. Shakespeare himself is said to have signed his name on different occasions "Shakspeare" and "Shakespere," and learned disquisitions have been written to prove which is the proper spelling. None perhaps was more amusing than the "weather" reason given in 1851 by Albert Smith, who averred that he had found it in the Harleian MSS. It was as follows:

How dyd Shakespeare spell hys name?
Ye weatherre mayde ye change, we saye,
So write it as ye please:
When ye sonne shone he mayde hys A,
When wette he took hys E'es.

D'WARDS BLOOD & NERVE PILLS

D'WARDS BLOOD & NERVE PILLS

READ THE PROOF!

GENTLEMEN,—I have for a long time needed something to make blood and build up my system. My blood was watery and thin, lacking strength and vitality. Last January a friend said:—"Why not try Dr. Ward's Blood and Nerve Pills? They will supply the oxygen your blood needs and give you health and strength." I told him I was very skeptical as to any benefit that could be derived from any proprietary medicine and had no faith in them. There the matter rested until four months ago, when reading so much about what Dr. Ward's Blood and Nerve Pills have done for so many people with impoverished blood, I concluded to give them a trial. I have taken four boxes and my unbelief so far as Dr. Ward's Blood and Nerve Pills are concerned has been entirely removed. They are a splendid blood builder and strength restorer, and an invaluable medicine for weak, enervated people. This has been my experience, they having given me strength of body and strong healthy blood.

(Signed), PETER LAWRENCE WHYTE,

FRANCE.

The name of the new president of France is pronounced as though it were spelled "Loobay."—Nashville Banner.

The French republic has again baffled the widespread desire in Europe to predict its death and attend its funeral.—Philadelphia Press.

There is another humane thing in the French form of government. They don't incarcerate a man in the vice presidency over there.—Washington Post.

If France ever hopes to enjoy the respect of the great bulk of civilization some day, she will elect a president with a name like Smith or Jones, so the newspaper reader can pronounce it without a day or two for practice.—Pittsburg Times.

President Loubet speaks of "the sang froid and dignity" of France in her difficulties. President Loubet seems to be an accomplished statesman, fully equal to throwing a bouquet every time France throws a fit.—Louisville Courier-Journal.

Overheard at a Wedding.

"Here she comes."
"Pretty, isn't she?"
"Who made her dress?"
"Is it surah silk or sitin?"
"Is her veil real lace?"
"She's as white as the wall."
"Wonder how much he is worth?"
"Isn't she cool?"
"That train's a horrible shape."
"Aren't the bridesmaids plain?"
"Hasn't she a nice little hand?"
"Wonder what number her gloves are?"
"They say her shoes are fives."
"If his hair isn't parted in the middle!"
"Wonder what she married him for?"
"For his money, of course!"
"Isn't he handsome?"
"He looks like a circus clown."
"No, he's a dancing master."
"Good enough for her anyway."
"She always was so stuck up."
"She'll be worse than ever now."
"She jilted John Hall or somebody, didn't she?"
"He's left town anyhow."
"Isn't he awkward?"
"White as his collar."
"Why don't they hurry up?"
"Did she say she would obey?"
"Oh, there, they are married!"
"Tired to death!"
"Glad it's over!"
"Oh, dear!"—Illustrated American.

Special Announcement.

Following our decision to remain permanently in Peterborough, we beg to announce that Mr. Thos. Barrie who has been in our employment for the last seventeen years has been admitted to the firm as a partner in the Peterborough business. The steady growth and expansion of our business, both in Peterborough and Toronto, has enabled us to make the above change and we feel that in doing so we will be in a better position to serve the public than ever before. The name and style of the firm will remain the same. We solicit for the future a continuance of the liberal patronage that has been ours in the past.

STREET CAR SERVICE TO BE DISCUSSED.

Continued From First Page.)

station, instead of the call bell that was in the Chief's office.

2. That James Dolan be permitted to use his five billiard tables to May 1st, 1899 on condition that he surrenders the licenses he holds for two of the tables, which expire on Sept. 1st next.

3. Your committee cannot recommend that Mr. F. W. Miller's request for an increase of salary be granted.

All of which is respectfully submitted.
JOHN CORKERY, Chairman.

COMMITTEE OF THE WHOLE

reported through Ald. McWilliams as appended:

1. That your committee instructed Mr T S Hoy, town engineer, to act with Mr. Henderson, appointed by the Peterborough Water Company, and make a valuation of the waterworks, and appointed Mr J E Belcher to assist Mr. Hay on behalf of the town, Mr Belcher's fees not to exceed $50. It was understood that the rights of the parties would not be prejudiced by this valuation.

2. Your committee recommend that on Mr H P Kennedy or the Company he is representing, purchasing a suitable lot for a cattle market and spending $1,000 in making improvements on the lot, the town exempt the land free from taxation for ten years, furnish one electric light one hydrant and give $100 for the present year.

3. Your committee sent a deputation to Toronto in regard to legislation, and recommend that the expenses be paid on the certificate of the Mayor.

All of which is respectfully submitted.
J B McWILLIAMS, Chairman.

Moved by Ald. McWilliams and Neill, that the report be adopted.

Moved in amendment by Ald. Best and Sawers, that clause 2 be struck out.

The amendment was lost.

On motion of Ald. Langford and McWilliams, the clause in question was referred to the Committee of Whole Council.

The report was then adopted as amended.

THE FIRE, WATER AND LIGHT

Committee reported as follows, through its chairman, Ald Langford:—

1. Your Committee recommend that 200 feet of fire hose, one branch nozzle, and a suction hose for the fire steamer be purchased.

2. Acting on the authority given by the Council, your Committee has dispensed with the services of E. Lawrence as driver, and John McFarlane is at present temporarily filling the vacant place, to be paid at the rate of $350 per year from April 1st,

All of which is respectfully submitted.
WM. LANGFORD, Chairman.

Chairman Davidson, of the Board of Works, reported verbally to the effect that he had asked Mr. S. Belcher, former town engineer, if he could complete the measurement of the sewers for assessment purposes by May 1st. Mr. Belcher had stated that he could not do it by then, and would not promise it by June 1st. Under these circumstances Ald. Davidson had informed Mr. Belcher that his services would not be needed, and he asked permission of the council to appoint a man to assist Mr. T. A. S. Hay in doing the work. The required permission was given. The assistant will do the clerical work in connection with ascertaining the proportionate cost of the sewers for the ratepayers benefitted.

On motion of Ald. Sawers and Corkery, the Property, Health and Market Committee was authorized to advertise for tenders for a nuisance ground and award the contract for the same.—Carried.

THE BATTALION BAND.

A deputation was received from the 57th Battalion Band. Lt.-Col. Bell addressed the council, asking for an increase in the regular grant to the band. He explained that the organization was reaching a high state of efficiency under the direction of Bandmaster Gliddon, whose service had been secured at considerable expense. This expense could not be all borne by the battalion and the assistance of the council was therefore solicited. The Colonel explained, further, that the band concerts in the park this summer would be much more enjoyable than formerly, as the organization was now under the direct control of the battalion and every man would turn out when requested to do so. The result of the change of management would be that there would be twenty-five or thirty bandsmen participating in the park concerts instead of the ten or twelve, as formerly. It was also proposed to continue the concerts through the winter.

Mr. Crowe, president of the band, and Capt. J. W. Miller also spoke.

The matter was referred to the Finance Committee.

Moved by Ald. Denne and Hall that the Board of Works be authorized to ask for tenders for street watering for this season, and also for tenders for lumber and other material required for streets and sidewalks, and report to the council. Carried.

MORE GRANOLITHIC PAVEMENTS.

The Board of Works will meet on Tuesday night of next week to decide upon what streets granolithic pavements will be constructed. The ratepayers wishing such sidewalks constructed are requested to attend the meeting which will be held in the Council Chamber.

Ald. Davidson read a letter from Mr. Henry Owens, in which he offered to sell the site of the old White foundry including the dam across the creek and the pond. Ald. Davidson stated that the pond had long been an eye-sore in the west end, and was also detrimental to the health of the locality. His connection with the Nicholls Hospital enabled him to state that a number of cases of typhoid fever had been sent to the hospital from the neighborhood.

The question of purchasing the property was referred to the Finance Committee to consider.

Ald. Best and Corkery moved that a capable man of experience in constructing macadam roads and cement sidewalks be engaged as foreman under the instructions of the Town Engineer.

Ald. Langford and Neill moved that the question be referred to the Board of Works—Carried.

SECURE THE WATER FRONT.

Moved by Ald. Sawers and Neill, that the matter of securing the water front from the Provincial Government for the town be referred to the Property Committee with power to act, and if necessary to send a deputation to be named by the Mayor—Carried.

Moved by Ald. McWilliams and Sawers, that the directors of the Peterborough & Ashburnham Street Railway Co. be requested to meet a committee of the council on Friday afternoon next.—Carried.

Ald. McWilliams in speaking to his motion, drew attention to the state of affairs as existing between the town and the street railway, and urged that at the approaching conference a strong effort be made to have the company operate the line in a manner more satisfactory to the citizens.

Moved by Ald. Langford and Neill,—That the Council pay $200 to the Horticultural Society for taking charge of Victoria Park on the condition that the society's tools, etc., be handed over to the Council at the end of the year.—Carried.

Ald. Best inquired of Ald. Sawers as to the disposition of the tenders which were received for a lot for fire hall purposes.

Ald. Sawers stated that he had been waiting for the return of the Mayor before calling the committee together for the purpose of considering them.

Ald. Hall inquired regarding what action was being taken in connection with abating the caterpillar pest.

Ald. Best opposed any action being taken in the matter.

Ald. Neill stated that he had observed hundreds of the "bracelets" on the trees and that the caterpillar's promised to be more numerous than ever before.

Ald. Sawers reported that out of the dozen shears that had been purchased last year only three remained.

Inquiry showed that Mr. James English had been placed in charge of the pruning hooks, and the chairman of the Property Committee was authorized to have the caretaker trace up the missing tools. He was also given power to act in the matter of abating the nuisance.

Ald. Langford reported from the Court of Revision recommending that as the Y.W.C.A. had been re-organized and was now doing the work originally intended, the taxes for the year be remitted.—The report was adopted.

On motion of Ald. Langford and Davidson, the former being chairman of the Park Committee, was authorized to purchase trees for the parks.

The council then adjourned until Friday afternoon at 4 o'clock.

HUMOR CURE

For All Who Suffer from Skin and Scalp Humors.

To successfully treat torturing and disfiguring humors of the blood, skin, and scalp, with loss of hair, requires a humor cure, and such is CUTICURA RESOLVENT, greatest of blood purifiers and humor expelling remedies.

Cuticura Resolvent

Extends its purifying influence by means of the pores to the surface of the skin, allaying irritation, inflammation, itching, and burning, and soothing and healing external humors, because of its power to neutralise HUMOR-GERMS which float in the blood and circulating fluids. Hence its success in the treatment of distressing humors of the skin, scalp, and blood, with loss of hair, which fail to be permanently cured by external remedies alone.

Cuticura Resolvent

Exerts a gentle but constant influence upon the bowels, liver, and kidneys, purifying the fluids of these organs, and maintaining them in a normal condition of health, thus removing a common cause of yellow, mothy, greasy skin, and more or less of pimples, blotches, and blackheads.

Cuticura Resolvent

Used on every occasion possible, with CUTICURA (ointment) and CUTICURA SOAP, externally, is the readiest means of insuring a speedy, permanent, and economical cure, and realizing that greatest of human blessings, "a skin without blemish and a body nourished with pure blood."

Sold everywhere. Price, 50c. and $1. POTTER D. & C. Corp., Sole Props., Boston. "How to Cure Humors," free

SAVE YOUR SKIN Hands and Hair by using CUTICURA SOAP.

PERSONAL

Mrs. Thos. Beagley, of Ashburnham, have left Tuesday morning for Winnipeg, Man.

Rev. W. R. Young, of Port Hope, was in town last night attending the sacred concert.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—Hiawatha Encampment meets to night.

—George street church rehearsal tomorrow (Thursday) evening at 8 o'clock.

—The directors of the Toronto Rubber Company have decided to rebuild their factory at Port Dalhousie.

The best Japan Tea in Peterborough for the money—25 cts. per lb, or 5 lbs for $1. The Spot Cash.

—Free Cigars—I will give one "Rose Queen" Cigar to any cigar smoker who will call at 436 George street, Thursday, April 6th, between 3 and 4 p.m. This is to advertise this cigar, hence the Free Gift.—W. J. MORGAN.

—Mr. Geo. Hay, of Campbellford, has been appointed bailiff of the Eleventh Division Court of Northumberland and Durham.

To all who find themselves with health gradually slipping away, kidney and liver so disorganized that they are incapable of keeping the system free from poisonous waste material, stomach disordered, bowels constipated, head aching, back paining, take Dr. Chase's Kidney-Liver Pills. The quick way they help you back to health will surprise you.

Steeple Clock Dials.

Difficulty is experienced in accurately reading the time of elevated clocks on account of the distance between the minute hand and the figures. Seen from below, the apparent reading may be a minute or two wrong when the hand is not at 12 or 6 on account of this distance. The perspective throws the hand out of position and gives it an apparent upward position. On the first quarter this makes the reading slow, on the last quarter fast. A proposed method of correcting this is to make the clock face concave so that the tip of the hand will almost graze the figures. Then the time can be accurately read from below.

A Trick of Style.

A woman who declares she cannot afford to buy bound books invested in a Russia leather book cover the other day. It has pockets at the ends into which to slip the covers of the books one is reading. It is very handsome, and it cost $5.

When she wraps all this gorgeousness around a 10 cent copy of "Lorna Doone" or a 25 cent edition of "Pendennis," she is placid, happy and unashamed and doesn't think she was extravagant.—New York Commercial Advertiser.

Asthma Cure vs. Asthma Relief.

It is a recognized fact among those suffering from asthma that the longer they use the temporary relief asthma remedies which require to be burned, the worse they become, until it loses its effect entirely. Clarke's Kola Compound is not among this class, but will permanently cure the worst case of asthma in from 60 to 90 days. Mr. F. J. Painton, proprietor of Painton's Music Store, Vancouver, B.C., writes: "I have been a great sufferer from asthma in its worst form for over 15 years, and had consulted many physicians both in England and Canada, but obtained no relief. A friend of mine who had been cured by the Kola Compound advised me to try it, and three bottles have entirely cured me; it is now over two years ago since my recovery and asthma has not troubled me since; and previous to taking Clarke's Kola Compound I have many nights had to sit up nearly all night. It is truly a wonderful remedy, and it affords me much pleasure in attesting my appreciation of anything so worthy." Clarke's Kola Compound is sold by Osmond & Walsh, druggists, Peterborough. Free sample bottle sent to any person. Mention this paper. Address, The Griffiths & Macphe son 121 Church street, Toronto, or Vancouver, B. C., sole Canadian agents.

MARRIED.

Interesting Items of Local and General Interest.

LACROSSE.

The Ottawa papers state that "Scow" Devine, the Capitals' great defence man, will leave town in a couple of days having secured a good situation in Peterborough.

A Boon for Catarrh Victims.

We offer our readers a new remedy for catarrh, bronchitis, irritable throat, colds in the head, droppings in the throat, and kindred affections in Catarrhozone. There is no mystery about it, but the effect is magical. Ointments, washes, and snuffs cannot reach the diseased parts, and have been proved worse than useless, but Catarrhozone is carried directly by air to the diseased parts, and is like a breeze from the pine woods. Outfit $1.00. Send 10 cents for sample bottle and inhaler.

N. C. Polson & Co., Kingston, Ont.

Acknowledgment.

The committee of management of the Peterborough Protestant Home gratefully acknowledge the following donations for the month of March. Mr. J H Bell, milk; Mrs. McGill, Toronto papers; Mrs. Brooks men's clothing; Mr. E Mason, bread; Mr. Stock, five dozen cross-buns; Mrs. J B McWilliams, clothing.

For an Appetiser.

Drink a glass or a bottle (according to your capacity) of Copland's Ale or Porter, about half an hour before each meal.

Both are healthful aids to digestion. Pure ale is good for you; bad beer is unhealthful.

Kept in fine condition and an even, cool temperature in our cellars.

HENRY & Co.

Silver Plating.

Silver plating neatly, promptly and cheaply done by the Peterborough Lock Manufacturing Company. Ladies' look over your silverware and when you have forks, knives, spoons or any pieces of silverware tarnished or plate worn off, bring it to us and have it nicely done over and made as good as new.—The Peterborough Lock Company. d

Great Excitement in Peterborough over an Agreement.

Peterborough, March 13th, 1899.

We, the undersigned, will sell Smith's Rheumatic and Kidney Cure on the guarantee of the proprietor that six bottles will cure any case of Rheumatism. And we also sell Smith's Cough Syrup and Grip Killer with the proprietor's guarantee that one bottle will cure any case of Cough or Grip, and in case of these remedies failing to help, the money will be refunded.

EXCHANGING NOTES.

The Progress Being Made in the Samoan Negotiations.

THE JAMAICAN TARIFF BILL.

Ugly Rumors About the Atbara Bridge Contract—The Pope Somewhat Better—The Reception Given the American Proclamation in the Philippines — Bombardment of Dagupan—Cable News.

Washington, April 6.—The Samoan agreement for a high commission has progressed to a point where the three Governments are exchanging notes as to the members of the commission.

The Samoan Negotiations.

Berlin, April 6.—The negotiations between the German Minister of Foreign Affairs, Baron von Buslow, the United States ambassador, Mr. Andrew D. White, and the British ambassador, Sir Frank C. Lascelles, continue. The representative of Great Britain still favors the majority rule within the proposed Samoan investigation commission; Germany wants unanimity, according to the Berlin Act, and the United States acquiesces.

THE JAMAICAN TROUBLE.

Tariff Bill Forced Through Against Wishes of Elected Representatives.

Kingston, Ja., April 6.—Sir Augustus Hemming, the Governor, and the Representatives have failed to reach the hoped-for compromise on the critical issues that have been pending for several weeks. The Governor declined to withdraw the additional official members, and the tariff bill was forced through. The Representatives then entered a unanimous protest, and it is thought that this will fire the movement to join the Leeward Islands and to demand annexation to the United States. Thus far no sensational popular demonstrations against the Government's attitude are reported.

THE ATBARA BRIDGE.

British Firms Still Claim That the United States Builders Were Given an Advantage.

London, April 6.—The fact that the contract to build the bridge over the Atbara River, a branch of the Nile, has been awarded to a Philadelphia firm, continues to cause a great impression here, and The Evening News yesterday afternoon refers to the matter as an "Egyptian War Office scandal," characterizes the whole transaction as a "scandalous story," and declares the specifications were altered in favor of the American contractors, adding: "It is only explicable if one remembers the habitual animosity shown by the Khedive and his Government to their habitual protectors. If the bitter antipathy to British engineers revealed in these proceedings cannot be traced to the Khedive, and is the result of foolish and unpatriotic prejudice on the part of his English advisors, the sooner these advisors are brought to book the better."

The same paper published an interview with Dr. Westwood of the firm of Westwood & Rigby, the English contractors, in reply to a cabled interview with Mr. Roberts of the Penoyd Bridge Works, in which Mr. Westwood declared the Egyptian War Office altered the decision of the Atbara bridge commission to suit the Americans, while it did not give the British firms the same chance.

The British tenderers, Mr. Westwood explained, were higher, because special girders were required, which were dropped in the case of the Americans, who were allowed to supply a pin bridge, which good English engineers have debarred, because it makes a weak bridge.

THE POPE ABLE TO BE UP.

The Danger From His Fainting Fits Has Been Exaggerated.

London, April 6.—The Rome correspondent of The Daily Chronicle says: "The Pope is able to be up and about, but he cannot do his customary work; and the Vatican routine has to be executed without personal reference to him.

"The danger from his fainting fits has been exaggerated, and the real cause of anxiety is his inability to take sufficient nourishment. His Holiness may keep going so long as there is no extra pressure upon him, but his life will hang by a slender thread unless he gathers strength with the returning spring."

Received American Prelates.

Rome, April 6.—The Pope yesterday received in audience the Bishop of Duluth, the Right Rev. James McGoldrick, and the Bishop of Winona, the Right Rev. David B. Cotter.

Drs. Lapponi and Mazzoni have issued another formal denial of the disquieting stories circulated about the Pope's health.

THE PROCLAMATION POSTED.

How the American Document to the Filipinos Is Generally Received.

Manila, April 6.—The proclamation of the United States Philippine commission was posted in the streets, printed in English, Spanish and Tagolog. It was distributed in the outside towns, as far as Malolos, and has been received with marked attention by the natives generally, and has been approved by a number of representative Manilans.

English bankers here who have been interviewed on the subject are optimistic upon the attitude of the Americans, assuming that it indicates that the decisive policy will undoubtedly be successful.

The editor of Oceania thinks the proclamation is the most politic document ever published in the Philippine Islands, and that it is bound to convince the wavering of the folly of further hostilities.

An English merchant says the first clause with reference to the establishment and maintenance of American sovereignty, and warning the rebels, should settle the question in the mind of every thinking Filipino.

A Scotch shipowner thinks it does not leave any further doubt as to the policy of the United States, and that, consequently, Aguinaldo must submit to the inevitable, as the continuance of hostilities is opposed to the best interests of the Filipinos.

There were persistent rumors yesterday that Aguinaldo, the insurgent leader, had been supplanted in the control of Filipino affairs by General Antonio Luna, commander-in-chief of the Filipino forces. Luna is described as being a typical belligerent.

Bombardment of Dagupan.

Manila, April 6.—(10.45 a.m.)—The United States cruiser Charleston, which has been cruising along the west coast of Luzon to the north, sent a boat in shore near Dagupan last Saturday to make soundings. The rebels opened fire, wounding a United States officer. The cruiser thereupon bombarded the town, the insurgents evacuating it.

Killed 184; Wounded 976.

Washington, April 6.—The casualties in the Philippines from Feb. 4 to April 4, 1899, inclusive, as reported to the Adjutant-General, are: Killed, 184; wounded, 976; total, 1,160.

Sick Soldiers on the Way Home.

Washington, April 6.—Gen. Otis has cabled the War Department that the transport Sherman has left Manila with 100 wounded soldiers, which included all that were able to be sent home at that time.

WHO WROTE THE BORDEREAU?

Figaro and Voltaire Publish More Evidence in Dreyfus Case.

Paris, April 6.—The Figaro yesterday gives the remainder of Gen. Roget's testimony before the Court of Cassation. Ten columns are devoted to Gen. Roget's effort to show that Esterhazy could not have written the bordereau.

Roget declared that the veiled woman in the Dreyfus case was none other than Col. Du Paty de Clam.

The Voltaire, emulating The Figaro, publishes yesterday an instalment of Dreyfus evidence, in the shape of some Foreign Office documents, in which it is set forth that the Foreign Office received several official denials from Col. Schwartzkoppen, the former German military attache here, and from the Italian Government, emphatically denying they had relations with Dreyfus.

The documents published by The Voltaire also show the French Foreign Office intercepted a coded telegram addressed by Col. Panizzardi, the former military attache at Paris, to his Government, showing that he did not know Dreyfus.

A Conundrum.

When her husband ate the bread she had made, her joy was for the moment complete, but presently there gathered the inevitable cloud of doubt. "Is it because he loves me," she asked herself, "or is it so keep me from making bread pudding?"

Not in the inscrutable face of the man could she an answer find.—Detroit Journal.

THE NEW ARCHBISHOP

Bishop O'Connor Appointed by the Holy See.

A SPLENDID LIFE RECORD.

The Most Rev. Gentleman Early Distinguished Himself, and Continued to Add to His Fame and Usefulness by Hard and Diligent Work in His Chosen Calling—Installation in May.

Toronto, April 6.—The following official letter, announcing the appointment of the Bishop of London to the vacant Archbishopric of Toronto, in succession to the late Archbishop Walsh, was issued yesterday:

St. Michael's Palace, April 5, 1899.

It will be learned with pleasure that the new Archbishop of Toronto has been chosen by the Holy See.

I am authorized to state that the Most Rev. Denis O'Connor, D. D., Bishop of London, received his official appointment as Archbishop of Toronto last week. The installation will take place in St. Michael's Cathedral probably the first week in May. Due notice will be given of the precise date of this imposing ceremony.

In the meantime the Very Rev. Administrator will continue to look after the affairs of the archdiocese.

The "Te Deum" will be sung after the late mass on next Sunday in all the city churches as a thanksgiving to the Almighty.

Jos. J. McCann,
Administrator Archdiocese of Toronto.

Archbishop O'Connor's Career.

He was born March 28, 1841, in Hedley, County of Ontario, a village boasting but a postoffice and a blacksmith's shop. But he had a father and a mother of true Irish stock, who matured their child in the true principles of the church, and pointed out to him his future high calling. The old village school where he was taught his letters is still standing. But when only 11 years old he was sent to St. Michael's College and became its first resident student. He graduated, spent two years studying in France, and returned to become a professor in his alma mater in 1860. In 1863 he was ordained to the priesthood.

Before he was 30, by reason of his talent for business and direction, he was appointed Superior of Assumption College in Sandwich. He caused to be erected in that town one of the finest educational buildings in western Ontario, and the number of students under his care increased 500 per cent. in less than 20 years. Priests and people gathered to the college on Oct. 9, 1888, when it was announced that by authorization from Rome the title of Doctor of Philosophy was to be conferred upon the then Father O'Connor, in acknowledgement of high ability and eminent services.

When Bishop Walsh was called to Toronto to take charge of the Archiepiscopal See, the announcement of the appointment of Father O'Connor as his successor in London, was hailed as an admirable one, just as now the latest appointment of the holy father is considered the best and fittest.

If genius is the capacity for hard work, then Archbishop O'Connor bears the mark. His whole life attests the fact. He is a brilliant scholar, which, together with an indomitable will, inspired and directed by a deeply religious nature, may point to the reason of his rapid and uninterrupted advance.

Installed May 3.

About 12 priests of the diocese gathered last night, under the supervision of Vicar-General McCann, to arrange the ceremonies concerning the coming of Archbishop O'Connor.

The arrangements so far made are: The Archbishop will be installed on May 3. There will be a high mass in St. Michael's Cathedral at 10.30 a.m., after which the presentation of the address from the clergy and the people will be made. The Archbishop will make a suitable reply and the ceremony will be concluded.

PROMOTERS OF SHOOTING.

32nd Annual Meeting of the Dominion Rifle Association.

Ottawa, April 6.—The 32nd annual meeting of the Dominion Rifle Association was held in the railway committee room of the House of Commons yesterday morning, Lieut.-Col. Hon. J. M. Gibson presiding. His Excellency, Lord Minto, attended by Major Drummond and Capt. Lascelles, was present. Col. Gibson, Lieut.-Col. Sam Hughes and Major McKay welcomed Lord Minto, who made a felicitous reply.

Lieut.-Col. Starke, seconded by Lieut.-Col. Bruce, moved a vote of thanks to the Government for their generous vote.

Sir Louis Davies was a little startled at the seductive appeal made by Lieut.-Col. Gibson, but found no demands had been made except one of continued financial support. The vote had always been made year after year, without reference to party.

Sir Charles Tupper had great pleasure in associating himself with the statement just made by Sir Louis Davies, that in questions of this vital importance they know no party. Both sides united in doing their duty to their country.

A vote of thanks to Dr. Borden was given on the motion of Col. Prior, seconded by Col. Sherwood. In seconding the motion, he urged a larger militia vote.

Col. Gibson, in putting the motion, said he understood that $500,000 more was to be voted to the militia this year. No better service could be done this country than to increase the vote from $1,500,000 to $2,000,000.

After votes of thanks to the prize-givers, a resolution welcoming Major-General Hutton, and his reply, the election of officers resulted as follows:

Officers Elected.

President—Lieut.-Col. Gibson, on the nomination of His Excellency, seconded by Sir Louis Davies.

Vice-Presidents—Ontario, Lieut.-Col. S. Hughes; Quebec, Hon. R. R. Dobell; Nova Scotia, Lieut.-Col. C. J. Macdonald; New Brunswick, Lieut.-Col. E. C. Beer; Manitoba, Capt. H. C. Macdonald; British Columbia, Lieut.-Col. E. G. Prior; Prince Edward Island, Lieut.-Col. John Longworth.

J. SUTCLIFFE & SONS,

R. H. KELLS & CO'S. OLD STAND.

"Hail, Spring's First Born Flowers."

How welcome they are, these new blooming blossoms. They are purity personified, these bits of life, with their bursting buds, joyous in their first sight of Spring. There are no impurities about them.

Humanity, however, continues to have its troubles, most of which can be traced to impure blood.

But humanity rests more contented now, for it knows that Hood's Sarsaparilla, the wonderful blood cleanser, never disappoints. You need it today.

Severe Pains—"I had severe pains in my stomach, a form of neuralgia. My mother urged me to take Hood's Sarsaparilla and it made me well and strong. I have also given it to my baby with satisfactory results. I am glad to recommend Hood's Sarsaparilla to others." MRS. JOHN LA PAGE, 240 Church St., Toronto, Ont.

Complete Exhaustion—"After treatment in hospital, I was weak, hardly able to walk. My blood was thin. I took Hood's Sarsaparilla until well and gained 20 lbs. It also benefited my wife." ARTHUR MILLS, Dresden, Ont.

Rheumatism—"I had acute rheumatism in my limb and foot. I commenced treatment with Hood's Sarsaparilla and Hood's Pills and in a short time was cured." WILLIAM HASKETT, Brantford, Ont.

Scrofula—"I was troubled with scrofula and impure blood. A cut on my arm would not heal. Hood's Sarsaparilla was recommended and after I had taken three bottles I was well." DANIEL ROBINSON, 82½ Treasley Street, Toronto, Ont.

Dyspepsia—"I was weak and had fainting spells. Dyspepsia and indigestion in severe form troubled me. Five bottles of Hood's Sarsaparilla made me well and strong." MRS. WILLIAM VANVALKENBURGH, Whitby, Ont.

Sick Headache—"I am now 22. Since I was 8 years old I suffered constantly with impure blood, biliousness and sick headaches until I took Hood's Sarsaparilla by doctor's advice. I owe my life to it." ELVIRA A. RUMBILL, Claremont, N. H.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

THURSDAY, APRIL 6, 1899.

THE TRENT WATERWAY.

The Trent Valley Association in not letting much grass grow under its feet. In addition to the excellent pamphlet and maps published and distributed liberally, its personal influence is being effectively exercised. The appearance of Messrs. Dumble and Carnegie before the Montreal Board of Trade has resulted in bringing the Trent Waterway prominently to the notice of that most influential and deeply concerned body, the Montreal Board of Trade. From the complete reports presented by the Montreal papers it is learned that the project arouses much interest, as was inevitable when it was brought as effectively to the attention of the Board so was done by the Peterborough representatives, and its intrinsic merits as a part of a great transportation scheme realised. The Montreal Star and Witness in addition to giving fairly full reports of the arguments of Messrs. Dumble and Carnegie before the Board, reproduced the maps issued by the Association, both the general and profile maps, This is satisfactory. All this waterway needs to enlist the interest and co-operation of those commercially interested, is to have its merits as a transportation route adequately known, and this the visit of Messrs. Dumble and Carnegie to Montreal has effected in that important quarter.

THE Mail and Empire is showing a good deal of public spirit and enterprise. Within the past few days it has drafted a redestribution bill for the Dominion Government and reorganised the Ontario Cabinet. It will, however, be doing something to the point if it can persuade Sir Hibbert Tupper to spend as many minutes in saying something, as he spent hours in saying nothing, about Yukon affairs.

No court of law would for a moment give attention to a charge of murder preferred against a man who was accused of killing somebody, at some time and some place. And yet Sir Hibbor Tupper expects attention to be paid to charges as indefinite and pointless, made in the House by him in reference to assumed, and, as far as his accusations go, mythical charges in reference to wrongs in the Yukon. He refuses to specify, he refuses to give names, and as far as he is concerned, prevents the investigation, which the Minister of the Interior says he will give to definite, properly formulated charges. In this Sir Hibbert shows that he is not anxious for an investigation, and the inference is fair that his object is to discredit the Government for party purposes, by insinuation. His course is unworthy of an honourable public man. His duty is, if he knows anything of wrong doing, hostile to the interests of the country, to disclose his knowledge, and thus aid the Government in making the investigation it is desirous of making, if there is a scintilla of reality in the indefinite charges of the ex-Minister of Justice, made in his six hours speech.

A Frightful Blunder.

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cents a box. Cure guaranteed. Sold by J. Lynch, Druggist.

Children Cry for
CASTORIA.

LAKEFIELD.

From Our Own Correspondent.

Mr. and Mrs. James Linton spent Sunday in the village, the guest of Mr. T. H. Reesor.

Miss McCallum is spending her Easter holidays at Port Hope.

Miss Cameron is in Lindsay enjoying her Easter vacation.

Miss Alice Sherin is home from Barrie for her Easter holidays.

There were a number of baptisms at the Baptist church on Sunday evening last.

R. Graham & Son have a fine stock of boots and shoes at reasonable prices.

Court Lakefield, C.O.F., holds its regular meeting on Thursday evening of this week.

Mr. and Mrs. John Ray, of Perth, are the guests of Mrs. Wm. Gray.

Mrs. Sid Podger and children, of Perth, are the guests of Mrs. Ridpath.

Mr. and Mrs. Brookes, of Peterborough, have returned to the village for the summer.

Mr. Hickey, of Port Hope, is busy repairing the dredge for the summer's work.

The many friends of Mrs. John Holmes will be pleased to learn that she has recovered from her recent illness.

Capt. Wm. Reynolds is busy preparing the lumber for his new boat, he expects the steel frame from the Bertram Engine Works, Toronto, to arrive this week.

The school re-opens next Monday.

The Council meets next Monday evening.

Mr. George Armour and family have moved to Peterborough.

Mr. W. G. Cox was in Kirkfield spending his Easter holiday.

Miss Effie McWilliams was visiting friends in Peterboroug this week.

Miss Nellie Cox is in Peterborough visiting friends.

Mr. Bickerton Edmison is home for the Easter holidays.

Mrs. D. Gordon and Miss Beatrice are in Peterborough visiting friends.

Miss Jennie Quinn, of Peterborough, spent Good Friday in the village.

Miss Mary Rose, of Peterborough, was visiting friends here on Good Friday.

Rev. John McEwen, of Toronto, is spending a few days as the guest of Mr. J. H. Sherin.

Mr. R. H. Errett of Peterborough, Inspector of Weight and Measures is in the village, regulating the weight and measures of the merchants, and helping to increase the receipts of the Inland Revenue department.

Mr. and Mrs. J. P. Strickland, who have been visiting friends in Toronto, returned home on Tuesday.

Mr Robert Johnson left last week for Manitoba.

A sunrise prayer meeting was held in the Methrdist church on Sunday morning.

At the vestry meeting of St. John the Baptist church, held on Monday evening, the accounts for the year were presented, which were in a satisfactory condition. Mr. R. C. Strickland and Mr. C. J. Blomfield were elected churchwardens. Messrs. J. P. Strickland, Fred. Amys, T. Watson, H. J. LaFevre, G. S. Hilliard and — Marking were elected sidesmen. Messrs. G. B. Hilliard and W. M. Graham, auditors.

The Sons of England hold their regular meeting next Tuesday evening.

The Sons of Scotland meet on Thursday evening of next week.

GIVEN UP TO DIE.

Was Mr. E. N. Stowell, but Dodd's Kidney Pills Cured Him.

Brockville, March 27.—When an eminent physician notifies a sick man that his case is hopeless and that he must die, he is it may be taken for granted, in a pretty bad way.

That was the position of Mr. Ed. N. Stowell, of this city, not long ago. He had suffered all the agonies of Bright's Disease for several years. The ablest physicians had pronounced his case hopeless, and he had begun to "set his house in order," when a friend urged him to try Dodd's Kidney Pills. One box put new life in him seven boxes cured him. Now his friends hardly know him for the same man.

Some one more for Dodd's Kidney Pills.

BENSFORT.

(From Our Own Correspondent.

On the 30th of March, 1898, the steamer "Eclipse" made her first trip of the season, from Peterborough to Jubilee.

A few weeks ago an item appeared in a local paper, stating that the farmer's "hired man" was whistling through the sugar bush with the dog at his heels, gathering sap. Sap is not running this spring as it usually does before this time, cold winds are too prevalent for a good "run" of sugar making.

Messrs. Beers and Cragg were at Centreville taking part in the debate held there last Monday night.

Misses F. and L. Waterman, who are attending school at Norwood, are home for the holidays.

Dr. Willis is staying with Mr. J. Wedlock. He is so pleased with the climate of this county he is thinking of building a summer cottage at Muskrat Landing, a little below Mr. Wedlock's residence, on the Otonabee river.

Mr. Geo. McLennan is making preparations to build a new residence near the Beneefort bridge.

Most farm hands started to work on Monday morning. Good men are reported scarce on account of the emigration to Manitoba and the Northwest Territories.

We are pleased to see Mr. Geo. Cowling a resident of Beneefort again.

A large number were in Peterborough on Saturday and report the roads very bad.

Miss S. Nimms, stenographer for Ishikawa & Co., Toronto and Yokohama, is home for Easter holidays.

Hairene for the Hair.

Dr. Andrew Grant & Co., Toronto.

Dear Sir,—My hair has been falling out for nearly a year, and was getting very thin and dry. I purchased one bottle of your celebrated "HAIRENE" which has thoroughly restored my hair and removed all dandruff, and I can cheerfully recommend so valuable a preparation.

Yours truly,

Port Hope, Ont. GEO. T. MAYNARD.

For sale by all druggists. Price $1.00 per bottle.

DON'T NEGLECT

PAINTING

As soon as the job can be done. Never put off 'till to-morrow what you can do to-day.

One coat in time will save several.

Paint is the clothing of whatever it covers.

The cheapest way to keep a building is to keep it painted.

While you are about, it'll pay you handsomely to use our Paints, which will be found to be the most lasting. A single order will prove our claim.

Ready Mixed Paints of standard value. Pure White Lead, Oils, Turpentines, Glass, etc—none better—none lower in price.

Opposite the EXAMINER Office.

NEWS IN A NUTSHELL.

Telegraphic Briefs That Contain Much of the Day's News.

An amalgamation of all the bicycle manufactories in Canada is among the trust schemes on the carpet likely to be consummated.

Inspector Greer of the Provincial Detective Department is in the eastern portion of the province in connection with the Ponton case.

The remains of the late Mr. John Inglis of Toronto were on Wednesday taken to Guelph and interred there in the family burial plot.

The house of William Buckingham at Maxwell was destroyed by fire Wednesday afternoon. Cause, a defective chimney; loss about $400.

Marshall, Green & Co.'s large general store at Orangeville was burned on Wednesday. The stock was partially saved, but the loss is about $7,000.

The farm-house owned by Mr. Thomas Draycott, in the township of Humphrey, three miles from Rosseau, was completely destroyed by fire. Loss $1,000.

Emperor William is recovering from the severe attack of rheumatism which for a week past has necessitated his remaining part of the time in bed.

Fifty boys from Dr. Barnardo's Home in London, England, arrived in Toronto on Wednesday. Another party went through to Manitoba and Brandon.

The Queen has sent a message of sorrow and sympathy to the relatives of the passengers and crew who lost their lives by the sinking of the Channel steamboat Stella.

M. Guyer-Zeller, the Swiss railway king, originator of the latest project to carry a railway line to the summit of the Jungfrau, died of pneumonia Sunday at his home in Zurich.

Scarlet fever is rampant among Windsor school children, and it is probable that the schools will remain closed until the 17th inst., so that the rooms can be thoroughly disinfected.

Lily Post, the opera singer, is dead at San Francisco of heart failure. She was taken to the insane asylum on Monday, and on Tuesday she was stricken with heart trouble and died peacefully.

The telephone system at the Kingston Penitentiary is a great success. All the outlying properties are connected so that if a prisoner escapes from a farm the penitentiary authorities can be notified at once.

P. D. Crerar, who is acting for Rev. Thomas Geoghegan of Hamilton, in his appeal from the decision of triers in his case, said on Wednesday that a proper notice of appeal has been made, though some people seem to have doubts about it.

A French lobster factory on St. John's Island, off the west coast, the largest French fishing centre along the treaty shore of Newfoundland, and 11 large boats and a lot of valuable fishing appliances were destroyed by fire on Wednesday.

The National Club of Toronto on Wednesday evening gave a house dinner, at which the guest was Dr. Drummond, the creator of "The Habitant," and whose verses, in the patois he has made so widely known, have become part of Canada's literature.

H. H. Anderson, a prominent fruit grower of Grimsby, says fruit prospects are good. The San Jose scale is not in evidence in Mr. Anderson's district, but everyone is constantly on the lookout for it, so if it does appear it will be immediately looked after.

Walker R. Jackson, his wife and their 3-months-old babe were found dead in bed at Albany, Ga., on Wednesday morning. It was evident that Jackson first shot his wife and child, then himself. Until recently he was cashier and bookkeeper for a warehouse firm. It is supposed he brooded over the loss of his position and killed his family and himself in a fit of insanity.

That Throbbing Headache.

Would quickly leave you, if you used D. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headache. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by J. Lynch, Druggist.

ALL HEADACHES
from whatever cause cured in half an hour by
HOFFMAN'S HEADACHE POWDERS
10 cents and 25 cents at all druggists.

C.P.R. WILL SPEND MILLIONS.

Annual Meeting of the Great Canadian Railway Line.

Montreal, April 6.—The annual meeting of the Canadian Pacific Railway Company took place yesterday, Sir William Van Horne presiding. The agreement for the sale of the Aylmer branch was approved. and Sir William Van Horne added the following statement to the annual report:

The total advances to the "Soo" by your company amount to $1,521,664, while the expenditures for equipment, terminal facilities and general improvements during the years in which these advances were made, foot up $1,748,041, but as our accounts stand, the advances of interest charged against our income account appear to have been $963,846, and for other purposes, as shown in the balance sheet, $467,817. The extended agreement with the Minneapolis, St. Paul & Sault Ste. Marie Railway Company—"Soo line"—was approved.

The meeting also authorized the expenditure of about three and a half million dollars during the current year upon improvements and extension, as follows:

Improvement of permanent way, $1,150,979; for additional station, yard and terminal facilities at Montreal, Vancouver and other points, $788,187; for the completion of air brake and automatic coupler equipment, $305,100; for branch lines to mines in connection with the Crow's Nest Pass line, $300,000, and rolling stock, $1,000,000, as the traffic of the company may require.

The old board was re-elected, and the executive officers are unchanged.

A Boon for Catarrh Victims.

We offer our readers a new remedy for catarrh, bronchitis, irritable throat, colds in the head, droppings in the throat, and kindred affections in Catarrhozone. There is no mystery about it, but the effect is magical. Ointments, washes, and snuffs cannot reach the diseased parts, and have been proved worse than useless, but Catarrhozone is carried directly by air to the diseased parts, and is like a breeze from the pine woods. Outfit $1.00. Send 10 cents for sample bottle and inhaler.

N. C. Polson & Co., Kingston, Ont.

TWO RAILWAY WRECKS.

Thirteen Cars Derailed and a Locomotive Blown Up.

Newark, N.Y., April 6.—A fast freight train in charge of Conductor John Kelly of East Syracuse was wrecked on the New York Central yesterday morning two miles west of Newark. Thirteen cars were derailed. No one was killed.

One Man Reported Killed.

Portland, Me., April 6.—The engine attached to the 7.30 a.m. train on the Portland & Rochester, from Portland to Rochester, New Hampshire, blew up at West Brook yesterday morning. One man is reported killed and several injured.

Biddulph Farmer Hanged Himself.

Lucan, April 6.—John Thompson, a respected and well-to-do farmer, who lived on the Roman line, Biddulph, three miles from this place, was found by his wife at 11 o'clock last night hanging to a beam at the end of a rope. The case was evidently one of suicide, melancholia being the supposed cause.

The Hard Laddie Dead.

Glasgow, April 6.—James Wyllie, the famous checker-player, who has met all the best men in every country, died here yesterday. Wyllie was recognised as the amateur checker champion of the world.

Dr. Chase Cures Catarrh After Operations Fail.

Toronto, March 16th, 1897.

My boy, aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the General Hospital. Since then we have resorted to Dr. Chase's Cure, and one box of this medicine has made a prompt and complete cure.

—THE—
IMPERIAL LIFE INSURANCE CO.
OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. It Affords Unquestionable Security to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. Its Policy Reserves are held on the most stringent basis used in Canadian Actuarial calculation.
3. Its Policies do not Restrict the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. Its Policies cannot be Forfeited after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance
5. The Premium Rates Compare favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. Its Policies are Automatically Continued in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. Liberal Cash Loans are granted under policies after three annual premiums have been paid.

Keep Coughing

We know of nothing better to tear the lining of your throat and lungs. It is better than wet feet to cause bronchitis and pneumonia. Only keep it up long enough and you will succeed in reducing your weight, losing your appetite, bringing on a slow fever and making everything exactly right for the germs of consumption.

Stop coughing and you will get well.

Ayer's Cherry Pectoral

cures coughs of every kind. An ordinary cough disappears in a single night. The racking coughs of bronchitis are soon completely mastered. And, if not too far along, the coughs of consumption are completely cured.

Ask your druggist for one of

Dr. Ayer's Cherry Pectoral Plaster.

It will aid the action of the Cherry Pectoral.

If you have any complaint whatever and desire the best medical advice you can possibly obtain, write us freely. You will receive a prompt reply that may be of great value to you. Address,

DR. J. C. AYER, Lowell, Mass.

WAR ON THE COAL TRUST.

The United States Moving in Equity to Enjoin the Defendants.

Washington, April 6.—By direction of Solicitor-General Richards, with the approval of Attorney-General Griggs, a bill in equity has been prepared by United States Attorney William E. Brady, bringing action in the United States Circuit Court for the southern district of Ohio, against the Chesapeake & Ohio Fuel Company of Cincinnati, and 15 other companies or corporations, miners or producers, or shippers of coal or coke, for violation of the Anti-Trust Act of July 2, 1890.

It is alleged in the bill that the defendants, on Dec. 15, 1897, entered a contract and combination in the form of a trust and conspiracy in restraint of commerce and trade, in regard to the sale and production of coal and coke, and in violation of law. This agreement, it is said, went into effect about Jan. 1, 1898, and since that time they have monopolized and controlled the amount of coal and coke produced in the Kanawah district, and only permitted such amount of coal mined and coke made by the several defendants as could be sold by the C. & O. Fuel Co., and that the defendants were only permitted to ship their proportionate amount of coal at a stipulated price, and figured upon the ratio designated in the contract, as fixed by the executive committee. By this action, it is alleged that competition in the sale of the same has been wholly destroyed. The court is petitioned to enjoin the defendants from selling or shipping any coal or coke into any State other than that in which they reside, by virtue of their agreement, which the court is asked to declare illegal.

His Life Was Saved

M. J. B. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken by Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and $1.00, at Jas. Lynch's Drug Store, every bottle guaranteed.

The Eastern Soudan Railway.

London, April 6.—The Cairo correspondent of The Daily Mail says: The Government is considering a scheme for a railway through the eastern Soudan, probably from Khartoum, on the Nile, to Suakim, on the Red Sea, by way of Kassala, in Nubia. The idea would be to secure the Abyssinian trade. I understand that 36 engines for the Uganda line are being built in the United States.

Henry Delisle Drowned.

Amherstburg, Ont., April 6.—Henry Delisle, a farmer, living in Malden Township, was drowned yesterday off Bar Point. He was in a rowboat with one Brothers, when it capsized. Brothers was rescued, but Delisle was drowned before assistance could reach him. He leaves a widow and two children.

Owen Sound Man Killed.

Owen Sound, April 6.—Duncan Campbell, employed at Findlay's sawmill, was injured by a piece of board which flew from the saw, hitting him on the side of the head. He died yesterday morning at the General and Marine Hospital. The deceased leaves a wife and family.

To all who find themselves with health gradually slipping away, kidney and liver so disorganized that they are incapable of keeping the system free from poisonous waste material, stomach disordered, bowels constipated, head aching, back paining, take Dr. Chase's Kidney-Liver Pills. The quick way they help you back to health will surprise you.

Children Cry for **CASTORIA.**

END NOT IN SIGHT YET

Debate of the Address in Reply Still in Progress.

YUKON SLANDERS CONTINUED.

Mr. Borden of Halifax Speaks and Argues for Another Investigation—Mr. Fraser of Guysboro Replies and Shows Charges to Be the Outcome of a Deliberate Policy of Scandal.

Ottawa, April 6.—Yesterday's proceedings in the House were somewhat tame after the great speech by Hon. Mr. Sifton the day before. Several bills were introduced, and others received second readings after recess. The remainder of the time was occupied by Mr. Borden (Halifax), who moved the adjournment of the debate, and, resuming his address, spoke until half an hour after recess. Mr. D. C. Fraser (Guysboro) followed on the Government side in a vigorous speech. Col. Prior of Victoria moved the adjournment.

Bills Introduced.

The following bills were introduced and read a first time:

To confirm an agreement between the C.P.R. and the Hull Electric Company, Mr. Poupore.

Respecting the Richelieu & Ontario Navigation Company, Mr. Prefontaine.

Respecting Columbia & Western Railway Company, Dr. Sproule.

Respecting the British Columbia Southern Railway Company, Hon. E. G. Prior.

Respecting the Atlas Loan Company, Mr. Ingram.

To incorporate the Northern Colonization Company, Mr. Bourassa.

To amend the Winding-up Act, Mr. Fortin. Also, to amend the act respecting the sale of railway passenger tickets. He explained that the amendment was intended to prevent the scalping of tickets on the ferry between Windsor and Detroit.

To amend the charter of the Huron & Erie Savings & Loan Society, Mr. Beattie.

The Debate Resumed.

Mr. Borden (Halifax) resumed the debate on the address, or, as it now may almost be called, the debate on the Yukon administration. He maintained that Mr. Sifton had sent the Yukon staff up to the north with stocks, and that the Minister justified this action by saying that a previous Government had permitted the same thing, an extraordinary position for the Government to take. He charged the Government with delay in inaugurating an investigation into the charges against the officials, which was an injustice to the officials and to the country. The commissioner who had been appointed could not properly investigate the charges, say, against Mr. F. C. Wade, for Mr. Wade was an intimate friend of Mr. Sifton and the investigator was an employe of that Minister. He summarized the charges made by Sir Hibbert Tupper. There was wholesale bribery of officials, blackmail by officials of persons having claims to register, improper use by officials of knowledge acquired in the discharge of their duty, acceptance of retainers by the legal adviser of the gold commissioner and the Dominion land agent. The Dominion land agent had granted a lease of the waterfront without public tender, and other officers had been interested in the waterfront lease; insanitary conditions had prevailed in Dawson, and the mail accommodation had been defective. He said that Messrs. Allen and Semple of The Klondike Nugget, who are now in Ottawa, were brought to him by Mr. Prior, M.P. for Victoria City, in order that they might make a statement to him as a lawyer, and these gentlemen said among other things that they had in their possession passes marked "Interior Department," enabling men to go in by the side door and for a pecuniary consideration record their claims in the commissioner's office.

Second Readings.

After recess a number of private bills were read a second time.

Mr. Borden resumed his speech on the address, and occupied half an hour in making charges against the Postmaster-General in reference to the Yukon postal service.

Mr. D. C. Fraser.

Mr. D. C. Fraser (Guysboro), referring to the previous speaker, said it was truly edifying at this time to have a purist in the ranks of the Opposition—(laughter)—but he came too late to save the honor of his party. Speaking of the great length of the debate, he pointed out that the speeches of Government supporters had only occupied 277 columns of Hansard, while those of the Opposition extended over 568 columns. Of this space the leader of the Opposition occupied 60 columns, followed by the ex-Finance Minister with 42 columns, the hon. member for Assiniboia, who, panting for glory and aspiring to the leadership when the present leader is gone, thought he would make his record one better, and took up 81 columns; while this record was raised to 100 by the hon. member for Pictou (Sir C. H. Tupper). The shortest speech was that by Mr Oaler, West Toronto, who deplored that men should so spend the time of the House, and at once went on to make sly digs at the Premier. He condoled with the members of the Opposition, who had been battered, shattered, pounded and pulverized by the Minister of the Interior on the previous day. No man on the Government benches could have sat and looked in the faces of the Opposition while the honorable Minister was speaking without pitying them. (Cheers.) The effect of the Minister's speech was shown in the manner of the honorable member for Halifax (Mr. Borden) when he rose to follow, but having during the night received inspiration from The Klondike Nugget men, who had left the country after making charges without attempting to prove them, he came up in better shape to-day. He deprecated the cry of French domination and the attacks by the Opposition upon Mr. Tarte as the master of the Administration, the only object of which was to arouse prejudice against the French-Canadian people. The Minister of Railways had also been assailed by the Opposition because he had been associated with Conservatives in the New Brunswick Cabinet, and because they did not dare to attack these two men only they had directed their attacks upon the Minister of Interior also, and not without reason for he had floored the Conservative party in Manitoba as no man had ever done before. (Cheers.)

The Policy of Scandal.

The Opposition, with a painful recollection of the effect which had been produced upon their fortunes by the scandals which the Liberals proved against them, had apparently arrived at the conclusion that they might oust the Government if they could get up many charges of scandals and not prove any of them. (Laughter.)

Liberal Promises Fulfilled.

Mr. Fraser spoke of the manner in which the Liberals had fulfilled their promises, and the prosperity that now prevailed in the country. The Liberals had promised to reform the tariff, and they had done that, and opened up the avennes of trade as they were never opened. The Liberals promised to increase commerce, and last year had surpassed all previous years; they had promised to increase immigration, and they had done so until The Mail admitted that the exodus had stopped. They said that instead of discriminating against Great Britain they would favor her, and they had done so. They had promised to turn the Conservatives out, and had done so. (Laughter.) Mr. Fraser closed a capital speech with a reference to the Premier's visit to England and France.

Col. Prior moved the adjournment of the debate, and the House rose at 11 o'clock.

Catarrh and Hay Fever.

If it's Hay Fever that is the bug-bear of your life, you won't know the pleasure of freedom from it till you've tried Dr. Chase's Catarrh Cure.

SAVE THE LIVES OF THE LITTLE ONES.

Frail Children are Strengthened by Dodd's Dyspepsia Tablets.

Which Increase the Deficient Blood Supply, make new Flesh, Bone and Muscle, and Give Strength, Vigor and Energy to the Body.

There are thousands of children attending our schools, who, to judge by their pale faces, thin bodies, and general puny appearance, would be far better at home, undergoing a course of medical treatment, to tone and strengthen them.

Many of these little unfortunates are not strong enough to bear the worries and troubles of the school room. Their bodies are not properly nourished. Their blood is deficient in quantity, and thin and weak in quality.

The fault lies in the digestive organs—particularly the stomach. The food the child eats, is not digested quickly enough. This impedes the proper and prompt working of the bowels, makes the blood thin and weak, and insufficient in quantity to nourish the various organs, and repair the waste that is constantly going on in the system.

This deadly defect which makes the child an easy victim to diphtheria, scarlet fever, pneumonia, grippe, or any other disease that may attack it, and when these ailments are escaped, develops into consumption, can be quickly and positively remedied by the use of Dodd's Dyspepsia Tablets.

Dodd's Dyspepsia Tablets digest the food promptly and thoroughly, without aid from the stomach. Thus a full supply of rich, red, nourishing blood is ensured, and the child puts on new flesh every day.

The liver and bowels are given fresh strength and energy, and the puny child grows strong and robust. New bone and muscle are formed and the pallid hue of ill health, gives place to the ruddy glow of strength and vigor.

If your child is weak, thin, and puny, use Dodd's Dyspepsia Tablets. They will make it strong and healthy.

MARKET REPORTS.

Chicago Options in Wheat Were Weak at First, But Strong at the Close of the Day—Prices.

Liverpool, April 6.—Wheat futures made a net advance of 3-8d per cental yesterday.

Chicago, April 6.—The wheat market opened yesterday morning at a slight advance over the holiday, but the price soon gave way, breaking over a cent. The trading was broad most of the day, fluctuations being governed by crop reports. During the last hour there was some heavy buying, and the May option closed at 73c, near the top figure for the day.

Leading Wheat Markets.

ONLY FOUR BOXES

Of Dodd's Kidney Pills Were Needed to Cure Mr. Willis.

Woodstock, Ont., Apr. 3.—There are many Woodstock people who owe their good health, and others who are indebted for their lives, to Dodd's Kidney Pills.

Among the former is Mr. Mase Willis, 295 Dundas street, who has recently made his story public.

"For several years," says Mr. Willis, "I have suffered from Kidney Troubles, pain in the small of my back, etc. I got slight relief from some of the various medicines I used. My son, who was cured by Dodd's Kidney Pills, urged me to try them. I did so. I have used four boxes and can safely say I am cured."

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1898 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

ADVERTISING IN THE EXAMINER PAYS

ALL HOT SELLERS.

Everyone of the Twenty-two Hundred Men's Suits, from the great stock of Messrs. Doull & Gibson, Montreal, the retiring Wholesale Clothiers, came into our possession at the low rate of 52½ cents on the Dollar.

They are all popular patterns and sell at sight. When we buy a Bargain we sell a Bargain. The qualities and styles speak for themselves, but the low prices make them hot sellers.

They come to us in suitable weights for present season wear—not too light nor too heavy—and you buy them on the following scale of reduced prices:—

$12 Men's Suits for - -	$8.00
$10 Men's Suits for - -	$7.00
$8 Men's Suits for - -	$5 90
$6 Men's Suits for - -	$3 95

These special prices are intended to make swift work of this big line of Men's Suits so as to sell them out before the arrival of another monster purchase from Doull & Gibson's Great Sale in Montreal, which our syndicate of buyers is now attending.

Lead Pipe Stolen.

In the Police Court this morning a couple of young men were charged with the theft of some lead pipe from the premises of the Grand Central Hotel. Both were remanded.

Any person owing the late firm of J. B. Oke & Co, 418 George street, will find their account at the store of R. R. Philp & Co, 376 George street. In the absence of Mr. Oke, Miss Smith, Mr. Bradshaw or Mr. Philp will give receipts for all amounts paid on the same. J. B. OKE. 6d-1w

Children's Aid Society.

The Board of Management of the Children's Aid Society wish to thank the following kind contributors: Miss Gow, hat, quilt and clothing; Miss Pousette, boys' clothing; Miss Edith Mason, girl's dress. The following have paid membership fee, ($1) for 1899: Mrs Beck, Rev H Symonds, Mrs Walsh, Miss M Dickson, Mrs Garvin, Miss Bredin.

Not Asleep.

Evidently J. W. Green & Son are not asleep in their business, as they have gone to the expense of installing a 10,000 candle-power electric light plant in their studio, Hunter street, for the purpose of taking photographs after night. Studio open for night sittings every evening until 10 o'clock. Sittings can be made any time from 8 a.m. to 10 p.m First class work guaranteed. Visitors welcome to call and inspect this interesting night process.—J. W. GREEN & SON. dtf

Returned from Montreal.

Mr. A. J. Gough, of the firm of Gough Bros., returned to-day from attending the great clearing-out sale of Messrs. Doull & Gibson, the mammoth wholesale clothing manufacturers of Montreal. The Gough Bros. Syndicate, composed of Messrs. A. J. Gough, Peterborough, R. P. Gough, Toronto, Bernard J. Gough, Lindsay, and R. Day, of the Day Gough Company of Port Hope, were the biggest buyers at this important sale. The Peterborough portion of this immense stock, consists of $12,000 worth of the most choice lines, for the present season's wear. The Syndicate remained over until the last day of the sale, and in this way secured their share at the stock at prices very much below the figures ruling on the first two days. The goods will arrive very soon, so that buyers of clothing can look forward to obtaining the greatest values which have been offered for years.

GOUGH'S THURSDAY, BARGAINS.

Come in and take the run of the Main Store for Extra Special Bargains in every department—Clothing made to measure, or ready to wear; Boots and Shoes, Hats, Caps and Underwear; Shirts, Collars and Neckwear. Everything reduced on Thursday for a big boom to the first week in Easter. GOUGH BROS.

BOARD OF TRADE'S ANNUAL MEETING.

MR. JOHN CARNEGIE WAS RE-ELECTED PRESIDENT.

The Matter of Selecting the Council Referred to a Committee—Trade Excursions to the Town Mentioned.

At the annual meeting of the Board of Trade which was held in the Council Chamber last evening, Mr. B. Shortly took the chair in the absence of the President Mr. John Carnegie.

Communications were received from the Board of Trade, Ottawa, re technical education.—Received.

From Sault Ste. Marie, re the advisability of establishing reduction works at that town.—Received.

From the Whitby Board of Trade, asking signatures to a memorial to the Minister of Agriculture requesting that the annual meetings of the various Live Stock Associations be made itinerate instead of being held in Toronto each year.—Received.

Accounts from THE EXAMINER ($5.75) and Review ($3.25) were ordered to be paid.

Officers were elected for the ensuing year as follows:—

President—John Carnegie.
Vice-President—T. E. Bradburn.
Secretary—Thos. Q Quartermain.
Treasurer—Robt. Fair.

The following committee was appointed to select the personnel of the Council:—President, vice-president, R. Fair, H. S. Macdonald and T. A. S. Hay.

The retiring secretary-treasurer, Mr. H. S. Macdonald, reported a balance of funds on hand amounting to $391 45.

On Mr. Fair's suggestion the following committee was appointed to solicit membership:—John Carnegie, T. E. Bradburn, T. A. S. Hay, Macfarlane Wilson, B. Shortly, H. LeBrun, B. Fair, B. F. Ackerman and W. H. Hill. Each member is expected to go out with the secretary in turn for the object stated.

Votes of thanks were passed the press for the services rendered during the year, and to the council for the use of the chamber.

Mr. R. C. McHarrie, manager of the local branch of the Bank of Commerce, was elected a member of the board.

Mr. Macfarlane Wilson suggested that an interesting topic for the Board to discuss at a future meeting would be the subject of how the matter of the abolishment of the market rates on the railways could be met. He thought that trade excursions could be run over the different lines on alternate weeks if the Board would sign a guarantee for a certain amount.

PERSONAL.

Mr. Ed. Wetmuffer, of Berlin, is in town on a business trip.

Mrs. A. L. Davis will receive on Fridays as usual, after this week.

Miss Ella Twamley, of Lindsay, is visiting the Misses Staunton's, Stewart street.

Miss Wood, of Millbrook, has been the guest of Mrs. McAllister for the past few days.

Miss Annie McCarty and Miss M. Hallihan have returned from a pleasant visit in Lindsay.

Inspector Crompton is rapidly convalescing, and will be able to return to Toronto in a day or so.

Mr. George Barnett, of Renfrew, is spending Easter at the "Pines" with his sister Mrs. McAllister.

Mr. and Miss Hamilton, of Auburn House, are visiting friends in Toronto. Before returning they will also visit in Allliston.

Hon. J. M. Gibson, on the nomination of Lord Minto, has been elected president of the Dominion Rifle Association and Lieut. Col. Sam Hughes, vice-president for Ontario.

Soap.

Richard's Pure Soap—The Spot Cash.

Opera House, To-night.

To-night Paul Cazeneuve, the young romantic actor, opens a three-nights engagement in Goethe's immortal play, "Faust," complete with scenery and electrical effects and costumes. Mr. Cazeneuve, it is said, as Mephisto, is as good, or the bad, perhaps, as the impersonation of the Prince of Darkness could be, and his general make-up and facial expression is all that can be desired. The production is first-class in in every detail and cast with [illegible], great care being taken to have each member cast in the character which is suited to them. Faust will be followed by the well known and popular success, "Don Cæsar de Bazan," "David Garrick," and the funniest of all farce comedies, "The Strategists." The prices for this engagement will be 15c., 25c., 35c. and 50c. Seats now on sale.

WERE WEDDED IN TORONTO.

NUPTIALS OF MISS KATIE BOYD AND MR. ALFRED J. BELCHER.

The Ceremony Took Place in St. Stephen's Church Yesterday Afternoon at Four O'Clock.

A wedding in which Peterborough and Bobcaygeon as well as Toronto circles will be greatly interested was solemnized yesterday afternoon at four o'clock in the latter city at St. Stephen's church, when the marriage ceremony was performed between Miss Katie Boyd, of Bobcaygeon, youngest daughter of the late Messrs Boyd, Esq., and Mr. Alfred J. Belcher, C. E., and brother of Messrs. J. E. Belcher, C. E., and S. Belcher, C. E., Peterborough.

The ceremony was performed by Rev H Symonds, B.A., incumbent of St. Luke's church, Ashburnham, brother-in-law of the bride, assisted by Rev A J Broughall.

The bridesmaid was Miss Bonnell, of Bobcaygeon, neice of the bride, and the groom was assisted by Mr J H Burnham, of Peterborough.

The bride was given away by her brother, Mr W T C Boyd.

At the conclusion of the ceremony the wedding party repaired to the Wickham residence, Avenue Road, which is being occupied during the winter by the family. A charming dejeuner was served.

Mr. and Mrs. Belcher will take up residence in Toronto.

A QUIET WEDDING.

Nuptials of Miss Louisa Angove and Mr. Joseph A. Barnard.

A quiet wedding took place yesterday afternoon, April 5th, at Charlotte street parsonage, when Rev. D. O. Crossley united in holy wedlock Mr. Joseph A. Barnard of North Monaghan, and Miss Louisa Angove of Harvey.

Miss Essie Shearer assisted the bride, and Mr. Joseph Barnard did like service for the groom.

The young couple who are among the most popular in the communities where they live, will have the best wishes of very many friends, for a long and happy married life.

THE BAZAAR OPENED.

Many Pretty Novelties on Sale—Closes To-morrow Evening.

The Y. M. C. A. Bazaar opened this afternoon. The large Association Hall and all the compartments on that flat are thronged with interested ladies. The arrangement of the booths with flowers and bunting present a fairy-like aspect and simply baffles description.

To see it is to admire it.

The articles on sale are marked at prices which please all, and while buying will be optional yet the ladies hope to receive a large patronage.

The only opportunity of enjoying this magnificent affair will be to-night and to-morrow, the Bazaar closing on that evening.

The feature of this afternoon is the high tea which is taking place from 5 to 8. The nominal fee of admission should encourage all citizens to come and assist the ladies in their efforts to help the work for the young men of the town.

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want those qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c., at J. Lynch's drug store.

With every 25c. purchase of groceries at The Spot Cash you can make your guess in the bean contest.

NOT OUR BISHOP O'CONNOR.

But the Bishop of London, of the Same Name.

The people of Peterborough and of the Diocese of Peterborough will be pleased that the Montreal Witness was mistaken yesterday in publishing the portrait of the Rt. Rev. Bishop O'Connor, of Peterborough, as Archbishop designate of Toronto, instead of that of Bishop O'Connor, of London, who really received the appointment. The mistake was natural for more than one reason—the identity of surname, the fact of St. Peter's being the name of both Cathedral churches, and the fitness of the Bishop of Peterborough for the position.

While we all would have been pleased to see Bishop O'Connor's merits and fitness for archepiscopal honours recognized, there would be general regret that a prelate so highly respected by the public of Peterborough and so beloved by his clergy and flocks should be translated elsewhere.

THE Y. M. C. A. BAZAAR.

To-day and To-morrow

Refreshments and all sorts of Novelties on sale

Come and help along the good work.

REV. MR. STEVENSON'S "SEND OFF."

He Receives a Rousing Good Bye at the Railway Station.

Rev. E. V. Stevenson last evening departed by the 4.45 C. P. R. express for Toronto. He will stay in the city to-day, and then leave for New York, where he takes the steamer Marquette, of the Atlantic Transportation Line, for England.

Before the train arrived, the waiting room of the station was invaded by a couple of score of Mr. Stevenson's men friends, representing largely the Rugby footballers and the cricketers, and including all religious denominations. Mr. Stevenson was surprised at receiving at their hands three handsome presents in succession, and he was saved from breaking down under his feelings by the opportune arrival of the train. As he embarked he was treated to a parting good bye represented by three rousing cheers. Mr. Stevenson's "God Speed" from all quarters has been the most practical evidence of the great popular esteem he has won during his stay in Peterborough.

It may be of interest to some to know that any matters of Mr. Stevenson of a business nature may be referred to Mr. H. Rush for the present.

WEDDING BELLS.

Nuptials of Miss Rotho Cleeves and Mr. F. Cragg Last Evening.

A quiet, yet pretty wedding took place Tuesday evening at the residence of Mr. Edward Cleeves, Brock street, when his only daughter, Rotho, was united in marriage to Mr. Fleetwood Cragg, of Greenbank.

The house was very tastily decorated for the occasion with plants and bunting. Rev. D. O. Crossley officiated.

The bride was attired in a beautiful costume of myrtle blue serge, trimmed with white satin and pearl, and carried pink roses. Miss Ida Wilson, of Whitby, acted as bridesmaid. She was dressed in blue melton cloth trimmed with satin and chiffon. The groom was supported by Mr. William Wilson of the same place.

After the ceremony the party partook of a refreshing wedding repast.

Mrs. Cragg received a large number of handsome and useful gifts.

Mr. and Mrs. Cragg will take up their residence in Greenbank, whither they go followed by the best wishes of a large circle of friends.

AN APRIL WEDDING.

Marriage of Miss Essie Carveth and Mr. Thos. Howland, of Hall's Glen.

A very quiet wedding took place at the Methodist parsonage, Peterborough, on the 2nd inst., when Rev. Mr. Shorey united in marriage Mr. Thos. Howland and Miss Essie Carveth, both of Hall's Glen, in the township of Dummer. The bride was the eldest daughter of Mr. George Carveth, a much-respected resident of the township, and was highly respected by all who knew her.

Mr. Howland has been in the Northwest the last two seasons, and the happy couple left on the morning train of the next day for Wascana, near Regina, where they will reside. The many friends of Mr. and Mrs. Howland follow them with best wishes for prosperity in their new home in the Far West.

SABBATH OBSERVANCE AND PRESERVATION.

THE SUBJECT DEALT WITH BY REV. J. G. SHEARER.

A Good Sized Audience in St. Paul' School Room—Ontario Threatened With the American Secular Sunday—The Duty of Christians Insisted Upon.

Last night a good-sized audience, composed of representatives, perhaps, of all denominations, assembled in St. Paul's school room to listen to an address upon the subject of Sabbath Observance.

Rev. Dr. Torrance occupied the chair, Rev. J. Bastow, of the Murray street Baptist church, led in prayer, and Rev. J. G. Potter, of St. Andrew's, read the Scripture lesson.

Rev. J. G. Shearer, of Erskine church, Hamilton, the speaker of the evening, said he was not present in any official capacity representative of the Lord's Day Alliance, but from his interest in the subject of Sabbath observance. He would speak upon the preservation of the Lord's Day from a provincial standpoint. The speaker outlined the objects of the Lord's Day Alliance, which were to use every moral and spiritual force to keep the observance and preservation of the day, and in this preservation the Alliance believed in addition to the use of moral and spiritual means the use of the law to secure the liberty of rest for each, and the opportunity of worship. The speaker argued that the day was in danger. Only work of necessity and charity was in this Province permitted by divine and provincial law, and open and general pleasure seeking were disallowed. This Province was in danger of the introduction of the American Sunday—implied in open and general pleasure seeking, and unnecessary worldly toil. In the United States there were said to be about two millions of working men who had to toil seven days in the week and had never the opportunity of looking upon the faces of their children except when they are asleep—robbed of their weekly rest day and opportunity of worship. Two forces were at work threatening the safeguard of the weekly rest day—the greed of gold and the lust of pleasure. These were co-operative forces and were invading the sanctity of the Sabbath on two pleas. One of that public convenience, represented by the Sunday car and the Sunday steamer, but that would not justify its acceptance, for, this plea admitted, there would be no logical stopping place. It would open the door to general labour on the Lord's Day, and on the same plea the Sunday saloon would be justified. The radial railway to Grimsby camp grounds issued church-goers tickets and since these were issued there had been a suspiciously sudden increase of church goers, who were in reality largely pleasure seekers pure and simple, and if the plea of convenience was admitted there could logically be no limit to its application. Another plea was commercial necessity and many factories in Canada were working on Sunday and depriving their workmen of their Sabbath rest. As with the other plea, there was no place at which a logical stop could be made, and if we failed to take our stand on principle and resist these specious pleas in the beginning, we should soon have the American secular Sunday. Another danger was the imperfect state of the provincial law regarding the Sabbath. The law, as interpreted by the Court of Appeal, held that corporations were not amenable to the law respecting the Sabbath, another was that all classes were not alike amenable to the law, and other defects were pointed out that permitted very general desecration of the Sabbath by unnecessary work and general pleasure seeking. The speaker concluded that there was abundant reason for a strong, general, united effort to prevent the greed of gold and the lust of pleasure from destroying our Ontario Sabbath. The Lord's Day Alliance believed in gaining as far as possible the co-operation of Christians in prayer to the God of the Sabbath, and in the preaching of sermons on the Sabbath, the spread of literature on the same subject, and Christian co-operation in amending the law and securing its effective enforcement. Christians must be prepared to lose the Sabbath, or to unite to secure the enforcement of the law calculated to preserve the Sabbath. The Alliance had made arrangements for the reduction of the cost of enforcing the law to a minimum. The success of the Alliance in carrying out its objects had been of a gratifying character, and was very encouraging to those who had the cause of the Sabbath at heart. The Ontario Government took the stand that the Lord's day in Ontario must be kept inviolate from labour, and the speaker believed that that was the general sentiment of the Legislature, and he held that if the Christian constituents of a representative, made him to understand that they were in earnest in their demand that he should support legislation looking to the preservation of the sanctity of the Sabbath, he would act in accordance with their wishes. Therefore upon Christian people rested the responsibility of the success of the protection of the Sabbath from the influence of the greed of gold, and the lust of pleasure. An appeal was made for the formation of a branch of the Alliance in Peterborough, but the matter was remitted to the Ministerial Association to initiate action looking to this end.

"To Err is Human,"

The people like to talk about attractive things in advertising. In a company recently the proverb above quoted, and which appeared at the head of one of a well constructed series of advertisements of Hood's Sarsaparilla, was so much discussed that we doubt if any one there will ever forget the source whence it came. Messrs. Hood & Co. are using these proverb advertisements on a very broad scale, and they are attracting discussion and favorable comment everywhere.

Geo. Ball

has removed to the rooms over Oak Hall formerly occupied by Mr. Shaw, the artist, ball entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3.50; why buy ready-mades? Every age and style is met—every desire is assured. Ladies' tailoring in all designs.—GEO. BALL, over Oak Hall. 20

MEN'S BLACK SUITS AT GRAFTON & CO.—$10.00

Manufactured from high class imported clay and Venetian worsteds cut in the latest style, lined up fine, double warp, Italian cloth notch collar, vest side on top pocket in pants, all facings piped, and properly tailored throughout. Same suit ordered would be $15.00. Grafton & Co. Price $10.00

GRAND JURY'S PRESENTMENT.

Reports Favourably on the Institutions Receiving Government Aid.

The presentment of the Grand Jury in connection with the present sitting of the High Court of Justice was formally handed His Lordship, Justice Robertson, yesterday afternoon, as follows :—

To the Honourable Mr. Justice Robertson :

May it Please Your Lordship,—Your Grand Jurors at the present sittings of the High Court of Justice unite with you in congratulating the County of Peterborough on the freedom from crime, as evidenced by the meagre criminal docket presented for our consideration. This is a condition of affairs that speaks well for the good and law abiding character of the people of this community. Our hope is that this may long continue, not only in Peterborough County, but throughout the fair Province of Ontario, which, as your Lordship remarked, is making a most creditable record, inasmuch as there has been a decrease in criminal business before its courts

Your Grand Jurors have inspected the public institutions which are receiving Government aid, and we are pleased to be able to report to you that we found them in excellent condition, both as regards management and accommodation. In the Nicholls Hospital, an institution which stands as a monument to the generosity of the late Mrs. Nicholls, we found 25 patients under treatment. The equipment of the hospital is very complete, and the Lady Superintendent and her staff are to be highly commended for the excellent condition of the institution throughout.

At St. Joseph's Hospital we found six patients under treatment. This is another institution that is maintained in the highest state of excellency and efficiency, and the sisters in charge are doing a good work and doing it well. Since the last visit of the Grand Jury an efficient water service for domestic and fire purposes has been put through the entire building. In the House of Refuge adjoining the Hospital were 43 children and old people, who were receiving the kindest attention at the hands of the Sisters. This is a labour of charity that we cannot too strongly recommend.

Your Lordship made reference to vagrants confined in the goal spending their time in idleness. We may state that an effort was made at the county goal here to provide healthy exercise and employment on the stone pile for all able-bodied vagrants. This had a deterrent effect on the class of vagrants known as tramps, as they prefer giving Peterborough a wide berth to taking any chances in having to work on a stone pile. This furnishing employment for the ordinary vagrant therefore, seems to be attended with good results. We found in the goal seven men, only one of whom was capable to work and he was the cook—also two women, one being a vagrant and the other a lunatic.

All of which is respectfully submitted.

HENRY J. LEFEVRE,
Foreman.

The case of Harper vs. Toronto Type Foundry Co. is still before the Court.

THE PROVISIONAL SCHOOL.

Results of the Examinations—Promotions Earned.

At the close of the term of the provisional school of military instruction, which was was held here during the months of January, February and March, an examination was held by an officer from the Royal Regiment Canadian Infantry. The statement of the result of the examinations by percentage has just been received by Lt.-Col. Bell, and, as far as it concerns officers of the 57th Battalion, is as follows :

First Class, Grade A—Capt. J. W. Millar, 72.58; Capt. E. B. Clegg, 71.29; Lieut. G. S. Bell, 73.05; Lieut. G. W. Bennett, 73.17.

Second class, grade A—2nd Lieut. J. Mills, 57.05; 2nd Lieut. V Eastwood, 55.17; 2nd Lieut., G. A. Ames, 53.29; 2nd. Lieut., W. H. Clayton, 54.23; 2nd Lieut., R. T. Hounsell, 56.70; 2nd Lieut., D. Walker, 60.35.

As the result of these examinations, Capt. Millar is now entitled to promotion to the rank of Major, being senior captain. Lieut. Garnet Bell, being senior lieutenant becomes entitled to a captaincy. 2nd. Lieuts. Mills, Eastwood and Ames becomes entitled to lieutenancies As Capt. McGill is retiring, with the object of being transferred to the Grenadiers of Toronto, this will involve the promotion of another lieutenant and second lieutenant.

BATTALION NOTES.

HEADQUARTERS,
Peterborough April 5th, 1899.

Orders by Lieut-Col. R. W. Bell, Commanding the 57th Battalion of Infantry Peterborough Rangers.

No 1—Detail of duty for week ending April 15th :—Subaltern for the week, Lieut Bennett; next for duty, Lieut Walker. Bugler for the week, Bugler Galley

No 2—The Subaltern of the week will call the Regimental roll each drill night and each N C O and man present when the roll is called will be credited with the sum of 20c to be paid when the annual pay comes to hand. No N C O or man is to be paid for more than 15 drills at 20c, and 50c each for Company and Battalion inspection, making in all $4.00. This arrangement will remain in force for the season 1899.

By order

Capt. and Adj.

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

BASKET BALL.

As a result of the late game between the Bachelors and Benedicts, the former issued a challenge to the latter to meet them for another game on the 3rd. inst. Notwithstanding the Benedicts were on hand and ready, the noble bachelors defaulted, and asked for a special date to again try their fortunes. Tuesday the 4th, inst., at 5.30 was agreed to, when, as before, notwithstanding the Benedicts were represented, yet there were no bachelors at the appointed hour. Late, however, one did turn up, and it was agreed that the two representatives should decide the contest, when the Benedicts were again successful by a score of 9 to 8.

A Vancouver Policeman

—Permanently Cured of Catarrh
—After 12 Years' Suffering.

JAPANESE CATARRH CURE CURES.

Mr. Thos. Crawford, Sergeant Vancouver Police Force, writes: "I have been a great sufferer from catarrh, which I contracted over 17 years ago in Winnipeg. I tried many so-called catarrh cures, consulted physicians, catarrh specialists, and not one of them gave me more than a little temporary relief. About two years ago I tried Japanese Catarrh Cure, and since completing this treatment I have been permanently cured. I can highly recommend it—the first application relieved."

Sold by Ormond & Walsh, druggists, Peterborough. 50 cents. Six boxes, guaranteed to cure any case of nasal catarrh, for $2.50. A free sample sent to any person suffering from catarrh. Enclose 5 cent stamp. Address, The Griffiths & Macpherson Co., 121 Church street, Toronto.

CHANGED HANDS!

I beg to announce to the citizens of Peterborough that I have bought out the Wholesale and Retail

FRUIT AND FISH BUSINESS

Formerly carried on by Mr. J. B. Oke, 413 George street.

I intend to devote my whole attention to conducting a First-class Fruit and Fish Business, by keeping a most complete and well kept stock of the choicest delicacies of the table, including—

Foreign and Domestic Fruits.
Salt and Fresh Water Fish.
Fresh Oysters in Bulk.
Early Garden Vegetables.
Canned Vegetables and Fish,
Pickles, Relishes, Etc.

Everything in season, fast as it appears in the markets.

Having had 25 years' experience in handling Fruits, etc., I feel confident of being able to cater to the wants of all classes.

I respectfully solicit a continuance of the patronage of Mr. Oke's customers and of the public generally.

R. A. DUTTON,

(Late of Barrie), successor to J. B. Oke, 413 George Street. Telephone 304. Terms Cash.

CARD FROM MR. OKE.

I take pleasure in recommending my successor, Mr. R. A. Dutton, to all my customers and ask for him a continuance of the liberal patronage bestowed upon me. Mr. Dutton is an experienced and thoroughly practical fruit man and has a reputation for being obliging and honourable in all his dealings.

All accounts due me are requested to be paid to either myself, Miss Smith, Mr. H. Bradshaw or Mr. Philp, at Mr. R. N. Philp's Fruit Store, without delay.

Yours truly, J. B. OKE.

Peterborough, April 1st, 1899.

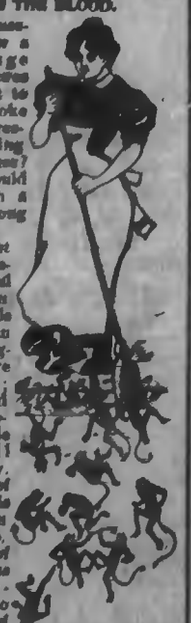
SWEEPING THE BLOOD.



Would any housekeeper ever allow a brood of strange black ugly creatures of devilish aspect to accumulate and choke up by their foul presence the best living rooms in her house? No. Out they would go promptly with a broom and her strong arm behind it.

A scrofulous taint in the human system is no less foul and fearful than a brood of devils accumulating in the blood springing up here, there and everywhere; causing a hundred mysterious and apparently incurable symptoms in all parts of the body.

A terrible case of chronic scrofula is described by an Iowa lady, Mrs. James Murphy, of Vonda, Pocahontas Co., in a noteworthy letter to Dr. R. V. Pierce, of No. 663 Main Street, Buffalo, N. Y.

"I will forever thank you for the advice you gave me," she says. "Dr. Pierce's Golden Medical Discovery has cured me of chronic scrofula of twenty years' standing. I had doctored for the trouble until I was completely discouraged. I also had chronic diarrhea for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's 'Discovery.' I return thanks and it is with pleasure I send you my name to publish."

A life-time of practical experience has qualified Dr. Pierce to deal with obstinate chronic diseases more successfully than probably any other physician of his time. Do not be discouraged however severe your case may be, but write to him. Your letter will be treated in strictest confidence, and he will send, in a plain sealed envelope, without charge, the best professional advice to be obtained in this country.

SENATOR DEPEW'S NIECE.

Miss Paulding, Who Will Preside Over His Washington Home.

Much is expected in a social way of Senator Chauncey M. Depew when he goes to Washington. For this reason the young lady who will preside over his residence in the national capital and act as hostess when the witty senator entertains is a person of interest. She is his niece, Miss Anne Depew Paulding. She is the daughter of his youngest sister, Anne Mitchell Depew, who married William H. Paulding and who still lives in Peekskill, N. Y. Since the death of Mrs. Depew in 1893 Miss Paulding has been the light of her distinguished uncle's home.

Washington will find Miss Paulding a most interesting woman—tall, graceful, well formed, brown haired and gray eyed. Miss Paulding was educated at

MISS ANNE DEPEW PAULDING.

St. Mary's school in Peekskill, kept by the Anglican sisters of the Episcopal church—"the most cultivated and well born women I have ever known," she says of them. But Miss Paulding is not an Episcopalian. She belongs to the Presbyterian church.

Miss Paulding's young cousin, Charlotte Hegeman, who is now at school in New York city, will share with her the duties and pleasures of the life in Washington when Senator Depew enters upon his official work there. Miss Hegeman's father was a brother to Mrs. Depew. Her mother lost her life in the great Hahnemann hospital tragedy, when, during a fair held there, the roof fell in and crushed to death a number of people. Miss Hegeman's father also died soon after that, and she and her sister, who married the Baron de Bresson and now lives in France, became inmates of the Depew household.

Doctors Testify.

There is strong testimony by eminent physicians of wonderful cures made by Dr. Chase's Family Remedies—particularly Dr. Chase's Ointment.

Justice.

She—I am getting tired of staying awake of nights waiting for you to come home.

He—My dear, when I was courting you I could not sleep at all.—Indianapolis Journal.

Very Appropriate.

"The prima donna has been married for the third time. The last one was a major in the army."

"Appropriate, isn't it? She can call him her major third."—Philadelphia Bulletin.

He Was Slow.

Harold—What did she say when you kissed her good night?

Percy—She murmured something that sounded like "Better late than never."—New York Journal.

A Falling Off of 23 Per Cent. as Compared With 1898.

THE VANDERBILT-FAIR WEDDING

A Big Refining and Smelting Trust With a Capital of $60,000,000—A Drunken Man Sets Fire to His Own Home and Gets Six Months in the Central Prison.

Mr. John McHattie, late agent for the M. C. R. at Peterboro, has been appointed town clerk, at a salary of $650 per year.

Michael Brennan was at Belleville convicted before Judge Fralick for aggravated assault on Robert Goodfellow, and was sentenced to two months in jail.

Warren F. Leland, proprietor of the Windsor Hotel, New York, died at the Hotel Grenoble at 8.50 p.m. on Tuesday, following an operation for appendicitis.

Articles of incorporation of the American Smelting & Refining Company, with a capital of $65,000,000, were filed with the New Jersey Secretary of State on Tuesday.

Three men were killed on Tuesday afternoon by an explosion at the railroad cap factory at Braddock, Pa. It is not known what caused the explosion. The building was completely wrecked.

An increase of $66,462 is shown in the earnings of the Grand Trunk for the week ending March 31, over the corresponding period of last year. The figures for 1899 were $729,587, and for 1898 $677,045.

A fresh attempt is being made to get the steamer Gaspesia free from the ice surrounding the Magdalen Islands. The captain of the sealing steamer Hawk has arranged to take her to North Sydney or Louisburg.

The Constantinople correspondent of The London Times says that Turkish pamphlets have been found scattered about the mosques of the city, exhorting the faithful to overthrow the regime of Abdul Hamid.

The steamer Chilkat, with six passengers and a crew of 15, capsized on the Bar at Eureka, Cal., on Tuesday as she was leaving the harbor on her trip to San Francisco. Four passengers and six of the crew were drowned.

The recent fires in the Methodist Church and parsonage at Harrow, in Essex County, have been investigated by Inspector Detective John Murray, and he is of the opinion that in each case the fire was of incendiary origin.

According to Bradstreet's business failures in Canada and Newfoundland for the first quarter of 1899 were only 899, and the liabilities only $2,976,299, a falling off of 23 per cent. in number and of 22 per cent. in liabilities involved from a year ago.

John Webb, a resident of Galt, got drunk on Monday night. On his arrival home he procured a can of coal-oil and sprinkled its contents over the floor and walls of his kitchen and applied a lucifer. Magistrate Blake on Tuesday sentenced him to six months in the Central Prison.

At New York at noon on Tuesday Virgina Fair became the bride of William K. Vanderbilt, jr. About 150 guests were present at the ceremony. The groom's present to the bride was a pearl necklace, and a pearl and ruby pendant, which are said to have cost $70,000. Thus were youth and beauty and many millions of money united.

The Cuban Military Assembly on Tuesday afternoon voted to disband the army and to dissolve. The voting was 21 in favor, against 16 opposed. The muster rolls were left in the possession of the executive committee of the Assembly, who will facilitate the preparation of copies for Governor-General Brook. The army question is considered settled.

A conference of the Nationalist members of Parliament, called with the view to bring about a reunion of the Irish parties, was ousted at the Mansion House at Dublin on Tuesday. The Parnellites were invited to attend, but declined to do so. The meeting favored the reconstruction of the old Parnellite party, as it existed from 1885 to 1890, and declared readiness, as an earnest of practical exemplification of the spirit of the anti-Parnellites, to support a Parnellite for first chairman of the party.

A CARD.

Mr. Ed. Heintzman, 228 Monroe Ave., Hoboken N. J., advises all men who are weak and who desire a speedy and perfect cure to write to Dr. Gustav E. Roberts, 324 Woodward Ave. Detroit, Mich.

The Billville Banner.

The Georgia ice crop is immense. Now, if we can only buy a few pickaxes on the installment plan, we'll be truly happy.

Plowing has been somewhat retarded in this section, as the Georgia mule doesn't know how to follow a furrow in an overcoat.

While the sheriff was traveling toward our office to levy on us he was frozen to his buggy. The Lord sent the weather, and we're not growling at it.

When the cold snap struck us, our fishermen were making for the river, but they are now doing their best to thaw the bait out of the jugs.

This year's cotton crop will be served on ice, with 3 cent trimmings.—Atlanta Constitution.

Resolution.

"He didn't get the better of me," triumphantly remarked the man whose coat sleeves are always too short.

"You mean the book agent who just left?"

"Yes. I stood firm, didn't I?"

"Absolutely."

"I tell you, it was hard work, for he is a mighty persuasive man. And besides I wanted those books the worst kind, and I'm going to get them next week. I'll have to pay several dollars more than he asked. But I was bound he shouldn't get the best of me."—Washington Star.

CHILDREN'S COUGHS QUICKLY CURED.

Hard to keep the children from catching cold—will run out of doors not properly wrapped—get wet feet—kick the bed clothes off at night.

What's mother going to do about it?

Mustn't neglect the children's Coughs and Colds—might end in Croup—and Croup end fatally or weaken the lungs for life.

Most mothers now give their children Dr. Wood's Norway Pine Syrup.

It's nice to take, and cures all kinds of Coughs and Colds more quickly and effectually than any remedy known.

Mrs. R. P. Leonard, Parry Sound, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup for Coughs and Colds of myself and also of my baby. I find it always cures a Cold quicker than any other Cough mixture I ever tried."

Dr. Wood's Norway Pine Syrup.

25c. a bottle. All druggists.

CAKES.

A FAITHFUL DOG.

Its Owner Realized Its Worth, as Well He Might.

"Well, I wouldn't have believed it!" exclaimed Jones in astonishment as he dropped in to see Smith the other evening and was met in the hall by a St. Bernard dog.

"Wouldn't have believed what?" asked Smith.

"Why, that you'd have a dog in your house," continued Jones. "It belongs to one of your neighbors, I suppose?"

"No, sir, that's my dog," replied Smith proudly.

"You don't really mean it, old man? Why, I've known you now for five years, and you've always had a marked aversion for dogs."

"Yes, I did have until lately, but I wouldn't be without one now. This brute is a noble, faithful fellow, and I wouldn't take $100 spot cash for"—

But at this juncture he was interrupted by his wife calling down over the banister: "Henry Smith, who was it that scattered these cigar ashes all over my dresser?"

"It must have been the dog, my dear," was his reply.

"And who was it that dropped these apple peelings on the floor?" she demanded.

"The dog, my dear," answered Smith.

"And there's a bottle of mucilage spilled on the hall carpet up here too! Is that some of your work, Henry?"

"No, my dear; the dog's to blame for that."

"And, goodness gracious," she continued angrily, "if some one hasn't been whittling up here again! How many times have I told you not to do that in the house?"

"But I had nothing to do with it, my dear. The dog's been up there probably chewing a stick."

"Well, it's a burning shame the way this house is mussed up! Your collars and ties are scattered all over your room!"

"Are they, my dear? That dog's been up there again, then. Yes," continued Smith as he drew his friend into the parlor, "I wouldn't take a big pot of money for that dog. Why, the noble fellow saves me about 20 lawings a week!"

"So I see," chuckled Jones, "and you bet I'll have one before noon tomorrow!"—New York World.

Legal Repartee.

"Gentlemen of the jury," said the pompous lawyer, assuming his most imposing mien, "I once sat upon the judge's bench in Iowa."

"Where was the judge?" quickly inquired the opposing attorney, and the pompous gentleman found the thread of his argument hopelessly entangled.—Detroit Free Press.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the SUN LIFE ASSURANCE COMPANY OF CANADA, has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its po icy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 95/100 dollars ($1264.95) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

Women's Worst Enemy

Some hesitate before giving an answer, but those who know best will immediately say HEADACHE.

Thousands of women live in misery day after day, and week after week, suffering untold agony from these dreadful headaches. Husbands are disheartened, children neglected, and happy homes ruined. Most women strive to bear in patience the suffering which they consider part of life without looking into the cause or searching for relief. Food cannot digest without the bile which the liver supplies and hence the necessity of keeping the liver in good working order. To cure the headaches you must cure the liver and thus remove the cause of disease.

Dr. Chase spent years of his life in perfecting a medicine which acts directly on the kidneys and liver. Thousands of grateful women have testified during the past ten years to the effectiveness of this remedy for sick headaches. Many a home has been restored to happiness as a result.

Dr. Chase's Kidney-Liver Pills, the greatest discovery of this great scientist, are put up to sell 25 doses for 25c. All dealers.

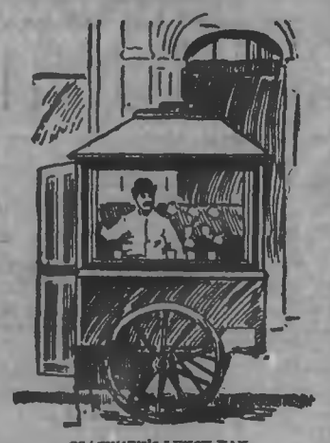
LUNCH FOR COACHMEN.

A Worthy Enterprise Established by New York Society Women.

New York society women have established a most practical philanthropic enterprise. It takes the form of lunch wagons for coachmen. Some time ago several estimable ladies awoke to the fact that the drivers and footmen who waited until all hours of the night in all kinds of weather for the close of fashionable functions must have a dreary time of it. Then they discovered that the coachmen were apt to comfort themselves with strong liquors.

Finally some practical woman hit upon the plan of furnishing the coachmen with hot coffee and sandwiches. This luncheon she had distributed by a man with a push cart. The idea was elaborated, and society took it up. A one horse van was fitted up with a coffee urn and put in charge of a man who was instructed to drive wherever he was needed. This proved such a success that other vans were equipped, and now there are several operating in New York city.

Now, when a Fifth avenue woman gives a big reception or ball, she orders a coachmen's luncheon van sent to her



COACHMEN'S LUNCH VAN.

residence along about midnight. Then she buys at 10 cents each as many tickets as she thinks will be required and has them distributed among the coachmen. The result is that the waiting servants are not tempted to visit saloons while passing away the dreary hours during which their employers are dining and dancing.

Mrs. Levi P. Morton and Mrs. William Astor were among the first to recognize the utility of the lunch wagon, and the latter distributed 600 tickets at her last entertainment. Many other New York society women have followed the example of these ladies.

One of the most encouraging features of this scheme is that these lunch wagons are beginning to pay for themselves, the first cost of the outfit being a free gift, of course. They belong to a large network of charity in which a number of men and women are engaged, which includes 10 cent lunch vans at Herald square and the Pennsylvania ferry. These lunch vans have been so successfully conducted this winter that the committee in charge will be able to establish at least four or five additional ice water fountains in the tenement districts this summer.

To Cure a Cold in One Day.

CHILDREN'S COLUMN.

THE SINGING MOUSE.

He Kept the Baby Awake; So Now the Two Are Separated.

Do you not think it queer that a tiny mouse should keep a baby awake by singing? There is a little baby living in an apartment in New York who slept by day because there lived in the walls of the same flat a little mouse who gave concerts. Nobody knew about this mouse, but all supposed it was a bird who chose to sing at night. After a time cake and bread were nibbled, and the housekeeper, who was the mother of the baby, said: "We must get a trap. We cannot have food destroyed this way." The trap was bought and set and the bait eaten, showing that the mouse got out of the trap as easily as he got in. That was not to be tolerated. So a new trap with finer wires was bought and baited, and a little mouse sat happily in it in the very early morning singing. The family were delighted. They would gladly feed a *singing mouse*. A box with plenty of room and all the conveniences for a musical mouse, as the trappers understood his needs, was provided. A piece of carpet was put in the bottom of the cage one cold night, and in the morning it was found made into a cosy, warm woolen nest in the corner of the cage. Mr. Mouse had spent the intervals between singing his songs in raveling his carpet to make a bed. He will not eat cheese. Perhaps he thinks it is not good for his voice.

He seems quite happy in his new home and is growing fast. He sings at night and in the daytime is put in the dark. At night he and the baby are not close neighbors. He is regularly fed and does not have to nibble his neighbors' food.—Outlook.

On the Shelf.

Upon the nursery mantel
Sat little, fat Chin Lee,
And the grief upon his countenance
Was something sad to see.

For, lo, the lovely Pitti-Sing
Had turned her face away
Nor given him a single smile
Through all the dreary day!

What had he done to vex her?
He tried in vain to think
Until his eyes grew dim and pale
His cheek so round and pink.

At last, as darkness gathered,
He fell into a doze,
And when he woke—oh, joyous sight
That on his vision rose!

The lovely Pitti-Sing had turned
Her face to him again
And smiled upon him as he gazed
With all her might and main.

"'Twas not my fault," she murmured
So sweetly, "dear Chin Lee.
'Twas little Rosy turned my head
This morning, don't you see?

"And now she's turned it back (alas,
We're manufactured so!)
You'll never doubt me, dear, again!"
He meekly whispered, "No."

The shadows in the nursery fell,
The candles glimmered red,
And little Rosy had her tea
And, nodding, went to bed.

And on the nursery mantel
Sat little, fat Chin Lee,
And the smile upon his countenance
Was something good to see.

Beside him lovely Pitti-Sing
Sat, smiling, as himself,
And all was peace and happiness
Upon the mantelshelf.

—Youth's Companion.

A Puzzling Board Illusion.

Procure a piece of thin board of soft wood, say pine. It should be a foot and a half in length and a couple of inches wide. Place it upon an ordinary kitchen table, allowing the end to protrude almost half its length beyond the edge of the table.

Now place a newspaper upon the table, covering the board to the edge, and smooth it out carefully, being sure that the paper is in perfect contact with the board as well as with the table.

With no other fastening upon the board than the sheet of paper you may strike the end of the board hard enough to break it or at least to tilt the table.

It will appear impossible. Strike it a smart, sharp blow with the hand or an instrument, and it will either break or remain fast to the table, just as if it had been nailed.

The explanation is simple.

When the blow is struck, there is a tendency to tilt the end of the board upon the table, but the air having been pressed out from under the paper a semivacuum has been created, and the compression of air upon the outer side of the paper holds the board fast.

Feeding the Elephants.

Elephants in the Indian army are fed twice a day. When mealtime arrives, they are drawn up in line before a row of piles of food. Each animal's breakfast includes ten pounds of raw rice, done up in five two pound packages. The rice is wrapped up in leaves and then tied with grass.

No Right To Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50 cents, at J. Lynch's drug store.

THE KOLADERMIC SKIN FOOD CO. Stouffville Ont.

A Bank of Brides.

Simla, the summer capital of the Indian empire, is a pretty pine treed place well up in the foothills of the Himalayas. A feature of Simla life is the annual fair held by the native hills people, an attractive item of which is a "bank of brides" in an amphitheater, where sit numbers of young women who thus calmly announce that they are candidates for hymeneal honors. Some of these aspirants to matrimony so patiently awaiting a choosing are quite pretty and have intelligent faces, but those of Mongol caste must needs linger long for a partner, if personal beauty enters into the equation.—Edward Page Gaston in Woman's Home Companion.

Adulteration, says "Dinners and Dinners," of articles of consumption is of course a fraud upon the public unless due notice of it is given. But, according to The Lancet, a redeeming feature of the deception in these days is that the adulteration generally occurs in some wholesome form. Margorine is an excellent food substance, though it is not butter; the potato is very nourishing, but it should not be found in bread.

Breakfast bacon is an excellent change from more solid dishes. It is a good appetizer It supplies strength enough in combination with bread or potatoes for any ordinary pursuit and has the decided advantage of being very easily digested. It should be cut thin and broiled without burning or fried crisp.

Plants and ferns that are kept in the house should be watered a little every day. The water must have the chill taken off, as quite cold water stops the growth. The leaves should be thoroughly sponged and washed every week. All plants require plenty of air and light.

Since women have understood the art of wearing proper corsets they have adopted a new mode of walking—viz, a swing of the hips from the waist, which perhaps is not altogether what the best masters and mistresses of deportment would enjoin.

For kitchen tables and boards use sand to scrub them with instead of soap. It will keep them whiter. If grease has been spilled, cover with a little fuller's earth wetted and left to remain on all night.

HOME—FOR HEALTH—EVERY HAPPINESS—MAN

Free.

Every manly man's ideal and ambition is home, health and happiness. If strong in purpose and vigorous, he can attain his ideal; but how many fail! To such a single word: Write, and we will send on trial and approval our treatment consisting of specific remedies and scientific appliance for toning, building and developing. No crude advertising nor cheap pills, to sicken and disgust; no appeal to your credulity or fancy; no humbug, no experimenting. Simply the best treatment ever discovered for weak and nervous men, who will suffer all the dreadful consequences, sooner or later, of excesses or indiscretions. Our reputation and responsibility are well known, and we deal with you fairly and in honor. If you are not satisfied, return everything to us. No cost to you. No advance payment. No C. O. D. Everything as plain as sunlight and as honest. Send for sealed letter of priceless information, FREE,

GERMAN MILITARY SERVICE.

A Curious Method by Which It May Be Avoided.

Anybody can emigrate from Germany before he is 17 years old without running the risk, in case he should return, of being forced to join the army, but he will be allowed to remain only nine months in Germany. If he stays longer he becomes again a German citizen and must do military service. If he leaves when he has been a little less than nine months in the country and stays away for two or three weeks he can return without running any danger and can stay another nine months. If he does this every nine months he can live as long as he likes in Germany.

As soon as a man is 17 years old he cannot leave Germany without serving in the army. He can, however, get permission to leave the country until he is 20 years old if somebody is willing to give bond that he will return and serve his term.

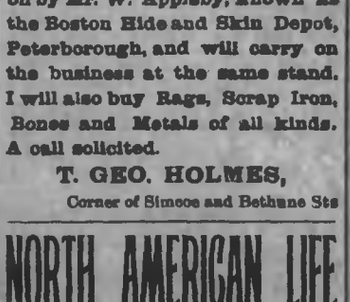
In case a man forfeits his bond he cannot return to his fatherland before he is 45 years old, as he would be promptly arrested and sentenced to serve a longer term than the original one. After a man is 45 years old he can go back to Germany without being punished and live there as long as he likes.

In case a deserter is caught in Germany before he is 45 years old he is sentenced to two or three years' imprisonment in a fortress and all his personal property is confiscated.—New York Herald.

An Eye to Business.

The doctor hurried in and called the druggist to one side.

"I've just been called to attend the Croesus baby," he said, "and I've given a prescription that calls for nothing but paregoric. When they send it over here, you must tell them it will take at least an hour to put it up and the cost will be $3.50. That's the only way to make them think I'm any good, the medicine's any good and you're any good, and I want to keep their business."—Chicago Post.



SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Didn't Dare Eat Meat.

The sufferer from dyspepsia and indigestion who has to pick and choose his food, is the most miserable of all mankind.

Even the little he does eat causes such torture, and is digested so imperfectly that it does him little good.

What dyspeptics need is not artifical digestants but something that will put their stomach right so it will manufacture its own digestive ferments.

For twenty years now Burdock Blood Bitters has been making weak stomachs strong, and permanently curing severe cases of dyspepsia and indigestion that other remedies were powerless to reach. It restores the stomach to a normal, healthy condition so that food no longer causes distress, but is thoroughly digested and assimilated and goes on its way making blood and bone, nerve and muscle.

Mr. James G. Keirstead, Collina, Kings Co., N.B., tells in the following words the benefits he derived from B.B.B.:

I suffered with dyspepsia for years and tried everything I heard of but got no relief until I took Burdock Blood Bitters.

"I only used three bottles and now I am well, and can eat meat, which I dared not touch before with out being in great distress. I always recommend B. B. B. as being the best remedy for all stomach disorders and as a family medicine."

Special Announcement.

Following our decision to remain permanently in Peterborough, we beg to announce that Mr. Thos. Barrie who has been in our employment for the last seventeen years has been admitted to the firm as a partner in the Peterborough business. The steady growth and expansion of our business, both in Peterborough and Toronto, has enabled us to make the above change and we feel that in doing so we will be in a better position to serve the public than ever before. The name and style of the firm will remain the same. We solicit for the future a continuance of he liberal patronage that has been ours in the past.

Accounts from A. H. Stratton and Co., $2.42; P. B. Doube, $1; Peterborough Review, 15c., were ordered to be paid.

The auditors' report for 1898 was on motion received.

The committee on High School fees reported that they had made a formal offer to the Peterborough Board, which it was expected would be acted upon.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—A west end lady started down town with a friend, and after she had gone some distance, discovered that she had forgotten her purse, but said it made no difference, however, as she was only going shopping.

SPRINGVILLE.

From Our Own Correspondent.

Mr Allan Cathcart, who has been afflicted with pleurisy, is suffering from a relapse.

There has not been much sugar making in this vicinity, owing to backward weather.

Mrs. Wm Mellon is recovering from an attack of sickness.

Mr Wm Patterson, of Toronto, visited friends here Friday.

The letter which appeared in the Examiner of last week under the heading of "An Explanation," by the Master of the local L.O.L., has caused considerable comment as to the real writers of the article.

The second of a series of social assemblies was held in the Orange Hall Thursday night.

The teachers of the Sunday school at a meeting decided to start the first Sunday in May and hope there will be a good attendance.

There appears to be quite a demand for farm hands in South Monaghan. No less than three of our young men have been hired there for the coming summer.

THE VILLAGE ELECTRIC LIGHT CONTRACT SIGNED.

THE COMPANY WILL CHANGE A NUMBER OF LIGHTS.

Other Matters Which Were Discussed at the Regular Meeting of the Ashburnham Council.

The Ashburnham council met in regular session last night. Reeve Adams presided, the other members present being Councillors Pollock, Rutherford and Sheridan.

COMMUNICATIONS

were received and dealt with as follows:

From Ladies' Aid Society of Mark street Methodist church, asking for use of town Hall on Tuesday evening, April 11th, when they propose to give an entertainment.—Granted.

In connection with the above, Councillors Rutherford and Pollock moved that the rate of $1.50 be charged for the use of the town hall in which to hold church entertainments, etc., after May 1st, 1899, and that the ladies Aid of Mark street church be granted use of town hall on April 11th on payment of expenses connected therewith.—Carried.

FINANCIAL STATEMENT.

Treasurer Peck presented his monthly statement of receipts and expenditures for the month of March as follows: Total expenditure, $762.54; total receipts, $174.80; overdrafts, $1.78; outstanding cheques, $196.72.

ACCOUNTS

were received as follows:—

Peterborough Light & Power Co	$127 50
Town of Peterborough	43 75
Ashburnham School Board	7 50
Review Printing Co	1 75
S. Weir, cutting charity wood	75
John Kerr	2 50
J C Sullivan	2 50
T Fitzgerald	2 70
Pay Sheet No. 3	22 75
Assessors	30 00
Postage for assessors	75

Councillor Rutherford moved, seconded by Councillor Sheridan, that the accounts be paid.—Carried

ELECTRIC LIGHT CONTRACT.

Councillor Rutherford moved, seconded by Councillor Pollock, that the draft contract submitted by the P. L. & P. Co. be approved of and that the Reeve and Clerk be authorized to sign and affix the corporate seal thereto on condition that the P. L. & P. Co. agree to change the following lights:—At the corner of Robinson and Mark street, from northeast corner to southwest corner; at corner of James and Lake streets, from northeast corner to west side of Lake street, in the centre of James street; at corner of Douro and Stewart streets, from south-west corner to north-west corner, as nearly opposite centre of Stewart street south as possible; that lamp at north end of Lake street be raised 15 feet, and that light at south-west corner of Dickson and Stewart streets be placed at north-west corner of Dickson and Stewart streets; and that the company agree to place a light at Ashburnham wharf, at foot of Mark street, for use during season of navigation.—Carried.

COLLEGIATE INSTITUTE MATTER.

Councillor Sheridan moved, seconded by Councillor Rutherford, that the municipality, in consideration of the Board of Education of the town of Peterborough granting to the children of the ratepayers of this village the privilege of writing at the Entrance Examinations for the Collegiate Institute, and of attending the said institute on the same terms as afforded to the children of the ratepayers of the said town, will pay to the said board the sum of $150 per annum for a period of five years, payable in half yearly instalments on the first days of April and October in each year, the first instalment being payable on the first day of October next.—Carried.

The council then adjourned till Tuesday evening next, at 7.30 p.m.

The best Japan Tea in Peterborough for the money—25 cts. per lb, or 5 lbs for $1. The Spot Cash.

WILL LAST ALL WEEK

The Debate on the Address Continued in the House.

SIX MEMBERS MORE ON RECORD

Messrs. Prior, McCarthy, J. Ross Robertson, Maxwell, Montague and Campbell—The New Member for North Simcoe Tells the Old Stagers to Quit Throwing Mud—The Speeches.

Ottawa, April 7.—The debate upon the address dragged its weary length through the afternoon and evening sittings yesterday with comparatively empty benches. The speakers numbered six, but the end is not yet in sight, apparently, as Sir Charles Tupper, in reply to a question by the Premier, expressed the opinion that the debate will not be concluded this week. The speakers yesterday on the Government side were Mr. Maxwell (Barrard), Mr. McCarthy (North Simcoe) and Mr. A. Campbell (Kent), and on the Opposition side Col. Prior (Victoria,) Mr. John Ross Robertson (East Toronto) and Hon. Dr. Montague (Haldimand). The adjournment of the debate was moved by Mr. Henderson (Halton).

Bills Introduced.

Respecting the Nipissing & James Bay Railway Company, Mr. Bertram.

Respecting the Pontiac Pacific Junction Railway Company, Mr. Hughes.

To incorporate the Edmonton & Stone River Railway Company, Mr. Hughes.

To amend the Criminal Code, Mr. Britton.

To amend the Naturalization Act, Mr. McInnes.

Respecting the attachment of the salaries of public officers and employes of the Government, Mr. Richardson.

Dr. Sproule called the attention of the Minister of Public Works to the imperfect lighting of the reading-room.

The Premier said that the Minister of Public Works was indisposed, but his attention would be called to the matter.

Hon. Mr. Foster called attention to the newspaper reports of trouble with United States customs officers at Skaguay and their refusal to let Canadian goods pass through in bond, and asked the Minister of Customs (Mr. Paterson) if he had any information on the subject.

Mr. Paterson—We have not heard the first thing about it.

The Debate Continued.

Hon. Mr. Prior, in resuming the debate on the address in reply to the speech from the throne, admitted that there was prosperity in Canada, as there was prosperity all over the world, but he denied that the prosperity was due to any action of the present Government. Dealing with the Washington negotiations, he said that while he wanted justice for the sealers, he most emphatically protested against the surrender of the smallest portion of the rights of Canadians on the high seas. He approved of Major-General Hutton's plans for improving the militia, and hoped the Minister of Militia would ask for sufficient money to carry them out. Turning to the administration of the Yukon, he said that the Minister of the Interior appeared to be excusing himself to his own party rather than making a defence of his administration which would be acceptable to the country. Col. Prior then read a statement from a gentleman who was prepared to testify before a proper tribunal, making new charges against the officials of the department, and he concluded by saying that these facts warranted the appointment of an independent commission.

Mr. McCarthy, North Simcoe, began his maiden speech by lecturing the House upon the duties of members on debate in Parliament. He admitted he had heard some worthy speeches on both sides, observations conveying food for thought, but the debate had latterly degenerated into a mud-slinging contest. He thought members ought to confine their speeches to more reasonable periods, but looking at the empty benches he was forced to the conclusion that the speeches were being made for political effect in the country. As to his own position, he stood by the platform of the late D'Alton McCarthy, which called for a lightening of the burden of taxation upon the agriculturists, for the suppression of trusts and combines, preference to Great Britain and better trade relations with the United States.

Mr. John Ross Robertson said that so far as he was concerned the debate might die a natural death, but he felt it a duty to express his appreciation of the great service Sir Charles Hibbert Tupper rendered the country by his attack on official wrongdoings in the Yukon. After carefully reading Mr. Sifton's speech he concluded he had failed utterly either to vindicate his own wisdom or the honesty of his chosen officials. Mr. Sifton had a chance of disassociating himself from the acts of his officials, but he failed to take it. If at the first intimation of wrongdoing he had discouraged instead of encouraging it, he would have relieved Parliament of the duty of insisting on a thorough and searching investigation.

Mr. Maxwell said the speech of the member for East Toronto was "rubbish" unworthy of being replied to. Dealing with the Senate, he said his sympathy was with those who wanted the total abolition of the Senate, instead of amending or patching it up. After touching on the trade question, he took the matter of Deadman's Island, and said that nothing the Government had done for the city of Vancouver would be half so advantageous for the commercial prosperity of the city as the lease of Deadman's Island for commercial purposes. He was quite prepared to show that everything that was done was done openly and above board in every way, in a fair and square way. He was not ashamed of what he had done, and if he had the opportunity of doing it again he would do it with the consciousness that he was doing the best he could for his constituency. He gave Major Walsh a good character for sobriety, and said he did not believe the stories about his immorality, and concluded by discrediting the representations of The Klondike Nugget.

Dr. Montague commenced by complimenting the last speaker as a pronounced free trader in his support of the most strongly protective government Canada has ever had. With reference to the plebiscite, he said that a secret bargain had been made that no action was to be taken after the plebiscite vote unless one-half of registered vote was polled for prohibition, and pointed out that it was ridiculous to expect such a vote to be polled on lists which were three years old. He questioned the Government's sincerity in advocating Senate reform.

Mr. Campbell (Kent) made the closing speech of the evening. He maintained that what the people of Canada want is that every dollar of expenditure incurred shall be made when it is required, and that good value shall be received for it. Every single work that the present Government had undertaken was in the interest of Canada, and every cent of money had been wisely spent, and spent in a way that would return fourfold to the people of this country. The people demanded that the Government should be abreast of the times. The policy of the Government had swelled and increased the trade of the country as nothing had ever done before. They had settled the Manitoba school question. When the revised tariff was brought down the Conservatives denounced it as a tariff that would bring ruin and discredit to the people of the country. But as time rolled on and they saw that it was a tariff that was building up the industries of the country and commanding and receiving the support of the people, their tune changed, and they were saying "you have stolen our clothes." He characterized the Yukon men who are here as a couple of "skedaddlers," who are here to supply ammunition for the Conservatives.

The adjournment of the debate was moved by Mr. Henderson, and the House adjourned at midnight.

Around the Galleries.

Ottawa, April 7.—Mr. Thomas Fawcett, ex-gold commissioner of the Yukon, has arrived in Ottawa. The charges against him have been abandoned under the terms of the commission issued to Mr. Ogilvie.

The deputation of the British Empire League, headed by Sir Sandford Fleming, which waited upon the Premier in regard to the Pacific cable scheme yesterday afternoon, were assured of Sir Wilfrid's sympathetic interest in the scheme, although no definite promise was given.

A deputation of five, headed by Mr. Stratton, M.P.P., Peterboro, has arrived in the city to urge upon the Ministers the advisability of pushing the Trent Valley Canal to completion without delay.

Gomez's New Program.

Havana, April 7.—The Cuban Military Assembly being dead, Gen. Maximo Gomez will take up his program of solidifying the Cuban people into a party that shall, without ceasing, urge the United States to withdraw from the Island. His purpose is to make the people seem to have but one emotion, but one desire—the thought of independence and of absolute separation from the United States.

HE REFUSED RUSSIA.

Menelik of Abyssinia Declines to Help the Czar.

FRENCH ALSO TURNED DOWN.

Great Northern Bear Sent Him 60,000 Rifles, 2,000,000 Cartridges and Machine Guns, But Failed to Turn the Negus From His Settled Policy of Relying Upon Himself—Cable News.

London, April 7.—The Cairo correspondent of The Daily Mail says: "Emperor Menelik has refused the request of the French Government that he should order all exports from Abyssinia to pass through the French port of Ras Jibutil. The Negus also refuses to assist Russia in acquiring Rabeita from Italy, and declines to allow Russia to reorganize the Abyssinian army with Russian officers, although in the hope of securing these concessions Russia sent him valuable presents, including 60,000 rifles, 2,000,000 cartridges and several machine guns."

REAR-ADMIRAL BEDFORD.

The New Commander-in-Chief of the North Atlantic Squadron in Succession to Sir John Fisher.

London, April 7.—Rear-Admiral Sir Frederick George Denham Bedford, one of the Lords of the Admiralty, and former Naval Commander-in-Chief of the British squadrons at the Cape and on the west coast of Africa, has been appointed to succeed Vice-Admiral Sir John Arbuthnot Fisher as Commander-in-Chief of the North American and West Indies station. Sir John Fisher, it is said, will be promoted to the Mediterranean station.

Sir Frederick Bedford, who was born in 1888, is a son of the British admiral, A. E. Bedford. He entered the Royal Navy in 1852, was made a lieutenant in 1859, a commander in 1871, and a captain in 1876, and commanded the Shah in the engagement with the Peruvian warship Huascar in June, 1877. In 1854 he served in the Black Sea. A year later, during the Crimean War, he was in the Baltic, and during the visit of the Prince of Wales to India in 1875 he commanded the Serapis. From 1881 to 1883 he was stationed at the Royal Naval College. In 1884 he organized a flotilla on the Nile. From 1889 to 1892 he was one of the Lords of the Amiralty, and he has served in a similar post since 1895, when he was created a Knight Commander of the Bath. Sir Frederick was raised to the rank of rear-admiral in 1891.

THE TROUBLE AT SAMOA.

It Is to Be Settled by a Tripartite Commission.

Berlin, April 7.—An agreement has been reached between the three powers (the United States, Great Britain and Germany) on two propositions, namely: The appointment by each power of a high official to investigate and regulate the conditions prevailing at Samoa, and the making of unanimity necessary in all decisions of those high officials. The newspapers hail the result of the negotiations with satisfaction.

Cecil Rhodes' Railway Scheme.

London, April 7.—The St. James' Gazette yesterday afternoon announced that Mr. Cecil Rhodes has now obtained a guarantee from the German Government upon the capital of the German portion of the Cape-to-Cairo railroad. German financiers have agreed to provide the capital, and Germany has also agreed to guarantee a certain portion of the interest upon the German cross line from Dar-es-Salaam, 25 miles south of Zanzibar, which is to tap the Cape-to-Cairo railroad.

ESTERHAZY IS A SCOUNDREL.

Some More of the Evidence Before the Court of Cassation.

Paris, April 7.—The Figaro yesterday published the evidence given by Examining Magistrate Bertulus before the Court of Cassation in the Dreyfus case. M. Bertulus, it appears, gave an interesting account of his examination of the late Lieut.-Col. Henry, who committed suicide by cutting his throat with a razor in August last, in the military prison of Mont Valerien, after confessing the forgery of certain documents connected with the affair. The examining magistrate said that when Henry found himself cornered he confessed that Lieut.-Col. Du Paty de Clam and Major Count Esterhazy were the authors of the spurious telegrams aiming to incriminate Lieut.-Col. Picquart, whereupon M. Bertulus said to Henry: "Esterhazy and Du Paty de Clam are guilty. Let the latter blow out his brains this evening and justice will take its course against Esterhazy, the forger, who is now making charges against you, which, if they reach the ears of your enemies, may lead them to accuse you of supplying Esterhazy with the documents." Henry, it further appears, upon hearing this, collapsed in his chair, speechless, and then threw his arms around the magistrate, kissed him on the forehead and cheeks, crying imploringly: "Save us, save us. Esterhazy is a scoundrel."

The magistrate then pressed him for further information against Esterhazy, but Henry begged him not to insist, saying: "The honor of the army before everything."

M. Bertulus also expressed the belief that the veiled lady who figured in the case was no other than Du Paty de Clam himself.

Madame Loubet Wept for Joy.

Montelimar, France, April 7.—President Loubet has arrived here to spend a few days at his native place, which is gaily decorated, the streets being spanned by triumphal arches. He was met at the railroad station by the Premier, M. Dupuy, and a great crowd of people. When the President met his aged mother he tenderly embraced her. Madame Loubet shed tears of joy.

Buy your seed early. The Spot Cash.

"Honesty is the Best Policy."

Never was a more pointed saying put into print, and yet to be honest only because it is policy is a poor kind of honesty. Better change "policy" to "principle" and the world will like you better. In the medical world there is one medicine honest for principle's sake—and that is Hood's Sarsaparilla.

It is the specific of the age for all blood troubles. The liver, kidneys and bowels are all toned up by its action as a cleanser and thus good health ensues. *It never disappoints.*

Rheumatism—"I believe Hood's Sarsaparilla has no equal for rheumatism. It has done me more good than any other medicine I have taken." MRS. PATRICK KENNEY, Brampton, Ont.

Bad Cough—"After my long illness, I was very weak and had a bad cough. I could not eat or sleep. Different remedies did not help me but Hood's Sarsaparilla built me up and I am now able to attend to my work." MISSIE JAQUES, Oshawa, Ont.

Biliousness—"I have been troubled with headache and biliousness and was much run down. Tried Hood's Sarsaparilla and it gave me relief and built me up." A. MORRISON, 89 Defoe Street, Toronto, Ont.

Heart Trouble—"I had heart trouble for a number of years and different medicines failed to benefit me. I tried Hood's Sarsaparilla and three bottles completely and perfectly cured me." MRS. C. A. FLINN, Wallace Bridge, N. S.

A Safeguard—"As I had lost five children with diphtheria I gave my remaining two children Hood's Sarsaparilla as they were subject to throat trouble and were not very strong. They are now healthier and stronger and have not since had a cold." MRS. W. H. FLECKER, Pembroke, Ont.

Varicose Veins—"I have been a great sufferer from varicose veins, which swelled my foot and limb, discharging watery matter. I took Hood's Sarsaparilla faithfully and the sores healed." MRS. A. E. GILSON, Hartland, Vt.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

FRIDAY, APRIL 7, 1899.

KILLING OFF NEGROES.

In Mississipi three coloured men have just been murdered by a mob because they were accused of having wounded a white man's horse. They were prisoners, and it was well known that if they could be shown to be guilty their punishment by the courts would be swift and severe.

About the same time some twenty coloured men were being hunted down and killed, in the southwestern corner of Arkansas, by mobs of white murderers, because it was reported that the Negroes had a race war plot under consideration. No evidence was presented, at any time, which would have counted in a fair court of justice, but the excuse desired was found for a bloody massacre.

In Georgia, a day or two earlier, seven or eight negroes were slain by a brutal and cowardly mob, apparently for no other reason than a vague suspicion of incendiarism. It was a wanton exhibition of race ferocity and murderous brutality. This crime took place within forty or fifty miles of the capital of the State.

These repeated outbursts of beatial fury and utter contempt for the restraints of law and civilization, show how far the South is yet from being more than veneered with the humanity and self-control of the age, in many districts. Under the provocation of race prejudice, savagery of the most cruel and infamous kind is common in widely separated localities, and the American name is likely to be disgraced for many years to come, by the wanton murder of helpless black men by cowardly mobs.—Exchange.

Uncle Sam had better call off his Philippine army, and send them south to do a little civilising at home.

EDITORIAL NOTES.

SIR CHARLES TUPPER didn't stay to deal with Mr. Sifton's deceition of his long speech but delegated the task to a sub-Borden-ate.

THE Toronto News calls Dr. Potts "a prohibitionist who does not want prohibition." Dr. Potts wants prohibition earnestly enough but he doesn't want prohibition that won't prohibit.

Do the newspapers who are hounding Mr. Tarte and impudently reviling him as the "master of the Administration," realise that, while they are adding to Mr. Tarte's popularity by such a course, the fair-minded public regard these attacks as attacks on our French-Canadian fellow-citizens!—another form of the pseudo French domination crusade led by the Mail and Empire and other journals who place partyism before patriotism.

TRIBUTE TO CANADIAN CHEESE AND MAKING METHODS.

Mark this tribute from a foreigner to the excellence of Canadian cheese and the methods of making and to the solicitude of the Dominion Government for the promotion of the interests of the industry. The American consul at Montreal has written for his government a lengthy and instructive report upon the cheese industry of Canada. Among other thing he says:—

"In Canada, the cheese and butter production could never have attained its present position, but for the great interest taken in it by the Government, which has afforded every aid possible to the farmers. The present Minister of Agriculture, Hon. Sydney Fisher, being a practical farmer, has given immense impetus to the trade in farm products—particularly cheese and butter; and, moreover, his knowledge has enabled him to give help that could never have been given by anyone without practical experience. The scattered and heterogeneous population of the North-Western portion of the Dominion of Canada had more than ordinary difficulties to overcome; they were isolated and in many cases remote from the railroad. The Finns, Magyars, and Galicians, as well as the French Canadians, had to be taught every step in the method of making cheese and butter for exportation, and that task can only be appreciated by those acquainted with their conservative habits.

The rapid progress made is best told by statistics, which show that sixty-five per cent. of the cheese in the British market is supplied by Canada. In the year 1871 there were but 383 factories in the country, turning out about $1,600,000 worth of cheese; while in 1897 the number had increased to 2,759 factories, producing over $16,000,000 worth of cheese.

"In Quebec a great deal of money has been spent by the local legislature, according to the public accounts, on lectures, schools, etc., with varying success. Now, however, the Dominion Government gives a grant of $3,000 per annum for lectures, schools, etc., with varying success. Now, however, the Dominion Government gives a grant of $3,000 per annum for lectures, and much good work has been done by the two governments in co-operation.

"In this province there are syndicates of cheese factories and creameries. A syndicate is a group of from fifteen to thirty factories, the representatives of which agree to contribute a stated amount for the payment of an inspector. These have been assisted by the Provincial Government to the extent of half the expenses, up to $250 for each syndicate, as the Government's share. A special course of instruction is provided for the inspectors of these syndicates, and a condition for their qualification as inspectors of these syndicates was that they should possess a certificate from the dairy school at St. Hyacinthe."

THE NICKEL OUTPUT.

According to the report of the Director of the Bureau of Mines, during the year 1898 there was a substantial increase in the amount of nickel ore taken out of the Sudbury mines. In 1897 the total value of nickel and copper taken from the mines in that district was $559,718, while last year it was $792,300, or an increase of $232,582, nearly 50 per cent. more than in the year 1897. This increase in the output indicates that there is a demand for nickel for other purposes than those for which it has been chiefly used in the past, and it is a proof that if the mines were worked to their full capacity, the minings of this metal would become one of the most important industries in the Province of Ontario in a very short time.

MILLBROOK.

(From Our Own Correspondent.

The many friends of Mr. Chas. Argue, of Cavan, will be sorry to learn of his very sudden demise, which occurred on Tuesday evening last. Mr. Argue arose at his usual hour on Monday morning, and shortly afterwards went out to the pump to get a pail of water. Not returning as soon as expected, his wife went out to investigate matters and was horrified to find her husband in a half lifeless condition in the yard, having been stricken with apoplexy. On Tuesday evening he passed peacefully away, never having regained consciousness. Mr. Argue was one of the most highly respected farmers in the township of Cavan, where he has lived all his life. He was 69 years of age and leaves a wife and family of eight to mourn his loss. Deceased was the father of Mrs. Grant Richardson, Charlotte street, Peterborough.

The A. B. Scott Co., are this week having placed in the front of their store, two elegant plate glass windows.

Mr. Walter Collins of the Bank of Commerce, Paris, spent his Easter holidays in Millbrook with his parents.

The fire company are making arrangements for their annual 24th of May celebration. The events this year will most likely consist of horse races and bicycle races.

The Millbrook cricket club will be reorganized at an early date.

Mr. Tommy Nattrass has bought out the barber business of Mr. Bruce McPherson.

Mr. W. D. Leach has accepted a situation in the drug store of Dr. Brereton, Bethany.

Mr. Alonza Fee, proprietor of the Victoria Hotel, who was not granted a license last year, has applied for a licence this year.

Messrs. Morgan Curry and Franklin Allan are home from Trinity College School, Port Hope.

Mr Fred Leach is home from Port Hope High School.

Trumpeter Burnham, of "B" (Millbrook) Squadron 3rd P.W.D., has just returned from Stanley Barracks, where he has undergone a three months' course of instruction. He obtained a second class certificate.

Miss Hawley, of Port Arthur, is the guest of Miss Annie Wood.

Miss Harold Armstrong, captain of the Colts' hockey team, Peterborough, is in town visiting friends.

Mr. W J Eakins recently for Winnipeg, and other western points.

Miss Clarry is visiting in Cobourg.

Mr. Fred Byers, of Bowmanville, son of Mr. Jos. Byers, of South Monaghan, was in town last Monday.

Miss Jennie Hillier left Monday for New York. She will enter an hospital.

A Boon for Catarrh Victims.

We offer our readers a new remedy for catarrh, bronchitis, irritable throat, colds in the head, droppings in the throat, and kindred affections in Catarrhozone. There is no mystery about it, but the effect is magical. Ointments, washes, and snuffs cannot reach the diseased parts, and have been proved worse than useless, but Catarrhozone is carried directly by air to the diseased parts, and is like a breeze from the pine woods. Outfit $1.00. Send 10 cents for sample bottle and inhaler.

N. C. Polson & Co., Kingston, Ont.

A WARNING TO WIVES!

A Man Is Justified in Thumping His Better Half Sometimes.

St. Louis, Mo., April 7.—A decision was rendered by Judge Peabody in the city Police Court yesterday, that under certain conditions a husband has the right to beat his wife. The case was of one Bernard Kreitzer, charged with beating his wife because she would not agree with him in the management of their children.

Judge Peabody said in passing judgment: "In this case the wife was more guilty than the husband for trying to contradict and thwart her husband's will in the presence of the children, and setting them a bad example, which he had a right to rebuke.

"There are times when a wife irritates her husband to such an extent that he cannot control himself and uses his hand or fist. As long as no serious harm is done I believe in punishment."

Hairene for the Hair.

Dr. Andrew Grant & Co., Toronto.

Dear Sir,—My hair has been falling out for nearly a year, and was getting very thin and dry. I purchased one bottle of your celebrated "HAIRENE" which has thoroughly restored my hair and removed all dandruff, and I can cheerfully recommend so valuable a preparation.

Yours truly,

Port Hope, Ont. GEO. T. MAYNARD.

COLD CURE

DON'T NEGLECT

PAINTING

As soon as the job can be done. Never put off 'till to-morrow what you can do to-day,

One coat in time will save several.

Paint is the clothing of whatever it covers.

The cheapest way to keep a building is to keep it painted.

While you are about, it'll pay you handsomely to use our Paints, which will be found to be the most lasting. A single order will prove our claim.

Ready Mixed Paints of standard value. Pure White Lead, Oils, Turpentines, Glass, etc—none better—none lower in price.

Kalsomine and Colours. Paint and Whitewash Brushes, etc., reliable and right.

WARDE & HALL

Dealers in Hardware, Paints, Oils, Glass, Etc.

THE GERLACH EXPEDITION.

Belgian Antarctic Expedition Got to a Latitude of 71 Degrees 36 Minutes.

Brussels, April 7.—Fresh details have been received regarding the arrival of the Belgian South Pole expedition, in South America. The expedition, when stopped by ice, was near Alexander Island. It had travelled to latitude 71 degrees 36 minutes, and discovered new lands, new seas and many volcanoes.

One officer, Lieut. Danco, in charge of the magnetic observations, died in June.

Some months earlier the expedition lost a young Norwegian, named Wincke, n excellent draughtsman, who illustrated the expedition.

The members suffered from cold in September, when the minimum was 48 degrees below zero.

Captain de Gerlach does not state whether he intends returning toward the south pole, or coming back to Europe. Doubt is thrown on the matter by the fact that he wires for his correspondence to be sent to Punta Arenas.

Villages to Burn.

Peking, April 7.—The Governor of Kiauchou has given orders to burn two Chinese villages in the neighborhood of Ichou, a short distance from Kiauchou, where the German patrol was recently fired upon. The orders, however, are considered here to be arbitrary and unnecessary, and are considered unlikely to be approved by the officials of the Government legation, to whom the Chinese Foreign Office yesterday sent a mild remonstrance.

A Missing Prince.

Vienna, April 7.—The mysterious disappearance of Prince Lyonel de Dampiere, a noted figure in Continental society, is puzzling the police of Vienna. Toward the middle of January he registered at the Grand Hotel. The day after his arrival the Prince went away, saying that he was to join a hunting party in Hungary. Since then all trace of him has been lost. His luggage, valuables and also dozens of letters await him at the hotel.

Omdurman a Pest Hole.

London, April 7.—The Cairo correspondent of The Daily Telegraph says: "All the Anglo-Egyptian troops have been removed from Omdurman, owing to the persistence of the disease of cerebro spinal meningitis, due to the former unsanitary condition of the town. It is intended to allow Omdurman to become waste.

A Very Serious Matter.

Berlin, April 7.—The Prussian Diet is disturbed over the question of an appropriation for a carpet for the Chamber of Deputies. Many of the Deputies, including Count Limber, are opposed to the idea, because so many of the members are chronic tobacco chewers.

That Throbbing Headache.

Would quickly leave you, if you used D. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headache. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by J. Lynch, Druggist.

A Mean Inference.

A young physician was once called in by a gentleman who had a very sick mother-in-law. After looking into the case carefully the young M. D. called the gentleman aside and said, "Well, the only thing I can suggest is that you send your mother-in-law to a warmer climate."

The man disappeared and came back with an ax a moment later and exclaimed: "Here, doctor, you kill her! I really haven't the heart."

Dr. Chase Cures Catarrh After Operations Fail.

Toronto, March 16th, 1897.

My boy, aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the General Hospital. Since then we have resorted to Dr. Chase's Cure, and one box of this medicine has made a prompt and complete cure.

Children Cry for
CASTORIA.

THE UNITED EMPIRE LEAGUE.

Annual Meeting at Which Important Resolutions Were Passed.

Ottawa, April 7.—The annual meeting of the United Empire League was held in the railway committee room of the House of Commons, Lieut.-Col. Denison presiding. The executive committee's report was passed, as were resolutions in favor of the Government establishing a superior Atlantic service, the establishment of a naval reserve in Canada, the placing of our defences on an efficient basis, and the establishment of a Pacific cable. The old officers were re-elected, and Gen. Hutton's name was added to the council.

Robbing Our Fisheries.

Amherstburg, April 7.—The Canadian waters of the western end of Lake Erie are literally covered with gill nets belonging to American fishermen. They place and replace the nets with steam tugs, and as the Petrel, the Canadian Government cruiser, is frozen in at Goderich, no one can interfere with the American fishermen, who are making great hauls.

A Frightful Blunder.

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cents a box. Cure guaranteed. Sold by J. Lynch, Druggist.

HERE IS A NEW TROUBLE.

Costa Rican Insurgents Are Levying Forced Loans.

Washington, April 7—The Detroit, now at Laguayara, has been ordered post haste to Costa Rica. The American business interests and residents there are in trouble, as a result of the insurrectionary movement in progress. It is understood that the insurgents are levying forced loans on them, besides collecting exorbitant and double duties on imports, and the State Department has been appealed to.

The Department has also acted vigorously in the interest of the American residents at Bluefields. The United States diplomatic representative at Bluefields has been instructed to lodge an energetic protest with the Nicaraguan Government against the arbitrary and extortionate action of Gen. Torres, and this will be followed up by more substantial action if the protest be disregarded.

INTENSE SUFFERING

FROM DYSPEPSIA AND STOMACH TROUBLE.

Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets.

A New Discovery, but not a Patent Medicine.

Dr. Redwall relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered to my knowledge for years with dyspepsia. Everything he ate seemed to sour and create gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a fifty cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given, and after he had used four boxes he was to all appearances fully cured.

There was no more acidity or sour watery risings, no bloating after meals, the appetite was vigorous and he has gained between 10 and 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe.

Stuart's Dyspepsia Tablets are made by the F. A. Stuart Co., of Marshall, Mich., and are sold by druggists everywhere at fifty cents per package.

Little book on stomach diseases mailed free, address, F. A. Stuart Co., Marshall, Mich.

TO CURE TOOTHACHE IN A MINUTE Use NERVOL. One application cures; if not, your money back. Equally good for Neuralgia and Headache. 25c, at all Druggists.

NEWS IN A NUTSHELL.

Telegraphic Briefs That Contain Much of the Day's News.

There are 39 claimants of the estate left by James Lyson, the Australian millionaire, who died recently without known heirs worth about $35,000,000.

All danger of a strike by the Hamilton city moulders has passed. They met on Thursday evening and decided to accept the manufacturers' offer of ten per cent.

Henry de Wolfe, editorial writer for The Woonsocket, R.I., Evening Reporter, committed suicide by shooting near the grave of his wife, who was buried yesterday in South Uxbridge.

Bad water at Malolos is causing much sickness among General MacArthur's men. One hundred and twenty-five men have been prostrated with diarrhoea and dysentery from this cause.

A marriage bureau at Berlin has sent drummers throughout the country to increase its business. The agents report favorable receptions everywhere and the novelty is proving successful.

Santiago Menighy, alias Mexican Morphy, wanted in the City of Mexico on the charge of embezzling $10,000 in bank funds, was arrested at the Stratford Hotel in Kansas City, Mo., on Thursday.

Ex-Secretary Sherman has now so far recovered from his recent attack of pneumonia that he is able to be about the house. The condition of Mrs. Sherman has also improved to the degree that she is able to walk.

The majority of the Toronto pattern-makers who went on strike have returned to their labors at the wages they asked for. Owing to the great demand for pattern-workers, the firms were unable to hold out against the increase.

Gen. Otis has sent a despatch replying to enquiries made in regard to one Huber, as follows: "Huber, hospital corps, insurgent prisoner; passed beyond lines without permission, seven days before hostilities commenced, having camera and revolver. Believed to be alive."

His Life Was Saved

M. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken by Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and $1.00, at Jas. Lynch's Drug Store, every bottle guaranteed.

Montreal Again Scorched.

Montreal, April 7.—Montreal was visited by another big fire last night. Shortly before 11 o'clock a fire started in Garth & Company's foundry on Craig street. The entire brigade was called out, and after an hour's struggle managed to get the fire under control, but not before the whole foundry had been destroyed. The loss is estimated at between $60,000 and $75,000, covered by insurance.

Toy Cannon Exploded.

Gananoque, April 7.—Willie Henderson, son of Richard Henderson of this town, was last evening playing with a toy cannon, which exploded, the powder entering Henderson's eyes. He may lose his sight. Medical aid was at once summoned, and on advice he was taken to Kingston Hospital.

To all who find themselves with health gradually slipping away, kidney and liver so disorganized that the are incapable of keeping the system free from poisonous waste material, stomach disordered, bowels constipated, head aching, back paining, take Dr. Chase's Kidney-Liver Pills. The quick way they help you back to health will surprise you.

ALL HEADACHES

from whatever cause cured in half an hour by HOFFMAN'S HEADACHE POWDERS

10 cents and 25 cents at all druggists.

BIG RAILROAD PLAN.

PROPOSED PAN-AMERICAN LINE TO LINK THE CONTINENTS.

An All Rail Ride From San Francisco to Buenos Ayres One of the Possibilities of the Future—Report of Intercontinental Commission.

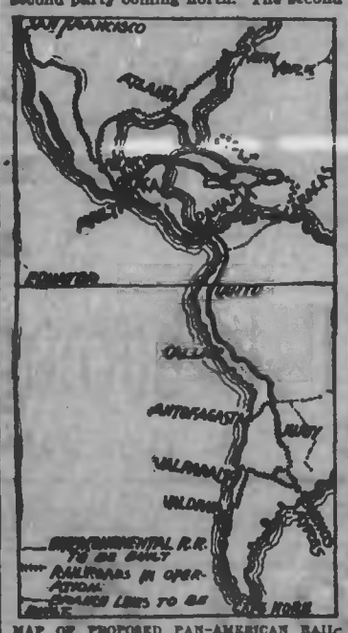
Other folks besides Cecil Rhodes and the czar can dream of continent linking railroads. Uncle Sam has some very definite dreams about this sort of an enterprise. In fact, he has talked the plan over with his neighbors, and the beginning of the new century may see his dream realized. It is quite within the bounds of probability that within a dozen years or so a passenger may take a railroad train in New York city and ride clear to Buenos Ayres.

Over nine years ago the intercontinental railway commission was called into existence at Washington to study the feasibility of constructing a trunk line from the United States through the republics to the south of us, so that by means of this line and branches running from it all the Latin states of the Americas might have direct land communication with this country. The surveys and other studies that the commission undertook were completed in 1892, but it has taken a long time to work out the enormous mass of data collected by the survey parties, and the full report of the commission has only just appeared.

The commission grew out of the deliberations of the international American conference which assembled in Washington, by invitation of congress, on Oct. 2, 1889, nearly all the Latin republics being represented. This conference recommended the appointment of an international commission of engineers of whom each nation should appoint three, with authority to employ as many other engineers and workmen as were needed to study proposed routes for the intercontinental railroad.

Congress appropriated $65,000 as the share of the United States toward the preliminary survey. All the countries interested were expected to contribute to the cost in proportion to their population. The commissioners appointed by the various republics held their first meeting in Washington on Dec. 4, 1890, when Mr. A. J. Cassatt, one of the delegates from the United States, was elected president.

The commission at once organized three survey parties. One of them went to Central America to survey a line from Mexico southward until it met the second party coming north. The second



MAP OF PROPOSED PAN-AMERICAN RAILROAD.

party went to Quito, Ecuador, to survey northward until it met the first party. The third corps was to survey southward from Quito through Ecuador and Peru to Lake Titicaca, on the border of Bolivia.

The object of the surveys did not contemplate the location of a railroad or the preparation of detailed estimates, but simply the ascertainment of the feasibility of constructing the trunk line within the limits of reasonable cost. The character of the whole work is therefore of the nature of a preliminary railroad survey, with descriptive memoirs and approximate estimates. The surveys resulted, however, in a good deal of valuable geographical work.

In brief, the recommendations of the commission, based upon its surveys, may be summed up in the statement that the proposed intercontinental route will follow meridional valleys or valleys bearing approximately north and south among the cordilleras. The line is to be connected with important centers by branch railroads, some of which are already built, though the longer branch lines must be constructed.

The entire main line will follow the axis of the cordilleras from the southern border of Mexico to Lake Titicaca. At that lake the railroad is to pass to the east of the Andes ranges, utilizing lines already built or projected to carry the route south as far as Huanchaca.

The line passes through every state of Central America and all the Pacific coast states of South America excepting Chile, whose chief coast towns, Antofagasta, Valparaiso and Valdivia, will be connected with the trunk line by branch roads already in operation.

The commission estimates that the total length of the all rail route from New York city to Buenos Ayres will be 10,228.06 miles. Of this 4,771.93 miles are already built, leaving 5,456.13 miles to be constructed. The estimated cost for grading, masonry and bridges on the road to be built is $174,290,871.

When this pan-American railroad was first conceived, nothing was said about extending it farther north than San Francisco, but now the project needs amending. "Why not have a railroad from one end of the western hemisphere to the other?" is being asked. And why not? The center of Alaska is being pierced by iron rails. If the Transsiberian railroad should be pushed through to the shores of Bering sea, the pan-American would meet it at Cape Prince of Wales, and an all the way around the world railroad would be the result.

ONLY FOUR BOXES

Of Dodd's Kidney Pills Were Needed to Cure Mr. Willis.

Woodstock, Ont., Apr. 3.—There are many Woodstock people who owe their good health, and others who are indebted for their lives, to Dodd's Kidney Pills.

Among the former is Mr. Mase Willis, 295 Dundas street, who has recently made his story public.

"For several years," says Mr. Willis, "I have suffered from Kidney Troubles, pain in the small of my back, etc. I got alight relief from some of the various medicines I used. My son, who was cured by Dodd's Kidney Pills, urged me to try them. I did so. I have used four boxes and can safely say I am cured."

A Diplomatist.

"I say, Jimmie, d'yer ma beat yer when yer got in last night?"

"No, yer bet she didn't."

"My! Yer got off easy!"

"Yes; yer see, she was 'fraid I'd yell so loud I'd wake the baby."—Nuggets.

More Than He Bargained For.

"I was an intimate friend of your late husband. Can't you give me something to remember him by?"

Widow—How would I do?—Toledo Bee.

Otherwise Occupied.

She—Do you think love makes the world go round?

He—No; true love hasn't time to attend to such trifles.—Nuggets.

MARKET REPORTS.

Chicago Wheat Fluctuates According to the Talk of Crop Conditions—Liverpool Steady—Prices.

Liverpool, April 7.—Wheat futures yesterday closed quiet, 1-8d per cental above the previous final figures.

Chicago, April 7.—Wheat market was fairly active yesterday. Prices of futures opened ¼c below Wednesday's close, but soon rallied on general speculative buying, induced by continued crop damage reports. The May option touched 73½c. A late reaction of a full cent occurred and the market closed at 72 5-8c for May, with the July option quoted at a premium of 1-8c.

Leading Wheat Markets.

Toronto Live Stock.

Toronto, April 7.—Receipts of live stock were large yesterday—50 car loads—consisting of 900 cattle, 200 sheep, 1,000 hogs and 120 calves. The quality of fat cattle was fairly good. In a general way trade was fairly brisk, as a large amount of business was transacted before noon, but at the same time there was a large number of fat cattle (especially shippers) unsold, buyers and sellers apparently waiting for Friday's market.

Made to be Walked On

Ordinary paint will not do to paint floors. It will neither look well nor wear well. A special paint is needed. It must be ready-mixed, ready for use. It must flow easily, have a bright, glossy finish, dry quickly and must not blister, crack, peel or rub off. It must have a hard surface combined with unusual elasticity, to stand being walked on—the hardest kind of wear. Just such a paint is

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1898 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used, Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

Point St. Charles Mill Started up.

Mr. Alf. McDonald, of the Point St. Charles mill, has started the planing machines in operation, and the hum of industry has been heard all week. In addition to the dressing of lumber and building material, Mr. McDonald has put in a complete outfit for the manufacture of packing boxes, which promises to be a live department in this well-equipped mill. The entire top storey is to be utilized for box-making, and orders have already been booked for supplying quite a number of local manufacturing firms who formerly got their boxes out of town.

A Really Excellent Company.

Last night, the first of a season of three nights, Paul Casseneuve and his excellent company, presented "Faust" to a large audience at the opera house in an especially excellent manner. Paul Casseneuve as Mephisto gave a superbly diabolical personation, and the parts of Faust, Marguerite and Dame Martha were also capitally taken. The support was good and the well balanced company afforded a delightful treat. The scenic effects were grand and the play was put on in a generally most effective manner. This company can be most highly commended to Peterborough play goers. To-night "David Garrick" will be given.

MEN'S BLACK SUITS AT GRAFTON & CO.—$10.00

Manufactured from high class imported clay and Venetian worsteds cut in the latest style, lined up fine, double warp [illegible] cloth notch collar, vest [illegible] top pocket in pants, all [illegible] piped, and properly [illegible] throughout. Same suit ordered would be $15.00. Grafton & Co. Price $10.00

TRENT VALLEY CANAL.

The Deputation Interviews the Government at Ottawa.

The Globe's Ottawa correspondent says: "Messrs. J. R. Stratton, M.P.P., West Peterborough; W. B. Morrison, Trenton; W. Boyd, Bobcaygeon; John Carnegie and D. W. Dumble, representing the constituencies along the Trent Valley Canal, had a private interview with the members of the Government to-day, in which the necessity of completing the 20 mile stretch which is yet unfinished, and on which but three miles of actual canal work remains to be done, was discussed.

BURLEIGH FALLS ELECTRIC SYNDICATE.

Encouraging Progress Being Made Both at Peterborough and Lindsay.

Mr. J. Alex. Calverwell, manager and promoter of the Burleigh-Falls-Lindsay-Peterborough Syndicate has been meeting with additional success the past week in his solicitations for light and power revenue. He has now closed some seventy-five term lighting contracts in Peterborough, on the business streets, including some of the largest lighting contracts in town.

In Lindsay the Burleigh Syndicate has secured, he states, one-half the present lighting revenue, including the town corporation contract, and has also secured all of the available power contracts also.

The committee appointed by a general meeting of the business men in Lindsay to further the Burleigh Falls enterprise are most enthusiastic as to the outlook, and seem to think that over eighty per cent. of the lighting of Lindsay will have been secured by the Burleigh Company by the time they have turned on the current.

THE MAN FROM GALWAY.

His Successes in His New Northwest Home.

Mr. Wm. McConnell, of Roland, Manitoba, a former resident of Galway, in sending the renewal of his subscription to the Examiner, writes:

We are all well and had good crops last year, 125 acres wheat, 28 bushels per acre; 21 acres oats, 60 bushels per acre, 8 acres of barley, 60 bushels per acre; wheat all graded no. 1; hard the boys only had one quarter sections, 160 acres, but last May we purchased three quarters more, (480 acres,) making 640 acres in all; the boys broke up 95 acres of the new purchase last year and have it ready for seeding, so that this year we shall have, if spared, over 240 acres in crop, and if a good year, we expect to have between 5,000 and 6,000 bushels of wheat, besides enough oats and barley for feed. Is would take the most of Galway to raise that much wheat. R. McKee has got a quarter section alongside of the 480 acres we bought, and expects to put 100 acres in wheat, and 15 acres in oats and barley. He has the ground ready and seed procured. Geo. Martin has not gone on a farm as yet, he is still knocking around.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—There will be no practice of St. John's choir this evening.

—The Rautenberg's will assist in both the morning and evening services on Sunday in St. Andrew's church.

—Mr. A. McIntosh will be at the rink this evening, to allow skaters and curlers to remove their skates, stones, etc., before the rink is sealed up for the summer.

—If you remove from the cellar every vestige of vegetable substance that may be in a state of decay, you may escape a period of illness and also a doctor's bill. The cleaning of the cellar is a profitable job, and it should be done this month.

—Many of the camps where scores of men have been employed in lumbering during the winter, were deserted the beginning of last week, their season's work having been completed.

—Steamboat men feel doleful over the prospect of a late opening of navigation, and gloomily refer to a year in the misty past when the ice did not go out until the 9th of May.

—The management of the Paul Casseneuve Company have decided on a change for to-night's programme, instead of the "Strategists" the company will present the romantic comedy "David Garrick." This being the first time this comedy has been give here, the theatre going person will no doubt appreciate the change. Seats now on sale, Price 15, 25, 35 and 50c.

Sore Back Cured in 15 Minutes.

Griffith's Menthol Liniment is the quickest cure for sore back from any cause. It goes direct to the spot, relieving in a few minutes. You will find it superior to plasters or any other application. It relieves the pain the minute applied. Sold by Ormond & Walsh, Druggists, Peterborough, Price 25 cents.

Geo. Hall

has removed to the rooms over Oak Hall formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at [illegible] price cut, only $3.50; why buy ready-[illegible]? Every age and style is met—every desire is secured. Ladies' tailoring in all [illegible].—GEO. HALL, over Oak Hall. 30

A $65.00 watch and chain "free" to some customer at The Spot Cash.

ANOTHER NEW YORK FIRE HORROR.

Several Persons Burned to Death.

Special to The Examiner.

New York, N.Y., April 7.—A fire which started in the residence of Wallace Andrew the millionaire president of the New York Steam Heating Company, at No. 2 East 67th Street, early this morning, caused the death of ten inmates, namely—the millionaire and his wife, their daughter, and her three children, and four of the servants.

OBITUARY.

Death of W. J. McKibbin, who was Born in the County In 1828.

The death took place in Lakefield yesterday of William John McKibbin, aged 71 years, late of the township of Smith.

The deceased was born on the homestead, where he spent his years, in Smith, and was doubtless amongst the oldest residents of the county. He was a son of the late Walter McKibbin, Esq., who came from the North of Ireland and settled here some years prior to the time of the arrival of the Peter Robinson emigrants. The exact date of his arrival is not known, but a letter was sent him in 1820 from a brother in Virginia, announcing the latter's intention of riding from that state on horseback to Canada. That he visited his brother is testified to by the fact that the hoof marks of the horse he bestrode, was traced for miles by a couple of settlers, under the mistaken idea that they were tracing a moose. The horse was the first in the district and as it wore no shoes, the mistake could easily occur.

The deceased left three brothers and one sister, viz., Samuel, of Lakefield: James and Robert of Smith Township, and Mrs. Shields, of Young's Point. A widow and four children survive. The latter are Mrs. Jos. McKee, of Hastings; Mrs. Coleman Blewett, of Smith; Mrs. Nelson, of Western Ontario, and Samuel who lives on the old homestead.

Mr. McKibbin was a Presbyterian and a staunch Reformer.

The funeral will take place on Saturday afternoon at 2.30 o'clock, interment taking place in the Lakefield cemetery, near Ray's School House.

THE LATE HELEN M'NAB.

The announcement of the sudden death of Mrs. Charles H. Gaele will be received with sadness in Peterborough. The deceased was a daughter of the late Robt. McNab, of town, and after the death of her father lived for many years with her uncle Mr. R. B. Rogers, Ashburnham.

She was wedded about ten years ago to Charles H. Gaele, of the Bank of Toronto, and accompanied him to Montreal, a few years latter, when he was transferred to that city.

The funeral will take place on the arrival of the 4.45 p.m. C.P.R. train on Saturday.

DAILY TEMPERATURE RECORD

The following are readings of the official thermometers for this morning, as well as the highest and lowest yesterday—shade temperature:—

	Highest.	Lowest.
To-day, 7 a. m.	34° above zero

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

A FAST PAIR.

Mr. Jim Miller, of Keene, has been devoting for some past years much of his time and attention to the careful selecting and breeding of some fine drivers; and as a result is now the happy possessor of a fine span of road horses.

One of these is a gray mare, "Spider," sired by Harold Hartwood, by Hartford, sire of Robert J., who holds the world's pacing championship record for a gelding at 2.01¼. This mare is dashing in style, a model in action, and possesses the almost pure blood of some of the fastest horses on the track; and indeed throws no discredit on her speedy relatives.

Her mate "Floss" is a pretty dapple bay of admirable style, splendid action, and for a three year old, of astonishing speed. She is bred from "Elm City" by "Stromboul" 2.07¼. Her dam was sired by "Thunder." Stromboul has 26 in the 2.30 class. A week ago the writer rode with Mr. Miller a distance of 13½ miles, over heavy roads in 1 hour and 2 minutes. The beauties were then apparently as fresh as when they started, and required considerable persuasion to slow up. This locality possesses some fine horses, but none that are in any way equal to this handsome pair. Mr. Miller is to be congratulated in his rare possession.

Daily Examiner.

FRIDAY, APRIL 7, 1899.

BACK FROM SOUTH AFRICA.

Mr. Will H. Crowe Returns Home Healthy and Well-to-Do—His Experience in Johannesburg—News of the Other Peterborough Boys.

This morning Mr. Will H. Crowe, who three years ago went to South Africa in company with Dr. Brennan, Fred Irwin and Jack Smith, called at the EXAMINER *Office*. He has been on the journey from Johannesburgh since Feb. 5th. He struck Canadian soil at Fredericton, N. B., where his brother is in business, and hurried home on account of the serious illness of his uncle, Mr. Jas. Hall, but arrived on Monday too late to see him alive. Since that time Mr. Crowe has been staying in the country. He comes home in excellent health, having never had a day's illness since he left Peterborough. He has done well in financial matters in President Kruger's capital by strict attention to business, having avoided the many temptations to speculative "hastening to be rich." Mr. Crowe has not decided whether he will stay in this Christian country or return to Johannesburgh. He has never regretted in a financial way that he made the Johannesburgh venture, but life is something more than meat and raiment. Times are dull there at present and the conditions of residence are not desirable. While the Transvaal is nominally a republic it is in effect a most absolute monarchy, amounting in some respects to tyranny. An English speaking person doesn't get any unnecessary favours. President Kruger, Mr. Crowe says, is affable and genial in private life, where he has met him on several occasions. Here he can speak English fluently enough, but within a few minutes afterwards at some public function, he knows no English, and communicates with persons speaking that language through an interpreter. The Boers are afraid of the English language, and it is practically tabooed. The hostility in late years has gone so far as to change the name of streets that had received English appellations to Dutch. The constabulary employed to maintain the Boer idea of order are extremely ignorant, and it is asserted that five out of six could not answer a stranger's enquiry as to the name of the street he was on. They are not afflicted with courage to any extent. It takes two to make an ordinary arrest, but no fewer than four persons will undertake to arrest an English-speaking person. Then the sanitary conditions are not perfect. There is no sewerage through the gutter, in which rubbish is thrown and flushed every morning. Yet Sir Hibbert Tupper demands that the Government should have put in a complete sewerage system in Dawson with hot and cold water on tap, before the place became a city. Then property in not safe, and a man has to sleep with both eyes open to hold what he has. The Kaffirs are notorious thieves and robbers. At night they come forth naked, with their bodies greased to make them so slippery as to be impossible to hold in case of detection. Dr. Brennan and Mr. Crow occupied a house together. They were robbed four times by Kaffirs, considerable spoil having been secured each time. On one occasion so complete a clean-out of clothing was made that both were confined to the house till a free supply was obtained. On one occasion Dr. Brennan, who sleeps with the revolver presented him by the 57th Battalion officers previous to his departure, winged a Kaffir so severely that he will never attempt to invade another ex-soldiers residence. There life is very dreary shut in the Transvaal, there is no water nearer than thirteen hours travel, and the social conditions are altogether undesirable.

While Mr. Crowe reports having prospered, he says that Dr. Brennan is also doing well. He has a fine office and residence, a drugstore employing two assistants, and a private hospital. He is still an ardent stamp collector, but a Kaffer—the one the doctor winged—recently stole a cash box containing a large and rare philatelic collection. The doctor still keeps up his interest in the 57th, and loaded up the returning Mr. Crowe with cordial messages to his old mess mates.

Mr. Jack Smith, who went out with the party, left Johannesberg a year and a half ago to go to Bulawayo. He promised to write to his friends in Johannesburg, but they have heard nothing from him since.

Mr. Crowe has not decided upon his future movements, whether he will remain in Canada or return to South Africa. He will be in town a day or two, and then leave to visit his wife and family, whom he has not seen for three years, who are staying with his father in law in Sarnia.

Mr. Crowe brought back with him a large number of curios, including photographs of natives, and of Dr. Brennan's residence, drugstore and hospital, and including a lady's brooch composed of real lion's claws mounted in virgin gold. These may be seen till Monday in the elegant south store window of the Peterborough Bookstore, they are well worth seeing.

THE BAZAAR IN AID OF THE YOUNG MEN'S CHRISTIAN ASS'N.

It Opened Yesterday Afternoon at Two O'clock and is a Great Success.

BEVIES OF PRETTY GIRLS IN ATTENDANCE.

The Public Appreciates the Object for Which Funds are Being Raised, and the Patronage is, Therefore, all That can be Desired—Open Again To-day and This Evening.

That the Y.M.C.A. bazaar has developed into an unqualified success goes without saying. Failure does not usually attend ventures of this nature, when taken in hand by the good ladies of Peterborough, and the Y.M.C.A. Auxiliary appears to count amongst its members those best qualified to work up to a successful issue an affair of this kind, when their hearts are in the work of attaining satisfactory results.

A steady stream of visitors began ascending the Y.M.C.A. steps at about the hour of two o'clock, when the doors were opened to the public. Money flowed freely into the coffers from the start and every merry shilling gave a fresh incentive to the work.

Wonders have been worked in the decorating of the hall, which presents a

MOST PLEASING APPEARANCE.

The main auditorium could not bound the limits of operations, which gradually extended until all the rooms in the second story were occupied.

After the nominal tribute of ten cents has been levied on the visitor at the door, entrance is obtained to the main hall, and a rare attractiveness is lent the beauty of the scene by the bevies of pretty girls, who are assisting the ladies of the Auxiliary in their praiseworthy attempt to free the Association from debt.

The great folding doors dividing the two class rooms from the hall have been removed. In the first alcove Mrs. McAllister holds sway, and a peep into her domain will well repay the visitor, who is immediately transferred to the mystic land of the "Rising Sun," the room being fitted up as a Japanese tea house. Placques of strange device hide the walls, and decorated screens with appropriate figures add effect to the Eastern significance so apparent in the apartment. A cosy corner, where the divan is draped in rugs and skins, and overhung with a large parasol, looks very enticing and as customers are smilingly taken in hand by either Miss Alma McCollum, Miss Marion Sherwood or Miss Grace Barnett, clad in fetching Japanese gowns, one finds it very difficult to leave these cute Oriental damsels, who are serving cocoa and tea at such a ridiculously low figure.

The next class room is a symphony in

PINK AND GREEN

and the decorations are the daintiest imaginable. The walls are draped with festoons of delicately shaded material in these colours, and a great palm in the rear makes a pretty background. Confections of every conceivable kind have been donated for this booth, and the receipts must have been very gratifying at the close of the evening. The operations here are in charge of Mrs. Chas. McGill, Mrs. Peter Campbell and Mrs. R. M. Dennistoun, who are materially assisted by Miss Halliday, Miss Annie Hall, Miss Helen Boucher, Miss Alice Meade, Miss Rackham, Miss Moore and Miss Manson.

Across the entire eastern side of the hall runs a table which is loaded down with fancy and useful articles of every imaginable description. Mrs. McKibbon fittingly describes the situation when she states that everything from a needle to an anchor reposes on that table. It is covered, literally stacked, with the most dainty and exquisite fancy work that one could wish to see. The useful articles are also the result of the work of pretty fingers and consist of aprons, children's underwear, etc. Those

AT THIS TABLE

are Mrs. McKibbon, Mrs. Fessenden, Mrs. W. H. Hill, Mrs. Geo. Munro, Mrs. Sam. Munro, Miss Fair, Miss Dickson, Miss Ethel Moore, Miss Lillie Pearce, Mrs. McPherson, Miss Lillian Hall, Miss Kate Ferguson, Miss Morrow, Mrs. Miller, Miss Mary Stratton, Mrs. T. F. Matthews, Mrs. R. R. Hall, Mrs. Innis, Mrs. Jeffries and Mrs. McBain.

The busiest spot yesterday afternoon in the whole bazaar appeared to be the "children's corner" where Mrs. R. S. Davidson and Miss Dennistoun are ensconced in a bower of yellow and white drapery, and are sacrificing dressed dolls, with their millinery, etc., in a manner which would make many of the town retailers turn green with envy. The rush was fierce for a time. No little miss had time to argue much as to the proper shade to suit her doll's complexion. She simply took the first hat that came to hand, and was delighted at the chance, as all were miracles in the art of millinery.

Continuing on around the hall, the western side is found to be occupied by the Novelty Department, in charge of Mrs. James Kendry and Mrs. J. R. Stratton. They have arranged a most artistically decorated booth by having a frame work erected and prettily decorated with flags in a very tasty manner. Perfumery seems to be the principal stock in trade, and the sale of this, as well as of a number of pretty novelties in china, is attended to by Miss G. Dennistoun and Miss Gertie Kendry. To Mrs. Stratton and Mrs. Kendry falls the work of disposing of the kitchen utensils, and it is at their end of the booth that

EVERY THRIFTY HOUSEWIFE

pauses to examine the many useful articles designed to assist in labour in the kitchen.

The flower table stands in the centre of the room, and as the rich fragrance rises from roses, carnations, tulips and mignonette, few can resist the temptation of investing in a boutonniere at the least. The flowers are tastefully arranged in vases and strewn here and there amongst them are sprays of smilax, evidencing an artistic eye. Those in charge are Mrs T A S Hay, Mrs Wm Hamilton, Miss Wilhelmine Carnegie, Miss Rogers, Miss Hamilton and Miss Laura Davidson. The ice cream is also included in this department, and the platform has been arranged as a drawing room in which to serve it.

High tea is served between the hours of five and eight o'clock in the evening, and last evening it was well patronized, the exceedingly low prices of 15 cents being charged. The menu was most comprehensive, and the many business men who took advantage of the invitation to drop in for their evening meal would appreciate something of this kind every day in the week. Those looking after this department are: Room No. 1—Mrs J D Collins, Mrs Frank Mason, Mrs J C Brown, Mrs. G. E. Whiten, Mrs. Best, Mrs. Wand, Mrs. E. H. D. Hall and Miss Edmison, committee; waitresses, Miss Maud Mason, Miss Allie Whiten, Miss Mabel Mason, Miss Blanche Brown, Miss Gwendolin Meade, Miss Sybil Stetham, Miss Aileen Rogers, Miss Caldwell, Miss Lillie Mebarry, Miss Collins and Miss Flora Stewart.

Room No. 2.—Mrs. Wm. Davidson, Mrs. W. G. Ferguson, Mrs. Hunter, Miss Martha Dickson, Mrs. A. E. Loch, committee; waitresses, Miss Dennistoun, Miss Carnegie, Miss Bessie Connal, Miss Aggie Hall, Miss Kate Ferguson, Miss Jeannie Cameron, Miss Annie Hamilton, Miss Maude Edmison, Miss Mabel Roy, Miss Sarah Robinson, Miss Bertha Brown, Miss Bella Morrow and Miss Effie Best.

Mrs. John Nugent is convenor of the entire Refreshment Committee.

Under the direction of the ladies, the effective decorations were done by Messrs. J. J. Turner & Sons.

The bazaar closes this evening at ten o'clock.

High Tea will again be served this evening between 5 and 8 o'clock, and all departments of the bazaar will be in full operations.

THE STORY OF LIFE.

Tell the story simply—
The story of thy life;
Leave out the cloud of misery,
With its contentious strife.
Call up the days of glory;
Leave out the woes few;
And shew us, white head, hoary,
The victories won by you.

Tell the story simply—
For I'm but on the way;
Your tale might discourage
On some less happy day.
Give way to fancy-scaling;
Illuminate the past;
And like some meteor falling,
Leave a glimmer to the last.

Tell the story simply—
Say plainly: "It is done."
Leave no brave deed accomplished
Lie hidden in the sun.
Unearth the flowers of sunshine,
That blossomed on the way;
They still will bloom, and cannot pine
While o'er the heart is gay.

Tell the story simply
And I will listen true;
Don't tell us of the struggles—
For what are they to you?
Though time has winged its fancy
And visions are not here,
There may be words of comfort
And a little still of cheer.

Then tell the story gladly—
The story of thy life;
Leave out the cloud of misery,
With its contentious strife.
Say: "Life's been a happy mystery,
And the rainy days were fair,
For in the darkest cave of sorrow
Was a guardian angel there.

—W. BYRON WARNE.

HATS! HATS! HATS!

Do You Want a NEW SAILOR or WALKING HAT?

MISS ARMSTRONG'S is the place to buy the Newest, Nobbiest Hats, at from 10 to 25 per cent. less than any other house in town. Also Feathers, Flowers and Trimmings lower than the lowest.

Have you see our New Underskirts and Blouses? If not, you have made a mistake and should see them.

Children's Headwear a Speciality.

Miss Armstrong's
FANCY GOODS STORE,
411 George Street.

CHANGED HANDS!

I beg to announce to the citizens of Peterborough that I have bought out the Wholesale and Retail

FRUIT AND FISH BUSINESS

Formerly carried on by Mr. J. B. Oke, 418 George Street.

I intend to devote my whole attention to conducting a First-class Fruit and Fish Business, by keeping a most complete and well kept stock of the choicest delicacies of the table, including—

Foreign and Domestic Fruits.
Salt and Fresh Water Fish.
Fresh Oysters in Bulk.
Early Garden Vegetables.
Canned Vegetables and Fish.
Pickles, Relishes, Etc.

Everything in season, fast as it appears in the markets.

Having had 25 years' experience in handling Fruits, etc., I feel confident of being able to cater to the wants of all classes.

I respectfully solicit a continuance of the patronage of Mr. Oke's customers and of the public generally.

R. A. DUTTON,

(Late of Barrie), successor to J. B. Oke, 418 George Street. Telephone 304. Terms Cash.

CARD FROM MR. OKE.

I take pleasure in recommending my successor, Mr. R. A. Dutton, to all my customers and ask for him a continuance of the liberal patronage bestowed upon me. Mr. Dutton is an experienced and thoroughly practical fruit man and has a reputation for being obliging and honourable in all his dealings.

All accounts due me are requested to be paid to either myself, Miss Smith, Mr. H. Bradshaw or Mr. Philp, at Mr. R. R. Philp's Fruit Store, without delay.

Yours truly, J. B. OKE.

Peterborough, April 1st, 1899.

LOVE-CHARMS.

The love-charm still lingers, the last link to the old days of ignorance and superstition when charms were believed to be powerful to cure disease and defeat death. The day of charms is gone, although some sweet miss now and again procures a love charm, not knowing that the greatest love charm of all is the beauty of perfect health. And this charm is in reach of every woman. When from the drains caused by feminine disorders, girls lose the beauty of form and fairness of face which men admire, they may cure the trouble and renew strength and beauty by the use of Dr. Pierce's Favorite Prescription. It overcomes all the ills peculiar to women. It imparts strength to delicate organs, stops the drains that sap vitality, restores the color to the cheek and roundness to the form. It brings health back and health itself is beauty. It is impossible for the face to be fair or the figure shapely if there are pains, irregularities, displacements, drains, or weakness in the organs of womanhood.

"I had female weakness very badly," writes Mrs. O. S. Adams, of Fargo, Cass Co., N. Dak. "I had to be in bed part of the time. I was tired all the time, could not do my housework; had fainting spells, nervous headache, backache and pain in my left side, when I would lie down; had pains and aches all over. I commenced taking Dr. Pierce's Favorite Prescription and had not taken two bottles when I was able to be around again and to do my work, with no pain. I am now feeling better than for many years."

Don't you want a reliable doctor book? By sending 31 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover cost of customs and mailing *only*, you will get by return mail a free copy of his great book. "The People's Common Sense Medical Adviser," illustrated, 1008 pages, in paper-covers. Cloth bound, 50 stamps.

Dr. Pierce's Pleasant Pellets cure biliousness.

MEN OF MARK.

Dr. Creed Thomas of Richmond, who died the other day, was a schoolmate of Edgar Allan Poe.

General Alger is a native of Ohio. From 12 to 19 he worked on farms in Richfield, O., his parents being country storekeepers.

Sir Sydney Waterlow, a former lord mayor of London, who married an American wife, is writing his memoirs. He is now 77 years of age.

Levi Z. Leiter made his first money in mining, nearly $4,000,000, by making an investment of $50,000 in the famous Iron Silver mine, which he long mistrusted.

Representative Johnson of Indiana is the most disputative man in congress. He has a violent temper and has been told by his physician that his passionate outbreaks are shortening his life.

Rev. Dr. Joshua Young of Groton, Mass., the fiftieth anniversary of whose ordination was observed the other day, is the minister who officiated with William Lloyd Garrison at John Brown's funeral.

William R. Cox, secretary of the senate, is said to be one of the swiftest writers of "long hand" in the country. Although he has never tried his speed, it is nearly equal to that of the average shorthand writer.

Professor John Rogers Commons, who has held the chair of sociology in the University of Syracuse since 1895, will leave the university in May. He will establish a bureau for the investigation and study of questions relating to labor in Washington.

August Schmidt of Wolgast, in Pomerania, now 105 years of age, is believed to be the last survivor of the Prussian war of liberation of 1813-15. Kaiser Wilhelm sent him a photograph of the old emperor and a telegram of congratulation on his birthday.

Sir Tatton Sykes of England will spend a good part of the coming spring and summer in California and the rest of the summer in Mexico. He left England not long ago, because he did not like to be seen about London so soon after his separation from Lady Sykes.

The Marquis of Salisbury is one of the oldest members of parliament, having entered the house of commons when only 23 years old. In this connection it is curious to note that the majority of her majesty's premiers have lived to a great age, three of them having become octogenarians.

It is reported from Vienna that Dr. Schenck, who recently promulgated a theory about the prenatal determination of sex in human beings, is to be disciplined by the senate of the Vienna university for securing so much newspaper notoriety as he did in connection with his theory.

Nothing angers Senator Hoar so much as any attention which implies deference to his advancing years. Employees at the capitol carefully respect this danger line, and even street car conductors never think of offering the distinguished Massachusetts man any help when he is getting on or off cars.

Speaker Reed once served in the navy. After graduating with honors at Bowdoin he tried his hand at law, but in a short time secured appointment as assistant paymaster in the navy. During a greater part of the civil war he served on the Sibyl, and in 1865 Mr. Reed returned to the practice of law in Portland.

Doctors Testify.

There is strong testimony by eminent physicians of wonderful cures made by Dr. Chase's Family Remedies—particularly Dr. Chase's Ointment.

Lovely Babies.

Mrs. Newma—Oh, I wish you could see Mrs. Winkler's baby! It's perfectly lovely! Such a delicate, sweet little creature as it is! It's a perfect cherub, with the loveliest eyes, the sweetest little mouth, the cunningest little nose and eyes of heavenly blue. It looks as if it just dropped from heaven and every tiny feature had been fashioned by the angels.

Mr. Newma—Is it as nice as our baby?

Mrs. Newma—Mercy! No, not half!—Exchange.

Scientific Note.

"She is so lively and volatile," said one of her admirers.

"I positively must dissent," said one who no longer admired, having become passe, as it were. "Anything volatile quickly dries up."—Indianapolis Journal.

Cook's Cotton Root Compound

Is successfully used monthly by over [illegible] Ladies' Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound, take no substitute, as all Mixtures, pills and powders are dangerous. Price, No. 1, 1 per box, No. 2, 3 degrees stronger, $3 per box. Sent by mail, in receipt of price and two 2-cent stamps. Cook Medicine Company, Windsor, Ont. [illegible] and I would earnestly recommend No. 2 to all suffering females.

Sold by all responsible Druggists in Canada.

No. 1 and No. 2 Sold in Peterborough by Jos. Burgess, Druggist.

WORK AND MARRIAGE

MAY TALENTS THRIVE IN A DOMESTIC ATMOSPHERE?

Is the Ideal Wife the One of Vast Ambitions?—Reflected Fame Is Not Always Satisfying—Foolish Little Mrs. Benedict.

In a recent issue of The Atlantic Monthly somebody gives an interesting if not uncommon view of the artist and marriage.

This writer says: "The imperious need of man is not to love, but to work. If he love happily, his work goes on apace; if he do not love, it still goes on.

"If he marries and loves his wife, he is glad of her presence in the intervals of rest between labor or novel or portrait."

And of woman and love this writer points out: "A primal need of woman's nature is not to work, but to love. She must decide whether to pursue her chosen art or to marry will make her happier."

To sum it all up, the author of these remarks has but subscribed to the old sentiment, "Love is of man's life a thing apart; 'tis woman's whole existence."

I may be neither so learned nor wise as the old writer or the newer one quoted, but the world is spread out before us all, and why may we not all tell of the lessons or facts that we have learned?

Love is not of "man's life a thing apart," neither is it "woman's whole existence"—that is, it is just so much a part of her existence as it is a man's; no more nor no less on either side.

It has been insisted upon times without number that a talented man or a talented woman should remain unwed; that one who is taken up with the pursuit of fame is not calculated to make another happy. Well, we cannot have everything in this world. If our husbands are inventors or scientists or writers or painters, we cannot expect them to be amiable escorts to theaters or dinner parties every evening. We must find our recompense in being "the wife of the famous Mr. Smith."

And now for the other side of the question, for there is another side, and this side is the one that provokes much gossip and much speculation every time it is dragged forth into the glare of public opinion. Shall a woman pursue her talents after she is married?

Let the life stories of the women who have answer this question. There is no need for me to attempt to.

Perhaps the talented and ambitious woman is quite content to be the "famous Mrs. Smith," while her husband is simply "Mr. Smith, the husband of the brilliant Mrs. Smith." If Mr. Smith is satisfied to have this so, why need the rest of us make comment? But Mr. Smith is not always satisfied, and that is why we comment and many times credit Mr. Smith's rebellion to the arrant imperiousness of man. Poor Mr. Smith! He rather deserves our sympathy. He is a little proud, you know; has a good position, which he has made for himself in the world, and love, you know, is dependent upon a good many things for life, and not the least of these on the part of the proud man is a certain little tactful flattery on the part of the woman he has asked to share his lot. If you call this selfishness and arrogance, then set it down to that, but remember all the while that men have ever been so, and the most of us would not change it all if we could.

My Atlantic Monthly friend mentions Mary Shelley and Elizabeth Barrett Browning as the happy wives of talented men and wisely mentions them as exceptions. These were truly ideal marriages, but it was the intellectual and not the domestic life that formed the ideal.

There have been other happy unions of men and women whose tastes and aspirations ran along harmoniously in the same grooves, but these, too, must be noted as exceptional. They certainly do not belong to the commonplace, else we would not cite them.

Let me tell you a funny little story. At least it is funny now, because both the people concerned in it are young and the honeymoon is not so long past that they have grown indifferent to the small trifles that worry each other every day.

Mr. Benedict is an immensely clever fellow. He looks well to his business affairs and writes stories and poems that meet with ready acceptance. Now little Mrs. Benedict has discovered that a literary man's wife has woes. She has been thinking a good deal about this discovery of late, and one evening not long since she read some of Mr. Benedict's stories and poems and cried. She did not cry because the writings were in a particularly doleful strain, but she cried because—well, she told Mr. Benedict the "because" after dinner, and she reserved her tears until that moment too.

"You are not writing them to me," she sobbed. "You love, or you have loved, some other woman."

Poor Benedict did what he could to comfort her. He declared that she was the only woman he had ever loved or ever would love and finally wound up vowing he would never write another line.

Now, about Mr. Benedict's heart affairs I do not know, but I do know that he will write many more lines; that he can no more refrain from putting on paper his rare and charming thoughts than a bird can cease from flying until its wings are broken, and I am glad of it. It should take more than a woman's whim to kill a man's ambition. But never fear; genius is immortal. It may sometimes be stifled, but it can never be killed.

I do hope that dear little Mrs. Benedict will put by her childishness and praise the next stories and poems that the clever Benedict writes until he concludes that he has discovered the very best critic that the world has ever produced and therefore works to please the little critic at his hearth as well as the big outside public. If Mrs. Benedict does not do this, then she will find her talented husband drifting away from her and becoming more and more devoted to his work. And then it just may happen that she will call herself a "neglected wife" and take no share or pleasure in the fame that comes to Mr. Benedict.

A woman may pursue her talents after marriage—yes, if she can set aside all domestic claims without bringing discord into her own or the lives of others.—Margaret Hannis in St. Louis Republic.

Volcanic Eruptions

Are grand, but Skin Eruptions rob life of joy. Bucklen's Arnica Salve cures them also, Old, Running and Fever Sores, Ulcers Boils, Felons, Corns, Warts, Cuts, Bruises Burns, Scalds, Chapped Hands, Chilblains, Best Pile cure on earth. HER HOPES FULFILLED.

Miss S. Lawson, of Moncton, N.B., happy in the possession of a new found treasure.

There's nothing like hope to keep people happy. Hope buoys up the spirits and helps to clear away the clouds. There are thousands of people in Canada to-day hoping that their health will soon return—hoping for a cure of Constipation which has troubled them so long—hoping for headaches to vanish, for stomach to cease giving distress.

Miss S. Lawson, of Moncton, N. B., was sick and ailing and had her hopes of health realized through the use of Laxa-Liver Pills. This is what she says: "I gladly testify to the virtues of Laxa-Liver Pills. I used to be troubled with severe headaches and constipation for a long time, and took these pills hoping for a cure, and my hopes were rapidly fulfilled. I have found them a never failing remedy, and heartily recommend them."

When you go to your druggist, ask for Laxa-Liver Pills, insist on having Laxa-Liver Pills and accept no others.

CAKES.

ANIMAL ODDITIES.

Elephants are fond of gin, but will not touch champagne.

The eyes of snakes are never closed. Alive or dead, sleeping or waking, they are always wide open.

Some naturalists believe that hares never drink, but get enough liquid for their needs in the dew on the grass they eat.

The "champi" is the most effective locust egg destroyer in Argentina. He is a dirty blackish beetle, the larger species being a little more than one inch long by half an inch broad. How he developed the habit of feeding upon locusts' eggs is a mystery.

All's Fer the Best.

"Well," said the man on the apple barrel, "as fur as I can see, Dewey is a right smart kind of a feller, but he made one turrible mistake."

"What was that?" asked three indignant citizens on the row of nail kegs behind the stove.

"Why, it was him what took Aguinaldo over to the Philippines when he was so fur away he couldn't of swum back, wasn't it?"

"Yes," said the man who was sorting the mail, "but if he hadn't done it the American soldiers wouldn't have the chance to be a-chasin Ag up through the Philippine mountings today and winnin glory, would they?"

The man on the apple barrel could only chew on and silently admit that logic was against him.—Chicago News.

A Stupid Maid.

Miss Clara—Horrors! What in the world are you doing?

Maid—Pilin up these books, ma'am.

Miss Clara—Oh, you stupid, stupid thing! You are not fit to be in a respectable family. Those are my novels!

Maid—Yes'm.

Miss Clara—Oh, how could you? You're enough to drive any one wild! Don't you know that some of them I've read and some of them I haven't?

Maid—Yes, ma'am.

Miss Clara—And here you've mixed them all up so I can never separate them.—New York Weekly.

Rev. J. N. Vanatter, of Albion, Wis.

WRITES A LETTER ON DR. CHASE'S OINTMENT.

Sufferers are at liberty to correspond with the above address and will obtain full particulars regarding the great cure.

He says: My wife was most terribly afflicted with protruding piles, and contemplated a surgical operation. A friend of ours recommended the use of Dr. Chase's Ointment, and less than one box effected a complete cure. We were so pleased with the ointment that I tried it myself, as I have been troubled with an unsightly skin affliction which covered the lower part of my face.

For 25 years I suffered untold agony, and was treated by the best medical skill in the United States. I consider Dr. Chase's Ointment worth its weight in gold for piles and skin disease.

Dr. Chase's large-size recipe book, cloth-bound, sent to any address on receipt of 50 cents, by addressing Dr. Chase's Company, Toronto or Buffalo, N.Y.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANADA,** has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 95/100 dollars ($1264.95) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

Women's Worst Enemy

Some hesitate before giving an answer, but those who know best will immediately say HEADACHE.

Thousands of women live in misery day after day, and week after week, suffering untold agony from these dreadful headaches. Husbands are disheartened, children neglected, and happy homes ruined. Most women strive to bear in patience the suffering which they consider part of life without looking into the cause or searching for relief. Food cannot digest without the bile which the liver supplies and hence the necessity of keeping the liver in good working order. To cure the headaches you must cure the liver and thus remove the cause of disease.

Dr. Chase spent years of his life in perfecting a medicine which acts directly on the kidneys and liver. Thousands of grateful women have testified during the past ten years to the effectiveness of this remedy for sick headaches. Many a home has been restored to happiness as a result.

Dr. Chase's Kidney-Liver Pills, the greatest discovery of this great scientist, are put up to sell at 25c. a box. All dealers.

ONTARIO'S TEACHERS.

The Association Elects Its Officers During the Second Day.

Toronto, April 6.—The features of the second day's proceedings of the Ontario Educational Association were increased interest and largest attendance. Papers of merit were read in all of the 17 sections, and they each elected their officers. At the meeting of the General Association, Col. John E. Farewell, LL.B., Whitby, was unanimously elected president for the forthcoming year; Mr. Robert W. Doan, Toronto, was re-elected secretary, and Mr. W. J. Hendry, Toronto, treasurer. Toronto was selected as the next place of meeting in Easter week next year. All the reports were satisfactory, and votes of thanks and congratulations were rife. The convention concludes to-day.

FOUND DEAD AT TAVISTOCK.

George A. Ross, Nephew of the Minister of Education, Dies Suddenly.

Tavistock, April 6.—Mr. George A. Ross, who bought out the drug store from Dr. Steele some months ago, was found dead in his store at half-past 12 yesterday afternoon. He was last seen alive by his clerk at 12 o'clock, just before the latter went to dinner. On his return from dinner he found Mr. Ross dead in the store. Dr. Steele was called in, and while he gave it as his opinion that death was probably due to natural causes, he notified Coroner Devlin. Mr. Ross, who came to Tavistock from Strathroy, was a nephew of Hon. G. W. Ross, Minister of Education for Ontario.

Liberal Whip Dead.

London, April 6.—Thomas Edward Ellis, advanced Liberal, member of Parliament for Marionethshire and chief Opposition whip, is dead. He was born in 1859. Mr. Ellis was junior Lord of the Treasury and Parliamentary charity commissioner in 1892-94, was Parliamentary Secretary to the Treasury and chief Ministerial whip from March, 1894, to June, 1895, and, after the election of 1895, was chief whip of the Liberal Opposition.

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globule of health that changes weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25c. per box. Sold by Jas. Lynch, druggist.

Variety Is the Spice of Life.

A recently arrived Frenchman who visited a well known Boston establishment to fit himself out for a long journey to the west was complaining bitterly of the cold.

"Don't you have cold weather in France?" asked the salesman who waited on him.

"Why, certainly we have as cold weather in France," was the reply, "but we do not have as all four seasons in one day in France."—Syracuse Standard.

Busy People.

"I tell you," said the unobtrusive man, "that Paris mob must be made up of wonderfully well informed people."

"But they merely parade the streets and shout."

"Yes, but think of how often they turn out and how much study it must take to know exactly what they are shouting about every time."—Washington Star.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Troops Held in Readiness.

Hongkong, April 6.—Capt. Francis Henry May, superintendent of the Hongkong police, who it was reported had been captured by the Chinese, but whose return in safety was announced yesterday, reports that a number of surveyors' sheds have been burned and that the villagers were so aggressive that he was forced into concealment at night, and had to return to Hongkong in daylight. Troops are being held in readiness for an emergency.

Pain in the Back.

Being troubled off and on with pains in my back, caused by constipation, I tried several kinds of pills I had seen advertised, and to put the truth in a nut shell Dr. Chase's Kidney Liver Pills are the only pills that have proven effectual in my case. I can heartily recommend them.

Jno. Devlin, Unionville, Ont.

Before. After.

The Wood Company, Windsor, Ont.

Wood'sPhosphodine is sold in Peterborough by John Nugent, druggist

SHE SANG FOR DEATH.

The Pathos and Tragedy of Emma Abbott's Passing Away.

One night in the city of Denver, located at the foot and in plain view of the Rocky mountains, Emma Abbott was billed to appear in "Faust." In the same city a most attractive and beautiful 18-year-old girl, belonging to one of the wealthiest families, lay in the last stages of that fell enemy of the human race—consumption. Some weeks before the arrival of the company she said to those around her: "Oh, I hope the sun will shine and the weather will be warm and genial, so I can hear Miss Abbott sing once more. I think I could then pass away peacefully and without one single regret." But there came with the queen of the lyric stage a northern hurricane—with the very air charged with icicles, which penetrated the lungs. Some one told Miss Abbott of the grievous disappointment of the dying girl. She went to the opera house and never sang more sweetly, and as soon as it was over and the audience dismissed called her carriage and directed it drive to the home of the young lady.

The scene which followed was worthy of the finest brush ever wielded by the grand old masters. There lay the dying earth angel, with pallid lips, hectic cheeks and lustrous eyes and the light of immortal beauty shining upon her face. Standing beside her, in one of her richest robes (the one she had worn that night), sparkling with pearls, rubies and diamonds, stood the almost divine mistress of earthly melody.

The first piece rendered was "The Old Folks at Home," and then followed "I Know My Redeemer Liveth." The finale of this weird scene was "Rock of Ages Cleft For Me, Let Me Hide Myself In Thee." And then Miss Abbott bent over the frail form and kissed her an eternal farewell. Soon after the spirit passed into the wild winds which rang through the wild mountains near by—set sail for that haven from which the first homeward bound bark is yet to be seen—the stainless soul wafted to the stainless heavens by the sweetest music ever heard on earth—into the melodies of paradise birds.

Miss Abbott returned to her room at the hotel and retired. Some time during the night she awoke with a pain in the left lung. It rapidly grew worse. A physician was summoned. Then another, and another, who applied every remedy they could command. All to no purpose. It was typhoid pneumonia in its worst form. The black camel was kneeling at her door. Angels of the heavenly choir had that night listened to her voice in the sickroom and sent for her to come home to them.

In three days that voice which had so often raised the souls of men and women to the noblest, the grandest heights in holy ecstasy, was forever stilled in death—gone forth into—the night.

So fades the summer cloud away,
So sinks the gale when storms are o'er,
So gently shuts the eye of day,
So dies the wave along the shore.

—H. C. Stevenson in Atlanta Constitution.

GIVEN UP TO DIE.

Was Mr. E. N. Stowell, but Dodd's Kidney Pills Cured Him.

Brockville, March 27.—When an eminent physician notifies a sick man that his case is hopeless and that he must die, he is it may be taken for granted, in a pretty bad way.

That was the position of Mr. Ed. N. Stowell, of this city, not long ago. He had suffered all the agonies of Bright's Disease for several years. The ablest physicians had pronounced his case hopeless, and he had begun to "set his house in order," when a friend urged him to try Dodd's Kidney Pills. One box put new life in him seven boxes cured him. Now his friends hardly know him for the same man.

Some one more for Dodd's Kidney Pills.

AGUINALDO.

Aguinaldo is said to be a lover of music, but he doesn't like the new American two steps.—New York Press.

The suspicion is rapidly gaining ground that the Hon. Mr. Aguinaldo is carrying the joke a little too far.—Chicago News.

Aguinaldo should abandon rebellions and go in for pugilism. The wide difference between his threats and his performances proves that he has several qualifications available for the prize ring.—Troy Record.

Proof Positive.

His Honor—What's the charge, officer? Drunk?

Officer—No, sor—crazy.

His Honor—How do you know?

Officer—Well, sor, he is a proprietor of a daily paper, and I heard him tell a man that the paper probably had the smallest circulation in the city, and so—

His Honor—The padded cell—quick!—Harlem Life.

True Sign of a Gentleman.

What makes a boy a gentleman? Not merely lifting his hat to the ladies he meets, although that may be one sign, provided he lifts his hat to his mother and sister also. The real sign of the true gentleman is gentle unselfishness. Does he seek the good of others first? Is he brave and tender in caring for those weaker than himself? Does he show respect and courtesy to his mother and to those who are older than himself? Then put him down as a gentleman of the true school, whether his feet be shod in patent leather or he have no shoes at all.

No Right To Ugliness

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run down invalid. Only 50 cents, at J. Lynch's drug store.

Persiatic Dog Wash—An antiseptic and healing applicant with powerful vermin destroying qualities for use on domestic animals. Destroys fleas, lice, ticks, parasites and insects, removes all traces of their attacks. Persiatic Dog Wash puts the skin in healthy condition, curing all skin diseases, and produces a fine silky coat. Leaves the animal refreshed and in good spirits after use. At all drug gists. 25 cents. 106

The PICKHARDT RENFREW CO., Stouffville, Ont. LIMITED

DON'TS FOR GIRLS.

Don't marry a widower—remember his other wife.

Don't marry a musician—he might read your notes.

Don't marry a photographer—he is such a negative creature.

Don't marry a melancholy man—his sighs will be unbearable.

Don't marry a loud man—it's a poor exhibition of sound sense.

Don't marry a light man—he might go out when you most wanted him.

Don't marry an artist—you can't expect him to be a model husband.

Don't marry a poet—his songs might be averse to your way of thinking.

Don't marry a polished man—he might reflect too much.

One of the Styles Now.

"What is the difference between a restaurant beefsteak and a rattrap.

"I give it up."

"The difference is that one is rare done, and the other is done rarely."

"But what has the rattrap got to do with it?"

"That's where you get caught."—New York World.

And Get It Too.

Mulligan—Did Mike make a speech at the convention?

Morrisey—He did that, and they axed him wud he take the platform.

"And did he take it?"

"Divil a bit! He towld thim he'd rather take the nomination."—Boston Transcript.

The Only One.

Angy New—Yes; I quarreled with the leading man, and as all the others in the company sided with him I resigned.

Sue Brette—But didn't any one take your part?

Angy New—Only my understudy.—Town Topics.

Not a Disbeliever.

Miss Antiquate—You would scarcely believe that I was born in '76, would you?

Miss Caustic—Oh, I don't doubt it! That was the year in which the United States was declared free and independent, was it not?—New York World.

ASTONISHING PROPOSITION FREE to WEAK MEN

Physical waste makes vital want, and you can't escape the penalty. Excesses, whether from ignorance or intention, will decrease brain power and nerve strength. The result is depleted manhood and the humiliating consciousness of being an unmanly man.

But can you be cured? Yes, most certainly. And how? By writing to us for our treatment *"on trial and approval,"* and faithfully following our able specialists' directions. With the treatment goes a wonderful appliance for toning and enlarging shrunken portions. No pay in advance, no C.O.D. scheme. An honest trial to any honest man, and, if not benefited, return to us, WITHOUT COST. No little, inefficient pill treatment of 2 or 3 days. We never disappoint. Send for particulars and priceless information, FREE.

Erie Medical Co., Buffalo, N. Y.

We pay Canadian duty. No delay, no expenses.

CHANGE IN BUSINESS.

I have bought the Hide and Skin Business formerly carried on by Mr. W. Appleby, known as the Boston Hide and Skin Depot, Peterborough, and will carry on the business at the same stand. I will also buy Rags, Scrap Iron, Bones and Metals of all kinds. A call solicited.

T. GEO. HOLMES,

Corner of Simcoe and Bathurst Sts

NONSENSE VERSES.

A little cough crouched by a window pane
Out in the snow and the sleet and the rain.
It knocked at the glass with its might and main—
Cats' tails should never be curled.

A little girl opened the window there,
And the cough came in, and its back was bare,
But it chuckled a lot down the child's back hair—
A dog's bark has no sails.

And the little cough danced in the utmost glee.
"I've come to remain with you, child," said he,
"So mind that you take every care of me"—
Shoe laces will never eat much.

Then it clung to her throat and made there a nest
And put its cold feet all along her nice chest.
It said, "It's all happened with me for the best"—
Gas jets can see in the dark.

And whenever that kid tried to sing or to speak
That cough laughed a laugh and squeaked in a squeak
And grew to be haughty and silky and sleek—
You can see a wart on a nose.

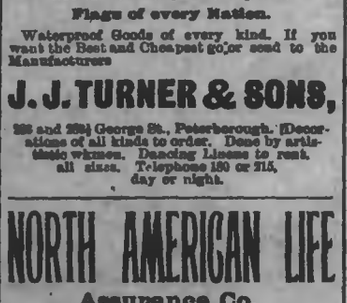
A queen came along in a carriage and pair.
She held up her head—she was taking the air;
She'd taken the earth, and the cough was all there—
You can't bite a crust with your toes.

So it left the dear child and adopted the queen,
And soon was the finest cough ever was seen.
It was dressed with fat bacon without any lean—
Don't grease golden hair with green glue.

It went to court meetings and to the court ball,
It grew such a size that it made the queen small,
It was nearly the cause of the monarchy's fall,
And that's all,
But you can't make nice soup from an old football.

—Pick Me Up.

The cloakmakers of S. F. McKinnon & Co., Toronto, are happy. Their employers have yielded to their demand, and have agreed to pay an advance of about 15 per cent. on the old wages, and further promised not to dismiss any employe without sufficient cause.



SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

NORTH AMERICAN LIFE

Assurance Co.

J. L. Blaikie, President.

Wm. McCabe, F. I.A. Manag'g. Direct'r

This financial institution is acknowledged by all to be one of the soundest on the continent. Its record in 1898 was quite in accord with its unexcelled success in previous years:

Policies issued amounted to over	$ 4,000,000
Insurance in force to over	20,000,000
Cash Premium Income	800,000
Cash Interest Income	180,000
Total Assets over	3,127,000
The Net Surplus	474,000

Last year the interest earnings alone exceeded in amount the Death Claims—a remarkable fact.

Worn Out Women

FIND HEALTH AND STRENGTH IN MILBURN'S HEART AND NERVE PILLS.

Women are more and more coming to recognize Milburn's Heart and Nerve Pills as their greatest friend and benefactor.

From girlhood to old age, through all

the trying times of a woman's life they are her standby. To pale, thin bloodless cheeks they bring the rich red hue of health. To tired out, weak, worn, rundown girls and women, they give strength and energy and revive their drooping spirits. They banish headaches, backaches, sideaches, nervous spells, heart fluttering and palpitation and make life worth living.

Mrs. Clara J Dupay, St. Anthony, Kent Co., N.B., recently made the following statement for publication; "I had been troubled with palpitation and weakness of the heart for some time, till at last I could hardly drag myself about.

"I heard of Milburn's Heart and Nerve Pills curing so many that I thought I would try them.

"I must say that they did me good from the outset, and have so improved my health in every way that I feel like a new woman. I do not know what I would have done had it not been for Milburn's Heart and Nerve Pills, which cured me when I was in a serious condition."

Milburn's Heart and Nerve Pills, 50c. a box or 3 for $1.25, at all druggists

GOUGHS' AGAIN ON TOP

The Gigantic Buying that Startles the Midland District.

Pyramids of Clothing! Piles of Seasonable Goods! GOUGH BROS., the Biggest Buyers at Montreal!

The Clothing trade of Canada has had its eyes centred on Montreal this week. Buyers thronged to the city. Here was a bonanza for the Clothing dealer who had enterprise and pluck and confidence in his constituency. Only the Clothing Kings could hope to win. Gough Bros. syndicate was there. Gough Bros. bought heavily the largest buyers at the **Great Doull & Gibson Sale of Clothing.**

Doull & Gibson are Millionaire Clothiers who are giving up business. The Immense Stock was placed on sale by auction and Gough Bros' secured an immense plum at prices actually less than the cost of cloth and trimmings.

The goods are here. There's joy in prospect for Clothing buyers. Gough's purchase will sweep the trade of the country from one end to the other.

HERE'S RICH AND RACY READING FOR RICH AND POOR ALIKE!

A Mammoth lot of Men's Spring and Fall Overcoats, prices from $7 to $12, will be sold for - - - $4 90

500 Men's Black Worsted Suits, bound and stitched, morning or sack styles, regular price from $8 to $14, will be sold at - 6.95

1000 Men's Tweed Suits, splendid spring and summer goods, handsome patterns, quiet, medium and fancy effects, well worth from $7 to $12, will be sold from $2 90 to - $7 50

1500 pairs Men's Pants, in Tweeds and Worsteds, stylish, splendidly made and trimmed, up-to-date, regular price $1.50 to $4, we will sell at - 75c. to $2.50

To top of the business load we are crammed with Spring Hats, the newest and nobbiest styles. Our Boot and Shoe Department is loaded, and we are bringing down buyers by the hundred. You have our best bid for your best patronage. There's value here for you.

GOUGH BROS.

377-379 George Street, Peterborough.

UNCLE SAM'S PEACE DELEGATES.

Mr. White Heads It and Capt. Mahan, the Famous, Is One of Them.

Washington, April 7.—The Secretary of State has announced the constitution of the U. S. delegation to the disarmament congress, which will meet at The Hague in the latter part of May. The delegation consists of Andrew White, U.S. ambassador at Berlin; Mr. Newall, U.S. minister to the Netherlands; President Seth Low of the Columbia University; Captain Crozier, ordnance department, U.S.A., and Captain A. T. Mahan, U.S.N., retired. Mr. Frederick Holls of New York will be secretary of the delegation.

BIG FIRE LOSS.

The M. Langmuir Mfg. Co. Premises in Toronto Burned.

Toronto, April 7.—Between 3 and 4 o'clock this morning fire was discovered in the trunk and leather manufactory of the M. Langmuir Company on West King street. In a short time the entire premises fell a prey to the flames. The stock was valued at about $60,000, and the building has gone as well. The total loss will be about $100,000. About 300 hands are thrown out of work by the fire.

Official Lampposts.

The placing of lampposts in front of the houses of the chief magistrates of towns is an ancient custom. We find in Heywood's "English Traveler" that posts were so placed in front of sheriffs' houses. Reginald says

What brave carved posts! Who knows but here in time, sir, you may keep your shrievaltie And I be one o' th' serjants?

From sheriffs, the practice extended to the houses of mayors and provosts. It has been suggested, with some probability, that the posts were at first intended for the affixing of proclamations which it was the duty of the sheriffs to publish.

A Forgetful Spouse.

Mrs. Bilkins—I never saw such a forgetful man in my life as you are. The clock has stopped again.

Mr. Bilkins—That's because you forgot to wind it.

Mrs. Bilkins—You know very well, Mr. Bilkins, that I told you to remind me to wind it, and you forget about it.—New York Weekly

Her Mistake.

"How did it happen that Miss Singleton refused to marry the young clergyman?"

"Why, when he proposed to her she, being a little deaf, thought he was asking her to subscribe to the organ fund. So she told him she had promised her money to some other mission."—Harper's Bazar

Proud of His Descent.

O'Brien—And so Phelim is proud av his descint, is he?

McTurk—Yes, he is terribly stuck up about it.

O'Brien—Well, begorra, Oi've a bit av a descint meself to boast about. Oi descinded four stories wanst whin the ladder broke and niver shpilled a brick.—Answers.

Not Yet.

"Are you related to each other?" inquired the probate judge at Oklahoma City of a German bridal couple bearing the same name. And the groom replied "Nein. Das is vat's de matter. Ve vants to be alretty."—Kansas City Journal.

Over 2,000,000 bottles, of the value of $35,000, are recovered each year from the dustyards in London and returned to their owners.

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want those qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c., at J. Lynch's drug store.

Good Groceries and full weight and measure.—The Spot Cash.

Special Announcement.

Following our decision to remain permanently in Peterborough, we beg to announce that Mr. Thos. Barrie who has been in our employment for the last seventeen years has been admitted to the firm as a partner in the Peterborough business. The steady growth and expansion of our business, both in Peterborough and Toronto, has enabled us to make the above change and we feel that in doing so we will be in a better position to serve the public than ever before. The name and style of the firm will remain the same. We solicit for the future a continuance of he liberal patronage that has been ours in the past.

J. W. T. Fairweather & Co.

THE SAMOAN TROUBLE

Story of the Shelling of Mataafa's Forces by the Warships.

HOW THE ACTION WAS BEGUN.

The Americans Issued a Proclamation, Which Was Met by a Counter-Proclamation of the German Consul, and Then the British and Americans Acted Coincidently—Both Had Losses.

Apia, Samoa, March 24, via San Francisco, April 8.—There have been lively times in Samoa during the past few days. The United States and British warships have shelled Mataafa's forces repeatedly, and sailors have been landed in Apia to protect property. Numerous casualties have resulted on both sides. Admiral Kautz and the commanders of the British ships are anxiously awaiting advices from their Governments, and in the meantime the shelling proceeds daily. When Admiral Kautz arrived on the Philadelphia he spent two days in making enquiries, and then called a meeting of all the consuls and senior officers of the warships in the harbor.

As a result of the meeting a proclamation was issued by the American admiral, declaring that the so-called Provisional Government under Mataafa can have no legal status under the Berlin treaty, and therefore cannot be recognised by the consular and naval representatives, and ordering Mataafa and his supporters to quietly go to their homes and respect laws of the Berlin treaty. It was further ordered that the people ejected from their homes be returned, and the power of the naval force, it was stated, would be used against all who disregarded the right of peaceably disposed people. The authority of the chief justice was upheld by the proclamation, and the admiral closed by saying that he trusts that there will be no occasion to use military powers.

The proclamation was signed by Admiral Kautz.

This proclamation was taken to Mataafa and read to him by Lieut. Miller. It was received in silence, and no answer was made. Mataafa and his chiefs quietly left, and went to the western portion of the municipality, and it seemed as if they were about to obey the command to return to their homes. The German consul, however, issued a counter-proclamation in the Samoan language, which was distributed among the Mataafans. The proclamation reads as follows:

"Notice to all Samoans: By the proclamation of the admiral of the United States, dated March 11, it was made known that the three consuls of the signatory powers of the Berlin treaty, as well as the three commanders of men-of-war, had been unanimous to no more recognise the Provisional Government composed of Mataafa and the 13 chiefs.

"I therefore make known to you that this proclamation is quite false. I, the German consul-general, continue to recognise the Provisional Government of Samoa until I have received contrary instructions from my Government. (Signed) Rose, German Consul-General.

"Apia, March 13, 1899."

The immediate result of this act was that the rebels turned back and prepared for war, declaring that they would not obey the admiral's order, and would prevent any food supplies being brought into Samoa for the Malietoa natives. The next day Apia was surrounded by Mataafa's warriors. Forces from the Philadelphia and Porpoise, under Lieuts. Brown and Cave, were landed to protect the loyal natives. On Tuesday, Mataafa having failed to appear, Flag Lieut. Miller was sent to deliver an ultimatum. He was not allowed to see the chief, but delivered his message and retired.

Everything looked ugly, and British and American bluejackets were landed in Apia to protect the consulates. Quick-firing machines and small field pieces were also landed. Hostilities commenced on Tuesday afternoon, when half a dozen Malietoa men were taken by the Mataafans. They were taken to headquarters and bound. On Wednesday morning notice was spread that if no answer was received from Mataafa by 1 o'clock the Philadelphia would fire one of her large guns, followed by three one-minute guns. Mataafa sent no answer.

He and his chiefs were buoyed up by the German consul's proclamation and vague talk that Germany would support them, and was the greatest nation on earth, invincible in war, and that Great Britain and America would never dare to engage Germany in conflict. Signal guns were fired, and the foreign population of British and Americans were taken on board their respective warships. Other nationalities went on board sailing vessels in the harbor. One hundred and seventy-five men and officers were landed, and at Admiral Kautz's request Captain Sturdee of the Porpoise assumed command of the combined forces on shore, Flag Lieutenant Miller of the Philadelphia assisting.

Surgeons were landed from both ships, and Miss McCoy and Miss Forth, missionaries, volunteered as nurses. The whole native population sought protection behind the American lines. As soon as the land forces were stationed, the Philadelphia opened fire by throwing a shell into the outskirts of Apia. The Royalist followed with six-inch shells, and the Porpoise went down the coast a couple of miles and bombarded the village of Viausu, where large parties of rebels were supposed to be. The church was smashed by a shell, and the house of the manager of the German plantation was damaged. The whole of the outskirts of Apia were shelled from the harbor, about 70 shells being fired before dark, when the firing ceased. A shell from the Philadelphia, which was sighted for 2,500 yards unfortunately exploded after it had gone only 1,100 yards. It knocked over an outbuilding of the American consulate and damaged the veranda of the main building. One of the sailors was wounded in the leg.

About dusk the rebels made an attack on the Britishers at the Tivoli Hotel. Their fire was returned, but it is not known how many were killed. About 2.30 a.m. the natives made a rush on the guard at the Tivoli. Three British sailors were killed and one wounded. The native loss is unknown. At the request of the British a Maxim gun was sent from the Philadelphia to the British consulate, and with it some men to work it. The next day a body of 300 Malietoans had their rifles returned to them from the Porpoise, and rendered good service in clearing the brush. The rebel village of Vaea was burned in order to prevent the close approach to the consulate.

The German warship Falke attempted to leave port on a secret mission, when Admiral Kautz ordered her captain to stay where he was, and be ready to afford help to his countrymen. The Falke remained. During Thursday matters quieted. About dusk the Americans fired on a body of Mataafans, but no one was killed.

Early Friday morning 300 rebels rushed up to within 80 yards of the consulate. The sailors behaved splendidly and the natives were repulsed. One American sailor was killed, and one British sailor was shot in both legs. Major-General Cutliffe of the British army assisted in directing operations at the consulate.

There is intense feeling against the Germans here, and they are accused of supplying information to the rebels. Fighting by night is an entirely new departure in Samoan warfare, and everything points to German teaching. One Marquardt, who had been drilling the natives, has been arrested. He was sent on board the Falke under pledge of the German commander that he would not be allowed to land. A half-caste named Taylor has been arrested as a spy, and is in irons on the Porpoise. H. J. Moors, an American, is confined to his store under suspicion of being a Mataafa sympathiser. Saturday and Sunday were quiet. The Tivoli Hotel has been mined, in case it becomes necessary to blow it up, and two German lights from the shore is the signal to shell it.

Sunday a body of native foragers came on a Mataafa crowd, killing eight and wounding 20 of them, when the rebels fled.

For several days the German warship Falke persistently kept in the way so as to incommode the fire of the British ships. Finally Admiral Kautz compelled her to move inside the harbor entrance, out of the way.

Malietoa Crowned King.

March 22.—King Tanumanfili Malietoa was crowned King of Samoa at Mulinuu. The ceremony was attended by United States and British representatives. A procession marched all through Apia, headed by the band of the Philadelphia.

13 BURNED TO DEATH.

Another Fearful Conflagration in New York City.

WEALTHY PEOPLE THE VICTIMS.

Almost a Parallel to the Terrible Windsor Hotel Fire—A Policeman's Brave Action Rescues Two Girls From an Awful Fate—An Explosion the Cause—Heavy Property Loss.

New York, April 8.—Thirteen lives are known to have been lost by the fire which destroyed the homes of Wallace C. Andrews, president of the New York Steam Heating Company, at 2 East 67th street, and Alfred J. Adams, at No. 3 East 69th street, yesterday morning, and eight persons are injured.

The Dead.

The following are the name of those known to be dead: Wallace C. Andrews, president of the New York Steam Heating Company; Margaret Andrews, his wife; Mrs. Georgiana B. St. John, sister-in-law of Mrs. Andrews and wife of G. D. St. John; Austin B. St. John, 7 years old; Wallace St. John, 3 years old; Frederick St. John, 18 months old—these three children of Mrs. St. John; Mary Loughlin, a servant; Mary Boland, kitchen maid; Mary Flanagan, parlor maid; Ann Neary, servant; Eva Peterson, servant; Kate Downing and Marie Ross.

The Injured.

The injured are: Mrs. Elizabeth Adams, shock; Evelyan Adams, burns; Alice K. White, cook, contusion and slight burns; Mamie Boggue, servant, shock; Nellie Quinn, servant, internal injuries, serious; Jennie Burns, servant, serious.

An Explosion.

The fire was discovered at 9 a.m. Policeman McKnight heard an explosion and saw a great flash of light. McKnight tried to get into the house to arouse the tenants. He was driven back by the flames. He then turned in an alarm, and got the people out of V. R. Rothschilds', the millionaire's, house, which is close by. Around the corner of 67th street at 1 Fifth avenue are the homes of New York's richest men, H. O. Armour, Perry Belmont, George Gould.

While some of the firemen fought the flames with hose and chemicals, others rushed into the Rothschilds and from there into the Andrews home by way of the rear window. But they were even then too late, for in the middle room of the third floor the firemen stumbled over the bodies of Mrs. St. John and Wallace, her 3-year-old child. The child was dead, but Mrs. St. John was still alive and gasping for breath. She died in the Rothschilds house later.

Mr. Andrews and his wife occupied the middle room on the second floor. There, two hours later, their bodies were found, clasped tightly together. They were so charred as to be almost beyond recognition. Alice White, the cook of the Andrewses, leaped from the fourth floor to an extension which rose to the third floor. She was found there unconscious by firemen. Jennie Burns, another of the servants, jumped from the same window to the extension. She crushed in her skull and is in the hospital, fatally injured.

Mary Holland, the kitchen maid; Mary Flanagan, the parlor maid; Ann Neary and Eva Paterson, the four remaining servants, were on the fourth floor. Their dead bodies have been found.

A Second Fatal Fire.

On the north side of 69th street, is the handsome home of Alfred J. Adams, the millionaire sporting man. A servant opened the front window to see what the tumult was about, and a gust of wind swept in burning brands. The Adams house was on fire in a second. Nellie Quinn and Mamie Vogel, two servants, were saved by a policeman at the risk of his life. They were carried down to the street. In an hour this fire in the Adams house was out. But it had done its work, for the firemen found the body of Mary Loughlin. She was 60 years old. She lay at the bottom of the stairs leading to the roof.

By 6 o'clock the fire in the Andrews house was sufficiently under control to permit of a search of the ruins. Then it was that the bodies of the two remaining St. John children were found. They were carried down and placed by the side of their mother and little brother.

The Damage.

The damage in the Adams house is estimated at $10,000. Mr. Adams is one of the largest owners of flats in this city. A leakage of gas is the reason assigned by several for the explosion. Of the injured, Nellie Quinn, the servant rescued from the Adams house, is reported to be in a very serious condition. Her recovery is doubtful. Alice White, the cook in the Andrews house, who jumped from the fourth floor to an extension, and Jennie Burns are also in a critical condition. The others are said to be in no danger.

It is estimated that the Andrews house was worth $175,000. The value of the contents are not known, but there was much fine furniture. A conservative estimate places the value of the contents at $75,000.

Another body found in the Andrews house brings the total of known dead to 12. It is almost certain that there is still another body in the Andrews house, which will bring the total dead to 13, with Jennie Burns so seriously injured that she cannot live.

Encouraging Soldiers to Stay.

Quebec, April 8.—Major-General Hutton proposes to have an impromptu military tattoo on the night of the 6th of July next at Levis. It is the intention to give a prize to the best representative regimental chorus, consisting of not less than 20 members, who shall sing the best French songs. A committee will be formed who will be the judges of which regiment can produce the best chorus.

Chinese Villages Burned.

Kiaochou, Province of Shantung, China, April 8.—The German expeditionary force which went to Ichanfu, after the recent attack by natives upon a German patrol, has returned aboard the German cruiser Gefion.

J. SUTCLIFFE & SONS,

R. H. HELLS & CO'S. OLD STAND.

"To Do Ill Costs More Than To Do Well."

This might properly read, "It costs more to BE ill than to BE well." The source of all health is rich, strong blood. It is to the body what the mighty streams are to the earth. If the blood is pure, the body thrives; if the blood is weak or impoverished, then every pulse-beat carries weakness instead of strength. Why make the cost of living more than it need be? Purify your blood and give your constitution a chance to do its level best. The only perfect blood purifier and vigor-maker in existence is the world-famed Hood's Sarsaparilla. It brings good, perfect health. It never disappoints.

Dyspepsia – "Nothing relieved me of my dyspepsia until I took Hood's Sarsaparilla. It cured me and I can eat three good meals every day. I give it to my children every spring." FRED POEHLER, 437 South Penna Street, Indianapolis, Ind.

Scrofula – "My wife was afflicted with scrofula for fifteen years. Scabs formed on sores. Hair was matted. Her skin was rough, itching and burning. Six bottles of Hood's Sarsaparilla worked a complete cure." M. E. STEVENS, Charlotte Center, N. Y.

Run Down – "I am a wounded veteran of the civil war. I get all run down by spring time and not able to work. Hood's Sarsaparilla always cures me. My wife praises it for curing nervousness and rheumatism." J. A. ROBINSON, Colchester, Conn.

Asthma – "I was troubled with asthma for many years, being worse spring and fall. No medicine availed until I took Hood's Sarsaparilla which completely cured me. Many others heard of my cure and they use Hood's." C. L. RHODES, Etna, Ohio.

Rheumatism – "My husband has been greatly benefited by taking Hood's Sarsaparilla for rheumatism. I take it when weak and worn out as it is the best." MRS. M. LEDDY, 516 Waverly Av., Brooklyn, N. Y.

Catarrh – "I was a sufferer from catarrh and sore throat and could not eat without great distress. I tried Hood's Sarsaparilla, felt better, continued to gain and have been greatly benefited." MRS. E. R. PLUMMER, 385 Union Ave., Laconia, N. H.

Blindness – "About four years ago my boy lost his sight, after whooping cough. Eyes were bloody and watery for months. As a last resort tried Hood's Sarsaparilla. Four bottles brought back his sight and nine cured him completely." MRS. P. RENNER, 79 Walnut Street, Buffalo, N. Y.

Stomach Trouble – "Two years suffering with stomach trouble made me weak, run down, with severe headaches. Life was a burden to me until I took Hood's Sarsaparilla which cured me. It makes my children strong and healthy." MRS. M. BACH, 611 2d St., N. E., Minneapolis, Minn.

Dizzy Spells – "After the measles my daughter had dizzy spells, which we thought would pass off but they did not until we gave her Hood's Sarsaparilla. In five days they disappeared and in one month she regained her usual health." B. H. KAMPERMACK, 58 Graves Place, Holland, Mich.

Pneumonia – "After an attack of pneumonia my husband did not gain strength until he took Hood's Sarsaparilla. It made a new man of him. Mother had the grip and Hood's restored her strength." MRS. HENRY O. TAYLOR, New Canaan, Conn.

Rheumatism – "Five bottles of Hood's Sarsaparilla cured my inflammatory rheumatism, and I can now do my own housework." MRS. H. CROWNINGSHIELD, 304 Prospect Street, Painesville, Ohio.

Catarrh of the Stomach – "I have been taking Hood's Sarsaparilla for about three months. It has entirely cured catarrh of the stomach, which troubled me since I was ten years old." EDW. F. SIDDON, JR., 806 South 4th St., Camden, N. J.

Nervous Prostration – "Catarrhal neuralgia and catarrh of the bladder brought on nervous prostration. I could hardly walk. Hood's Sarsaparilla cured me and my weight changed from 98 to 139." MRS. E. E. BROWN, Easton, N. H.

Eczema – "My daughter suffered from birth with running eczema sores till she was 14. Physicians did no good, but Hood's Sarsaparilla permanently cured her and we are grateful." E. W. RICE, Rice Farm, Sudbury, Mass.

Erysipelas – For ten years my face would break and swell and burn with erysipelas. When I had used three bottles of Hood's Sarsaparilla, I was entirely cured. It later on cured my grip." MRS. SARAH SIEGLER, 15 Cherry St., Newport, R. I.

Scrofula – "I am 77 years old and owe my good health and steady nerves to Hood's Sarsaparilla, as it cured me of scrofula, rheumatism and catarrh. It has prolonged my life." JAMES BROWN, 1595 Pearl Street, Cleveland, Ohio.

Hood's Sarsaparilla Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

SATURDAY, APRIL 8, 1899.

BLUSTER VS. STATESMANSHIP.

Sir Hibbert Tupper in his now notorious speech in the house, in the light of Mr. Sifton's straight-forward comprehensive, clear statement of the real facts, has shown himself more of a blusterer than statesman. As a lawyer he should know that the innuendous and insinuations he uttered were undeserving of serious attention. His refusal to give definite information he claimed to hold in confidence, shows that he knew his case was weak, or it shows that he had no business to insinuate serious charges if he was not prepared to follow them out. If he wished to pose as a patriotic representative of the people, anxious for the preservation of the public interests, he would have given all the information he had in his possession and thus have assisted the Government in making the investigation they are willing to make if definite charges should be presented. Sir Hibbert's refusal to give the names of his informants blocks the initial steps of an investigation to prove the falsity or truth of his insinuated, rather than declared charges. On the other hand Hon. Mr. Sifton's dealing with the insinuations of the member for Pictou were definite and conclusive, and the specific denials of Mr. Walsh in reference to the charges made against him should convince every unprejudiced person that Sir Hibbert Tupper should in decency and fairness withdraw his insinuations or put them in a definite, manly form. It strikes fair-minded men thus. The Hamilton Herald, a staunchly independent journal, thus puts the situation:

> These denials by the Minister of the Interior and Major Walsh have simplified the situation. It is now clearly the duty of Sir Hibbert Tupper to forthwith avail himself of this offer, his political opponents will be justified in declaring that he has no case, and that his charges are the result of a mere political conspiracy. Sir Hibbert Tupper has the right to withhold the names of his informants, but he has no right to withhold the charges. He has the right to refuse to formulate definite charges against the Yukon officials, and, if he sees fit, against the Government, or any member of it. He has delivered himself of much vague assertion, of hint and innuendo, and of promises of what he could say if the seal of confidence were removed from his lips. Unless he is prepared to follow up these indefinite statements with definite charges, he may as well decide to retire frim public life, for his reputation as a statesman will be blasted. Mr. Sifton has promised that an impartial and thorough investigation will be held if definite charges are formally brought before Parliament. If Sir Hibbert Tupper, after what he has said, neglects nouncing him as a poltroon and a slanderer. Sir Hibbert's own reputation is now at stake, as well as the reputations of Major Walsh, Mr. Wade, and the other officials who have been put under a cloud by Sir Hibbert's accusations.
>
> It is almost incredible that an ex-Minister of the Crown should in the heat of partisanship be led into the grave blunder, which in politics is worse than a crime, of making insinuations gravely affecting the character of honourable men, without venturing to furnish a scintilla of proof, or even furnishing information he professed to hold, that would furnish materials that would promote the success of an investigation.

EDITORIAL NOTES.

MR. LEIGHTON MCCARTHY, of North Simcoe, has delivered his maiden speech in the House of Commons. It was marked by commendable modesty and manly independence. He seems to take his stand on the same broad, liberal platform his uncle, the late Dalton McCarthy, occupied in the latter years of his political life.

THERE is one thing, says the Bobcaygeon Independent, that can be said in favour of Mr. Tarte and his enterprise in the direction of development. The great expenditures he proposes are mostly for works that remain in the hands of the people. He does not propose enormous expenditures to be made as free gifts to private individuals. The old Arabian Nights story has not been lost upon him, and he avoids raising a devil that later on he would be unable to down.

MR. THOMAS FAWCETT, formerly gold commissioner at Dawson, has arrived at Ottawa. The specific charges against him have been utterly disproved before Mr. Commissioner Ogilvie. The two United States citizens at Dawson connected with the "Nugget" newspaper were in Ottawa loading up the Opposition with, doubtless, similar ghost stories to those disposed of before Mr. Ogilvie. The Opposition got their inspiration for their opposition to the Yukon railway from two Yankees, and now two more Yankees are taking a hand in the disposal of the administration of the Yukon—from an Opposition point of view. Opposition through the medium of foreign adventurers well becomes the party of lip loyalty.

"ONE good point about Mr. Sifton's speech was its calmness and its gentlemanly language, wherein it was in marked contrast to the harangue which it answered. One objectionable point about them both was their length."—Toronto Star. The Star is right as regards length of speeches, but Mr. Sifton had the necessity of replying to a seven hours' speech, studded with spiteful insinuations sown broad-cast. In covering this ground in reply he had naturally to employ extended remarks. Besides a large part of the time of Mr. Sifton's speech was employed in a historical sketch of the development of the administrative conditions that now prevail in the Klondyke—a mining camp where twenty thousand people live, many of them rough and untamed. But so admirable has been the arrangements made by Mr. Sifton and the Government that as good order, as much safety of the person and property exist in as great a degree as in an eastern city.

GEN. ROY STONE'S STORY.

Shocking Tales of Starvation in Porto Rico—U. S. Tariff a Serious Element—Coffee Crop Failure.

New York, April 8.—The Herald says: Brigadier-General Roy Stone will go to Washington to-day, where he will call the attention of the President to the starvation and distress in Porto Rico. He thinks that the desperate state of the people may lead to insurrection, if relief is not forthcoming. He has just returned from a journey of ten days through the interior of the island. The General was attached to the Department of Agriculture before the war, and during hostilities he was in Porto Rico as a member of General Miles' staff.

The last trip was made with a party of capitalists and railroad men. He was also invited by Major-General Henry to give advice upon the construction of roads through the island.

"Persons are dying from starvation all through the interior," said General Stone. "In the district of Aguas Banas there were many deaths. The judge in the district of Comerio showed me a book in which he had recorded the names of many who had died from lack of food.

"General Grant reported 89 deaths from starvation in one district. I saw hundreds of natives emaciated and weak. When I left Porto Rico there were 100,000 persons there who had had neither bread nor meat for two weeks.

"This state of affairs is largely due to the short coffee crop and the ruinous competition of Brazil. Porto Rico coffee is selling at from seven to eight cents at the seaports, and the transportation takes nearly all of this sum. There is no profit for the owners of the plantations. Indeed, I saw many plantations overgrown with weeds.

"The natives cannot get money to buy the necessaries of life. Major-General Henry is issuing rations and is doing everything in his power to alleviate the distress.

"It is difficult, however, to reach the interior. The supplies are sent to military posts and distributed as well as possible. Still Major-General Henry cannot go on in this way. He cannot make this people an object of charity. He has found work for at least 5,000 men in road-building. With good roads and a means of getting out of the interior with fruits and vegetables, something can be done to develop the island.

"Another element contributing to the distress of the Porto Ricans is the fact that the United States continues to levy duty upon them. They had free trade with Spain. Their commercial relations with Spain are now cut off by the duties which Spain has levied since the war. Porto Rico formerly sent large quantities of tobacco to Cuba. Now there is a duty of ten per cent. There was no duty under Spanish rule.

"Yet, with all their sufferings, the Porto Ricans are patient and loyal. They are making no complaint against the United States.

"By removing the duties, giving employment to the people, developing the means of transportation and giving liberal franchises, I think that much can be done to improve the state of affairs in the island."

MARKHAM MARVELS

At the Unlooked for Recovery of Mr. A. N. Wideman.

Who Was a Helpless Cripple—Distorted by Inflammatory Rheumatism. he Could Not Turn in Bed—Dodd's Kidney Pills Cured Him.

Markham, April 7.—The case of Mr. A. N. Wideman, of Dantroca, which appeared in the newspapers last week, is strictly true in every detail, though it reads more like the account of a miracle than the simple story of a genuine cure of disease.

Mr. Wideman is well-known in Markham as a steady, industrious and pious man. He is a consistent member of the old Mennonite connection; is married, and is a potter by trade.

It was while working in the harvest field, during a period of dullness in his own trade, that he was caught in several sudden and heavy rainstorms. He wore his wet garments till they dried on his body, and in this way were sown the seeds of the disease that caused him so much suffering.

Mortal man could not suffer greater agony than Mr. Wideman did. During three weeks he did not sleep more than three hours. He was worn to a skeleton, and his back was raw with bed-sores. Day and night he lay in the same position.

He was very weak and far spent when Mrs. Boyer gave him the few Dodd's Kidney Pills that were, as he says himself, the means of saving his life. His legs were shockingly distorted, and he weighed only 100 pounds.

But in a week after he had taken his first dose of Dodd's Kidney Pills a change was clearly apparent. Every succeeding day saw a marked improvement, and today he is earning his own living, and is never troubled by the slightest rheumatic pain. Dodd's Kidney Pills can cure any case of Rheumatism after curing this.

Hairene for the Hair.

Dr. Andrew Grant & Co., Toronto.

Dear Sir,—My hair has been falling out for nearly a year, and was getting very thin and dry. I purchased one bottle of your celebrated "HAIRENE" which has thoroughly restored my hair and removed all dandruff, and I can cheerfully recommend so valuable a preparation.

Yours truly,

Port Hope, Ont. GEO. T. MAYNARD.

For sale by all druggists. Price $1.00 per bottle.

There can be a difference of opinion on most subjects, but there is only one opinion as to the reliability of Mother Graves's Exterminator. It is safe, sure and effectual

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every modern improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

Are You Ever Depressed?

And is it not due to nervous exhaustion? Things always look so much brighter when we are in good health. How can you have courage when suffering with headache, nervous prostration and great physical weakness?

Would you not like to be rid of this depression of spirits?

How? By removing the cause. By taking

Ayer's Sarsaparilla

It gives activity to all parts that carry away useless and poisonous materials from your body. It removes the cause of your suffering, because it removes all impurities from your blood. Send for our book on Nervousness.

To keep in good health you must have perfect action of the bowels. Ayer's Pills cure constipation and biliousness.

Write to our Doctors.

Perhaps you would like to consult some eminent physicians about your condition. Then write us freely all the particulars in your case. You will receive a prompt reply, without cost.

Address, DR. J. C. AYER, Lowell, Mass

BACK-BENCHERS TALK

The Usual Dullness of Friday in the House Intensified.

THE DREARY SPEECHES OF A DAY

Four Speakers, Three of Them From New Brunswick, Talk to the "Beggarly Array of Empty Benches"—Mr. Mendersen's (Halton) Preposterously Ancient Claim—Bills Introduced.

Ottawa, April 8.—The House last night presented the usual dull and deserted appearance which seems to have become peculiar to Friday, when all, or nearly all, the members who live within 10 or 12 hours' railway travel of Ottawa run home to spend Saturday and Sunday. During the afternoon there was a fair attendance of members, but in the evening there was "a beggarly array of empty benches," to hear the back-bench politicians of the Opposition discuss that threadbare issue, the speech from the throne.

Bills Introduced.

To provide for the issuing of railway passes to Senators and members of the House of Commons, Mr. Bostock.

To amend the Criminal Code, 1892, with respect to combination in restriction of trade, Dr. Sproule.

Further to amend the Trade Mark and Design Act, Mr. Bertram.

Debate Resumed.

Mr. Henderson, in resuming the debate, claimed that the prosperity existing in the country was due to the National Policy adopted by the Conservative party in 1878, and not to anything the Liberals had done since they came into power. The present Government had no mandate from the people to change the tariff. They had got into power on an entirely different issue, and there had not been the slightest indication that the people were dissatisfied with the National Policy, and desired a change.

Mr. Ganong (Con., Charlotte) said the Government was to be congratulated on the many changes of front performed by the Liberal party upon every question of policy. The action of the Government in regard to the plebiscite was one for which the Liberals would be called to account. Sir Wilfrid Laurier's speech he characterized as a brilliant apology for things left undone.

Second Readings.

After recess the following private bills were read a second time and referred to the committee on railways and canals:

Respecting the Atlantic & Northwest Railway Company, Mr. Macpherson.—

To incorporate the Zenith Mining & Railway Company, Mr. Pouporo.

Respecting the Richelieu & Ontario Navigation Company, Mr. Prefontaine.

To incorporate the Ontario & Quebec Bridge Company, Mr. Belcourt.

Respecting the Alberta Irrigation Company, and to change the name to the Canadian Northwest Irrigation Company, Mr. Douglas.

To confirm an agreement between the Canadian Pacific Railway Company and the Hull Electric Company, Mr. Pouporo.

Respecting the Columbia & Western Railway Company, Mr. Costigan.

Respecting the British Columbia & Southern Railway Company, Mr. Prior.

The following bills were read a second time and referred to the committee on banking and commerce:

Respecting the Atlas Loan Company, Mr. Ingram.

Respecting the Canadian Railway Account Insurance Company, Mr. Belcourt.

Debate Continued.

Mr. Ganong then continued his remarks on the address, and spoke for about an hour, dealing largely with Maritime Province matters and criticising the Minister of Marine and Fisheries (Sir Louis Davies).

Mr. Powell criticised the claims of the Postmaster-General to having introduced great reforms in his department, and he stated that if Mr. Mulock had not introduced any reforms at all the deficit would last year have been $18,000 less than it was. He objected to the reduction in postage from three cents to two cents, and said that the Postmaster-General had really made about 2,500 corporations and merchants a present of $400,000, and had made up the deficit by increasing the tax on tobacco. He continued, at some length criticizing the various paragraphs in the speech.

Mr. McAllister followed, dealing principally with the Yukon question and the plebiscite.

The Auditor-General's report and the annual report of the Marine Department were laid on the table at midnight, and the House adjourned.

FRENCH TRANSLATOR DISMISSED.

Another Man Did the Work While Pelland Took the Money.

Ottawa, April 8.—There was quite a breezy time in the debates committee yesterday morning, and the breeze threatens to increase to a gale in the House next week, when the report of the committee comes up for adoption. The trouble arose over the translation of the debates for the French Hansard. At the last meeting of the committee complaint was made that very little progress was being made in getting out the French edition of the revised Hansard, and an order was issued to Mr. Beaulieu, the chief translator, to appear before the committee at its next meeting, which he did yesterday. Mr. J. O. Pelland, was declared to be incompetent. The chief translator said that Mr. Pelland could not translate, and that last year he farmed out the translation at a dollar a page, and received the session allowance of $1,000 as a translator, while practically doing no work. The chief translator then said that the work last year had been done for Mr. Pelland by Mr. Marc Sauvelle, correspondent of La Press. Mr. Sauvelle was not doing the work here, and, in fact, Mr. Pelland's share of the work was not being done at all.

Mr. Somerville moved, seconded by Mr. Richardson, that Mr. Pelland's services be dispensed with.

Mr. Beausoleil, the chairman, declined to put the motion, holding that Mr. Pelland should not be dismissed on an ex-partes statement by the chief translator, but should be summoned before the committee and examined as to his competency. This did not suit the committee, and, on the motion being urged, Mr. Beausoleil flatly refused to put it and left the chair.

Mr. Richardson was then elected chairman, and on the motion being put, it was carried by a vote of 18 to 2, the dissentants being Mr. Beausoleil and Mr. Champagne.

The recommendation of the Hansard staff that Mr. Albert Horton be appointed chief reporter in the place of the late Dr. Bradley, was then adopted, and some other outine business having been transacted, the clerk of the committee was instructed to make the report to the House in the usual manner. In the afternoon in the House, Mr. Somerville, in the absence of Mr. Richardson, presented the report, but on his motion that the report be received, Mr. Beausoleil objected, and, under the rules, the report lies on the table until next week, when there will probably be a little fun in the House on the motion for its adoption.

ONLY FOUR BOXES

Of Dodd's Kidney Pills Were Needed to Cure Mr. Willis.

Woodstock, Ont., Apr. 3.—There are many Woodstock people who owe their good health, and others who are indebted for their lives, to Dodd's Kidney Pills.

Among the former is Mr. Mase Willis, 235 Dundas street, who has recently made his story public.

"For several years," says Mr. Willis, "I have suffered from Kidney Troubles, pain in the small of my back, etc. I got slight relief from some of the various medicines I used. My son, who was cured by Dodd's Kidney Pills, urged me to try them. I did so. I have used four boxes and can safely say I am cured."

Bothered.

Little Appleton, aged 7, has grown to be a very serious boy of late and says he is going to be a preacher when he becomes a man. This is comforting to the members of his family, who are all devout churchmen. Therefore they were the more shocked by the way he concluded his nightly devotions recently. After saying, "Now I lay me, etc., God bless mamma, God bless papa, God bless grandmamma, God bless Uncle Appleton," and so on through the list of his immediate relatives, he rose from his knees with the sotto voce remark, "I have to be bothered this way every night."—New York Commercial Advertiser.

Another Victory Scored!

Paine's Celery Compound Banishes Terrible Sufferings After Years of Failures with Other Medicines.

Mr. John Mackenzie, Justice of the Peace and Township Clerk of Sarawak and Brooke, Ont., is Made a New Man.

The Great Spring Medicine Never Fails to Banish Dyspepsia.

In the spring time thousands of people, old and young are tormented with dyspepsia in some form. Many have suffered for long years and have almost become physical wrecks, while others are just getting an experience of the terrible trouble.

Many dyspeptics soon lose all nervous energy; they become despondent, morose and haggard looking. Others maintain a semblance of activity and energy, but suffer excruciating pains from stomach derangements and are often compelled to give up work.

The great complaint of all dyspeptics is that they cannot eat the nourishing and tempting foods that others use with such relish and benefit.

Paine's Celery Compound has given freedom from sufferings and new digestive vigour and perfect health to thousands of men and women in the past.

The dyspeptic who has heard of Paine's Celery Compound, and who has a knowledge of what it has done for his friends and neighbours, and who refuses to test its virtues for his own case, must go on suffering till life is ended. No other medicine ever devised for indigestion, dyspepsia and defective digestion and assimilation can compare for one moment with Dr. Pheip's wonderful prescription, Paine's Celery Compound.

Mr. John Mackenzie, of Presque Isle, Justice of the Peace, and Township Clerk of Sarawak and Brooke, Ont., who was completely cured by Paine's Celery Compound after years of failures with other medicines, writes as follows for the benefit of other sufferers:

"You will think me ungrateful in not sooner acknowledging to you my entire cure from Dyspepsia through the use of Paine's Celery Compound; but when I tell you that I suffered all the tortures of Dyspepsia for five years, and during that time having taken most of the great remedies advertised as the only sure cure for the horrible complaint with little or no benefit, I was determined to be cured before I would be satisfied. Some of the great remedies would give me a little relief while I was taking them, but as soon as I stopped them I was as bad as ever.

"When I commenced taking Paine's Celery Compound I fully expected the same results, as my confidence in all patent medicines was pretty well shaken; but from the first dose of Paine's Celery Compound I felt better, and after taking two bottles I thought I was completely cured, but to make the cure certain I took four bottles more. It is now over two years since I took the last dose, and have not had the least symptom of the disease in any way. When suffering from dyspepsia I could not look a hog in the face; now pork and beans is my favorite dish. I can, from my own blessed experience, recommend Paine's Celery Compound as a sure cure and a very pleasant medicine to take."

CHILD BURNED TO DEATH.

Painful Taking-Off of a Little Merritton Girl.

St. Catharines, Ont., April 8.—In Merritton yesterday afternoon a bright child of 9 years of age, a daughter of Mrs. Kempton, lost her life. The little one, in company with some other children, had been playing on the street in front of her home and had built a bonfire of straw and twigs, when her clothing became ignited. The child ran towards Mr. William Boyle's residence, and was terribly burned. Her lips, nose and ears were burned to a crisp. Her arms were also so badly burned that the skin dropped from the shoulders down over her hands. She lingered till about 8 o'clock last night, when death relieved her sufferings.

A Boon for Catarrh Victims.

We offer our readers a new remedy for catarrh, bronchitis, irritable throat, colds in the head, droppings in the throat, and kindred affections in Catarrhozone. There is no mystery about it, but the effect is magical. Ointments, washes, and snuffs cannot reach the diseased parts, and have been proved worse than useless, but Catarrhozone is carried directly by air to the diseased parts, and is like a breeze from the pine woods. Outfit $1.00. Send 10 cents for sample bottle and inhaler.

N. C. Polson & Co., Kingston, Ont.

IRISH COUNCIL ELECTIONS.

The Returns Show That the Unionists Have Suffered Defeat.

Dublin, April 8.—The returns from the Irish County Council elections have not all been received here, but enough was known at a late hour last evening to show that the Unionists have suffered disaster, a majority of the seats going to the Nationalists. The labor question also entered largely into the contest, labor candidates in many instances defeating Nationalists.

His Life Was Saved

M. J. E Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken by Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am now well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. 50 cents and $1.00, at Jas. Lynch's Drug Store, every bottle guaranteed.

TO CURE TOOTHACHE IN A MINUTE

Use NERVOL. One application cures; if not, your money back. Equally good for Neuralgia and Headache. 25c, at all Druggists.

We guarantee our prices to be less than sold elsewhere or money refunded.

C. B. ROUTLEY, 379 GEORGE ST.

BRITAIN WON'T TRADE.

Proposal to Swap the West Indies for the Philippines Absurd.

London, April 8.—The Globe yesterday afternoon refers to the absurd notion of the American papers that England might exchange her possessions in the West Indies for the Philippines. The paper says that such an exchange for England would amount to giving the desirable for the undesirable. The British West Indies, it asserts, have not the slightest wish to change their sovereignty. The petitions which the colonists there have sent to the British Government have reference only to the securing of fresh concessions from England. The Globe adduces as an argument for England's retention of the West Indies the expected opening of the Nicaraguan Canal.

To all who find themselves with health gradually slipping away, kidney and liver so disorganized that the are incapable of keeping the system free from poisonous waste material, stomach disordered, bowels constipated, head aching, back paining, take Dr. Chase's Kidney-Liver Pills. The quick way they help you back to health will surprise you.

The Jamaican Situation Bad.

Kingston, Jamaica, April 8.—The Council adjourned yesterday, leaving the political situation almost chaotic, the representatives having passed a vote of censure on the officers of the Government and having adopted a resolution demanding their removal, including the Governor, Sir Augustus Hemming. Last night, throughout the rural parishes, mass meetings were held and effigies of Mr. Joseph Chamberlain, the British Secretary of State for the Colonies; Governor Hemming and Mr. Palache, a representative who, at the final crisis, voted with the Government, and who holds a Government appointment, were burned.

Belgian Soldiers Killed.

Brussels, April 8.—By the accidental explosion of a shell in the fortress of Huy yesterday, two soldiers were killed and two officers and four soldiers were wounded. A street adjoining the fortress was devastated by the explosion.

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headache. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by J. Lynch, Druggist.

COMMON SENSE IN EVERYDAY LIFE.

Prevents Many Diseases and Much Severe Suffering.

Dodd's Dyspepsia Tablets the Common sense Remedy for Dyspepsia, Indigestion, and all other Stomach Troubles except Cancer—

A Trial Proves this.

What difference there is between the appearance of a robust, vigorous, trained athlete, and that of a pale, weak, emaciated consumptive!

That difference is exactly the difference between health and disease—between a stalwart, healthy man and a wretched, suffering dyspeptic, for instance.

What sane person, seeing two such individuals together, would choose the lot of the dyspeptic?

What dyspeptic, knowing that a prompt, perfect and permanent cure can be obtained at the least possible expense, would choose, to remain sick and miserable?

The universal popularity of Dodd's Dyspepsia Tablets is due to their reliability the promptness of their effect, the simplicity of their action, the thoroughness and permanence of their cure and their low price.

People know when they buy Dodd's Dyspepsia Tablets that they can confidently rely upon them to do what is claimed for them; they know that they will do their work quickly; that they cure Dyspepsia by removing its cause; that their good effect is lasting, and that they would be cheap at four times their price.

Dodd's double treatment for the stomach and the bowels insures perfect health through the natural working of the digestive system. The small brown Tablets that go with each box of Dodd's Dyspepsia Tablets stimulate the Liver and the Bowels, curing biliousness and constipation, and keeping the system in a state of perfect cleanliness.

The blood cannot be thin nor weak, impure nor sluggish, when Dodd's Dyspepsia Tablets are used.

For April Showers.

THE LADIES AS USUAL SCORE A GREAT SUCCESS.

THE Y. M. C. A. BAZAAR MOST SUCCESSFUL.

A Clearance Sale Effected—The Beautiful Booths Cleared Out—The Association Grateful for the Splendid Results.

The Y.M.C.A. bazaar, which has been so pronounced a success, closed last evening.

On account of yesterday's unfavourable weather the attendance was much smaller than the preceding day, though the sale was quite as successful in proportion.

The closing hours saw almost the entire stock of each of the pretty booths disposed of. The vendors were simply delighted at the patronage they had received and the good cash returns they were enabled to report.

Yesterday's issue contained a list of the ladies who are to be credited with the faithful work connected with such an undertaking. Certainly the young men of Peterborough will remember and appreciate such self-sacrificing service.

The exact amount of the net proceeds will not be known for several days.

The cordial corperation and patronage of the public, with the ladies helped in the accomplishment of the satisfactory results attained.

Mention was omitted yesterday of the fact that Mr. James Head, head gardener at the Nicholls Hospital, kindly furnished gratis, carriage and all, a large number of decorative plants for the Y. M. C. A. Bazaar.

ADDRESS AND PRESENTATION.

Miss Bennett, of Ashburnham, Remembered by her Friends.

Miss Bennett, of Ashburnham, who left this morning for Colborne, where she will reside with Mr. and Mrs. G. L. Schaffer, of the Hicks House, was waited upon last evening by the staff of Gemmell's corset factory, where she was employed as superintendent for the past seven years.

Miss Bennett was the recipient of a beautifully worded address from the employees, who expressed their regret at her departure from the factory. She was also presented with a handsomely designed lady's work box.

DOYLE ARRESTED.

The Wrestler Well Known in Peterborough Arrested in Lindsay.

Last night Chief of Police Rossel received a postal card offering a reward of $100 for the arrest of Robert Reaks, alias Alonzo Thompson, Frank White, Collins and Doyle. The charge is grand larceny, alleged to have been committed at Cattaraugus county, N.Y.

The picture is that of Doyle who trained and gave wrestling matches in Peterborough.

Chief Rossel sent a post card containing portrait and description to Constable Harrison at the Union station, Toronto. He telegraphed the Chief that Doyle had gone to Lindsay, and the Chief received a telephone message from Chief Bell, stating that Doyle was in the lock up in that town.

Dredging the Keene River.

A correspondent states that Mr. T. A. S. Hay, Trent Valley Canal Engineer, has been in Keene making soundings in the river, preparatory to the dredging to be done next spring. The straightening of the channel is also recommended by getting rid of Devil's Elbow. Mr. Hay also called on Dr. Harrison and secured some curios for the Victoria Museum.

Rheumatism Cured in a Day.

South American Rheumatism Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause, and the diseases immediately disappears. The first dose greatly benefits. 75 cents. Sold by H. S. MacDonald and Ormond and Walsh.

At the Opera House.

Mr. Paul Cazeneuve and his excellent company, presented the romantic play "David Garrick" at the opera house last night. The unpleasant evening prevented a great many from attending. The play was excellently put on, and those present were thoroughly pleased with the presentations. To-night's play is "Don Cæsar de Bazan."

Devotional Books.

Whatever is needed or necessary in Church prayer books, hymn books, manual of Catholic Piety, or other church exercises, is on sale at the Peterborough Bookstore. A very fine assortment of Bibles, with and without marginal references and helps, in varied styles of binding from the plainest leather, to the best japped morroco for pocket and pulpit.

A. H. STRATTON & Co.

Geo. Ball

has removed to the rooms over Oak Hall formerly occupied by Mr. Shaw, the artist, hall entrance on George street. He will be pleased to show you nobby sample ranges of new covert overcoatings, tweed and serge suitings and worsted trouserings for spring wear. These include the fashionable mixtures and weaves with new and popular effects. The goods he is selling at cost; for instance, fine covert overcoats, made to order as they should be made, only $12. Fine worsted trousers at a big price cut, only $3.50; why buy ready-mades? Every age and style is met—every desire is assured. Ladies' tailoring in all designs.—GEO. BALL, over Oak Hall. 30

THE TRENT WATERWAY COMPLETION MISSION.

THE ENCOURAGING RESULTS OF THE DEPUTATIONS.

The Merits of the Work Presented in Montreal and Ottawa—The Friends of the Work Encouraged—What Has Been Expended up to March 31st, 1899.

The promotion of the interests of the completion of the Trent Waterway has been very much more vigoriously and energeticly pushed since the organization of the Trent Valley Association.

The two deputations that have been sent in the interests of promoting interest in the Trent Valley Waterway have returned much encouraged by the results of their visit.

Mr. Dumble was seen this morning and says that the Montreal Board of Trade listened attentively to their presentations of the advantages of the scheme, and were individually very favourably impressed, but owing to the absence of the president of the Board and other reasons no immediate action was taken.

Their visit to the Chambre de Commerce the French counterpart of the Board of Trade was more immediately satisfactory and more immediately responsive. The Chambre de Commerce very heartily passed the following resolution:—

Que les Membres de cette Chambre ont entendu avec beaucoup de satisfaction les explications donnees par Mm. Dumble et Carnegie, relativement a la construction du Canal de la Vallee de la Trent, et ils recommandent au Conseil de se joindre au mouvement qui se fait actuellement, pour atteindre le but d'une telle entreprise qui serait si advantageuse et au developpement du pays et au port de Montreal et d'employer, toute son influence pour mener ce project a bonne fin le plus tot possible.

The following is a translation of the resolution:

That the members of the Chamber of Commerce have heard with much satisfaction the statements of Messrs Dumble and Carnegie in connection with the Trent Valley Canal, and they commend to the Council the importance of giving the benefit of their influence to the friends of this great work, calculated to be of such great value to the country, and especially to the Port of Montreal—in securing its early completion.

Messrs. Dumble and Carnegie are to be much commended for the lucid and energetic presentation made to the two great representative commercial bodies of Montreal, of the merits of the Trent Waterway as a factor in a complete scheme of internal transportation. The work they did in Montreal is represented by a knowledge of and interest in the work which has never before been imparted and aroused.

As mentioned in yesterday's issue, Mr. Dumble, Mr. Carnegie, Mr. Stratton, M. P.P., and Mayor Morrison of Trenton, waited upon the Government to present and urge the claims of the completion of the Trent waterway. They had interviews with Sir Richard Cartwright, Hon. Wm. Mulock, Hon. Mr. Paterson and Hon. Mr. Tarte. Owing to the absence on Thursday of Hon. Mr. Blair, Minister of Railways and Canals, and his time being fully occupied with deputations on Friday, the local deputation were unable to see the Minister of Railways and Canals, but they occupied their time in pointing out to the minister and members of parliament, the merits of the waterway and the desirability of its early completion. All seemed to realize the importance of the work, and to feel that in view of the large amount already expended, it would not be in the public interests to delay the completion of the work, necessary to open for traffic, the waterway from Midland to Trenton. Every one with whom the deputation came in contact have the more easily, and readily grasped the situation, owing to the better means employed to throw light on the subject, through the medium of the excellent maps and the accompanying literature that have been freely distributated.

Mr. Dumble, in an interview, said he felt quite hopeful from what he heard in both Montreal and Ottawa, that the visit of the ambassadors, so to speak, would result in something definite and practical in connection with construction.

Mr. Stratton, President of the Trent Valley Association, who has been arranging the visits of the deputations, and who is urging the work upon the Government, says that he and W. C. T. Boyd of Bobcaygeon, at an early date will proceed to Ottawa to lay the subject before the Premier, the Minister of Railways and Canals and the Finance Minister. Mr. Stratton says that Hon. Mr. Mulock and Sir Louis Davies have accepted the invitation of the Trent Valley Association to take a trip over the route of the canal as soon as the House rises, which will probably be in July.

For the information of the public it may be stated that the expenditure upon construction, capital account, prior to Confederation, amounted to $309,371.31. Between Confederation and 1880 there was no expenditure on capital account. Since that date there has been expended the following sums in the year's mentioned in the subjoined table:

1880	Construction	$ 561 50
1881	"	Nil
1882	"	Nil
1883	"	40,767 16
1884	"	120,398 91
1885	"	121,268 84
1886	"	75,163 29
1887	"	179,541 63
1888	"	114,879 35
1889	"	47,609 13
1890	"	58,644 60
1891	"	9,236 49
1892	"	4,457 26
1893	"	5,952 47
1894	"	3,412 22
1895	"	53 927 79
1896	"	302,976 08
		$1,239,402 66

Since 1896 the following expenditures have been made:

1897	$ 426,5[illegible] 70
1898	351,273 31
1899 up to March 31st, 1899	135,245 07
	$ 972,094 08
From 1880 to 1897	1,229,402 66
From Confederation to 1880	309,371 31
Grand total	$2,511,873 05

Between Confederation and 1880 there was no expenditure on capital account.

During the past two years there have been erected, over the canal, six highway bridges by the Central Bridge Company, of Peterborough, two by the Dominion Bridge Company, Montreal, and one by the Hamilton Bridge Company. One railway bridge has been erected by the Hamilton Bridge Company and two by the Central Bridge Company, and the Dominion Bridge Company have the contract for the hydraulic lift lock. The other contracts let were Larkin & Sangster, Jas. Bogue and D. Conroy, for masonry, piers and abatments and other concrete work.

Example Better Than Precept.
